

EUR 35,000,000,000
EURO MEDIUM TERM NOTE PROGRAMME

*This Base Prospectus has been approved by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under the Prospectus Directive (as defined below). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and European Union law pursuant to the Prospectus Directive. Such approval relates only to the Notes (as defined below) which are to be admitted to trading on a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC) (“**MiFID**”) and/or which are to be offered to the public in any Member State of the European Economic Area (each, a “**Member State**”).*

*This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and has been prepared for the purpose of giving information with regard to the issue of notes (the “**Notes**”) under the programme (the “**Programme**”) during the period of twelve months from the date of its publication.*

*Application has been made to the Irish Stock Exchange plc (the “**Irish Stock Exchange**”) for Notes issued under the Programme (other than Exempt Notes) to be admitted to the Official List of the Irish Stock Exchange and trading on its regulated market. References in this Base Prospectus to Notes being “**listed**” (and all related references) on the Irish Stock Exchange shall mean that such Notes have been admitted to the Official List of the Irish Stock Exchange and to trading on its regulated market. The regulated market of the Irish Stock Exchange is a regulated market for the purposes of MiFID.*

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer (as defined below).

*The requirement to publish a prospectus under the Prospectus Directive only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. References in this Base Prospectus to “**Exempt Notes**” are to Notes for which no prospectus is required to be published under the Prospectus Directive. The Central Bank has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.*

*Under the Programme, Notes may be (i) unsubordinated (“**Unsubordinated Notes**”), (ii) subordinated and, on issue, constituting Tier 2 Capital (as defined in the Terms and Conditions of the Notes) (“**Subordinated Notes**”) or (iii) subordinated and, on issue, constituting Additional Tier 1 Capital (as defined in the Terms and Conditions of the Notes) (“**Additional Tier 1 Capital Notes**”) as indicated in the relevant Final Terms or Pricing Supplement (each as defined below). The minimum denomination of each Note admitted to trading on a regulated market for the purposes of MiFID or offered to the public in a Member State in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive will be EUR 100,000 (or, if the relevant Notes are denominated in a currency other than euro, the equivalent amount in such currency).*

*The Additional Tier 1 Capital Notes are not intended to be sold and should not be sold to retail clients in the European Economic Area, as defined in the rules set out in the Product Intervention (Contingent Convertible Instruments and Mutual Society Shares) Instrument 2015 (as amended or replaced from time to time, the “**PI**”) other than in circumstances that do not and will not give rise to a contravention of those rules by any person. Prospective investors are referred to the section headed “Restrictions on marketing and sales to retail investors” on page 3 of this Base Prospectus for further information.*

*The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the “**Securities Act**”) and may include Notes in bearer form which are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to, or for the account of, any U.S. persons. The Notes may be offered and sold outside the United States to non U.S. persons in reliance on Regulation S (“**Regulation S**”) under the Securities Act and within the United States to “qualified institutional buyers” (each, a “**QIB**”) as defined in and pursuant to Rule 144A under the Securities Act (“**Rule 144A**”). Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms or Pricing Supplement and other offering material relating to the Notes, see “Subscription and Sale”.*

An investment in Notes issued under the Programme involves certain risks. Prospective purchasers of Notes should ensure that they understand the nature of the relevant Notes and the extent of their exposure to risks and that they consider the suitability of the relevant Notes as an investment in the light of their own circumstances and financial condition. For a discussion of these risks see “Risk Factors” below.

This Base Prospectus should be read and construed together with any supplement hereto and with any documents incorporated by reference herein and, in relation to any Tranche (as defined in “Terms and Conditions of the Notes” below) of Notes, should be read and construed together with the relevant Final Terms or Pricing Supplement.

Danske Bank A/S (the “**Issuer**”) has confirmed to the dealers (the “**Dealers**”) named under “Subscription and Sale” that this Base Prospectus (including for this purpose, the relevant Final Terms or Pricing Supplement) is true, accurate and complete in all material respects and is not misleading; that any opinions and intentions expressed herein are honestly held, are based on reasonable assumptions and are not misleading; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus the omission of which would, in the context of the Programme or the issue of the Notes, make any statement herein or opinions or intentions expressed herein misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing.

No person is or has been authorised by the Issuer or any Dealer to give any information or to make any representation not contained in or not consistent with this Base Prospectus (including any documents incorporated by reference in this Base Prospectus referred to below under “Documents Incorporated by Reference”) or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus, any Final Terms or any Pricing Supplement nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial situation of the Issuer since the date thereof, or, as the case may be, the date upon which this Base Prospectus has been most recently supplemented or the balance sheet date of the most recent financial statements which are deemed to be incorporated into this Base Prospectus by reference or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Notes have not been, and will not be, registered under the Securities Act or any state securities laws. Unless otherwise specified in any supplement to this Base Prospectus, each Tranche of Notes is initially being offered for sale outside the United States to non-U.S. persons in reliance on, and in accordance with, Regulation S or privately placed exclusively to persons reasonably believed by the relevant Dealer(s) to be QIBs within the meaning of Rule 144A. Each Tranche of Notes in registered form will be represented by a registered Note (each a “**Registered Note**”). Registered Notes which are sold in an “offshore transaction” within the meaning of Regulation S under the Securities Act (“**Regulation S Notes**”) will initially be represented by a permanent global registered Note (each a “**Regulation S Global Note**”) without interest coupons, which will be deposited on the relevant issue date either (a) in the case of a Tranche intended to be cleared through Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking SA (“**Clearstream, Luxembourg**”), with a common depositary or common safe-keeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg or (b) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer(s). Registered Notes which are sold in the United States to QIBs within the meaning of Rule 144A (“**Rule 144A Notes**”) will initially be represented by a permanent global registered Note (each a “**Rule 144A Global Note**” and together with the Regulation S Global Notes, the “**Global Registered Notes**”), without interest coupons, which will be deposited on the relevant issue date with a custodian (the “**Custodian**”) for, and registered in the name of Cede & Co. as nominee for, The Depository Trust Company (“**DTC**”). **Neither this Base Prospectus nor any Final Terms or Pricing Supplement may be used for the purpose of an offer or**

solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

The distribution of this Base Prospectus and any Final Terms or Pricing Supplement and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms or any Pricing Supplement comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions.

Neither this Base Prospectus nor any Final Terms or any Pricing Supplement constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus, any Final Terms or any Pricing Supplement should subscribe for or purchase any Notes. Each recipient of this Base Prospectus, any Final Terms or any Pricing Supplement shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The rating of certain Series (as defined in “Terms and Conditions of the Notes” below) of Notes to be issued under the Programme may be specified in the relevant Final Terms or Pricing Supplement. Whether or not each credit rating applied for in relation to a relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EU) No. 1060/2009, as amended (the “**CRA Regulation**”) will be disclosed in the relevant Final Terms or Pricing Supplement. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused. A list of registered credit rating agencies is available on the European Securities and Markets Authority (“**ESMA**”) website at www.esma.europa.eu/page/List-registered-and-certified-CRAs (list last updated on 13 November 2017).

All references in this Base Prospectus to “**Danish Kroner**”, “**kroner**”, “**DKr**” or “**DKK**” are to the currency of Denmark, to “**EUR**” or “**euro**” are to the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended, of those members of the European Union which are participating in the European economic and monetary union (the “**Eurozone**”), to “**CNY**” and “**Renminbi**” are to the lawful currency of the People’s Republic of China (the “**PRC**”) which, for the purposes of this definition only, excludes the Hong Kong Special Administrative Region of the PRC, the Macau Special Administrative Region of the PRC and Taiwan, to “**Japanese Yen**” or “**Yen**” are to the currency of Japan and all references to “**U.S.\$**”, “**USD**” and “**U.S. Dollars**” are to the currency of the United States of America.

IMPORTANT NOTICE

EUROPEAN ECONOMIC AREA RETAIL INVESTORS

If the relevant Final Terms or Pricing Supplement in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors” the Notes, from 1 January 2018 are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive 2002/92/EC, as amended (“**IMD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (the “**PRIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

RESTRICTIONS ON MARKETING AND SALES TO RETAIL INVESTORS

The Additional Tier 1 Capital Notes are complex financial instruments and are not a suitable or appropriate investment for all investors. In some jurisdictions, regulatory authorities have adopted or published laws, regulations or guidance with respect to the offer or sale of securities such as the Additional Tier 1 Capital Notes to retail investors.

In particular, in June 2015, the United Kingdom Financial Conduct Authority published Product Intervention (Contingent Convertible Instruments and Mutual Society Shares) Instrument 2015, which took effect from 1 October 2015 (the “**PI Instrument**”). Under the rules set out in the PI Instrument (as amended or replaced from time to time, the “**PI Rules**”), certain contingent write-down or convertible securities, such as the Additional Tier 1 Capital Notes, must not be sold to retail clients in the European Economic Area and there must not be any communication or approval of an invitation or inducement to participate in, acquire or underwrite such securities (or the beneficial interest in such securities) where that invitation or inducement is addressed to or disseminated in such a way that it is likely to be received by a retail client in the European Economic Area (in each case, within the meaning of the PI Rules), other than in accordance with the limited exceptions set out in the PI Rules.

Certain of the Dealers are required to comply with the PI Rules. In addition, by purchasing, or making or accepting an offer to purchase, any Additional Tier 1 Capital Notes from the Issuer and/or the Dealers, each prospective investor in relation to the Additional Tier 1 Capital Notes represents, warrants, agrees with and undertakes to the Issuer and each of the Dealers that:

1. it is not a retail client in the European Economic Area (as defined in the PI Rules);
2. whether or not it is subject to the PI Rules, it will not sell or offer the Additional Tier 1 Capital Notes to retail clients in the European Economic Area or communicate (including the distribution of this Base Prospectus) or approve an invitation or inducement to participate in, acquire or underwrite the Additional Tier 1 Capital Notes (or any beneficial interests therein) where that invitation or inducement is addressed to or disseminated in such a way that it is likely to be received by a retail client in the European Economic Area (in each case within the meaning of the PI Rules), other than (i) in relation to any sale of or offer to sell Additional Tier 1 Capital Notes to a retail client in or resident in the United Kingdom, in circumstances that do not and will not give rise to a contravention of the PI Rules by any person and/or (ii) in relation to any sale of or offer to sell Additional Tier 1 Capital Notes to a retail client in any European Economic Area member state other than the United Kingdom, where (a) it has conducted an assessment and concluded that the relevant retail client understands the risks of an investment in the Additional Tier 1 Capital Notes and is able to bear the potential losses involved in an investment in the

Additional Tier 1 Capital Notes and (b) it has at all times acted in relation to such sale or offer in compliance with MiFID to the extent it applies to it or, to the extent MiFID does not apply to it, in a manner which would be in compliance with MiFID if it were to apply to it; and

3. it will at all times comply with all applicable laws, regulations and regulatory guidance (whether inside or outside the European Economic Area) relating to the promotion, offering, distribution and/or sale of the Additional Tier 1 Capital Notes, including any such laws, regulations and regulatory guidance relating to determining the appropriateness and/or suitability of an investment in the Additional Tier 1 Capital Notes by investors in any relevant jurisdiction.

Where acting as agent on behalf of a disclosed or undisclosed client when purchasing, or making or accepting an offer to purchase, any Additional Tier 1 Capital Notes from the Issuer and/or the Dealers, the foregoing representations, warranties, agreements and undertakings will be given by and be binding upon both the agent and its underlying client.

RESPONSIBILITY STATEMENT

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Final Terms or Pricing Supplement for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. References herein to this “**Base Prospectus**” are to this document, as supplemented from time to time, including the documents incorporated by reference.

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN THE RELEVANT FINAL TERMS OR PRICING SUPPLEMENT MAY OVER ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

RISK FACTORS

Prospective investors should read the entire Base Prospectus and reach their own views prior to making any investment decision.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies that may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.

The following is a general discussion of certain risks typically associated with the Issuer and the acquisition and ownership of Notes. In particular, it does not consider an investor's specific knowledge and/or understanding about risks typically associated with the Issuer and the acquisition and ownership of Notes, whether obtained through experience, training or otherwise, or the lack of such specific knowledge and/or understanding, or circumstances that may apply to a particular investor.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section, unless otherwise stated. References to a numbered "Condition" shall be to the relevant Condition in the Terms and Conditions of the Notes.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Danske Bank Group is exposed to a variety of risks, the most significant of which are credit risk, market risk, liquidity risk, operational risk, insurance risk, pension risk and business risk

The Danske Bank Group (the "**Group**") is exposed to a number of risks, and manages them at different organisational levels. The principal categories of risk are as follows:

- Credit risk: Credit risk is the risk of losses because debtors or counterparties fail to meet all or part of their payment obligations to the Group.
- Market risk: Market risk is the risk of losses because the fair value of the Group's financial assets, liabilities and off-balance-sheet items varies with changes in market prices and rates.
- Liquidity risk: Liquidity risk is the risk of losses because the Group's funding costs become excessive, lack of funding prevents the Group from maintaining its business model, or lack of funding prevents the Group from fulfilling its payment obligations.
- Operational risk: Operational risk is the risk of losses resulting from inadequate or failed internal procedures, people and systems, or from external events, including legal events.
- Insurance risk: Insurance risk in the Group is defined as all types of risk in the Danica group, including market risk and life insurance risk.
- Pension risk: Pension risk is the risk that the Group will be liable for additional cash contributions to Group defined benefit pension plans for current and former employees.

- Business risk: Business risk is the risk that income will not be able to cover losses caused by events affecting the Group's profit before impairment charges, market losses and operational losses.

Regulatory changes could materially affect the Issuer's business

The Issuer is subject to financial services laws, regulations, administrative actions and policies in Denmark and in each other jurisdiction in which the Issuer carries on business. Changes in supervision and regulation, in particular in Denmark, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually monitors the situation, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Various aspects of banking regulations are still under debate internationally, including *inter alia*, proposals to review standardised and internally modelled approaches for capital requirements for credit, market and operational risk (together with a proposed capital floor based on the revised standardised approaches for financial institutions using internal models) as well as proposals to increase a financial institution's ability to absorb losses in a situation where it is deemed no longer viable.

The Issuer is subject to risks as a result of implementation of the European Banking and Capital Markets Union. The Group has entities both within and outside the Eurozone.

The Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks

The Group may become involved in various disputes and legal proceedings in Denmark and other jurisdictions, including litigation and regulatory investigations. The Group's banking and other operations, including its insurance operations, like those of other financial services companies, have been the subject of regulatory scrutiny from time to time. For example, the Group is subject to applicable anti-money laundering and terrorist financing laws. The supervisory authorities conduct on-going inspections from time to time of the Group's compliance with anti-money laundering legislation that can potentially lead to supervisory actions.

The Issuer faces increased capital and liquidity requirements as a result of the Basel III Framework

The Basel III framework is implemented through Regulation No. 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms (the "**CRR**") and Directive (2013/36/EU) of the European Parliament and of the Council (the "**CRD IV Directive**"). The CRR entered into force on 1 January 2014, and the CRD IV Directive was implemented in Denmark in March 2014. Each of the CRR and the CRD IV Directive covers a wide range of prudential requirements for banks across Member States of the European Economic Area, including capital requirements, stricter and aligned definitions of capital, risk-exposure amounts ("**REA**"), large exposure framework and liquidity and funding requirements. The CRD IV Directive covers the overall supervisory framework for banks (including the individual risk assessment) and other measures such as the combined capital buffer requirements, systemically important financial institution ("**SIFI**"), governance and remuneration requirements. As a consequence of the European Banking Authority's (the "**EBA**") outstanding regulatory technical standards, the Group is subject to the risk of possible interpretational changes.

In addition, the CRD IV Directive includes a requirement for credit institutions to calculate, report, monitor and publish their leverage ratios, defined as their tier 1 capital as a percentage of their total exposure measure. Until a minimum leverage ratio requirement is implemented in the EU, the regulators may apply such measures as they consider appropriate. In Denmark, the risk of excessive leverage is addressed under "Pillar 2".

On 23 November 2016, the European Commission published its proposal for an EU Banking reform package (the "**EU Banking Reform**") as part of the finalisation of the Basel III framework and its implementation in the EU. The EU Banking reform package includes proposals to amend the CRR and the CRD IV Directive. The

proposed amendments include, *inter alia*, changes to the market risk framework by implementing the fundamental review of the trading book (“**FRTB**”), the counterparty credit risk framework, introduction of a minimum leverage ratio requirement and a net stable funding ratio (“**NSFR**”) requirement, revisions to the Pillar 2 framework, transition of International Financial Reporting Standards (“**IFRS**”) 9 and its impact on capital ratios and revisions to the framework concerning interest rate risk in the banking book (“**IRRBB**”). An agreement on the transition of IFRS 9 effect on prudential capital was reached in November 2017 and will take effect from 1 January 2018. Finalisation of the remaining Banking Reform is not expected before well into 2018.

The Basel Committee on Banking Supervision (the “**BCBS**”) is also considering a review of the standardised approach for credit and operational risk, constraints on the use of internal model approaches and the possible implementation of a broad REA floor based on the standardised approaches for measuring credit, market and operational risk. The amendments of the Basel standards may increase the Group’s REA, but it is still too early to assess the impact of these potential changes since the finalisation of the revised standards has been postponed and the political dialogue on how and when to implement the revised standards in the EU has not yet been initiated.

Additional Capital Buffer Requirements

Under the CRR, institutions are required to hold a minimum amount of regulatory capital equal to 8 per cent. of REA (of which at least 4.5 per cent. must be Common Equity Tier 1 capital, and at least 6 per cent. must be Tier 1 capital). In addition to these so-called minimum own funds Pillar 1 requirements, the CRD IV Directive (including but not limited to, Article 128) also introduces capital buffer requirements in addition to the minimum “own funds” requirements, which must be met with Common Equity Tier 1 capital. The capital buffer is comprised of five elements (referred to collectively as the “combined buffer”): (i) the capital conservation buffer; (ii) the institution-specific countercyclical buffer; (iii) the global systemically important institutions buffer; (iv) the other systemically important institutions buffer; and (v) the systemic risk buffer. Subject to applicable transitional provisions and national implementation, some or all of these capital buffers are expected to apply to the Issuer.

Under Article 141 of the CRD IV Directive, Member States must require that institutions that fail to meet the “combined buffer requirement” (broadly, the combination of the capital conservation buffer, the institution-specific counter-cyclical buffer and the higher of (depending on the institution), the systemic risk buffer, the global systemically important institutions buffer and the other systemically important institution buffer, in each case as applicable to the institution) will be subject to restricted “discretionary payments” (which are defined broadly by the CRD IV Directive as distributions in connection with Common Equity Tier 1 capital, payments on Additional Tier 1 instruments and payments of variable remuneration). The restrictions will be scaled according to the extent of the breach of the combined buffer requirement and calculated as a percentage of the profits of the institution since the most recent decision on the distribution of profits or discretionary payment. Such calculation will result in a “maximum distributable amount” in each relevant period. As an example, the scaling is such that in the bottom quartile of the combined buffer requirement, no discretionary distributions will be permitted to be paid. As a consequence, in the event of breach of the combined buffer requirement it may be necessary to reduce discretionary payments, including potentially exercising the discretion to cancel (in whole or in part) interest payments in respect of Additional Tier 1 Capital Notes. Further, there can be no assurance that the Issuer’s combined buffer requirement will not be increased in the future, which may exacerbate the risk that discretionary payments, including payments of interest on Additional Tier 1 Capital Notes, are cancelled.

In addition to the minimum own funds Pillar 1 capital requirements described above, the CRD IV Directive (including but not limited to Article 104(1)(a)) contemplates that competent authorities may require additional “Pillar 2” capital to be maintained by an institution relating to elements of risks which are not fully captured by the minimum own funds Pillar 1 requirements (“**additional own funds requirements**”) or to address macro-prudential requirements.

According to the implementation of the CRD IV Directive in Denmark, the combined buffer requirement is stacked on top of the “Pillar 2” capital requirements. If the combined buffer requirement is breached, the institution has to submit a capital conservation plan for approval by the DFSA. However, for the purpose of

determining automatic restrictions on discretionary payments (i.e. the Maximum Distributable Amount or the “MDA”), “Pillar 2” capital requirements should not be taken into account. Nonetheless, the DFSA may choose to impose restrictions on discretionary payments on the basis of the submitted capital conservation plan.

The EBA published guidelines on 19 December 2014 addressed to national supervisors on common procedures and methodologies for the supervisory review and evaluation process (“SREP”) which contained guidelines proposing a common approach to determining the amount and composition of additional own funds requirements. Under these guidelines, national supervisors should set a composition requirement for the additional own funds requirements to cover certain risks of at least 56 per cent. Common Equity Tier 1 capital and at least 75 per cent. Tier 1 capital. The guidelines also contemplate that national supervisors should not set additional own funds requirements in respect of risks which are already covered by capital buffer requirements and/or additional macro-prudential requirements; and, accordingly, the combined buffer requirement is in addition to the minimum own funds requirement and to the additional own funds requirement. The EBA guidelines are currently under review. A final version is expected to be published by the EBA in 2018.

There can be no assurance as to the relationship between any of the aforementioned or future incremental own funds requirements, any combined buffer requirement and the associated restrictions on discretionary payments, and as to how and when effect will be given to the EBA’s minimum guidelines in Denmark, including as to the consequences for an institution of its capital levels falling below the minimum, buffer and additional requirements referred to above. With effect from 1 January 2016, the DFSA has issued an executive order implementing the composition requirements outlined in SREP. Under this executive order, additional own funds requirements must be met with at least 56 per cent. Common Equity Tier 1 and at least 75 per cent. Tier 1 capital. Capital instruments issued prior to 31 December 2015 that were eligible to cover additional own funds requirements will be grandfathered until 31 December 2021.

The capital requirements applicable to the Issuer and/or Group are, by their nature, calculated by reference to a number of factors any one of which or combination of which may not be easily observable or capable of calculation by investors. Holders of Additional Tier 1 Capital Notes may not be able to predict accurately the proximity of the risk of discretionary payments (of Interest and principal) on the Additional Tier 1 Capital Notes being prohibited from time to time as a result of the operation of Article 141 of the CRD IV Directive as implemented in Denmark.

There can be no assurance that the leverage ratio or any of the minimum own funds Pillar 1 requirements, additional own funds requirements or buffer capital requirements applicable to the Group will not be amended in the future to include new and more onerous capital requirements, which in turn may affect the Issuer’s capacity to make payments of interest on the Notes.

The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. In certain limited circumstances, it is possible that the implementation of the directive or the taking of any action under it could affect the value of any Notes

On 15 May 2014, the European Parliament and the Council of the European Union adopted a directive providing for the establishment of a European Union-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the “BRRD”). The BRRD, including the general bail-in tool and the Minimum Requirement for own funds and Eligible Liabilities (“MREL”), was implemented into Danish law and entered into force as of 1 June 2015 by Consolidated Act No. 333 of 31 March 2015 on Restructuring and Resolution of Certain Financial Undertakings, as amended from time to time (the “**Danish Recovery and Resolution Act**”) and by amendments to the Danish Financial Business Act.

The BRRD is designed to provide authorities designated by Member States with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions, while minimising the impact of an institution’s failure on the economy and financial system. If the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the

failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest, the relevant resolution authority may use the following resolution tools and powers alone or in combination without the consent of the institution's creditors, including the Holders: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in relating to eligible liabilities - which gives resolution authorities the power to write-down or convert to equity all or a part of certain claims of unsecured creditors, including the Holders as further described below and to write-down or convert to equity certain unsecured debt claims (including the Notes) (the "**general bail-in tool**"), which equity could also be subject to any future application of the general bail-in tool.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the European Union state aid framework.

An institution will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further statutory power to permanently write-down (or convert into equity) capital instruments such as Subordinated Notes and Additional Tier 1 Capital Notes at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). Any shares issued to holders of Subordinated Notes or Additional Tier 1 Capital Notes upon any such statutory conversion into equity may also be subject to subsequent application of resolution tools, which may result in cancellation or dilution of the shareholding.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or that the institution will no longer be viable unless the relevant capital instruments (such as Subordinated Notes and Additional Tier 1 Capital Notes) are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution would no longer be viable.

The BRRD also provides resolution authorities with broader powers to implement other resolution measures with respect to distressed banks, which may include (without limitation) the replacement or substitution of the bank as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

With the implementation of BRRD, European banks are required to have bail in-able resources in order to fulfil MREL. There is no minimum European Union-wide level of MREL – each resolution authority is required to make a separate determination of the appropriate MREL requirement for each banking group within its jurisdiction, depending on the resolvability, risk profile, systemic importance and other characteristics of each institution. Before the end of 2017, the DFSA is expected to finalise the resolution plans of the Danish SIFI banks, including the Issuer, which includes setting the MREL requirement effective from 1 January 2019. MREL may require Danish SIFIs and other banks to issue debt that can be bailed in. When setting the MREL, the DFSA will also publish details on the types of liabilities that can be used to fulfil MREL and how the existing liabilities will be grandfathered. Based on earlier communication from the DFSA, the MREL for Danish SIFI banks is expected to be set at a level approximately equal to twice their total capital requirement including the combined capital

buffer requirement. If an institution does not fulfil the MREL requirement after 1 January 2019, the relevant authority may withdraw its banking licence. Also, a comparable concept for loss absorption, Total Loss Absorbing Capacity (“**TLAC**”) has been set for global systemically important institutions (“**G-SII**”). The TLAC requirement also takes effect from 2019.

Further to the amendments outlined above, the European Commission’s European Union Banking Reform also includes proposals to implement TLAC into European Union legislation. The incorporation of the TLAC standard into the existing MREL framework is expected to provide clarity in the regulatory framework surrounding MREL and TLAC, both in terms of the framework for setting banks’ requirements as well as the instruments that can be used to fulfil such requirements. The implementation of a TLAC requirement for G-SII in the European Union could influence the implementation of MREL and therefore could impact the required MREL for the Issuer.

The powers set out in the already adopted BRRD impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. The BRRD outlines the priority ranking of certain deposits in an insolvency hierarchy, which required changes to the insolvency hierarchy in Denmark. The BRRD establishes a preference in the ordinary insolvency hierarchy, firstly for insured depositors and, secondly, for all other deposits of individuals and micro, small and medium-sized enterprises held in EEA or non-EEA branches of an EEA bank. These preferred deposits rank ahead of all other unsecured senior creditors of the Issuer in the insolvency hierarchy. Furthermore, the insolvency hierarchy could be changed in the future.

The European Commission’s proposal for a European Union Banking reform package also includes a European Union harmonised approach on bank creditor’s insolvency rankings that would enable banks to issue debt in a new statutory category of unsecured debt available in all Member States which would rank below the most senior debt and other senior liabilities for the purposes of resolution (a so-called ‘non-preferred senior debt’). The European Commission’s proposal has not yet been adopted. When adopted, it will be transposed into national laws in the EU Member States. Accordingly, the exact content of the rules are presently not known. The European Union proposed harmonised approach will not affect the existing stock of bank debt and will apply going forward to any new issuance of bank debt in the concerned category following the date of application of the amendment.

The exercise of any power under the BRRD or any suggestion of such exercise could have a material adverse effect on the rights of Holders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes. Although the BRRD, as implemented, contains certain limited safeguards for creditors in specific circumstances, including in the case of senior creditors (such as the Holders) a safeguard that aims to ensure that they do not incur greater losses than they would have incurred had the relevant financial institution been wound up under normal insolvency proceedings, there can be no assurance that these safeguards will be effective if such powers are exercised. The determination that all or a part of the principal amount of the Notes will be subject to bail-in is likely to be inherently unpredictable and may depend on a number of factors which may be outside of the Group’s control. The application of the general bail-in tool with respect to the Notes may result in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, the Notes and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, the Notes into shares or other securities or other obligations of the Bank or another person, including by means of a variation to the terms of the Notes to give effect to such application of the general bail-in tool. Accordingly, potential investors in the Notes should consider the risk that the general bail-in tool may be applied in such a manner as to result in Holders losing all or a part of the value of their investment in the Notes or receiving a different security than the Notes, which may be worth significantly less than the Notes and which may have significantly fewer protections than those typically afforded to debt securities. Moreover, the relevant resolution authority may exercise its authority to apply the general bail-in tool without providing any advance notice to the Holders.

Holders of the Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool as described above and, in the case of Subordinated Notes and Additional Tier 1 Capital Notes, any non-viability loss absorption, which may result in Holders losing some or all of their investment. The exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely

affect the rights of Holders, the price or value of their investment in any relevant Notes and/or the ability of the Issuer to satisfy its obligations under any relevant Notes.

The Group will have to pay additional amounts under resolution funds or deposit guarantee schemes

In Denmark and other jurisdictions, deposit guarantee schemes and similar funds (“**Deposit Guarantee Schemes**”) have been implemented from which compensation for deposits may become payable to customers of financial services firms in the event a financial services firm is unable to pay, or unlikely to pay, claims against it. In most jurisdictions in which the Group operates, these Deposit Guarantee Schemes and resolution funds are funded, directly or indirectly, by financial services firms which operate and/or are licensed in the relevant jurisdiction. The future target level of funds to be accumulated in Deposit Guarantee Schemes and resolution funds across different European Union countries may exceed the minimum target levels provided for in the BRRD, Directive 2014/49/EC (the “**revised Deposit Guarantee Schemes Directive**”) and in Regulation 2014/806/EC of the European Parliament and of the Council establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation 1093/2010/EC (the “**SRM**”) (the latter of which will be relevant for Danish credit institutions should Denmark choose to participate in the Banking Union, which includes the SRM).

Through participation in the Deposit Guarantee Fund for Depositors and Investors (the “**Danish Guarantee Fund**”), Danish deposit guarantee fund, Danish credit institutions undertake to cover losses incurred on covered deposits held with distressed credit institutions. The Danish Guarantee Fund’s capital must amount to at least 0.8 per cent. of the covered deposits of all Danish credit institutions by 31 December 2024. The Danish Guarantee Fund is currently fully funded, but if the fund subsequently does not have sufficient means to make the required payments, extraordinary contributions of up to 0.5 per cent. of the individual institution’s covered deposits may be required. Extraordinary contributions above this percentage require the consent of the DFSA. If the Danish Guarantee Fund’s capital falls below two-thirds of the minimum amount (0.8 per cent. of covered deposits), the Danish Guarantee Fund must reach the target level again within six years.

The Issuer, Realkredit Danmark A/S (“**Realkredit Danmark**”) and other Danish financial institutions must make contributions to the Danish resolution fund on the basis of the amount of their respective liabilities (excluding own funds) less covered deposits and risks relative to other financial institutions in Denmark. The assets of the Danish resolution fund must equal at least 1 per cent. of the covered deposits of all Danish financial institutions by 31 December 2024. The first contributions to the Danish resolution fund were paid in the fourth quarter of 2015. The intention is for losses to be covered by the annual contributions made by the participating financial institutions. Consequently, if the Danish resolution fund does not have sufficient means, extraordinary contributions of up to three times the latest annual contributions may be required.

In addition, the Issuer’s international subsidiaries contribute to national deposit guarantee schemes and resolution funds to the extent required.

The Group may be affected by general economic and geopolitical conditions

The financial services industry generally prospers in conditions of economic growth, stable geopolitical conditions, capital markets that are transparent, liquid and buoyant, and positive investor sentiment. Each of the Group’s operating segments is affected by general economic and geopolitical conditions, which can cause the Group’s results of operations and financial position to fluctuate from year to year as well as on a long-term basis. The Group’s performance is in particular significantly influenced by the general economic conditions of the countries in which it operates, in particular the Nordic markets (Denmark, Sweden, Norway and Finland) and Northern Ireland.

Since 2014, Denmark has experienced annual GDP growth close to 1.75 per cent, and a sustained increase in employment. Growth has accelerated in 2017 as exports have benefitted from higher global growth and domestic demand is also increasing. Growth in Sweden accelerated to 4.5 per cent. in 2015 supported by private consumption and housing investment, but has since moderated to close to 3 per cent. Norway was

negatively affected by the decline in oil prices in 2014, but did not experience an actual recession and is now recovering from a period of low growth, as oil-related investment is no longer declining. Finland suffered 3 years of declining GDP due to, among other things, declining exports to Russia, and a need to tighten fiscal policy. Since 2015, growth has accelerated and has reached 3 per cent. annually in the second quarter of 2017, driven by exports, investment and an increase in private consumption despite a decline in real wages in 2017.

Across the Nordic countries, growth has been sustained by increasing private consumption. In Denmark, Sweden and Finland, real wages have grown due to low inflation, and employment has increased. Norway has experienced higher inflation following the depreciation of the Norwegian Kroner, but household finances have been supported by increasing house prices. House prices have grown rapidly in Sweden and Norway in recent years. A sharp reversal in those prices could adversely affect overall growth, in particular in Sweden where residential investment is an important growth driver, and weaken household finances and the finances of construction-related businesses. Swedish house prices have declined modestly in recent months. Norwegian house prices have on average declined over the summer of 2017 led by lower prices in Oslo as supply of new housing has increased and access to mortgage financing has been limited by regulatory measures. As Nordic countries are small, open economies, they are sensitive to disruptions in the global economy or the free flow of goods and services. Very accommodating central bank monetary policy and low interest rates have had, and continue to have, an impact on the Group's net interest income. Adverse economic developments have affected and will continue to affect the Group's business in a number of ways, including, among others, the income, wealth, liquidity, business and/or financial condition of the Group's customers, particularly its small- and medium-sized enterprise ("SME") customers, which, in turn, could further reduce the Group's credit quality (resulting in increased impairment charges) and demand for the Group's financial products and services. As a result, any or all of the conditions described above could continue to have a material adverse effect on the Group's business, results of operations and financial position, and measures implemented by the Group might not be satisfactory to reduce any credit, market and liquidity risks.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks", are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark". Regulation (EU) 2016/1011 (the "**Benchmarks Regulation**") was published in the Official Journal of the EU on 29 June 2016 and will apply from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities (such as the Issuer) of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

More broadly, any of the national or international reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following

effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of national or international reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences that cannot be predicted.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. See also “The Group may be affected by general economic and geopolitical conditions” above.

If an investor holds Notes which are not denominated in the investor’s home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency or Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (i) the Investor’s Currency-equivalent yield on the Notes, (ii) the Investor’s Currency-equivalent value of the principal payable on the Notes and (iii) the Investor’s Currency-equivalent market value of the Notes.

Governmental and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal as measured in the Investor's Currency.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

In addition, a holder of securities with a fixed interest rate that will be periodically reset during the term of the relevant securities, such as Notes to which the reset provisions apply, is also exposed to the risk of fluctuating interest rate levels and uncertain interest income.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes and may be lowered, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes or the standing of the Issuer.

The expected rating(s), if any, of the Notes will be set out in the relevant Final Terms or Pricing Supplement for each Series of Notes. Any rating agency may lower its rating or withdraw its rating if, in the sole judgement of the rating agency, the credit quality of the Notes has declined or is in question. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

There is no guarantee that any rating of the Notes and/or the Issuer will be maintained by the Issuer following the date of this Base Prospectus. If any rating assigned to the Notes and/or the Issuer is revised lower, suspended, withdrawn or not maintained by the Issuer, the market value of the Notes may be reduced.

The Issuer is exposed to changing methodology by rating agencies

The Issuer is exposed to changes in the rating methodologies applied by rating agencies. Any adverse changes of such methodologies may materially and adversely affect the Issuer's operations or financial condition, the Issuer's willingness or ability to leave individual transactions outstanding and adversely affect the Issuer's capital market standing.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

The claims of Holders in respect of Subordinated Notes are subordinated

The Issuer may issue Subordinated Notes which will constitute direct, unsecured and subordinated debt obligations of the Issuer as described in Condition 5.2 (*Status – Subordinated Notes*).

The Issuer may issue other obligations or capital instruments that rank or are expressed to rank senior to the Subordinated Notes or *pari passu* with the Subordinated Notes, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer. In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay (i) its depositors and other unsubordinated creditors and (ii) its other subordinated creditors (other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the

Subordinated Notes) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Subordinated Notes. In addition, in the event of a liquidation or bankruptcy of the Issuer, to the extent the Issuer has assets remaining after paying its creditors who rank senior to the Subordinated Notes, payments relating to other obligations or capital instruments of the Issuer that rank or are expressed to rank *pari passu* with the Subordinated Notes may, if there are insufficient assets to satisfy the claims of all of the Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Subordinated Notes on a liquidation or bankruptcy of the Issuer.

The claims of Holders in respect of Additional Tier 1 Capital Notes are deeply subordinated

The Issuer may issue Additional Tier 1 Capital Notes, which, subject to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*), will constitute direct, unsecured and subordinated debt obligations of the Issuer as described in Condition 5.3 (*Status – Additional Tier 1 Capital Notes*).

The Issuer may issue other obligations or capital instruments that rank or are expressed to rank senior to the Additional Tier 1 Capital Notes or *pari passu* with the Additional Tier 1 Capital Notes, in each case as regards the right to receive periodic payments (to the extent any such periodic payment has not been cancelled) on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer. In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay (i) its depositors and other unsubordinated creditors and (ii) its other subordinated creditors (other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Additional Tier 1 Capital Notes) in full before it can make any payments on the Additional Tier 1 Capital Notes. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Additional Tier 1 Capital Notes. In addition, in the event of a liquidation or bankruptcy of the Issuer, to the extent the Issuer has assets remaining after paying its creditors who rank senior to the Additional Tier 1 Capital Notes, payments relating to other obligations or capital instruments of the Issuer that rank or are expressed to rank *pari passu* with the Additional Tier 1 Capital Notes may, if there are insufficient assets to satisfy the claims of all of the Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Additional Tier 1 Capital Notes on a liquidation or bankruptcy of the Issuer.

The principal of, and accrued but unpaid interest in respect of, the Subordinated Notes may be reduced and cancelled in certain circumstances

In relation to Subordinated Notes, until the date on which none of the Existing Tier 2 Capital Notes is outstanding, the shareholders of the Issuer may, upon the occurrence of a Reduction Event and pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), resolve to reduce and cancel (*inter alia*):

- (i) on a *pro-rata* basis all or part of any of its arrears of interest (howsoever defined) (together with any additional interest amounts (howsoever defined)) under its other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith and all or part of any accrued but unpaid interest under the Subordinated Notes and its other Tier 2 Capital and any of its other instruments expressed to be ranking *pari passu* therewith and issued on or after 4 October 2013; and
- (ii) all or part of the Outstanding Principal Amounts of the Subordinated Notes on a *pro-rata* basis with the outstanding nominal amount of all of its other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith,

provided that the requirements set out in Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) are met. Investors should note that, while such reduction and cancellation is not common, it is an appreciable risk and is not limited to the liquidation or bankruptcy of the Issuer. In addition, investors should note that, following any such reduction and cancellation, the relevant amount of accrued but unpaid interest so reduced and cancelled and the relevant amount of the Outstanding Principal Amounts of the Subordinated Notes so reduced and cancelled will not be reinstated in any circumstances.

Any actual or anticipated reduction and cancellation of (A) any accrued but unpaid interest on the Subordinated Notes and (B) the Outstanding Principal Amounts of the Subordinated Notes, in either case pursuant to the reduction and cancellation provision described above, will likely have an adverse effect on the market price of the Subordinated Notes. In addition, as a result of such reduction and cancellation provision, the market price of the Subordinated Notes prior to the date on which none of the Existing Tier 2 Capital Notes is outstanding may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to such reduction and cancellation and may be more sensitive generally to adverse changes in the financial condition of the Issuer and/or the Group.

Interest on the Additional Tier 1 Capital Notes may be cancelled in certain circumstances

Subject as provided in Condition 8 (*Interest Cancellation*), any payment of interest in respect of the Additional Tier 1 Capital Notes shall be payable only out of the Issuer's Distributable Items and:

- (i) may be cancelled, at any time, in whole or in part, at the option of the Issuer in its sole discretion; or
- (ii) will be mandatorily cancelled, in whole or in part, to the extent:
 - (A) that, if the relevant payment were so made, the amount of such payment, when aggregated together with other distributions of the kind referred to in Article 141 (2) of the CRD IV Directive (or, as the case may be, any provision of Danish law transposing or implementing Article 141 (2) of the CRD IV Directive), or any successor thereto, would cause any Maximum Distributable Amount to be exceeded; or
 - (B) otherwise so required by CRD IV, including the applicable criteria for Additional Tier 1 Capital instruments.

The CRD IV requirements currently provide that discretionary payments in respect of certain capital instruments (including payments of interest on the Additional Tier 1 Capital Notes, which would include, for the avoidance of doubt, any additional amounts in respect of interest which may be payable under Condition 16 (*Taxation*)) will be required to be cancelled, in whole or in part, to the extent that:

- (i) the Issuer's Distributable Items are insufficient to make the relevant payment(s); or
- (ii) the combined buffer requirement is not met and, if the relevant payment(s) were made, the amount of such payment(s) would exceed the Maximum Distributable Amount. See further the risk factor entitled "Additional Capital Buffer Requirements" above.

The Issuer also expects to cancel any such discretionary payment to the extent that CRD IV prescribes and/or, as the case may be, the Relevant Regulator requires that the relevant payment(s) shall be cancelled.

The Issuer's Distributable Items will depend to a large extent on the net income earned by the Issuer. The Maximum Distributable Amount is a relatively novel concept, and its determination is subject to some uncertainty. As discussed above, the Issuer is entitled to cancel payments of interest in its sole discretion and it is permitted to do so even if it could make such payments without exceeding the limits described in the paragraph immediately above. Notwithstanding the above expectations, payments of interest on the Additional Tier 1 Capital Notes may be cancelled even if holders of the Issuer's shares continue to receive dividends.

Following any cancellation of interest as described above, the right of Holders of the Additional Tier 1 Capital Notes to receive accrued interest in respect of the relevant Interest Period will terminate and the Issuer will have no further obligation to pay such interest or to pay interest thereon, whether or not payments of interest in respect of subsequent Interest Periods are made, and such unpaid interest will not be deemed to have "accrued" or been earned for any purpose nor will the non-payment of such interest constitute an Enforcement Event.

Any actual or anticipated cancellation of interest will likely have an adverse effect on the market price of the Additional Tier 1 Capital Notes. In addition, as a result of the interest cancellation provision of the Additional Tier 1 Capital Notes, the market price of the Additional Tier 1 Capital Notes may be more volatile than the market prices of other debt securities on which interest accrues and that are not subject to such cancellation and may be more sensitive generally to adverse changes in the financial condition of the Issuer and/or the Group. Holders should be aware that any announcement relating to the future cancellation of interest payments or any actual cancellation of interest payments may have an adverse effect on the market price of the Additional Tier 1 Capital Notes. Holders may find it difficult to sell their Additional Tier 1 Capital Notes in such circumstances, or may only be able to sell their Additional Tier 1 Capital Notes at a price which may be significantly lower than the price at which they purchased their Additional Tier 1 Capital Notes. In such event, Holders may lose some or substantially all of their investment in the Additional Tier 1 Capital Notes.

Additional Tier 1 Capital Notes will be subject to loss absorption following a Trigger Event

In the case of a Series of Additional Tier 1 Capital Notes, such Notes will be issued for regulatory capital adequacy purposes with the intention and purpose of being eligible as Additional Tier 1 Capital of the Issuer and the Group. Such eligibility depends upon a number of conditions being satisfied, which are reflected in the Terms and Conditions of the Notes and which, in particular, require the Additional Tier 1 Capital Notes and the proceeds of their issue to be available to absorb any losses of the Issuer and/or the Group.

Accordingly, if, in respect of a Series of Additional Tier 1 Capital Notes, at any time the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group has fallen below the Trigger Event Threshold in respect of such Notes, the Outstanding Principal Amounts of such Notes shall be reduced as described below and in Condition 11.2 (*Loss Absorption Following a Trigger Event*).

Holders of a Series of Additional Tier 1 Capital Notes may lose all or some of their investment as a result of such a reduction to the Outstanding Principal Amounts of such Notes. Subject, in the case of any such reduction to the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes, to (i) compliance with CRD IV and BRRD requirements and (ii) the Loss Absorption Minimum Amount in respect of such Notes, the amount of the relevant reduction to the Outstanding Principal Amounts of such Notes on the relevant Write Down Date will be equal to the amount of a reduction to the Outstanding Principal Amounts of such Notes on the relevant Write Down Date that would restore the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, as applicable, to at least the Trigger Event Threshold in respect of such Notes at the point of such reduction, taking into account the amount of Common Equity Tier 1 Capital (if any) of the Issuer and/or the Group, as the case may be, generated on or prior to the relevant Write Down Date by the *pro-rata* reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of all Parity Trigger Loss Absorbing Instruments (if any) outstanding at such time and all Other Loss Absorbing Instruments (if any) outstanding at such time.

It is possible that, following a material decrease in the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, a Trigger Event in relation to a Series of Additional Tier 1 Capital Notes could occur simultaneously with a trigger event in relation to one or more Other Loss Absorbing Instruments having a higher or, as the case may be, lower trigger level than the Trigger Event Threshold in respect of such Notes. In such circumstances, investors should note that, with respect to each such Other Loss Absorbing Instrument (if any), Condition 11.2 (*Loss Absorption Following a Trigger Event*) provides that the *pro-rata* reduction or, as the case may be, conversion shall only be taken into account as described above to the extent required to restore the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, as applicable, to the lower of (1) such Other Loss Absorbing Instrument's trigger level and (2) the Trigger Event Threshold in respect of such Notes. Once the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, as applicable, has been restored to at least the Trigger Event Threshold in respect of the relevant Series of Additional Tier 1 Capital Notes at the point of the relevant reduction, the Issuer expects that any additional amounts of Common Equity Tier 1 Capital which are required to cure a trigger event in relation to any Other Loss Absorbing Instruments with a higher trigger level ("**Higher Trigger Other Loss Absorbing Instruments**") than such Trigger Event Threshold will only be generated by the further reduction to, or, as the case may be, further conversion into Common Equity Tier 1 Capital instruments of, the principal amount of such Higher Trigger Other Loss Absorbing Instruments, in each

case in accordance with the terms of such Higher Trigger Other Loss Absorbing Instruments and the CRD requirements.

Investors should also note that, if the Issuer issues a Parity Trigger Loss Absorbing Instrument or an Other Loss Absorbing Instrument that may be reduced, or, as the case may be, converted into Common Equity Tier 1 Capital instruments, in full (save for any floor equivalent to the Loss Absorption Minimum Amount) but not in part only, the Issuer expects that such instruments shall be treated for the purposes of determining the relevant *pro-rata* amounts to be taken into account as described above and in Condition 11.2 (*Loss Absorption Following a Trigger Event*) as if their terms permitted partial reduction or, as the case may be, partial conversion into Common Equity Tier 1 Capital instruments.

In addition, investors should note that Condition 11.2 (*Loss Absorption Following a Trigger Event*) provides that, to the extent the reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of any Parity Trigger Loss Absorbing Instrument or Other Loss Absorbing Instrument is not, or by the relevant Write Down Date will not be, effective for any reason:

- (A) the ineffectiveness of any such reduction or, as the case may be, conversion into Common Equity Tier 1 Capital instruments shall not prejudice the requirement to effect a reduction to the Outstanding Principal Amounts of the relevant Series of Additional Tier 1 Capital Notes pursuant to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*); and
- (B) the reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of any Parity Trigger Loss Absorbing Instrument or Other Loss Absorbing Instrument which is not, or by the Write Down Date will not be, effective shall not be taken into account in determining the relevant reduction of the Outstanding Principal Amounts of the relevant Series of Additional Tier 1 Capital Notes pursuant to Condition 11.2 (*Loss Absorption Following a Trigger Event*).

Therefore (i) the reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of any Parity Trigger Loss Absorbing Instruments or any Other Loss Absorbing Instruments is not a condition to a reduction of the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes and (ii) as a result of any failure to reduce or, as the case may be, convert into Common Equity Tier 1 Capital instruments the principal amount of any Parity Trigger Loss Absorbing Instrument or any Other Loss Absorbing Instruments, the amount of the reduction to the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes may therefore be higher than expected.

As any such reduction to the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes is subject to compliance with CRD IV and BRRD requirements, the reduction provisions described above and in Condition 11.2 (*Loss Absorption Following a Trigger Event*) are subject to, and will be interpreted in light of, any applicable changes to any such requirements. Notwithstanding any of the provisions relating to a reduction of the Additional Tier 1 Capital Notes as described above, no assurance can be given that the Issuer will not determine that the CRD IV requirements require a reduction to the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes to be calculated and determined in a different manner than as described above and in Condition 11.2 (*Loss Absorption Following a Trigger Event*). Investors should note that, in the case of any such reduction to the Outstanding Principal Amounts of such Notes pursuant to Condition 11.2 (*Loss Absorption Following a Trigger Event*), the Issuer's determination of the relevant amount of such reduction shall be binding on all parties.

Any such reduction of the Outstanding Principal Amounts of the relevant Additional Tier 1 Capital Notes shall not constitute an Enforcement Event and, following such reduction, claims of the Holders of the relevant Additional Tier 1 Capital Notes in respect of principal will, in all cases, be based on the reduced Outstanding Principal Amounts of the relevant Additional Tier 1 Capital Notes to the extent the Outstanding Principal Amounts of such Notes have not subsequently been reinstated as described in Condition 11.3 (*Reinstatement of the Notes*).

In addition, following a reduction of the Outstanding Principal Amounts of a Series of Additional Tier 1 Capital Notes as described above, interest can only continue to accrue on the Outstanding Principal Amounts of such Notes following such reduction, which will be lower than the Original Principal Amount of such Notes.

Following any such reduction, the Issuer will not in any circumstances be obliged to reinstate the Outstanding Principal Amounts of the relevant Additional Tier 1 Capital Notes, but any reinstatement must be undertaken, subject to compliance with CRD IV requirements and the Reinstatement Limit described in Condition 11.3 (*Reinstatement of the Notes*), on a *pro-rata* basis with all other Parity Trigger Loss Absorbing Instruments (if any) which would, following such reinstatement, constitute Additional Tier 1 Capital and feature similar reinstatement provisions. Investors should note that, while the Terms and Conditions provide for a *pro-rata* reinstatement as described in the preceding sentence, there is no guarantee (including as regards the timing of the relevant reinstatement) how a reinstatement of the Outstanding Principal Amounts of the relevant Additional Tier 1 Capital Notes would be conducted when compared to any proposed reinstatement of any obligations or capital instruments of the Issuer (i) with a similar principal loss absorption mechanism but with a higher or lower trigger level compared to the Trigger Event Threshold of the relevant Additional Tier 1 Capital Notes and (ii) which include similar reinstatement provisions.

The market price of the Additional Tier 1 Capital Notes is expected to be affected by fluctuations in the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group. Any indication that the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group is trending towards the Trigger Event Threshold in respect of a Series of Additional Tier 1 Capital Notes may have an adverse effect on the market price of such Notes. The level of the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group may significantly affect the trading price of the Additional Tier 1 Capital Notes.

Investors should note that, while such a reduction is not common, it is an appreciable risk and is not limited to the liquidation or bankruptcy of the Issuer.

The calculation of the Common Equity Tier 1 Capital Ratio will be affected by a number of factors, many of which may be outside the Issuer's control

The occurrence of a Trigger Event and, therefore a write-down of the Original Principal Amounts of the Additional Tier 1 Capital Notes, is inherently unpredictable and depends on a number of factors, many of which may be outside the Issuer's control. As the Relevant Regulator may require the Common Equity Tier 1 Capital Ratio to be calculated as of any date, a Trigger Event could occur at any time. The calculation of the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group could be affected by a wide range of factors, including, among other things, factors affecting the level of the Issuer's and/or the Group's earnings or dividend payments, the mix of businesses, the ability to effectively manage the risk-weighted assets in both the on-going businesses and those the Issuer and/or the Group may seek to exit, losses in commercial banking, investment banking or other businesses, changes in the Group's structure or organisation, or any of the factors described in "Description of the Danske Bank Group". The calculation of the ratios also may be affected by changes in applicable accounting rules and the manner in which accounting policies are applied, including the manner in which permitted discretion is exercised under the applicable accounting rules.

Due to the uncertainty regarding whether a Trigger Event will occur, it will be difficult to predict when, if at all, the Original Principal Amounts of the Additional Tier 1 Capital Notes may be written down. Accordingly, the trading behaviour of the Additional Tier 1 Capital Notes may not necessarily follow the trading behaviour of other types of subordinated securities. Any indication that the Common Equity Tier 1 Capital Ratio of either the Issuer or of the Group is approaching the level that would trigger a Trigger Event may have an adverse effect on the market price and liquidity of the Additional Tier 1 Capital Notes. Under such circumstances, investors may not be able to sell their Additional Tier 1 Capital Notes easily or at prices that will provide them with a yield comparable to more conventional investments.

Substitution and variation of the Additional Tier 1 Capital Notes without Holder consent

Subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*), if a Special Event has occurred and is continuing, the Issuer may substitute all (but not some only) of the Additional Tier 1 Capital Notes or vary the terms of all (but not some only) of the Additional Tier 1 Capital Notes, without the requirement for the consent or approval of the Holders of the Additional Tier 1 Capital Notes, so that they become or remain Qualifying Capital Notes.

Qualifying Capital Notes are securities issued or guaranteed by the Issuer that have, *inter alia*, terms not materially less favourable to the Holders of the Additional Tier 1 Capital Notes than the terms of the Additional Tier 1 Capital Notes (provided that the Issuer shall have delivered a certificate to that effect signed by two of its Directors to the Fiscal Agent). There can be no assurance that, due to the particular circumstances of each Holder, any Qualifying Capital Notes will be as favourable to each Holder in all respects or that, if it were entitled to do so, a particular Holder would make the same determination as the Issuer as to whether the terms of the relevant Qualifying Capital Notes are not materially less favourable to Holders than the terms of the Notes.

See Condition 12.10 (*Substitution and variation*).

There are no events of default and limited enforcement events in relation to Subordinated Notes and Additional Tier 1 Capital Notes

The terms of the Subordinated Notes and Additional Tier 1 Capital Notes do not provide for any events of default. Holders of the relevant Series of such Notes may not at any time demand repayment or redemption of such Notes, and enforcement rights for any payments are limited to the claim of Holders in a liquidation or bankruptcy of the Issuer. In a liquidation or bankruptcy of the Issuer, a Holder may prove or claim in such proceedings in respect of the relevant Series of such Notes, such claim being for payment of the Outstanding Principal Amount of such Notes at the time of commencement of such liquidation or bankruptcy together with any interest accrued and unpaid on such Notes (in the case of Additional Tier 1 Capital Notes, to the extent that the same is not cancelled in accordance with the terms of such Notes) from (and including) the Interest Payment Date immediately preceding commencement of such liquidation or bankruptcy and any other amounts payable on such Notes under the Terms and Conditions.

According to Section 17(2) of Consolidated Act No.11 of 6 January 2014, as amended or replaced from time to time (the “**Danish Bankruptcy Act**”) (in Danish: “*konkursloven*”), a debtor is insolvent if it cannot meet its obligations as and when they fall due, unless the inability to meet such obligations may be considered to be temporary. However, according to Section 234(2) of the Danish Financial Business Act, notwithstanding Section 17(2) of the Danish Bankruptcy Act, if the Issuer cannot meet its obligations regarding capital raised as hybrid core capital or subordinated loan capital, the Issuer will not be considered insolvent. Accordingly, a Holder of Subordinated Notes or Additional Tier 1 Capital Notes may not itself file for the liquidation or bankruptcy of the Issuer.

If proceedings with respect to the liquidation or bankruptcy of the Issuer should occur, the Holders of the relevant Series of Subordinated Notes or Additional Tier 1 Capital Notes would be required to pursue their claims on such Notes in proceedings with respect to the Issuer in Denmark. In addition, to the extent that the Holders are entitled to any recovery with respect to such Notes in any such Danish bankruptcy proceedings, such Holders would be entitled to a recovery in Danish Kroner or, as the case may be, other currencies, which would be based on the relevant conversion rate in effect on the date the Issuer entered into such liquidation or bankruptcy proceedings.

Uncertainties remain regarding the manner in which CRD IV will be interpreted

The defined terms in the Terms and Conditions of the Notes will depend in some cases on the final interpretation of CRD IV. CRD IV is a recently-adopted set of rules and regulations that imposes a series of new requirements, many of which will be phased in over a number of years. Certain portions of the CRD IV Directive required transposition into Danish law and, although the CRR is directly applicable in each Member State, it

leaves a number of important interpretational issues to be resolved through binding technical standards that have been, and will be in the future, adopted and leaves certain other matters to the discretion of the Relevant Regulator. The manner in which the framework and requirements under CRD IV will be applied to the Issuer and the Group therefore remains uncertain.

The determination of the Maximum Distributable Amount is particularly complex. The Maximum Distributable Amount imposes a cap on the Issuer's ability to pay interest on the Additional Tier 1 Capital Notes, and on the Issuer's ability to reinstate the Original Principal Amounts of the Additional Tier 1 Capital Notes following a reduction upon the occurrence of a Trigger Event.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

A Series of Notes may include certain optional redemption features. For example: (i) if the Call Option is specified in the relevant Final Terms or Pricing Supplement as being applicable, the Issuer may, at its option, redeem all or, if so specified in the relevant Final Terms or Pricing Supplement, some only, of a Series of Notes on any Optional Redemption Date (Call), at the relevant Optional Redemption Amount (Call) together with accrued interest (if any and, in the case of Additional Tier 1 Capital Notes, insofar as it has not been cancelled) thereon (subject as provided herein, in particular, in the case of Subordinated Notes and Additional Tier 1 Capital Notes, to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)); and (ii) in the case of Subordinated Notes and Additional Tier 1 Capital Notes, subject as provided herein, including Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*), the Issuer may, at its option, redeem all (but not some only) of a Series of Subordinated Notes or Additional Tier 1 Capital Notes at their Outstanding Principal Amounts, together with accrued interest thereon, upon the occurrence of a Tax Event or a Capital Event.

Any such optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Additional Tier 1 Capital Notes have no fixed date for redemption

The Additional Tier 1 Capital Notes are perpetual securities and have no fixed date for redemption. The Issuer is under no obligation to redeem the Additional Tier 1 Capital Notes at any time (except as provided in Condition 12 (*Redemption and Purchase*) and, in any such case, subject always to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)). There will be no redemption at the option of the Holders of Additional Tier 1 Capital Notes in any circumstances. Therefore, prospective investors in Additional Tier 1 Capital Notes should be aware that they will be required to bear the financial risks associated with an investment in long term securities.

No right of set-off or counterclaim

Subject as provided in the Terms and Conditions of the Notes, in respect of Subordinated Notes and Additional Tier 1 Capital Notes, no Holder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the relevant Notes held by such Holder.

The Issuer has issued covered bonds. If any relevant claims in respect of these covered bonds are not met out of the pool of assets or the proceeds arising from it, any remaining claims will subsequently rank pari passu with the Issuer's obligations under Unsubordinated Notes and ahead of the Issuer's obligations under Subordinated Notes and Additional Tier 1 Capital Notes

The Issuer has issued covered bonds in accordance with the Danish Financial Business Act.

In accordance with the UCITS Directive and the Capital Requirement Directive, the covered bonds have the benefit of priority over a matched pool of assets upon bankruptcy of the Issuer. To the extent that claims in relation to the covered bonds and related derivative contracts, any refinancing bonds issued by the administrator, any short-term loans taken out by the administrator and any senior debt (if any) issued with the benefit of the assets in the cover pool are not met out of the pool of assets or the proceeds arising from it, the residual claims will rank *pari passu* with the unsecured and unsubordinated obligations of the Issuer, including obligations under Unsubordinated Notes and ahead of the subordinated obligations of the Issuer, including obligations under Subordinated Notes and Additional Tier 1 Capital Notes.

In respect of any Notes issued with a specific use of proceeds, such as a 'Green Bond', there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The relevant Final Terms or Pricing Supplement relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply the proceeds from an offer of those Notes specifically for projects and activities that promote climate-friendly and other environmental purposes ("**Green Projects**" and Notes issued thereunder to be "**Green Bonds**"). Prospective investors should have regard to the information in the relevant Final Terms or Pricing Supplement regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Green Bonds together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for any Green Projects will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Green Projects). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Green Projects will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Green Projects. As at the date of this Base Prospectus, the Issuer has not published a framework relating to an investment in Green Projects although the Issuer intends to publish such framework prior to the issuance of any Green Bonds.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Green Bonds and in particular with any Green Projects to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Green Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Green Bonds. Currently, the providers of such opinions and certifications are not subject to any specific oversight or regulatory or other regime.

In the event that any such Green Bonds are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Projects. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Green Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Green Bonds.

While it is the intention of the Issuer to apply the proceeds of any Green Bonds in, or substantially in, the manner described in the relevant Final Terms or Pricing Supplement, there can be no assurance that the relevant project(s) or use(s) which are the subject of, or related to, any Green Projects will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for the specified Green Projects. Nor can there be any assurance that such Green Projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer.

Any such event or failure to apply the proceeds of any issue of Green Bonds for any Green Projects, as aforesaid will not constitute an event of default or, as the case may be, enforcement event under the relevant Green Bonds. The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any such Green Bonds no longer being listed or admitted to trading on any stock exchange or securities market, as aforesaid, may have a material adverse effect on the value of such Green Bonds, and also potentially the value of any other Green Bonds which are intended to finance Green Projects, and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks related to Notes generally

The Notes may not be a suitable investment for all investors

Each potential investor of Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor’s financial activities are principally denominated;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Because the Global Notes are held by or on behalf of Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer

Bearer Notes and Registered Notes issued under the Programme may be represented by one or more Global Notes. In relation to Bearer Notes, Global Notes will be deposited with a common depositary or common safe-keeper, as the case may be, for Euroclear and Clearstream, Luxembourg. In relation to Registered Notes, Regulation S Global Notes will be deposited with a common depositary or common safe-keeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg, and Rule 144A Global Notes will be deposited with the Custodian for, and registered in the name of Cede & Co. as nominee for, DTC. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear, Clearstream, Luxembourg and DTC will maintain records of the beneficial interests in the Global Notes. While the Notes are in global form, investors will be able to trade their beneficial interests only through Euroclear, Clearstream, Luxembourg or DTC, as the case may be.

While the Notes are in global form, the Issuer will discharge its payment obligations under the Notes by making payments (i) to a common depositary (for Bearer Notes which are Classic Global Notes and Regulation S Notes which are not held under the New Safe-keeping Structure ("NSS")) or (ii) to a common safe-keeper (for Bearer Notes which are New Global Notes or Regulation S Notes which are held under the NSS) or (iii) to the Custodian for, and registered in the name of Cede & Co. as nominee for, DTC (for Rule 144A Notes). A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in such a Global Note.

Because the VP Systems Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer

VP Systems Notes issued under the Programme will not be evidenced by any physical note or document of title other than statements of account made by VP, VP Lux, VPS or Euroclear Sweden, as the case may be. Ownership of VP Systems Notes will be recorded and transfer effected only through the book entry system and register maintained by VP, VP Lux, VPS or Euroclear Sweden, as the case may be.

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors

The Terms and Conditions of the Notes contain provisions for calling meetings of Holders to consider matters affecting their interests generally. These provisions permit a defined proportion of Holders, as the case may be, to bind all Holders including Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority. In the case of Subordinated Notes and Additional Tier 1 Capital Notes, any modification to the Terms and Conditions of the Notes pursuant to the operation of such provisions is subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*).

In addition, the Issuer may, subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) in the case of Subordinated Notes and Additional Tier 1 Capital Notes, make any modification to

the Notes of any Series, the Terms and Conditions of the Notes of any Series, the Agency Agreement, the VP Systems Agency Agreement and/or the Deed of Covenant which is not prejudicial to the interests of the Holders of such Series without the consent of the Holders of such Series. Any such modification shall be binding on the Holders of such Series.

Changes to any relevant laws or administrative practices could materially adversely impact the value of the Notes

The Terms and Conditions of the Notes will be governed by the laws of England, except for (i) Condition 5.2 (*Status – Subordinated Notes*), Condition 5.3 (*Status – Additional Tier 1 Capital Notes*), Condition 8 (*Interest Cancellation*), Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*), Condition 12.2(B) (*Early redemption for tax reasons: Subordinated Notes and Additional Tier 1 Capital Notes*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*) and Condition 18 (*Enforcement Events*) and the registration of Notes in VP, which shall be governed by, and construed in accordance with, Danish law and (ii) the registration of Notes in the VP Lux, VPS or Euroclear Sweden, which shall be governed by, and construed in accordance with, Luxembourg law, Norwegian law and Swedish law, respectively. No assurance can be given as to the impact of any possible judicial decision or change to the laws of England, Denmark, Luxembourg, Norway or Sweden or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who purchase Bearer Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if Definitive Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus an integral multiple of another smaller amount in excess thereof, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, Holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Certain Dealers may transact with or perform services for the Issuer in the ordinary course of business

Certain of the Dealers and their affiliates have engaged, and may in the future, engage in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business.

The recognition as eligible collateral for the Eurosystem and intra-day credit operations by the Eurosystem of New Global Notes and Registered Notes held under the NSS is dependent upon satisfaction of the Eurosystem eligibility criteria at the relevant time

Although, in the case of Bearer Notes which are Unsubordinated Notes, the New Global Note form and, in the case of Registered Notes, the NSS have been introduced to allow for the possibility of Bearer Notes and Registered Notes, respectively, being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life, in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

Notes denominated in Renminbi and in other emerging market currencies are subject to additional risks

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi and other emerging markets currencies:

The Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

The Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between the Renminbi and foreign currencies, despite the significant reduction over the years by the PRC government of control over routine foreign exchange transactions under current accounts. Currently, participating banks in Singapore, Hong Kong, Taiwan, London, Frankfurt, Seoul, Toronto, Sydney, Doha, Paris, Luxembourg, Kuala Lumpur and Bangkok have been permitted to engage in the settlement of Renminbi trade transactions. This represents a current account activity. However, remittance of Renminbi by foreign investors into the PRC for purposes such as capital contributions, known as capital account items, is generally only permitted upon obtaining specific approvals from the relevant authorities on a case-by-case basis and subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

Since 1 October 2016, the Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund. However, there is no assurance that the PRC government will continue to liberalise gradually the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the CNY Notes and the Issuer's ability to source Renminbi outside the PRC to service such CNY Notes

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that access to Renminbi for the purposes of making payments under the Notes by the Issuer (or generally) will remain, that no new PRC regulations will be promulgated or that the settlement agreements will not be terminated or amended in the future (which will have the effect of restricting availability of Renminbi offshore). The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service the CNY Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all. If Currency Events are specified as applying in the relevant Final Terms or Pricing Supplement, the occurrence of a Currency Event may, at the option of the Issuer, lead to postponement of payments under the Notes or payment in an alternative currency.

Payments for CNY Notes will only be made to investors in the manner specified for such Notes in the conditions of the Notes

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong. Except in the limited circumstances stipulated in Condition 13.11 (*Payments – Bearer Notes – Currency Events*), all payments to investors in respect of CNY Notes will be made solely (i) for so long as such Notes are represented by a Temporary Global Note or a Permanent Global Note, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing Euroclear and Clearstream, Luxembourg rules and procedures, or (ii) in the case of Definitive Notes, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. Other than as described in the Terms and Conditions of the Notes, the Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Emerging Market Currencies may not be freely convertible and the availability of such currency outside the relevant country may be limited

Where the Notes are denominated in certain other emerging market currencies (each an “**Emerging Market Currency**”) including, without limitation, the Russian Ruble, Mexican Peso or Turkish Lira, prospective investors in the Notes should be aware that Emerging Market Currencies may not be freely convertible and, in each case, the availability of the relevant Emerging Market Currency outside the relevant country may be limited.

In the case of Notes denominated in an Emerging Market Currency, there can be no assurance that access to funds in the relevant Emerging Market Currency for the purposes of making payments under the Notes or generally will remain available or will not become restricted. The value of an Emerging Market Currency against foreign currencies fluctuates and may be affected by changes in the relevant country’s and international political and economic conditions and by many other factors. As a result, foreign exchange fluctuations between the Investor’s Currency and an Emerging Market Currency may affect an investor who intends to convert gains or losses from the sale or redemption of the Notes into the Investor’s Currency.

If Currency Events are specified as applying in the relevant Final Terms or Pricing Supplement, the occurrence of a Currency Event may, at the option of the Issuer, lead to postponement of payments under the Notes or payment in an alternative currency.

of the Additional Tier 1 Capital Notes, if certain conditions are met.

Interest:

Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate or a floating rate and the method of calculating interest may vary between the issue date and the maturity date (if any) of the relevant Series.

Subordinated Notes and Additional Tier 1 Capital Notes may also have reset provisions pursuant to which the relevant Notes will, in respect of an initial period, bear interest at an initial fixed rate of interest specified in the relevant Final Terms or Pricing Supplement. Thereafter, the fixed rate of interest will be reset on one or more date(s) by reference to a mid-market swap rate for the relevant Specified Currency, and for a period equal to the Reset Period, as adjusted for any applicable margin, in each case as may be specified in the relevant Final Terms or Pricing Supplement.

Interest cancellation in the case of Additional Tier 1 Capital Notes:

Any payment of interest (including, for the avoidance of doubt, any additional interest amounts payable pursuant to Condition 16 (*Taxation*)) in respect of the Additional Tier 1 Capital Notes shall be payable only out of the Issuer's Distributable Items and (i) may be cancelled, at any time, in whole or in part, at the option of the Issuer in its sole discretion; or (ii) will be mandatorily cancelled, in whole or in part, to the extent: (A) that, if the relevant payment were so made, the amount of such payment, when aggregated together with other distributions of the kind referred to in Article 141 (2) of the CRD IV Directive (or, as the case may be, any provision of Danish law transposing or implementing Article 141 (2) of the CRD IV Directive), or any successor thereto, would cause any Maximum Distributable Amount to be exceeded; or (B) otherwise so required by CRD IV, including the applicable criteria for Additional Tier 1 Capital instruments. See Condition 8 (*Interest Cancellation*).

Denominations:

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency and save that the minimum denomination of each Note admitted to trading on a regulated market for the purposes of MiFID or offered to the public in a Member State in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive will be EUR 100,000 (or, if the relevant Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Negative Pledge:

None.

Cross Default:

None.

Enforcement Events in relation to Subordinated Notes and Additional Tier 1 Capital Notes:

In relation to Subordinated Notes and Additional Tier 1 Capital Notes, there will be enforcement events relating only to the liquidation or bankruptcy of the Issuer, provided that a Holder may not itself file for the liquidation or bankruptcy of the Issuer.

Meetings of Holders and Modifications:

Notes contain provisions for calling meetings of Holders of a Series to consider matters affecting their interests generally. These provisions permit a defined proportion of Holders, as the case may be, to bind all

Holders of such Series including Holders of such Series who did not attend and vote at the relevant meeting and Holders of such Series who voted in a manner contrary to the majority.

The Issuer may also, subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) in the case of Subordinated Notes and Additional Tier 1 Capital Notes, as the case may be, make any modification to the relevant Series of Notes which is not prejudicial to the interests of the Holders of such Series without the consent of the Holders of such Series. Any such modification shall be binding on the Holders of such Series.

Taxation:

All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, (in relation to Additional Tier 1 Capital Notes, in the case of a payment of interest only), the Issuer shall, save in limited circumstances provided in Condition 16 (*Taxation*), be required to pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required.

Governing Law:

The Notes shall be governed by, and shall be construed in accordance with, English law except for Condition 5.2 (*Status – Subordinated Notes*), Condition 5.3 (*Status – Additional Tier 1 Capital Notes*), Condition 8 (*Interest Cancellation*) Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*), Condition 12.2(B) (*Early redemption for tax reasons: Subordinated Notes and Additional Tier 1 Capital Notes*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*) and Condition 18 (*Enforcement Events*) and the registration of Notes in VP, which shall be governed by, and shall be construed in accordance with, Danish law. In the case of the registration of Notes in VP Lux, VPS or Euroclear Sweden, such registration shall be governed by, and shall be construed in accordance with, Luxembourg law, Norwegian law and Swedish law, respectively.

VP Systems Notes must comply with the relevant regulations of VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and the holders of VP Systems Notes will be entitled to the rights and are subject to the obligations and liabilities which arise under the relevant Danish, Luxembourg, Norwegian or Swedish regulations and legislation.

Enforcement of Notes in Global Form:

In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 6 December 2017, a copy of which will be available for inspection at the specified office of the Fiscal Agent.

Ratings:

The Programme and the Issuer have been rated by the following rating agencies: Standard & Poor's Credit Market Services Europe Limited ("**S&P**"), Fitch Ratings Ltd ("**Fitch**") and Moody's Investors Service Limited ("**Moody's**").

The Programme and Issuer ratings are as follows:

	S&P	Fitch	Moody's
senior unsubordinated long-term debt/long-term Issuer default rating	A	A	A1
senior unsubordinated short-term debt/short-term Issuer default rating	A-1	F1	P-1

Each of S&P, Fitch and Moody's is established in the European Union and is registered under the CRA Regulation and is included in the list of credit rating agencies registered in accordance with the CRA Regulation as of the date of this Base Prospectus. This list is available on the ESMA website at www.esma.europa.eu/page/List-registered-and-certified-CRAs (list last updated on 13 November 2017). Whether or not each credit rating applied for in relation to a Series of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms or Pricing Supplement.

However, there is no guarantee that any rating of the Programme and/or the Issuer assigned by any such rating agency will be maintained following the date of this Base Prospectus, and the Issuer may seek to obtain ratings of the Programme and/or the Issuer from other rating agencies.

Series of Notes issued under the Programme may be rated or unrated and, if rated, rated by fewer than the three mentioned (or other) rating agencies. Where a Series of Notes is rated, such rating (which may be an expected rating) will not necessarily be the same as the rating(s) assigned to the Programme and/or the same as the rating(s) assigned to previous Series of Notes already issued, and will be specified in the relevant Final Terms or Pricing Supplement. There is no guarantee that any of the rating(s) of any Series of Notes will be maintained following the date of the relevant Final Terms or Pricing Supplement.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Up-to-date information should always be sought by direct reference to the relevant rating agency.

Selling Restrictions:

There are restrictions on the transfer of Regulation S Notes prior to the expiration of the relevant distribution compliance period, see "Subscription and Sale" below. For a description of additional restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, Japan, Denmark and the PRC, see "Subscription and Sale" below.

Exempt Notes:

The Issuer may agree with any Dealer that Exempt Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes and this General Description of the Programme, in which event the relevant provisions will be included in the relevant Pricing Supplement.

OVERVIEW OF FORM OF THE NOTES

Words and expressions defined in “Terms and Conditions of the Notes” herein shall have the same meanings in this “Overview of Form of the Notes”.

The Notes of each Series will be in bearer form, registered form or, in the case of VP Systems Notes, uncertificated and dematerialised book entry form.

Form of Bearer Notes

Each Tranche of Bearer Notes will initially be in the form of either a temporary global note (the “**Temporary Global Note**”), without interest Coupons, or a permanent global note (the “**Permanent Global Note**” and together with the Permanent Global Note and the Global Registered Notes (as defined above), the “**Global Notes**” and each a “**Global Note**”), without interest Coupons, in each case as specified in the relevant Final Terms or Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note which is not intended to be issued in NGN form, as specified in the relevant Final Terms or Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and Clearstream, Luxembourg and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms or Pricing Supplement, will be deposited on or around the relevant issue date with a common safe-keeper for Euroclear and/or Clearstream, Luxembourg.

If the Notes have a maturity of more than 1 year, unless the relevant Final Terms or Pricing Supplement specifies that United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA C Rules**”) are applicable in relation to the Notes, United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA D Rules**”) will apply in relation to the Notes. If the Notes do not have a maturity of more than 1 year, neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange of a part of the Temporary Global Note) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) in either case, receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

In the case of Unsubordinated Notes the principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

In case of Subordinated Notes and Additional Tier 1 Capital Notes, the Outstanding Principal Amounts of the Subordinated Notes or the Additional Tier 1 Capital Notes, as the case may be, represented by the Permanent Global Note shall be equal to the aggregate of the original principal amounts specified in the certificates of non-U.S. beneficial ownership as adjusted to reflect any reduction of Subordinated Notes pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), or any reduction and/or reinstatement of Additional Tier 1 Capital Notes pursuant to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) and/or, in either case, any reduction as otherwise required by then current legislation and/or regulations applicable to the Issuer; provided, however, that in no circumstances shall the Outstanding Principal Amounts of the Subordinated Notes or the Additional Tier 1 Capital Notes represented by the Permanent Global Note exceed the initial principal amount of such Notes represented by the Temporary Global Note.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Bearer Notes in definitive form (“**Definitive Notes**”) not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms or Pricing Supplement), in:

- (i) in the case of Unsubordinated Notes, an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; or
- (ii) in the case of Subordinated Notes, in Outstanding Principal Amounts equal to the aggregate of the original principal amounts specified in the certificates of non-U.S. beneficial interest as adjusted to reflect any reduction pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) and/or any reduction as otherwise required by then current legislation and/or regulations applicable to the Issuer, or
- (iii) in the case of Additional Tier 1 Capital Notes, in Outstanding Principal Amounts equal to the aggregate of the original principal amounts specified in the certificates of non-U.S. beneficial interest as adjusted to reflect any reduction and/or reinstatement pursuant to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) and/or any reduction as otherwise required by then current legislation and/or regulations applicable to the Issuer,

in each case, to the bearer of the Temporary Global Note against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within thirty days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “Permanent Global Note exchangeable for Definitive Notes”, then the Notes will initially be in the form of a Permanent Global Note. If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes”, then the Notes will be initially in the form of a Temporary Global Note which will be exchangeable for a Permanent Global Note as set

out above. In each case, the Permanent Global Note will be exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms or Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Final Terms or Pricing Supplement, save that this paragraph (ii) shall not apply if the relevant Final Terms or Pricing Supplement specifies denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount; or
- (iii) if the relevant Final Terms or Pricing Supplement specifies “in the limited circumstances described in the Permanent Global Note”, then if:
 - Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of legal holidays) or announces an intention permanently to cease business or in fact does so; or
 - in the case of Unsubordinated Notes, any of the circumstances described in Condition 17 (*Events of Default*) occurs or, in the case of Subordinated Notes or Additional Tier 1 Capital Notes, any of the circumstances described in Condition 18 (*Enforcement Events*) occurs.

The Permanent Global Note will also become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are in definitive form.

Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons. Interest-bearing Definitive Notes, if so specified in the relevant Final Terms or Pricing Supplement, will have attached thereto at the time of their initial delivery, Talons for further coupons and the expression Coupons shall, where the context so requires, include Talons.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms or Pricing Supplement), in an aggregate principal amount equal to, in the case of Unsubordinated Notes, the principal amount of the Permanent Global Note or, in the case of Subordinated Notes or Additional Tier 1 Capital Notes, the Outstanding Principal Amounts of such Notes represented by the Permanent Global Note, in each case, to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within thirty days of (i) the bearer or, as the case may be, the Issuer requesting such exchange or (ii) the expiry of the relevant period of notice.

In the case of Subordinated Notes, each Definitive Note shall state that accrued but unpaid interest and/or its Outstanding Principal Amount may be reduced and cancelled from time to time pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) and/or reduced as otherwise required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

In the case of Additional Tier 1 Capital Notes, each Definitive Note shall state that interest may be cancelled from time to time pursuant to Condition 8 (*Interest Cancellation*) and/or its Outstanding Principal Amount may be reduced and/or reinstated from time to time pursuant to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) and/or reduced as otherwise required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

The Permanent Global Note also provides, *inter alia*, that:

- (i) if Definitive Notes have not been delivered in accordance with the terms of the Permanent Global Note by 6.00 p.m. (London time) on the thirtieth day after the day on which such Permanent Global Note becomes due to be exchanged; or
- (ii) if the Permanent Global Note (or any part thereof) becomes due and payable in accordance with the Terms and Conditions or the date for final redemption of the Permanent Global Note has occurred, and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made on the due date for payment by 6.00 p.m. (London time) on such due date,

then such Permanent Global Note will become void in accordance with its terms but without prejudice to the rights conferred by the Deed of Covenant.

Form of Registered Notes

Each Tranche of Registered Notes will initially be represented by a Global Registered Note which will either be a Regulation S Global Note (representing Regulation S Notes) or a Rule 144A Global Note (representing Rule 144A Notes). Registered Notes will be in substantially the forms (subject to amendment and completion) scheduled to the Agency Agreement. Notes issued in registered form will not be represented upon issue by a Temporary Global Note and Registered Notes will not be exchangeable for Bearer Notes.

Upon the initial deposit of a Regulation S Global Note in respect of Registered Notes, registration of such Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg or, in the case of Registered Notes held under NSS, in the name of a nominee of the common safe-keeper, and delivery of the relevant Global Note to the common depositary or common safe-keeper, as the case may be, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Upon the initial deposit of a Rule 144A Global Note in respect of Registered Notes, registration of such Registered Notes in the name of Cede & Co. as nominee for DTC and delivery of the relevant Global Note to the Custodian for DTC, DTC will credit each participant with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

A Regulation S Global Note will be deposited on the relevant issue date either (a) in the case of a Series intended to be cleared through Euroclear and/or Clearstream, Luxembourg, with a common depositary or common safe-keeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg or (b) in the case of a Series intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer(s).

A Rule 144A Global Note will be deposited on the relevant issue date with the Custodian for, and registered in the name of Cede & Co. as nominee for, DTC. Definitive Notes issued in exchange for a beneficial interest in a Rule 144A Global Note shall bear the legend applicable to such Notes as set out in “Transfer Restrictions” herein.

A Global Registered Note will become exchangeable, in whole but not in part only and at the request of the registered Holder of the Global Registered Note, for Registered Notes in definitive form (“**Definitive Registered Notes**”):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms or Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Final Terms or Pricing Supplement; or

- (iii) if the relevant Final Terms or Pricing Supplement specifies “in the limited circumstances described in the Global Registered Note”, then if:
- Euroclear, Clearstream, Luxembourg, DTC or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or
 - in the case of Unsubordinated Notes, any of the circumstances described in Condition 17 (*Events of Default*) occurs or, in the case of Subordinated Notes or Additional Tier 1 Capital Notes, any of the circumstances described in Condition 18 (*Enforcement Events*) occurs.

The Global Registered Note will also become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Registered Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are represented by Definitive Registered Notes.

Whenever the Global Registered Note is to be exchanged for Definitive Registered Notes, such Registered Notes will be issued in an aggregate principal amount equal to, in the case of Unsubordinated Notes, the principal amount of the Global Registered Note or, in the case of Subordinated Notes or Additional Tier 1 Capital Notes, the Outstanding Principal Amounts of the Notes represented by the Global Registered Note, in each case, within five business days of the delivery, by or on behalf of the registered Holder of the Global Registered Note, Euroclear and/or Clearstream, Luxembourg and/or DTC, to the Registrar of such information as is required to complete and deliver such Definitive Registered Notes (including, without limitation, the names and addresses of the persons in whose names the Definitive Registered Notes are to be registered and the principal amount of each such person's holding) against the surrender of the Global Registered Note at the Specified Office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any Holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

In the case of Subordinated Notes, each Definitive Registered Note shall state that accrued but unpaid interest and/or its Outstanding Principal Amount may be reduced and cancelled from time to time pursuant to Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) and/or reduced as otherwise required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

In the case of Additional Tier 1 Capital Notes, each Definitive Registered Note shall state that interest may be cancelled from time to time pursuant to Condition 8 (*Interest Cancellation*) and/or its Outstanding Principal Amounts may be reduced and/or reinstated from time to time pursuant to Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) and/or reduced as otherwise required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

The Global Registered Note also provides, *inter alia*, that:

- (i) if Definitive Registered Notes have not been issued and delivered by 6.00 p.m. (London time) on the thirtieth day after the date on which the same are due to be issued and delivered in accordance with the terms of the Global Registered Note; or
- (ii) any of the Notes evidenced by the Global Registered Note has become due and payable in accordance with the Terms and Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all

accrued interest thereon has not been made to the Holder of the Global Registered Note on the due date for payment in accordance with the terms of the Global Registered Note,

then the Global Registered Note (including the obligation to deliver Definitive Registered Notes) will become void at 6.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 6.00 p.m. (London time) on such date (in the case of (ii) above) and the Holder will have no further rights thereunder (but without prejudice to the rights which the Holder or others may have under the Deed of Covenant).

Terms and Conditions applicable to the Notes (other than VP Systems Notes)

The Terms and Conditions applicable to any Definitive Note or Definitive Registered Note will be endorsed on that Note and will consist of the Terms and Conditions set out under “Terms and Conditions of the Notes” below and the provisions of the relevant Final Terms or Pricing Supplement which complete and/or (in the case of Exempt Notes only) amend and/or replace those Terms and Conditions.

The Terms and Conditions applicable to any Notes represented by one or more Global Notes will differ from those Terms and Conditions which would apply to the Notes were they in definitive form to the extent described in this “Overview of Form of the Notes”.

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the relevant Global Note. The following is a summary of certain of those provisions:

Title to Notes: For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Fiscal Agent, the Registrar and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Note in global form or the registered holder of the relevant Global Registered Note shall be treated by the Issuer, the Fiscal Agent, the Registrar and any other Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expression “Holder” and related expressions shall be construed accordingly.

Payments: The Holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the Holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his/her share of each payment so made by the Issuer to, or to the order of, the Holder of such Global Note. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “**Payment Business Day**” set out in Condition 2.1 (*Definitions*) and in the definition of “**business day**” set out in Condition 14 (*Payments – Registered Notes*).

Record Date for Global Registered Notes: In the case of a Global Registered Note, with respect to the definition of “Record Date” in Condition 14.1 (*Method of payment*), the words “on the fifteenth day (whether or not such fifteenth day is a Relevant Banking Day)” shall be deemed to be deleted and replaced by “at the close of business on the Clearing System Business Day immediately prior to the date for payment”. “**Clearing System Business Day**” means any day other than (i) Saturdays and Sundays and (ii) 1 January and 25 December.

Exercise of put option: In order to exercise the option contained in Condition 12.6 (*Redemption at the option of Holder*) the Holder of the relevant Global Note must, within the period specified in the Terms and Conditions give written notice of such exercise to the Fiscal Agent or the Registrar, as the case may be, specifying

the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 12.4 (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the relevant Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Terms and Conditions and the Notes to be redeemed will not be selected as provided in the Terms and Conditions, but in accordance with the rules and procedures of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion) and/or DTC.

Notices: Notwithstanding Condition 24 (*Notices*), while all the Notes are represented by one or more Global Notes and such Global Note(s) are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, notices to Holders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or any other relevant clearing system for communication by them to the persons shown in their respective records as having interests therein and, in any case, such notices shall be deemed to have been given to the Holders in accordance with Condition 24 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 1 year, Global Notes, Definitive Notes and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a United States person who holds a Bearer Note, Coupon or Talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Form of VP Systems Notes

Each Tranche of VP Systems Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VP Systems Notes will be evidenced by book entries in the records of VP, VP Lux, VPS or Euroclear Sweden, as the case may be. Issues of VP Systems Notes are the subject of the VP Systems Agency Agreement. On the issue of such VP Systems Notes, the Issuer will send a copy of the relevant Final Terms or Pricing Supplement to the Fiscal Agent, with a copy sent to the VP Systems Agent. On delivery of the relevant Final Terms by the VP Systems Agent to VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and notification to VP, VP Lux, VPS or Euroclear Sweden, as the case may be, of the subscribers and their VP, VP Lux, VPS or Euroclear Sweden, as the case may be, account details by the relevant Dealer(s), the VP Systems Agent, acting on behalf of the Issuer, will give instructions to VP, VP Lux, VPS or Euroclear Sweden, as the case may be, to credit each subscribing account holder with VP, VP Lux, VPS or Euroclear Sweden, as the case may be, with a nominal amount of VP Systems Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VP Systems Notes in VP, VP Lux, VPS or Euroclear Sweden, as the case may be, will take place in accordance with market practice at the time of the transaction. Transfers of interests in the relevant VP Systems Notes will take place in accordance with the rules and procedures for the time being of VP, VP Lux, VPS or Euroclear Sweden, as the case may be.

The Terms and Conditions applicable to any VP Systems Notes will consist of the Terms and Conditions set out under “Terms and Conditions of the Notes” below and the provisions of the relevant Final Terms which

completes those Terms and Condition or (in the case of Exempt Notes only) the relevant Pricing Supplement which complete and/or amends and/or replaces those Terms and Conditions.

Clearing Systems

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or VP, VP Lux, VPS or Euroclear Sweden, as the case may be, shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Fiscal Agent, the Registrar (in the case of Registered Notes), the other Paying Agents and the relevant Holders.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the Terms and Conditions of the Notes which, as completed by the relevant Final Terms or (in the case of Exempt Notes only) as completed and/or amended and/or replaced by the relevant Pricing Supplement, will be endorsed on each Definitive Note issued under the Programme. The Terms and Conditions applicable to any Global Note will differ from those Terms and Conditions which would apply to a Definitive Note to the extent described under “Overview of Form of the Notes” above. The following is also the text of the Terms and Conditions of the Notes which, as completed by the relevant Final Terms or (in the case of Exempt Notes only) as completed and/or amended and/or replaced by the relevant Pricing Supplement, will be applicable to each VP Systems Note. VP Systems Notes will not be evidenced by any physical note or document of title other than statements of account made by VP, VP Lux, VPS or Euroclear Sweden, as the case may be. Ownership of VP Systems Notes will be recorded and transfer effected only through the book entry system and register maintained by VP, VP Lux, VPS or Euroclear Sweden, as the case may be.

- (iii) senior to holders of the Issuer’s ordinary shares and any other obligations or capital instruments that rank or are expressed to rank junior to the Additional Tier 1 Capital Notes, in each case as regards the right to receive periodic payments (to the extent any such periodic payment has not been cancelled) on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer; and
- (iv) junior to present or future claims of (a) depositors of the Issuer and other unsubordinated creditors of the Issuer and (b) other subordinated creditors of the Issuer (other than present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Additional Tier 1 Capital Notes).

In respect of this Condition 5, reference is also made to statutory loss absorption as more fully described in the risk factor in this Base Prospectus entitled “The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. In certain limited circumstances, it is possible that the implementation of the directive or the taking of any action under it could affect the value of any Notes”.

5.4 *Waiver of Set-off*

This Condition 5.4 is only applicable in relation to Subordinated Notes and Additional Tier 1 Capital Notes.

Subject to applicable law, no Holder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Holder.

6. Fixed Rate Note and Reset Note Provisions

Fixed Rate Note Provisions

- 6.1 *Application:* Conditions 6.1-6.4 (inclusive) are only applicable to the Notes if the Fixed Rate Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).
- 6.2 *Accrual of interest:* The Notes bear interest on their Outstanding Principal Amounts from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each relevant Interest Payment Date, subject as provided in Condition 13 (*Payments – Bearer Notes*), Condition 14 (*Payments – Registered Notes*) or Condition 15 (*Payments – VP Systems Notes*), as applicable.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6.2 (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (ii) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders in accordance with Condition 24 (*Notices*) that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).
- 6.3 *Fixed Coupon Amount and Broken Amount:* Except as provided in the relevant Final Terms or Pricing Supplement, the amount of interest payable in respect of the Calculation Amount for any Interest Period shall be the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be.

Where the Specified Denomination of a Note is the Calculation Amount and, if the Notes are Subordinated Notes or Additional Tier 1 Capital Notes, as the case may be, except where the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of such Note shall be the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be. Where the Specified Denomination of a Note is a multiple of the Calculation Amount and, if the Notes are Subordinated Notes or Additional Tier 1 Capital Notes, as the case may be, except where the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of such Note shall be the product of the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be, for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination.

If the Notes are Subordinated Notes or Additional Tier 1 Capital Notes and the Calculation Amount has been adjusted as described in the definition thereof, Condition 6.4 (*Calculation of interest amount*) will apply.

- 6.4 *Calculation of interest amount:* Except where a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms or Pricing Supplement and/or, if the Notes are Subordinated Notes or Additional Tier 1 Capital Notes, the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of the Notes for any period shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

In the case of Unsubordinated Notes, Subordinated Notes and Additional Tier 1 Capital Notes where the Calculation Amount has not been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the amount (determined in the manner provided above) for the Calculation Amount. In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination, without any further rounding.

In the case of Subordinated Notes or Additional Tier 1 Capital Notes where the Calculation Amount has been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the amount (determined in the manner provided above) for the Calculation Amount. In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the product of:

- (i) the amount of interest per Calculation Amount; and
- (ii) the number by which the Original Calculation Amount is required to be multiplied to equal the Specified Denomination of such Subordinated Note or such Additional Tier 1 Capital Note,

without any further rounding.

In the case of Subordinated Notes and Additional Tier 1 Capital Notes, if pursuant to (in the case of Subordinated Notes) Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) or (in the case of Additional Tier 1 Capital Notes) Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) or, in either case, as otherwise required by then current legislation and/or regulations applicable to the Issuer, the Outstanding Principal Amounts are reduced and/or reinstated, as applicable, during an Interest Period, the Calculation Amount will be adjusted by the Calculation Agent to reflect such Outstanding Principal Amounts from time to time so that the relevant amount of interest is determined by reference to such Calculation Amount as adjusted from time to time, all as determined by the Calculation Agent.

Reset Note Provisions

6.5 *Application:* Conditions 6.5-6.10 (inclusive) are only applicable to Subordinated Notes and Additional Tier 1 Capital Notes and shall only apply if the Reset Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).

6.6 *Accrual of Interest:* The Notes bear interest on their Outstanding Principal Amounts:

- (i) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date at the Initial Rate of Interest;
- (ii) for the First Reset Period at the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any) to (but excluding) the Maturity Date at the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on each relevant Interest Payment Date (subject as provided in Condition 13 (*Payments – Bearer Notes*), Condition 14 (*Payments – Registered Notes*) or Condition 15 (*Payments – VP Systems Notes*), as applicable.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will

continue to bear interest in accordance with this Condition 6.6 (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
- (ii) the day on which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (A) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (B) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Conditions 6.3 and 6.4.

6.7 *Fallbacks*

If on any Reset Determination Date, the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page as of the Relevant Time on such Reset Determination Date, the Rate of Interest applicable to the Notes in respect of each Interest Period falling in the relevant Reset Period will be determined by the Calculation Agent on the following basis:

- (i) the Calculation Agent shall request each of the Reset Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Time on the Reset Determination Date in question;
- (ii) if at least three of the Reset Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iii) if only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded as aforesaid) of the relevant quotations provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iv) if only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the relevant quotation provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent; and
- (v) if none of the Reset Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 6.7, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) will be equal to the sum of (A) the Mid-Swap Rate determined on the last preceding Reset Determination Date and (B) the Relevant Reset Margin or, in the case of the first Reset Determination Date, the First Reset Rate of Interest will be equal to the sum of (A) the Initial Mid-Swap Rate and (B) the Relevant Reset Margin, all as determined by the Calculation Agent.

6.8 *Mid-Swap Rate Conversion*: This Condition 6.8 is only applicable if Mid-Swap Rate Conversion is specified in the relevant Final Terms or Pricing Supplement as being applicable. If Mid-Swap Rate Conversion is so specified as being applicable, the First Reset Rate of Interest and, if applicable, each

Subsequent Reset Rate of Interest will be converted from the Original Mid-Swap Rate Basis specified in the relevant Final Terms or Pricing Supplement to a basis which matches the per annum frequency of Interest Payment Dates in respect of the relevant Notes (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it).

- 6.9 *Publication:* The Calculation Agent will cause the First Reset Rate of Interest, any Subsequent Reset Rate of Interest and, in respect of a Reset Period, the Interest Amount payable on each Interest Payment Date falling in such Reset Period to be notified to the Paying Agents (and if applicable, the Registrar), each listing authority, stock exchange and/or quotation system (if any) on which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and the VP Systems Agent as soon as practicable after such determination. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of any reduction of the Outstanding Principal Amount of a Note in accordance with Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) during an Interest Period.
- 6.10 *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of Conditions 6.5-6.10 (inclusive) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Registrar (if applicable), the VP Systems Agent (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. Floating Rate Note Provisions

- 7.1 *Application:* This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).
- 7.2 *Accrual of interest:* The Notes bear interest on their Outstanding Principal Amounts from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each relevant Interest Payment Date, subject as provided in Condition 13 (*Payments – Bearer Notes*), Condition 14 (*Payments – Registered Notes*) or Condition 15 (*Payments – VP Systems Notes*), as applicable. Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7 (as well after as before judgment) until whichever is the earlier of:
- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (ii) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).
- 7.3 *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of Condition 7.3(i) above, such rate does not appear on that page or, in the case of Condition 7.3(ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (a) request the principal Relevant Financial Centre office of each the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (b) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading banks in the Relevant Financial Centre interbank market for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or, as the case may be, the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or, as the case may be, the arithmetic mean last determined in relation to the Notes in respect of the last preceding Interest Period.

7.4 ISDA Determination: If ISDA Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms or Pricing Supplement;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms or Pricing Supplement; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is the day specified in the relevant Final Terms or Pricing Supplement.

7.5 Linear Interpolation: Where Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Final Terms or Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the relevant Final Terms or Pricing Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period

and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

- 7.6 *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms or Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- 7.7 *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of the Calculation Amount for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit (as defined in Condition 6.4 (*Calculation of interest amount*)) of the Specified Currency (half a sub-unit being rounded upwards).

In the case of Unsubordinated Notes, Subordinated Notes or Additional Tier 1 Capital Notes where the Calculation Amount has not been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount.

In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the Interest Amount (determined in the manner provide above) for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination, without any further rounding.

In the case of Subordinated Notes or Additional Tier 1 Capital Notes, where the Calculation Amount has been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount (determined in the manner provided above). In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the product of:

- (i) the Interest Amount; and
- (ii) the number by which the Original Calculation Amount is required to be multiplied to equal the Specified Denomination of such Note,

without any further rounding.

- 7.8 *Calculation of other amounts:* If the relevant Final Terms or Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms or Pricing Supplement.
- 7.9 *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents (and if applicable, the Registrar), each listing authority, stock exchange and/or quotation system (if any) on which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and the VP Systems Agent as soon as practicable

after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period or in the event of any reduction of the Outstanding Principal Amount of a Subordinated Note and an adjustment to the Calculation Amount in accordance with Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) during an Interest Period or in the event of any reduction or reinstatement of the Outstanding Principal Amount of an Additional Tier 1 Capital Note and an adjustment to the Calculation Amount of an Additional Tier 1 Capital Note in accordance with Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*).

- 7.10 *Notifications etc.*: All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Registrar (if applicable), the VP Systems Agent (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. Interest Cancellation

- 8.1 *Application*: This Condition 8 (*Interest Cancellation*) is only applicable to Additional Tier 1 Capital Notes.

- 8.2 *Interest Cancellation*: Any payment of interest (including, for the avoidance of doubt, any additional interest amounts payable pursuant to Condition 16 (*Taxation*)) in respect of the relevant Notes shall be payable only out of the Issuer's Distributable Items and:

- (i) may be cancelled, at any time, in whole or in part, at the option of the Issuer in its sole discretion; or
- (ii) will be mandatorily cancelled, in whole or in part, to the extent:
 - (A) that, if the relevant payment were so made, the amount of such payment, when aggregated together with other distributions of the kind referred to in Article 141 (2) of the CRD IV Directive (or, as the case may be, any provision of Danish law transposing or implementing Article 141 (2) of the CRD IV Directive), or any successor thereto, would cause any Maximum Distributable Amount to be exceeded; or
 - (B) otherwise so required by CRD IV, including the applicable criteria for Additional Tier 1 Capital instruments.

- 8.3 *Notice of Interest Cancellation*: The Issuer shall give notice to the Holders in accordance with Condition 24 (*Notices*) of any such cancellation of a payment of interest, which notice might be given after the date on which the relevant payment of interest is scheduled to be made. Notwithstanding the foregoing, failure to give such notice shall not prejudice the right of the Issuer not to pay interest as described above.

- 8.4 *Effect of Interest Cancellation*: Following any cancellation of interest as described above, the right of Holders to receive accrued interest in respect of any such Interest Period will terminate and the Issuer will have no further obligation to pay such interest or to pay interest thereon, whether or not payments of interest in respect of subsequent Interest Periods are made, and such unpaid interest will not be deemed to have "accrued" or been earned for any purpose nor will the non-payment of such interest constitute an Enforcement Event.

9. Zero Coupon Note Provisions

- 9.1 *Application:* This Condition 9 is only applicable to Unsubordinated Notes and shall only apply if the Zero Coupon Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable.
- 9.2 *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of:
 - (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (b) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

10. Reduction of Amounts of Principal and Unpaid Interest

This Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*) is only applicable to Subordinated Notes and shall only apply until the date on which none of the Existing Tier 2 Capital Notes is outstanding. Accordingly, on the date on which none of the Existing Tier 2 Capital Notes is outstanding, this Condition 10 shall automatically cease to apply and have no effect.

- 10.1 *Reduction and Cancellation:* The Issuer, by a resolution passed at a general meeting of its shareholders duly convened in accordance with Danish law, may resolve to reduce and cancel (*inter alia*):
- (i) on a *pro-rata* basis all or part of the Issuer's arrears of interest (howsoever defined) (together with any additional interest amounts (howsoever defined)) under its other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith and all or part of any accrued but unpaid interest under the Notes and its other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith and, in each case, issued on or after 4 October 2013; and
 - (ii) all or part of the Outstanding Principal Amounts on a *pro-rata* basis with the outstanding nominal amount of all of the Issuer's other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith,

in either case, upon the occurrence of a Reduction Event.

- 10.2 *Prior Approvals and Notice:* The amount of any such reduction shall be subject to the prior approval of the Issuer's elected external auditor and the Relevant Regulator. The Issuer will give notice to the Holders of any such reduction and cancellation immediately following the passing of such resolution in accordance with Condition 24 (*Notices*).
- 10.3 *Effect:* The reduction and cancellation will take effect on the date (the "**Effective Date**") specified in the relevant resolution approving any such reduction and cancellation in the following order:

- (i) first, all or part of any arrears of interest (howsoever defined) (together with any additional interest amounts (howsoever defined)) on any Hybrid Core Capital will be available to be reduced and cancelled on a *pro-rata* basis with all of the Issuer's other arrears of interest (howsoever defined) (together with any additional interest amounts (howsoever defined)) under its other Tier 1 Capital and any of its other capital instruments (if any) expressed to be ranking *pari passu* therewith;
- (ii) second, provided all (and not part only) of the arrears of interest and additional interest amounts (if any) described in subparagraph (i) above is reduced and cancelled on the Effective Date prior to, or simultaneously with, any reduction and cancellation described in this subparagraph (ii), all or part of the outstanding nominal amount of any Hybrid Core Capital will be available to be reduced and cancelled on a *pro-rata* basis with the outstanding nominal amount of all of the Issuer's other Tier 1 Capital and any of its other capital instruments (if any) expressed to be ranking *pari passu* therewith;
- (iii) third, provided all (and not part only) of the outstanding nominal amount of the securities described in subparagraph (ii) above is reduced and cancelled on the Effective Date prior to, or simultaneously with, any reduction and cancellation described in this subparagraph (iii), all or part of the Issuer's arrears of interest (howsoever defined) (together with any additional interest amounts (howsoever defined)) under the Issuer's other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith and all or part of any accrued but unpaid interest under the Subordinated Notes and its other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith and, in each case, issued on or after 4 October 2013 will be available to be reduced and cancelled on a *pro-rata* basis; and
- (iv) fourth, provided all (and not part only) of the arrears of interest, additional interest amounts (if any) and accrued but unpaid interest described in subparagraph (iii) above is reduced and cancelled on the Effective Date prior to, or simultaneously with, any reduction and cancellation described in this subparagraph (iv), all or part of the Outstanding Principal Amounts will be available to be reduced and cancelled on a *pro-rata* basis with the outstanding nominal amount of all of the Issuer's other Tier 2 Capital and any of its other instruments (if any) expressed to be ranking *pari passu* therewith.

Holders will thereafter cease to have any claim in respect of any amounts so reduced and cancelled. To the extent that only part of the Outstanding Principal Amounts has been so reduced, interest will continue to accrue in accordance with the terms hereof on the Outstanding Principal Amounts.

Any reduction of accrued but unpaid interest and/or the Outstanding Principal Amounts pursuant to the above provisions shall not constitute an Enforcement Event.

11. Loss Absorption Following a Trigger Event and Reinstatement of the Notes

- 11.1 *Application:* This Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) is only applicable to Additional Tier 1 Capital Notes.
- 11.2 *Loss Absorption Following a Trigger Event:* If at any time a Trigger Event occurs, the Issuer shall immediately notify the Relevant Regulator and, in accordance with Condition 24 (*Notices*), the Holders and the Outstanding Principal Amounts shall be reduced as described below. Notwithstanding the foregoing, failure to give such notice shall not prejudice the reduction of the Outstanding Principal Amounts as described below.

If a Trigger Event occurs after a notice of redemption has been given pursuant to Condition 12.2(B) (*Early redemption for tax reasons*), Condition 12.3(*Early redemption upon the occurrence of a Capital Event*) or Condition 12.4 (*Redemption at the option of the Issuer*) but before the relevant redemption date, such notice of redemption shall automatically be revoked and the relevant redemption shall not be made

until a new redemption notice is given and all conditions for redemption as described in Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) have been fulfilled. If a notice of a Trigger Event has been given pursuant to this Condition 11.2, no notice of redemption may be given pursuant to Condition 12.2(B) (*Early redemption for tax reasons*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*) or Condition 12.4 (*Redemption at the option of the Issuer*) until such Trigger Event has been cured. The redemption restrictions described in this paragraph are together referred to as the “**Trigger Event Early Redemption Restrictions**”.

Such reduction shall take place without delay and in any event not later than one month following the occurrence of the relevant Trigger Event (such date being a “**Write-Down Date**”).

Subject to compliance with CRD IV and BRRD requirements, the amount of the reduction of the Outstanding Principal Amounts on the Write Down Date will be equal to the lower of:

- (i) the amount of a reduction to the Outstanding Principal Amounts that would restore the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, as applicable, to at least the Trigger Event Threshold at the point of such reduction, taking into account the amount of Common Equity Tier 1 Capital (if any) of the Issuer and/or the Group, as the case may be, generated on or prior to the Write Down Date by the *pro-rata* reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of:
 - (A) all Parity Trigger Loss Absorbing Instruments (if any) outstanding at such time; and
 - (B) all Other Loss Absorbing Instruments (if any) outstanding at such time,

provided that:

- (a) with respect to each such Other Loss Absorbing Instrument (if any), such *pro-rata* reduction or, as the case may be, conversion shall only be taken into account as described above to the extent required to restore the Common Equity Tier 1 Capital Ratio of the Issuer and/or the Group, as applicable, to the lower of (1) such Other Loss Absorbing Instrument’s trigger level and (2) the Trigger Event Threshold; and
- (b) to the extent the reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of any Parity Trigger Loss Absorbing Instrument or Other Loss Absorbing Instrument is not, or by the relevant Write Down Date will not be, effective for any reason:
 - (x) the ineffectiveness of any such reduction or, as the case may be, conversion into Common Equity Tier 1 Capital instruments shall not prejudice the requirement to effect a reduction to the Outstanding Principal Amounts pursuant to this Condition 11; and
 - (y) the reduction to, or, as the case may be, conversion into Common Equity Tier 1 Capital instruments of, the principal amount of any Parity Trigger Loss Absorbing Instrument or Other Loss Absorbing Instrument which is not, or by the Write Down Date will not be, effective shall not be taken into account in determining such reduction of the Outstanding Principal Amounts,

and

- (ii) the amount of a reduction of the Outstanding Principal Amounts that would reduce the Outstanding Principal Amounts to the Loss Absorption Minimum Amount.

The Issuer's determination of the relevant amount of a reduction to the Outstanding Principal Amounts pursuant to this Condition 11.2 shall be binding on all parties.

Following a reduction of the Outstanding Principal Amounts as described above, interest will continue to accrue on the Outstanding Principal Amounts following such reduction, and will be subject to Condition 8 (*Interest Cancellation*) and Condition 11.3 (*Reinstatement of the Notes*) as described herein.

For the avoidance of doubt, the Outstanding Principal Amount of each Additional Tier 1 Capital Note shall, upon the reduction of the Outstanding Principal Amounts described above, be reduced on a likewise *pro-rata* basis.

Any reduction of the Outstanding Principal Amounts pursuant to this Condition 11.2 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*) shall not constitute an Enforcement Event.

11.3 *Reinstatement of the Notes*: Following a reduction of the Outstanding Principal Amounts in accordance with Condition 11.2 (*Loss Absorption Following a Trigger Event*), the Issuer may, at its discretion, reinstate some or all of the principal amount of the Additional Tier 1 Capital Notes, subject to compliance with CRD IV requirements and the Reinstatement Limit as defined below, on a *pro-rata* basis with all other Parity Trigger Loss Absorbing Instruments (if any) which would, following such reinstatement, constitute Additional Tier 1 Capital and feature similar write down and reinstatement provisions.

(i) *Reinstatement limit*: Any reinstatement of some or all of the principal amount of all relevant outstanding Additional Tier 1 Capital instruments, where the principal amount of such Additional Tier 1 Capital instruments has been reduced, may not at any time exceed the reinstatement limit applicable to the Issuer and the Group at such time (the “**Reinstatement Limit**”). Subject to Condition 11.4 (*Maximum Distributable Amount restriction*), the Reinstatement Limit will be the lower of the Available Reinstatement Amounts calculated for each of the Issuer and the Group in accordance with Condition 11.3(ii) (*Available Reinstatement Amounts*).

(ii) *Available Reinstatement Amounts*: The “**Available Reinstatement Amount**” for each of the Issuer and the Group will be calculated as the amount equal to the profits of (in the case of the calculation of the Issuer's Available Reinstatement Amount) the Issuer or (in the case of the Group's Available Reinstatement Amount) the Group, in each case after the Issuer or the Group, as the case may be, has taken a formal decision confirming its final profits, multiplied by the ratio of the Original Principal Amount of all relevant outstanding Additional Tier 1 Capital instruments, where the principal amount of such Additional Tier 1 Capital instruments has been reduced, divided by the total Tier 1 Capital of the Issuer or the Group, as the case may be, in each case at the date of the relevant reinstatement, less:

- (A) with respect to any relevant Additional Tier 1 Capital instruments, where the principal amount has been reduced, the sum of any principal amounts that have already been reinstated during the period to which such profits relate; and
- (B) the sum of any amounts of interest or, as the case may be, other periodic distributions in respect of any relevant Additional Tier 1 Capital instruments, where the principal amount has been reduced, and which were paid or have been calculated (but disregarding any such interest which has been cancelled) during the period to which such profits relate on the basis of an outstanding principal amount which is lower than the Original Principal Amount of such Additional Tier 1 Capital instruments.

11.4 *Maximum Distributable Amount restriction*: A reinstatement as described above shall not be effected in circumstances which (when aggregated together with distributions of the kind referred to in Article 141 (2) of CRD IV Directive or, as the case may be, any provision of Danish law transposing or

implementing Article 141 (2) of the CRD IV Directive, or any successor thereto) would cause any Maximum Distributable Amount to be exceeded.

11.5 *Miscellaneous provisions applicable to reinstatement:*

- (i) For the avoidance of doubt, at no time may the Outstanding Principal Amounts exceed the Original Principal Amount of the Additional Tier 1 Capital Notes.
- (ii) To the extent that the principal amount of the Additional Tier 1 Capital Notes has been reinstated as described above, interest shall begin to accrue on the reinstated principal amount of the Additional Tier 1 Capital Notes, and become payable in accordance with these Conditions, as from the date of the relevant reinstatement.

12. Redemption and Purchase

12.1 *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled or unless the relevant Final Terms or Pricing Supplement provides that the Notes are perpetual securities and have no fixed date for redemption, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 13 (*Payments – Bearer Notes*), Condition 14 (*Payments – Registered Notes*) or Condition 15 (*Payments – VP Systems Notes*), as applicable.

12.2 *Early redemption for tax reasons:*

- (A) This Condition 12.2(A) is only applicable to Unsubordinated Notes.

If, in relation to any Series of Unsubordinated Notes:

- (i) as a result of any official change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which becomes effective on or after the date of issue of the first Tranche of such Unsubordinated Notes or any other date specified in the relevant Final Terms or Pricing Supplement, the Issuer would be required to pay additional amounts as provided in Condition 16 (*Taxation*); and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

the Issuer may, at its option at any time and having given no less than thirty nor more than sixty days' notice (ending, in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 24 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their Early Redemption Amount (Tax), together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of such Notes which bear interest at a floating rate, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to such Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the relevant Notes then due.

The Issuer may not exercise any such option in respect of any Unsubordinated Note which is the subject of the prior exercise by the Holder of its Put Option (if applicable) pursuant to Condition 12.6 (*Redemption at the option of Holder*).

- (B) This Condition 12.2(B) is only applicable to Subordinated Notes and Additional Tier 1 Capital Notes.

If, in relation to any Series of Subordinated Notes or Additional Tier 1 Capital Notes, as a result of any official change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which become effective on or after the date of issue of the last Tranche of such Notes, the Issuer receives an opinion of external counsel in Denmark that:

- (i) it would be required to pay additional amounts as provided in Condition 16 (*Taxation*); or
- (ii) it will no longer be able to obtain a full tax deduction for the purposes of Danish tax for any payment of interest under such Notes,

in each case provided that the Issuer satisfies the Relevant Regulator that such change in tax treatment of the relevant Notes is material and was not reasonably foreseeable at the time of their issuance,

any such event, a “**Tax Event**”,

the Issuer may, at its option (but subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days’ notice (ending in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 24 (*Notices*) (which notice shall be irrevocable, subject to the Trigger Event Early Redemption Restrictions in the case of Additional Tier 1 Capital Notes), redeem all (but not some only) of the outstanding Notes comprising the relevant Series, as the case may be, at their Outstanding Principal Amounts, together with accrued interest (if any) thereon (in the case of Additional Tier 1 Capital Notes, in so far as such accrued interest has not been cancelled), provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of such Notes which bear interest at a floating rate, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to such Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the relevant Notes then due.

- 12.3 *Early redemption upon the occurrence of a Capital Event:* This Condition 12.3 is only applicable to Subordinated Notes and Additional Tier 1 Capital Notes.

In relation to a Series of Subordinated Notes or Additional Tier 1 Capital Notes, upon the occurrence of a Capital Event, the Issuer may, at its option (but subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days’ notice (ending in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 24 (*Notices*) (which notice shall be irrevocable, subject to the Trigger Event Early Redemption Restrictions in the case of Additional Tier 1 Capital Notes), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their Outstanding Principal Amounts, together with accrued interest (if any) thereon (in the case of Additional Tier 1 Capital Notes, in so far as such accrued interest has not been cancelled).

- 12.4 *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms or Pricing Supplement as being applicable, the Notes may be redeemed at the option of the Issuer but in the case of Subordinated Notes or Additional Tier 1 Capital Notes, as the case may be, subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) in whole or, if so specified in the relevant Final Terms or Pricing Supplement, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call), together with accrued interest (if any) thereon

(in the case of Additional Tier 1 Capital Notes, in so far as such accrued interest has not been cancelled) upon the Issuer's giving not less than the minimum period nor more than the maximum period of notice specified in the relevant Final Terms or Pricing Supplement to the Holders in accordance with Condition 24 (*Notices*) (which notice shall be irrevocable, subject to the Trigger Event Early Redemption Restrictions in the case of Additional Tier 1 Capital Notes, and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call)).

If the Notes are Bearer Notes or Registered Notes, the notice to Holders referred to in this Condition 12.4 shall specify the serial numbers of the Notes so to be redeemed.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms or Pricing Supplement, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder of its Put Option pursuant to Condition 12.6 (*Redemption at the option of Holder*).

12.5 *Partial redemption*: If the Notes are to be redeemed in part only on any date in accordance with Condition 12.4 (*Redemption at the option of the Issuer*):

- (i) in the case of Bearer Notes, the Notes to be redeemed shall be drawn by lot in such European city as the Fiscal Agent may specify, or identified in such other manner or in such other place as the Fiscal Agent may approve and deem appropriate and fair;
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro-rata* to their principal amounts, provided always that the amount redeemed in respect of each Note shall be equal to the Specified Denomination thereof or an integral multiple thereof, subject always to compliance with all applicable laws and the requirements of any listing authority, stock exchange or quotation system on which the relevant Notes may be listed, traded or quoted; or
- (iii) in the case of VP Systems Notes, the VP Systems Notes to be redeemed shall be selected in accordance with the standard procedures of VP, VP Lux, VPS or Euroclear Sweden, as the case may be, from time to time.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 4 (*Transfer of Registered Notes*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

12.6 *Redemption at the option of Holder*: This Condition 12.6 is only applicable to Unsubordinated Notes. If the Put Option is specified in the relevant Final Terms or Pricing Supplement as being applicable, upon a Holder of any Unsubordinated Note giving not less than the minimum period nor more than the maximum period of notice specified in the relevant Final Terms or Pricing Supplement to the Issuer, the Issuer will redeem such Unsubordinated Note on the Optional Redemption Date (Put) at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date.

If the Unsubordinated Note is a Bearer Note or a Registered Note, in order to exercise the option contained in this Condition 12.6, the Holder of such Unsubordinated Note must, within the notice period described above, deposit at the Specified Office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) such Note together with, in the case of Bearer Notes, all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent or Registrar specifying the aggregate Outstanding Principal Amount in respect of which such option is exercised. The Paying Agent (in the case of Bearer Notes) or Registrar (in the case

of Registered Notes) with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Holder. No Unsubordinated Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 12.6, may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Unsubordinated Note becomes immediately due and payable or, upon due presentation of any such Unsubordinated Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent or Registrar, as the case may be, shall mail notification thereof to the depositing Holder at such address as may have been given by such Holder in the relevant Put Option Notice and shall hold such Unsubordinated Note at its Specified Office for collection by the depositing Holder against surrender of the relevant Put Option Receipt. For so long as any outstanding Unsubordinated Note is held by a Paying Agent or Registrar, as the case may be, in accordance with this Condition 12.6, the depositor of such Unsubordinated Note and not such Paying Agent or Registrar shall be deemed to be the holder of such Unsubordinated Note for all purposes.

If the Unsubordinated Note is a VP Systems Note, in order to exercise the option contained in this Condition 12.6, the Holder of such Unsubordinated Note, must, within the notice period set out above, give notice to the VP Systems Agent of such exercise in accordance with the standard procedures of VP, VP Lux, VPS or Euroclear Sweden, as the case may be, from time to time.

The Holder of an Unsubordinated Note may not exercise such Put Option in respect of any Unsubordinated Note which is the subject of an exercise by the Issuer of its Call Option.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 4 (*Transfer of Registered Notes*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

12.7 *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms or Pricing Supplement, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms or Pricing Supplement for the purposes of this Condition 12.7 or, if none is so specified, a Day Count Fraction of 30E/360.

12.8 *Purchase:* The Issuer or any of its Subsidiaries may (but, in the case of Subordinated Notes and Additional Tier 1 Capital Notes, subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) purchase Notes whether in the open market, in the context of market making, or otherwise, at any price, provided that, in the case of Bearer Notes, all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, resold or, in the case of Bearer Notes or Registered Notes, surrendered to any Paying Agent or the Registrar for cancellation.

12.9 *Cancellation:* All Notes which are redeemed will forthwith (but, in the case of Subordinated Notes and Additional Tier 1 Capital Notes, subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 12.8 (*Purchase*) above (together, in the case of Bearer Notes, with all unmatured Coupons cancelled therewith) shall be forwarded to the Fiscal Agent or, in the case of VP

Systems Notes, shall be deleted from the records of VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and, in either case, cannot be reissued or resold.

12.10 *Substitution and variation*: This Condition 12.10 is only applicable to Additional Tier 1 Capital Notes.

Subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) and having given no less than thirty nor more than sixty days' notice to the Holders (in accordance with Condition 24 (*Notices*)), (in the case of Bearer Notes) the Fiscal Agent, (in the case of Registered Notes) the Fiscal Agent and the Registrar and (in the case of VP Systems Notes) the VP Systems Agent, if a Special Event has occurred and is continuing, the Issuer may substitute all (but not some only) of the Additional Tier 1 Capital Notes or vary the terms of all (but not some only) of the Additional Tier 1 Capital Notes, without any requirement for the consent or approval of the Holders, so that they become or remain Qualifying Capital Notes.

Any such notice shall specify the relevant details of the manner in which such substitution or variation shall take effect and where the Holders can inspect or obtain copies of the new terms and conditions of the Qualifying Capital Notes. Such substitution or variation will be effected without any cost or charge to the Holders.

12.11 *Conditions to redemption etc. prior to Maturity Date (if any)*:

This Condition 12.11 is only applicable to Subordinated Notes and Additional Tier 1 Capital Notes.

Such Notes may only be redeemed, purchased, cancelled, substituted, varied or modified (as applicable) pursuant to Condition 12.2(B) (*Early redemption for tax reasons: Subordinated Notes and Additional Tier 1 Capital Notes*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*), Condition 12.4 (*Redemption at the option of the Issuer*), Condition 12.8 (*Purchase*), Condition 12.9 (*Cancellation*), Condition 12.10 (*Substitution and variation*) or paragraph (ii) of Condition 22.2 (*Modification of Notes other than VP Systems Notes*), as the case may be, if:

- (i) in the case of any such substitution, variation or modification, the Issuer has notified the Relevant Regulator of, and the Relevant Regulator has not objected to, such substitution, variation or modification (as applicable) in accordance with the CRD IV requirements;
- (ii) in the case of any such redemption, purchase or cancellation, the Issuer has notified the Relevant Regulator of, and the Relevant Regulator has given permission to, such redemption, purchase or cancellation (as applicable) in accordance with the CRD IV requirements (which, in the case of Subordinated Notes and Additional Tier 1 Capital Notes, as at 6 December 2017, are set out in Articles 77 and 78 of the CRR and Article 29 of the 2014 RTS);
- (iii) in the case of any such redemption of Additional Tier 1 Capital Notes, the Trigger Event Early Redemption Restrictions do not apply to such redemption or to the redemption notice relating to such redemption (as applicable); and
- (iv) in the case of a redemption of such Notes as a result of a Special Event, the Issuer has delivered a certificate signed by two of its Directors to the Fiscal Agent (and copies thereof will be available at the Fiscal Agent's Specified Office during its normal business hours) not less than 5 Business Days prior to the date set for redemption that such Special Event has occurred or will occur no more than ninety days following the date fixed for redemption, as the case may be.

Any refusal by the Relevant Regulator to grant its permission to any such redemption, purchase or cancellation (as applicable) pursuant to Condition 12.11(ii) (*Conditions to redemption etc. prior to Maturity Date (if any)*) will not constitute an event of default under the relevant Notes.

13. Payments – Bearer Notes

- 13.1 *Principal*: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of the relevant Bearer Note at the Specified Office of any Paying Agent outside the United States. Subject as provided in these Conditions:
- (i) payments in a Specified Currency other than euro or CNY will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency;
 - (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
 - (iii) payments in CNY will be made by transfer to a CNY account maintained by or on behalf of the payee with a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of CNY in Hong Kong).
- 13.2 *Interest*: Payments of interest shall, subject to Condition 13.8 (*Payments other than in respect of matured Coupons*) below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 13.1 (*Principal*) above.
- 13.3 *Payments in New York City*: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if:
- (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due;
 - (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions; and
 - (iii) payment is permitted by applicable United States law.
- 13.4 *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 16 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 16 (*Taxation*)) any law implementing an intergovernmental approach thereto.

No commissions or expenses shall be charged to the Holders in respect of such payments.

- 13.5 *Deductions for unmatured Coupons*: Except in the case of Adjusted Fixed Rate Notes, Subordinated Notes and Additional Tier 1 Capital Notes, if the relevant Final Terms or Pricing Supplement specify that the Fixed Rate Note Provisions are applicable (and, in the absence of specification, except in the case of Adjusted Fixed Rate Notes, Subordinated Notes and Additional Tier 1 Capital Notes, this Condition 13.5 shall apply to Notes which bear interest at a fixed rate or rates or in fixed amounts) and a Note is presented for final redemption (or partial redemption in accordance with Condition 12.4 (*Redemption at the option of the Issuer*) or Condition 12.5 (*Partial redemption*)) without all unmatured Coupons relating thereto:

- (i) If the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (a) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; provided, however, that where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (b) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 13.1 (*Principal*) against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons subject to Condition 19 (*Prescription*).

- 13.6 *Unmatured Coupons void*: If the Notes are Adjusted Fixed Rate Notes, Subordinated Notes or Additional Tier 1 Capital Notes or the relevant Final Terms or Pricing Supplement specify that this Condition 13.6 is applicable or that the Floating Rate Note Provisions are applicable (and, in the absence of specification, this Condition 13.6 shall apply to Notes which bear interest at a floating rate or rates or in variable amounts or which are Adjusted Fixed Rate Notes, Subordinated Notes or Additional Tier 1 Capital Notes), on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 12.2 (*Early redemption for tax reasons*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*), Condition 12.4 (*Redemption at the Option of the Issuer*), Condition 12.6 (*Redemption at the option of Holder*), Condition 17 (*Events of Default*) or Condition 18 (*Enforcement Events*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- 13.7 *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day, the Holder shall not be entitled to payment of the amount due until the next succeeding Payment Business Day and shall not be entitled to any further interest or other payment in respect of any such delay.
- 13.8 *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 13.3 (*Payments in New York City*) above).
- 13.9 *Partial payments*: If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

13.10 *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 19 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

13.11 *Currency Events*: This Condition 13.11 is applicable to:

- (i) unless the Final Terms or Pricing Supplement specifies otherwise, CNY Notes; and
- (ii) Notes other than CNY Notes for which Currency Events are specified as applying in the relevant Final Terms or Pricing Supplement.

If a Currency Event, as determined by the Currency Calculation Agent in its sole and absolute discretion, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer may, in its sole and absolute discretion, take the action described in (i) and/or (ii) below:

- (i) the relevant payment of the Issuer may be postponed to a day falling no later than 10 Payment Business Days after the date on which the relevant Currency Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith) as soon as reasonably practicable thereafter; and/or
- (ii) the Issuer's obligation to make a payment in the Specified Currency under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency (converted at the Alternate Settlement Rate determined by the Currency Calculation Agent as of a time selected in good faith by the Currency Calculation Agent).

Upon the occurrence of a Currency Event, the Issuer shall give notice, as soon as practicable, to the Holders in accordance with Condition 24 (*Notices*) stating the occurrence of the Currency Event, giving brief details thereof and the action proposed to be taken in relation thereto.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 13.11 by the Currency Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Calculation Agent, the Paying Agents, the Registrar (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Currency Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

14. Payments – Registered Notes

14.1 *Method of payment*: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of the relevant Registered Note at the Specified Office of the Registrar by transfer to the Designated Account (as defined below) of the Holder (or the first named of joint Holders) appearing in the register of Holders maintained by the Registrar (the “**Register**”) at the close of business on the third Relevant Banking Day before the relevant due date. Notwithstanding the previous sentence, if a Holder does not have a Designated Account, payment will instead be made by cheque drawn in the currency in which the payment is due on a Designated Bank (as defined below). For these purposes, “**Designated Account**” means the account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with a Designated Bank and identified as such in the Register and “**Designated Bank**” means a bank in the principal financial centre of the country of that currency.

Payments of interest shall be made only by cheque drawn in the currency in which the payment is due on a Designated Bank and mailed by uninsured mail on the Relevant Banking Day immediately preceding the relevant due date to the Holder (or the first named of joint Holders) appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a Relevant Banking Day) before the relevant due date (the “**Record Date**”) at its address shown in the Register on the Record Date and at its risk. Upon application of the Holder to the Specified Office of the Registrar not less than three Relevant Banking Days before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the Holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such Holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

14.2 *Payments on business days:* If the due date for payment of any amount in respect of any Registered Note is not a business day, the Holder shall not be entitled to payment of the amount due until the next succeeding business day and shall not be entitled to any further interest or other payment in respect of any such delay.

14.3 *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 16 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 16 (*Taxation*)) any law implementing an intergovernmental approach thereto.

No commissions or expenses shall be charged to the Holders in respect of such payments.

16. Taxation

16.1 *Gross up:* All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been receivable by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in relation to any payment in respect of any Note or Coupon:

- (i) to, or to a third party on behalf of, a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with Denmark other than:

 - (b) the receipt of principal, interest or other amount in respect of such Note or Coupon; or
- (ii) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of thirty days.

16.2 *Taxing jurisdiction:* If the Issuer becomes subject at any time to any taxing jurisdiction other than Denmark, references in these Conditions to Denmark shall be construed as references to Denmark and/or such other jurisdiction.

Notwithstanding the foregoing, Condition 16.1 (*Gross up*) will be limited to payments of interest in respect of the Additional Tier 1 Capital Notes or Subordinated Notes, as the case may be.

17. Events of Default

This Condition 17 is only applicable in relation to Unsubordinated Notes.

- (ii) the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes of the relevant Series of Unsubordinated Notes and (except in any case where such default is incapable of remedy when no such continuation or notice, as is hereinafter mentioned, will be required) such default remains unremedied for thirty days after written notice requiring such default to be remedied has been received by the Issuer from the Fiscal Agent or the Holder of any such Unsubordinated Note; or
- (iii) a distress, execution, seizure before judgment or other legal process is levied or enforced or sued out upon or against any part of the property, assets or revenues of the Issuer which is material in its effect upon the operation of the Issuer and is not discharged or stayed within sixty days of having been so levied, enforced or sued out; or
- (iv) (A) an application for the commencement of bankruptcy against the assets of the Issuer is filed and the application has been filed by or on behalf of the Issuer, or (B) a third party has filed an application for the commencement of bankruptcy against the assets of the Issuer and (the earlier of) either (1) the DFSA advises the competent court to open up bankruptcy proceedings, or (2) the competent court opens bankruptcy proceedings against the assets of the Issuer, or (C) under Section 233 of the Danish Financial Business Act, the DFSA permits liquidators of the Issuer appointed pursuant to Sections 227 or 228 of the Danish Financial Business Act to file a petition for bankruptcy under and pursuant to Section 17 of the Bankruptcy Act in relation to the Issuer, or (D) under Sections 233 or 234 of the Danish Financial Business Act, the DFSA files a petition for bankruptcy under and pursuant to Section 17 of the Danish Bankruptcy Act in relation to the Issuer; or
- (v) under Section 238 of the Danish Financial Business Act, the DFSA files a petition for the commencement of restructuring proceedings against the Issuer.

- 17.2 *Acceleration:* If any Event of Default shall occur in relation to any Series of Unsubordinated Notes, any Holder of a Note of the relevant Series may, by written notice to the Issuer (effective upon receipt), at the Specified Office of the Fiscal Agent, declare that such Unsubordinated Note and (if the Unsubordinated Note is interest-bearing) together with all interest (if any) accrued thereon shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Termination Amount, together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Unsubordinated Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Unsubordinated Notes of the relevant Series shall have been cured.

18. Enforcement Events

This Condition 18 is only applicable in relation to Subordinated Notes and Additional Tier 1 Capital Notes.

- 18.1 *No events of default:* There are no events of default in respect of the Subordinated Notes and the Additional Tier 1 Capital Notes. Holders of such Notes shall not be entitled at any time to file for bankruptcy or liquidation of the Issuer.

Such claim shall rank as provided in Condition 5 (*Status of the Notes*).
- 18.3 *Enforcement of obligations:* Subject to Condition 18.1 (*No events of default*) and without prejudice to Condition 18.2 (*Enforcement Events*), any Holder may, at its discretion and without further notice, institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Notes, provided that the Issuer shall not by virtue of the institution of any proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

19. Prescription

Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

21. Agents

- 21.1 *Obligations of Agents:* In acting under the Agency Agreement or the VP Systems Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents, the Calculation Agent, the Currency Calculation Agent, the Registrar and the VP Systems Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Holders or Couponholders, and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement, the VP Systems Agency Agreement or other agreement entered into with respect of its appointment or incidental thereto.

- 21.2 *Termination of Appointments:* The initial Fiscal Agent, Principal Registrar and VP Systems Agent and their initial Specified Offices are listed in the Agency Agreement or the VP Systems Agency Agreement, as applicable. Unless the Calculation Agent is the Fiscal Agent, the Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms or Pricing Supplement. The Currency Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms or Pricing Supplement. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Fiscal Agent) or the Registrar or the VP Systems Agent, the Calculation Agent or the Currency Calculation Agent and to appoint an additional or successor fiscal agent, paying agent, calculation agent, registrar, currency calculation agent or agent in connection with the VP Systems Notes; provided, however, that:

 - (v) if a Currency Calculation Agent is specified in the relevant Final Terms or Pricing Supplement, the Issuer shall at all times maintain a Currency Calculation Agent;
 - (vi) if and for so long as the Notes are admitted to listing and/or to trading and/or quotation on any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent (which may be the Fiscal Agent) and a Registrar (for Registered Notes) each with a Specified Office in the place required by such listing authority, stock exchange and/or quotation system;
 - (vii) in the case of VP Systems Notes, the Issuer shall at all times maintain a VP Systems Agent authorised to act as an account holding institution with VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and one or more Calculation Agent(s) where the Terms and Conditions of the relevant VP Systems Notes so require; and
 - (viii) in the circumstances described in Condition 13.3 (*Payments in New York City*), the Issuer shall maintain a Paying Agent with a Specified Office in New York City.
- 21.3 *Change of Specified Offices:* The Paying Agents, the Registrar, the VP Systems Agent, the Calculation Agent and the Currency Calculation Agent reserve the right at any time to change their respective Specified Offices to some other Specified Office in the same city. Notice of any change in the identities or Specified Offices of any Paying Agent, Registrar, the VP Systems Agent, the Calculation Agent or the Currency Calculation Agent shall promptly be given to the Holders in accordance with Condition 24 (*Notices*).

22. Meetings of Holders; Modification and Waiver

- 22.1 *Meetings of Holders of Notes other than VP Systems Notes:* This Condition 22.1 is only applicable in relation to Notes other than VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of Holders of Notes of any Series (other than VP Systems Notes) to consider matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution (as defined in the Agency Agreement) of any provision of these Conditions and the Deed of Covenant insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of Notes of any Series will be

binding on all Holders of Notes of such Series, whether present or not at the meeting and on all Holders of Coupons relating to Notes of such Series.

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

In the case of Subordinated Notes and Additional Tier 1 Capital Notes, any modification to these Conditions and/or the Deed of Covenant pursuant to the operation of the provisions described in this Condition 22.1 is subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*).

22.2 *Modification of Notes other than VP Systems Notes:* This Condition 22.2 is only applicable in relation to Notes other than VP Systems Notes. The Issuer may make, without the consent of the Holders or Couponholders of the relevant Series:

- (i) any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the Deed of Covenant to correct a manifest error; or
- (ii) subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) in the case of Subordinated Notes and Additional Tier 1 Capital Notes, any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the Deed of Covenant which is not prejudicial to the interests of the Holders and the Couponholders of the relevant Series.

Any such modification to the Agency Agreement shall be subject to the consent of the Fiscal Agent. Subject as provided in these Conditions, no other modification may be made to the Notes of any Series, these Conditions, the Agency Agreement or the Deed of Covenant except with the sanction of an Extraordinary Resolution and, in the case of a modification to the Agency Agreement, the consent of the Fiscal Agent.

Any such modification shall be binding on the Holders and the Couponholders and any such modification shall be notified to the Holders in accordance with Condition 24 (*Notices*) as soon as practicable thereafter.

22.3 *Meeting of VP Systems Noteholders:* This Condition 22.3 is only applicable in relation to VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of Holders of VP Systems Notes of any Series to consider matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution of any provision of these Conditions insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of VP Systems Notes of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting. Meetings of Holders shall be held in accordance with the Agency Agreement and in compliance with the relevant regulations of VP, VP Lux, VPS or Euroclear Sweden, as the case may be. Any person requesting the convening of any such meeting or attending or voting at any such meeting shall be required to provide proof of their appointment as proxy, attorney or representative and/or ownership of Notes satisfactory to the Issuer in the form specified by Issuer in the notice in respect of the relevant meeting given to Holders in accordance with Condition 24 (*Notices*).

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

22.4 *Modification of VP Systems Notes*: This Condition 22.4 is only applicable in relation to VP Systems Notes. The Issuer may make, without the consent of the Holders of the relevant Series:

- (i) any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the VP Systems Agency Agreement to correct a manifest error; or
- (ii) subject to Condition 12.11 (*Conditions to redemption etc. prior to Maturity Date (if any)*) in the case of Subordinated Notes or Additional Tier 1 Capital Notes, any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the VP Systems Agency Agreement which is not prejudicial to the interests of the Holders of the relevant Series.

In addition, the Notes and these Conditions may be modified by a resolution in writing signed by or on behalf of all Holders or pursuant to a meeting of VP Systems Noteholders in accordance with Condition 22.3 (*Meeting of VP Systems Noteholders*) above. Any modification to the Agency Agreement shall be subject to the consent of the Fiscal Agent. Subject as provided in these Conditions, no other modification may be made to the Notes of any Series, these Conditions, the Agency Agreement or the VP Systems Agency Agreement except with the sanction of an Extraordinary Resolution and, in the case of a modification to the Agency Agreement, the consent of the Fiscal Agent.

Any such modification shall be binding on the Holders and any such modification shall be notified to the Holders in accordance with Condition 24 (*Notices*) as soon as practicable thereafter.

23. Further Issues

The Issuer may from time to time, without the consent of the Holders or the Couponholders, create and issue further Notes having the same Terms and Conditions as the Notes in all respects (or in all respects except for the first payment of interest, if any, on them and/or the issue price thereof) so as to form a single series with the Notes.

24. Notices

24.1 *Bearer Notes*: Notices to Holders of Bearer Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms or Pricing Supplement, be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe or, if such Notes are listed on the Official List of the Irish Stock Exchange and admitted to trading on the regulated market of the Irish Stock Exchange (so long as such Notes are listed on the Official List of the Irish Stock Exchange and the rules of that exchange so permit), if published on the website of the Irish Stock Exchange (www.ise.ie).

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading.

Any notice so given will be deemed to have been validly given, in the case of any Bearer Notes, on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition.

While all the Bearer Notes are represented by one or more global Notes and such global Note(s) are held in their entirety on behalf of one or more relevant clearing system(s), the terms of such global Note(s) will specify how notices to Holders of Bearer Notes are to be given, as described in “Overview of Form of the Notes” of the Base Prospectus relating to the Programme dated 6 December 2017.

- 24.2 *Registered Notes:* Notices to Holders of Registered Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms or Pricing Supplement, be deemed to be validly given if sent by first class mail (or equivalent) or (if posted to an overseas address) by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day and, if such Notes are listed on the Official List of the Irish Stock Exchange and admitted to trading on the regulated market of the Irish Stock Exchange (so long as such Notes are listed on the Official List of the Irish Stock Exchange and the rules of that exchange so permit), if published on the website of the Irish Stock Exchange (www.ise.ie).

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Registered Notes are for the time being listed or by which they have been admitted to trading.

While all the Registered Notes are represented by one or more global Notes and such global Note(s) are held in their entirety on behalf of one or more relevant clearing system(s), the terms of such global Note(s) will specify how notices to Holders of Registered Notes are to be given, as described in “Overview of Form of the Notes” of the Base Prospectus relating to the Programme dated 6 December 2017.

- 24.3 *VP Systems Notes:* All notices regarding the VP Systems Notes will be deemed validly given (a) if published in accordance with the procedures of VP, VP Lux, VPS or Euroclear Sweden, as the case may be, and (b) if and for so long as the Notes are admitted to trading and/or listed on any stock exchange or any other relevant authority, if published in any manner which complies with the rules of such stock exchange or other relevant authority.

Any such notice will be deemed to have been given on the date it is published in accordance with the procedures of VP, VP Lux, VPS or Euroclear Sweden, as the case may be.

25. **Currency Indemnity**

The currency in which the Notes are denominated or, if different, payable, as specified in the relevant Final Terms or Pricing Supplement (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount of the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount of the Contractual Currency expressed to be due to any Holder in respect of such Note or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgment or order. Any such loss as aforesaid shall be deemed to constitute a loss suffered by the relevant Holder and no proof or evidence of any actual loss will be required by the Issuer.

26. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right in these Conditions shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

27. Governing Law and Jurisdiction

- 27.1 *Governing Law*: The Notes, the Agency Agreement and the Deed of Covenant, and any non-contractual obligations arising therefrom or in connection therewith, shall be governed by, and construed in accordance with, English law, except for Condition 5.2 (*Status – Subordinated Notes*), Condition 5.3 (*Status – Additional Tier 1 Capital Notes*), Condition 8 (*Interest Cancellation*), Condition 10 (*Reduction of Amounts of Principal and Unpaid Interest*), Condition 11 (*Loss Absorption Following a Trigger Event and Reinstatement of the Notes*), Condition 12.2(B) (*Early redemption for tax reasons: Subordinated Notes and Additional Tier 1 Capital Notes*), Condition 12.3 (*Early redemption upon the occurrence of a Capital Event*) and Condition 18 (*Enforcement Events*) and for the registration of Notes in VP, which shall be governed by, and shall be construed in accordance with, Danish law. In the case of the registration of Notes in VP Lux, VPS or Euroclear Sweden, such registration shall be governed by, and shall be construed in accordance with, Luxembourg law, Norwegian law and Swedish law, respectively.
- 27.2 *English courts*: The courts of England have jurisdiction to settle any dispute (a “**Dispute**”) arising from or connected with the Notes (including any Dispute relating to any non-contractual obligations arising from or connected with the Notes).
- 27.3 *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- 27.4 *Rights of the Holders to take proceedings outside England*: Condition 27.2 (*English courts*) is for the benefit of the Holders only. As a result, nothing in this Condition 27 prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, any Holder may take concurrent Proceedings in any number of jurisdictions.
- 27.5 *Service of process*: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Issuer at 75 King William Street, London EC4N 7DT or at any address of the Issuer in Great Britain at which service of process may be served on it in accordance with the Companies Act 2006. Nothing in this paragraph shall affect the right of any Holder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.
- 27.6 *Acknowledgement of Danish Statutory Loss Absorption Powers*: Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements or understanding between the Issuer and any Holder (which, for the purposes of this Condition 27.6, includes each holder of a beneficial interest in the Notes), by its acquisition of the Notes, each Holder acknowledges and accepts that any liability arising under the Notes may be subject to the exercise of Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority and acknowledges, accepts, consents to and agrees to be bound by:
- (i) the effect of the exercise of any Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority, which exercise (without limitation) may include and result in any of the following, or a combination thereof:
 - (a) the reduction of all, or a portion, of the Relevant Amounts in respect of the Notes;

- (b) the conversion of all, or a portion, of the Relevant Amounts in respect of the Notes into ordinary shares, other securities or other obligations of the Issuer or another Person, and the issue to or conferral on the Holder of such ordinary shares, securities or obligations, including by means of an amendment, modification or variation of the terms of the Notes;
 - (c) the cancellation of the Notes or the Relevant Amounts in respect of the Notes; and
 - (d) the amendment of the Maturity Date or (in the case of Additional Tier 1 Capital Notes) the perpetual nature of the Notes, as the case may be, the amendment of the amount of interest payable on the Notes (if any), or the date on which interest becomes payable, including by suspending payment for a temporary period; and
- (ii) the variation of the terms of the Notes, as deemed necessary by the Relevant Resolution Authority, to give effect to the exercise of any Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority.

28. Rights of Third Parties

No person shall have any right to enforce any term or Condition in respect of a Note under the Contracts (Rights of Third Parties) Act 1999.

Danske Bank A/S (“**Danske Bank**” or the “**Issuer**”) is the parent company of the Group. Danske Bank is a Nordic universal bank with bridges to the rest of the world, and its core markets are Denmark, Sweden, Norway and Finland (through its subsidiary). In these countries, it serves all types of customers from personal customers and businesses to large institutional clients. It also operates in Northern Ireland, where it serves both personal and business customers, and the Baltic countries, where it focuses on business banking. The Group has additional offices in several other European countries including a subsidiary in Luxembourg and branch offices in Poland, Germany and the U.K., where its main offerings are solutions for Nordic and local businesses as well as private banking clients. The Group also conducts broker-dealer activities in the United States and has a subsidiary in Russia serving Nordic corporate banking customers.

The registered office of the Issuer is at 2-12 Holmens Kanal, DK-1092 Copenhagen K, Denmark, with telephone number +45 33 44 00 00 and Danish corporate registration number 61126228.

The Issuer's History and Development

The Issuer was founded in Denmark and registered on 5 October 1871 and has, through the years, merged with a number of financial institutions. The Issuer is a commercial bank with limited liability and carries on business under the Danish Financial Business Act. The Issuer is registered with the Danish Commerce and Companies Agency.

In the period from 1997-2007, the Issuer strengthened its position in the Nordic region through acquisitions. In 1997, it acquired Östgöta Enskilda Bank in Sweden, in 1999, Fokus Bank A/S in Norway and, in

¹ Unless specified, DKK amounts are converted into EUR FX rate = 7.4343 DKK per EUR.

2000, RealDanmark and its subsidiaries BG Bank A/S and Realkredit Danmark A/S. Furthermore, on 1 March 2005, the Issuer acquired Northern Bank Limited in Northern Ireland and National Irish Bank in the Republic of Ireland, and, on 1 February 2007, it acquired Sampo Bank plc in Finland (now Danske Bank Plc), including Sampo Bank plc's activities in the three Baltic countries and a subsidiary in St. Petersburg, Russia.

Effective 1 June 1998, all branches of Östgöta Enskilda Bank were converted into branches of the Issuer and, effective 1 April 2007, Fokus Bank A/S and National Irish Bank were converted into branches of the Issuer and, in June 2008, the three Baltic banks, AS Sampo Bank in Estonia, AS Sampo Banka in Latvia and AB Sampo bankas in Lithuania, were converted into branches of the Issuer. In November 2012, the Group rebranded its banking units and since then it has marketed all of its banking operations under the Danske Bank brand name. With effect from 1 January 2014, the Group refocused its activities in the Republic of Ireland to serve exclusively Corporates & Institutions' clients. All other activities in the Republic of Ireland were transferred to the Non-core business unit. With effect from 1 January 2015, the Group refocused its activities in the Baltic countries to serve Business Banking customers. All Personal Banking customers in the Baltic countries were transferred to the Non-core business unit.

In October 2017, the Danish MobilePay activities were transferred from Danske Bank A/S to the 100 per cent. owned subsidiaries, MobilePay A/S and MobilePay Denmark A/S, which hold the intellectual rights to MobilePay and the Danish MobilePay customers, respectively.

On 26 June 2017, Danske Hypotek was granted a licence by the Swedish Financial Supervisory Authority to conduct financing business as a credit market company in Sweden as well as a licence to issue covered bonds under the Swedish Covered Bonds Act. Danske Hypotek is a wholly-owned subsidiary of the Issuer and has been established for the purpose of managing the Group's issuance of covered bonds under the Swedish Covered Bonds Act. The Issuer will originate mortgage loans to be contained in the cover pool of Danske Hypotek under the terms of a mortgage loan sale agreement. In addition to acquiring mortgage loans originated by the Swedish Branch of the Issuer, Danske Hypotek may, in the future, originate its own Swedish mortgage loans as an original lender. All properties that constitute security for the mortgage loans in the Danske Hypotek cover pool will be located in Sweden.

On 31 October 2017 the mortgage credit banking business of Danske Bank Plc, including the outstanding covered bonds issued by Danske Bank Plc and the relevant mortgage loans contained in the respective cover pool, was transferred to a new company, Danske Mortgage Bank Plc. Danske Mortgage Bank Plc is a wholly-owned subsidiary of the Issuer and holds a licence as a mortgage credit bank under the Finnish Act on Mortgage Credit Bank Operations. Following the completion of this demerger, and as part of efforts to simplify the organisation and improve efficiency, the Group plans to merge its remaining activities in Finland, which currently consist of Danske Bank Plc and Danske Bank A/S, Helsinki Branch, into a single branch, Danske Bank A/S Finland. On completion of this cross-border merger, which is currently scheduled to take place by end of year 2017, the Issuer will originate mortgage loans to be contained in the cover pool of Danske Mortgage Bank Plc under the terms of a servicing agreement. All properties that constitute security for the mortgage loans in the Danske Mortgage Bank Plc cover pool will be located in Finland.

The mortgage loans on the Realkredit Danmark A/S platform are funded through the issuance of mortgage bonds according to the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds, etc. Act and executive orders issued by the DFSA.

Realkredit Danmark A/S currently issues mortgage covered bonds only through the Capital Centres of Realkredit Danmark A/S.

Shareholders' equity

The Issuer's shareholders' equity was DKK 152.3 billion (EUR 20.5 billion) as at the end of 2016 against the restated total equity at 1 January 2016 DKK 149.5 billion (EUR 20.1 billion).

At year-end 2016, the Issuer's authorised and issued share capital totalled DKK 9,837,128,350 (EUR 1.3 billion) based on 983,712,835 shares of DKK 10 (EUR 1.34) each. The Issuer's shares are listed on the Nasdaq Copenhagen A/S.

In February 2016, the Issuer announced a share buy-back programme for a total of DKK 9.0 billion (EUR 1.21 billion)² to be executed under the European Commission's Regulation No. 2273/2003 of 22 December 2003. The share buy-back programme ended on 1 February 2017, with a total buy-back of 46.9 million shares for a total purchase amount of DKK 9.0 billion (EUR 1.2 billion)³. On 16 March 2017, the Annual General Meeting of the Issuer adopted the proposal to reduce the Issuer's share capital by DKK 468,851,130 (EUR 63.1 million) nominally by cancelling 46,885,113 shares of DKK 10 (EUR 1.345) each from the Issuer's holding of own shares. As at today's date, the Issuer's share capital amounts to DKK 9,368,277,220 nominally corresponding to 936,827,722 shares of DKK 10 each.

In February 2017, the Issuer announced that the Board of Directors had approved a new share buy-back programme for DKK 10 billion (EUR 1.34 billion)⁴, with a maximum of 90 million shares. The programme will be conducted from 3 February 2017 until 2 February 2018 at the latest. The Issuer announced that the Board of Directors intends to propose to the Annual General Meeting in 2018 that the shares purchased under the current share buy-back programme be cancelled.

At year-end 2016, the Issuer had approximately 266,000 shareholders. According to the Danish Companies Act, shareholders must notify a company if their shareholding exceeds 5 per cent. of the company's share capital or higher percentages divisible by 5.

Two shareholder groups have notified the Issuer of holding 5 per cent. or more of the Issuer's share capital and voting rights:

- A.P. Møller-Holding Group on 2 November 2016 announced that it held a total of (directly and indirectly) 20.0 per cent. of the shares and the voting rights of the Issuer; and
- BlackRock Inc. on 27 April 2017 announced that it indirectly via shares and other financial instruments with similar economic effect holds 5.10 per cent. of the shares and the voting rights of the Issuer.

The Issuer estimates that almost 58 per cent. of its share capital is held by investors outside of Denmark. Most foreign investors are based in the United States and the United Kingdom.

Capital and Solvency

The Group's capital base consists of tier 1 capital (common equity tier 1 capital and additional tier 1 capital instruments) and tier 2 capital. At 31 December 2016, the capital base of the Group amounted to DKK 178 billion (EUR 23.9 billion), the total capital ratio for the Group was 21.8 per cent., with a common equity tier 1 capital ratio of 16.3 per cent. and a tier 1 capital ratio of 19.1 per cent. At 31 December 2016, the total capital ratio for the Issuer was 27.5 per cent. with a common equity tier 1 ("CET1") ratio of 20.6 per cent. and a tier 1 capital ratio of 24.2 per cent.

³ FX rate at 1 February 2017 = 7.4370 DKK per EUR.

⁴ FX rate at 3 February 2017 = 7.4376 DKK per EUR.

At the end of 2016, the Group's REA amounted to DKK 815 billion (EUR 109.7 billion), against DKK 834 billion (EUR 111.7 billion)⁵ at the end of 2015. The Group's REA decreased DKK 31 billion (EUR 4.2 billion) from the level at the end of December 2015. The REA for credit risk decreased DKK 18 billion (EUR 2.4 billion). The net decrease covered an increase from the implementation of new models and a decrease resulting from lower market risk, the sale of Danmarks Skibskredit A/S and revised prudential treatment of LR Realkredit A/S.

Subordinated debt and additional tier 1 capital

During the first nine months of 2017, the Group redeemed DKK 12,581 million (EUR 1,690 million)⁶ (full year 2016: DKK 0 million) and issued DKK 5,139 million (EUR 691 million)(full year 2016: DKK 0 million) of subordinated debt accounted for as liabilities. This included an issuance, in March 2017, of CRR-compliant convertible additional tier 1 capital of USD 750 million (EUR 635 million)⁷ with discretionary interest payments. As the bonds mandatorily convert into a variable number of ordinary shares if a trigger event occurs, they are accounted for as liabilities.

⁶ FX rate at 30 September 2017 = 7.4423 DKK per EUR.

⁷ FX rate at 30 September 2017 = 1.1814 USD per EUR.

Capital regulation

The Issuer is following the phase-in of the CRR and the CRD IV Directive in accordance with Danish rules. At the end of 2016, the Issuer estimates that the remaining effect of the CRR and the CRD IV Directive on its fully-loaded CET1 capital ratio in 2018 will be an additional reduction of about 0.1 percentage points. The DFSA has approved the Issuer's continuing use of the financial conglomerate deduction method for holdings in Danica Pension. The deduction is based on Danica Pension's solvency need rather than on its minimum capital requirement. The non-deductible part of the holdings will be risk-weighted at 100 per cent.

Distributions of Dividends

The Issuer generally aims to pay dividends of approximately 40 – 50 per cent. of its net profit. For 2016, a dividend of DKK 9.0 (EUR 1.21)⁸ per share was paid after the Annual General Meeting on 16 March 2017, or 45 per cent. of net profit for the year. The Group launched a share buy-back programme in February 2017. The Group received the DFSA's approval to acquire own shares for a total value of DKK 10.0 billion (EUR 1.34 billion)⁹. According to the rules of CRR, the Group has to deduct the approved amount in the CET1 capital with the receipt of the DFSA's approval. The share buy-back programme has resulted in a decrease on the Group's CET1 ratio and total capital ratio in 2017, which was not included in the Issuer's fourth quarter 2016 figures.

Risk Management

Introduction

The Issuer's Rules of Procedure for the Board of Directors of the Bank and the Executive Board (the "**Rules of Procedure**") specify the responsibilities of the two boards and the division of responsibilities between them. The Rules of Procedure and the two-tier management structure, which were developed in accordance with Danish law, regulations and relevant corporate governance recommendations are central to the organisation of risk management and the delegation of authorities throughout the Group.

The Board of Directors lays down overall policies and risk appetites, while the Executive Board is in charge of the Group's day-to-day management. The risk and capital management functions are separate from the credit assessment and credit-granting functions.

Responsibility for the day-to-day management of risks in the Group is divided between CFO area, Group Risk Management, the business units and the operations and service organisations.

The Group has established a segregation of duties between units that enter into business transactions with customers or otherwise expose the Group to risk on the one hand, and units in charge of overall risk management on the other.

The Group's risk management practices are organised according to the principles of three lines of defence. The three lines of defence segregate duties between (i) units that enter into business transactions with customers or otherwise expose the Group to risk, (ii) units in charge of risk oversight and control, and (iii) Internal Audit.

The first line of defence is represented by the business units and the operations and service organisations. Each unit operates in accordance with the risk policies and delegated mandates. The units are responsible for having skills, operating procedures, systems and controls in place to ensure their compliance with risk policies and the execution of sound risk management.

⁸ FX rate at 16 March 2017 = 7.4343 DKK per EUR.

⁹ FX rate at 3 February 2017 = 7.4376 DKK per EUR.

The second line of defence is represented by Group-wide functions that monitor whether the business units and the operations and service organisations adhere to the general policies and mandates. Group Risk Management, units in the CFO area, regional chief risk officers and the chief information security officer share the responsibility for these Group-wide functions.

The third line of defence is represented by Group Internal Audit.

Group Risk Management

Group Risk Management is headed by the Group's Chief Risk Officer (the “**CRO**”) who is a member of the Executive Board.

Group Risk Management serves as the Group's second line of defence. It has responsibility for recommending and monitoring the Group's risk appetite and policies and for following up and reporting on risk issues across all risk types, organisational units and geographic regions. Group Risk Management also serves as a resource for referrals from local risk committees.

Group Risk Management oversees the risk management framework and practices across the organisation and serves as the secretariat of the Group Credit Committee, the All Risk Committee and the following five sub-committees: the Model & Parameter Committee, the Operational Risk Committee, the Portfolio Committee, the Valuation Committee and the Asset & Liability Committee. The Group Liquidity Risk Committee is a sub-committee of the Asset & Liability Committee.

At Group Risk Management, various sub-departments are responsible for monitoring and managing the Group's main risk types.

The heads of Retail Credit Risk Management and Corporate Credit Risk Management report directly to the CRO and are responsible for retail and wholesale banking, respectively. They delegate credit risk mandates and oversee the day-to-day credit risk management in the first line of defence in their respective units. This also includes reviewing the approval and follow-up processes for the lending books of the business units.

Risk Analytics develops and maintains credit rating methodologies and models. The team ensures that rating methodologies and models are fit for day-to-day credit processing at the business units and that statutory requirements are met. A separate unit is responsible for validating credit risk parameters.

COO Risk Functions is responsible for the development of the Group's risk appetite framework, stress testing engine and portfolio management. The department facilitates the quarterly processes of calculating and consolidating the impairment of credit exposures and monitors and reports on the Group's consolidated credit portfolio, with sector- and country-specific views and risk appetites. The department also maintains the Group Recovery Plan and is responsible for risk governance and credit quality assurance.

Regional chief risk officers are responsible, in cooperation with country managers, for ensuring compliance with local rules and regulations. Local risk committees are established where relevant.

CFO area

The CFO area is headed by the Group's Chief Financial Officer (the “**CFO**”), who is a member of the Executive Board. The CFO area oversees the Group's financial reporting, budgeting and strategic business analysis, including the tools used by the business units for performance follow-up.

The CFO area is also in charge of the Group's investor relations; relations with international rating agencies; legal, regulatory and corporate matters; capital management and compliance.

Group Capital Management is responsible for calculating the total REA, for regulatory reporting, for performing the Group's ICAAP, and for allocating internal capital to the business units.

Group Compliance is an independent function that is responsible for identifying, assessing, monitoring and reporting on whether the Group complies with applicable laws, regulations and internal requirements. The head of Group Compliance reports to the CFO.

Group Treasury is responsible for executing the funding plan, managing the Group's liquidity plan and monitoring its liquidity needs. Group Treasury also ensures that the Group's structural liquidity profile is within the defined limits and that the targets set by the Board of Directors and the All Risk Committee as well as regulatory and prudential requirements are met. Furthermore, Group Treasury is responsible for asset and liability management, private equity activities and long-term funding activities.

COO area

The COO area is headed by the Group's Chief Operating Officer (the "COO"), who is a member of the Executive Board. The COO area is responsible for the Group's operations and Group IT. Group IT is headed by the Group's Chief Technology Officer (the "CTO").

The Group's Chief Information Security Officer (the "CISO") reports functionally to the CTO, with a secondary reporting line to the CRO. The CISO is organisationally independent and may report and escalate issues directly to the Board of Directors in situations of severe policy breaches or notification of risks. The CISO heads Group IT Security & Risk within Group IT. Group IT Security & Risk performs control monitoring and ensures compliance with the Security Policy as a second line of defence function.

Crisis Management

The Group is a significant player in the Nordic financial markets and provides a number of critical functions upon which the financial systems in its core markets rely. The Group recognizes the importance of having plans and procedures in place to ensure that it is viable in the long term and that the critical services are available.

The Group's operational crisis management is supported by business continuity plans, which describe measures that can restore the Group's operational capabilities and that allow it to recover from material operational risk events.

In a situation of severe financial stress, the Group's contingency plans for capital and liquidity will ensure that the Group takes measures to restore the Group's liquidity and funding position.

The Group has prepared a recovery plan in the event that conditions deteriorate and threaten its liquidity or capital position and thus its long-term viability. The plan documents a framework that ensures that proper monitoring is in place to identify and understand any potential threats to the Group. It describes the governance processes and the selection of actions to be implemented to restore the Group's long-term viability.

The Group discusses the recovery plan with the DFSA and foreign supervisory authorities on an annual basis.

Business Units

Each of the four business units – Personal Banking, Wealth Management, Business Banking, and Corporate & Institutions – is headed by a member of the Executive Board. Northern Ireland is the fifth business unit serving personal and business customers, and it is a separate legal entity with its own executive board and separate board of directors.

The mandate of the business units to originate credit applications, take deposits and undertake investments for the Group is regulated by risk policies, instructions and limits. The Group strives to cultivate a corporate culture that supports and enforces the organisation's objective to undertake selected risks in accordance with the defined guidelines.

The heads of the business units and the heads of the operations and service areas are responsible for all business-related risks, and their responsibilities extend across national borders. Lending authorities are cascaded down from the Board of Directors, through the Executive Board to Group Risk Management, and then to lending officers at the business units. Credit applications exceeding the delegated lending authorities are submitted to the Group Credit Committee and to the Board of Directors. While the business units are responsible for risk assessment, the credit oversight functions led by the heads of credit at Group Risk Management check that credit applications are within the defined credit policy and credit risk appetite.

The business units perform the fundamental tasks required for sound risk management and controls. These tasks include updating customer information used in risk management systems and models as well as maintaining and following up on customer relationships. Each business unit is responsible for preparing documentation to record business transactions properly.

The business units must also ensure that all risk exposures are within the specific risk limits and comply with the Group's relevant guidelines.

Legal Proceedings

Owing to its business volume, the Group is continually a party to various lawsuits and disputes and has an on-going dialogue with public authorities such as the DFSA. Although the outcome of claims, lawsuits or other legal proceedings against the Issuer or the Group cannot be predicted with certainty, neither the Issuer nor any of its subsidiaries is involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) which may have, or have had during the 12 months preceding the date of this Offering Memorandum, a significant effect on the financial position or profitability of the Issuer or the Group.

In March 2016, after an on-site anti-money laundering inspection, the DFSA issued eight orders to the Issuer, and in September 2016, the Issuer submitted a statement to the effect that, in its assessment, the Issuer was in compliance with the orders. The final statement from the DFSA included a notification to the Danish Public Prosecutor for Serious Economic and International Crime, and the Issuer was reported to the police for non-compliance with anti-money laundering legislation on correspondent banks. The authorities have approached the Issuer and requested further information which has been provided by the Issuer.

As announced in Company Announcement No. 53/2017 of 11 October 2017, the Issuer has been placed under investigation by the French Tribunal de Grande Instance de Paris court in relation to suspicions of money laundering concerning transactions carried out by customers of Danske Bank Estonia from 2008 to 2011. The investigation relates to transactions in the amount of approximately EUR 15 million which was transferred to France during 2008-2011 by former customers at Danske Bank Estonia. The customers were part of the portfolio of foreign customers at Danske Bank Estonia (non-resident customers). The Issuer has since then terminated all accounts in that portfolio. The transactions are included in the Issuer's ongoing investigation of the situation at its Estonian operation, as described in the press release dated 21 September 2017, covering customers and transactions in the period from 2007 to 2015.

New Capital and Liquidity Regulations

New regulations for the financial sector have been implemented in the European Union and beyond. The Group has implemented the new regulations from 1 January 2014, subject to transitional provisions.

European implementation of the Basel III Framework

The final versions of the CRR and the CRD IV Directive (in each case as defined above) were adopted in June 2013. The framework implemented among other things Basel III in the European Union.

Under the CRR, institutions are required to hold a minimum amount of regulatory capital equal to 8 per cent. of REA (of which at least 4.5 per cent. must be Common Equity Tier 1 capital, and at least 6 per cent. must be Tier 1 capital). In addition to these so-called the minimum own funds Pillar 1 requirements, the CRD IV

Directive (including, but not limited to, Article 104(i)(a)128) contemplates that competent authorities may require additional Pillar 2 capital to be maintained by an institution relating to elements of risks which are not fully captured by the minimum own funds Pillar 1 requirements or to address macro-prudential requirements.

CRD IV introduced a combined buffer that applies in addition to the Pillar 1 and Pillar 2 capital requirement and will be phased in from 2015 to 2019. The combined buffer consists of a countercyclical buffer, a capital conservation buffer and a SIFI buffer.

The capital conservation buffer and the countercyclical capital buffer are designed to ensure that credit institutions accumulate a sufficient capital base during periods of economic growth to absorb losses during periods of stress. The capital conservation buffer is being gradually phased in to a final level of 2.5 per cent. in 2019. The countercyclical buffer requirement is calculated as a weighted average of the national buffers in effect in the jurisdictions in which a bank has credit exposures.

The Issuer was designated as a SIFI in Denmark in 2014. Consequently, the Issuer is subject to stricter capital requirements than non-SIFI banks. The fully phased-in SIFI buffer requirement in 2019 will be 3 per cent. The intention is for the capital requirements imposed on Danish SIFIs to be on a par with the requirements set in other comparable European countries, and thus the final level of the Danish SIFI capital requirements will be assessed no later than 2017 after evaluating these other countries' final requirements.

Under Article 141 of the CRD IV Directive, Member States must require that institutions that fail to meet the combined buffer requirement will be subject to restrictions on "discretionary payments" (which are defined broadly by the CRD IV Directive as distributions in connection with Common Equity Tier 1 capital, payments on Additional Tier 1 instruments and payments of variable remuneration). The restrictions will be scaled according to the extent of the breach of the combined buffer requirement.

According to the current implementation of the CRD IV Directive in Denmark, the combined buffer requirement is stacked on top of the Pillar 2 capital requirements. If the combined buffer requirement is breached, the institution has to submit a capital conservation plan for approval by the DFSA. However, for the purpose of determining automatic restrictions on discretionary payments (i.e. the Maximum Distributable Amount or the "MDA"), Pillar 2 capital requirements should not be taken into account. Nonetheless, the DFSA may choose to impose restrictions on discretionary payments on the basis of the submitted capital conservation plan. There can be no assurance as to the relationship between any of the aforementioned or future incremental own funds requirements, any combined buffer requirement and the associated restrictions on discretionary payments. According to the European Commission's proposal to amend the CRD IV Directive in the EU Banking reform package, the Pillar 2 capital requirements should be taken into account when the combined buffer requirement is breached and the MDA is determined. Furthermore, according to the European Commission's proposal for an EU Banking Reform, the combined buffer is also stacked on top of the MREL requirement. Consequently, MREL also needs to be taken into account in the calculation of the MDA, subject to a six-month grace period in case of inability to issue eligible debt, during which restrictions relating to MDA would not be triggered, but authorities would be able to take other appropriate measures.

In addition, the CRD IV Directive includes a requirement for credit institutions to calculate, report, monitor and publish their leverage ratios, defined as their tier 1 capital as a percentage of their total exposure measure. According to the current rules defined in the CRR, the Issuer had a leverage ratio of 4.6 per cent. at the end of December 2016. A minimum leverage ratio requirement is expected to be implemented at European Union level with the implementation of the EU Banking reform package, and until such time regulators may apply such measures as they consider appropriate. In Denmark the risk of excessive leverage is addressed as part of the Pillar 2 capital requirements.

The phase-in of the capital requirements follows the path in the CRR until 2018-2021 unless required earlier in applicable Danish legislation. The Group estimates that the remaining impact of CRR on the CET1 capital ratio will be a further reduction of 0.1 percentage points as of 31 December 2016 when the rules are fully implemented in 2018. According to the CRR, instruments that no longer qualify as additional tier 1 and tier 2

capital shall be subject to grandfathering, which means that such instruments will be phased out gradually until 2021.

As regards liquidity, the European Commission imposed two liquidity ratios: the Liquidity Coverage Ratio (“**LCR**”) and the NSFR. The LCR stipulates that banks must have a liquidity buffer that ensures a survival horizon of at least 30 calendar days in the case of a seriously stressed liquidity situation. The NSFR is intended to ensure a sound funding structure by promoting an increase in long-dated funding. The NSFR stipulates that at all times banks must have stable funding equal to the amount of their illiquid assets for one year ahead.

Danish SIFIs must have an LCR of 100 per cent. This requirement was enforced by October 2015. The NSFR awaits final specifications from the European Commission. The enforcement of the NSFR requirement is laid out in CRR to be in 2018.

With an LCR of 128 per cent. at the end of 2016, the Group complied with the LCR requirement as defined by the European Commission. The Group also complied with all other liquidity requirements. Stress tests show that the Group has sufficient liquidity buffer for more than the coming twelve months.

The European Commission’s proposal for an EU Banking reform package includes a proposal to review the CRR and the CRD IV Directive. The proposed amendments include, *inter alia*, changes to the market risk by implementing FRTB and the counterparty credit risk framework, introduction of a leverage ratio requirement and an NSFR requirement, revisions to the Pillar 2 framework, transition of IFRS 9 and its impact on capital ratios and revisions to the framework concerning IRRBB. The Group does not expect that the proposed changes will have any significant effect on its overall capital requirements.

Various other aspects of banking regulations are still under debate internationally in the Basel Committee of Banking Supervision, including a review of the standardised approach for credit and operational risk, constraints on the use of internal model approaches and the possible implementation of a broad REA floor based on the standardized approaches for measuring credit, market and operational risk. It is still too early to assess final effects of these potential changes since the finalisation of the revised standards have been postponed and the political dialogue on how and when to implement the revised standards in the EU has not yet been initiated.

Solvency II (insurance)

The new international insurance rules, Solvency II, took effect on 1 January 2016. The rules are intended to protect customer funds, and they will generally increase capital requirements. Danica Pension was well prepared. While the previous Solvency I capital requirements were volume based, the Solvency II requirements are risk based. As a forerunner of the Solvency II rules, the DFSA introduced individual solvency need requirements in 2007. Under these requirements, which are also risk based, Danish insurance companies were required to meet the higher of Solvency I and individual solvency need requirements. The individual solvency need requirements have been changed gradually in the period up to 2014 to bring Danish requirements closer to the Solvency II requirements.

Recent Developments

Danske Bank appoints new head of Group Risk Management

As announced in Company announcement No. 12/2017 of 21 February 2017, effective from 1 September 2017, Carsten Egeriis, 40, took over as the new Chief Risk Officer (CRO). He heads Group Risk Management and is a member of Danske Bank’s Executive Board. Management of Danske Bank

The Issuer's administrative bodies are the Board of Directors and the Executive Board. The Board of Directors, which consists of non-executive directors, is elected by the shareholders of the Issuer at the annual general meeting, with the exception of those directors who are elected pursuant to prevailing law concerning employee representation on the Board of Directors (currently four). The non-employee directors, who are elected by the shareholders, are elected for terms of one year and the number of such directors may range from six to ten. Directors are eligible for re-election. SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank PLC, BNP Paribas, Citigroup Global Markets Limited, Credit Suisse Securities (Europe) Limited, Danske Bank A/S (in its capacity as a Dealer), Deutsche Bank AG, London Branch, Goldman Sachs International, HSBC Bank plc, J.P. Morgan Securities plc, Merrill Lynch International, Morgan Stanley & Co. International plc, Société Générale and UBS Limited (the “**Dealers**”). Notes may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated 6 December 2017 (the “**Dealership Agreement**” which expression shall include any amendments or supplements thereto or any amendment and restatement thereof) and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of the appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: Regulation S Category 2; TEFRA D, unless TEFRA C is specified as applicable in the relevant Final Terms or Pricing Supplement; Rule 144A eligible if so specified in the relevant Final Terms or Pricing Supplement.

Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except that Notes in registered form may be offered or sold to qualified institutional buyers (as defined in Rule 144A under the Securities Act) in reliance on the exemption from registration requirements of the Securities Act provided by Rule 144A. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Dealership Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) (the “**distribution compliance period**”) within the United States or to, or for the account or benefit of, U.S. persons (other than Notes sold pursuant to Rule 144A), and it will have sent to each distributor, dealer or person to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the respective meanings given to them by Regulation S under the Securities Act.

In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A under the Securities Act (if available).

Prohibition of Sales to EEA Retail Investors

From 1 January 2018, unless the relevant Final Terms or Pricing Supplement specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further

Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms or Pricing Supplement in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of IMD, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Directive; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prior to 1 January 2018 and from that date if the relevant Final Terms or Pricing Supplement specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer(s) nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- **Financial promotion:** it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 would not, if the Issuer was not an authorised person, apply to the Issuer; and
- **General compliance:** it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “FIEA”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Law (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Denmark

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Denmark by way of a public offering, unless in compliance with the Danish Consolidated Act No. 251 of 21 March 2017 on Trading in Securities, as amended, supplemented or replaced from time to time, and any Executive Orders issued thereunder and in compliance with Executive Order No. 330 of 7 April 2016 to the Danish Financial Business Act.

General

With the exception of the application to the Central Bank for the approval of this document as a Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Ireland, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Term comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed “General” above.

TAXATION

The following is a general description of relevant tax considerations and is not to be regarded as a complete tax analysis of all tax issues related to the Notes. Prospective holders of Notes should consult their professional tax advisers if they are in doubt about their own tax position.

Denmark Taxation

According to the Danish tax laws in effect as of the date of this Base Prospectus, (i) payments of interest or principal amounts to any holder of a Note are not subject to taxation in Denmark, (ii) no withholding tax will be required on such payments and (iii) any gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark. This tax treatment applies solely to holders of Notes who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as “**FATCA**”, a “**foreign financial institution**” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. The issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Denmark) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “Terms and Conditions - Further Issues”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

The Proposed Financial Transaction Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of

circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

The sections referred to in such legend provide that a United States person who holds a Note or Coupon generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note or Coupon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

6. Settlement arrangements will be agreed between the Issuer, the relevant Dealer(s) and the Fiscal Agent, the Registrar or the VP Systems Agent, as the case may be, in relation to each Tranche of Notes.

7. (i) There has been no material adverse change in the prospects of the Issuer since 31 December 2016, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared; and
- (ii) there has been no significant change in the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole since 30 September 2017, the last day of the financial period in respect of which the most recent financial statements of the Issuer have been prepared.
8. There are no governmental, legal or arbitration proceedings against or affecting the Issuer or any of its Subsidiaries (and no such proceedings are pending or threatened of which the Issuer is aware) during a period covering at least the previous twelve months which have or may have in the recent past, individually or in the aggregate, significant effects on the profitability or the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole.
9. The annual financial statements of the Group for each of the financial years ended 31 December 2016 and 31 December 2015 have been audited by Deloitte Statsautoriseret Revisionspartnerselskab (“**Deloitte**”), being the relevant independent public auditors of the Issuer for such period. Deloitte is a member of “FSR – Danske Revisorer” (Association of State Authorised Public Accountants).
10. The Irish Listing Agent is Matheson and the address of its registered office is 70 Sir John Rogerson’s Quay, Dublin 2, Ireland. Matheson is acting solely in its capacity as listing agent for the Issuer in connection with the Notes and is not itself seeking admission of the Notes to trading on the regulated market of the Irish Stock Exchange.
11. For as long as the Programme remains valid with the Central Bank, hard copies of the following documents will be available, upon request, free of charge, from the registered office of the Issuer and from the Specified Office of the Paying Agent for the time being in London (where applicable, with an English translation thereof):
- (a) the Articles of Association of the Issuer;
- (b) the Agency Agreement;
- (c) the Deed of Covenant; and
- (d) the Dealership Agreement.

For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of the Irish Stock Exchange at www.ise.ie :

- (a) a copy of this Base Prospectus and any Final Terms relating to Notes which are admitted to trading on the Irish Stock Exchange’s regulated market; and
- (b) any supplements to this Base Prospectus, any future base prospectuses relating to the Programme and any supplements to any future base prospectuses relating to the Programme.

For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of the Issuer at www.danskebank.com (see “Documents Incorporated by Reference” for more details):

- (a) the Annual Reports (as defined in “Documents Incorporated by Reference”);
- (b) the Interim report – first nine months 2017 (as defined in “Documents Incorporated by Reference”);

 - (d) any other documents incorporated herein by reference from time to time.
12. In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the relevant Final Terms or Pricing Supplement. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.
 13. The issue price and amount of the Notes of any Tranche to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of the issue of such Tranche in accordance with prevailing market conditions.
 14. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
