

EUR 35,000,000,000 EURO MEDIUM TERM NOTE PROGRAMME

This Base Prospectus (the “**Base Prospectus**”) has been approved by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval by the Central Bank should not be considered as an endorsement of Danske Bank A/S (the “**Issuer**”) or of the quality of the Notes (as defined below) that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. In addition, such approval relates only to the Notes which are to be admitted to trading on the regulated market (the “**Regulated Market**”) of the Irish Stock Exchange plc trading as Euronext Dublin (“**Euronext Dublin**”) for the purposes of Directive 2014/65/EU (as amended) (“**MiFID II**”) and/or which are to be offered to the public in any Member State of the European Economic Area (each, a “**Member State**”) in circumstances that require the publication of a prospectus.

This Base Prospectus constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation and has been prepared for the purpose of giving information with regard to the issue of notes (the “**Notes**”) under the programme (the “**Programme**”).

Application has been made to Euronext Dublin for Notes issued under the Programme (other than Exempt Notes (as defined below)) during the period of 12 months from the date of this Base Prospectus to be admitted to the Official List of Euronext Dublin and trading on the Regulated Market. References in this Base Prospectus to Notes being “**listed**” (and all related references) on Euronext Dublin shall mean that such Notes have been admitted to the Official List of Euronext Dublin and to trading on the Regulated Market. Application may be made for Notes issued under the Programme (other than Exempt Notes) to be admitted to trading and to be listed on Nasdaq Copenhagen A/S or such other regulated market in the European Economic Area for the purposes of MiFID II as may be specified in the relevant Final Terms (as defined below). No assurance can be given that any such application will be successful.

This Base Prospectus is valid for 12 months from its date in relation to the Notes which are to be admitted to trading on a regulated market in the European Economic Area for the purposes of MiFID II. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

The requirement to publish a prospectus under the Prospectus Regulation only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area for the purposes of MiFID II and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. The requirement to publish a prospectus under the Financial Services and Markets Act 2000 (as amended) (the “**FSMA**”) only applies to Notes which are admitted to trading on a United Kingdom regulated market as defined in Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”) (“**UK MiFIR**”) and/or offered to the public in the United Kingdom other than in circumstances where an exemption is available under section 86 of the FSMA. References in this Base Prospectus to “**Exempt Notes**” are to Notes for which no prospectus is required to be published under the Prospectus Regulation and/or the FSMA. The Central Bank has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

Under the Programme, Notes may be (i) preferred senior notes (“**Preferred Senior Notes**”), (ii) non-preferred senior notes (“**Non-Preferred Senior Notes**”) or (iii) subordinated and, on issue, constituting Tier 2 Capital (as defined in the Terms and Conditions of the Notes) (“**Subordinated Notes**”), as indicated in the relevant Final Terms or Pricing Supplement (as defined below). The minimum denomination of each Note admitted to trading on a regulated market in the European Economic Area for the purposes of MiFID II or offered to the public in a Member State or in the United Kingdom in circumstances which would otherwise require the publication of a prospectus under the Prospectus Regulation or Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the “**UK Prospectus Regulation**”), as applicable, will be EUR 100,000 (or, if the relevant Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Prospective investors of all Notes are referred to the sections headed “European Economic Area Retail Investors”, “United Kingdom Retail Investors”, “MiFID II Product Governance/Target Market” and “UK MiFIR Product Governance/Target Market” on page 5 of this Base Prospectus.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the “**Securities Act**”) and may include Notes in bearer form which are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to, or for the account of, any U.S. persons. The Notes may be offered and sold outside the United States to non U.S. persons in reliance on Regulation S (“**Regulation S**”) under the Securities Act and within the United States to “qualified institutional buyers” (each a “**QIB**”) as defined in and pursuant to Rule 144A under the Securities Act (“**Rule 144A**”). Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms or Pricing Supplement and other offering material relating to the Notes, see “Subscription and Sale”.

An investment in Notes issued under the Programme involves certain risks. Prospective purchasers of Notes should ensure that they understand the nature of the relevant Notes and the extent of their exposure to risks and that they consider the suitability of the relevant Notes as an investment in the light of their own circumstances and financial condition. For a discussion of these risks see “Risk Factors” below.

This Base Prospectus should be read and construed together with any supplement hereto and with any documents incorporated by reference herein and, in relation to any Tranche (as defined in “*Terms and Conditions of the Notes*” below) of Notes, should be read and construed together with the relevant Final Terms or Pricing Supplement.

The Issuer has confirmed to the dealers (the “**Dealers**”) named under “*Subscription and Sale*” that this Base Prospectus (including for this purpose, the relevant Final Terms or Pricing Supplement) is true, accurate and complete in all material respects and is not misleading; that any opinions and intentions expressed herein are honestly held, are based on reasonable assumptions and are not misleading; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus the omission of which would, in the context of the Programme or the issue of the Notes, make any statement herein or opinions or intentions expressed herein misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing.

No person is or has been authorised by the Issuer or any Dealer to give any information or to make any representation not contained in or not consistent with this Base Prospectus (including any documents incorporated by reference in this Base Prospectus referred to below under “*Documents Incorporated by Reference*”) or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus, any Final Terms or any Pricing Supplement nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial situation of the Issuer since the date thereof, or, as the case may be, the date upon which this Base Prospectus has been most recently supplemented or the balance sheet date of the most recent financial statements which are deemed to be incorporated into this Base Prospectus by reference or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. None of the Dealers will verify or monitor the application of the proceeds of any Green Bonds (as defined below) issued under this Programme.

Each potential investor of Notes must determine the suitability of that investment in light of its own circumstances. In particular, each investor should: (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor’s financial activities are principally denominated; (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been, and will not be, registered under the Securities Act or any state securities laws. Unless otherwise specified in any supplement to this Base Prospectus, each Tranche of Notes is initially being

offered for sale outside the United States to non-U.S. persons in reliance on, and in accordance with, Regulation S or privately placed exclusively to persons reasonably believed by the relevant Dealer(s) to be QIBs within the meaning of Rule 144A. Each Tranche of Notes in registered form will be represented by a registered Note (each a “**Registered Note**”). Registered Notes which are sold in an “offshore transaction” within the meaning of Regulation S under the Securities Act (“**Regulation S Notes**”) will initially be represented by a permanent global registered Note (each a “**Regulation S Global Note**”) without interest coupons, which will be deposited on the relevant issue date either (a) in the case of a Tranche intended to be cleared through Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**”), with a common depository or common safe-keeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg or (b) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer(s). Registered Notes which are sold in the United States to QIBs within the meaning of Rule 144A (“**Rule 144A Notes**”) will initially be represented by a permanent global registered Note (each a “**Rule 144A Global Note**”) and, together with the Regulation S Global Notes, the “**Global Registered Notes**”), without interest coupons, which will be deposited on the relevant issue date with a custodian (the “**Custodian**”) for, and registered in the name of Cede & Co. as nominee for, The Depository Trust Company (“**DTC**”). **Neither this Base Prospectus nor any Final Terms or Pricing Supplement may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.**

The distribution of this Base Prospectus and any Final Terms or Pricing Supplement and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms or any Pricing Supplement comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions.

Neither this Base Prospectus nor any Final Terms or any Pricing Supplement constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus, any Final Terms or any Pricing Supplement should subscribe for or purchase any Notes. Each recipient of this Base Prospectus, any Final Terms or any Pricing Supplement shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The rating of certain Series (as defined in “*Terms and Conditions of the Notes*” below) of Notes to be issued under the Programme may be specified in the relevant Final Terms or Pricing Supplement. Whether or not each credit rating applied for in relation to a relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EU) No. 1060/2009 (as amended) (the “**CRA Regulation**”) will be disclosed in the relevant Final Terms or Pricing Supplement. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). A list of registered credit rating agencies is available on the European Securities and Markets Authority (“**ESMA**”) website at www.esma.europa.eu/page/List-registered-and-certified-CRAs (list last updated on 4 January 2021).

In general, United Kingdom regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the United Kingdom and registered under the Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the “**UK CRA Regulation**”). In the case of ratings issued by third country non-United Kingdom credit rating agencies, third country credit ratings can either be: (a) endorsed by a United Kingdom registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant United Kingdom registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances. In the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the United Kingdom, of existing pre-2021 ratings, provided the relevant conditions are satisfied. In particular, for one year following 31 December 2020, ratings

issued or endorsed before this date by an European Economic Area credit rating agency may continue to be used for regulatory purposes in the United Kingdom provided that the European Economic Area credit rating agency is part of a group in respect of which one of its undertakings is established and registered in the United Kingdom.

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the “**Benchmarks Regulation**”). If any such reference rate does constitute such a benchmark, the relevant Final Terms or Pricing Supplement will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Final Terms or Pricing Supplement. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Final Terms or Pricing Supplement to reflect any change in the registration status of the administrator.

All references in this Base Prospectus to “**Danish Kroner**”, “**kroner**”, “**DKr**” or “**DKK**” are to the currency of Denmark, to “**EUR**” or “**euro**” are to the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended, of those members of the European Union which are participating in the European economic and monetary union (the “**Eurozone**”), to “**CNY**” and “**Renminbi**” are to the lawful currency of the People’s Republic of China (the “**PRC**”) which, for the purposes of this definition only, excludes the Hong Kong Special Administrative Region of the PRC, the Macau Special Administrative Region of the PRC and Taiwan and all references to “**U.S.\$**”, “**USD**” and “**U.S. Dollars**” are to the currency of the United States of America.

In this Base Prospectus, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended, replaced or re-enacted.

EUROPEAN ECONOMIC AREA RETAIL INVESTORS

If the relevant Final Terms or Pricing Supplement in respect of any Notes includes a legend entitled “*Prohibition of Sales to European Economic Area Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended) (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

UNITED KINGDOM RETAIL INVESTORS

If the relevant Final Terms or Pricing Supplement in respect of any Notes includes a legend titled “*Prohibition of Sales to United Kingdom Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of UK MiFIR; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE/TARGET MARKET

The relevant Final Terms or Pricing Supplement in respect of any Notes will include a legend titled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID Product Governance rules under European Union Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purposes of the MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE/TARGET MARKET

The relevant Final Terms or Pricing Supplement in respect of any Notes will include a legend titled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. A distributor (as defined above) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product

Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purposes of the UK MiFIR Product Governance Rules.

RESPONSIBILITY STATEMENT

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Final Terms or Pricing Supplement for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer, the information contained in this Base Prospectus is in accordance with the facts and makes no omission likely to affect its import. References herein to this “**Base Prospectus**” are to this document, as supplemented from time to time, including the documents incorporated by reference.

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN THE RELEVANT FINAL TERMS OR PRICING SUPPLEMENT MAY OVER ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

RISK FACTORS

Prospective investors should read the entire Base Prospectus and reach their own views prior to making any investment decision.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies that may or may not occur.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the material risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.

The risks outlined below do not consider an investor's specific knowledge and/or understanding about risks typically associated with the Issuer and the acquisition and ownership of Notes, whether obtained through experience, training or otherwise, or the lack of such specific knowledge understanding, or circumstances that may apply to a particular investor.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section, unless otherwise stated. References to a numbered "Condition" shall be to the relevant Condition in the Terms and Conditions of the Notes.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Danske Bank Group is exposed to a variety of risks, the most significant of which are credit risk, market risk, liquidity, funding and capital risk, insurance and pension risk, and non-financial risk. Non-financial risk consists of model risk, operational risk, technology risk, financial crime risk, regulatory compliance risk and financial control and strategic risk.

The Danske Bank Group (the "**Danske Bank Group**" or the "**Group**") is exposed to a number of risks and manages them at different organisational levels. The principal risk categories are as follows:

- Credit risk: The risk of losses because debtors fail to meet all or part of their payment obligations to the Group. Credit risk includes counterparty credit risk.
- Market risk: The risk of losses or gains caused by changes in the market values of the Group's financial assets, liabilities and off-balance-sheet items resulting from changes in market prices or rates.
- Liquidity, funding and capital risk: The risk that the Group has to issue liabilities or own funds at excessive costs, is unable to pursue its business strategy due to balance sheet requirements and restrictions, or the Group ultimately cannot fulfil its payment obligations due to lack of funds.
- Insurance and pension risk: Danske Bank Group's insurance and pension risk consists of the risks originating from its ownership of Danica Pension. This includes market risk, life insurance risk and operational risk.
- Non-financial risk: The risk of financial losses or gains, regulatory impact, reputational impact or customer impact resulting from inadequate or failed internal processes or from people, systems or external events, including legal and compliance risks.

Failure to control these risks could result in adverse effects on the Issuer's financial performance and reputation.

Regulatory changes could materially affect the Issuer's business

The Issuer is subject to financial services laws, regulations, administrative actions and policies in Denmark and in each other jurisdiction in which the Issuer carries on business. Changes in supervision and regulation, in particular in Denmark, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually monitors the situation, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Various aspects of banking regulations are still under debate internationally, including *inter alia*, proposals to review standardised and internally modelled approaches for capital requirements for credit, market and operational risk (together with a proposed capital floor based on the revised standardised approaches for financial institutions using internal models) as well as proposals to increase a financial institution's ability to absorb losses in a situation where it is deemed no longer viable.

The Issuer is subject to risks as a result of implementation of the European Banking and Capital Markets Union. The Group has entities both within and outside the Eurozone.

The Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks

The Group may become involved in various disputes and legal proceedings in Denmark and other jurisdictions, including litigation and regulatory investigations. The Group's banking and other operations, including its insurance operations, like those of other financial services companies, have been the subject of regulatory scrutiny from time to time. For example, the Group is subject to applicable anti-money laundering and terrorist financing laws. The supervisory authorities conduct on-going inspections from time to time of the Group's compliance with anti-money laundering ("AML") legislation, sanctions, and terrorist financing laws, which can potentially lead to supervisory actions.

The Group is also subject to various laws and regulations relating to financial and trade sanctions in the jurisdictions in which it operates, including but not limited to those of the Nordic countries, the European Union and the United States. These laws and regulations require the Group, amongst other things, to adopt and enforce "know-your-customer" policies and procedures and in some countries to report specific transactions to the relevant regulatory authorities. In connection with such voluntary reporting by the Group or its correspondent banks, or otherwise as part of the Group's dialogue with such regulatory authorities, the Group from time to time shares information with them pertaining to certain customer payments that may have been made illegally or for improper purposes using the Group's banking network. Although the Group has adopted policies and procedures aimed at detecting and preventing the use of its banking network for illegal or improper purposes, such policies and procedures are not always effective in detecting and preventing such transactions, and the Group is continuously seeking to enhance its procedures. Failure by the Group to comply with financial and trade sanctions may result in regulatory investigations, fines and other penalties on the Group, and its business and reputation could suffer if customers use its banking network for such illegal or improper purposes.

Disputes and legal proceedings generally are subject to many uncertainties, and their outcomes are often difficult to predict, particularly in the earlier stages of a case or investigation. Adverse regulatory action or adverse judgments in litigation could result in reputational harm, fines or restrictions or limitations on the Group's operations, any of which could result in a material adverse effect on the Group's financial condition. Further information on specific legal proceedings and developments are included in the section "*Legal and Regulatory Proceedings*" on page 141 of this Base Prospectus.

The Issuer faces increased capital requirements due to the finalisation of the Basel III Framework

In December 2017, the Basel Committee on Banking Supervision (the “**BCBS**”) published revised standards. The political process to implement the revised standards in the European Union has only recently been initiated - therefore, the outcome is subject to substantial uncertainty. The Group expects the European Commission to present a legislative proposal in the first half of 2021. It is still too early to assess the potential impact in details. However, the Group expects the European Union implementation to imply increased risk exposure amount (“**REA**”) for the Group.

The European Union Banking Reform package (the “**EU Banking Reform**”), consisting of Directive 2019/878 of the European Parliament and of the Council (“**CRD V**”), Regulation (EU) 2019/876 of the European Parliament and of the Council (“**CRR II**”) and Directive (EU) 2019/879 of the European Parliament and of the Council (“**BRRD II**”), was adopted in June 2019. The rules implementing CRD V and BRRD II into Danish law, with certain exemptions, entered into force on 28 December 2020, whereas the CRR II, with certain exemptions, will be applicable from the end of June 2021. The Group assesses the rest of the package (CRR II) to have limited capital and REA impact on the Issuer. CRD V and BRRD II were implemented into Danish law by Act No. 2110 of 22 December 2020 on Changes to the Financial Business Act, the Recovery and Resolution Act of Certain Financial Undertakings, the Capital Markets Act and Cessation of the Act on Finansiell Stabilitet (changes as a result of the revision of CRD V and BRRD II) (the “**Danish BRRD II/CRD V Act**”). See also “*The claims of Holders in respect of Subordinated Notes are subordinated*” below regarding the Danish implementation of Article 48(7) of the BRRD II.

Until fully implemented, the Issuer cannot predict the precise effects of the changes that result from the implementation of the finalisation of the Basel III framework on its own financial performance or the impact on the pricing of its Notes issued under the Programme. Prospective investors in Notes should consult their own advisers as to the consequences of the implementation of the finalisation of the Basel III framework.

The European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. Should the Group enter into resolution this could, in certain limited circumstances, ultimately entail the bail-in of any Notes

The European Union-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU, as amended by Directive 2019/879/EU) (the “**BRRD**”) and its national implementation ultimately implies the risk of bail-in of the Notes issued by the Issuer if the Group were to enter into resolution, and the relevant resolution authority chose to apply the bail-in tool.

Holders of the Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool as described above and, in the case of Subordinated Notes, any non-viability loss absorption, which may result in Holders losing some or all of their investment. The exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of Holders, the price or value of their investment in any relevant Notes and/or the ability of the Issuer to satisfy its obligations under any relevant Notes. Prospective investors in Notes should consult their own advisers as to the consequences of the implementation of BRRD.

The Group will have to pay additional amounts under resolution funds or deposit guarantee schemes

In Denmark and other jurisdictions, deposit guarantee schemes and similar funds (“**Deposit Guarantee Schemes**”) have been implemented from which compensation for deposits may become payable to customers of financial services firms in the event a financial services firm is unable to pay, or unlikely to pay, claims against it. In most jurisdictions in which the Group operates, these Deposit Guarantee Schemes and resolution funds are funded, directly or indirectly, by financial services firms which operate and/or are licensed in the relevant jurisdiction. The future target level of funds to be accumulated in Deposit Guarantee Schemes and resolution funds across different European Union countries may exceed the minimum target levels provided for in the BRRD, Directive 2014/49/EC (the “**revised Deposit Guarantee Schemes Directive**”) and in Regulation

2014/806/EC of the European Parliament and of the Council establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation 1093/2010/EC (the “SRM”) (the latter of which will be relevant for Danish credit institutions should Denmark choose to participate in the Banking Union, which includes the SRM).

Through participation in the Deposit Guarantee Fund for Depositors and Investors (the “**Danish Guarantee Fund**”), Danish credit institutions undertake to cover losses incurred on covered deposits held with distressed credit institutions. The Danish Guarantee Fund’s capital must amount to at least 0.8 per cent. of the covered deposits of all Danish credit institutions by 31 December 2024. The Danish Guarantee Fund is currently fully funded, but if the fund subsequently does not have sufficient means to make the required payments, extraordinary contributions of up to 0.5 per cent. of the individual institution’s covered deposits may be required. Extraordinary contributions above this percentage require the consent of the DFSA. If the Danish Guarantee Fund’s capital falls below two-thirds of the minimum amount (0.8 per cent. of covered deposits), the Danish Guarantee Fund must reach the target level again within six years.

The Issuer, Realkredit Danmark and other Danish financial institutions must make contributions to the Danish resolution fund on the basis of the amount of their respective liabilities (excluding own funds) less covered deposits and risks relative to other financial institutions in Denmark. The assets of the Danish resolution fund must equal at least 1 per cent. of the covered deposits of all Danish financial institutions by 31 December 2024. The first contributions to the Danish resolution fund were paid in the fourth quarter of 2015. The intention is for losses to be covered by the annual contributions made by the participating financial institutions. Consequently, if the Danish resolution fund does not have sufficient means, extraordinary contributions of up to three times the latest annual contributions may be required.

In addition, the Issuer’s international subsidiaries contribute to national deposit guarantee schemes and resolution funds to the extent required.

The Group may be affected by economic and geopolitical conditions in the countries in which it operates

The financial services industry generally prospers in conditions of economic growth, stable geopolitical conditions, capital markets that are transparent, liquid and buoyant, and positive investor sentiment. Each of the Group’s operating segments is affected by general economic and geopolitical conditions, which can cause the Group’s results of operations and financial position to fluctuate from year to year as well as on a long-term basis. The Group’s performance is in particular significantly influenced by the general economic conditions of the countries in which it operates, in particular the Nordic markets (Denmark, Sweden, Norway and Finland) and Northern Ireland.

The novel strain of the coronavirus (“**COVID-19**”) pandemic caused an economic contraction in the Nordic countries in 2020. Preliminary data shows a decline in GDP of 3.3 per cent. in Denmark, 3 per cent. in Sweden, 3.1 per cent. in Norway and 2.8 per cent. in Finland. For comparison, the decline in the euro area was 6.8 per cent. and in the UK, it was 9.9 per cent. The economic contraction took place in the first half of the year, primarily as a result of restrictions on activity and voluntary restraint by consumers. There was a resurgence in activity in the third quarter of 2020 but not enough to restore GDP to pre-pandemic levels. New restrictions may cause a renewed decline in activity in the first quarter of 2021.

The crisis has not yet caused a significant increase in bankruptcies in 2020 in the Nordic countries. Government schemes have provided liquidity support, in many cases in the form of postponement of tax payments to 2021 or 2022. Hence, an elevated number of bankruptcies is likely as these payments become due. House prices have increased across the Nordics in 2020, despite the decline in GDP. Household savings have increased due to the decrease in spending.

From 2014 to 2019, Denmark has experienced annual GDP growth close to 2.5 per cent., and a sustained increase in employment. Growth has been driven by increasing consumption, business investment and exports. Growth in Sweden accelerated to 4.2 per cent. in 2015 supported by private consumption and housing investment.

Growth has since moderated to 1.8 per cent. in 2016, 2.8 per cent. in 2017 and 2.1 per cent. in 2018 as housing investment has declined. In 2019, unemployment increased and the economy slowed down further on the back of declining housing investments and only modest private consumption growth. GDP-growth was 1.4 per cent. in 2019. Norway was negatively affected by the decline in oil prices in 2014, but did not experience an actual recession and has, since 2017, been recovering from a period of low growth, as oil-related investment has recovered. Finland suffered 3 years of declining GDP due to, among other things, declining exports to Russia, and a need to tighten fiscal policy. Since 2015, growth has accelerated and reached 3.2 per cent. in 2017, driven primarily by investments and an increase in private consumption, before slowing to 1.1 per cent. in 2019.

Across the Nordic countries, growth has been sustained before 2020 by increasing private consumption in the years since the financial crisis. In Denmark and Sweden real wages have grown due to low inflation, and employment has increased. Norway has experienced higher inflation following the depreciation of the Norwegian Kroner, but real wage increases have remained positive. In Finland, real wages decreased in 2017 due to, among other things, an internal devaluation in the shape of a one-year wage freeze. However, real wages have since increased and low inflation and interest rates, combined with an income tax cut, have kept private consumption going strong. Years of rapid house price increases in Sweden and Norway reversed in 2017, especially in Sweden where prices decreased significantly in the second half of 2017 but have recovered since. Norwegian house prices declined in the first half of 2017 led by lower prices in Oslo as supply of new housing has increased and access to mortgage financing has been limited by regulatory measures. Since then, prices have increased again, on average to levels above the levels before the decline.

As Nordic countries are small, open economies, they are sensitive to disruptions in the global economy or the free flow of goods and services. Very accommodating central bank monetary policy and low interest rates have had, and continue to have, an impact on the Group's net interest income. Adverse economic developments have affected and will continue to affect the Group's business in a number of ways, including, among others, the income, wealth, liquidity, business and/or financial condition of the Group's customers, particularly its small- and medium-sized enterprise ("SME") customers, which, in turn, could further reduce the Group's credit quality (resulting in increased impairment charges) and demand for the Group's financial products and services. As a result, any or all of the conditions described above could continue to have a material adverse effect on the Group's business, results of operations and financial position, and measures implemented by the Group might not be satisfactory to reduce any credit, market and liquidity risks.

COVID-19 outbreak could continue to have a material adverse effect on the Group's business, results of operations and financial position.

COVID-19, identified in China in late 2019, has spread throughout the world and on 11 March 2020, the World Health Organization confirmed that its spread and severity had escalated to the point of pandemic. The outbreak of COVID-19 has resulted in authorities, including those in the Nordic countries, implementing numerous measures to try to contain the virus, such as travel bans and restrictions, curfews, lockdowns, quarantines and shutdowns of business and workplaces, and has led to materially increased volatility and declines in financial markets and significant worsening of the macroeconomic outlook. The duration of such restrictions is highly uncertain, but could be prolonged, and even stricter measures may be put in place. Such restrictions are already in place in all of the Group's markets.

The spread of COVID-19 has led the Group to modify its operational practices, and it may take further actions required by authorities or that it determines are in the best interests of its employees, customers and other stakeholders. There is no certainty that such measures will be sufficient to mitigate the risks posed by COVID-19, and the implementation of such measures (or their insufficiency) could harm the Group's ability to perform some of its critical functions and serve its customers. The pandemic and related counter-measures have affected and continue to affect some of the Group's customers adversely, which in some cases may be material, which could in turn have an adverse impact on the Group (for example, through deteriorations in credit quality and higher impairments). In 2020, credit quality remained overall strong, and the high level of expected credit losses mainly reflected two things. Firstly, the significant impairment charges in the first quarter of 2020 relating to changes in the forward-looking macroeconomic scenarios driven by the COVID-19 pandemic. Most of these were later released as key economic indicators and performed better than expected. The Issuer has, however, countered these

model-driven releases with sector-specific post-model adjustments of DKK 2.7 billion, as the Issuer continues its cautious approach to risks and visibility is limited. Secondly, the Issuer has booked charges against oil-related exposures of DKK 3.3 billion in 2020. So far, the need for charges against COVID-19 sensitive sectors have been fairly limited due to government support programmes and the Issuer's balanced portfolio.

The full economic impact of COVID-19 is outside of the Group's control and will depend on the spread of the virus and the response of the local authorities and the global community. COVID-19 had a negative impact on the Issuer's financial results for the year ending 31 December 2020 as loan impairment charges increased for the year ending 31 December 2020 due to more severe scenarios. The ability of the Group's customers to serve their contractual obligations, including to the Group, may also be materially adversely affected. The degree to which COVID-19 impacts the Group's results of operations, liquidity, access to funding and financial position will depend on future developments, which, as at the date of this Base Prospectus, are highly uncertain and cannot be predicted. These developments may include, but are not limited to, the duration and spread of COVID-19, its severity, actions taken to contain the virus or treat its impact, the extent and effectiveness of economic stimulus taken to contain the virus or treat its impact and how quickly and to what extent normal economic and business activity can resume.

The factors described above could, together or individually, have a material adverse effect on the business, results of operations, financial position and liquidity of the Group.

Factors which are material for the purpose of assessing the market and other risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

The Non-Preferred Senior Notes rank junior to the Issuer's other unsubordinated creditors

The Issuer may issue Non-Preferred Senior Notes, which will constitute direct, unconditional and unsecured Non-Preferred Senior Liabilities as described in Condition 5.2 (*Status – Non-Preferred Senior Notes*).

The Issuer may issue other obligations or instruments that rank or are expressed to rank senior to the Non-Preferred Senior Notes (including Preferred Senior Notes) or *pari passu* with the Non-Preferred Senior Notes, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer. In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay its depositors and other unsubordinated creditors of the Issuer that are not creditors in respect of Non-Preferred Senior Liabilities (including, without limitation, excluded liabilities of the Issuer pursuant to Article 72a(2) of the CRR) in full before it can make any payments on the Non-Preferred Senior Notes. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Non-Preferred Senior Notes. In addition, in the event of a liquidation or bankruptcy of the Issuer, to the extent the Issuer has assets remaining after paying its creditors who rank senior to the Non-Preferred Senior Notes, payments relating to other obligations or instruments of the Issuer that rank or are expressed to rank *pari passu* with the Non-Preferred Senior Notes may, if there are insufficient assets to satisfy the claims of all of the Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Non-Preferred Senior Notes on a liquidation or bankruptcy of the Issuer.

The claims of Holders in respect of Subordinated Notes are subordinated

The Issuer may issue Subordinated Notes which will constitute direct, unsecured and subordinated debt obligations of the Issuer as described in Condition 5.3 (*Status – Subordinated Notes*).

The Issuer may issue other obligations or capital instruments that rank or are expressed to rank senior to the Subordinated Notes or *pari passu* with the Subordinated Notes, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer. In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay (i) its depositors and other unsubordinated creditors (including creditors in respect of any Non-Preferred Senior Liabilities) and (ii) subject as described in the paragraph that follows, its other subordinated creditors (other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Subordinated Notes) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Subordinated Notes.

According to the Danish BRRD II/CRD V Act and the Danish implementation of Article 48(7) of the BRRD II in Section 13(4) of the Danish Recovery and Resolution Act, liabilities resulting from fully or partially recognised own funds instruments (within the meaning of the CRR, and including the Subordinated Notes) shall rank junior to all other liabilities. This would entail that, regardless of their contractual ranking, liabilities that are no longer at least partially recognised as an own funds instrument for the purpose of the CRR shall rank senior to any liabilities fully or partially recognised as an own funds instrument. Accordingly, in the event of a liquidation or bankruptcy of the Issuer, the Issuer will, *inter alia*, be required to pay subordinated creditors of the Issuer, whose claims arise from liabilities that no longer fully or partially are recognised as an own funds instrument (within the meaning of the CRR) in full before it can make any payments on the Subordinated Notes.

In addition, in the event of a liquidation or bankruptcy of the Issuer, to the extent the Issuer has assets remaining after paying its creditors who rank senior to the Subordinated Notes, payments relating to other obligations or capital instruments of the Issuer that rank or are expressed to rank *pari passu* with the Subordinated Notes may, if there are insufficient assets to satisfy the claims of all of the Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Subordinated Notes on a liquidation or bankruptcy of the Issuer.

Substitution and variation of the Subordinated Notes without Holder consent

Subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*), if a Special Event has occurred and is continuing, or to ensure the effectiveness or enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*), the Issuer may substitute all (but not some only) of the Subordinated Notes or vary the terms of all (but not some only) of the Subordinated Notes, without the requirement for the consent or approval of the Holders of the Subordinated Notes, so that they become or remain Qualifying Subordinated Notes.

Qualifying Subordinated Notes are securities issued or guaranteed by the Issuer that have, *inter alia*, terms which (i) adhere to the specific conditions outlined in the definition of "Qualifying Subordinated Notes" and (ii) are not otherwise materially less favourable to the Holders of the Subordinated Notes than the terms of the Subordinated Notes (provided that the Issuer shall have delivered a certificate to that effect signed by two of its directors to the Fiscal Agent).

In particular, potential investors should note that the Issuer may substitute all (but not some only) of the Subordinated Notes or vary the terms of all (but not some only) of the Subordinated Notes to ensure the effectiveness and enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*). In such circumstances, any change(s) included in the relevant Qualifying Subordinated Notes (compared to the terms of the relevant Subordinated Notes) for the purposes of ensuring the effectiveness and enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*) may be materially less favourable to investors. The relevant substitution or variation (which, as set out above, would not require the consent or approval of the relevant Holders) would not be dependent on the occurrence or continuation of a Special Event.

There can be no assurance that, due to the particular circumstances of each Holder, any Qualifying Subordinated Notes will be as favourable to each Holder in all respects or that, if applicable or if it were entitled

to do so, a particular Holder would make the same determination as the Issuer as to whether the terms of the relevant Qualifying Subordinated Notes are not materially less favourable to Holders than the terms of the Notes.

See Condition 10.10 (*Substitution and variation of Subordinated Notes*).

Substitution and variation of Preferred Senior Notes and Non-Preferred Senior Notes without Holder consent

Subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*), if the MREL/TLAC Disqualification Event Substitution/Variation Option is specified as being applicable in the relevant Final Terms or Pricing Supplement, and a MREL/TLAC Disqualification Event in relation to the relevant Series of Preferred Senior Notes or Non-Preferred Senior Notes, as the case may be, has occurred and is continuing, or to ensure the effectiveness or enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*) the Issuer may substitute all (but not some only) of such Notes or vary the terms of all (but not some only) of such Notes, without the requirement for the consent or approval of the Holders of such Notes, so that they become or remain Qualifying Preferred Senior Notes or Qualifying Non-Preferred Senior Notes, as applicable.

Qualifying Preferred Senior Notes and Qualifying Non-Preferred Senior Notes are securities issued or guaranteed by the Issuer that have, *inter alia*, terms which (i) adhere to the specific conditions outlined in the definition of “Qualifying Preferred Senior Notes” or “Qualifying Non-Preferred Senior Notes”, as applicable, and (ii) are not otherwise materially less favourable to the Holders of such Notes than the terms of such Notes (provided that the Issuer shall have delivered a certificate to that effect signed by two of its directors to the Fiscal Agent).

In particular, potential investors should note that the Issuer may substitute all (but not some only) of the relevant Series of Preferred Senior Notes or Non-Preferred Senior Notes, as the case may be, or vary the terms of all (but not some only) of such Notes to ensure the effectiveness and enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*). In such circumstances, any change(s) included in the relevant Qualifying Preferred Senior Notes or Qualifying Non-Preferred Senior Notes, as the case may be, (compared to the terms of the relevant Notes) for the purposes of ensuring the effectiveness and enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*) may be materially less favourable to investors. The relevant substitution or variation (which, as set out above, would not require the consent or approval of the relevant Holders) would not be dependent on the occurrence or continuation of a MREL/TLAC Disqualification Event.

There can be no assurance that, due to the particular circumstances of each Holder, any Qualifying Preferred Senior Notes or Qualifying Non-Preferred Senior Notes, as the case may be, will be as favourable to each Holder in all respects or that, if applicable or if it were entitled to do so, a particular Holder would make the same determination as the Issuer as to whether the terms of the relevant Qualifying Preferred Senior Notes or Qualifying Non-Preferred Senior Notes, as the case may be, are not materially less favourable to Holders than the terms of the relevant Notes.

See Condition 10.11 (*Substitution and variation of Preferred Senior Notes and Non-Preferred Senior Notes*).

There are no events of default and limited enforcement events in relation to the Notes

The terms of the Notes do not provide for any events of default. Holders of the relevant Series of Notes may not at any time demand repayment or redemption of such Notes, and enforcement rights for any payments are limited to the claim of Holders in a liquidation or bankruptcy of the Issuer. In a liquidation or bankruptcy of the Issuer, a Holder may prove or claim in such proceedings in respect of the relevant Series of Notes, such claim being for payment of the Outstanding Principal Amount of such Notes at the time of commencement of such liquidation or bankruptcy together with any interest accrued and unpaid on such Notes from (and including) the Interest Payment Date immediately preceding commencement of such liquidation or bankruptcy and any other amounts payable on such Notes under the Terms and Conditions.

According to Section 17(2) of Consolidated Act No. 11 of 6 January 2014, as amended or replaced from time to time (the “**Danish Bankruptcy Act**”) (in Danish: “*konkursloven*”), a debtor is insolvent if it cannot meet its obligations as and when they fall due, unless the inability to meet such obligations may be considered to be temporary. However, according to Section 234(2) of the Danish Financial Business Act, notwithstanding Section 17(2) of the Danish Bankruptcy Act, if the Issuer cannot meet its obligations regarding capital raised as hybrid core capital or subordinated loan capital, the Issuer will not be considered insolvent. Accordingly, a Holder of (i) Subordinated Notes, pursuant to the Danish Financial Business Act, or (ii) Preferred Senior Notes or Non-Preferred Senior Notes, pursuant to Condition 15.1 (*No events of default*), may not itself file for the liquidation or bankruptcy of the Issuer.

If proceedings with respect to the liquidation or bankruptcy of the Issuer should occur, the Holders of the relevant Series of Notes would be required to pursue their claims on such Notes in proceedings with respect to the Issuer in Denmark. In addition, to the extent that the relevant Holders are entitled to any recovery with respect to the Notes in any such Danish bankruptcy proceedings, such Holders would be entitled to a recovery in Danish Kroner. In the case of Notes denominated in currencies other than Danish Kroner, such recovery in Danish Kroner would be based on the relevant conversion rate in effect on the date the Issuer entered into such liquidation or bankruptcy proceedings.

The qualification of the Preferred Senior Notes and Non-Preferred Senior Notes as “eligible liabilities” is subject to uncertainty

The Preferred Senior Notes and Non-Preferred Senior Notes are intended to be “eligible liabilities” (or any equivalent or successor term) (“**MREL/TLAC Eligible Liabilities**”) which are available to meet any MREL/TLAC Requirement (however called or defined by then Applicable MREL/TLAC Regulations) of the Issuer and/or the Group.

If, for any reason, the relevant Preferred Senior Notes or Non-Preferred Senior Notes will be excluded from the MREL/TLAC Eligible Liabilities as a result of:

- (i) the implementation of any Applicable MREL/TLAC Regulations on or after the date of issue of the last Tranche of such Notes; or
- (ii) a change in any Applicable MREL/TLAC Regulations becoming effective on or after the date of issue of the last Tranche of such Notes,

then, if the MREL/TLAC Disqualification Event Substitution/Variation Option and/or the MREL/TLAC Disqualification Event Redemption Option is/are specified as being applicable in the relevant Final Terms or Pricing Supplement, a MREL/TLAC Disqualification Event may occur. See “*Substitution and variation of Preferred Senior Notes and Non-Preferred Senior Notes without Holder consent*” and “*If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return*” for the consequences of a MREL/TLAC Disqualification Event (in each case, if applicable).

No right of set-off or counterclaim

Subject as provided in the Terms and Conditions of the Notes, no Holder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the relevant Notes held by such Holder.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Interest rates and indices which are deemed to be “benchmarks” (such as, in the case of Floating Rate Notes, a Reference Rate or, in the case of Reset Notes, a Mid-Swap Floating Leg Benchmark Rate), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-European Union based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by European Union supervised entities (such as the Issuer) of “benchmarks” of administrators that are not authorised or registered (or, if non-European Union based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the “**UK Benchmarks Regulation**”) among other things applies to the provision of benchmarks and the use of a benchmark in the United Kingdom. Similarly, it prohibits the use in the United Kingdom by United Kingdom supervised entities of benchmarks of administrators that are not authorised by the United Kingdom Financial Conduct Authority (the “**FCA**”) or registered on the FCA register (or, if non-United Kingdom based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant “benchmark”.

More broadly, any of the national or international reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of national or international reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable, reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of certain benchmark rates (for example, LIBOR or EURIBOR) may adversely affect the value of Floating Rate Notes and/or Reset Notes which are linked to or which reference any such benchmark rate

The sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. The FCA has indicated through a series of announcements that LIBOR will not continue on the current basis. In particular, on 5 March 2021, the FCA announced the future cessation or loss of representativeness of the LIBOR benchmark settings currently published by ICE Benchmark Administration Limited (“**IBA**”). Pursuant to the latest FCA announcement, all LIBOR settings will either cease to be provided by an administrator or no longer be representative: (i) immediately after 31 December 2021, in the case of all euro LIBOR and Swiss franc LIBOR settings, the spot next, 1-week, 2-month and 12-month Japanese yen LIBOR settings, the overnight, 1-week, 2-month and 12-month sterling LIBOR settings, and the 1-week and 2-month U.S. dollar LIBOR settings; and (ii) immediately after 30 June 2023, in the case of the overnight, 1-month, 3-month, 6-month and 12-month U.S. dollar LIBOR settings. In relation to the remaining LIBOR settings (that is, the 1-month, 3-month and 6-month sterling, U.S. dollar and Japanese yen LIBOR settings), the FCA will consult or continue to consider the case for using its proposed powers to require IBA to continue publishing these settings on a ‘synthetic’ basis, though publication of the 1-month, 3-month and 6-month Japanese yen LIBOR settings would cease permanently at the end of 2022. Nevertheless, the FCA confirmed that, even if it does require IBA to continue publishing any of these nine remaining LIBOR settings on a ‘synthetic’ basis, such settings will no longer be representative of the underlying market and the economic reality that such settings are intended to measure and representativeness will not be restored. Therefore, after 31 December 2021 (or 30 June 2023 in relation to the overnight, 1-month, 3-month, 6-month and 12-month U.S. dollar LIBOR settings) all LIBOR settings will either cease to be provided by any administrator or no longer be representative.

Separately, the euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts without robust fallback provisions may increase the risk to the euro area financial system.

Investors should be aware that, if a benchmark rate were discontinued or otherwise unavailable, the rate of interest on Reset Notes and Floating Rate Notes which are linked to or which reference such benchmark rate will be determined for the relevant period by the fall-back provisions applicable to such Notes. The Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a published benchmark, such as EURIBOR, (including any page on which such benchmark may be published (or any successor service)) becomes unavailable.

If the circumstances described in the preceding paragraph occur and (i) in the case of Floating Notes, Reference Rate Replacement is specified in the relevant Final Terms or Pricing Supplement as being applicable and Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the rate of interest is to be determined or (ii) in the case of Reset Notes, Reference Rate Replacement is specified in the relevant Final Terms or Pricing Supplement as being applicable and Mid-Swap Rate is specified in the relevant Final Terms or Pricing Supplement as the Reset Reference Rate (any such Notes, “**Relevant Notes**”), such fallback arrangements will include the possibility that:

- (A) the relevant rate of interest (or, as applicable, any component part thereof) could be set or, as the case may be, determined by reference to a Successor Reference Rate or an Alternative Reference Rate (as applicable) determined by the Issuer (following consultation with an Independent Adviser (if applicable)); and

- (B) such Successor Reference Rate or Alternative Reference Rate (as applicable) may be adjusted (if required) by the Issuer (following consultation with an Independent Adviser (if applicable)) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the Original Reference Rate with the relevant Successor Reference Rate or Alternative Reference Rate (as applicable), however, such adjustment may not be successful in eliminating economic prejudice,

in any such case, acting in good faith and in a commercially reasonable manner as described more fully in the Terms and Conditions of the Relevant Notes.

In addition, the Issuer (following consultation with an Independent Adviser (if applicable)) may also determine (acting in good faith and in a commercially reasonable manner) that other amendments to the Terms and Conditions of the Notes are necessary in order to follow market practice in relation to the relevant successor rate or alternative rate (as applicable) and to ensure the proper operation of the relevant Successor Reference Rate or Alternative Reference Rate (as applicable).

No consent of the Holders shall be required in connection with effecting any relevant Successor Reference Rate or Alternative Reference Rate (as applicable) or any other related adjustments and/or amendments described above.

If, following the occurrence of a Benchmark Event, no Successor Reference Rate or Alternative Reference Rate is determined, the ultimate fallback for determining the rate of interest for a particular Interest Period, Interest Accrual Period or Reset Period (as applicable) may result in the rate of interest for the last preceding Interest Period, Interest Accrual Period or Reset Period (as applicable) being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes (as applicable) based on the rate which was last observed on the Relevant Screen Page for the purposes of determining the rate of interest in respect of an Interest Period, an Interest Accrual Period or a Reset Period (as applicable). In addition, due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Reset Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Reset Notes. Investors should note that, in the case of Relevant Notes, the Issuer (following consultation with an Independent Adviser (if applicable)) will have discretion to adjust the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Holder, any such adjustment will be favourable to each Holder.

In addition, potential investors should also note that:

- (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made if, and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Relevant Notes as (i) in the case of Preferred Senior Notes (if applicable) or Non-Preferred Senior Notes, MREL/TLAC Eligible Liabilities; or (ii) in the case of Subordinated Notes, Tier 2 Capital of the Issuer and/or the Group; and/or
- (ii) in the case of Preferred Senior Notes (if applicable) and Non-Preferred Senior Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the DFSA treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

In all such circumstances, the ultimate fallback for determining the rate of interest (which is described above) will apply.

The market continues to develop in relation to SONIA and SOFR as reference rates

On 29 November 2017, the Bank of England and the FCA announced that the Bank of England's Working Group on Sterling Risk-Free Rates had been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (“**SONIA**”) over the following four years across sterling bond, loan and derivatives markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions of the Notes and used in relation to relevant Notes that reference a SONIA rate issued under this Base Prospectus.

The Secured Overnight Financing Rate (“**SOFR**”) is published by the Federal Reserve Bank of New York (the “**Federal Reserve**”) and is intended to be a broad measure of the cost of borrowing cash overnight collateralised by Treasury securities. The Federal Reserve notes on its publication page for SOFR that the Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. Because SOFR is published by the Federal Reserve based on data received from other sources, the Issuer has no control over its determination, calculation or publication. There can be no guarantee that SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in relevant Notes linked to SOFR. If the manner in which SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes. The Federal Reserve began to publish SOFR in April 2018. The Federal Reserve has also begun publishing historical indicative SOFR rates going back to 2014. Investors should not rely on any historical changes or trends in SOFR as an indicator of future changes in SOFR. Also, since SOFR is a relatively new market index, Notes linked to SOFR may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SOFR, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of any Notes linked to SOFR may be lower than those of later-issued indexed debt securities as a result.

The Issuer may in the future also issue Notes referencing SONIA or SOFR that differ materially in terms of interest determination when compared with any previous SONIA or SOFR referenced Notes issued by it under this Base Prospectus. The development of Compounded Daily SONIA and Weighted Average SOFR as interest reference rates for the Eurobond markets, as well as continued development of SONIA and SOFR based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA or SOFR referenced Notes issued under this Base Prospectus from time to time.

Furthermore, interest on Notes which reference Compounded Daily SONIA or Weighted Average SOFR is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference Compounded Daily SONIA or Weighted Average SOFR to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes.

In addition, the manner of adoption or application of SONIA or SOFR reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA or SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR reference rates across these markets may impact any hedging or other financial

arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA or SOFR.

Further, if SONIA or SOFR do not prove to be widely used in securities like the Notes, the trading price of such Notes linked to SONIA or SOFR may be lower than those of Notes linked to indices that are more widely used. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Fixed/Floating Rate Notes have certain risks

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Holders.

Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same Reference Rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes issued at a substantial discount or premium have certain risks

The value of any specific Series of Notes issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest bearing securities. Usually, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Any such price volatility may have an adverse effect on the market value of any specific Series of Notes issued at a substantial discount or premium to their nominal amount.

The Issuer has issued covered bonds. If any relevant claims in respect of these covered bonds are not met out of the pool of assets or the proceeds arising from it, any remaining claims will subsequently rank pari passu with the Issuer's obligations under Preferred Senior Notes and ahead of the obligations under Non-Preferred Senior Notes as well as the Issuer's obligations under Subordinated Notes

The Issuer has issued covered bonds in accordance with the Danish Financial Business Act.

In accordance with the UCITS Directive and the Capital Requirement Directive, the covered bonds have the benefit of priority over a matched pool of assets upon bankruptcy of the Issuer. To the extent that claims in relation to the covered bonds and related derivative contracts, any refinancing bonds issued by the administrator, any short-term loans taken out by the administrator and any senior debt (if any) issued with the benefit of the assets in the cover pool are not met out of the pool of assets or the proceeds arising from it, the residual claims will rank *pari passu* with the unsecured and unsubordinated obligations of the Issuer, including obligations under Preferred Senior Notes and ahead of the obligations under Non-Preferred Senior Notes as well as of the subordinated obligations of the Issuer, including obligations under Subordinated Notes.

In respect of any Notes issued with a specific use of proceeds, such as a 'Green Bond', there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The relevant Final Terms or Pricing Supplement relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply an amount equal to the proceeds from an offer of those Notes specifically for Green Loans (as defined in "Use of Proceeds" below) that promote climate-friendly and other environmental purposes and Notes issued thereunder to be referred to as "**Green Bonds**". For the avoidance of doubt, neither the proceeds of any Green Bonds nor any amount equal to such proceeds will be segregated by the

Issuer from its capital and other assets and there will be no direct or contractual link between any Green Bonds and any Green Loans.

Prospective investors should have regard to the information in this Base Prospectus and/or the relevant Final Terms or Pricing Supplement regarding such use of an amount equal to such proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Green Bonds together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of an amount equal to such proceeds for any Green Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Green Loans). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or “sustainable” or an equivalently-labelled loan or as to what precise attributes are required for a particular loan to be defined as “green” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any loans or uses the subject of, or related to, any Green Loans will meet any or all investor expectations regarding such “green”, “sustainable” or other equivalently-labelled performance objectives (including under Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so-called EU Taxonomy)) or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Green Loans. The Issuer has published a framework relating to an investment in Green Loans which is available on the Issuer’s website (www.danskebank.com) and which may be amended or updated from time to time (the “**Issuer’s Green Bond Framework**”). The most recent version of the Issuer’s Green Bond Framework will be available on the Issuer’s website.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Green Bonds and in particular with any Green Loans to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Green Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Green Bonds. Currently, the providers of such opinions and certifications are not subject to any specific oversight or regulatory or other regime.

In the event that any such Green Bonds are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Loans. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Green Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Green Bonds. For the avoidance of doubt, the loss of any such listing or admission to trading will not give rise to any redemption rights under the terms of the Green Bonds.

While it is the intention of the Issuer to apply an amount equal to the proceeds of any Green Bonds in, or substantially in, the manner described in this Base Prospectus and/or the relevant Final Terms or Pricing Supplement, there can be no assurance that the relevant loan(s) or use(s) which are the subject of, or related to, any Green Loans will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly the amount equal to such proceeds will be totally disbursed for the specified Green Loans. Nor can there be any assurance that such Green Loans will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer.

Any such event or failure to apply an amount equal to the proceeds of any issue of Green Bonds for any Green Loans, as aforesaid, will not (i) constitute an event of default or, as the case may be, enforcement event under the relevant Green Bonds, (ii) create an obligation for the Issuer to redeem the Green Bonds; (iii) give Holders an option to redeem the Green Bonds; (iv) constitute an incentive to redeem; or (v) prejudice the relevant Green Bonds' qualification as Tier 2 Capital or MREL/TLAC Eligible Liabilities (as applicable). Any Green Bonds may also be subject, as applicable, to any of the other risks highlighted in the section "*Risks related to the structure of a particular issue of Notes*", including any bail-in and resolution measures available under BRRD in the same way as any other Notes issued under the Programme are subject thereto, see "*The European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. Should the Group enter into resolution this could, in certain limited circumstances, ultimately entail the bail-in of any Notes*" above.

The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any such Green Bonds no longer being listed or admitted to trading on any stock exchange or securities market, as aforesaid, may have a material adverse effect on the value of such Green Bonds, and also potentially the value of any other Green Bonds which are intended to finance Green Loans, and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Notes denominated in Renminbi and in other emerging market currencies are subject to additional risks

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi and other emerging markets currencies:

The Renminbi is not completely freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

The Renminbi is not completely freely convertible at present. The PRC government continues to regulate conversion between the Renminbi and foreign currencies, despite the significant reduction over the years by the PRC government of control over routine foreign exchange transactions under current accounts. Currently, participating banks in Hong Kong and a number of other jurisdictions have been permitted to engage in the settlement of current account trade transactions in Renminbi. However, remittance of Renminbi by foreign investors into and out of the PRC for purposes such as capital contributions, known as capital account items, is generally only permitted upon obtaining specific approvals from the relevant authorities on a case-by-case basis and subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

Since 1 October 2016, the Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund and policies further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by the People's Bank of China in 2018. However, there is no assurance that the PRC government will continue to liberalise gradually the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under CNY Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the CNY Notes and the Issuer's ability to source Renminbi outside the PRC to service such CNY Notes

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that access to Renminbi for the purposes of making payments under the Notes by the Issuer (or generally) will remain, that no new PRC regulations will be promulgated or that the settlement agreements will not be terminated or amended in the future (which will have the effect of restricting availability of Renminbi offshore). The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service the CNY Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all. If Currency Events are specified as applying in the relevant Final Terms or Pricing Supplement, the occurrence of a Currency Event may, at the option of the Issuer, lead to postponement of payments under the Notes or payment in an alternative currency.

Payments for CNY Notes will only be made to investors in the manner specified for such Notes in the conditions of the Notes

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong. Except in the limited circumstances stipulated in Condition 11.10 (*Currency Events*), all payments to investors in respect of CNY Notes will be made solely (i) for so long as such Notes are represented by a Temporary Global Note or a Permanent Global Note, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing Euroclear and Clearstream, Luxembourg rules and procedures, or (ii) in the case of Definitive Notes, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. Other than as described in the Terms and Conditions of the Notes, the Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Emerging Market Currencies may not be freely convertible and the availability of such currency outside the relevant country may be limited

Where the Notes are denominated in certain other emerging market currencies (each an “**Emerging Market Currency**”) including, without limitation, the Russian Ruble, Mexican Peso or Turkish Lira, prospective investors in the Notes should be aware that Emerging Market Currencies may not be freely convertible and, in each case, the availability of the relevant Emerging Market Currency outside the relevant country may be limited.

In the case of Notes denominated in an Emerging Market Currency, there can be no assurance that access to funds in the relevant Emerging Market Currency for the purposes of making payments under the Notes or generally will remain available or will not become restricted. The value of an Emerging Market Currency against foreign currencies fluctuates and may be affected by changes in the relevant country's and international political and economic conditions and by many other factors. As a result, foreign exchange fluctuations between the Investor's Currency and an Emerging Market Currency may affect an investor who intends to convert gains or losses from the sale or redemption of the Notes into the Investor's Currency.

If Currency Events are specified as applying to the relevant Final Terms or Pricing Supplement, the occurrence of a Currency Event may, at the option of the Issuer, lead to postponement of payments under the Notes or payment in an alternative currency.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. See also “*The Group may be affected by economic and geopolitical conditions in the countries in which it operates*” above.

If an investor holds Notes which are not denominated in the investor’s home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency or Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (i) the Investor’s Currency-equivalent yield on the Notes, (ii) the Investor’s Currency-equivalent value of the principal payable on the Notes and (iii) the Investor’s Currency-equivalent market value of the Notes.

Governmental and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors in the Notes may receive less interest or principal than expected, or no interest or principal as measured in the Investor’s Currency.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

In addition, a holder of securities with a fixed interest rate that will be periodically reset during the term of the relevant securities, such as Notes to which the reset provisions apply, is also exposed to the risk of fluctuating interest rate levels and uncertain interest income.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes and may be lowered, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes or the standing of the Issuer.

The expected rating(s), if any, of the Notes will be set out in the relevant Final Terms or Pricing Supplement for each Series of Notes. Any rating agency may lower its rating or withdraw its rating if, in the sole judgement of the rating agency, the credit quality of the Notes has declined or is in question. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

There is no guarantee that any rating of the Notes and/or the Issuer will be maintained by the Issuer following the date of this Base Prospectus. If any rating assigned to the Notes and/or the Issuer is revised lower, suspended, withdrawn or not maintained by the Issuer, the market value of the Notes may be reduced.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors

The Terms and Conditions of the Notes contain provisions for calling meetings (including by way of conference call or by use of a videoconference platform) of Holders to consider and vote upon matters affecting their interests generally, or to pass resolutions. These provisions permit a defined proportion of Holders, as the case may be, to bind all Holders including Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority. Any modification to the Terms and Conditions of the Notes pursuant to the operation of such provisions is subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*).

In addition, the Issuer may, subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*), make any modification to the Notes of any Series, the Terms and Conditions of the Notes of any Series, the Agency Agreement, the VP Systems Agency Agreement and/or the Deed of Covenant which is not prejudicial to the interests of the Holders of such Series without the consent of the Holders of such Series. Any such modification shall be binding on the Holders of such Series.

Investors who purchase Bearer Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if Definitive Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus an integral multiple of another smaller amount in excess thereof, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, Holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 30 March 2021, a copy of which will be available for inspection at the specified office of the Fiscal Agent.

As at the date of this Base Prospectus, the Issuer has been rated by each of S&P, Fitch and Moody's as follows:

	S&P	Fitch	Moody's
long-term Issuer default rating	A	A	A3
short-term Issuer default rating	A-1	F1	P-2

Each of S&P, Fitch, Scope, Moody's and NCR is established in the European Union and is registered under the CRA Regulation and is included in the list of credit rating agencies registered in accordance with the CRA Regulation as of the date of this Base Prospectus. This list is available on the ESMA website at www.esma.europa.eu/page/List-

[registered-and-certified-CRAs](#) (list last updated on 4 January 2021). Whether or not each credit rating applied for in relation to a Series of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms or Pricing Supplement.

However, there is no guarantee that any rating of the Programme and/or the Issuer assigned by any such rating agency will be maintained following the date of this Base Prospectus, and the Issuer may seek to obtain ratings of the Programme and/or the Issuer from other rating agencies.

Series of Notes issued under the Programme may be rated or unrated and, if rated, rated by fewer than the five mentioned (or other) rating agencies. Where a Series of Notes is rated, such rating (which may be an expected rating) will not necessarily be the same as the rating(s) assigned to the Programme and/or the same as the rating(s) assigned to previous Series of Notes already issued, and will be specified in the relevant Final Terms or Pricing Supplement. There is no guarantee that any of the rating(s) of any Series of Notes will be maintained following the date of the relevant Final Terms or Pricing Supplement.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Up-to-date information should always be sought by direct reference to the relevant rating agency.

Selling Restrictions:

There are restrictions on the transfer of Regulation S Notes prior to the expiration of the relevant distribution compliance period, see “*Subscription and Sale*” below. Exempt Notes:

The Issuer may agree with any Dealer that Exempt Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes and this General Description of the Programme, in which event the relevant provisions will be included in the relevant Pricing Supplement.

OVERVIEW OF FORM OF THE NOTES

Words and expressions defined in “Terms and Conditions of the Notes” herein shall have the same meanings in this “Overview of Form of the Notes”.

The Notes of each Series will be in bearer form, registered form or, in the case of VP Systems Notes, uncertificated and dematerialised book entry form.

Form of Bearer Notes

Each Tranche of Bearer Notes will initially be in the form of either a temporary global note (the “**Temporary Global Note**”), without interest Coupons, or a permanent global note (the “**Permanent Global Note**” and together with the Permanent Global Note and the Global Registered Notes (as defined above), the “**Global Notes**” and each a “**Global Note**”), without interest Coupons, in each case as specified in the relevant Final Terms or Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note which is not intended to be issued in NGN form, as specified in the relevant Final Terms or Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and Clearstream, Luxembourg and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms or Pricing Supplement, will be deposited on or around the relevant issue date with a common safe-keeper for Euroclear and/or Clearstream, Luxembourg.

If the Notes have a maturity of more than 1 year, unless the relevant Final Terms or Pricing Supplement specifies that United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA C Rules**”) are applicable in relation to the Notes, United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA D Rules**”) will apply in relation to the Notes. If the Notes do not have a maturity of more than 1 year, neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “*Temporary Global Note exchangeable for Permanent Global Note*”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange of a part of the Temporary Global Note) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) in either case, receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

The Outstanding Principal Amounts of the relevant Notes represented by the Permanent Global Note shall be equal to the aggregate of the original principal amounts specified in the certificates of non-U.S. beneficial ownership as adjusted to reflect any reduction as required by then current legislation and/or regulations applicable to the Issuer; provided, however, that in no circumstances shall the Outstanding Principal Amounts of the relevant Notes represented by the Permanent Global Note exceed the initial principal amount of such Notes represented by the Temporary Global Note.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “*Temporary Global Note exchangeable for Definitive Notes*”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Bearer Notes in definitive form (“**Definitive Notes**”) not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms or Pricing Supplement), in Outstanding Principal Amounts equal to the aggregate of the original principal amounts specified in the certificates of non-U.S. beneficial interest as adjusted to reflect any reduction as required by then current legislation and/or regulations applicable to the Issuer, in each case, to the bearer of the Temporary Global Note against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within thirty days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “*Permanent Global Note exchangeable for Definitive Notes*”, then the Notes will initially be in the form of a Permanent Global Note. If the relevant Final Terms or Pricing Supplement specifies the form of Notes as being “*Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes*”, then the Notes will be initially in the form of a Temporary Global Note which will be exchangeable for a Permanent Global Note as set out above. In each case, the Permanent Global Note will be exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms or Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Final Terms or Pricing Supplement, save that this paragraph (ii) shall not apply if the relevant Final Terms or Pricing Supplement specifies denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount; or
- (iii) if the relevant Final Terms or Pricing Supplement specifies “in the limited circumstances described in the Permanent Global Note”, then if:
 - Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of legal holidays) or announces an intention permanently to cease business or in fact does so; or
 - any of the circumstances described in Condition 15 (*Enforcement Events*) occurs.

The Permanent Global Note will also become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Notes if, by reason of any change in the laws of Denmark, the Issuer will be

required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are in definitive form.

Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons. Interest-bearing Definitive Notes, if so specified in the relevant Final Terms or Pricing Supplement, will have attached thereto at the time of their initial delivery, Talons for further coupons and the expression Coupons shall, where the context so requires, include Talons.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms or Pricing Supplement), in an aggregate principal amount equal to the Outstanding Principal Amounts of the relevant Notes represented by the Permanent Global Note, in each case, to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within thirty days of (i) the bearer or, as the case may be, the Issuer requesting such exchange or (ii) the expiry of the relevant period of notice.

Each Definitive Note shall state that its Outstanding Principal Amount may be reduced as required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

The Permanent Global Note also provides, *inter alia*, that:

- (i) if Definitive Notes have not been delivered in accordance with the terms of the Permanent Global Note by 6.00 p.m. (London time) on the thirtieth day after the day on which such Permanent Global Note becomes due to be exchanged; or
- (ii) if the Permanent Global Note (or any part thereof) becomes due and payable in accordance with the Terms and Conditions or the date for final redemption of the Permanent Global Note has occurred, and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made on the due date for payment by 6.00 p.m. (London time) on such due date,

then such Permanent Global Note will become void in accordance with its terms but without prejudice to the rights conferred by the Deed of Covenant.

Form of Registered Notes

Each Tranche of Registered Notes will initially be represented by a Global Registered Note which will either be a Regulation S Global Note (representing Regulation S Notes) or a Rule 144A Global Note (representing Rule 144A Notes). Registered Notes will be in substantially the forms (subject to amendment and completion) scheduled to the Agency Agreement. Notes issued in registered form will not be represented upon issue by a Temporary Global Note and Registered Notes will not be exchangeable for Bearer Notes.

Upon the initial deposit of a Regulation S Global Note in respect of Registered Notes, registration of such Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg or, in the case of Registered Notes held under the new safekeeping structure (“NSS”), in the name of a nominee of the common safe-keeper, and delivery of the relevant Global Note to the common depositary or common safe-keeper, as the case may be, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Upon the initial deposit of a Rule 144A Global Note in respect of Registered Notes, registration of such Registered Notes in the name of Cede & Co. as nominee for DTC and delivery of the relevant Global Note to the Custodian for DTC, DTC will credit each participant with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

A Regulation S Global Note will be deposited on the relevant issue date either (a) in the case of a Series intended to be cleared through Euroclear and/or Clearstream, Luxembourg, with a common depositary or common safe-keeper, as the case may be, on behalf of Euroclear and Clearstream, Luxembourg or (b) in the case of a Series intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream, Luxembourg, or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer(s).

A Rule 144A Global Note will be deposited on the relevant issue date with the Custodian for, and registered in the name of Cede & Co. as nominee for, DTC. Definitive Notes issued in exchange for a beneficial interest in a Rule 144A Global Note shall bear the legend applicable to such Notes as set out in “*Transfer Restrictions*” herein.

A Global Registered Note will become exchangeable, in whole but not in part only and at the request of the registered Holder of the Global Registered Note, for Registered Notes in definitive form (“**Definitive Registered Notes**”):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms or Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Final Terms or Pricing Supplement; or
- (iii) if the relevant Final Terms or Pricing Supplement specifies “in the limited circumstances described in the Global Registered Note”, then if:
 - Euroclear, Clearstream, Luxembourg, DTC or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or
 - any of the circumstances described in Condition 15 (*Enforcement Events*) occurs.

The Global Registered Note will also become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Registered Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are represented by Definitive Registered Notes.

Whenever the Global Registered Note is to be exchanged for Definitive Registered Notes, such Registered Notes will be issued in an aggregate principal amount equal to the Outstanding Principal Amounts of the relevant Notes represented by the Global Registered Note, in each case, within five business days of the delivery, by or on behalf of the registered Holder of the Global Registered Note, Euroclear and/or Clearstream, Luxembourg and/or DTC, to the Registrar of such information as is required to complete and deliver such Definitive Registered Notes (including, without limitation, the names and addresses of the persons in whose names the Definitive Registered Notes are to be registered and the principal amount of each such person’s holding) against the surrender of the Global Registered Note at the Specified Office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any Holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Each Definitive Registered Note shall state that its Outstanding Principal Amount may be reduced as required by then current legislation and/or regulations applicable to the Issuer and that details of its Outstanding Principal Amount may be obtained during normal business hours at the Specified Office of the Fiscal Agent.

The Global Registered Note also provides, *inter alia*, that:

- (i) if Definitive Registered Notes have not been issued and delivered by 6.00 p.m. (London time) on the thirtieth day after the date on which the same are due to be issued and delivered in accordance with the terms of the Global Registered Note; or
- (ii) any of the Notes evidenced by the Global Registered Note has become due and payable in accordance with the Terms and Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the Holder of the Global Registered Note on the due date for payment in accordance with the terms of the Global Registered Note,

then the Global Registered Note (including the obligation to deliver Definitive Registered Notes) will become void at 6.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 6.00 p.m. (London time) on such date (in the case of (ii) above) and the Holder will have no further rights thereunder (but without prejudice to the rights which the Holder or others may have under the Deed of Covenant).

The Terms and Conditions applicable to any Definitive Note or Definitive Registered Note will be endorsed on that Note and will consist of the Terms and Conditions set out under “*Terms and Conditions of the Notes*” below and the provisions of the relevant Final Terms or Pricing Supplement which complete and/or (in the case of Exempt Notes only) amend and/or replace those Terms and Conditions.

The Terms and Conditions applicable to any Notes represented by one or more Global Notes will differ from those Terms and Conditions which would apply to the Notes were they in definitive form to the extent described in this “*Overview of Form of the Notes*”.

The Non-Preferred Senior Notes constitute direct, unconditional and unsecured Non-Preferred Senior Liabilities and will at all times rank:

- (i) *pari passu* without any preference among themselves;
- (ii) *pari passu* with all other Non-Preferred Senior Liabilities, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer;
- (iii) senior to holders of the Ordinary Shares and any subordinated obligations or instruments that rank or are expressed to rank junior to the Non-Preferred Senior Liabilities, in each case as regards the right to receive periodic payments (to the extent any such periodic payment has not been cancelled) on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer; and
- (iv) junior to present or future claims of (a) depositors of the Issuer and (b) other unsubordinated creditors of the Issuer that are not creditors in respect of Non-Preferred Senior Liabilities (including, without limitation, excluded liabilities of the Issuer pursuant to Article 72a(2) of the CRR), in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer.

5.3 *Status – Subordinated Notes*: The Subordinated Notes (in Danish: “*kapitalbeviser*”) on issue constitute Tier 2 Capital.

The Subordinated Notes constitute direct, unsecured and subordinated debt obligations of the Issuer, and will, subject to any ranking as provided for in the Danish implementation of Article 48(7) of the BRRD in Section 13(4) (as amended or replaced from time to time) of the Danish Recovery and Resolution Act, at all times rank:

- (i) *pari passu* without any preference among themselves;
- (ii) *pari passu* with (a) any obligations or capital instruments of the Issuer which constitute Tier 2 Capital and (b) any other obligations or capital instruments that rank or are expressed to rank equally with the Subordinated Notes, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer;
- (iii) senior to holders of the Ordinary Shares and any other obligations or capital instruments that rank or are expressed to rank junior to the Subordinated Notes, in each case as regards the right to receive periodic payments (to the extent any such periodic payment has not been cancelled) on a liquidation or bankruptcy of the Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the Issuer; and
- (iv) junior to present or future claims of (a) depositors of the Issuer and other unsubordinated creditors of the Issuer (including any Non-Preferred Senior Liabilities) and (b) other subordinated creditors of the Issuer (other than present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Subordinated Notes).

5.4 *Waiver of Set-off*

Subject to applicable law, no Holder, who shall in the event of the liquidation or bankruptcy of the Issuer be indebted to the Issuer, shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Holder.

6. Fixed Rate Note and Reset Note Provisions

Fixed Rate Note Provisions

- 6.1 *Application*: Conditions 6.1-6.4 (inclusive) are only applicable to the Notes if the Fixed Rate Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).
- 6.2 *Accrual of interest*: The Notes bear interest on their Outstanding Principal Amounts from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each relevant Interest Payment Date, subject as provided in Condition 11 (*Payments – Bearer Notes*), Condition 12 (*Payments – Registered Notes*) or Condition 13 (*Payments – VP Systems Notes*), as applicable.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6.2 (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and

- (ii) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders in accordance with Condition 21 (*Notices*) that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

6.3 *Fixed Coupon Amount and Broken Amount*: Except as provided in the relevant Final Terms or Pricing Supplement, the amount of interest payable in respect of the Calculation Amount for any Interest Period shall be the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be.

Where the Specified Denomination of a Note is the Calculation Amount and, except where the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of such Note shall be the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be. Where the Specified Denomination of a Note is a multiple of the Calculation Amount and, except where the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of such Note shall be the product of the relevant Fixed Coupon Amount or the relevant Broken Amount, as the case may be, for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination.

If the Calculation Amount has been adjusted as described in the definition thereof, Condition 6.4 (*Calculation of interest amount*) will apply.

6.4 *Calculation of interest amount*: Except where a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms or Pricing Supplement and/or the Calculation Amount has been adjusted as described in the definition thereof, the amount of interest payable in respect of the Notes for any period shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

In the case of Notes where the Calculation Amount has not been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the amount (determined in the manner provided above) for the Calculation Amount. In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination, without any further rounding.

In the case of Notes where the Calculation Amount has been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the amount (determined in the manner provided above) for the Calculation Amount. In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the product of:

- (i) the amount of interest per Calculation Amount; and
- (ii) the number by which the Original Calculation Amount is required to be multiplied to equal the Specified Denomination of such Note,

without any further rounding.

If, as required by then current legislation and/or regulations applicable to the Issuer, the Outstanding Principal Amounts are reduced during an Interest Period, the Calculation Amount will be adjusted by the Calculation Agent to reflect such Outstanding Principal Amounts from time to time so that the relevant amount of interest is determined by reference to such Calculation Amount as adjusted from time to time, all as determined by the Calculation Agent.

Reset Note Provisions

6.5 *Application:* If applicable, to the extent so specified, Conditions 6.5-6.10 (inclusive) are applicable to the Notes if the Reset Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).

6.6 *Accrual of Interest:* The Notes bear interest on their Outstanding Principal Amounts:

- (i) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date at the Initial Rate of Interest;
- (ii) for the First Reset Period at the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any) to (but excluding) the Maturity Date at the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on each relevant Interest Payment Date (subject as provided in Condition 11 (*Payments – Bearer Notes*), Condition 12 (*Payments – Registered Notes*) or Condition 13 (*Payments – VP Systems Notes*), as applicable).

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6.6 (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
- (ii) the day on which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

The Rate of Interest and the Interest Amount payable shall be determined by the Calculation Agent, (A) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (B) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in Conditions 6.3 (*Fixed Coupon Amount and Broken Amount*) and 6.4 (*Calculation of interest amount*).

6.7 *Fallbacks*

This Condition 6.7 is only applicable if the Reset Reference Rate is specified in the relevant Final Terms or Pricing Supplement as Mid-Swap Rate. If on any Reset Determination Date, the Relevant Screen Page is not available or the Reset Reference Rate does not appear on the Relevant Screen Page as of the Relevant Time on such Reset Determination Date, the Rate of Interest applicable to the Notes in respect of each Interest Period falling in the relevant Reset Period will, subject as provided in Condition 8 (*Reference Rate Replacement*), as applicable, be determined by the Calculation Agent on the following basis:

- (i) the Calculation Agent shall request each of the Reset Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Time on the Reset Determination Date in question;
- (ii) if at least three of the Reset Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iii) if only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded as aforesaid) of the relevant quotations provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iv) if only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the relevant quotation provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent; and
- (v) if none of the Reset Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 6.7, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) will be equal to the sum of (A) the Reset Reference Rate determined on the last preceding Reset Determination Date and (B) the Relevant Reset Margin or, in the case of the first Reset Determination Date, the First Reset Rate of Interest will be equal to the sum of:
 - (a) if Initial Mid-Swap Rate Final Fallback is specified in the relevant Final Terms or Pricing Supplement as being applicable, (A) the Initial Mid-Swap Rate and (B) the Relevant Reset Margin;
 - (b) if Reset Maturity Initial Mid-Swap Rate Final Fallback is specified in the relevant Final Terms or Pricing Supplement as being applicable, (A) the Reset Period Maturity Initial Mid-Swap Rate and (B) the Relevant Reset Margin; or
 - (c) if Last Observable Mid-Swap Rate Final Fallback is specified in the relevant Final Terms or Pricing Supplement as being applicable, (A) the last observable rate for swaps in the Specified Currency with a term equal to the relevant Reset Period which appears on the Relevant Screen Page and (B) the Relevant Reset Margin,

all as determined by the Calculation Agent.

6.8 *Reset Reference Rate Conversion:* This Condition 6.8 is only applicable if Reset Reference Rate Conversion is specified in the relevant Final Terms or Pricing Supplement as being applicable. The First Reset Rate of Interest and, if applicable, each Subsequent Reset Rate of Interest will be converted from the Original Reset Reference Rate Payment Basis specified in the relevant Final Terms or Pricing Supplement to a basis which matches the per annum frequency of Interest Payment Dates in respect of the relevant Notes (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it).

6.9 *Publication:* The Calculation Agent will cause the First Reset Rate of Interest, any Subsequent Reset Rate of Interest and, in respect of a Reset Period, the Interest Amount payable on each Interest Payment Date falling in such Reset Period to be notified to the Paying Agents (and if applicable, the Registrar), each

listing authority, stock exchange and/or quotation system (if any) on which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, VP, VPS or Euroclear Sweden, as the case may be, and the VP Systems Agent as soon as practicable after such determination. Notice thereof shall also promptly be given to the Holders.

- 6.10 *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of Conditions 6.5-6.9 (inclusive) by the Calculation Agent or for determining the Reset Reference Rate, as applicable, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents, the Registrar (if applicable), the VP Systems Agent (if applicable), the Calculation Agent (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. Floating Rate Note Provisions

- 7.1 *Application:* This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable to one or more Interest Period(s).

- 7.2 *Accrual of interest:* The Notes bear interest on their Outstanding Principal Amounts from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each relevant Interest Payment Date, subject as provided in Condition 11 (*Payments – Bearer Notes*), Condition 12 (*Payments – Registered Notes*) or Condition 13 (*Payments – VP Systems Notes*), as applicable. Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7 (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
- (ii) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

- 7.3 *Screen Rate Determination:*

- (A) *Screen Rate Determination – where the applicable Reference Rate is other than Compounded Daily SONIA or Weighted Average SOFR*

If Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined and the applicable Reference Rate is a rate other than Compounded Daily SONIA or Weighted Average SOFR, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

- (iii) if, in the case of Condition 7.3(A)(i) above, such rate does not appear on that page or, in the case of Condition 7.3(A)(ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
- (a) request the principal Relevant Financial Centre office of each the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (b) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading banks in the Relevant Financial Centre interbank market for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or, as the case may be, the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or, as the case may be, the arithmetic mean last determined in relation to the Notes in respect of the last preceding Interest Period.

(B) *Screen Rate Determination – where the applicable Reference Rate is Compounded Daily SONIA*

If Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined and the applicable Reference Rate is Compounded Daily SONIA, the Rate of Interest applicable to the Notes for each Interest Accrual Period will be determined by the Calculation Agent on the following basis:

- (i) with respect to an Interest Accrual Period, the Calculation Agent will calculate the rate of return (“**Compounded Daily SONIA**”) of a daily compound interest investment during the Observation Period corresponding to such Interest Accrual Period (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) as calculated on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest 0.001 per cent. (with 0.0005 per cent. being rounded upwards)):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-PLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of London Banking Days in the relevant Interest Accrual Period;

the sum of the Margin and the rate last determined in relation to the Notes in respect of the last preceding Interest Period.

(C) *Screen Rate Determination – where the applicable Reference Rate is Weighted Average SOFR*

If Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined and the applicable Reference Rate is Weighted Average SOFR, the Rate of Interest applicable to the Notes for each Interest Accrual Period will be the sum of the Margin and Weighted Average SOFR determined by the Calculation Agent in relation to such Interest Accrual Period.

where:

“**Weighted Average SOFR**” means the arithmetic mean of the SOFR in effect for each SOFR Reset Date during the relevant Interest Accrual Period, calculated by multiplying the relevant SOFR by the number of calendar days such SOFR is in effect, determining the sum of such products and dividing such sum by the number of calendar days in the relevant Interest Accrual Period, provided however, that the last four SOFR Reset Days of such Interest Accrual Period shall be a “**Suspension Period**”. During a Suspension Period, the SOFR for each day during such Suspension Period will be the value for the SOFR Reset Date immediately prior to the first day of such Suspension Period;

“**SOFR**” means, with respect to any SOFR Reset Date:

- (c) if the rate specified in (a) above does not so appear, and a SOFR Index Cessation Event and a SOFR Index Cessation Date have both occurred, the rate that was recommended as the replacement for the Secured Overnight Financing Rate by the Federal Reserve Board and/or the Federal Reserve Bank of New York or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York for the purpose of recommending a replacement for the Secured Overnight Financing Rate (which rate may be produced by a Federal Reserve Bank of New York or other designated administrator, and which rate may include any adjustments or spreads) or, if no such rate has been recommended within one United States Government Securities Business Day of the relevant SOFR Index Cessation Event, the Overnight Bank Funding Rate (published on the New York Federal Reserve’s Website at or around 5.00 p.m. (New York City time) on the relevant New York City Banking Day) for any SOFR Reset Date falling on or after the SOFR Index Cessation Date (it being understood that the Overnight Bank Funding Rate for any such SOFR Reset Date will be for trades made on the related SOFR Determination Date); or
- (d) if the Calculation Agent is required to use the Overnight Bank Funding Rate in paragraph (c) above and an OBFR Index Cessation Event and an OBFR Index Cessation Date have both occurred, then for any SOFR Reset Date falling on or after the later of the SOFR Index Cessation Date and the OBFR Index Cessation Date, the short-term interest rate target set by the Federal Open Market Committee, as published on the Federal Reserve’s Website and as prevailing on such SOFR Reset Date, or if the Federal

Open Market Committee has not set a single rate, the mid-point of the short-term interest rate target range set by the Federal Open Market Committee, as published on the Federal Reserve's Website and as prevailing on such SOFR Reset Date (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range);

7.4 *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms or Pricing Supplement;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms or Pricing Supplement; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is the day specified in the relevant Final Terms or Pricing Supplement.

Calculation Agent shall determine such rate at such time and by reference to such next shorter or (as the case may be) next longer rate as last determined.

7.6 *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms or Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

7.7 *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of the Calculation Amount for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit (as defined in Condition 6.4 (*Calculation of interest amount*)) of the Specified Currency (half a sub-unit being rounded upwards).

In the case of Notes where the Calculation Amount has not been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount.

In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the Interest Amount (determined in the manner provide above) for each Calculation Amount and the amount by which the Calculation Amount is required to be multiplied to reach the Specified Denomination, without any further rounding.

In the case of Notes where the Calculation Amount has been adjusted as described in the definition thereof, where the Specified Denomination of a Note is the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the Interest Amount (determined in the manner provided above). In the case of such Notes, where the Specified Denomination of a Note is a multiple of the Original Calculation Amount, the amount of interest payable in respect of such Note shall be the product of:

- (i) the Interest Amount; and
- (ii) the number by which the Original Calculation Amount is required to be multiplied to equal the Specified Denomination of such Note,

without any further rounding.

7.8 *Calculation of other amounts:* If the relevant Final Terms or Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms or Pricing Supplement.

7.9 *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents (and if applicable, the Registrar), each listing authority, stock exchange and/or quotation system (if any) on which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, VP, VPS or Euroclear Sweden, as the case may be, and the VP Systems Agent as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant

Interest Period or in the event of any reduction of the Outstanding Principal Amount of a Note and an adjustment to the Calculation Amount of such Note in accordance with these Conditions.

- 7.10 *Notifications etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 by the Calculation Agent will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents, the Registrar (if applicable), the VP Systems Agent (if applicable), the Calculation Agent (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent or, if applicable, the Issuer in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. Reference Rate Replacement

- 8.1 *Application:* This Condition 8 is applicable to the Notes only if (i) the Reset Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable and Mid-Swap Rate is specified in the relevant Final Terms or Pricing Supplement as the Reset Reference Rate, or (ii) the Floating Rate Note Provisions are specified in the relevant Final Terms or Pricing Supplement as applicable and Screen Rate Determination is specified in the relevant Final Terms or Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, in each case, to one or more Interest Periods and if Reference Rate Replacement is also specified in the relevant Final Terms or Pricing Supplement as applicable.

If notwithstanding the provisions of Condition 6.7 (*Fallbacks*) or Condition 7.3 (*Screen Rate Determination*), as applicable, the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or any component part thereof) remains to be determined by reference to the Original Reference Rate, then the following provisions shall apply to the relevant Series of Notes:

- (a) the Issuer shall use reasonable endeavours, as soon as reasonably practicable, to appoint and consult with an Independent Adviser with a view to the Issuer determining (without any requirement for the consent or approval of the Holders) (A) a Successor Reference Rate or, failing which, an Alternative Reference Rate, for the purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Notes and (B) in either case, an Adjustment Spread;
- (b) if the Issuer is unable to appoint an Independent Adviser prior to the relevant IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may still determine (A) a Successor Reference Rate or, failing which, an Alternative Reference Rate and (B) in either case, an Adjustment Spread in accordance with this Condition 8. Without prejudice to the definitions thereof, for the purposes of determining any Successor Reference Rate, Alternative Reference Rate and/or any Adjustment Spread, the Issuer will take into account any relevant and applicable market precedents as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets;
- (c) if a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with paragraphs (a) and (b) above, such Successor Reference Rate or, failing which, Alternative Reference Rate (as applicable) shall be the Reference Rate or the Reset Reference Rate (as applicable) for all future Interest Periods (subject to the subsequent operation of, and adjustment as provided in, this Condition 8);
- (d) if the Issuer, following consultation with the Independent Adviser (if applicable) and acting in good faith and in a commercially reasonable manner, determines that an Adjustment Spread is required to be applied to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the relevant Successor

Reference Rate or Alternative Reference Rate (as applicable). If the Issuer is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;

- (e) if the Issuer, following consultation with the Independent Adviser (if applicable) and acting in good faith and in a commercially reasonable manner, determines a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and/or an Adjustment Spread in accordance with the above provisions, the Issuer may (without any requirement for the consent or approval of the Holders) also specify changes to these Conditions, the Agency Agreement and/or the Deed of Covenant in order to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or any Adjustment Spread (as applicable), including, but not limited to (1) the Applicable Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reset Reference Rate, Reference Banks, Reset Reference Banks, Relevant Financial Centre, Relevant Screen Page, Relevant Time and/or Reset Determination Date (as applicable) applicable to the Notes and (2) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available (such amendments, the “**Reference Replacement Amendments**”). For the avoidance of doubt, the Fiscal Agent and any other agents party to the Agency Agreement shall, at the direction and expense of the Issuer, effect such consequential amendments to the Agency Agreement and these Conditions as may be required in order to give effect to the application of this Condition 8. No consent shall be required from the Holders in connection with determining or giving effect to the relevant Successor Reference Rate or Alternative Reference Rate or any Adjustment Spread (as applicable) or such other changes, including for the execution of any documents or other steps to be taken by the Fiscal Agent (if required or useful); and
- (f) the Issuer shall promptly, following the determination of any Successor Reference Rate, Alternative Reference Rate and/or Adjustment Spread (as applicable), give notice thereof to the Fiscal Agent and, in accordance with Condition 21 (*Notices*), the Holders. Such notice shall specify the effective date(s) for such Successor Reference Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement, the Deed of Covenant and these Conditions (if any).

An Independent Adviser appointed pursuant to this Condition 8 shall act in good faith and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Fiscal Agent or the Holders for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 8.

Without prejudice to the obligations of the Issuer under this Condition 8, the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 6.7 (*Fallbacks*) or Condition 7.3 (*Screen Rate Determination*) (i) if the Issuer, following consultation with the Independent Adviser (if applicable), is unable to or does not determine a Successor Reference Rate or an Alternative Reference Rate in accordance with this Condition 8, and (ii) where the Issuer determines a Successor Reference Rate or Alternative Reference Rate, unless and until the Fiscal Agent has been notified of such Successor Reference Rate or Alternative Reference Rate (as applicable), the Adjustment Spread (if any) and any consequential changes made to the Agency Agreement, the Deed of Covenant and these Conditions (if any).

Notwithstanding any other provision of this Condition 8:

- (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 8, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as:

- (A) in the case of Preferred Senior Notes (if applicable) and Non-Preferred Senior Notes, MREL/TLAC Eligible Liabilities; or
- (B) in the case of Subordinated Notes, Tier 2 Capital of the Issuer and/or the Group; and/or
- (ii) in the case of Preferred Senior Notes (if applicable) and Non-Preferred Senior Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 8, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the DFSA treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

8.2 *Notifications etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent or, in the circumstances described above, the Issuer, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents, the Registrar (if applicable), the VP Systems Agent (if applicable), the Calculation Agent (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent or, if applicable, the Issuer in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

9. Zero Coupon Note Provisions

9.1 *Application:* This Condition 9 is only applicable to Preferred Senior Notes and Non-Preferred Senior Notes and shall only apply if the Zero Coupon Note Provisions are specified in the relevant Final Terms or Pricing Supplement as being applicable.

9.2 *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of:
 - (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (b) the day which is seven days after the Fiscal Agent, the Registrar or the VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent non-payment).

10. Redemption, Purchase, Substitution and Variation

10.1 *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled or unless the relevant Final Terms or Pricing Supplement provides that the Notes are perpetual securities and have no fixed date for redemption, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments – Bearer Notes*), Condition 12 (*Payments – Registered Notes*) or Condition 13 (*Payments – VP Systems Notes*), as applicable.

10.2 *Early redemption for tax reasons:*

- (A) This Condition 10.2(A) is only applicable to Preferred Senior Notes and Non-Preferred Senior Notes.

If, in relation to any Series of Preferred Senior Notes or Non-Preferred Senior Notes:

- (i) as a result of any official change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which becomes effective on or after the date of issue of the first Tranche of such Notes or any other date specified in the relevant Final Terms or Pricing Supplement, the Issuer would be required to pay additional amounts as provided in Condition 14 (*Taxation*); and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

the Issuer may, at its option (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days' notice (ending, in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 21 (*Notices*) (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their Early Redemption Amount (Tax), together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of such Notes which bear interest at a floating rate, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to such Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the relevant Notes then due.

- (B) This Condition 10.2(B) is only applicable to Subordinated Notes.

If, in relation to any Series of Subordinated Notes, as a result of any official change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which become effective on or after the date of issue of the last Tranche of such Notes, the Issuer receives an opinion of external counsel in Denmark that:

- (i) it would be required to pay additional amounts as provided in Condition 14 (*Taxation*); or
- (ii) it will no longer be able to obtain a full tax deduction for the purposes of Danish tax for any payment of interest under such Notes,

in each case provided that the Issuer satisfies the DFSA that such change in tax treatment of the relevant Notes is material and was not reasonably foreseeable at the time of their issuance,

any such event, a "**Tax Event**",

the Issuer may, at its option (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days' notice (ending in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 21 (*Notices*) (which notice shall be irrevocable, subject to the Permission Withdrawal Early

Redemption Restriction), redeem all (but not some only) of the outstanding Notes comprising the relevant Series, as the case may be, at their Outstanding Principal Amounts, together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of such Notes which bear interest at a floating rate, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to such Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the relevant Notes then due.

- 10.3 *Early redemption upon the occurrence of a Capital Event:* This Condition 10.3 is only applicable to Subordinated Notes.

In relation to a Series of Subordinated Notes, upon the occurrence of a Capital Event, the Issuer may, at its option (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days' notice (ending in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 21 (*Notices*) (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at their Outstanding Principal Amounts, together with accrued interest (if any) thereon.

- 10.4 *Early redemption upon the occurrence of a MREL/TLAC Disqualification Event:* This Condition 10.4 is only applicable to Preferred Senior Notes and Non-Preferred Senior Notes.

In relation to a Series of Preferred Senior Notes or Non-Preferred Senior Notes, if the MREL/TLAC Disqualification Event Redemption Option is specified in the relevant Final Terms or Pricing Supplement as being applicable, upon the occurrence of a MREL/TLAC Disqualification Event, the Issuer may, at its option (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) at any time and having given no less than thirty nor more than sixty days' notice (ending in the case of such Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Holders of such Notes in accordance with Condition 21 (*Notices*) (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), redeem all (but not some only) of such outstanding Notes comprising the relevant Series at their Outstanding Principal Amounts, together with accrued interest (if any) thereon.

- 10.5 *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms or Pricing Supplement as being applicable, the Notes may be redeemed at the option of the Issuer (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) in whole or, if so specified in the relevant Final Terms or Pricing Supplement, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call), together with accrued interest (if any) thereon upon the Issuer's giving not less than the minimum period nor more than the maximum period of notice specified in the relevant Final Terms or Pricing Supplement to the Holders in accordance with Condition 21 (*Notices*) (which notice shall be irrevocable, subject to the Permission Withdrawal Early Redemption Restriction), and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call)).

If the Notes are Bearer Notes or Registered Notes, the notice to Holders referred to in this Condition 10.5 shall specify the serial numbers of the Notes so to be redeemed.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms or Pricing Supplement, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

- 10.6 *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 10.5 (*Redemption at the option of the Issuer*):

- (i) in the case of Bearer Notes, the Notes to be redeemed shall be drawn by lot in such European city as the Fiscal Agent may specify, or identified in such other manner or in such other place as the Fiscal Agent may approve and deem appropriate and fair;
- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro-rata* to their principal amounts, provided always that the amount redeemed in respect of each Note shall be equal to the Specified Denomination thereof or an integral multiple thereof, subject always to compliance with all applicable laws and the requirements of any listing authority, stock exchange or quotation system on which the relevant Notes may be listed, traded or quoted; or
- (iii) in the case of VP Systems Notes, the VP Systems Notes to be redeemed shall be selected in accordance with the standard procedures of VP, VPS or Euroclear Sweden, as the case may be, from time to time.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Condition 4 (*Transfer of Registered Notes*) which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

10.7 *Early redemption of Zero Coupon Notes*: Unless otherwise specified in the relevant Final Terms or Pricing Supplement, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms or Pricing Supplement for the purposes of this Condition 10.7 or, if none is so specified, a Day Count Fraction of 30E/360.

10.8 *Purchase*: The Issuer or any of its Subsidiaries may (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) purchase Notes whether in the open market, in the context of market making, or otherwise, at any price, provided that, in the case of Bearer Notes, all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, resold or, in the case of Bearer Notes or Registered Notes, surrendered to any Paying Agent or the Registrar for cancellation.

10.9 *Cancellation*: All Notes which are redeemed will forthwith (but subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*)) be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 10.8 (*Purchase*) above (together, in the case of Bearer Notes, with all unmatured Coupons cancelled therewith) shall be forwarded to the Fiscal Agent or, in the case of VP Systems Notes, shall be deleted from the records of VP, VPS or Euroclear Sweden, as the case may be, and, in either case, cannot be reissued or resold.

10.10 *Substitution and variation of Subordinated Notes*: This Condition 10.10 is only applicable to Subordinated Notes.

Subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*) and having given no less than thirty nor more than sixty days' notice to the Holders (in accordance with Condition 21 (*Notices*)), (in the case of Bearer Notes) the Fiscal Agent, (in the case of Registered Notes) the Fiscal

Agent and the Registrar and (in the case of VP Systems Notes) the VP Systems Agent, if a Special Event has occurred and is continuing, or to ensure the effectiveness or enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*), the Issuer may substitute all (but not some only) of the Subordinated Notes or vary the terms of all (but not some only) of the Subordinated Notes, without any requirement for the consent or approval of the Holders, so that they become or remain Qualifying Subordinated Notes.

Any such notice shall specify the relevant details of the manner in which such substitution or variation shall take effect and where the Holders can inspect or obtain copies of the new terms and conditions of the Qualifying Subordinated Notes. Such substitution or variation will be effected without any cost or charge to the Holders.

10.11 *Substitution and variation of Preferred Senior Notes and Non-Preferred Senior Notes*: This Condition 10.11 is only applicable to Preferred Senior Notes and Non-Preferred Senior Notes.

Subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*), and having given no less than thirty nor more than sixty days' notice to the Holders (in accordance with Condition 21 (*Notices*)), if the MREL/TLAC Disqualification Event Substitution/Variation Option is specified in the relevant Final Terms or Pricing Supplement as being applicable and a MREL/TLAC Disqualification Event has occurred and is continuing, or to ensure the effectiveness or enforceability of Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*), the Issuer may substitute all (but not some only) of the Notes or vary the terms of all (but not some only) of the Notes, without any requirement for the consent or approval of the Holders, so that they become or remain: (i) (in the case of Preferred Senior Notes) Qualifying Preferred Senior Notes; or (ii) (in the case of Non-Preferred Senior Notes) Qualifying Non-Preferred Senior Notes.

Any such notice shall specify the relevant details of the manner in which such substitution or variation shall take effect and where the Holders can inspect or obtain copies of the new terms and conditions of: (i) (in the case of Preferred Senior Notes) the Qualifying Preferred Senior Notes; or (ii) (in the case of Non-Preferred Senior Notes) the Qualifying Non-Preferred Senior Notes. Such substitution or variation will be effected without any cost or charge to the Holders.

10.12 *Conditions to redemption etc. prior to Maturity Date (if any)*:

The Notes may only be redeemed, purchased, cancelled, substituted, varied or modified (as applicable) pursuant to Condition 10.2 (*Early redemption for tax reasons*), Condition 10.3 (*Early redemption upon the occurrence of a Capital Event*), Condition 10.4 (*Early redemption upon the occurrence of a MREL/TLAC Disqualification Event*), Condition 10.5 (*Redemption at the option of the Issuer*), Condition 10.8 (*Purchase*), Condition 10.9 (*Cancellation*), Condition 10.10 (*Substitution and variation of Subordinated Notes*), Condition 10.11 (*Substitution and variation of Preferred Senior Notes and Non-Preferred Senior Notes*) or paragraph (ii) of Condition 19.2 (*Modification of Notes other than VP Systems Notes*), as the case may be, if:

- (i) in the case of any such substitution, variation or modification, the Issuer has notified the DFSA of, and the DFSA has not objected to, such substitution, variation or modification (as applicable) in accordance with the CRD/CRR requirements;
- (ii) in the case of any such redemption, purchase or cancellation of Subordinated Notes, the Issuer has notified the DFSA of, and the DFSA has given permission to, such redemption, purchase or cancellation (as applicable) in accordance with the CRD/CRR requirements (which, in the case of Subordinated Notes, as at 30 March 2021, are set out in Articles 77 and 78 of the CRR (which outline the limited circumstances in which the DFSA may grant its permission to such redemption, purchase or cancellation (as applicable) prior to 5 years after the relevant issue date of the relevant Notes) and Article 29 of the 2014 RTS (which sets limits for purchases of the relevant Notes in relation to market making)) and, if so given by the DFSA, such permission has

not been withdrawn by the DFSA prior to the date fixed for redemption, purchase or cancellation (as applicable);

- (iii) in the case of any such redemption, purchase or cancellation of Preferred Senior Notes (if applicable) or Non-Preferred Senior Notes, the Issuer has notified the DFSA of, and, the DFSA has given permission to, such redemption, purchase or cancellation (as applicable) in accordance with the CRD/CRR requirements (which, in the case of Preferred Senior Notes and Non-Preferred Senior Notes, as at 30 March 2021, are set out in Articles 77 and 78a of the CRR (which outline the limited circumstances in which the DFSA may grant its permission to such redemption, purchase or cancellation (as applicable)) and, if so given by the DFSA, such permission has not been withdrawn by the DFSA prior to the date fixed for redemption, purchase or cancellation (as applicable); and

If applicable, if after a notice of redemption has been given pursuant to Condition 10.2 (*Early redemption for tax reasons*), Condition 10.3 (*Early redemption upon the occurrence of a Capital Event*), Condition 10.4 (*Early redemption upon the occurrence of a MREL/TLAC Disqualification Event*) or Condition 10.5 (*Redemption at the option of the Issuer*) (as applicable), the DFSA withdraws its permission to the relevant redemption before the relevant redemption date, such notice of redemption shall automatically be revoked and the relevant redemption shall not be made until a new redemption notice is given and all conditions for redemption as described in this Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*) have been fulfilled. The redemption restriction described in this paragraph is referred to as the “**Permission Withdrawal Early Redemption Restriction**”.

Any refusal by the DFSA to grant its permission to any such redemption, purchase or cancellation (as applicable) pursuant to paragraph (ii) or (iii) of this Condition 10.12 (or, as the case may be, any withdrawal by the DFSA of any such permission) will not constitute an event of default under the relevant Notes.

- 11.7 *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 11.3 (*Payments in New York City*) above).
- 11.8 *Partial payments:* If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- 11.9 *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become

void pursuant to Condition 16 (*Prescription*). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

11.10 *Currency Events*: This Condition 11.10 is applicable to:

- (i) unless the Final Terms or Pricing Supplement specifies otherwise, CNY Notes; and
- (ii) Notes other than CNY Notes for which Currency Events are specified as applying in the relevant Final Terms or Pricing Supplement.

If a Currency Event, as determined by the Currency Calculation Agent in its sole and absolute discretion, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer may, in its sole and absolute discretion, take the action described in (i) and/or (ii) below:

- (i) the relevant payment of the Issuer may be postponed to a day falling no later than 10 Payment Business Days after the date on which the relevant Currency Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith) as soon as reasonably practicable thereafter; and/or
- (ii) the Issuer's obligation to make a payment in the Specified Currency under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency (converted at the Alternate Settlement Rate determined by the Currency Calculation Agent as of a time selected in good faith by the Currency Calculation Agent).

12. Payments – Registered Notes

12.1 *Method of payment*: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of the relevant Registered Note at the Specified Office of the Registrar by transfer to the Designated Account (as defined below) of the Holder (or the first named of joint Holders) appearing in the register of Holders maintained by the Registrar (the “**Register**”) at the close of business on the third Relevant Banking Day before the relevant due date. Notwithstanding the previous sentence, if a Holder does not have a Designated Account, payment will instead be made by cheque drawn in the currency in which the payment is due on a Designated Bank (as defined below). For these purposes, “**Designated Account**” means the account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with a Designated Bank and identified as such in the Register and “**Designated Bank**” means a bank in the principal financial centre of the country of that currency.

Payments of interest shall be made only by cheque drawn in the currency in which the payment is due on a Designated Bank and mailed by uninsured mail on the Relevant Banking Day immediately preceding the relevant due date to the Holder (or the first named of joint Holders) appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a Relevant Banking Day) before the relevant due date (the “**Record Date**”) at its address shown in the Register on the Record Date

and at its risk. Upon application of the Holder to the Specified Office of the Registrar not less than three Relevant Banking Days before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the Holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such Holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

Holders will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

12.2 *Payments on business days:* If the due date for payment of any amount in respect of any Registered Note is not a business day, the Holder shall not be entitled to payment of the amount due until the next succeeding business day and shall not be entitled to any further interest or other payment in respect of any such delay.

12.3 *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 14 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 14 (*Taxation*)) any law implementing an intergovernmental approach thereto.

No commissions or expenses shall be charged to the Registered Holders in respect of such payments.

12.4 *Definition of business day:* In this Condition, “**business day**” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in (i) the relevant place of presentation and (ii) each Applicable Financial Centre specified in the relevant Final Terms or Pricing Supplement and, if TARGET is an Applicable Financial Centre, a TARGET Settlement Day.

13. Payments – VP Systems Notes

13.1 *Principal and interest:* Payments of principal and interest in respect of VP Systems Notes shall be made to the Holders shown in the relevant records of VP, VPS or Euroclear Sweden, as the case may be, in accordance with and subject to the rules and regulations from time to time governing VP, VPS or Euroclear Sweden. Subject as provided in these Conditions:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency; and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

13.2 *Payments subject to fiscal laws:* All payments in respect of the VP Systems Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 14 (*Taxation*) and (ii) any withholding or deduction required pursuant to an

agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 14 (*Taxation*)) any law implementing an intergovernmental approach thereto.

No commissions or expenses shall be charged to the Holders in respect of such payments.

13.3 *Payments on VP Systems Notes payment days:* If the due date for payment of any amount in respect of any VP System Note is not a VP Systems Notes payment day, the Holder shall not be entitled to payment of the amount due until the next succeeding VP Systems Notes payment day and shall not be entitled to any further interest or other payment in respect of any such delay.

13.4 In this Condition, “**VP Systems Notes payment day**” means day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Applicable Financial Centre specified in the relevant Final Terms or Pricing Supplement and, if TARGET is an Applicable Financial Centre, a TARGET Settlement Day.

14. Taxation

14.1 *Gross up:* All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, in the case of a payment of interest only, the Issuer shall pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been receivable by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in relation to any payment in respect of any Note or Coupon:

- (i) to, or to a third party on behalf of, a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with Denmark other than:
 - (a) the mere holding of the Note or Coupon; or
 - (b) the receipt of principal, interest or other amount in respect of such Note or Coupon; or
- (ii) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of thirty days.

14.2 *Taxing jurisdiction:* If the Issuer becomes subject at any time to any taxing jurisdiction other than Denmark, references in these Conditions to Denmark shall be construed as references to Denmark and/or such other jurisdiction.

15. Enforcement Events

15.1 *No events of default:* There are no events of default in respect of the Notes. Holders of the Notes shall not be entitled at any time to file for bankruptcy or liquidation of the Issuer.

15.2 *Enforcement Events:* If an order is made or an effective resolution is passed for the bankruptcy or liquidation of the Issuer (an “**Enforcement Event**”), any Holder may prove or claim in such proceedings in respect of the Notes, such claim being for payment of the Outstanding Principal Amount of the Notes

at the time of commencement of such bankruptcy or liquidation of the Issuer together with any interest accrued and unpaid on the Notes from (and including) the Interest Payment Date immediately preceding the occurrence of such Enforcement Event and any other amounts payable on the Notes (including any damages payable in respect thereof). Such claim shall rank as provided in Condition 5 (*Status of the Notes*).

- 15.3 *Enforcement of obligations:* Subject to Condition 15.1 (*No events of default*) and without prejudice to Condition 15.2 (*Enforcement Events*), any Holder may, at its discretion and without further notice, institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Notes, provided that the Issuer shall not by virtue of the institution of any proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

16. Prescription

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

17. Replacement of Notes and Coupons

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent or the Registrar (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent or Registrar in any particular place, the Paying Agent or Registrar having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

18. Agents

- 18.1 *Obligations of Agents:* In acting under the Agency Agreement or the VP Systems Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents, the Calculation Agent, the Currency Calculation Agent, the Registrar and the VP Systems Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Holders or Couponholders, and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement, the VP Systems Agency Agreement or other agreement entered into with respect of its appointment or incidental thereto.
- 18.2 *Termination of Appointments:* The initial Fiscal Agent, Principal Registrar and VP Systems Agent and their initial Specified Offices are listed in the Agency Agreement or the VP Systems Agency Agreement, as applicable. Unless the Calculation Agent is the Fiscal Agent, the Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms or Pricing Supplement. The Currency Calculation Agent in respect of any Notes shall be specified in the relevant Final Terms or Pricing Supplement. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Fiscal Agent) or the Registrar or the VP Systems Agent, the Calculation Agent or the Currency Calculation Agent and to appoint an additional or successor fiscal agent, paying agent, calculation agent, registrar, currency calculation agent or agent in connection with the VP Systems Notes; provided, however, that:

- (v) if a Currency Calculation Agent is specified in the relevant Final Terms or Pricing Supplement, the Issuer shall at all times maintain a Currency Calculation Agent;
- (vi) if and for so long as the Notes are admitted to listing and/or to trading and/or quotation on any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent (which may be the Fiscal Agent) and a Registrar (for Registered Notes) each with a Specified Office in the place required by such listing authority, stock exchange and/or quotation system;
- (vii) in the case of VP Systems Notes, the Issuer shall at all times maintain a VP Systems Agent authorised to act as an account holding institution with VP, VPS or Euroclear Sweden, as the case may be, and one or more Calculation Agent(s) where the Terms and Conditions of the relevant VP Systems Notes so require; and
- (viii) in the circumstances described in Condition 11.3 (*Payments in New York City*), the Issuer shall maintain a Paying Agent with a Specified Office in New York City.

19. Meetings of Holders; Modification and Waiver

19.1 *Meetings of Holders of Notes other than VP Systems Notes:* This Condition 19.1 is only applicable in relation to Notes other than VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings (including by way of conference call or by use of a videoconference platform) of Holders of Notes of any Series (other than VP Systems Notes) to consider and vote upon matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution (as defined in the Agency Agreement) of any provision of these Conditions and the Deed of Covenant insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of Notes of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting and on all Holders of Coupons relating to Notes of such Series.

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

Any modification to these Conditions and/or the Deed of Covenant pursuant to the operation of the provisions described in this Condition 19.1 is subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*).

19.2 *Modification of Notes other than VP Systems Notes:* This Condition 19.2 is only applicable in relation to Notes other than VP Systems Notes. The Issuer may make, without the consent of the Holders or Couponholders of the relevant Series:

- (i) any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the Deed of Covenant to correct a manifest error; or
- (ii) subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*), any modification to the Notes of any Series, these Conditions, the Agency Agreement and/or the Deed of Covenant which is not prejudicial to the interests of the Holders and the Couponholders of the relevant Series.

Any such modification to the Agency Agreement shall be subject to the consent of the Fiscal Agent. Subject as provided in these Conditions, no other modification may be made to the Notes of any Series, these Conditions, the Agency Agreement or the Deed of Covenant except with the sanction of an Extraordinary Resolution and, in the case of a modification to the Agency Agreement, the consent of the Fiscal Agent.

Any such modification shall be binding on the Holders and the Couponholders and any such modification shall be notified to the Holders in accordance with Condition 21 (*Notices*) as soon as practicable thereafter.

19.3 *Meeting of VP Systems Noteholders:* This Condition 19.3 is only applicable in relation to VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings (including by way of conference call or by use of a videoconference platform) of Holders of VP Systems Notes of any Series to consider and vote upon matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution of any provision of these Conditions insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of VP Systems Notes of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting. Meetings of Holders shall be held in accordance with the Agency Agreement and in compliance with the relevant regulations of VP, VPS or Euroclear Sweden, as the case may be. Any person requesting the convening of any such meeting or attending or voting at any such meeting shall be required to provide proof of their appointment as proxy, attorney or representative and/or ownership of Notes satisfactory to the Issuer in the form specified by Issuer in the notice in respect of the relevant meeting given to Holders in accordance with Condition 21 (*Notices*).

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

Any modification to these Conditions pursuant to the operation of the provisions described in this Condition 19.3 is subject to Condition 10.12 (*Conditions to redemption etc. prior to Maturity Date (if any)*).

19.4 *Modification of VP Systems Notes:* This Condition 19.4 is only applicable in relation to VP Systems Notes. The Issuer may make, without the consent of the Holders of the relevant Series:

In addition, the Notes and these Conditions may be modified by a resolution in writing signed by or on behalf of all Holders or pursuant to a meeting of VP Systems Noteholders in accordance with Condition 19.3 (*Meeting of VP Systems Noteholders*) above. Any modification to the Agency Agreement shall be subject to the consent of the Fiscal Agent. Subject as provided in these Conditions, no other modification may be made to the Notes of any Series, these Conditions, the Agency Agreement or the VP Systems Agency Agreement except with the sanction of an Extraordinary Resolution and, in the case of a modification to the Agency Agreement, the consent of the Fiscal Agent.

Any such modification shall be binding on the Holders and any such modification shall be notified to the Holders in accordance with Condition 21 (*Notices*) as soon as practicable thereafter.

20. Further Issues

The Issuer may from time to time, without the consent of the Holders or the Couponholders, create and issue further Notes having the same Terms and Conditions as the Notes in all respects (or in all respects except for the first payment of interest, if any, on them and/or the issue price thereof) so as to form a single series with the Notes.

21. Notices

- 21.1 *Bearer Notes*: Notices to Holders of Bearer Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms or Pricing Supplement, be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe or, if such Notes are listed on the Official List of Euronext Dublin and admitted to trading on the regulated market of Euronext Dublin (so long as such Notes are listed on the Official List of Euronext Dublin and the rules of that exchange so permit), if published on the website of Euronext Dublin (www.ise.ie).

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading.

Any notice so given will be deemed to have been validly given, in the case of any Bearer Notes, on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition.

While all the Bearer Notes are represented by one or more global Notes and such global Note(s) are held in their entirety on behalf of one or more relevant clearing system(s), the terms of such global Note(s) will specify how notices to Holders of Bearer Notes are to be given, as described in “*Overview of Form of the Notes*” of the Base Prospectus relating to the Programme dated 30 March 2021.

- 21.2 *Registered Notes*: Notices to Holders of Registered Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms or Pricing Supplement, be deemed to be validly given if sent by first class mail (or equivalent) or (if posted to an overseas address) by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day and, if such Notes are listed on the Official List of Euronext Dublin and admitted to trading on the regulated market of Euronext Dublin (so long as such Notes are listed on

the Official List of Euronext Dublin and the rules of that exchange so permit), if published on the website of Euronext Dublin (www.ise.ie).

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Registered Notes are for the time being listed or by which they have been admitted to trading.

While all the Registered Notes are represented by one or more global Notes and such global Note(s) are held in their entirety on behalf of one or more relevant clearing system(s), the terms of such global Note(s) will specify how notices to Holders of Registered Notes are to be given, as described in “*Overview of Form of the Notes*” of the Base Prospectus relating to the Programme dated 30 March 2021.

- 21.3 *VP Systems Notes*: All notices regarding the VP Systems Notes will be deemed validly given (a) if published in accordance with the procedures of VP, VPS or Euroclear Sweden, as the case may be, and (b) if and for so long as the Notes are admitted to trading and/or listed on any stock exchange or any other relevant authority, if published in any manner which complies with the rules of such stock exchange or other relevant authority.

Any such notice will be deemed to have been given on the date it is published in accordance with the procedures of VP, VPS or Euroclear Sweden, as the case may be.

22. **Currency Indemnity**

The currency in which the Notes are denominated or, if different, payable, as specified in the relevant Final Terms or Pricing Supplement (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount of the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount of the Contractual Currency expressed to be due to any Holder in respect of such Note or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgment or order. Any such loss as aforesaid shall be deemed to constitute a loss suffered by the relevant Holder and no proof or evidence of any actual loss will be required by the Issuer.

23. **Waiver and Remedies**

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right in these Conditions shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

24. **Governing Law, Jurisdiction and Acknowledgement of Danish Statutory Loss Absorption Powers**

- 24.1 *Governing Law*: The Notes, the Agency Agreement and the Deed of Covenant, and any non-contractual obligations arising therefrom or in connection therewith, shall be governed by, and construed in

accordance with, English law, except for Condition 5 (*Status of the Notes*), Condition 10.2 (*Early redemption for tax reasons*), Condition 10.3 (*Early redemption upon the occurrence of a Capital Event*), Condition 10.4 (*Early redemption upon the occurrence of a MREL/TLAC Disqualification Event*), Condition 15 (*Enforcement Events*) and Condition 24.6 (*Acknowledgement of Danish Statutory Loss Absorption Powers*) and for the registration of Notes in VP, which shall be governed by, and shall be construed in accordance with, Danish law. In the case of the registration of Notes in VPS or Euroclear Sweden, such registration shall be governed by, and shall be construed in accordance with, Norwegian law and Swedish law, respectively.

- 24.2 *English courts*: The courts of England have jurisdiction to settle any dispute (a “**Dispute**”) arising from or connected with the Notes (including any Dispute relating to any non-contractual obligations arising from or connected with the Notes).
- 24.3 *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- 24.4 *Rights of the Holders to take proceedings outside England*: Condition 24.2 (*English courts*) is for the benefit of the Holders only. As a result, nothing in this Condition 24 prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, any Holder may take concurrent Proceedings in any number of jurisdictions.
- 24.5 *Service of process*: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Issuer at 75 King William Street, London EC4N 7DT or at any address of the Issuer in Great Britain at which service of process may be served on it in accordance with the Companies Act 2006. Nothing in this Condition 24.5 shall affect the right of any Holder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.
- 24.6 *Acknowledgement of Danish Statutory Loss Absorption Powers*: Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements or understanding between the Issuer and any Holder (which, for the purposes of this Condition 24.6, includes each holder of a beneficial interest in the Notes), by its acquisition of the Notes, each Holder acknowledges and accepts that any liability arising under the Notes may be subject to the exercise of Danish Statutory Loss Absorption Powers by the FS and acknowledges, accepts, consents to and agrees to be bound by:
- (i) the effect of the exercise of any Danish Statutory Loss Absorption Powers by the FS, which exercise (without limitation) may include and result in any of the following, or a combination thereof:
 - (a) the reduction of all, or a portion, of the Relevant Amounts in respect of the Notes;
 - (b) the conversion of all, or a portion, of the Relevant Amounts in respect of the Notes into Ordinary Shares, other securities or other obligations of the Issuer or another Person, and the issue to or conferral on the Holder of such Ordinary Shares, securities or obligations, including by means of an amendment, modification or variation of the terms of the Notes;
 - (c) the cancellation of the Notes or the Relevant Amounts in respect of the Notes; and
 - (d) the amendment of the Maturity Date, the amendment of the amount of interest payable on the Notes (if any), or the date on which interest becomes payable, including by suspending payment for a temporary period; and
 - (ii) the variation of the terms of the Notes, as deemed necessary by the FS, to give effect to the exercise of any Danish Statutory Loss Absorption Powers by the FS.

Upon the Issuer being informed and notified by the FS of the actual exercise of any Danish Statutory Loss Absorption Powers with respect to the Notes, the Issuer shall notify the Holders without delay in accordance with Condition 21 (*Notices*). Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Danish Statutory Loss Absorption Powers nor the effects on the Notes described in this Condition 24.6.

25. Rights of Third Parties

No person shall have any right to enforce any term or Condition in respect of a Note under the Contracts (Rights of Third Parties) Act 1999.

Capital and Solvency

The Group's capital base consists of tier 1 capital (common equity tier 1 capital and additional tier 1 capital instruments) and tier 2 capital. At 31 December 2020, the capital base of the Group amounted to DKK 180.1 billion (EUR 24.2 billion), the total capital ratio for the Group was 23.0 per cent., with a common equity tier 1 capital ratio of 18.3 per cent. and a tier 1 capital ratio of 20.5 per cent. At the end of 2020, the Group's REA amounted to DKK 784 billion (EUR 105.4 billion), against DKK 767 billion (EUR 102.7 billion)³ at the end of 2019. The increase in REA is mainly driven by an increase in credit

risk REA of DKK 17.4 billion (EUR 2.3 billion) due to increased credit exposure and preparation for the implementation of a new regulatory definition of default. The REA for market risk decreased by DKK 0.2 billion (EUR 0.03 billion) together with REA for the operational risk, which decreased by DKK 0.7 billion (EUR 0.1 billion) due to a decrease in income (year-end 2020 compared against year-end 2019). The REA for counterparty credit risk increased by DKK 0.5 billion (EUR 0.07 billion) from the 2019 level.

The following table below shows the total capital ratio, tier 1 capital ratio and common equity tier 1 capital ratio. The second table shows the risk exposure amounts, tier 2 capital instruments and additional tier 1 capital instruments.

On 3 May 2018, the DFSA ordered the Board of Directors and the Executive Board (since re-named to the Executive Leadership Team) to reassess the Issuer's and the Group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the Group's governance. The DFSA initially estimated that a Pillar 2 add-on should amount to at least DKK 5 billion (EUR 0.67 billion)⁴. On 4 October 2018, the DFSA ordered the Group to reassess its solvency need with a view to adding an absolute minimum of DKK 10 billion (EUR 1.34 billion)⁵ to the Group's Pillar 2 requirement (including the DKK 5 billion Pillar 2 add-on ordered in the DFSA decision dated 3 May 2018). The DKK 10 billion are required to be fully met with CET1 capital and constituted 1.3 percentage points of the solvency need as of end December 2019.

⁴ FX rate at 3 May 2018 = 7.4497 DKK per EUR.

⁵ FX rate at 4 October 2018 = 7.4567 DKK per EUR.

At the end of December 2020, the Group's solvency need was 12.6 per cent., a decrease of 0.1 percentage points from the level at the end of 2019. As of 31 December 2020, the Group's total capital ratio was 23.0 per cent. and the CET1 capital ratio was 18.3 per cent.

Subordinated debt and additional tier 1 capital

During 2020, the Issuer issued one tier 2 capital instrument (on 2 September 2020). The instrument issued had a nominal value of EUR 500 million (DKK 3,720.6 million)⁶. The Group redeemed two tier 2 capital instruments (on 9 December 2020 and 18 December 2020). The instruments had nominal values of DKK 1,150 million (EUR 155 million)⁷ and CHF 150 million (EUR 138 million)⁸, respectively. During the first quarter of 2021, the Issuer issued one tier 2 capital instrument (on 15 February 2021). The instrument issued had a nominal value of EUR 750 million (DKK 5,577 million).⁹

Capital regulation

The Issuer is following the phase-in of the CRR II and the CRD V Directive in accordance with Danish and EU rules.

The impact of IFRS 9 on regulatory capital is subject to a five-year phase-in period from 1 January 2018, whereby an institution is allowed to include in its CET1 capital a portion of the increased expected credit loss provisions for a transition period. The transition method applied for the Group is based on a so-called dynamic approach taking into account both the initial impact and the evolution of the new expected credit loss provisions during the transition period.

In response to COVID-19, a legislative package with targeted legislative changes and selected changes to application timing was agreed and adopted by the EU legislators in June 2020. The most significant changes were to prolong the IFRS 9 transitional arrangement which increased the Group's CET1 capital with around DKK 0.6 billion and bringing forward the application date of the supporting factor for SMEs included in the CRR II which reduced the Group's REA with approximately DKK 16 billion in the fourth quarter of 2020.

The DFSA has approved the Issuer's continuing use of the financial conglomerate deduction method for holdings in Danica Pension. The deduction is based on Danica Pension's solvency need rather than on its minimum capital requirement. The non-deductible part of the holdings will be risk-weighted at 100 per cent.

Distributions of Dividends

The Group has the ambition to pay out ordinary dividends of 40-60 per cent. of its net profit. The proposal for the actual dividend ratio in a given year is made with respect to the capital targets and capital plan. The capital structure can be further adjusted through extraordinary dividends and/or share buy-back programmes if excess capital relative to the capital targets and planning is available after dividends have been paid out, profitable growth opportunities have been exhausted and other quantifiable matters with material impact on the Group's capital position have been accounted for. The Group's dividend policy was approved at the board meeting on 3 February 2021.

For 2020, a dividend of DKK 2.0 (EUR 0.268) per share, corresponding to DKK 1.7 billion or 38 per cent. of 2020 net profit was proposed to and approved at the annual General Meeting on 16 March 2021.

⁶ FX rate = 7.4412 DKK per EUR.

⁷ FX rate = 7.4429 DKK per EUR.

⁸ FX rate = 1.0845 CHF per EUR.

⁹ FX rate = 7.4366 DKK per EUR.

Legal and Regulatory Proceedings

Owing to its business volume, the Group is continually a party to various lawsuits and disputes and has an on-going dialogue with public authorities such as the DFSA. In particular, the investigations and events that took place in the Estonian branch are being discussed with the DFSA, SØIK (as defined below) and other public authorities such as the Estonian Financial Supervisory Authority (“**Estonian FSA**”), the U.S. Department of Justice (the “**DOJ**”) and the U.S. Securities and Exchange Commission (the “**SEC**”).

Estonia matter

The Issuer is reporting to, responding to and cooperating with various authorities, including the Danish State Prosecutor for Serious Economic and International Crime (“**SØIK**”), DOJ and the SEC, relating to the Issuer’s Estonian branch. The internal investigation work that the Issuer had planned to complete during 2020 has been finalised, and the Issuer has reported the findings to relevant authorities. The Issuer continues to fully cooperate and will provide the authorities with further information if and when requested. The overall timing of the authorities’ investigations remains unknown and is not within the Issuer’s control. It is not yet possible to reliably estimate the timing, form of resolution, or amount of potential settlement or fines, which could be material.

Based on orders from the DFSA, the Issuer’s solvency need was increased in 2018 by a Pillar II add-on of in total DKK 10 billion to ensure adequate capital coverage of the increased compliance and reputational risks in relation to the Estonian AML matter.

On 9 January 2019, an action was filed in the United States District Court for the Southern District of New York by an alleged holder of the Issuer’s American Depositary Receipts, representing its ordinary shares, against the Issuer and certain of its officers and former officers and/or directors. The complaint alleges that the defendants violated Section 10(b) and Section 20(a) of the Securities Exchange Act of 1934 by, among other things, making false and misleading statements and/or failing to disclose adverse information regarding the Issuer’s business and operations in relation to AML matters relating to the Issuer’s Estonian branch and related matters. The complaint seeks unspecified damages on behalf of a putative class of purchasers of the Issuer’s American Depositary Receipts between 9 January 2014 and 29 April 2019. On 24 August 2020, the Court granted the Issuer’s motion and dismissed all claims against the Issuer on three independent grounds. On 23 September 2020, the plaintiffs filed an appeal of this ruling to the Second Circuit. The Issuer has opposed that appeal, and a decision is expected in the second half of 2021. The Issuer intends to defend itself against these claims. The timing of the completion of the lawsuit and the outcome are uncertain.

On 3 March 2019, a court case was initiated against the Issuer for approval of a class action led by a newly formed association with the aim to represent former and current shareholders in a liability action relating to the Estonian AML matter. On 21 January 2021, the court dismissed the case because it did not fulfil the criteria for being approved as a class action. The association has appealed this decision. The appeal will not be decided until late 2021 at the earliest. In March 2019 (152), October 2019 (60), January 2020 (9), March 2020 (38), September 2020 (55) and February 2021 (15) in total 329 separate cases were initiated against the Issuer with a total claim amount of approximately DKK 8.2 billion. On 27 December 2019 (63) and on 4 September 2020 (30), two separate claims were filed by 93 investors against the Issuer with a total claim amount of approximately DKK 1.7 billion. On 2 September 2020, 20 separate claims were filed by 20 investors against the Issuer with a total claim amount of approximately DKK 1.1 billion. On 18 September 2020, one case was filed by 201 investors with a total claim value of approximately DKK 2.1 billion. On 18 September 2020, one case was filed against the Issuer (and the Issuer’s former CEO, Thomas F. Borgen) by two investors with a total claim amount of DKK 10 million. These court actions relate to alleged violations in the Issuer’s branch in Estonia of the rules on prevention of money laundering and/or alleged failure to timely inform the market of such violations (and in one claim, also market manipulation). Of the 329 cases filed in the period from March 2019 to February 2021, 208 have been referred to the Eastern High Court. The remaining cases are currently pending or stayed before the Copenhagen City Court. The Issuer intends to defend itself against these claims. The timing of completion of any such lawsuits (pending or threatening) and their outcome are uncertain.

On 20 February 2020 and 12 March 2021, the Issuer received procedural notifications in cases initiated against Thomas F. Borgen by 76 institutional investors, and funded by the litigation funder Deminor Recovery Services. The total claim amount is approximately DKK 3.2 billion. Under Danish law, the purpose of a procedural notification is to make a formal reservation of rights to bring a potential claim against the notified party in the future.

Other

In November 2020, the Issuer accepted a fine of DKK 9 million from SØIK for violating the Danish Executive Order on Investor Protection in connection with the Flexinvest Fri case.

All affected customers have been contacted, and the Issuer have compensated more than 99 per cent. The Issuer has taken several initiatives to handle the issue and make sure something similar should not happen again.

In 2019, the DFSA conducted an inspection of the Issuer's market monitoring function and issued a number of orders on 6 December 2019. The Issuer has since then taken a series of steps to ensure compliance with the orders. In addition, the DFSA also announced further investigation, which in June 2020 led the DFSA to file a criminal complaint against the Issuer for violation of the Market Abuse Regulation on account of inadequate market monitoring and market manipulation in respect of opposite trades. The Issuer has a dialogue with and cooperates with SØIK, but cannot comment further on the criminal complaint as long as SØIK is investigating the case.

The Issuer does not comment on the risk of fines being imposed or the amount of such fines, if any. The Issuer has an ongoing dialogue with different authorities and is cooperating with these authorities. The Issuer does not in general comment on its dialogue with authorities. The Issuer has no basis for providing any indication on when the investigations by authorities are expected to be completed. As and when required, the Issuer will update the financial market via the usual channels (i.e. company announcement or on www.danskebank.com). The Issuer will also include updated information regarding current legal and regulatory proceedings in its interim financial statements (which will be incorporated by reference in this Base Prospectus by a supplement hereto at the relevant time).

The Issuer's administrative bodies are the Board of Directors and the Executive Leadership Team. The Board of Directors, which consists of non-executive directors, is elected by the shareholders of the Issuer at the annual General Meeting or at an extraordinary General Meeting, with the exception of those directors who are elected pursuant to prevailing law concerning employee representation on the Board of Directors (currently four). The non-employee directors, who are elected by the shareholders, are elected for terms of one year and the number of such directors may range from six to ten. Directors are eligible for re-election. SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank Ireland PLC, BNP Paribas, BofA Securities Europe SA, Citigroup Global Markets Limited, Credit Suisse Securities Sociedad de Valores S.A., Danske Bank A/S (in its capacity as a Dealer), Goldman Sachs International, HSBC Continental Europe, J.P. Morgan AG, Merrill Lynch International, Société Générale and UBS Europe SE (the “Dealers”). Notes may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated 30 March 2021 (the “Dealership Agreement” which expression shall include any amendments or supplements thereto or any amendment and restatement thereof) and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of the appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: Regulation S Category 2; TEFRA D, unless TEFRA C is specified as applicable in the relevant Final Terms or Pricing Supplement; Rule 144A eligible if so specified in the relevant Final Terms or Pricing Supplement.

Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except that Notes in registered form may be offered or sold to qualified institutional buyers (as defined in Rule 144A under the Securities Act) in reliance on the exemption from registration requirements of the Securities Act provided by Rule 144A. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, except as permitted by the Dealership Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche within the United States or to, or for the account or benefit of, U.S. persons (other than Notes sold pursuant to Rule 144A), and it will have sent to each distributor, dealer or person to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the respective meanings given to them by Regulation S under the Securities Act.

In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A under the Securities Act (if available).

Prohibition of Sales to European Economic Area Retail Investors

Unless the relevant Final Terms or Pricing Supplement specifies “Prohibition of Sales to European Economic Area Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms or Pricing

Supplement in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the relevant Final Terms or Pricing Supplement specifies “Prohibition of Sales to European Economic Area Retail Investors” as “Not Applicable”, in relation to each member state of the European Economic Area (each a “**Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer(s) nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

United Kingdom

Prohibition of Sales to United Kingdom Retail Investors

Unless the relevant Final Terms or Pricing Supplement specifies “Prohibition of Sales to United Kingdom Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the relevant Final Terms (or Pricing Supplement, as the case may be) in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the relevant Final Terms or Pricing Supplement in respect of any Notes specifies “Prohibition of Sales to United Kingdom Retail Investors” as “Not Applicable” in relation to the United Kingdom, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (i) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (ii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation), in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision the expression an “**offer of Notes to the public**” in relation to any Notes in the United Kingdom means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Other regulatory restrictions

Each Dealer has also represented and agreed, and each further Dealer appointed under the Programme will also be required to represent and agree, that:

- ***Financial promotion:*** it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and

- **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “**FIEA**”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Law (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Denmark

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Denmark by way of a public offering, unless, as applicable, in compliance with the Prospectus Regulation, the Danish Consolidated Act No. 1767 of 27 November 2020 on Capital Markets, as amended, supplemented or replaced from time to time and any Executive Orders issued thereunder and in compliance with Executive Order No. 2092 of 14 December 2020, as amended, supplemented or replaced from time to time, issued pursuant to the Danish Financial Business Act.

Singapore

Each Dealer has acknowledged and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289) of Singapore, as modified and amended from time to time (the “**SFA**”)) pursuant to Section 274 of the SFA, (ii) to a relevant person pursuant (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

- to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- where no consideration is or will be given for the transfer;
- where the transfer is by operation of law;
- as specified in Section 276(7) of the SFA; or

Solely for the purposes of its obligations pursuant to sections 309B(1) of the SFA, the Issuer has determined, and hereby notifies all relevant persons (as defined in section 309A(1) of the SFA) that the Notes are “**prescribed capital markets products**” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

General

With the exception of the application to the Central Bank for the approval of this document as a Base Prospectus issued in compliance with the Prospectus Regulation and relevant implementing measures in Ireland, no action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed “*General*” above.

TAXATION

The following is a general description of relevant tax considerations and is not to be regarded as a complete tax analysis of all tax issues related to the Notes. Prospective holders of Notes should consult their professional tax advisers if they are in doubt about their own tax position.

Denmark Taxation

According to the Danish tax laws in effect as of the date of this Base Prospectus, (i) payments of interest or principal amounts to any holder of a Note are not subject to taxation in Denmark, (ii) no withholding tax will be required on such payments and (iii) any gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in Denmark. This tax treatment applies solely to holders of Notes who are not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as “**FATCA**”, a “**foreign financial institution**” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. The issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Denmark) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are published generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “*Terms and Conditions of the Notes - Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

The Proposed Financial Transaction Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A

financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

The sections referred to in such legend provide that a United States person who holds a Note or Coupon generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note or Coupon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

5. Settlement arrangements will be agreed between the Issuer, the relevant Dealer(s) and the Fiscal Agent, the Registrar or the VP Systems Agent, as the case may be, in relation to each Tranche of Notes.

(ii) Save as outlined in the section “*Risk Factors - COVID-19 outbreak could continue to have a material adverse effect on the Group’s business, results of operations and financial position*” and “*Legal and Regulatory Proceedings*”, there has been no material adverse change in the financial position or prospects of the Issuer since 31 December 2020, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared.

7. Save as outlined in the section “*Legal and Regulatory Proceedings*”, there are no governmental, legal or arbitration proceedings against or affecting the Issuer or any of its Subsidiaries (and no such proceedings are pending or threatened of which the Issuer is aware) during a period covering at least the previous twelve months which have or may have in the recent past, individually or in the aggregate, significant effects on the profitability or the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole.
8. The annual financial statements of the Group for each of the financial years ended 31 December 2020 and 31 December 2019 have been audited by Deloitte Statsautoriseret Revisionspartnerselskab (“**Deloitte**”), being the relevant independent public auditors of the Issuer for such period. Deloitte is a member of “FSR – Danske Revisorer” (Association of State Authorised Public Accountants).
9. The Irish Listing Agent is Matheson and the address of its registered office is 70 Sir John Rogerson’s Quay, Dublin 2, Ireland. Matheson is acting solely in its capacity as listing agent for the Issuer in connection with the Notes and is not itself seeking admission of the Notes to trading on the Regulated Market of Euronext Dublin.
10. For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of Euronext Dublin at www.ise.ie:
 - (a) a copy of this Base Prospectus;
 - (b) any supplements to this Base Prospectus, any future base prospectuses relating to the Programme and any supplements to any future base prospectuses relating to the Programme; and
 - (c) copies of any Final Terms relating to Notes which are admitted to trading on Euronext Dublin’s Regulated Market.

For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of the Issuer at www.danskebank.com (see “*Documents Incorporated by Reference*” for more details):

- (a) the Articles of Association of the Issuer;
 - (b) all reports, letters, and other documents, valuation and statements prepared by any expert at the Issuer’s request any part of which is included or referred to in this Base Prospectus;

11. In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the relevant Final Terms or Pricing Supplement. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.
 12. The issue price and amount of the Notes of any Tranche to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of the issue of such Tranche in accordance with prevailing market conditions.
 13. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities,

the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

14. The Legal Entity Identifier (LEI) code of the Issuer is MAES062Z21O4RZ2U7M96.
15. The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.
16. In this Base Prospectus, references to websites or uniform resource locators (each, a "URL") are inactive textual references and are included for information purposes only. The contents of any such website or URL shall not form part of, or be deemed to be incorporated into, this Base Prospectus.
