

EUR 5,000,000,000
STRUCTURED NOTE PROGRAMME

BASE PROSPECTUS

*This Base Prospectus has been approved by the Central Bank of Ireland (the “**Central Bank**”), as competent authority under the Prospectus Directive (as defined below). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and European Union (“**EU**”) law pursuant to the Prospectus Directive. Such approval relates only to the Notes (as defined below) which are to be admitted to trading on a regulated market for the purposes of Directive 2014/65/EU (as amended) (“**MiFID II**”) and/or which are to be offered to the public in any Member State of the European Economic Area.*

*This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of the Prospective Directive and has been prepared for the purpose of giving information with regard to the issue of notes (the “**Notes**”) under the EUR 5,000,000,000 Structured Note Programme (the “**Programme**”) during the period of twelve months from the date of its publication.*

*Application has been made to the Irish Stock Exchange plc, trading as Euronext Dublin (“**Euronext Dublin**”) for Notes (other than Exempt Notes) to be admitted to the Official List and to trading on its regulated market. References in this Base Prospectus to Notes being “listed” (and all related references) on Euronext Dublin shall mean that such Notes have been admitted to the Official List and to trading on its regulated market. The regulated market of Euronext Dublin is a regulated market for the purposes of MiFID II.*

*In addition, application has been made to Euronext Dublin for the approval of this Base Prospectus as Listing Particulars. Application has been made to Euronext Dublin for Exempt Notes issued during the 12 months from the date of the Listing Particulars to be admitted to the Official List and to trading on the global exchange market (the “**Global Exchange Market**”) which is the exchange regulated market of Euronext Dublin. The Listing Particulars have been approved as such by Euronext Dublin. The Global Exchange Market is not a regulated market for the purposes of MiFID II. Save where expressly provided or the context otherwise requires, where Exempt Notes are to be admitted to trading on the Global Exchange Market, references herein to “**Base Prospectus**” shall be construed to be to “**Listing Particulars**”.*

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems (including, without limitation, the Nasdaq Copenhagen A/S, the Nasdaq Stockholm AB, the Nasdaq Helsinki Oy, the Nordic Growth Market NGM AB (NDX Sweden or NDX Finland, as applicable), the Stuttgart Stock Exchange and the Luxembourg Stock Exchange) as may be agreed with the Issuer (as defined below).

*The requirement to publish a prospectus under the Prospectus Directive only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). References in this Base Prospectus to “**Exempt Notes**” are to Notes for which no prospectus is required to be published under*

the Prospectus Directive. The Central Bank has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

The Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the “**Securities Act**”) and may include Notes in bearer form which are subject to United States tax law requirements. Subject to certain exceptions, the Notes may not be offered or sold within the United States or to, or for the account or benefit of, any U.S. person. The Notes may be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S (“**Regulation S**”) under the Securities Act.

Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the “**Benchmarks Regulation**”). In this case, a statement will be included in the applicable Final Terms or Pricing Supplement, as the case may be, as to whether or not the relevant administrator of the “benchmark” is included in European Securities and Markets Authority’s (“**ESMA**”) register of administrators under Article 36 of the Benchmarks Regulation.

An investment in Notes involves certain risks. Prospective purchasers of Notes should ensure that they understand the nature of the relevant Notes and the extent of their exposure to risks and that they consider the suitability of the relevant Notes as an investment in the light of their own circumstances and financial condition. CERTAIN ISSUES OF NOTES INVOLVE A HIGH DEGREE OF RISK AND PROSPECTIVE PURCHASERS OF NOTES SHOULD BE PREPARED TO SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT. It is the responsibility of prospective purchasers of Notes to ensure that they have sufficient knowledge, experience and professional advice to make their own legal, financial, tax, accounting and other business evaluation of the merits and risks of investing in the relevant Notes and are not relying on the advice of the Issuer or any Dealer in that regard. For a discussion of these risks see “Risk Factors” below.

DANSKE BANK

Dealer

DANSKE BANK

This Base Prospectus should be read and construed together with any supplement hereto and with any documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Issue Terms (as defined herein).

No person has been authorised by Danske Bank A/S (the “**Issuer**”) or Danske Bank A/S in its capacity as a dealer (together with any additional dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis, the “**Dealers**” and each a “**Dealer**”) to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by any Dealer or any of its affiliates, and no Dealer or any of its affiliates makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Issue Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial situation of the Issuer since the date thereof, or, as the case may be, the date upon which this Base Prospectus has been most recently supplemented or the balance sheet date of the most recent financial statements which are deemed to be incorporated into this Base Prospectus by reference or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

Restrictions on Non-exempt offers of Notes in relevant Member States

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. When used in this Base Prospectus, “**Prospectus Directive**” means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the European Economic Area (“**EEA**”). Any such offer is referred to as a “**Non-exempt Offer**”. This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Notes in each Member State in relation to which the Issuer has given its consent, as specified in the relevant Final Terms (each specified Member State a “**Non-exempt Offer Jurisdiction**” and together the “**Non-exempt Offer Jurisdictions**”). Any person making or intending to make a Non-exempt Offer of Notes on the basis of this Base Prospectus must do so only with the Issuer’s consent to the use of this Base Prospectus as provided under “*Consent given in accordance with Article 3.2 of the Prospectus Directive*” and provided such person complies with the conditions attached to that consent.

Save as provided above, neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-exempt Offer of such Notes, the Issuer accepts responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an “**Investor**”) who purchases any Notes in a Non-exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the relevant Final Terms and provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under “*Consent*” and “*Common Conditions to Consent*” below.

Neither the Issuer nor any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and neither the Issuer nor any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Save as provided below, neither the Issuer nor, for the avoidance of doubt, any Dealer has authorised the making of any Non-exempt Offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor, for the avoidance of doubt, any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer. If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person who is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

Consent

In connection with each Tranche of Notes and subject to the conditions set out below under “*Common conditions to consent*”, the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of such Notes by:

- (a) the relevant Dealer stated in the relevant Final Terms;
- (b) any intermediaries specified in the relevant Final Terms (as defined herein); and
- (c) any other financial intermediary appointed after the date of the relevant Final Terms and whose name is published on the Issuer’s website (www.danskebank.com) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

The financial intermediaries referred to in paragraphs (b) and (c) above are together the “**Authorised Offerors**” and each an “**Authorised Offeror**”.

Common conditions to consent

The conditions to the Issuer’s consent are that such Consent:

- (i) is only valid during the Offer Period specified in the relevant Final Terms; and
- (ii) only extends to the use of this Base Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in each relevant Member State specified in the relevant Final Terms.

The consent referred to above relates to Offer Periods (if any) occurring within 12 months of the date of this Base Prospectus.

The only relevant Member States referred to in (ii) above which may, in respect of any Tranche of Notes, be specified in the relevant Final Terms (if any relevant Member States are so specified), will be Denmark, Finland, Germany, Ireland, Luxembourg, Norway, Sweden and the United Kingdom, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Denmark, Finland, Germany, Ireland, Luxembourg, Norway, Sweden and/or the United Kingdom, as specified in the relevant Final Terms, or otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Arrangements between Investors and Authorised Offerors

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NEITHER THE ISSUER NOR, FOR THE AVOIDANCE OF DOUBT, ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

The distribution of this Base Prospectus and any Issue Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Issue Terms comes are required by the Issuer and any Dealer to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Issue Terms and other offering material relating to the Notes, see “*Subscription and Sale*” herein. In particular, Notes have not been and will not be registered under the Securities Act or any state securities law, and may not be offered or sold within the United States or to, or for the account or benefit of, any U.S. person (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Hedging transactions may not be conducted unless in compliance with the Securities Act. For a description of certain restrictions on offers and sales of Notes, see “*Subscription and Sale*” below. The Notes do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended, and trading in Notes has not been approved by the Commodities Futures Trading Commission under the Commodity Exchange Act, as amended. Notes may be in bearer form which are subject to U.S. tax law requirements. **Neither this Base Prospectus nor any Issue Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.**

Neither this Base Prospectus nor any Issue Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer or any Dealer that any recipient of this Base Prospectus or any Issue Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Issue Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

All references in this Base Prospectus to “**Danish Kroner**”, “**kroner**”, “**DKr**” or “**DKK**” are to the currency of Denmark, to “**EUR**” or “**euro**” are to the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty on the functioning of the European Union, as amended, of those members of the European Union which are participating in the European economic and monetary union (the “**Eurozone**”), to “**SEK**” are to the currency of Sweden, to “**GBP**” are to the currency of the United Kingdom and all references to “**U.S.\$**”, “**USD**” and “**U.S. Dollars**” are to the currency of the United States of America.

Responsibility Statement

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Issue Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. References herein to this “**Base Prospectus**” are to this document, as supplemented from time to time including the documents incorporated by reference.

IMPORTANT – EEA RETAIL INVESTORS

If the relevant Issue Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Securities are not intended to be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded) (the “**Insurance Mediation Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended) (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MIFID PRODUCT GOVERNANCE/TARGET MARKET

The relevant Issue Terms in respect of any Notes will include a legend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

BENCHMARKS REGULATION

Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of the Benchmarks Regulation. In this case, the relevant Issue Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulations may have the result that

the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Issue Terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Issue Terms to reflect any change in the registration status of the administrator.

SECTION A - SUMMARY

Summaries are made up of disclosure requirements known as “Elements”. These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for the Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

Section A - Introduction and Warnings

Element	
A.1	<p>This summary should be read as an introduction to the Base Prospectus and the relevant Final Terms.</p> <p>Any decision to invest in any Notes should be based on a consideration of the Base Prospectus as a whole, including any documents incorporated by reference and the relevant Final Terms.</p> <p>Where a claim relating to information contained in the Base Prospectus and the relevant Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus and the relevant Final Terms before the legal proceedings are initiated.</p> <p>No civil liability will attach to the Issuer in any such Member State solely on the basis of this summary, including any translation hereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus and the relevant Final Terms or, following the implementation of the relevant provisions of Directive 2010/73/EU in the relevant Member State, it does not provide, when read together with the other parts of the Base Prospectus and the relevant Final Terms, key information (as defined in Article 2.1(s) of the Prospectus Directive) in order to aid investors when considering whether to invest in the Notes.</p>
A.2	<p>[Not Applicable – The Notes may only be offered in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus (an “Exempt Offer”).]</p> <p>[The Notes may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus (a “Non-exempt Offer”).</p> <p><i>Consent:</i> Subject to the conditions set out below, the Issuer consents to the use of this Base Prospectus in connection with a Non-exempt Offer of Notes by [name(s) of relevant Dealer/Managers] [;and] [names of specific financial intermediaries listed in final terms,] [and each financial intermediary whose name is published on the Issuer’s website (www.danskebank.com) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer] ([together,] the “Authorised Offeror[s]”).</p>
	<p><i>Offer period:</i> The Issuer’s consent referred to above is given for Non-exempt Offers of Notes during [offer period for the issue to be specified here] (the “Offer Period”).</p>

SUMMARY

	<p><i>Conditions to consent:</i> The conditions to the Issuer’s consent are that such consent (a) is only valid during the Offer Period; and (b) only extends to the use of the Base Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in [<i>specify each Relevant Member State in which the particular Tranche of Notes can be offered</i>].</p> <p>AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON-EXEMPT OFFER FROM [AN/THE] AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY [SUCH/THE] AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN [SUCH/THE] AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE INVESTOR MUST LOOK TO THE [RELEVANT] AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE [RELEVANT] AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION.]</p>

SUMMARY

	<p>Balance sheet:</p> <p>Loans 1,793,049 1,736,524</p> <p>Trading portfolio assets 468,414 466,739</p> <p>Assets in Non-core 15,319 4,849</p> <p>Other assets 1,438,132 1,330,443</p> <p>Total assets 3,714,914 3,538,555</p> <p>Deposits 909,354 939,988</p> <p>Bonds issued by Realkredit Danmark 751,185 753,664</p> <p>Trading portfolio liabilities 423,324 385,635</p> <p>Liabilities in Non-core 5,596 3,078</p> <p>Other liabilities 1,466,878 1,296,553</p> <p>Total liabilities 3,556,337 3,378,918</p> <p>Additional tier 1 etc. 14,421 14,462</p> <p>Shareholders' equity 144,156 145,175</p>	
	<p>Statement of no material adverse change</p> <p>Description of significant changes to financial or trading position</p>	<p>There has been no significant change in the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole since 31 March 2019, the last day of the financial period in respect of which the most recent financial statements of the Issuer have been prepared.</p> <p>The Issuer is currently under investigation by the Danish Financial Supervisory Authority, the Danish State Prosecutor for Serious Economic and International Crime, the Estonian Office of the Prosecutor General, the U.S. Department of Justice and the U.S. Securities and Exchange Commission. Cases against the Issuer have also been initiated in New York, the Tribunal de Grande Instance de Paris and in the City Court of Copenhagen. The timing of completion of the lawsuits and the investigations and outcomes are uncertain. The Issuer intends to defend itself against the claims. Save for such lawsuits and investigations, there has been no material adverse change in the prospects of the Issuer since 31 December 2018, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared.</p>
B.13	Recent events materially relevant to an evaluation of the Issuer's solvency	Not Applicable - There are no recent events particular to the Issuer which are to a material extent relevant to the evaluation of the Issuer's solvency.
B.14	Dependence on other entities within the Group	See Element B.5. Not Applicable – The Issuer is not dependent on any other entities within the Group.
B.15	Principal activities	The Group is the leading financial service provider in Denmark (Source: the Danish Financial Supervisory Authority) – and one of the

		largest in the Nordic region – measured by total assets as at 31 March 2018. The Group offers customers a wide range of services in the fields of banking, mortgage finance, insurance, pension, real-estate brokerage, asset management and trading in fixed income products, foreign exchange and equities. The Group is the largest bank in Denmark (Source: the Danish Financial Supervisory Authority), is one of the largest banks in Finland and Northern Ireland and has challenger positions in Sweden and Norway.												
B.16	Controlling shareholders	Not Applicable – The Issuer is not aware of any shareholder or group of connected shareholders who directly or indirectly control the Issuer.												
B.17 <i>(Applicable for Annexes V and XIII)</i>	Credit ratings assigned to the Issuer	<p>As at the date of the Base Prospectus, the Issuer has been rated by the following rating agencies: S&P Global Ratings Europe Limited (“S&P”), Fitch Ratings Ltd (“Fitch”) and Moody’s Investors Service Ltd. (“Moody’s”).</p> <p>The Issuer ratings are as follows:</p> <table border="1"> <thead> <tr> <th></th> <th>S&P</th> <th>Fitch</th> <th>Moody’s</th> </tr> </thead> <tbody> <tr> <td>senior unsubordinated long-term debt/long-term Issuer default rating</td> <td></td> <td>A</td> <td>A2</td> </tr> <tr> <td>senior unsubordinated short-term debt/short-term Issuer default rating</td> <td>A-1</td> <td>F1</td> <td>P-1</td> </tr> </tbody> </table> <p>Each of S&P, Fitch and Moody’s is established in the European Union (the “EU”) and is registered under Regulation (EC) No. 1060/2009 (as amended).</p> <p>A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.</p> <p>No ratings have been or are expected to be assigned to the Notes at the request of or with the co-operation of the Issuer in the rating process.</p>		S&P	Fitch	Moody’s	senior unsubordinated long-term debt/long-term Issuer default rating		A	A2	senior unsubordinated short-term debt/short-term Issuer default rating	A-1	F1	P-1

<i>t</i>	Interest period ending on or about	[Interest Date	Determination	[Specified Rate													
1	[●]	[●]		[●]%													
...	[●]	[●]		[●]%													

		<p>[<i>Reference Item-Linked Interest Notes</i>: As amounts in respect of interest will be determined by reference to the performance of the Reference Item[s], the Interest Amount in respect of an Interest Period and each calculation amount will be determined as follows:</p> <p>[<i>Autocall Interest Notes</i>: If on a specified interest determination date, the Relevant Autocall Interest Performance is equal to or greater than the Interest Barrier, the Interest Amount per calculation amount shall be an amount equal to the Autocall Interest Amount. Otherwise the Interest Amount shall be zero.</p> <p>For the purposes of the above:</p> <p>“Autocall Interest Amount” means an amount determined by reference to the following formula:</p> $[CA [x t] x \text{Specified Rate}][\text{-- Paid Interest}]$ $[CA x \text{Max} [\text{Specified Rate}; \text{Relevant Autocall Interest Performance} - \text{Autocall Strike}]]$ <p>[where “<i>t</i>” is the numerical value of the relevant interest determination date]</p> <p>“Autocall Interest Performance” means, in respect of [the/a] Reference Item and a specified interest determination date (<i>t</i>), the [level/price/rate/value] of such Reference Item on such specified interest determination date (<i>t</i>) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s]/on any valuation period date during the initial valuation period], expressed as a percentage.</p> <p>“Paid Interest” means the sum of the Autocall Interest Amounts (if any) paid on each preceding Interest Payment Date.</p>
--	--	---

SUMMARY

		<p>“Relevant Autocall Interest Performance” means [the Autocall Interest Performance of the Reference Item/the sum of the weighted Autocall Interest Performances for each of the Reference Items/the [●] highest Autocall Interest Performance of any Reference Item].</p> <p>“Specified Rate” = [[●]% / The percentage specified for the relevant interest determination date below]</p> <p>[“Autocall Strike” = [●]% / The percentage specified for the relevant interest determination date below]</p> <p>“Interest Barrier” = [[●]% / The percentage specified for the relevant interest determination date below]</p> <p>“interest determination dates” = [[●], [●] and [●] / As specified below] (subject to postponement)]</p> <p style="text-align: center;">[TABLE</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;"><i>t</i></th> <th style="text-align: center;">interest determination dates</th> <th style="text-align: center;">[Specified Rate</th> <th style="text-align: center;">[Autocall Strike</th> <th style="text-align: center;">[Interest Barrier</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">[●]</td> <td style="text-align: center;">[●]</td> <td style="text-align: center;">[●]%</td> <td style="text-align: center;">[●]</td> </tr> <tr> <td style="text-align: center;">...</td> <td style="text-align: center;">[●]</td> <td style="text-align: center;">[●]</td> <td style="text-align: center;">[●]%</td> <td style="text-align: center;">[●]]</td> </tr> </tbody> </table> <p style="text-align: center;"><i>(Specify for each Interest Period)]]</i></p> <p>[Autocall Multi Barrier Interest Notes: If on a specified interest determination date, the Relevant Autocall Interest Performance falls within a Barrier Interval, the Interest Amount per calculation amount shall be an amount equal to the Relevant Interest Amount_m for such Barrier Interval. Otherwise, the Interest Amount shall be zero.</p> <p>For the purposes of the above:</p> <p>“Barrier Interval” means the interval defined from and including a barrier interval point (a “Starting Barrier Interval Point”) to, but excluding, the immediately following barrier interval point (an “Ending Barrier Interval Point”) and each Barrier Interval is denoted by <i>m</i>). The Starting Barrier Interval Point and the Ending Barrier Interval Point for each Interest Determination Date are as specified in the Table below.</p> <p>“Relevant Interest Amount” means an amount determined by reference to the following:</p> <p>(a) [for the interest determination dates and Barrier Intervals for which “Bullet Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:</p>	<i>t</i>	interest determination dates	[Specified Rate	[Autocall Strike	[Interest Barrier	1	[●]	[●]	[●]%	[●]	...	[●]	[●]	[●]%	[●]]
<i>t</i>	interest determination dates	[Specified Rate	[Autocall Strike	[Interest Barrier													
1	[●]	[●]	[●]%	[●]													
...	[●]	[●]	[●]%	[●]]													

$$CA \times \text{Specified Rate}_m]$$

- (b) [for the interest determination dates and Barrier Intervals for which “Memory Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula [(which shall not be less than zero)]:

$$[CA \times t \times \text{Specified Rate}_m] - \text{Paid Interest}_m$$

Where:

“**Paid Interest_m**” means, in respect of each Calculation Amount, the sum of the Relevant Interest Amounts_m (if any) paid in respect of such Calculation Amount and the Barrier Interval for which “Memory Interest” is specified only on each preceding Interest Payment Date.]

- (c) [for the interest determination dates and Barrier Intervals for which “Cumulative Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:

$$CA \times t \times \text{Specified Rate}_m]$$

- (d) [for the interest determination dates and Barrier Intervals for which “Bonus Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:

$$CA \times PR_m \times \text{Max}[\text{Specified Rate}_m, \text{Relevant Autocall Interest Performance}_{t,i} - \text{Autocall Strike}_m]$$

[where “t” is the numerical value of the relevant interest determination date]

“**Autocall Interest Performance**” means, in respect of [the/a] Reference Item and a specified interest determination date (*t*), the [level/price/rate/value] of such Reference Item on such specified interest determination date (*t*) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s]/on any valuation period date during the initial valuation period], expressed as a percentage.

“**Relevant Autocall Interest Performance**” means [the Autocall Interest Performance of the Reference Item/the sum of the weighted Autocall Interest Performances for each of the Reference Items/the [●] highest Autocall Interest Performance of any Reference Item].

“**Specified Rate_m**” = [[●]% / The percentage specified for the relevant interest determination date and barrier interval below]

[“**Autocall Strike_m**” = [●]% / The percentage specified for the relevant interest determination

SUMMARY

		[The Notes do not bear any interest.] [The Notes are Zero Coupon Notes and will be offered and sold at a discount to their principal amount.]
	Maturity Date and arrangements for the amortisation of the loan, including the repayment procedure	<p>[Optional redemption]</p> <p>[The Issuer may elect to redeem the Notes prior to their stated maturity ([either] in whole [or in part]). The optional redemption amount payable in such circumstances is [●] per Calculation Amount and the optional redemption date(s) [is/are] [●][, [●] and [●]].]</p> <p>[A Noteholder may elect to redeem any of the Notes held by it on [the/an] optional redemption date[s] by giving [not less than] [●] days’ notice. The optional redemption amount payable in such circumstances is [●]per calculation amount and the optional redemption date(s) [is/are] [●][, [●] and [●]].]</p>

		<p>[Early Redemption (Autocall)]</p> <p>The Notes may be redeemed early in the circumstances set out below by payment of the early redemption amount in respect of each calculation amount.</p> <p>If, on a specified autocall valuation date (<i>t</i>), Relevant Autocall Performance is greater than or equal to the Autocall Barrier, the Notes shall be redeemed early and the early redemption amount in respect of each calculation amount (“CA”) shall be the calculation amount.</p> <p>For the purposes of the above:</p> <p>“Autocall Performance” means, in respect of [the/a] Reference Item and a specified autocall valuation date (<i>t</i>), the [level/price/rate/value] of such Reference Item on such specified autocall valuation date (<i>t</i>) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s] /on any valuation period date during the initial valuation period], expressed as a percentage</p> <p>“Relevant Autocall Performance” means [the Autocall Performance of the Reference Item/the sum of the weighted Autocall Performances for each of the Reference Items/ the [●] highest Autocall Performance of any Reference Item]]</p> <p>“Autocall Barrier” = [[●]% / The percentage specified for the relevant autocall valuation date below]</p> <p>“autocall valuation dates” = [[●], [●] and [●] / As specified below] (subject to [[modified] postponement/omission])</p> <p>[<i>t</i> autocall valuation date Autocall Barrier</p>
--	--	--

		<p>1 [●] [●]%</p> <p>... [●] [●]%</p>
		<p><i>Valuation</i></p> <p>["initial valuation date"] = [●] (subject to postponement)]</p> <p>["initial averaging dates"] = [●], [●] and [●] (subject to [[modified] postponement / omission])]</p> <p>["initial valuation period"] = from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]]</p> <p>["valuation period dates" for the initial valuation period] = Each [●] [, [●] and [●]] falling during the initial valuation period (each such date subject to [[modified] postponement / omission])]</p> <p>["autocall valuation dates"] = [●], [●] and [●] (subject to postponement)]</p>
		<p><i>Early redemption</i></p> <p>See "Taxation" and "Events of Default" in Element C.8 above for information on early redemption in relation to the Notes.</p> <p>In addition, if the Issuer determines that performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become illegal in whole or in part as a result of compliance with any applicable present or future law (an "illegality"), the Issuer may redeem the Notes early and, if and to the extent permitted by applicable law, will pay an amount equal to the early redemption amount in respect of each calculation amount.</p> <p>[In the circumstances specified above, the "early redemption amount" payable on any such early redemption of the Notes will be [[●] per calculation amount] [an amount determined by the Calculation Agent which represents the fair market value of each calculation amount of the Notes [(which amount shall include amounts in respect of interest)] on a day selected by the Issuer (in the case of an early redemption following an illegality, ignoring the relevant illegality), but adjusted (except in the case of an early redemption following an event of default) to account for losses, expenses and costs to the Issuer and/or its affiliates of unwinding any hedging and funding arrangements in respect of the Notes, provided that, for the purposes of determining the fair market value of each calculation amount of the Notes following an event of default, no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes].]</p> <p>[<i>Zero Coupon Notes</i>: In the circumstances specified above, the "early</p>

SUMMARY

		<p>redemption amount” payable on any such early redemption in respect of each calculation amount will be sum of (i) [●] (the “Reference Price”) and (ii) the product of the [●] per cent. per annum (compounded annually) being applied to the Reference Price from (and including) the issue date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable]</p>
		<p>Redemption at maturity</p> <p>Unless previously redeemed or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the maturity date.</p> <p>The maturity date is [●].</p> <p>The “Final Redemption Amount” is [par/[●]]% of the aggregate principal amount].</p>

	<p>An indication of yield</p> <p>Name of Trustee</p>	<p>[The yield on the Notes is [●]]% per annum. The yield is calculated at the issue date of the Notes on the basis of the issue price of the Notes of [●] per cent. It is not an indication of future yield.] / [Not Applicable – the Notes are not fixed rate Notes.]</p> <p>Not Applicable – There is no trustee.</p> <p>See also Element C.8 above.</p>
--	--	--

<p>[C.10]</p> <p><i>(Applicable for Annex V)</i></p>	<p>Derivative component of the interest payment</p>	<p>[Not Applicable – there is no derivative component in the interest payments.]</p> <p>[Interest payable in respect of Capped Floating Rate Notes is subject to a Cap and, therefore, where the Relevant Rate is greater than the Cap, investors will not participate in the increase in the Relevant Rate above such Cap.]</p> <p>[Interest payable in respect of Floored Floating Rate Notes is subject to a Floor and, therefore, where the Relevant Rate is less than the Floor, investors will not participate in the decrease in the Relevant Rate below such Floor.]</p> <p>[Interest payable in respect of Collared Floating Rate Notes is subject to a Cap and a Floor and, therefore, where the Relevant Rate is greater than the Cap, investors will not participate in the increase in the Relevant Rate above such Cap and where the Relevant Rate is less than the Floor, investors will not participate in the decrease in the Relevant Rate below such Floor.]</p> <p>[Interest payable in respect of Reverse Floating Rate Notes is subject to how the Specified Rate compares to the Relevant Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]</p> <p>[Interest payable in respect of Steepener Notes is subject to how the Relevant Rate compares to the relevant Strike Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]</p>
---	--	---

	<p>[In respect of Snowball Notes, the Snowball Amount will operate to increase the fixed rate to which the Relevant Rate is compared and Snowball Notes are subject to (i) an accreting fixed rate and how it compares to the Relevant Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]</p> <p>[As a leverage factor [greater/less] than 100% is applied, the effect of changes in the level of the variable relevant rate is [magnified/reduced]]</p> <p>[Interest payable in respect of Range Accrual Notes is subject to the proportion of interest observation dates within the relevant interest period for which Reference Price_t falls within the specified parameters and thus Range Accrual Notes can be volatile instruments and may pay little or no interest in respect of an interest period.]</p> <p>[Different amounts of interest will be payable in respect of Binary Rate Notes, depending on whether Reference Price_t falls within the specified parameters on the relevant interest determination date.]</p> <p>[Interest payable in respect of Inflation Adjusted Interest Notes are subject to (i) a Specified Rate and (ii) the performance of the Reference Item over a certain time period. Therefore, increases in the level of the relevant Reference Item will operate to increase the amount of interest payable.</p> <p>[Reference Item-Linked Interest Notes which are Autocall Interest Notes will pay interest depending on whether the Relevant Autocall Interest Performance is equal to or greater than a specified barrier, otherwise no interest will be paid in respect of the relevant interest period. Such interest may be Bullet Interest, Memory Interest, Cumulative Interest or Bonus Interest.]</p> <p>[Reference Item-Linked Interest Notes which are Autocall Multi Barrier Interest Notes will pay interest depending on whether the Relevant Autocall Interest Performance falls within a Barrier Interval, otherwise no interest will be paid in respect of the relevant Interest Period. Different amounts of interest will be payable depending on the type of interest that is specified for the relevant Barrier Interval. Such interest may be Bullet Interest, Memory Interest, Cumulative Interest or Bonus Interest.]</p> <p>[The Interest Amount in respect of each interest period will be adjusted to reflect the change in the specified exchange rate between the specified initial valuation date[s] and the specified interest FX determination date for the relevant interest period.]</p> <p><i>[Rate-Linked Notes: Adjustments</i></p> <p>The terms and conditions of the Notes contain provisions, as applicable, relating to non-publication of the Reference Item and details of the consequences of such events. Such provisions may permit the Calculation Agent to obtain quotations from dealers in the relevant market or use underlying rates for a previous interest period.]</p> <p><i>[Inflation-Linked Notes: Adjustments</i></p>
--	--

SUMMARY

		<p>The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item, modification or cessation of the Reference Item and provisions relating to subsequent corrections of the level of the Reference Item and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine a substitute level for the Reference Item by reference to the terms of a reference bond or by reference to the most recently published level of the Reference Item or to cancel the Notes and to pay an amount equal to the early redemption amounts as specified above.]</p> <p><i>[Reference Item-Linked Notes other than Rate-Linked Notes and Inflation-Linked Notes: Disrupted Days, Market Disruption Events and Adjustments</i></p> <p>The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item(s), modification or cessation of the Reference Item(s) and market disruption provisions and provisions relating to subsequent corrections of the level of the Reference Item(s) and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine what adjustments should be made following the occurrence of the relevant event (which may include deferment of any required valuation or payment or the substitution of a substitute reference item) or to cancel the Notes and to pay an amount equal to the early redemption amount as specified above.]</p> <p>See also Element C.9.</p>

		<p><i>[Reference Item-Linked Interest Amounts:</i> As amounts in respect of interest will be determined by reference to the performance of the Reference Item[s], the Interest Amount in respect of an Interest Period and each calculation amount will be determined as follows:</p> <p><i>[Autocall Interest Notes:</i> If on a specified interest determination date, the Relevant Autocall Interest Performance is equal to or greater than the Interest Barrier, the Interest Amount per calculation amount shall be an amount equal to the Autocall Interest Amount. Otherwise the Interest</p>
--	--	--

Amount shall be zero.

For the purposes of the above:

“**Autocall Interest Amount**” means an amount determined by reference to the following formula:

$$[CA [x t] \times \text{Specified Rate}] [- \text{Paid Interest}]$$

$$[CA \times \text{Max} [\text{Specified Rate}; \text{Relevant Autocall Interest Performance} - \text{Autocall Strike}]]$$

[where “*t*” is the numerical value of the relevant interest determination date]

“**Autocall Interest Performance**” means, in respect of [the/a] Reference Item and a specified interest determination date (*t*), the [level/price/rate/value] of such Reference Item on such specified interest determination date (*t*) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s]/on any valuation period date during the initial valuation period], expressed as a percentage.

“**Paid Interest**” means the sum of the Autocall Interest Amounts (if any) previously paid prior to such Interest Payment Date.

“**Relevant Autocall Interest Performance**” means [the Autocall Interest Performance of the Reference Item/the sum of the weighted Autocall Interest Performances for each of the Reference Items/the [●] highest Autocall Interest Performance of any Reference Item].

“**Specified Rate**” = [[●]% / The percentage specified for the relevant interest determination date below]

[“**Autocall Strike**” = [●]% / The percentage specified for the relevant interest determination date below]

“**Interest Barrier**” = [[●]% / The percentage specified for the relevant interest determination date below]

“**interest determination dates**” = [[●], [●] and [●] / As specified below] (subject to postponement)]

[TABLE

<i>t</i>	interest determination dates	[Specified Rate	[Autocall Strike	[Interest Barrier
1	[●]	[●]	[●]%	[●]
...	[●]	[●]	[●]%	[●]

(Specify for each Interest Period)]

[Autocall Multi Barrier Interest Notes: If on a specified interest determination date, the Relevant Autocall Interest Performance falls within a Barrier Interval, the Interest Amount per calculation amount shall be an amount equal to the Relevant Interest Amount_m for such Barrier Interval. Otherwise, the Interest Amount shall be zero.

For the purposes of the above:

“**Barrier Interval**” means the interval defined from and including a barrier interval point (a “**Starting Barrier Interval Point**”) to, but excluding, the immediately following barrier interval point (an “**Ending Barrier Interval Point**”) and each Barrier Interval is denoted by *m*). The Starting Barrier Interval Point and the Ending Barrier Interval Point for each Interest Determination Date are as specified in the Table below.

“**Relevant Interest Amount**” means an amount determined by reference to the following:

- (c) [for the interest determination dates and Barrier Intervals for which “Bullet Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:

$$CA \times \text{Specified Rate}_m]$$

- (d) [for the interest determination dates and Barrier Intervals for which “Memory Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula [(which shall not be less than zero)]:

$$[CA \times t \times \text{Specified Rate}_m] - \text{Paid Interest}_m]$$

Where:

“**Paid Interest_m**” means, in respect of each Calculation Amount, the sum of the Relevant Interest Amounts_m (if any) paid in respect of such Calculation Amount and the Barrier Interval for which “Memory Interest” is specified only on each preceding Interest Payment Date.]

- (e) [for the interest determination dates and Barrier Intervals for which “Cumulative Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:

$$CA \times t \times \text{Specified Rate}_m]$$

- (f) [for the interest determination dates and Barrier Intervals for which “Bonus Interest” is specified as the Relevant Interest Amount in the Table below, an amount determined by reference to the following formula:

$$CA \times PR_m \times \text{Max}[\text{Specified Rate}_m, \text{Relevant Autocall Interest Performance}_{t,i} - \text{Autocall Strike}_m]$$

[where “t” is the numerical value of the relevant interest determination date]

“**Autocall Interest Performance**” means, in respect of [the/a] Reference Item and a specified interest determination date (*t*), the [level/price/rate/value] of such Reference Item on such specified interest determination date (*t*) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s]/on any valuation period date during the initial valuation period], expressed as a percentage.

“**Relevant Autocall Interest Performance**” means [the Autocall Interest Performance of the Reference Item/the sum of the weighted Autocall Interest Performances for each of the Reference Items/the [●] highest Autocall Interest Performance of any Reference Item].

“**Specified Rate_m**” = [[●]% / The percentage specified for the relevant interest determination date and barrier interval below]

[“**Autocall Strike_m**” = [●]% / The percentage specified for the relevant interest determination date and barrier interval below]

[**PR_m** = [●]% / The percentage specified for the relevant interest determination date and barrier interval below]

“**interest determination**

dates” = As specified below (subject to postponement)

TABLE

Interest Determination Date	Barrier Interval Number (<i>m</i>)	Starting Barrier Interval Point	Ending Barrier Interval Point	[Autocall Strike _m	[Specified Rate _m	[PR _m	Relevant Interest Amount
[●]	[●]	[●]%	[●]%	[●]	[●]%	[●]%	[Bullet/ Memory/ Cumulative/ Bonus] Interest
	[●]	[●]%	[[●]%/ Not Applicable]	[●]	[●]%	[●]%	[Bullet/ Memory/ Cumulative/ Bonus] Interest

SUMMARY

		(Specify for each Interest Period)
--	--	------------------------------------

		<p>[The “Swap Rate” is the rate determined by reference to the difference between two swap rates, determined as follows:</p> <p>Swap Rate 1 – Swap Rate 2</p> <p>For the purposes of the above:</p> <p>“Swap Rate 1” is [●] year [insert relevant Reference Rate].</p> <p>“Swap Rate 2” is [●] year [insert relevant Reference Rate].]</p>
--	--	---

		<p>[Subject as provided in Element C.15, interest/Interest][, if any,] will be paid [annually/ semi-annually/quarterly/monthly] [in arrear] on [●] [and [●]] in each year[, subject to adjustment for non-business days]. The first interest payment will be made on [●].]</p> <p>[Interest[, if any] will [be payable/accrue] in respect of each [annual/semi-annual/quarterly/monthly] interest period but the interest amount in respect of each such interest period will accumulate and will only be payable on [[●]/ the maturity date].]</p>
--	--	---

		<p>[“FX Interest Conversion”: Applicable and the Interest Amount in respect of each interest period shall be multiplied by the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified interest FX determination date in respect of such interest period [or, if applicable, the [fifth business day] prior to the credit event redemption date] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]]], expressed as a percentage]</p> <p>[“initial valuation date” = [●] (subject to postponement)]</p> <p>[“initial averaging dates” = [●], [●] and [●] (subject to postponement)]</p> <p>[“interest FX determination date” = In respect of an interest period and the related Interest [Period /Payment] Date, [the [●] Currency Business Day prior to such Interest [Period/Payment] Date/the date specified for such Interest [Period/Payment] Date in the table below (subject to postponement):</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; text-align: right;">Interest [Period/Payment] Date</td> <td style="width: 50%; text-align: left;">Interest FX Determination Dates</td> </tr> </table>	Interest [Period/Payment] Date	Interest FX Determination Dates

--	--	---

[The Reference Item-Linked Redemption Amount shall be the “**Call Spread Redemption Amount**” determined by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

For the purposes of the above:

“**Reference Item Amount**” means an amount determined by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}, (\text{PR} \times \text{Capped Performance})] \times \text{OFX}$$

Where:

“**Call Performance**” means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●]highest Performance of any Reference Item] MINUS Strike

“**Capped Performance**” means lesser of the Performance Cap and the Call Performance

“**FX Option Conversion**”: [Applicable and “**OFX**” shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

“**FX Principal Conversion**”: [Applicable and “**PFX**” shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●]], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

“**Performance**” means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s]/valuation period, the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

“**Relevant Principal Amount**” (“**RPA**”) means the CA multiplied by [●]% multiplied by PFX

“**Performance Cap**” = [●]%

“**Performance Floor**” = [[●]%/Zero]

“**PR**” = [[●]%/100%]

	<p>[The Reference Item-Linked Redemption Amount shall be the “TOM Strategy Redemption Amount” determined by reference to the following formula:</p> $\text{RPA} + \text{Reference Item Amount}$ <p>For the purposes of the above:</p> <p>“Reference Item Amount” means an amount determined by reference to the following formula:</p> $\text{CA} \times \text{Max} [\text{Performance Floor}, (\text{PR} \times \text{TOM Value})] \times \text{OFX}$ <p>Where:</p> <p>“Fixed Return” means the product of (i) the number of calendar days during the TOM Reference Period which do not fall within a TOM Period and (ii) [●]%, expressed as a percentage</p>
--	---

“**FX Option Conversion**”: [Applicable and “**OFX**” shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, FX = 1]

“**FX Principal Conversion**”: [Applicable and “**PFX**” shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

“**Relevant TOM Performance**” means, in respect of a TOM Period (*t*), [the RI TOM Performance of the Reference Item/the sum of the weighted RI TOM Performances for each of the Reference Items] for such TOM Period (*t*)

“**Relevant Principal Amount**” (“**RPA**”) means the CA multiplied by [●]% multiplied by PFX

“**RI TOM Performance**” means, in respect of [the/a] Reference Item and a TOM Period (*t*), the [level/price/rate/value] of such Reference Item on the final valuation date for such TOM Period DIVIDED BY the [initial price/level/price/rate/value] of such Reference Item on the initial valuation date for such TOM Period, expressed as a percentage

“**TOM Period**” means[, in respect of each specified mid date,] each period (*t*) from (and including) the initial valuation date to (and including) the final valuation date for such mid date specified in the Table below:

TABLE

<i>t</i>	Mid Date	Initial Valuation Date	Final Valuation Date
1	[●]	[●]	[●]
...	[●]	[●]	[●]
[y]	[●]	[●]	[●]

(Specify for each TOM Period)

“**TOM Reference Period**” means the period from ([and including/but excluding]) [●] to ([and including/but excluding]) [●]

“**TOM Value**” means (i) the product of the RI TOM Performance for each of the TOM Periods MINUS 100% PLUS (ii) the Fixed Return

“**Performance Floor**” = [[●]%/Zero]

“**PR**” = [[●]%/100%]

SUMMARY

		<p><i>[Inflation-Linked Notes: Adjustments</i></p> <p>The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item, modification or cessation of the Reference Item and provisions relating to subsequent corrections of the level of the Reference Item and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine a substitute level for the Reference Item by reference to the terms of a reference bond or by reference to the most recently published level of the Reference Item or to cancel the Notes and to pay an amount equal to the early redemption amounts as specified above.]</p> <p><i>[Reference Item-Linked Notes which are Index-Linked Notes, Equity-Linked Notes, Fund-Linked Notes, Currency-Linked Notes or Commodity-Linked Notes: Disrupted Days, Market Disruption Events and Adjustments</i></p> <p>The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item(s), modification or cessation of the Reference Item(s) and market disruption provisions and provisions relating to subsequent corrections of the level of the Reference Item(s) and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine what adjustments should be made following the occurrence of the relevant event (which may include deferment of any required valuation or payment or the substitution of a substitute reference item) or to cancel the Notes and to pay an amount equal to the early redemption amount as specified above.]</p>
--	--	--

[Redemption following the occurrence of a Credit Event

Notwithstanding the above provisions, [*Single Reference Entity CLNs*: if a credit event determination date occurs in relation to the reference entity, the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.][*First-to-Default CLNs*: if a credit event determination date occurs in relation to any of the specified reference entities, the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.][*Nth-to-Default CLNs*: if a credit event determination date occurs in relation to [*nth*] reference entities (a “**Trigger**”), the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date (each determined in relation only to the Reference Entity in respect of which a credit event determination date has occurred which causes the Trigger to occur)][*Portfolio CLNs*: if a credit event determination date has occurred in respect of any specified reference entity the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.]

“**Credit Event Redemption Date**” means [*Other than Portfolio CLNs*: the day falling [three/other] Business Days after (i) the calculation of the final price[,] [or] (ii) the auction final price determination date, provided that the Credit Event Redemption Date shall not fall earlier than the auction settlement date [*Zero/Set Recovery Notes*:, or (iii) the credit event determination date], in each case in respect of the reference entity the occurrence of a credit event determination date in respect of which results in the Notes becoming redeemable [*Maturity Credit Event Redemption applicable*::; or, if later, the Maturity Date subject to adjustment]][*Portfolio CLNs which are not Zero/Set Recovery Notes*: the later of (a) the day falling [three/other] Business Days following (i) the calculation of the final price or (ii) the auction final price determination date (or, if later, the related auction settlement date) in respect of each reference entity for which a credit event determination date has occurred and for which the final price or auction final price is relevant for the determination of the Credit Event Redemption Amount and (b) the Maturity Date, subject to adjustment] [*Portfolio CLNs which are Zero/Set Recovery Notes*: the later of (a) the day falling [three/other] Business Days following the date as of which a credit event determination date has occurred or is determined not to have occurred in respect of each reference entity which is relevant for the determination of the Credit Event Redemption amount and (b) the Maturity Date, subject to adjustment.]

“**Credit Event Redemption Amount**” means:

[[specify]]/

[*Single Reference Entity/First-to-Default and Nth-to-Default CLNs where Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are not applicable*: an amount calculated by the Calculation Agent equal to each Note’s *pro rata* share of $(RENA \times FP) - UC$]/

SUMMARY

[*Non-Tranched Portfolio CLNs where Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are not applicable:* an amount calculated by the Calculation Agent equal to each Note's *pro rata* share of:

$$\left(\sum_{1..n}^n \text{RENA}_{u,i} \right) + \left(\sum_{1..n}^n \text{RENA}_{A,i} \times \text{FP}_{A,i} \right) - \text{UC};]/$$

[*Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount applicable:* the Final Redemption Amount determined by the Calculation Agent as specified above except that references to “CA” in the definition of “Relevant Principal Amount” shall instead be references to the Credit Event Redemption Amount determined as an amount calculated by the Calculation Agent equal to each Note’s *pro rata* share of [*Single Reference Entity/First-to-Default/Nth-to-Default CLNs:* (RENA × FP) – UC] [*Portfolio CLNs:*

$$\left(\sum_{1..n}^n \text{RENA}_{u,i} \right) + \left(\sum_{1..n}^n \text{RENA}_{A,i} \times \text{FP}_{A,i} \right) - \text{UC};]$$

[*Tranched Portfolio CLNs:* in relation to each Calculation Amount equal to

$$(\text{CA} \times [100\% - \text{Aggregate Portfolio Loss}]) - \text{TUC}]$$

Where:

[“**Aggregate Portfolio Loss**” means, in respect of a day, a percentage, floored at zero per cent. and capped at 100 per cent., determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\frac{\text{LP} - \text{AP}}{\text{DP} - \text{AP}};]$$

[“**AP**” is the Attachment Point, being [●]%;]

[“**DP**” is the Detachment Point, being [●]%;]

[“**LP**” means the Loss Percentage being, in respect of a day, a fraction expressed as a percentage, determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\left[\sum_{1..n}^n \text{RENA}_{A,i} \times (1 - \text{FP}_{A,i}) \right] / \left[\sum_{1..n}^n \text{RENA}_{u,i} + \sum_{1..n}^n \text{RENA}_{A,i} \right];]$$

[“**TUC**” means each Note’s *pro rata* portion of the UC;]

		<p>“RENA” is the Reference Entity Notional Amount[, with “RENA_{u,i}” being the Reference Entity Notional Amount in respect of any Reference Entity_i for which a credit event determination date has not occurred and being deemed to be zero for all other Reference Entities and “RENA_{A,i}” is the Reference Entity Notional Amount in respect of any Reference Entity_i for which a credit event determination date has occurred and being deemed to be zero for all other Reference Entities];</p> <p>“FP” is [the final price or the auction final price, which shall not be greater than 100%] [<i>specify the Set/Zero Recovery Price</i>][, with “FP_{A,i}” being such value in respect of the Reference Entity for which a credit event determination date has occurred];</p> <p>“UC” is [<i>specify</i>][an amount determined by the Calculation Agent equal to the aggregate sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption or credit settlement of the Notes and the related termination, settlement or re-establishment of any hedging arrangements]; and</p> <p>[“n” is the number of Reference Entities.]</p> <p>The Credit Event Redemption Amount shall not be less than zero]</p>

Section D– Risks

Element	Title	
<p>D.2</p>	<p>Key risks specific to the Issuer</p>	<p>In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer’s control. The Issuer has identified in the Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include:</p> <ul style="list-style-type: none"> • the Group is exposed to a number of risks, the categories of which are credit risk, market risk, liquidity, funding and capital, insurance and pension risk and non-financial risk. Non-financial risk consists of model risk, operational risk, business disruption, financial crime, behavioural and conduct risk, legal risk and financial control and strategic risk;

		<ul style="list-style-type: none"> • regulatory changes could materially affect the Issuer’s business; • the Issuer faces increased capital and liquidity requirements as a result of the framework implementing among other things, the Basel Committee on Banking Supervision’s proposals imposing stricter capital and liquidity requirements upon banks in the European Union; • the Issuer may be subject to bail-in under the BRRD; • the Group may have to pay additional amounts under resolution funds and deposit guarantee schemes; and • the Group may be affected by general economic and geopolitical conditions.
--	--	--

D.3 <i>(D.3 applicable for Annexes V and XIII)</i>	Key information on key risks specific to the Notes	<i>The Issuer believes that the factors summarised below represent the principal risks inherent in investing in the Notes, but the Issuer may be unable to pay amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.</i>
		<p>[Notes may involve a high degree of risk. There are certain factors which are material for the purpose of assessing the market risks associated with investing in the Notes, which include, without limitation, the following: an active secondary market in respect of the Notes may never be established or may illiquid and this would adversely affect the value at which an investor could sell its Notes, if an investor holds Notes which are not denominated in the investor’s home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding and the imposition of exchange controls could result in an investor not receiving payment on those Notes, the market value of the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer, credit ratings assigned to the Issuer may not reflect all the risks associated with an investment in the Notes, the Notes may not be a suitable investment for all investors, [because the global Notes are held by or on behalf of Euroclear Bank S.A./N.V. and Clearstream Banking S.A., investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer/because the VP Systems Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer,] [investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued,] the recognition as eligible collateral for the Eurosystem and intra-day credit operations by the Eurosystem of New Global Notes is dependent upon satisfaction of the Eurosystem eligibility criteria at the relevant time, [there is no taxation gross-up in respect of the Notes,] taxes and expenses may be payable by holders in connection with the Notes, U.S. Foreign Account Tax Compliance Act withholding may affect payments on the Notes, the proposed financial transactions tax may apply in respect of certain dealings in Notes, reforms to benchmarks could have an effect on</p>

SUMMARY

		<p>the Notes, the Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors, regulatory initiatives may restrict certain investments, the value of the Notes could be adversely affected by a change in applicable laws or administrative practice, the Issuer has issued covered bonds and if any relevant claims in respect of these covered bonds are not met out of the pool of assets or the proceeds arising from it, any remaining claims will subsequently rank pari passu with the Issuer’s obligations under the Notes.</p>
		<p>In addition, there are certain factors which are material for the purpose of assessing the risks relating to the structure of the Notes, which include, without limitation, the following: [as the Issuer has the right to redeem the Notes at its option, this may limit the market value of the Notes and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return] [and] [if the Issuer’s obligations under the Notes become illegal, the Issuer may redeem the Notes] [and] [the value of Fixed Rate Notes may be affected by movements in market interest rates] [and] [investors in Capped Floating Rate Notes will not benefit from increases in reference rates which would apply to Variable Rate Notes with no cap] [and] [Variable Rate Notes may be volatile investments] [and] [where a Rate of Interest is determined in conjunction with a multiplier or other leverage factor, the effect of changes will be enhanced] [and] [interest is accumulated during the term of the Notes and is only paid on or about the Maturity Date] [and] [Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates]</p>
		<p>[There are certain additional risks associated with Notes linked to the Reference Item[s]: prospective investors in the Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of the Notes in light of their particular financial circumstances, the information set forth in the Base Prospectus and the information regarding the Notes and the Reference Item[s] to which [the value of, or payments in respect of,] the Notes relate. Fluctuations in the value and/or volatility of [the Reference Item[s]/obligations issued or guaranteed by the Reference Entity] may affect the value of the Notes. Investors may risk losing their entire investment. Investors will have no claim against any Reference Item. Hedging arrangements of the Issuer may affect the value of the Notes and there may be conflicts of interest in respect of the Notes. [Market disruptions or other adjustment events may occur in respect of the Reference Item[s] which may result in valuations and/or payments being delayed, the Notes may be subject to adjustment (including, without limitation, that the relevant Reference Item may be substituted) or the Notes may be redeemed early.]</p> <p>The Notes will represent an investment linked to [the performance of] the Reference Item[s] and prospective investors should note that the return (if any) on their investment in the Notes will depend upon [the performance of] the Reference Item[s].]</p>

		<p>[There are certain additional risks associated with Credit-Linked Notes: prospective investors in the Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of the Notes in light of their particular financial circumstances, the information set forth in the Base Prospectus and the information regarding the Notes and the Reference Entit[y][ies] to which the value of and payments in respect of the Notes relate. Fluctuations in the value and/or volatility of obligations issued or guaranteed by a Reference Entity may affect the value of the Notes and the occurrence of a Credit Event in respect of a Reference Entity will reduce the amount of interest and principal payable and may alter the timing of redemption. Investors may risk losing their entire investment. Investors will have no claim against any Reference Entity. Hedging arrangements of the Issuer may affect the value of the Notes and there may be conflicts of interest in respect of the Notes. The terms of the Notes may change by reference to market convention and as a result of determinations made by a relevant Credit Derivatives Determination Committee. A Reference Entity may be replaced due to events beyond the control of the Issuer. The risk associated with the Notes may increase as a result of changes to the Notes after the issue date.]</p>

SECTION B - RISK FACTORS AND DESCRIPTIONS OF THE NOTES**SECTION B.1 - RISK FACTORS**

Prospective investors should read the entire Base Prospectus and reach their own views prior to making any investment decision.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under any Notes. All of these factors are contingencies that may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.

The following is a general discussion of certain risks typically associated with the Issuer and the acquisition and ownership of Notes. In particular, it does not consider an investor's specific knowledge and/or understanding about risks typically associated with the Issuer and the acquisition and ownership of Notes, whether obtained through experience, training or otherwise, or the lack of such specific knowledge and/or understanding, or circumstances that may apply to a particular investor.

THE PURCHASE OF NOTES MAY INVOLVE SUBSTANTIAL RISKS AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CONSIDER CAREFULLY, IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, (I) ALL THE INFORMATION SET FORTH IN THIS BASE PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW AND (II) ALL THE INFORMATION SET FORTH IN THE RELEVANT ISSUE TERMS. PROSPECTIVE INVESTORS SHOULD MAKE SUCH ENQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER OR ANY DEALER.

AN INVESTMENT IN NOTES MAY ENTAIL SIGNIFICANT RISKS NOT ASSOCIATED WITH INVESTMENTS IN A CONVENTIONAL DEBT SECURITY, INCLUDING BUT NOT LIMITED TO THE RISKS SET OUT BELOW. THE AMOUNT PAID ON REDEMPTION OF THE NOTES MAY BE LESS THAN THE PRINCIPAL AMOUNT OF THE NOTES, TOGETHER WITH ANY ACCRUED INTEREST, AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO.

CERTAIN ISSUES OF NOTES INVOLVE A HIGH DEGREE OF RISK AND POTENTIAL INVESTORS SHOULD BE PREPARED TO SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT.

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section, unless otherwise stated.

RISK FACTORS

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Danske Bank Group is exposed to a variety of risks, the most significant of which are credit risk, market risk, liquidity, funding and capital, insurance and pension risk, and non-financial risk. Non-financial risk consists of model risk, operational risk, business disruption, financial crime, behavioural and conduct risk, legal risk and financial control and strategic risk

The Danske Bank Group (the "**Group**") is exposed to a number of risks, and manages them at different organisational levels. The principal risk categories are as follows:

- Credit risk: The risk of losses because debtors or counterparties fail to meet all or part of their payment obligations to the Group. Credit risk includes counterparty credit risk.
- Market risk: The risk of losses caused by changes in the market values of the Group's financial assets, liabilities and off-balance-sheet items resulting from changes in market prices or rates.
- Liquidity, funding and capital: The risk that the Group has to issue liabilities or own funds at excessive costs, is unable to pursue its business strategy due to balance sheet requirements and restrictions, or the Group ultimately cannot fulfil its payment obligations due to lack of funds.
- Insurance and pension risk: The risk of losses related to Danica Pension, including market risk, life insurance risk and operational risk.
- Non-financial risk: The risk of losses resulting from inadequate or failed internal processes, people and systems, or from external events, including legal risks.

Regulatory changes could materially affect the Issuer's business

The Issuer is subject to financial services laws, regulations, administrative actions and policies in Denmark and in each other jurisdiction in which the Issuer carries on business. Changes in supervision and regulation, in particular in Denmark, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually monitors the situation, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Various aspects of banking regulations are still under debate internationally, including *inter alia*, proposals to review standardised and internally modelled approaches for capital requirements for credit, market and operational risk (together with a proposed capital floor based on the revised standardised approaches for financial institutions using internal models) as well as proposals to increase a financial institution's ability to absorb losses in a situation where it is deemed no longer viable.

The Issuer is subject to risks as a result of implementation of the European Banking and Capital Markets Union. The Group has entities both within and outside the Eurozone.

The Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks

The Group may become involved in various disputes and legal proceedings in Denmark and other jurisdictions, including litigation and regulatory investigations. The Group's banking and other operations, including its insurance operations, like those of other financial services companies, have been the subject of regulatory scrutiny from time to time. For example, the Group is subject to applicable anti-money laundering and terrorist financing laws. The supervisory authorities conduct on-going inspections from time to time of

the Group's compliance with anti-money laundering (“**AML**”) legislation, sanctions, and terrorist financing laws, which can potentially lead to supervisory actions.

On the basis of suspicions that the Issuer's branch in Estonia may have been used for money laundering, the Group launched investigations into the non-resident portfolio at its Estonian branch between 2007 and 2015. The conclusion of a root cause analysis was that several deficiencies in the period from 2007 to 2015 led to the Estonian branch not being sufficiently effective in preventing it from potentially being used for money laundering. As a result, the Group, as reported in a press release of 21 September 2017, chose to expand its investigation to cover customers and transactions in the non-resident portfolio at the Estonian branch in that period. The Board of Directors ordered the investigations, which were led by the Bruun & Hjejle law firm. The portfolio investigation, which is still ongoing, covers around 15,000 customers and 9.5 million payments. Finding and reporting any suspicious activities is of primary concern, and the Issuer continues to report to the relevant authorities. The Issuer will report to the market via the usual channels in accordance with normal practice.

The Issuer also expanded the investigation to look into similar transactions elsewhere as required. The purpose was to report any previously unreported suspicious activity to the authorities and to get a full understanding of historical activity in the portfolio. Moreover, the Issuer believed it essential for the Group to get full insight into the matter and use this insight to prevent something similar from happening in the future.

The Issuer has continuous dialogues with the supervisory authorities in the markets where the Issuer is active. As part of such dialogue, the Issuer has also discussed the AML matters at the Estonian branch and the findings of the Issuer's “Report on the Non-Resident Portfolio at Danske Bank's Estonian branch” as published on 19 September 2018 (the “**Report**”), and several other authorities have asked questions pertaining to the Issuer's alleged involvement in the so-called “Russian Laundromat” and “Azerbaijan Laundromat” and the findings of the Report. In Denmark, supervisory orders and reprimands are publicly available.

Disputes and legal proceedings generally are subject to many uncertainties, and their outcomes are often difficult to predict, particularly in the earlier stages of a case or investigation. Adverse regulatory action or adverse judgments in litigation could result in reputational harm, fines or restrictions or limitations on the Group's operations, any of which could result in a material adverse effect on the Group's financial condition. The timing of completion of the investigations by, and subsequent discussions with, the authorities is uncertain, as is the outcome. Further information on specific legal proceedings and developments in relation to the AML matters at the Estonian branch are included in the sections “*Legal and Regulatory Proceedings*” on page D-14 and “*Recent Developments*” on page D-21 of the Base Prospectus.

The Issuer faces increased capital and liquidity requirements as a result of the Basel III Framework

The Basel III framework is implemented through Regulation No. 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms (the “**CRR**”) and Directive (2013/36/EU) of the European Parliament and of the Council (the “**CRD IV Directive**”). The CRR entered into force on 1 January 2014, and the CRD IV Directive was implemented in Denmark in March 2014. Each of the CRR and the CRD IV Directive covers a wide range of prudential requirements for banks across Member States of the EEA, including capital requirements, stricter and aligned definitions of risk exposure amount (“**REA**”), large exposure framework and liquidity and funding requirements. The CRD IV Directive covers the overall supervisory framework for banks (including the individual risk assessment) and other measures such as the combined capital buffer requirements, systemically important financial institution (“**SIFI**”), governance and remuneration requirements. As a consequence of the European Banking Authority's (the “**EBA**”) outstanding regulatory technical standards, the Group is subject to the risk of possible interpretational changes.

RISK FACTORS

In addition, the CRD IV Directive includes a requirement for credit institutions to calculate, report, monitor and publish their leverage ratios, defined as their tier 1 capital as a percentage of their total exposure measure. Until a minimum leverage ratio requirement is implemented in the EU, the regulators may apply such measures as they consider appropriate. In Denmark, the risk of excessive leverage is addressed under “Pillar 2”.

On 23 November 2016, the European Commission published its proposal for an EU Banking reform package (the “**EU Banking Reform**”) as part of the finalization of the Basel III framework and its implementation in the EU. The EU Banking Reform includes proposals to amend the CRR and the CRD IV Directive. The proposed amendments include, *inter alia*, changes to the market risk framework by implementing the fundamental review of the trading book (“**FRTB**”), the counterparty credit risk framework, introduction of a formal minimum leverage ratio requirement and a net stable funding ratio (“**NSFR**”) requirement, revisions to the Pillar 2 framework, transition of International Financial Reporting Standards (“**IFRS**”) 9 *Financial Instruments* and its impact on capital ratios and revisions to the framework concerning interest rate risk in the banking book (“**IRRBB**”). An agreement on the transition of IFRS 9 effect on prudential capital was reached in November 2017 with effect from 1 January 2018. The implementation of IFRS 9 is expected to have a limited impact on the Issuer’s capital ratios. Measured at 1 January 2018, the transitional impact was 0.1 percentage points (fully phased in: 0.2 percentage points). A political agreement on the EU Banking Reform was reached in December 2018. On 14 February 2019, the European Parliament and the Council of the European Union endorsed the EU Banking Reform on all risk reduction measures. Adoption of the final legal text is expected during the second quarter of 2019 following publication in the Official European Journal. The majority of the changes will apply from 2021 although certain changes (for example, those related to own funds and eligible liabilities) are expected to apply from the twentieth day following publication in the Official European Journal. Based on the preliminary compromise text, the package is expected to have limited capital and REA impact on the Group.

On 7 December 2017, the Basel Committee on Banking Supervision (the “**BCBS**”) published revised standards for measuring credit and operational risk, constraints on the use of internal model approaches and the possible implementation of a broad REA floor based on the standardised approaches for measuring credit, market and operational risk. The amendments of the Basel standards may increase the Group’s REA, but it is still too early to assess the impact of these potential changes as the political dialogue on how and when to implement the revised standards in the EU has not yet been initiated. The stipulations of EU legislation are not expected to be fully known until 2020-2021 at the earliest. On the basis of the strong earnings capacity and capitalisation, the Group is confident that it will be able to adapt smoothly to the future changes in EU regulatory requirements in relation to the revised Basel standards.

The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. In certain limited circumstances, it is possible that the implementation of the directive or the taking of any action under it could affect the value of any Notes

On 15 May 2014, the European Parliament and the Council of the European Union adopted a directive providing for the establishment of an European Union-wide framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the “**BRRD**”). The BRRD, including the general bail-in tool and the Minimum Requirement for own funds and Eligible Liabilities (“**MREL**”), was implemented into Danish law and entered into force as of 1 June 2015 by Consolidated Act No. 333 of 31 March 2015 on Restructuring and Resolution of Certain Financial Undertakings, as amended from time to time (the “**Danish Recovery and Resolution Act**”) and by amendments to the Danish Financial Business Act.

The BRRD is designed to provide authorities designated by Member States with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system. If the relevant resolution authority considers that

(a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest, the relevant resolution authority may use the following resolution tools and powers alone or in combination without the consent of the institution's creditors, including the Holders: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation - which enables resolution authorities to transfer assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - relating to eligible liabilities – which gives resolution authorities the power to write-down or convert to equity all or a part of certain claims of unsecured creditors, including the Holders as further described below and to write-down or convert to equity certain unsecured debt claims (including the Notes) (the "**general bail-in tool**"), which equity could also be subject to any future application of the general bail-in tool.

The BRRD also provides for a Member State as a last resort, after having assessed and applied the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the European Union state aid framework.

An institution or, under certain conditions, a group will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further statutory power to permanently write-down (or convert into equity) capital instruments such as subordinated notes and additional tier 1 capital notes at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). Any shares issued to holders of subordinated notes and additional tier 1 capital notes upon any such statutory conversion into equity may also be subject to subsequent application of resolution tools, which may result in cancellation or dilution of the shareholding.

Any application of the general bail-in tool and non-viability loss absorption under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on Holders will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution or, under certain conditions, the group meets the conditions for resolution (but no resolution action has yet been taken) or that the institution or, under certain conditions, the group will no longer be viable unless the relevant capital instruments (such as subordinated notes and additional tier 1 capital notes) are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution or, under certain conditions, the group would no longer be viable.

The BRRD also provides resolution authorities with broader powers to implement other resolution measures with respect to distressed institutions, or under certain conditions, groups, which may include (without limitation) the replacement or substitution of the institution or group as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

RISK FACTORS

With the implementation of the BRRD, European banks are required to have bail-in-able resources in order to fulfil MREL. There is no minimum European Union-wide level of MREL – each resolution authority is required to make a separate determination of the appropriate MREL requirement for each banking group within its jurisdiction, depending on the resolvability, risk profile, systemic importance and other characteristics of each institution. In March 2018, the DFSA published its decision to set the MREL for the Group. As expected, the requirement was set to be equivalent to two times the capital requirement including capital buffer requirements. Danish mortgage credit institutions are exempt from MREL and are instead subject to a so-called debt buffer requirement of 2 per cent. of their unweighted loans. Due to this exemption, Realkredit Danmark A/S (“**Realkredit Danmark**”) is not included in the consolidated numbers when determining the MREL for the Group. Furthermore, liabilities and own funds used to fulfil MREL cannot be simultaneously used to fulfil the capital and debt buffer requirements that apply to Realkredit Danmark. The DFSA also requires that all MREL-eligible liabilities and own funds must bear losses before other senior unsecured claims in both resolution and insolvency. In July 2018, a Danish act introduced a new layer in the creditor hierarchy for financial institutions in the form of non-preferred senior debt. Danish SIFIs must fulfil their MREL from 1 July 2019, but in transition to 1 January 2022, they can also include senior preferred liabilities issued before 1 January 2018. The MREL requirement may require Danish SIFIs and other banks to issue own funds instruments or debt eligible for MREL in accordance with the BRRD, the latter of which includes unsecured non-preferred senior debt with residual maturity of at least one year. If an institution does not fulfil the MREL requirement after 1 July 2019, the relevant authority may withdraw its banking licence. Also, a comparable concept for loss absorption, Total Loss Absorbing Capacity (“**TLAC**”) has been set for global systemically important institutions (“**G-SII**”). The TLAC requirement also takes effect from 2019. The Group is currently not identified as a G-SII and thus not subject to a TLAC requirement.

On 29 May 2018, a law stipulating that, effective from 1 January 2022, the total resolution related requirements for each individual Danish SIFI group would always constitute at least 8 per cent. of all liabilities including own funds was adopted by the Danish Parliament. Consequently, if the sum of MREL for the Issuer and the debt buffer requirement for Realkredit Danmark is lower than 8 per cent. of the Group’s total liabilities, the DFSA is expected to increase the MREL requirement for the Issuer. However, based on current projections, the sum of MREL for the Issuer and the debt buffer requirement for Realkredit Danmark will exceed the 8 per cent. backstop measure.

The European Commission’s European Union Banking Reform also includes proposals to implement TLAC into European Union legislation by review of the BRRD. The review is expected to provide clarity in the regulatory framework surrounding MREL and TLAC, both in terms of the framework for setting banks’ requirements as well as the instruments that can be used to fulfil such requirements. The implementation of the revised BRRD could influence the Danish authorities’ approach to setting MREL and therefore could impact the required MREL for the Group. Furthermore, the reform of the existing MREL framework in the BRRD is expected to impact the interaction between the MREL requirement and the combined capital buffer requirement to the extent that a breach of MREL may lead to restrictions on the Maximum Distributable Amount.

The powers set out in the already adopted BRRD impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. The BRRD outlines the priority ranking of certain deposits in an insolvency hierarchy, which required changes to the insolvency hierarchy in Denmark as described above. The BRRD establishes a preference in the ordinary insolvency hierarchy, firstly, for insured depositors and, secondly, for all other deposits of individuals and micro, small and medium-sized enterprises held in EEA or non-EEA branches of an EEA bank. These preferred deposits rank ahead of all other unsecured senior creditors of the Issuer in the insolvency hierarchy. Furthermore, the insolvency hierarchy could be changed in the future.

On 12 December 2017, the European Parliament and the Council of the European Union adopted Directive 2017/2399/EU amending the BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy. The directive enables banks to issue debt in a new statutory category of unsecured debt

that rank below the most senior debt and other senior liabilities for the purposes of resolution (a so-called “non-preferred senior debt”). On 29 May 2018, the Danish Parliament adopted a law implementing the directive and the law entered into force on 1 July 2018. According to the adopted law, the rules will not affect the existing stock of bank debt and will apply to issuances of bank debt made from 1 January 2018 or later in the concerned category following the date of application of the law.

The exercise of any power under the BRRD or any suggestion of such exercise could have a material adverse effect on the rights of Holders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes. Although the BRRD, as implemented, contains certain limited safeguards for creditors in specific circumstances, including in the case of senior creditors (such as the Holders) a safeguard that aims to ensure that they do not incur greater losses than they would have incurred had the relevant financial institution been wound up under normal insolvency proceedings, there can be no assurance that these safeguards will be effective if such powers are exercised. The determination that all or a part of the principal amount of the Notes will be subject to bail-in is likely to be inherently unpredictable and may depend on a number of factors which may be outside of the Group’s control. The application of the general bail-in tool with respect to the Notes may result in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, the Notes and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, the Notes into shares or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Notes to give effect to such application of the general bail-in tool. Accordingly, potential investors in the Notes should consider the risk that the general bail-in tool may be applied in such a manner as to result in Holders losing all or a part of the value of their investment in the Notes or receiving a different security than the Notes, which may be worth significantly less than the Notes and which may have significantly fewer protections than those typically afforded to debt securities. Moreover, the relevant resolution authority may exercise its authority to apply the general bail-in tool without providing any advance notice to the Holders.

Holders of the Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool as described above which may result in Holders losing some or all of their investment. The exercise of any power under the BRRD or any suggestion of such exercise could, therefore, materially adversely affect the rights of Holders, the price or value of their investment in any relevant Notes and/or the ability of the Issuer to satisfy its obligations under any relevant Notes.

The Group will have to pay additional amounts under resolution funds or deposit guarantee schemes

In Denmark and other jurisdictions, deposit guarantee schemes and similar funds (“**Deposit Guarantee Schemes**”) have been implemented from which compensation for deposits may become payable to customers of financial services firms in the event a financial services firm is unable to pay, or unlikely to pay, claims against it. In most jurisdictions in which the Group operates, these Deposit Guarantee Schemes and resolution funds are funded, directly or indirectly, by financial services firms which operate and/or are licensed in the relevant jurisdiction. The future target level of funds to be accumulated in Deposit Guarantee Schemes and resolution funds across different EU countries may exceed the minimum target levels provided for in the BRRD, Directive 2014/49/EC (the “**revised Deposit Guarantee Schemes Directive**”) and in Regulation 2014/806/EC of the European Parliament and of the Council establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation 1093/2010/EC (the “**SRM**”) (the latter of which will be relevant for Danish credit institutions should Denmark choose to participate in the Banking Union, which includes the SRM).

Through participation in the Deposit Guarantee Fund for Depositors and Investors (the “**Danish Guarantee Fund**”), Danish credit institutions undertake to cover losses incurred on covered deposits held with distressed credit institutions. The Danish Guarantee Fund’s capital must amount to at least 0.8 per cent. of the covered deposits of all Danish credit institutions by 31 December 2024. The Danish Guarantee Fund is currently fully funded, but if the fund subsequently does not have sufficient means to make the required

RISK FACTORS

payments, extraordinary contributions of up to 0.5 per cent. of the individual institution's covered deposits may be required. Extraordinary contributions above this percentage require the consent of the DFSA. If the Danish Guarantee Fund's capital falls below two-thirds of the minimum amount (0.8 per cent. of covered deposits), the Danish Guarantee Fund must reach the target level again within six years.

The Issuer, Realkredit Danmark and other Danish financial institutions must make contributions to the Danish resolution fund on the basis of the amount of their respective liabilities (excluding own funds) less covered deposits and risks relative to other financial institutions in Denmark. The assets of the Danish resolution fund must equal at least 1 per cent. of the covered deposits of all Danish financial institutions by 31 December 2024. The first contributions to the Danish resolution fund were paid in the fourth quarter of 2015. The intention is for losses to be covered by the annual contributions made by the participating financial institutions. Consequently, if the Danish resolution fund does not have sufficient means, extraordinary contributions of up to three times the latest annual contributions may be required.

In addition, the Issuer's international subsidiaries contribute to national deposit guarantee schemes and resolution funds to the extent required.

The Group may be affected by general economic and geopolitical conditions

The financial services industry generally prospers in conditions of economic growth, stable geopolitical conditions, capital markets that are transparent, liquid and buoyant, and positive investor sentiment. Each of the Group's operating segments is affected by general economic and geopolitical conditions, which can cause the Group's results of operations and financial position to fluctuate from year to year as well as on a long-term basis. The Group's performance is in particular significantly influenced by the general economic conditions of the countries in which it operates, in particular the Nordic markets (Denmark, Sweden, Norway and Finland) and Northern Ireland.

Since 2014, Denmark has experienced annual GDP growth close to 2 per cent., and a sustained increase in employment. Due to an accounting decision in Statistics Denmark that caused a one-off increase in GDP by 0.4 per cent. in 2017, the growth rate from 2016 to 2017 was larger, and correspondingly the growth rate from 2017 to 2018 was smaller than it otherwise would have been. This, combined with a poor harvest, resulted in a lower GDP growth rate in 2018 of 1.2 per cent. against 2.3 per cent. in 2017 (with 0.4 percentage points of this being due to the accounting decision). However, the underlying progress of the economy, as indicated by employment growth continued. Growth in Sweden accelerated to 4.2 per cent. in 2015 supported by private consumption and housing investment. Growth has since moderated to 2.4 per cent. in 2017 and 2018 as housing investment has declined. Norway was negatively affected by the decline in oil prices in 2014, but did not experience an actual recession and is now recovering from a period of low growth, as oil-related investment has recovered. Finland suffered 3 years of declining GDP due to, among other things, declining exports to Russia, and a need to tighten fiscal policy. Since 2015, growth has accelerated and was 2.2 per cent. in 2018, driven primarily by investments and an increase in private consumption.

Across the Nordic countries, growth has been sustained by increasing private consumption. In Denmark and Sweden real wages have grown due to low inflation, and employment has increased. Norway has experienced higher inflation following the depreciation of the Norwegian Kroner, but real wage increases have remained positive. In Finland, real wages decreased in 2017 due to, among other things, an internal devaluation in the shape of a one-year wage freeze. However, real wages increased again in 2018, and low inflation and interest rates, combined with an income tax cut, have kept private consumption going strong. Years of rapid house price increases in Sweden and Norway have been replaced by a sharp reversal, especially in Sweden where prices have decreased significantly since the first half of 2017. In Sweden, where residential investments are an important growth driver, the Issuer expects overall growth will be negatively affected as household finances and the finances of construction-related businesses will weaken and house prices may well decline further. Norwegian house prices declined in the first half of 2017 led by lower prices in Oslo as supply of new housing has increased and access to mortgage financing has been

limited by regulatory measures. Since then, prices have increased again and are now above their pre-decline level, on average. As Nordic countries are small, open economies, they are sensitive to disruptions in the global economy or the free flow of goods and services. Very accommodating central bank monetary policy and low interest rates have had, and continue to have, an impact on the Group's net interest income. Adverse economic developments have affected and will continue to affect the Group's business in a number of ways, including, among others, the income, wealth, liquidity, business and/or financial condition of the Group's customers, particularly its small- and medium-sized enterprise ("SME") customers, which, in turn, could further reduce the Group's credit quality (resulting in increased impairment charges) and demand for the Group's financial products and services. As a result, any or all of the conditions described above could continue to have a material adverse effect on the Group's business, results of operations and financial position, and measures implemented by the Group might not be satisfactory to reduce any credit, market and liquidity risks.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Certain stock exchanges and quotation systems may impose market making obligations on the Issuer and/or the relevant Dealer in respect of the listing and/or admission to trading of an issue of Notes. Details of any such market making obligations will be set out in the relevant Issue Terms.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. See also "*The Group may be affected by general economic and geopolitical conditions*" above.

If an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency or Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Governmental and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal as measured in the Investor's Currency.

RISK FACTORS

The market value of Notes will be affected by a number of factors independent of the creditworthiness of the Issuer

The market value of an issue of Notes will be affected by a number of factors independent of the creditworthiness of the Issuer, including, but not limited to:

- (i) market interest and yield rates;
- (ii) fluctuations in exchange rates;
- (iii) liquidity of the Notes in the secondary market;
- (iv) the time remaining to any redemption date or the maturity date;
- (v) economic, financial and political events in one or more jurisdictions, including factors affecting capital markets generally.

Credit ratings assigned to the Issuer may not reflect all the risks associated with an investment in the Notes and may be lowered, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of Notes or the standing of the Issuer.

The expected rating(s), if any, of the Notes will be set out in the relevant Issue Terms for each Series of Notes. Any rating agency may lower its rating or withdraw its rating if, in the sole judgement of the rating agency, the credit quality of the Issuer has declined or is in question. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

There is no guarantee that any rating of the Issuer will be maintained by the Issuer following the date of this Base Prospectus. If any rating assigned to the Issuer is revised lowered, suspended, withdrawn or not maintained by the Issuer, the market value of the Notes may be reduced.

The Issuer is exposed to changing methodology by rating agencies

The Issuer is exposed to changes in the rating methodologies applied by rating agencies. Any adverse changes of such methodologies may materially and adversely affect the Issuer's operations or financial condition, the Issuer's willingness or ability to leave individual transactions outstanding and adversely affect the Issuer's capital market standing.

Risks related to Notes generally

The Notes may not be a suitable investment for all investors

Each potential investor of Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;

- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer

Bearer Notes may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depository or, in the case of New Global Notes, a common safe-keeper, for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are in global form, the Issuer will discharge its payment obligations under the Notes by making payments (i) to a common depository (for Bearer Notes which are not in New Global Note form) or (ii) to a common safe-keeper (for Bearer Notes which are in New Global Note form). A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and/or Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in such a Global Note.

Because the VP Systems Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer

VP Systems Notes issued under the Programme will not be evidenced by any physical note or document of title other than statements of account made by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. Ownership of VP Systems Notes will be recorded and transfer effected only through the book entry system and register maintained by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if Definitive Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus an integral multiple of another smaller amount in excess thereof, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its

RISK FACTORS

account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Definitive Notes are issued, Holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The recognition as eligible collateral for the Eurosystem and intra-day credit operations by the Eurosystem of New Global Notes is dependent upon satisfaction of the Eurosystem eligibility criteria at the relevant time

Although the New Global Note form has been introduced to allow for the possibility of Bearer Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life, in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

There is no taxation gross-up on certain issues of Notes

If General Condition 8.3 (*No gross-up*) is specified as Applicable in the relevant Issue Terms, the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. The Issuer shall not be liable to pay any additional amounts in respect of such withholding or deduction.

Taxes and expenses may be payable by holders in connection with the Notes

Potential purchasers and sellers of Notes should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Notes are transferred.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

U.S. Dividend Equivalent Withholding

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended causes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met (such instruments, "**Specified Notes**"). If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – U.S. Dividend Equivalent Withholding.*"

For purposes of withholding under the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, Specified Notes are subject to a different grandfathering rule than other Notes. Prospective investors should refer to the section "*Taxation – Foreign Account Tax Compliance Act.*"

The proposed financial transactions tax ("FTT") may apply in respect of certain dealings in Notes

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT to be adopted in certain participating EU member states

including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate. If the Commission’s Proposal was adopted, the FTT would be a tax primarily on “financial institutions” (which would include the Issuer) in relation to “financial transactions” (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission’s Proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer’s hedging arrangements or the purchase or sale of securities (such as charged assets). The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Notes and therefore this may result in investors receiving less than expected in respect of the Notes. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission’s Proposal. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Interest rates and indices which are deemed to be “benchmarks” are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”. The Benchmarks Regulation was published in the Official Journal of the European Union on 29 June 2016 and has applied since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-European Union based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by European Union supervised entities (such as the Issuer) of “benchmarks” of administrators that are not authorised or registered (or, if non-European Union based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

RISK FACTORS

In addition, the occurrence of an Administrator/Benchmark Event may cause early redemption or adjustment of the Notes which may include selecting one or more successor benchmarks and making related adjustments to the Notes, including if applicable to reflect increased costs. An Administrator/Benchmark Event may arise if any of the following circumstances occurs or may occur: (1) a benchmark is materially changed or cancelled, or (2)(i) the relevant authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the benchmark or the administrator or sponsor of the benchmark is not obtained, (ii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected, (iii) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn or (iv) a relevant supervisor officially announces the benchmark is no longer representative of any relevant underlying market(s).

More broadly, any of the national or international reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of national or international reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark” and the Issuer may be entitled to require the Calculation Agent to make corresponding adjustments to the conditions of the Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a “benchmark”.

Future discontinuance of an –IBOR may adversely affect the value of the Notes

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Investors should be aware that in relation to –IBOR (including LIBOR and EURIBOR) linked Notes, to the extent that the relevant -IBOR is discontinued or otherwise unavailable, amounts payable on the Notes referable to such -IBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes, which, being dependent in part upon the provision by major banks of offered quotations for the –IBOR rate, may not operate as intended depending on market circumstances and the availability of rates information at the relevant time and may result, to the extent that other fall-back provisions are not applicable to such Notes, in the effective application of a fixed rate based on the rate which applied in the previous period when the relevant -IBOR was available. Any of these alternative methods may result in payments on the Notes that are lower than or that do not otherwise correlate over time with the payments that would have been made on the Notes if the relevant –IBOR was available in its current form.

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors

The Terms and Conditions of the Notes contain provisions for calling meetings of Holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all

Holders including Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority.

Regulatory initiatives may restrict certain investments and have an adverse impact on the regulatory treatment of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the derivatives and structured securities industries. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may restrict investment in certain Notes, have an adverse impact on the regulatory position for certain investors and/or on the incentives for certain investors to hold Notes and may thereby also affect the liquidity of such Notes in the secondary market. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Arranger or the Dealers makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment at the time of such investment or at any time in the future. Prospective investors should therefore make themselves aware of the changes and requirements applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes.

The value of the Notes could be adversely affected by a change in applicable laws or administrative practice

The Terms and Conditions of the Notes are governed by the laws of England, except for certain provisions set out in General Condition 18 (*Governing Law and Jurisdiction*), which will be governed by the laws of Denmark, Norway, Finland or Sweden, as the case may be. No assurance can be given as to the impact of any possible judicial decision or change to the laws of England, Denmark, Norway or Sweden or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value any Notes affected by it.

The Issuer has issued covered bonds. If any relevant claims in respect of these covered bonds are not met out of the pool of assets or the proceeds arising from it, any remaining claims will subsequently rank pari passu with the Issuer's obligations under the Notes

The Issuer has issued covered bonds in accordance with the Danish Financial Business Act.

In accordance with the UCITS Directive and the Capital Requirement Directive, the covered bonds have the benefit of priority over a matched pool of assets upon bankruptcy of the Issuer. To the extent that claims in relation to the covered bonds and related derivative contracts, any refinancing bonds issued by the administrator, any short-term loans taken out by the administrator and any senior debt (if any) issued with the benefit of the assets in the cover pool are not met out of the pool of assets or the proceeds arising from it, the residual claims will rank *pari passu* with the unsecured and unsubordinated obligations of the Issuer, including obligations on the Notes.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features. Investors should also note the descriptions of various types of Notes set out under Section B.2 (*Description of the Notes*) below.

RISK FACTORS

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest payable on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer's obligations under the Notes become illegal, the Issuer may redeem the Notes early

In the event that the Calculation Agent determines in good faith that the performance of the Issuer's obligations under a Series of Notes or that any arrangements made to hedge the Issuer's obligations under such Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part, the Issuer may, having given notice to the Holders, redeem all, but not some only, of the Notes of such Series and, to the extent permitted by applicable law, will pay to each Noteholder in respect of each Calculation Amount held by such holder, an amount equal to the fair market value of such Calculation Amount (which, if so specified in the relevant Issue Terms, shall include amounts in respect of interest) on a day selected by the Issuer) ignoring the relevant unlawfulness, illegality or prohibition, adjusted to account fully for any losses, expenses and costs to the Issuer (or any of its affiliates) of unwinding any underlying and/or related hedging and funding arrangements, all as determined by the Calculation Agent, or, in respect of Exempt Notes, such other amount determined as specified in the relevant Pricing Supplement. Investors should note that any such amount may be zero.

The value of Fixed Rate Notes may be affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Investors in Capped Floating Rate Notes will not benefit from increases in reference rates which would apply to Floating Rate Notes with no cap

Capped Floating Rate Notes have an interest rate equal to the sum of a reference rate such as LIBOR and the specified margin (if any) subject to a maximum specified rate. The maximum amount of interest payable in respect of these Notes will occur when the sum of the reference rate and the specified margin (if any) equals the maximum specified rate. Investors in Capped Floating Rate Notes will therefore not benefit from any increase in the relevant reference rate which, when the specified margin is added to such reference rate, would otherwise cause such interest rate to be exceed the maximum specified rate. The market value of these Notes would therefore typically fall the closer the sum of the relevant reference rate and the margin is to the maximum specified rate.

Variable Rate Notes may be volatile investments

The amount of interest payable in respect of Notes having a variable rate of interest will vary depending on movements in the relevant interest rates and can be volatile investments. Interest rates are influenced by macro economic, political or financial factors, speculation and central bank and government intervention in one or more jurisdictions. In recent years, interest rates have been relatively low and stable, but this may not continue and interest rates may rise and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuations that may occur in such

interest rate during the term of any Note. Fluctuations in interest rates will affect the value of Variable Rate Notes.

Where a Rate of Interest is determined in conjunction with a multiplier or other leverage factor, the effect of changes will be enhanced

If the amount of interest payable in respect of Variable Rate Notes is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on interest payable will be magnified. If the amount of interest payable is determined in conjunction with a multiplier less than one, the effect of changes in the interest rates on interest payable will be minimised.

For Accumulated Interest Notes, interest is accumulated during the term of the Notes and it only paid on or about the Maturity Date

Where the relevant Issue Terms specifies that Accumulated Interest applies to the Notes, investors will receive no periodic payments of interest during the term of the Notes and will only receive the relevant Interest Amounts on or about the maturity date of the Notes. Therefore, investors will only be able to realise value from such Notes prior to the maturity date by selling the Notes in the secondary market (if such a market exists) prior to the maturity date.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

General risks relating to Notes linked to Reference Item(s)

The relevant Issue Terms will (if applicable) contain information relating to any reference entity (each a “**Reference Entity**”), underlying rate, inflation index, index, equity security, fund interest, exchange rate, commodity or other item(s) (each a “**Reference Item**”) to which the relevant Notes relate and which are specified in such Issue Terms. Notes linked to the credit of one or more Reference Entities are “**Credit-Linked Notes**”, Notes linked to one or more underlying rates are “**Rate-Linked Notes**”, Notes linked to an inflation index are “**Inflation-Linked Notes**”, Notes linked to one or more indices are “**Index-Linked Notes**”, Notes linked to one or more equity securities are “**Equity-Linked Notes**”, Notes linked to one or more fund interests are “**Fund-Linked Notes**”, Notes linked to one or more exchange rates are “**Currency-Linked Notes**”, Notes linked to one or more commodities are “**Commodity-Linked Notes**” and, together with Credit-Linked Notes, Inflation-Linked Notes, Index-Linked Notes, Equity-Linked Notes and Fund-Linked Notes, are “**Reference Item-Linked Notes**”.

The Notes involve a high degree of risk and may entail significant risks not associated with investments in a conventional debt security.

Prospective investors in Notes should understand the risks of transactions involving Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Notes in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Notes and the particular Reference Item(s) to which the value or credit of, or payments in respect of, the relevant Notes may relate, as specified in the relevant Issue Terms.

RISK FACTORS

As the amount of interest payable in respect of Credit-Linked Notes and the likelihood of Credit-Linked Notes being redeemed early may be affected by the credit of the relevant Reference Entity, investors must generally be correct about changes in the credit of the relevant Reference Entity or Reference Entities.

In relation to Reference Item-Linked Notes other than Credit-Linked Notes, as the amount of interest payable periodically may be and/or the principal payable at maturity will be linked to the performance of one or more Reference Item(s), investors must generally be correct about the direction, timing and magnitude of any anticipated change in the value of the relevant Reference Item(s).

The relevant Notes will represent an investment linked to the Reference Item(s) specified in the relevant Issue Terms and prospective investors should note that the return (if any) on their investment in Notes will depend upon the performance of, or events related to, such Reference Item(s) and, in the case of Credit-Linked Notes, the value of certain obligations issued by or guaranteed by such Reference Item(s). Potential investors should also note that whilst the market value of such Notes is linked to such Reference Item(s) and will be influenced (positively or negatively) by such Reference Item(s), any change may not be comparable and may be disproportionate. It is impossible to predict how the credit or level of a Reference Item will vary over time. Notes represent the right to receive payment of the relevant cash amount on any early redemption date or the relevant Maturity Date, as well as periodic payments of interest (if specified in the relevant Issue Terms), some or all of which may be determined by reference to the performance of the relevant Reference Item(s) or, in the case of Credit-Linked Notes, the value of certain obligations issued by or guaranteed by such Reference Item(s). The relevant Issue Terms will set out certain details in relation to any cash amount payable on any early redemption date or the Maturity Date and of any periodic interest payments.

PROSPECTIVE INVESTORS MUST REVIEW THE RELEVANT ISSUE TERMS TO ASCERTAIN WHAT THE RELEVANT REFERENCE ITEM(S) ARE AND TO SEE HOW ANY CASH AMOUNTS AND ANY PERIODIC INTEREST PAYMENTS ARE DETERMINED AND WHEN ANY SUCH AMOUNTS ARE PAYABLE BEFORE MAKING ANY DECISION TO PURCHASE ANY NOTES.

Fluctuations in the value and/or volatility and/or liquidity of the relevant Reference Item(s) or, in the case of Credit-Linked Notes, the value of obligations issued by or guaranteed by such Reference Item(s) may affect the value of the relevant Notes. Investors in Notes may risk losing their entire investment

There is no return on Notes other than the potential payment of the relevant cash amount on the Maturity Date and payment of any periodic or accumulated interest payments.

Other factors which may influence the market value of Notes include interest rates, potential dividend or other types of distribution payments (as applicable) in respect of the relevant Reference Item(s), changes in the method of calculating the level of the relevant Reference Item(s) from time to time and market expectations regarding the future performance of the relevant Reference Item(s) (or the issuer of such Reference Item(s)), their composition and the Notes. In addition, the market value of the Notes will be affected by economic, financial and political events in one or more jurisdictions, including factors affecting any stock exchange on which any Reference Item (or component of such Reference Item) may be traded.

The price at which a Noteholder will be able to sell any Notes prior to maturity may be at a discount, which could be substantial, to the market value of such Notes on the issue date. The market value of Inflation-Linked Notes, Index-Linked Notes, Equity-Linked Notes, Fund-Linked Notes, Currency-Linked Notes or Commodity-Linked Notes prior to maturity will depend on whether the market price, level or value of the Reference Item(s) is below, equal to or above the market price, level or value of the relevant Reference Item(s) on the issue date. The historical level or market price of any rate, inflation index, index, equity security, fund interest, exchange rate or commodity should not be taken as an indication of such Reference Item's future performance during the term of any Note.

The Issuer may issue several issues of Notes relating to particular Reference Item(s). However, no assurance can be given that the Issuer will issue any Notes other than the Notes to which the relevant Issue Terms relate. At any given time, the number of Notes outstanding may be substantial. Notes provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the Reference Item(s) to which such Notes relate.

Investors will have no Claim against any Reference Item

A Note will not represent a claim against any Reference Item or the issuer or sponsor of any Reference Item and, in the event that the amount paid on redemption of the Notes is less than the principal amount of the Notes, a Noteholder will not have recourse under a Note to any Reference Item the obligations of any Reference Item or such issuer or sponsor.

Hedging arrangements of the Issuer may affect the value of the Notes

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in the Reference Item(s), obligations issued by the Reference Item(s) or related derivatives. In addition, in connection with the offering of the Notes, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Reference Item(s), obligations issued by the Reference Item(s) or related derivatives. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Reference Item(s), obligations issued by the Reference Item(s) or related derivatives which may affect the market price, liquidity or value of the Notes and which could be adverse to the interests of the relevant Noteholders.

There may be conflicts of interest in respect of the Notes

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Notes that may influence the amount receivable on redemption of the Notes.

The Issuer and any Dealer may, at the date hereof or at any time hereafter, be in possession of information in relation to a Reference Item that is or may be material in the context of the Notes and may or may not be publicly available to Noteholders. There is no obligation on the Issuer or any Dealer to disclose to Noteholders any such information.

The Issuer and/or any of its affiliates may have existing or future business relationships with any Reference Item(s) (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Noteholder.

An investment in Notes linked to one or more Reference Items may entail significant risks not associated with investments in conventional debt securities, including but not limited to the risks set out in this section “General risks related to Notes linked to Reference Item(s)”. The amount paid by the Issuer on redemption of such Notes may be less than the principal amount of the Notes, together with any interest payable, and may in certain circumstances be zero.

Risks relating to Rate-Linked Notes

The Issuer may issue Notes where the amount of interest payable is dependent upon variable interest rates (“**Rate-Linked Notes**”).

RISK FACTORS

Potential investors in any such Notes should be aware that, depending on the terms of the Rate-Linked Notes they may receive no or a limited amount of interest. In addition, movements in the level of the relevant rate may be subject to significant fluctuations and the timing of changes in the relevant interest rate may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of interest payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the rate of interest for the relevant period will be magnified.

Many economic and market factors may influence the value of Rate-Linked Notes including, inter alia, general economic, financial, political or regulatory conditions and expectations concerning the relevant interest rate. Any such factors may either offset or magnify each other.

If a relevant interest rate has not been published on a specified date, the Calculation Agent may obtain quotations from dealers in the relevant market or use underlying rates for a previous interest period to determine the relevant interest rate for the relevant period.

Risks relating to Credit-Linked Notes

General risks relating to Credit-Linked Notes

The Issuer may issue Credit-Linked Notes where the amount payable is dependent upon whether certain events (“**Credit Events**”) have occurred in respect of one or more Reference Entity/Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities.

Prospective investors in any such Credit-Linked Notes should be aware that depending on the terms of the Credit-Linked Notes (i) they may receive no or a limited amount of interest (or other periodic payments), (ii) payments may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of Credit-Linked Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date, prevailing credit spreads and the creditworthiness of the relevant Reference Entity/Entities which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

Following the occurrence of a Credit Event, the Credit-Linked Notes will either (i) cease to bear interest, on all or part of the Calculation Amount, or interest will cease to be paid or the interest amount will be reduced, as applicable, from the Interest Payment Date or Interest Period Date immediately preceding the Credit Event Determination Date if “Accrual of Interest upon Credit Event” is specified as Not Applicable in the relevant Issue Terms, or (ii) cease to bear interest, on all or part of the Calculation Amount, as applicable, from the Credit Event Determination Date if “Accrual of Interest upon Credit Event” is specified as being Applicable in the relevant Issue Terms.

The Issuer, the Dealer(s) or any of their respective Affiliates may have acquired, or during the term of the Credit-Linked Notes may acquire, non-public information with respect to the Reference Entity/Entities that they may not disclose. Prospective investors must therefore make an investment decision based upon their own due diligence and purchase the Credit-Linked Notes in the knowledge that non-public information which the Issuer, the Dealer(s) or any of their respective Affiliates may have will not be disclosed to investors. None of the Issuer, the Dealer(s) or any of their respective Affiliates is under any obligation (i) to review on the Noteholders’ behalf, the business, financial conditions, prospects, creditworthiness, status or affairs of the Reference Entity/Entities or conduct any investigation or due diligence into the Reference Entity/Entities or (ii) other than as may be required by applicable rules and regulations relating to the Notes, to make available (1) any information relating to the Notes or (2) any non-public information they may possess in respect of the Reference Entity/Entities.

Certain Credit-Linked Notes may be highly leveraged instruments, including without limitation (i) Credit-Linked Notes linked to a notional amount of Reference Entities or Obligations exceeding the Calculation Amount or Issue Price of the Credit-Linked Notes, as applicable, or (ii) Credit-Linked Notes linked to the first-to-default reference entity within a reference portfolio (or similar arrangements over a reference portfolio). The use of leverage is a speculative investment technique designed to enhance returns. However, such technique will also magnify the adverse impacts of a Credit Event.

The Issuer's obligations in respect of Credit-Linked Notes are irrespective of the existence or amount of the Issuer's and/or any Affiliates' credit exposure to a Reference Entity and the Issuer and/or any Affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

2014 ISDA Credit Derivatives Definitions

While there are many similarities between the terms used in this Base Prospectus (in particular, in Reference Item Schedule 2 (*Credit-Linked Notes*)) and the terms used in the 2014 ISDA Credit Derivative Definitions, as supplemented from time to time (the "**Credit Derivatives Definitions**" or "**2014 ISDA Definitions**"), there are a number of differences. In particular, the Issuer has determined that certain provisions of the Credit Derivatives Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the Credit-Linked Notes. Therefore, a prospective investor should understand that the complete terms and conditions of the Credit-Linked Notes are as set out in this Base Prospectus and the relevant Issue Terms and that the Credit Derivative Definitions are not incorporated by reference herein. Consequently, investing in Credit-Linked Notes is not necessarily equivalent to investing in a credit default swap that incorporates the Credit Derivatives Definitions.

While ISDA has published and supplemented the Credit Derivatives Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the Credit Derivatives Definitions and the terms applied to credit derivatives generally, including Credit-Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution of the market, the Credit-Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit-Linked Notes.

There can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

The Issuer has issued Credit-Linked Notes under previous base prospectuses in respect of the Programme. Such previous Credit-Linked Notes reflected certain provisions of the 2003 ISDA Credit Derivatives Definitions (as supplemented, the "**2003 ISDA Definitions**"). There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;

RISK FACTORS

- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in Reference Item Schedule 2 (*Credit-Linked Notes*) of this Base Prospectus, but in each case subject to important differences, including to reflect the nature of the Notes as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit-Linked Notes and may mean the value of the Credit-Linked Notes and the return (if any) to investors is significantly different from Credit-Linked Notes issued under previous Base Prospectuses of the Issuer. Some changes may be disadvantageous to Noteholders and prospective investors should review carefully the terms of any issue of Notes and, where in any doubt, take advice from suitably qualified professional advisers.

Amendment of Reference Item Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of Reference Item Schedule 2 (*Credit-Linked Notes*) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees which the Calculation Agent and the Issuer determine in a commercially reasonable manner are necessary to reflect or govern market practice for credit derivative transactions or hedging arrangements of the Issuer.

Cheapest to deliver

Following a Credit Event Determination Date, subject to Auction Settlement procedures, if applicable, the Issuer is entitled to select Valuation Obligation(s) for valuation which have the lowest value in the market at the relevant time, provided such obligation satisfies certain specifications and limits for qualification as a Valuation Obligation.

Increased credit risk is associated with "First-to-Default", "Nth-to-Default" or Portfolio Credit-Linked Notes

Where the Notes are First-to-Default Credit-Linked Notes, Nth-to-Default Credit-Linked Notes or Portfolio Credit-Linked Notes, the Notes may be subject to redemption in full upon the occurrence of a Credit Event in relation to the first or the nth or each Reference Entity in respect of which a Credit Event occurs. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

In the case of Tranche Portfolio Credit-Linked Notes, the Final Redemption Amount will only be reduced if the percentage loss caused by the relevant Credit Event(s) on or prior to the Credit Event Observation Date exceeds the specified Attachment Point. However, the Final Redemption Amount will be reduced to zero where such percentage loss exceeds the specified Detachment Point.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities, including for Zero/Set Recovery Notes.

Increase of risk due to the replacement of a Reference Entity or succession

Reference Entities may be replaced due to events beyond the control of the Issuer, such as the merger of a corporate entity with another entity, in which case the Reference Entity may be replaced by its successor. Each such replacement may result in an increase in the risks involved for the Noteholders.

Concentration risks in case of Credit-Linked Notes referring to a portfolio of Reference Entities

The probability of the occurrence of Credit Events with respect to the Reference Entities in a portfolio may depend on the degree of diversification among the Reference Entities. The composition of the portfolio of Reference Entities may change after the Issue Date. Such change may result in an increase of concentration among the Reference Entities and therefore also in an increase in the risks associated with such concentration.

Amendment of Reference Item Conditions in accordance with the terms of the Notes

In addition to any amendments the Calculation Agent may make from time to time to the provisions of the Reference Item Schedule 2 (*Credit-Linked Notes*) in accordance with market convention (described above), the Reference Item Schedule 2 (*Credit-Linked Notes*)) contains certain provisions which permit the Calculation Agent in certain circumstances to make certain adjustments to the Terms and Conditions with

RISK FACTORS

respect to any relevant Notes. Such adjustments may affect both payments (of interest and/or principal) made to Noteholders under the Credit-Linked Notes and the timing of any such payments including, for the avoidance of doubt, reductions in future payments of interest and/or principal.

Risks relating to Auction Settlement of Credit-Linked Notes

Where an Auction Final Price Determination Date occurs, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of any particular obligation of the Reference Entity. The Issuer and the Noteholders may have little or no influence in the outcome of any such auction.

Following the occurrence of a Credit Event, the amount payable in respect of the Notes may be determined by reference to the Auction Final Price determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms. There is a possibility that the Issuer or the Calculation Agent (or one of their Affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), the Issuer or the Calculation Agent (or any Affiliate of any of them) shall be under no obligation to consider the interests of any Noteholder.

Role of the Credit Derivatives Determinations Committee

Credit Derivative Determinations Committees were established pursuant to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. In respect of a Credit Event relating to Credit-Linked Notes, prospective purchasers should note that the Credit Derivatives Determinations Committee has the power to make binding decisions on critical issues such as whether a Credit Event has occurred, which obligations are to be valued and whether an auction should take place in accordance with and as more fully described in the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof. Consequently, payments on the Credit-Linked Notes and the timing of any such payments may be affected by any such relevant decisions if Auction Settlement is specified as the applicable Settlement Method for a series of Credit-Linked Notes in the relevant Issue Terms.

Credit Event and Successor Backstop Dates

In respect of a Credit Event relating to a series of Credit-Linked Notes, a Credit Event may not be triggered if the relevant Credit Event occurred prior to the Credit Event Backstop Date. For Successor determinations the look-back period is 90 calendar days and functions similarly. These provisions mean that while there is a time limit on the ability to act on a Credit Event or Successor Event, it is possible that the Credit-Linked Notes could be affected by a Credit Event or Successor Event that took place prior to the Trade Date.

Settlement Suspension, Adjustments and Interest Provisions

If, following the determination of a Credit Event Determination Date but prior to an applicable Valuation Date, ISDA publicly announces that the conditions to convening a Credit Derivatives Determinations Committee to determine the occurrence of a Credit Event have been satisfied, the Calculation Agent may at its option determine that the applicable timing requirements of the Reference Item Conditions and the definitions of Credit Event Redemption Date, Valuation Date, Valuation Obligation Observation Settlement Period, VSN Cut-off Date and any other Reference Item Condition as determined by the Calculation Agent shall toll and be suspended and remain suspended (such period of suspension, a “**Suspension Period**”) until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has resolved (a) that a Credit Event has or has not occurred or (b) not to determine such matters. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has made such resolution, the relevant timing requirements of the Reference Item Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by ISDA.

In the case of interest bearing Credit-Linked Notes, if a Suspension Period falls in any one or more Interest Periods, then no interest shall accrue during each portion of an Interest Period during which a Suspension Period exists and if an Interest Payment Date falls in a Suspension Period, such Interest Payment Date will be deferred until after the end of the Suspension Period, all subject to Interest Payout Conditions 0 and 6 and the provisions of Reference Item Schedule 2.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Terms and Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

Risks relating to Inflation-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level, or changes in the level, of an inflation index or a basket of inflation indices (together “**Inflation-Linked Notes**”).

Potential investors in any such Notes should be aware that, depending on the terms of the Inflation-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their principal investment. In addition, movements in the level of the inflation index or basket of inflation indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the inflation index or inflation indices may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation index or the inflation indices on principal and/or interest payable will be magnified.

Many economic and market factors may influence the value of Inflation Linked Notes including, inter alia, general economic, financial, political or regulatory conditions, fluctuations in the prices of various consumer goods and energy resources and inflation and expectations concerning inflation. Any such factors may either offset or magnify each other.

If the Calculation Agent determines that the level of a relevant inflation index has not been published or announced by a specified Relevant Determination Date, then a Substituted Index Level for the relevant inflation index will be determined by reference either to the terms of any specified Related Bond or

RISK FACTORS

by reference to a formula as set out in the Conditions or as specified in the relevant Final Terms, as the case may be.

If the Calculation Agent determines that the level of an inflation index has not been published or announced by an Index Sponsor for two consecutive months or such other period as is specified in the relevant Issue Terms and/or an Index Sponsor announces that it will no longer continue to publish or announce such inflation index, the Calculation Agent shall either (i) determine a Successor Index pursuant to the terms of any specified Related Bond or (ii) designate a “Successor Index” as the replacement inflation index specified by the relevant Index Sponsor or (iii) if no successor inflation index can be determined by reference to (i) or (ii) the Calculation Agent may determine the relevant Successor Index. In each case, the Calculation Agent may make such adjustment(s) to the terms of the Notes it deems necessary or appropriate to account for any such replacement. If the Calculation Agent determines that there is no appropriate alternative inflation index, the Issuer may redeem the Notes early at the Early Redemption Amount.

If the Calculation Agent determines that an inflation index has been or will be rebased at any time, it may make such adjustments to the levels of such inflation index (following the terms of any specified Related Bond, where there is a Related Bond) so that such levels reflect the same rate of inflation as the inflation index before it was rebased and may make such adjustments to the terms of the Notes as it deems necessary.

If on or prior to a specified Relevant Determination Date, an Index Sponsor announces that it will make a material change to an inflation index, the Calculation Agent shall make appropriate adjustments to the terms of the Notes (consistent with any adjustments made to any Related Bond, where there is a Related Bond) to account for such change.

Risks relating to Index-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest (“**Index-Linked Notes**”) payable is dependent upon the level, or changes in the level, of an index or a basket of indices.

Potential investors in any such Notes should be aware that, depending on the terms of the Index-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their principal investment. In addition, movements in the level of the index or basket of indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier or participation rate greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal and/or interest payable will be magnified.

The Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in “*Terms and Conditions of the Notes*” below) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Notes and/or may delay any applicable interest payments and/or settlement. Prospective purchasers should review the “*Terms and Conditions of the Notes*” and the relevant Issue Terms to ascertain whether and how such provisions apply to the Notes.

If an Index Adjustment Event (being, in summary, a material change in the formula for or the method of calculating a relevant index, any other material modification of the relevant index, a cancellation of the relevant index or a failure to calculate and announce a relevant index) occurs, prospective purchasers should note that, at the Issuer’s option, the Notes may be subject to adjustment, the relevant index may be

substituted by a replacement index or the Issuer may redeem the Notes early at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.

The value of an index on any day will reflect the value of its constituents on such day. Changes in the composition of such index and factors (including those described above) which either affect or may affect the value of the constituents, will affect the value of such Reference Item and therefore may affect the return on an investment in the relevant Notes.

In relation to Index-Linked Notes which are linked to an Index, the constituents of which are commodities or commodity futures or options contracts (a “**Commodity Index**”), investors should also note the final paragraph under the heading “*Commodity-Linked Notes*” below.

Risks relating to Equity-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the price of or changes in the price of an equity security or a basket of equity securities (“**Equity-Linked Notes**”).

Potential investors in any such Notes should be aware that, depending on the terms of the Equity-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, movements in the price of the equity security or basket of equity securities may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or indices and the timing of changes in the relevant price of the equity security or equity securities may affect the actual yield to investors, even if the average price is consistent with their expectations.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier or participation rate greater than one or by reference to some other leverage factor, the effect of changes in the price of the equity security or equity securities on principal and/or interest payable will be magnified.

The Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in “*Terms and Conditions of the Notes*” below) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Notes and/or may delay any applicable interest payments and/or settlement. Prospective purchasers should review the “*Terms and Conditions of the Notes*” and the relevant Issue Terms to ascertain whether and how such provisions apply to the Notes.

If “Potential Adjustment Events” (being, in summary, certain corporate events which may have a diluting, concentrative or other effect on the theoretical value of the relevant equity securities) and/or “Extraordinary Events” (being, in summary, a de-listing, a merger event, a tender offer, a nationalisation or an insolvency, in each case, affecting the relevant equity securities and certain additional extraordinary events relating to equity securities which are specified, in the relevant Issue Terms to be ETF shares) are specified as Applicable in the relevant Issue Terms, prospective purchasers should note that the Notes may be subject to adjustment or, if “Extraordinary Events” are specified as Applicable in the relevant Issue Terms, the Issuer may redeem the Notes early at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

Additional extraordinary events for the purposes of the above are: the implementation of any material change to the terms and conditions of a fund, any breach of the investment objectives of a fund, the

RISK FACTORS

failure by a fund administrator to calculate and make available the value of the fund within eight scheduled trading days of its scheduled publication, a material limitation or restriction is imposed on dealings or subscriptions and/or redemptions in any Fund Interests or there is a material reduction in the assets under management of a Fund, the annualised volatility of a Fund exceeds the prescribed percentage during any one-month rolling time period, the compulsory redemption of fund interests, a fund is wound up or terminated, a fund is superseded by a successor fund which does not satisfy the control procedures of the Calculation Agent, the cancellation or suspension of any relevant registration, license or approval in respect of the fund or any other event which has, in the determination of the Calculation Agent, an analogous effect.

In respect of Equity-Linked Notes relating to an equity security or equity securities originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the Treaty on the functioning of the European Union, as amended, if such equity security or equity securities is/are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange, prospective purchasers should note that the Calculation Agent will adjust any of the Terms and Conditions as the Calculation Agent determines to be appropriate to preserve the economic terms of the Notes. Prospective purchasers should also note that the Calculation Agent will make any conversion necessary for the purposes of any such adjustment as of the relevant Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the relevant Valuation Time.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility and/or liquidity of the equity security or equity securities, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant equity security or equity securities as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such securities may be traded.

Risks relating to Fund-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the price of or changes in the price of a fund interest or a basket of fund interests (together “**Fund-Linked Notes**”).

Potential investors in any such Notes should be aware that, depending on the terms of the Fund-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, movements in the price of the fund interest or basket of fund interests may be subject to significant fluctuations that may not correlate with changes in interest rates, currency exchange rates or indices and the timing of changes in the relevant price of the fund interest or fund interests may affect the actual yield to investors, even if the average price is consistent with their expectations.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier or participation rate greater than one or by reference to some other leverage factor, the effect of changes in the price of the fund interest or fund interests on principal and/or interest payable will be magnified.

The Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in “*Terms and Conditions of the Notes*” below) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Notes and/or may delay any applicable interest payments and/or settlement. Prospective purchasers should review the “*Terms and Conditions of the Notes*” and the relevant Issue Terms to ascertain whether and how such provisions apply to the Notes.

If “Potential Adjustment Events” (being, in summary, certain events which may have a diluting, concentrative or other effect on the theoretical value of the relevant fund interests) and/or “Extraordinary Fund Events” (being, in summary, a nationalisation or an insolvency event, in each case, affecting the

relevant fund interests or the fund and certain additional extraordinary events) are specified as Applicable in the relevant Issue Terms, prospective purchasers should note that the Notes may be subject to adjustment or, if “Extraordinary Fund Events” are specified as Applicable in the relevant Issue Terms, the Issuer may redeem the Notes early at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

Additional extraordinary events for the purposes of the above are: the implementation of any material change to the terms and conditions of a fund, any breach of the investment objectives of a fund, the imposition of subscription or redemption fees, the failure by a fund administrator to calculate and make available the value of the fund within eight fund business days of its scheduled publication or fails to communicate any material information to the Calculation Agent, any relevant regulator places a fund or any relevant fund service provider under review, the compulsory redemption of fund interests, a material limitation or restriction is imposed on dealings or subscriptions and/or redemptions in any Fund Interests or there is a material reduction in the assets under management of a Fund, a fund is wound up or terminated, a fund is superseded by a successor fund which does not satisfy the control procedures of the Calculation Agent, the cancellation or suspension of any relevant registration, license or approval of the fund or any relevant fund service provider, any relevant fund service provider is replaced by the fund other than where such replacement entity which satisfies the control procedures of the Calculation Agent or the fund administrator is required to consolidate the fund or any other event which has, in the determination of the Calculation Agent, an analogous effect.

Any such adjustment made pursuant to the above may include a “monetisation” whereby the Calculation Agent may determine the value of the fund interest affected by the Extraordinary Fund Event (the “affected fund interest”) and shall either (i) replace the affected fund interest with a successor fund interest having similar characteristics and objectives to affected fund interest, where the value of the successor fund interest is as near as reasonably practicable to the value of the affected fund interest, and make such adjustments to the terms of the Notes to account for the relevant substitution or (ii) if no such successor can reasonably be determined, the value of the fund interest so determined shall be deemed to be the value of the affected fund interest on the relevant removal date. For each succeeding day thereafter such value shall accrue interest at the relevant interest rate determined in accordance with the provisions hereof and amounts payable in respect of the Notes shall be determined by reference to such value (taking into account the accrued interest).

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility and/or liquidity of the fund interest or fund interests, the distribution rate (if any) and the financial results and prospects of the relevant fund or funds as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such securities may be traded.

Risks relating to Currency-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon movements in currency exchange rates (together “**Currency-Linked Notes**”).

Potential investors in any such Notes should be aware that, depending on the terms of the Currency-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable is dependent upon movements in currency exchange rates and is determined in conjunction with a multiplier or participation rate greater than one or by

RISK FACTORS

reference to some other leverage factor, the effect of changes in the currency exchange rates on principal and/or interest payable will be magnified.

The market price of such Notes may be volatile and may depend upon the time remaining to the redemption date and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Risks relating to Commodity-Linked Notes

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level or price, or changes in the level or price, of a commodity or a basket of commodities (together “**Commodity-Linked Notes**”).

Potential investors in any such Notes should be aware that, depending on the terms of the Commodity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their principal investment. In addition, movements in the level or price of the commodity or basket of commodities may be subject to significant fluctuations that may not correlate with changes in interest rates, currency exchange rates or indices and the timing of changes in the relevant level or price of the commodity or commodities may affect the actual yield to investors, even if the average level or price is consistent with their expectations.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier or participation rate greater than one or by reference to some other leverage factor, the effect of changes in the level or price of the commodity or the commodities on principal and/or interest payable will be magnified.

The Calculation Agent may determine that a Market Disruption Event (being, in summary, any of a price source disruption, a trading disruption, a disappearance of a commodity reference price, a material change in formula or content of a commodity, the imposition of a relevant tax which would change the relevant price or any other event, in each case, which is specified as Applicable in the relevant Issue Terms or which is deemed to apply) has occurred or exists at any relevant time. Any such determination may (i) have an effect on the timing of valuation and consequently the value of the Notes and/or may delay (a) any applicable interest payments, in the case of Commodity-Linked Interest Notes, or (b) settlement in the case of Commodity-Linked Redemption Notes or (ii) may result in the Issuer redeeming the Notes at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest. Prospective purchasers should review the Terms and Conditions and the relevant Issue Terms to ascertain whether and how such provisions apply to the Notes.

Where the Notes are Commodity-Linked Notes linked to a commodity index, the provisions relating to Index Adjustment Events and/or Additional Disruption Events (as specified in the relevant Issue Terms and as described above) will also apply to the Notes.

Investors in Commodity-Linked Notes should note that commodity futures markets are highly volatile. Commodity markets are influenced by, among other things, changing supply and demand relationships, weather, governmental, agricultural, commercial and trade programmes and policies designed to influence commodity levels or prices, world political and economic events, and changes in interest rates. Moreover, certain commodities may be priced by reference to futures and options contracts on the relevant commodity and investors should note that investments in futures and options contracts involve additional risks including, without limitation, leverage (margin is usually a percentage of the face value of the contract and exposure can be nearly unlimited). A holder of a futures position may find that such position becomes illiquid because certain commodity exchanges limit fluctuations in certain futures contract prices during a single day by regulations referred to as “daily price fluctuation limits” or “daily limits”. Under such daily limits, during a single trading day no trades may be executed at prices beyond the daily limits. Once the price of a contract for a particular future has increased or decreased by an amount equal to the daily limit,

positions in the future can neither be taken nor liquidated unless traders are willing to effect trades at or within the limit. This could prevent a holder from promptly liquidating unfavourable positions and subject it to substantial losses. Futures contract prices in various commodities occasionally have exceeded the daily limit for several consecutive days with little or no trading. Similar occurrences could prevent the liquidation of unfavourable positions and subject an investor in a Note relating to commodities linked to such contract prices to substantial losses. The yield on Notes relating to commodities may not perfectly correlate to the trend in the price of the underlying commodities as the use of such future commodity contracts generally involves a rolling mechanism. This means that the commodity futures contracts which expire prior to the relevant payment date under the relevant Notes are replaced with future commodity contracts that have a later expiry date. Investors may therefore only marginally benefit from any rise/fall in prices on such commodities. Investors should also consider that the relevant commodity futures contracts could have a trend which differs significantly from that of the commodity spot markets. The trend in the price of a commodity futures contract compared to the underlying commodity is closely linked to the present and future level of the production of the underlying commodity or to the level of estimated natural reserves, particularly in the case of energy commodities. In addition, the price of the relevant commodity futures contract may not be considered an accurate prediction of a market price, since it also includes the so-called “carrying costs” (such as, for example, warehouse costs, insurance covering the goods, transportation etc.), which also contribute toward the determination of the price of the commodity futures contracts. The above factors which directly influence the commodities prices substantially explain the imperfect correlation between the commodity spot markets and the commodity futures contracts.

Additional Disruption Events

If “Additional Disruption Event” (being, among other things, certain disruption events affecting the hedging activities of the Issuer and/or any of its affiliates and/or any Hedging Party) are specified as Applicable in the relevant Issue Terms, the Notes will be subject to adjustment or may be redeemed upon the occurrence of any of the Additional Disruption Events specified as Applicable in the relevant Issue Terms.

SECTION B.2 - DESCRIPTION OF THE NOTES

The following are descriptions of the interest and redemption payments under certain types of Notes (other than Exempt Notes) which may be issued under the Programme.

1. INTEREST

Subject to the provisions relating to Credit-Linked Notes and Barrier Bond Notes, the Interest Amount in respect of a Calculation Amount (“CA”) for any Interest Period in respect of any issue of Notes (other than Fixed Amount Notes and other than the Reference Item-Linked Interest Notes for which the Reference Item-Linked Interest Amount is determined by reference to the formulae as set out below) will be calculated by reference to the following formula:

$$CA \times \text{Rate of Interest} \times \text{Day Count Fraction (“DCF”)}$$

The interest basis in respect of an Interest Period may change during the term of the Notes as specified in the relevant Final Terms. For the purposes of the following descriptions (except in relation to Range Accrual Notes), the variable “**Relevant Rate**” is the Reference Price of the relevant Reference Item (being either an Underlying Rate or an Inflation Index) which may be (i) a single rate determined by reference to a screen page, (ii) a single rate determined as though such rate were a floating rate determined under the terms of an interest rate swap transaction documented under an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended from time to time, (iii) a rate determined as the difference between two different specified rates or (iv) the performance of the relevant Inflation Index over a specified period.

Where FX Interest Conversion is specified as Applicable in the relevant Issue Terms, the Interest Amount in respect of each interest period will be adjusted to reflect the change in the specified exchange rate between the specified initial FX valuation date(s) and the specified interest FX determination date for the relevant interest period.

2. FLOATING RATE NOTES

Floating Rate Notes have a Rate of Interest which is an Underlying Rate multiplied by a leverage factor, plus or minus a specified percentage or “margin”. Such Rate of Interest, expressed as a formula:

$$(\text{Leverage} \times \text{Relevant Rate}) + \text{Margin}$$

Therefore, Floating Rate Notes are subject to (i) a variable underlying rate or performance and (ii) a leverage factor. No cap or floor is applied to such rate.

Examples of the calculation of the Interest Amount in respect of Floating Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Floating Rate Notes:

Reference Item: 3 month EURIBOR
Calculation Amount: EUR 1,000
Payment Frequency: Quarterly
Day Count Fraction: Actual/360
Number of days in Interest Period: 91
Rounding: 2 decimal places
Leverage: 100%
Margin: Zero

Relevant Rate	Rate of Interest	Interest Amount
3 month EURIBOR = 1.00%	$(100\% \times 1.00\%) + 0 = \mathbf{1.00\%}$	$\text{EUR } 1,000 \times 1.00\% \times \frac{91}{360} =$ EUR 2.53
3 month EURIBOR = 3.00%	$(100\% \times 3.00\%) + 0 = \mathbf{3.00\%}$	$\text{EUR } 1,000 \times 3.00\% \times \frac{91}{360} =$ EUR 7.58

3. CAPPED FLOATING RATE NOTES

Capped Floating Rate Notes have a Rate of Interest which is a Relevant Rate multiplied by a leverage factor, subject to a specified maximum rate (or cap). Such Rate of Interest, expressed as a formula:

$$\text{Min [Cap; (Leverage} \times \text{Relevant Rate) + Margin]}$$

Therefore, Capped Floating Rate Notes are subject to (i) a variable underlying rate or performance, (ii) a leverage factor and (iii) a specified cap. Where the Relevant Rate is greater than the specified cap, investors will not participate in the increase in the relevant variable underlying rate or performance above such cap. The various parameters in the above formula may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Capped Floating Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Capped Floating Rate Notes:

Reference Item: 3 month EURIBOR
 Calculation Amount: EUR 1,000
 Payment Frequency: Quarterly
 Day Count Fraction: Actual/360
 Number of days in Interest Period: 91
 Rounding: 2 decimal places
 Cap: 2%
 Leverage: 100%
 Margin: Zero

Relevant Rate	Rate of Interest	Interest Amount
3 month EURIBOR = 1.00%	$\text{Min [2.00\%; (100\%} \times \text{1.00\%) + 0]} =$ 1.00%	$\text{EUR } 1,000 \times 1.00\% \times \frac{91}{360} =$ EUR 2.53
3 month EURIBOR = 3.00%	$\text{Min [2.00\%; (100\%} \times \text{3.00\%) + 0]} =$ 2.00%	$\text{EUR } 1,000 \times 2.00\% \times \frac{91}{360} =$ EUR 5.06

The above examples show that, where the Relevant Rate is greater than the cap (disregarding the effect of the Leverage and the Margin), the Rate of Interest will not be increased above the cap and the Interest Amount will be less than it would have been had the cap not been imposed.

DESCRIPTION OF THE NOTES

4. FLOORED FLOATING RATE NOTES

Floored Floating Rate Notes have a Rate of Interest which is a Relevant Rate multiplied by a leverage factor, subject to a specified minimum rate (or floor). Such Rate of Interest, expressed as a formula:

$$\text{Max [Floor; (Leverage} \times \text{Relevant Rate) + Margin]}$$

Therefore, Floored Floating Rate Notes are subject to (i) a variable underlying rate or performance, (ii) a leverage factor and (iii) a specified floor. Where the Relevant Rate is less than the specified floor, investors will not participate in the decrease in the relevant variable underlying rate or performance below such floor. The various parameters in the above formula may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Floored Floating Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Floored Floating Rate Notes:

Reference Item: 6 month EURIBOR
Calculation Amount: EUR 1,000
Payment Frequency: Semi-annually
Day Count Fraction: Actual/360
Number of days in Interest Period: 182
Rounding: 2 decimal places
Floor: 2.50%
Leverage: 100%
Margin: Zero

Relevant Rate	Rate of Interest	Interest Amount
6 month EURIBOR = 2.00%	$\text{Max [2.50%; (100\%} \times \text{2.00\%)} + 0] =$ 2.50%	$\text{EUR 1,000} \times \text{2.50\%} \times \frac{182}{360} =$ EUR 12.64
6 month EURIBOR = 4.00%	$\text{Max [2.50%; (100\%} \times \text{4.00\%)} + 0] =$ 4.00%	$\text{EUR 1,000} \times \text{4.00\%} \times \frac{182}{360} =$ EUR 20.22

The above examples show that, where the Relevant Rate is less than the floor, the Rate of Interest will not be decreased below the floor and the Interest Amount will be greater than it would have been had the floor not been imposed.

5. COLLARED FLOATING RATE NOTES

Collared Floating Rate Notes have a Rate of Interest which is a Relevant Rate multiplied by a leverage factor, subject to a specified maximum rate (or cap) AND a minimum rate (or floor). Such Rate of Interest, expressed as a formula:

$$\text{Min (Cap; Max [Floor; (Leverage} \times \text{Relevant Rate) + Margin])}$$

Therefore, Collared Floating Rate Notes are subject to (i) a variable underlying rate or performance, (ii) a leverage factor and (iii) a specified cap and a specified floor. Where the Relevant Rate is greater than the specified cap, investors will not participate in the increase in the relevant variable underlying rate or performance above such cap and where the Relevant Rate is less than the specified floor, investors will not

participate in the decrease in the relevant variable underlying rate or performance below such floor. The various parameters in the above formula may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Collared Floating Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Collared Floating Rate Notes:

Reference Item: 6 month EURIBOR
 Calculation Amount: EUR 1,000
 Payment Frequency: Semi-annually
 Day Count Fraction: Actual/360
 Number of days in Interest Period: 183
 Rounding: 2 decimal places
 Cap: 4.00%
 Floor: 2.00%
 Leverage: 100%
 Margin: Zero

Relevant Rate	Rate of Interest	Interest Amount
6 month EURIBOR = 5.00%	$\text{Min}(4.00\%; \text{Max}[2.00\%; (100\% \times 5.00\%) + 0]) = 4.00\%$	$\text{EUR } 1,000 \times 4.00\% \times \frac{183}{360} = \text{EUR } 20.33$
6 month EURIBOR = 3.00%	$\text{Min}(4.00\%; \text{Max}[2.00\%; (100\% \times 3.00\%) + 0]) = 3.00\%$	$\text{EUR } 1,000 \times 3.00\% \times \frac{183}{360} = \text{EUR } 15.25$
6 month EURIBOR = 1.00%	$\text{Min}(4.00\%; \text{Max}[2.00\%; (100\% \times 1.00\%) + 0]) = 2.00\%$	$\text{EUR } 1,000 \times 2.00\% \times \frac{183}{360} = \text{EUR } 10.17$

The above examples show that, where the Relevant Rate is less than the floor, the Rate of Interest will not be decreased below the floor and the Interest Amount will be greater than it would have been had the floor not been imposed but where the Relevant Rate is greater than the cap, the Rate of Interest will not be increased above the cap and the Interest Amount will be less than it would have been had the cap not been imposed.

6. REVERSE FLOATING RATE NOTES

Reverse Floating Rate Notes have a rate of interest rate which is subject to a specified minimum rate (or floor) and is otherwise the lesser of (i) a specified maximum rate (or cap) and (ii) a specified fixed rate minus the product of a variable reference rate or performance and a leverage factor. Such Rate of Interest, expressed as a formula:

$$\text{Max}[\text{Floor}; \text{Min}[\text{Cap}; \text{Specified Rate} - (\text{Leverage} \times \text{Relevant Rate})]]$$

Therefore, Reverse Floating Rate Notes are subject to (i) a specified fixed rate and how it compares to a variable reference rate or performance (which may be subject to a leverage factor) and (ii) a specified floor and a cap. The various parameters in the above formula may be different for each Interest Period.

DESCRIPTION OF THE NOTES

Examples of the calculation of the Interest Amount in respect of Reverse Floating Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Reverse Floating Rate Notes:

Reference Item: 12 month EURIBOR
Calculation Amount: EUR 1,000
Payment Frequency: Annually
Day Count Fraction: Actual/360
Number of days in Interest Period: 365
Rounding: 2 decimal places
Cap: 7.00%
Floor: 2.00%
Leverage: 200%
Specified Rate: 4.50%

Relevant Rate	Rate of Interest	Interest Amount
0.75%	$\text{Max} [2.00\%; \text{Min} (7.00\%; 4.50\% - [200\% \times 0.75\%])] = 3.00\%$	$\text{EUR } 1,000 \times 3.00\% \times \frac{365}{360} = \text{EUR } 30.42$
1.50%	$\text{Max} [2.00\%; \text{Min} (7.00\%; 4.50\% - [200\% \times 1.50\%])] = 2.00\%$	$\text{EUR } 1,000 \times 2.00\% \times \frac{365}{360} = \text{EUR } 20.28$

The above examples show that, where the Specified Rate less the Relevant Rate (multiplied by the leverage factor) is less than the floor, the Rate of Interest will not be decreased below the floor and the Interest Amount will be greater than it would have been had the floor not been imposed.

In addition, as the leverage factor is greater than 100 per cent., the application of such leverage magnifies the effect of changes in value of the Relevant Rate compared to the Specified Rate.

7. STEEPENER NOTES

Steepener Notes have a rate of interest which is subject to a specified minimum rate (or floor) and is otherwise the lesser of (i) a specified maximum rate (or cap) and (ii) a Reference Rate minus a specified fixed strike rate multiplied by a leverage factor. Such Rate of Interest, expressed as a formula:

$$\text{Max} [\text{Floor}; \text{Min} [\text{Cap}; \text{Leverage} \times (\text{Relevant Rate} - \text{Strike Rate})]]$$

Therefore, Steepener Notes are subject to (i) a variable underlying rate or performance and how it compares to a specified fixed strike rate, (ii) a leverage factor and (iii) a specified floor and a cap. The various parameters in the above formula may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Steepener Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Steepener Notes:

Reference Item: 10yr EUR OMX Swap Rate – 2yr EUR OMX Swap Rate
Calculation Amount: EUR 1,000
Payment Frequency: Annually

Day Count Fraction: Actual/Actual
 Number of days in Interest Period: 365
 Rounding: 2 decimal places
 Cap: 7.00%
 Floor: 0.00%
 Leverage: 500%
 Strike Rate: 0.50%

10yr EUR OMX Swap Rate	2yr EUR OMX Swap Rate	Rate of Interest	Interest Amount
3.20%	0.50%	Max [0.00%; Min (7.00%; 500% × (3.20%-0.50%-0.50%))] = 7.00%	EUR 1,000 × 7.00% × $\frac{365}{365}$ = EUR 70.00
2.10%	0.70%	Max [0.00%; Min (7.00%; 500% × (2.10%-0.70%-0.50%))] = 4.50%	EUR 1,000 × 4.50% × $\frac{365}{365}$ = EUR 45.00
1.1%	2.20%	Max [0.00%; Min (7.00%; 500% × (1.10%-2.20%-0.50%))] = 0.00%	EUR 1,000 × 0.00% × $\frac{365}{365}$ = EUR 0.00

The above examples show that, where the Relevant Rate less the Strike Rate (multiplied by the leverage factor) is less than the floor, the Rate of Interest will not be decreased below the floor and the Interest Amount will be greater than it would have been had the floor not been imposed but, where the Relevant Rate less the Strike Rate (multiplied by the leverage factor) is greater than the cap, the Rate of Interest will not be increased above the cap and the Interest Amount will be less than it would have been had the cap not been imposed.

In addition, as the leverage factor is greater than 100 per cent., the application of such leverage magnifies the effect of changes in value of the Relevant Rate compared to the Strike Rate.

8. SNOWBALL NOTES

Snowball Notes have a rate of interest which is subject to a specified minimum rate (or floor) and is otherwise the lesser of (i) a specified maximum rate (or cap) and (ii) an accreting fixed rate of interest minus the product of a variable reference rate or performance and a leverage factor. Such Rate of Interest, expressed as a formula:

$$\text{Max [Floor; Min [Cap; (Rate of Interest}_{t-1} + \text{Snowball Amount}_t) - (\text{Leverage} \times \text{Relevant Rate})]}$$

Therefore, the Snowball Amount will operate to increase the fixed rate to which the Reference Rate (multiplied by any leverage factor) is compared and Snowball Notes are subject to (i) a specified accreting fixed rate and how it compares to a variable reference rate or performance (which may be subject to a leverage factor) and (ii) a specified floor and a cap. The various parameters in the above formula may be different for each Interest Period.

DESCRIPTION OF THE NOTES

Examples of the calculation of the Interest Amount in respect of Snowball Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Snowball Notes:

Reference Item: 3 month EURIBOR
Calculation Amount: EUR 1,000
Payment Frequency: Quarterly
Day Count Fraction: 30/360
Number of days in Interest Period: 90
Rounding: 2 decimal places
Cap: 10.00%
Floor: 1.00%
Leverage: 200%

Relevant Rate	Rate of Interest _{t-1}	Snowball Amount	Rate of Interest	Interest Amount
1.50%	1.75%	2.00%	Max [1.00%; Min (10.00%; [1.75% + 2.00%] - [200% × 1.50%])] = 0.75%	EUR 1,000 × 0.75% × $\frac{90}{360}$ = EUR 1.875
0.75%	0.75%	2.50%	Max [1.00%; Min (10.00%; [0.75% + 2.50%] - [200% × 0.75%])] = 1.75%	EUR 1,000 × 1.75% × $\frac{90}{360}$ = EUR 14.375

The above examples show that, where the accruing fixed rate minus the Relevant Rate (multiplied by the leverage factor) is less than the floor, the Rate of Interest will not be decreased below the floor and the Interest Amount will be greater than it would have been had the floor not been imposed.

In addition, as the leverage factor is greater than 100 per cent., the application of such leverage magnifies the effect of changes in value of the Relevant Rate compared to the accruing fixed rate.

9. RANGE ACCRUAL NOTES

Range Accrual Notes may be Rate-Linked Notes (linked to an Underlying Rate), Inflation-Linked Notes (linked an Inflation Index), Index-Linked Notes (linked to an Index), Equity-Linked Notes (linked to an Underlying Equity), Fund-Linked Notes (linked to a Fund Interest), Currency-Linked Notes (linked to an FX Rate) or Commodity-Linked Notes (linked to a Commodity).

Range Accrual Notes have a Rate of Interest determined by reference to a specified fixed rate multiplied by an accrual rate which is determined by reference to the proportion of relevant observation dates within the relevant interest period for which the Reference Price for the relevant Reference Item is greater than or equal to the specified lower barrier and equal to or less than the specified upper barrier. Such Rate of Interest, expressed as a formula:

$$\left[\text{Specified Rate 1} \times \left(\frac{m}{M} \right) \right] + \left[\text{Specified Rate 2} \times \left(\frac{M - m}{M} \right) \right]$$

The relevant observation dates may be each calendar day within the relevant interest period or may only be specific days within the relevant interest period (e.g. business days or specified weekly, monthly or quarterly dates).

Therefore, Range Accrual Notes are subject to (i) a variable level, price, rate, value or performance (the “**Reference Price**”) and (ii) the proportion of observation dates within the relevant interest period for which such variable Reference Price falls within the specified range and thus Range Accrual Notes can be volatile instruments and may pay little or no interest in respect of an interest period. The various parameters in the above formula may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Range Accrual Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Range Accrual Notes:

Reference Item: Share A
 Calculation Amount: EUR 1,000
 Payment Frequency: Quarterly
 Day Count Fraction: Actual/Actual
 Number of days in Interest Period: 90
 Rounding: 2 decimal places

Specified Rate 1: 4.00%
 Specified Rate 2: 0.50%
 Observation dates: Each calendar day within the Interest Period
 Upper Barrier: EUR 10
 Lower Barrier: EUR 5

Number of observation dates where the Reference Price falls within the parameters (“m”)	Total number of observation dates in interest period (“M”)	Rate of Interest	Interest Amount
45	90	$(4.00\% \times [45/90]) + (0.50\% \times [45/90]) = 2.25\%$	$EUR 1,000 \times 2.25\% \times \frac{90}{360} = EUR 5.63$
0	90	$(4.00\% \times [0/90]) + (0.50\% \times [90/90]) = 0.50\%$	$EUR 1,000 \times 0.50\% \times \frac{90}{360} = EUR 1.25$

The above examples show that (assuming that a higher rate of interest will accrue where the relevant Reference Price falls within the specified range, as is the case above i.e. Specified Rate 1 is greater than Specified Rate 2), the larger the number of observation dates for which the relevant Reference Price falls within the specified range, the higher the Rate of Interest and consequently the larger the Interest Amount. Conversely, the smaller the number of observation dates for which the relevant Reference Price falls within the specified range, the lower the Rate of Interest and consequently the smaller the Interest Amount.

10. BINARY RATE NOTES

Binary Rate Notes have a Rate of Interest which will either be (i) a specified fixed rate if the relevant variable underlying rate or performance for an interest period is equal to or greater than the specified lower barrier or equal to or less than the specified upper barrier (“**Binary Rate 1**”) or otherwise (ii) a different specified fixed rate (which may be zero) (“**Binary Rate 2**”).

DESCRIPTION OF THE NOTES

Therefore, Binary Rate Notes are subject to a variable underlying rate or performance and whether such variable underlying rate or performance falls within the specified range on the relevant interest determination date. The various parameters may be different for each Interest Period.

Examples of the calculation of the Interest Amount in respect of Binary Rate Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Binary Rate Notes:

Reference Item: 6 month EURIBOR
Calculation Amount: EUR 1,000
Payment Frequency: Semi-annually
Day Count Fraction: Actual/360
Number of days in Interest Period: 182
Rounding: 2 decimal places

Binary Rate 1: 5.00% (where the Relevant Rate falls within the specified range)
Binary Rate 2: 0.00% (where the Relevant Rate does not fall within the specified range)
Upper Barrier: 2.00%
Lower Barrier: 0.00%

Relevant Rate	Within parameters	Rate of Interest	Interest Amount
2.25%	NO	0.00%	$\text{EUR } 1,000 \times 0.00\% \times \frac{182}{360} =$ EUR 0.00
1.25%	YES	5.00%	$\text{EUR } 1,000 \times 5.00\% \times \frac{182}{360} =$ EUR 25.78

The above examples show that, where the relevant Relevant Rate falls within the specified range, the Rate of Interest is the higher specified rate. Conversely, where the relevant Relevant Rate falls outside the specified range, the Rate of Interest is the lower specified rate (in this case, zero).

11. INFLATION ADJUSTED INTEREST NOTES

Inflation Adjusted Interest Notes have a rate of interest rate which will be calculated based on the change in value of the relevant inflation index. Such Rate of Interest, expressed as a formula:

$$\text{Specified Rate} \times \text{Reference Price}$$

Therefore, Inflation Adjusted Interest Notes are subject to (i) a specified fixed rate and (ii) the performance of the Reference Item (i.e. the Inflation Index) over a certain time period, determined as the value the Reference Item in respect of a specified reference month divided by the value of the Reference Item in respect of a specified preceding reference month, expressed as a percentage. The Specified Rate may be different for each Interest Period.

Consequently, if the value of the Reference Item in respect of an Interest Period increases compared to the value of the Reference Item in respect of the specified preceding reference month for such Interest Period, the Rate of Interest will operate to increase the amount of interest for such Interest Period. Conversely, if the value of the Reference Item in respect of an Interest Period decreases compared to the

value of the Reference Item in respect of the specified preceding reference month for such Interest Period, the Rate of Interest will operate to decrease the amount of interest for such Interest Period.

Examples of the calculation of the Interest Amount in respect of Inflation Adjusted Interest Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Inflation Adjusted Interest Notes:

Reference Item: Inflation Index A
 Calculation Amount: EUR 1,000
 Specified Rate: 5.00%
 Payment Frequency: Annually
 Day Count Fraction: 30/360
 Number of days in Interest Period: 360

Reference Level for the Reference Month falling 3 months prior to the end of the relevant Interest Period	Reference Level for the Reference Month falling 15 months prior to the end of the relevant Interest Period	Performance for such Interest Period	Interest Rate	Inflation-Linked Interest Amount
4.00%	2.00%	4.00%/2.00% = 2 or 200% (expressed as a percentage)	5.00% × 200% = 10.0%	EUR 1,000 × 10.00% × $\frac{360}{360}$ = EUR 100
2.00%	2.50%	2.50%/2.00% = 1.25 or 125% (expressed as a percentage)	5.00% × 125% = 6.25%	EUR 1,000 × 6.25% × $\frac{360}{360}$ = EUR 62.50

The above examples show that, where the level of the inflation index increases compared to the level of the inflation index for the specified preceding reference month for such Interest Period, the Rate of Interest will increase. Conversely, where the level of the inflation index decreases compared to the level of the inflation index for the specified preceding reference month for such Interest Period, the Rate of Interest will decrease.

12. REFERENCE ITEM-LINKED INTEREST NOTES

12.1 Autocall Interest Notes

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Interest Amount is the Autocall Interest Amount, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor the right to receive an Interest Amount in respect of each Interest Period which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

DESCRIPTION OF THE NOTES

The Interest Amount payable in respect of each Calculation Amount (“CA”) and an interest period in respect of Reference Item-Linked Interest Notes will be calculated as follows:

If on a specified interest determination date, the Relevant Autocall Interest Performance is equal to or greater than the Interest Barrier, the Interest Amount shall be an amount equal to the Autocall Interest Amount. Otherwise the Interest Amount shall be zero and no interest shall be paid.

As specified in the relevant Issue Terms, the relevant Autocall Interest Amount in respect of an Interest Period and the related Interest Payment Date shall be either:

- (a) an amount equal to the Calculation Amount multiplied by a specified rate (Bullet Interest);
- (b) an amount equal to (a) (i) the Calculation Amount multiplied by (ii) a specified rate and multiplied by (iii) a multiplier equal to the numerical value of the relevant interest period MINUS (b) the sum of all the Autocall Interest Amounts paid prior to such Interest Payment Date (Memory Interest); or
- (c) an amount equal to (i) the Calculation Amount multiplied by (ii) a specified rate and multiplied by (iii) a multiplier equal to the numerical value of the relevant interest period (i.e. the amount of interest will increase with each interest period) (Cumulative Interest);
- (d) an amount determined by reference to the following formula:

$$CA \times \text{Max} [\text{specified rate}; \text{Relevant Autocall Interest Performance} - \text{Autocall Strike}]$$

where the Autocall Strike is as specified in the relevant Issue Terms.

Relevant Autocall Interest Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item for an Interest Period is determined as (i) the value of the relevant Reference Item in respect of the relevant specified interest determination date divided by (ii) the value or average value of the relevant Reference Item in respect of the specified initial valuation date(s), expressed as a percentage.

Examples of the calculation of the Interest Amount in respect of Autocall Interest Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Autocall Interest Notes:

Reference Item: Index A
Reference Item Initial Value: 100

Calculation Amount: EUR 1,000
Specified Rate: 2.00%
Interest Barrier: 100%

- (a) Where Bullet Interest is specified in the relevant Final Terms

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance equal to or greater than Interest Barrier	Autocall Interest Amount
1	120	$\frac{120}{100} = 1.2$ or 120% (expressed as a percentage)	Yes	EUR 1,000 × 2% = EUR 20
2	80	$\frac{80}{100} = 0.8$ or 80% (expressed as a percentage)	No	Zero

(b) Where Memory Interest is specified in the relevant Final Terms

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance equal to or greater than Interest Barrier	Autocall Interest Amount
1	120	$\frac{120}{100} = 1.2$ or 120% (expressed as a percentage)	Yes	EUR 1,000 × 2% × 1 = EUR 20
2	80	$\frac{80}{100} = 0.8$ or 80% (expressed as a percentage)	No	Zero
3	110	$\frac{110}{100} = 1.1$ or 110% (expressed as a percentage)	Yes	[EUR 1,000 × 2% × 3] - EUR 20 = EUR 40
4	98	$\frac{98}{100} = 0.98$ or 98% (expressed as a percentage)	No	Zero

DESCRIPTION OF THE NOTES

5	105	$\frac{105}{100} = 1.05$ or 105% (expressed as a percentage)	Yes	[EUR 1,000 × 2% × 5]- EUR60 = EUR 40
---	-----	---	-----	---

(c) Where Cumulative Interest is specified in the relevant Final Terms

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance equal to or greater than Interest Barrier	Autocall Interest Amount
1	120	$\frac{120}{100} = 1.2$ or 120% (expressed as a percentage)	Yes	EUR 1,000 × 2% × 1 = EUR 20
2	80	$\frac{80}{100} = 0.8$ or 80% (expressed as a percentage)	No	Zero
3	110	$\frac{110}{100} = 1.1$ or 110% (expressed as a percentage)	Yes	EUR 1,000 × 2% × 3 = EUR 60

(d) Where Bonus Interest is specified in the relevant Final Terms

Autocall Strike: 100%

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance equal to or greater than Interest Barrier	Autocall Interest Amount
1	105	$\frac{105}{100} = 1.05$ or 105% (expressed as a percentage)	Yes	EUR 1,000 × Max [2%;105% - 100%] = EUR 50
2	98	$\frac{98}{100} = 0.98$ or 98% (expressed as a percentage)	No	Zero

3	102	$\frac{102}{100} = 1.02$ or 102% (expressed as a percentage)	Yes	$\text{EUR } 1,000 \times \text{Max} [2\%; 102\% - 100\%] = \text{EUR } 20$
---	-----	--	-----	---

12.2 Autocall Multi Barrier Interest Notes

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Interest Amount is the Autocall Multi Barrier Interest Amount, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor the right to receive an Interest Amount in respect of each Interest Period which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Interest Amount payable in respect of each Calculation Amount (“CA”) and an interest period in respect of Reference Item-Linked Interest Notes will be calculated as follows:

If on a specified interest determination date, the Relevant Autocall Interest Performance falls within a Barrier Interval, the Interest Amount shall be an amount equal to the Relevant Interest Amount_m. Otherwise, if, the Relevant Autocall Interest Performance is less than the first Starting Barrier Interval Point or greater than the highest Ending Barrier Interval Point (if applicable), the Interest Amount shall be zero and no interest shall be paid. The Relevant Interest Amount_m in respect of an Interest Period and a Barrier Interval shall be as specified in the relevant Issue Terms, being any of the following:

- (a) an amount equal to the Calculation Amount multiplied by a specified rate (Bullet Interest);
- (b) an amount equal to (a) (i) the Calculation Amount multiplied by (ii) a specified rate and multiplied by (iii) a multiplier equal to the numerical value of the relevant interest period MINUS (b) the sum of all the Autocall Multi Barrier Interest Amounts in respect of the same Barrier Interval (if any) paid prior to such Interest Payment Date (Memory Interest); or
- (c) an amount equal to (i) the Calculation Amount multiplied by (ii) a specified rate and multiplied by (iii) a multiplier equal to the numerical value of the relevant interest period (i.e. the amount of interest will increase with each interest period) (Cumulative Interest); or
- (d) an amount equal to (i) the Calculation Amount multiplied by (ii) the participation rate specified for the relevant Interest Period and the relevant Barrier Interval multiplied by (iii) the HIGHEST OF either (a) the specified rate, or (b) the relevant Autocall Interest Performance minus the relevant Autocall Strike (being the percentage specified in the relevant Issue Terms) (Bonus Interest).

The Relevant Interest Amounts for each Interest Period may only include certain types of Relevant Interest Amount. Investors should read the relevant Issue Terms to determine which types of Relevant Interest Amount are relevant for the particular issue of Notes and the relevant Interest Period.

Relevant Autocall Interest Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or (iii) the performance of the Reference Item which has a performance which is ranked the specified number highest of all the Reference Items (where the Notes relate to a basket of Reference Items).

DESCRIPTION OF THE NOTES

The performance of any Reference Item for an Interest Period is determined as (i) the value of the relevant Reference Item in respect of the relevant specified interest determination date divided by (ii) the value or average value of the relevant Reference Item in respect of the specified initial valuation date(s), expressed as a percentage.

Examples of the calculation of the Interest Amount in respect of Autocall Multi Barrier Interest Notes:

The following examples illustrate how the Interest Amount is calculated in respect of Autocall Multi Barrier Interest Notes:

Reference Item: Index A
Reference Item Initial Value: 100

Calculation Amount: EUR 1,000
Specified Rate: 2.00%

Interest Determination Date	Barrier Interval Number (<i>m</i>)	Starting Barrier Interval Point	Ending Barrier Interval Point	Relevant Interest Amount
Each Interest Determination Date	1	100%	110%	Bullet Interest
	2	110%	120%	Memory Interest
	3	120%	130%	Cumulative Interest
	4	130%	Not Applicable (i.e. infinity)	Bonus Interest

Depending on which Barrier Interval the Relevant Autocall Interest Performance falls within, the Interest Amount will be the Relevant Interest Amount specified for the relevant Interest Period and Barrier Interval.

(a) Where an amount in respect of Bullet Interest is payable

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance within Barrier Interval 1	Autocall Interest Amount
1	105	$\frac{105}{100} = 1.05$ or 105% (expressed as a percentage)	Yes	$EUR\ 1,000 \times 2\%$ $= EUR\ 20$

(b) Where amounts in respect of Memory Interest are payable

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance within Barrier Interval 2	Autocall Interest Amount
1	115	$\frac{115}{100} = 1.15$ or 115% (expressed as a percentage)	Yes	$EUR 1,000 \times 1 \times 2\% = EUR 20$
2	108	$\frac{108}{100} = 1.08$ or 108% (expressed as a percentage)	No – the Performance for the Interest Period falls within Barrier Interval 1 and the Interest Amount (of EUR20) would be determined in accordance with the Bullet Interest provisions	-
3	110	$\frac{110}{100} = 1.10$ or 110% (expressed as a percentage)	Yes	$[EUR 1,000 \times 3 \times 2\%] - EUR 20 = EUR 20$

(c) Where amounts in respect of Cumulative Interest are payable

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance falls within Barrier Interval 3	Autocall Interest Amount
1	120	$\frac{120}{100} = 1.20$ or 120% (expressed as a percentage)	Yes	$EUR 1,000 \times 1 \times 2\% = EUR 20$
2	108	$\frac{108}{100} = 1.08$ or 108% (expressed as a percentage)	No – the Performance for the Interest Period falls within Barrier Interval 1 and the Interest Amount (of EUR20) would be determined in accordance with the Bullet Interest provisions	-
3	125	$\frac{125}{100} = 1.25$	Yes	$EUR 1,000 \times 3 \times 2\% = EUR 60$

DESCRIPTION OF THE NOTES

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance falls within Barrier Interval 3	Autocall Interest Amount
		or 125% (expressed as a percentage)		

(d) Where an amount in respect of Bonus Interest is payable

Autocall Strike: 130%

Participation Rate: 100%

<i>t</i>	Reference Price for the relevant Interest Period	Performance for such Interest Period	Relevant Autocall Interest Performance falls within Barrier Interval 4	Autocall Interest Amount
1	135	$\frac{135}{100} = 1.35$ or 135% (expressed as a percentage)	Yes	$EUR\ 1,000 \times 100\% \times \text{Max} [2\% - 130\%] = EUR\ 50$

13. INTEREST IN RESPECT OF CREDIT-LINKED NOTES

Payment of interest in respect of Credit-Linked Notes and/or the amount of interest payable in respect of Credit-Linked Notes are affected by the occurrence of relevant Credit Event(s).

Subject as provided in the Terms and Conditions, Notes which are not Portfolio Credit-Linked Notes will cease to bear interest from either the relevant Credit Event Determination Date or the interest period date or (in respect of Fixed Amount Notes) the interest payment date, as applicable, immediately preceding the relevant Credit Event Determination Date (or, if none, the Issue Date).

In the case of Non-Tranched Portfolio Credit-Linked Notes, the occurrence of relevant Credit Event Determination Dates will reduce the amount of interest payable by reducing the principal amount by reference to which the relevant Interest Amount is calculated by an amount equal to a Note's *pro rata* share of the Reference Entity Notional Amount in respect of each Reference Entity the subject of a Credit Event.

In the case of Tranched Portfolio Credit-Linked Notes, the occurrence of the relevant Credit Event Determination Date will reduce the amount of interest payable only once the Loss Percentage (as defined in paragraph 15 (*Redemption in respect of Credit-Linked Notes*) below, being the proportion that (i) the aggregate loss in respect of the Reference Entity Notional Amounts for each Reference Entity the subject of a Credit Event Determination Date bears to (ii) the sum of all the Reference Entity Notional Amounts) has exceeded the specified Attachment Point (which may be zero per cent.) by reducing the Calculation Amount by an amount equal to the Aggregate Portfolio Loss and any unwind costs (the resulting amount being the Tranched Calculation Amount). The Aggregate Portfolio Loss (as defined in paragraph 15 (*Redemption in respect of Credit-Linked Notes*) below) is determined as the proportion that (i) the excess of the Loss Percentage over the Attachment Point bears to (ii) the total exposure (being the difference between the Detachment Point and the Attachment Point), and shall not be less than zero or more than 100 per cent.. The

occurrence of further Credit Event Determination Dates will operate to further reduce the Calculation Amount until the Tranching Calculation Amount is reduced to zero, from which date no further interest will accrue.

Subject as provided in the Terms and Conditions, such reduction in respect of Portfolio Credit-Linked Notes may take effect either from the interest period date or interest payment date, as applicable, immediately preceding the Credit Event Determination Date or from the Credit Event Determination Date.

Credit-Linked Notes may be Fixed Rate Notes, Floating Rate Notes or Range Accrual Notes or any combination of such interest rates specified above.

Examples of the calculation of the Interest Amount in respect of Credit-Linked Notes:

The following example illustrates how the Interest Amount may be calculated in respect of Non-Tranching Portfolio Credit-Linked Notes where “Accrual of Interest upon Credit Event” is specified as Not Applicable:

Calculation Amount: EUR 1,000
 Fixed Rate of Interest: 4%
 Payment Frequency: Annually
 Day Count Fraction: 30/360
 Rounding: 2 decimal places
 Number of Reference Entities: 10
 A Note’s *pro rata* share of the Reference Entity Notional Amount: 100 for each Reference Entity
 Unwind Costs: Zero

Number of credit events in the Portfolio	Adjusted Calculation Amount	Rate of Interest	Interest Amount
0	N/A	4%	$EUR\ 1,000 \times 4.00\% \times \frac{360}{360} =$ EUR 40.00
1	$EUR\ 1,000 - EUR\ 100 =$ EUR 900	4%	$EUR\ 900 \times 4.00\% \times \frac{360}{360} =$ EUR 36.00
3	$EUR\ 1,000 -$ $(3 \times EUR\ 100) =$ EUR 700	4%	$EUR\ 700 \times 4.00\% \times \frac{360}{360} =$ EUR 28.00

The above examples show that, where a Credit Event Determination Date has occurred in relation to one or more Reference Entities prior to the Credit Event Observation Date for an interest period, this will operate to reduce the principal amount by reference to which the Interest Amount is calculated and will therefore reduce the amount of interest payable from such date.

The following example illustrates how the Interest Amount may be calculated in respect of Tranching Portfolio Credit-Linked Notes where “Accrual of Interest upon Credit Event” is specified as Not Applicable and the relevant interest amount is determined on the basis of the Tranching Calculation Amount on the Credit Event Observation Date falling at the end of the relevant Interest Period:

Calculation Amount: EUR 1,000

DESCRIPTION OF THE NOTES

Fixed Rate of Interest: 4%
 Payment Frequency: Annually
 Day Count Fraction: 30/360
 Rounding: 2 decimal places
 Number of Reference Entities: 5 (see table below)
 Attachment Point: 20%
 Detachment Point: 80%
 Unwind Costs: Zero

Reference Entity	Reference Entity Notional Amount	Scenario 1 Final Price	Scenario 2 Final Price	Scenario 3 Final Price
A	EUR 200	-	-	75%
B	EUR 200	-	-	0%
C	EUR 200	-	75%	0%
D	EUR 200	75%	25%	0%
E	EUR 200	50%	0%	0%

(a) Scenario 1 – Attachment Point not exceeded

Loss Percentage (LP) =

$$[(\text{EUR } 200 \times \{100\% - 75\%\}) + (\text{EUR } 200 \times \{100\% - 50\%\})] / [\text{EUR } 600 + \text{EUR } 400] = 15\%$$

Exposure =

$$(15\% - 20\%) / (80\% - 20\%) = -0.0833\%$$

Aggregate Portfolio Loss =

$$\text{Min } [100\%; \text{Max } (0\%; -0.0833\%)] = 0\%$$

Tranched Calculation Amount =

$$[\text{EUR } 1,000 \times (100\% - 0\%)] - 0 = \text{EUR } 1,000$$

Interest Amount for the relevant Interest Period =

$$\text{EUR } 1,000 \times 4.00\% \times \frac{360}{360} = \text{EUR } 40.00$$

As the Attachment Point has not been exceeded, the Tranched Calculation Amount is the same as the Calculation Amount and the Interest Amount is not affected.

(b) Scenario 2 – Attachment Point exceeded but Detachment Point not exceeded.

Loss Percentage (LP) =

$$[(\text{EUR } 200 \times \{100\% - 75\%\}) + (\text{EUR } 200 \times \{100\% - 25\%\}) + (\text{EUR } 200 \times \{100\% - 0\%\})] / [\text{EUR } 600 + \text{EUR } 400] = 40\%$$

Exposure =

$$(40\% - 20\%) / (80\% - 20\%) = 0.3333\%$$

Aggregate Portfolio Loss =

$$\text{Min } [100\%; \text{Max } (0\%; 0.3333\%)] = 0.3333\%$$

Tranched Calculation Amount =

$$[\text{EUR } 1,000 \times (100\% - 0.3333\%)] - 0 = \text{EUR } 666.67$$

Interest Amount for the relevant Interest Period =

$$\text{EUR } 666.67 \times 4.00\% \frac{360}{360} = \text{EUR } 26.67$$

As the Attachment Point has been exceeded and the Detachment Point has not been exceeded, the Tranched Calculation Amount is less than the Calculation Amount and the Interest Amount is reduced.

- (c) Scenario 3 – Attachment Point and Detachment Point exceeded

Loss Percentage (LP) =

$$[(\text{EUR } 200 \times (100\% - 75\%)) + (\text{EUR } 200 \times (100\% - 0\%) \times 4)] / [\text{EUR } 600 + \text{EUR } 400] = 85\%$$

Exposure =

$$(85\% - 20\%) / (80\% - 20\%) = 108.33\%$$

Aggregate Portfolio Loss =

$$\text{Min } [100\%; \text{Max } (0\%; 108.33\%)] = 100\%$$

Tranched Calculation Amount =

$$\text{EUR } 1,000 \times [100\% - 100\%] - 0 = \text{EUR } 0$$

Interest Amount for the relevant Interest Period =

$$0 \times 4.00\% \times 360/360 = \text{EUR } 0$$

As the Attachment Point has been exceeded and the Detachment Point has also been exceeded, the Tranched Calculation Amount is zero and no interest is payable in respect of the relevant Interest Period.

DESCRIPTION OF THE NOTES

14. INTEREST IN RESPECT OF BARRIER BOND NOTES

Payment of interest in respect of Barrier Bond Notes and/or the amount of interest payable in respect of Barrier Bond Notes are affected by the occurrence of Barrier Events (as defined in paragraph 44 (*Reference Item-Linked Amount = Barrier Bond Redemption Amount*) below) in relation to the relevant Reference Item(s). The occurrence of relevant Barrier Events will reduce the amount of interest payable by reducing the principal amount by reference to which the relevant Interest Amount is calculated in proportion to the weighting in respect of each Reference Item the subject of a Barrier Event. Subject as provided in the Conditions, the reduction in respect of a Reference Item will take effect either from the interest period end date or interest payment date, as applicable, immediately preceding the date on which the relevant Barrier Event occurred.

Barrier Bond Notes may be Fixed Rate Notes or Floating Rate Notes or any combination of such interest rates specified above.

Examples of the calculation of the Interest Amount in respect of Barrier Bond Notes:

The following example illustrates how the Interest Amount may be calculated in respect of Barrier Bond Notes:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item 3: Share C

Reference Item Weighting:

Reference Item 1: 33.33%

Reference Item 2: 33.33%

Reference Item 3: 33.33%

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 90

Reference Item 3: EUR 70

Barrier Level: 70% of the relevant Reference Item Initial Value

Type of Valuation: Continuous Valuation

Barrier Event Observation Date: Each Interest Period Date

Calculation Amount: EUR 1,000

Fixed Rate of Interest: 4%

Accrual: Applicable

Payment Frequency: Quarterly

Day Count Fraction: 30/360

Rounding: 2 decimal places

Quarter 1

Reference Entity	Relevant Barrier Level	Lowest Relevant Observation Price prior to relevant Barrier Event Observation Date	Barrier Event occurred prior to relevant Barrier Event Observation Date
Share 1	70	90	No
Share 2	63	66	No
Share 3	49	81	No

Interest Amount for Quarter 1:

$$\text{EUR } 1,000 \times 4.00\% \times \frac{90}{360} = \text{EUR } 10.00$$

Quarter 2

Reference Entity	Relevant Barrier Level	Lowest Relevant Observation Price prior to relevant Barrier Event Observation Date	Barrier Event occurred prior to relevant Barrier Event Observation Date
Share 1	70	90	No
Share 2	63	66	No
Share 3	49	70	No

Interest Amount for Quarter 2:

$$\text{EUR } 1,000 \times 4.00\% \times \frac{90}{360} = \text{EUR } 10.00$$

Quarter 3

Reference Entity	Relevant Barrier Level	Lowest Relevant Observation Price prior to relevant Barrier Event Observation Date	Barrier Event occurred prior to relevant Barrier Event Observation Date
Share 1	70	90	Yes
Share 2	63	66	No
Share 3	49	70	No

DESCRIPTION OF THE NOTES

Interest Amount for Quarter 3:

$$[\text{EUR } 1,000 \times (100\% - 33.33\%)] \times 4.00\% \times \frac{90}{360} = \text{EUR } 6.67$$

Quarter 4

Reference Entity	Relevant Barrier Level	Lowest Relevant Observation Price prior to relevant Barrier Event Observation Date	Barrier Event occurred prior to relevant Barrier Event Observation Date
Share 1	70	60	Yes
Share 2	63	66	No
Share 3	49	50	No

Interest Amount for Quarter 4:

$$[\text{EUR } 1,000 \times (100\% - 33.33\%)] \times 4.00\% \times \frac{90}{360} = \text{EUR } 6.67$$

The above examples show that, where a Barrier Event has occurred in relation to one or more Reference Entities prior to the Barrier Event Observation Date for an interest period, this will operate to reduce the principal amount by reference to which the Interest Amount is calculated and will therefore reduce the amount of interest payable from such date.

REDEMPTION

15. REDEMPTION IN RESPECT OF CREDIT-LINKED NOTES

Subject as provided in the Terms and Conditions, where the Issue Terms relating to a Tranche of Notes specifies that the Notes are Credit-Linked Notes and where a Credit Event Determination Date occurs in relation to the/any specified Reference Entity(ies) (or, in the case of Nth-to-Default Credit Linked Notes, the Relevant Number (as specified in the relevant Issue Terms) of Reference Entities), each Note will either be redeemed early by payment of the Credit Event Redemption Amount calculated as specified below or where Maturity Credit Event Redemption is specified as applying in the relevant Issue Terms, be redeemed on the Maturity Date (subject to adjustment) at the Credit Event Redemption Amount.

The Credit Event Redemption Amount shall be either a fixed amount specified in the relevant Issue Terms or an amount determined as follows:

- (i) subject as provided in (iv) below, in the case of Notes other than Portfolio Credit-Linked Notes, an amount determined as each Note's *pro rata* share of (i) the product of the Reference Entity Notional Amount (“RENA”) and the final price, auction final price or set/zero recovery price (determined as set out in the Conditions) in respect of the relevant Reference Entity (“FP”), less (ii) any Unwind Costs (“UC”), expressed as a formula:

$$(\text{RENA} \times \text{FP}) - \text{UC}$$

- (ii) subject as provided in (iv) below, in the case of Notes which are Non-Tranched Portfolio Credit-Linked Notes, an amount determined as each Note's *pro rata* share of (1) the sum of

the Reference Entity Notional Amounts in respect of each Reference Entity for which a Credit Event Determination Date has not occurred plus (2) the sum of, in respect of each Reference Entity for which a Credit Event Determination Date has occurred, the product of the Reference Entity Notional Amount and the final price, auction final price or the set/zero recovery price (as applicable) (“**FP**” with “**FP_{A,i}**” being such value in respect of the Reference Entity for which a Credit Event Determination Date has occurred) less (3) Unwind Costs (“**UC**”), expressed as a formula:

$$\left(\sum_{1..n} \text{RENA}_{u,i} \right) + \left(\sum_{1..n} \text{RENA}_{A,i} \times \text{FP}_{A,i} \right) - \text{UC};$$

- (iii) subject as provided in (iv) below, in the case of Notes which are Tranched Portfolio Credit-Linked Notes, an amount, subject to a minimum of zero, determined in relation to each Calculation Amount equal to (1) the product of (A) the Calculation Amount (“**CA**”) and (B) 100 per cent. minus the Aggregate Portfolio Loss minus (2) each Note’s *pro rata* portion of the Unwind Costs (“**TUC**”), expressed as a formula:

$$\text{CA} \times [100\% - \text{Aggregate Portfolio Loss}] - \text{TUC}; \text{ or}$$

- (iv) if Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are specified as applicable in the relevant Issue Terms, the Final Redemption Amount determined as specified below, except that “**CA**” in the definition of Relevant Principal Amount shall be deemed to be the Credit Event Redemption Amount determined pursuant to (i), (ii) or (iii) above, as applicable.

Where:

“**Aggregate Portfolio Loss**” means, in respect of a day, a percentage determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\text{Min} \left[100\%; \text{Max} \left(0\%; \frac{\text{LP} - \text{AP}}{\text{DP} - \text{AP}} \right) \right]$$

where the Attachment Point (“**AP**”) and Detachment Point (“**DP**”) are the percentages specified in the relevant Issue Terms.

“**LP**” means the “**Loss Percentage**” being, in respect of a day, (A) the sum of, in respect of each Reference Entity for which a Credit Event Determination Date has occurred, the product of the Reference Entity Notional Amount and one minus the relevant final price, auction final price or the set/zero recovery price (as applicable) divided by (B) the sum of the Reference Entity Notional Amounts in respect of each Reference Entity for which a Credit Event Determination Date has occurred and each Reference Entity for which a Credit Event Determination Date has not occurred, expressed as a formula:

$$\left[\sum_{1..n} \text{RENA}_{A,i} \times (1 - \text{FP}_{A,i}) \right] / \left[\sum_{1..n} \text{RENA}_{u,i} + \sum_{1..n} \text{RENA}_{A,i} \right]$$

“**RENA**” means the Reference Entity Notional Amount, with **RENA_{u,i}** being the Reference Entity Notional Amount in respect of any Reference Entity_i for which a Credit Event Determination Date has not occurred and being deemed to be zero for all other Reference Entities and **RENA_{A,i}** is the Reference Entity Notional Amount in respect of any Reference Entity_i for which a Credit Event Determination Date has occurred and being deemed to be zero for all other Reference Entities.

DESCRIPTION OF THE NOTES

In the case of (i) or (ii) above, where the relevant final price or auction final price or the weighted sum of the final prices or auction final prices is less than 100%, investors will receive less than the Calculation Amount on redemption of the Notes.

In the case of (iii) and (iv) above the amount received on redemption may be less than the Calculation Amount and may be zero – see the examples set out at the end of this section and “*Reference Item-Linked Redemption Amount = Inflation Adjusted Redemption Amount*” and “*Reference Item-Linked Redemption Amount = Call Redemption Amount*” below for examples of how the occurrence of a Credit Event Determination Date may affect the Final Redemption Amount.

Where FX Principal Conversion is specified as Applicable in the relevant Issue Terms, the Credit Event Redemption Amount, determined as provided above, will be adjusted to reflect the change in the specified exchange rate between the specified initial FX valuation date(s) and the date falling five Business Days prior to the relevant Credit Event Redemption Date.

Examples of the calculation of the Credit Event Redemption Amount in respect of Credit-Linked Notes:

The following examples illustrates how the Final Redemption Amount may be calculated in respect of Tranch Portfolio Credit-Linked Notes:

Calculation Amount: EUR 1,000
 Number of Reference Entities: 5 (see table below)
 Attachment Point: 20%
 Detachment Point: 80%
 Unwind Costs: Zero

Reference Entity	Reference Entity Notional Amount	Scenario 1 Final Price	Scenario 2 Final Price	Scenario 3 Final Price
A	EUR 200	-	-	75%
B	EUR 200	-	-	0%
C	EUR 200	-	75%	0%
D	EUR 200	75%	25%	0%
E	EUR 200	50%	0%	0%

(a) Scenario 1 – Attachment Point not exceeded

Loss Percentage (LP) =

$$[(EUR\ 200 \times \{100\% - 75\%\}) + (EUR\ 200 \times \{100\% - 50\%\})] / [EUR\ 600 + EUR\ 400] = 15\%$$

Exposure =

$$(15\% - 20\%) / (80\% - 20\%) = -0.0833\%$$

Aggregate Portfolio Loss =

$$\text{Min [100\%; Max (0\%; -0.0833\%)]} = 0\%$$

Credit Event Redemption Amount =

$$[\text{EUR } 1,000 \times (100\% - 0\%)] - 0 = \text{EUR } 1,000$$

As the Attachment Point has not been exceeded, the Credit Event Redemption Amount is the same as the Calculation Amount.

- (b) Scenario 2 – Attachment Point exceeded but Detachment Point not exceeded.

Loss Percentage (LP) =

$$\frac{[(\text{EUR } 200 \times \{100\% - 75\%\}) + (\text{EUR } 200 \times \{100\% - 25\%\}) + (\text{EUR } 200 \times \{100\% - 0\%\})]}{[\text{EUR } 600 + \text{EUR } 400]} = 40\%$$

Exposure =

$$(40\% - 20\%) / (80\% - 20\%) = 0.3333\%$$

Aggregate Portfolio Loss =

$$\text{Min [100\%; Max (0\%; 0.3333\%)]} = 0.3333\%$$

Credit Event Redemption Amount =

$$[\text{EUR } 1,000 \times (100\% - 0.3333\%)] - 0 = \text{EUR } 666.67$$

As the Attachment Point has been exceeded and the Detachment Point has not been exceeded, the Credit Event Redemption Amount is less than the Calculation Amount.

- (c) Scenario 3 – Detachment Point exceeded

Loss Percentage (LP) =

$$\frac{[(\text{EUR } 200 \times (100\% - 75\%)) + (\text{EUR } 200 \times (100\% - 0\%) \times 4)]}{[\text{EUR } 600 + \text{EUR } 400]} = 85\%$$

Exposure =

$$(85\% - 20\%) / (80\% - 20\%) = 108.33\%$$

Aggregate Portfolio Loss =

$$\text{Min [100\%; Max (0\%; 108.33\%)]} = 100\%$$

Credit Event Redemption Amount =

$$[\text{EUR } 1,000 \times (100\% - 100\%)] - 0 = 0$$

As the Attachment Point has been exceeded and the Detachment Point has also been exceeded, the Credit Event Redemption Amount is zero and no principal is payable in respect of the Notes.

DESCRIPTION OF THE NOTES

16. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = INFLATION ADJUSTED REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Inflation Adjusted Redemption Amount”, based on the performance of an inflation index, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes will be Inflation-Linked Notes (linked to a single Inflation Index).

The Inflation Adjusted Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the Reference Item and will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than 100%) equal to the performance of the Reference Item multiplied by a participation rate. As a formula:

$$\text{RAP} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Reference Price}_t)] \times \text{OFX}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where the performance of the Reference Item is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Inflation Adjusted Redemption Amount of changes in the level of the Reference Item will be magnified. Where PR is less than 100%, the effect of changes in the level of the Reference Item will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the final exchange rate on the specified FX valuation date(s).

Where the Performance Floor is less than 100%, depending on the performance of the Reference Item, the Inflation Adjusted Redemption Amount may be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested.

The Inflation Adjusted Redemption Amount is determined by reference to the performance of the Reference Item over a certain time period, determined as the level the Reference Item in respect of a specified reference month divided by the level of the Reference Item in respect of a specified preceding reference month, expressed as a percentage.

Consequently, if the level of the Reference Item increases compared to the level of the Reference Item in respect of the specified preceding reference month, the Inflation Adjusted Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the level of the Reference Item decreases compared to the level of the Reference Item in respect of the specified preceding reference month, the Inflation Adjusted Redemption Amount may be less than the Relevant Principal Amount (depending on the Performance Floor).

Examples of the calculation of the Inflation Adjusted Redemption Amount:

The following examples illustrate how the Inflation Adjusted Redemption Amount is calculated in respect of Notes linked to a single Reference Item:

Reference Item: Inflation Index A
Calculation Amount: EUR 1,000

Redemption Factor: 100%
 Performance Floor: 100%
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1

a) The rate of inflation increases

Reference Level for the Reference Month falling 3 months prior to the maturity date	Reference Level for the Reference Month falling 15 months prior to the maturity date	Performance
4.00%	2.00%	$\frac{4.00\%}{2.00\%} = 2.00$ or 200% (expressed as a percentage)

Inflation Adjusted Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) \times (\text{Max } [100\%; (100\% \times 200\%)] \times 1) = \text{EUR } 2,000$$

As the level of the inflation index has increased, investors participate in the increase and the Inflation Adjusted Redemption Amount is greater than the Relevant Principal Amount.

b) The rate of inflation decreases

Reference Level for the Reference Month falling 3 months prior to the maturity date	Reference Level for the Reference Month falling 15 months prior to the maturity date	Performance
1.00%	2.00%	$\frac{1.00\%}{2.00\%} = 0.5$ or 50% (expressed as a percentage)

Inflation Adjusted Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) \times (\text{Max } [100\%; (100\% \times 50\%)] \times 1) = \text{EUR } 1,000$$

As the level of the inflation index has decreased but as the value of the Inflation Adjusted Redemption Amount is floored at 100% (Performance Floor is equal to 100%), investors do not participate fully in the decrease in the level of the inflation index and the Inflation Adjusted Redemption Amount is equal to the Relevant Principal Amount.

Example of the calculation of the Inflation Adjusted Redemption Amount where the Notes are also Credit-Linked Notes:

The following example illustrates how the Inflation Adjusted Redemption Amount is calculated in respect of Inflation-Linked Notes which are also Credit-Linked Notes linked to the credit of a single Reference Entity:

DESCRIPTION OF THE NOTES

Reference Item: Inflation Index A
 Calculation Amount: EUR 1,000
 Redemption Factor: 100%
 Performance Floor: 100%
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1

A Note's *pro rata* share of the Reference Entity Notional Amount: EUR 1,000
 Reference Entity Final Price: 40%
 Unwind Costs: Zero

a) A positive performance of the inflation index where a credit event determination date has occurred in respect of the Reference Entity

Reference Level for the Reference Month falling 3 months prior to the maturity date	Reference Level for the Reference Month falling 15 months prior to the maturity date	Performance
4.00%	2.00%	$\frac{4.00\%}{2.00\%} = 1.5$ or 150% (expressed as a percentage)

Relevant Principal Amount =

$$[(\text{EUR } 1,000 \times 40\%) - 0] \times 100\% \times 1 = \text{EUR } 400$$

Inflation Adjusted Redemption Amount =

$$\text{EUR } 400 \times (\text{Max } [100\%; (100\% \times 150\%)] \times 1) = \text{EUR } 600$$

As the level of the inflation index has increased, investors participate in the increase but such increase is determined by reference to the Credit Event Redemption Amount rather than the Calculation Amount multiplied by the Redemption Factor and the Inflation Adjusted Redemption Amount is therefore not greater than the Calculation Amount multiplied by the Redemption Factor.

17. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Call Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Inflation-Linked Notes (linked to an Inflation Index or a basket of Inflation Indices), Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Call Performance})] \times \text{OFX}$$

Where Call Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Call Performance is negative, the Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Call Performance, this will operate to increase the Call Redemption Amount compared to what it would have been had such floor not been applied.

Call Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all of the Reference Items (where the Notes relate to a basket of Reference Items) MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Call Performance will be positive and the Call Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Call Performance will be negative and (subject to the Performance Floor) the Call Redemption Amount may be less than the Relevant Principal Amount.

DESCRIPTION OF THE NOTES

Examples of the calculation of the Call Redemption Amount:

The following examples illustrate how the Call Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

a) A positive Call Performance

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$[(125\% \times 50\%) + (140\% \times 50\%)] - 100\% = 32.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.40$ or 140% (expressed as a percentage)	

Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 32.5\%)] \times 1) = \text{EUR } 1,325$$

As the value of the shares has increased, investors participate in the increase in value and the Call Redemption Amount is greater than the Relevant Principal Amount.

b) A negative Call Performance

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ or 80% (expressed as a percentage)	$[(80\% \times 50\%) + (95\% \times 50\%)] - 100\% = -12.5\%$
Share B: EUR 95	Share B: $\frac{\text{EUR}95}{\text{EUR}100} = 0.95$ or 95% (expressed as a percentage)	

Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -12.5\%)] \times 1) = \text{EUR } 1,000$$

The value of the shares has decreased but as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in the value of the shares and the Call Redemption Amount is equal to the Relevant Principal Amount.

Examples of the calculation of the Call Redemption Amount where the Notes are also Credit-Linked Notes:

The following examples illustrate how the Call Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items where the Notes are Equity-Linked Notes which are also Credit-Linked Notes linked to the credit of a single Reference Entity:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

DESCRIPTION OF THE NOTES

A Note's *pro rata* share of the Reference Entity Notional Amount: EUR 1,000
 Reference Entity Final Price: 40%
 Unwind Costs: Zero

a) A positive Call Performance

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$[(125\% \times 50\%) + (140\% \times 50\%)] - 100\% = 32.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.40$ or 140% (expressed as a percentage)	

Relevant Principal Amount =

$$[(\text{EUR } 1,000 \times 40\%) - 0] \times 100\% \times 1 = \text{EUR } 400$$

Call Redemption Amount =

$$\text{EUR } 400 + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 32.5\%)]) \times 1 = \text{EUR } 725$$

As the value of the shares has increased, investors participate in the increase in value. However, as a Credit Event has occurred, although the Reference Item Amount is determined by reference to the full amount of the Calculation Amount, the Relevant Principal Amount is the Credit Event Redemption Amount rather than the Calculation Amount multiplied by the Redemption Factor and the Call Redemption Amount is therefore not greater than the Calculation Amount multiplied by the Redemption Factor.

18. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = PUT REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Put Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Inflation-Linked Notes (linked to an Inflation Index or a basket of Inflation Indices), Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Put Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “**RPA**” or “**Relevant Principal Amount**” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})] \times \text{OFX}$$

Where Put Performance is multiplied by a participation rate (“**PR**”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Put Performance is negative, the Put Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Put Performance, this will operate to increase the Put Redemption Amount compared to what it would have been had such floor not been applied.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Put Performance will be positive and the Put Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Put Performance will be negative and (subject to the Performance Floor) the Put Redemption Amount may be less than the Relevant Principal Amount.

Examples of the calculation of the Put Redemption Amount:

The following examples illustrate how the Put Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

DESCRIPTION OF THE NOTES

Reference Item 1: Share A
Reference Item 2: Share B

Reference Item Initial Value:
Reference Item 1: EUR 100
Reference Item 2: EUR 100

Reference Item Weighting:
Reference Item 1: 50%
Reference Item 2: 50%

Calculation Amount: EUR 1,000
Strike: 100%
Redemption Factor: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1

a) A negative Put Performance

Final Value of Reference Items	Performance	Put Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}120}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$100\% - [(125\% \times 50\%)] + (140\% \times 50\%) = -32.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.40$ or 140% (expressed as a percentage)	

Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; 100\% \times -32.5\%] \times 1) = \text{EUR } 1,000$$

As the value of the shares has increased, the Put Performance is negative. However, as the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in the value of the shares and the Put Redemption Amount is equal to the Relevant Principal Amount.

b) A positive Put Performance

Final Value of Reference Items	Performance	Put Performance
Share A: EUR80	Share A:	

	$\frac{\text{EUR } 80}{\text{EUR } 100} = 0.80$ or 80% (expressed as a percentage)	$100\% - [(80\% \times 50\%) + (95\% \times 50\%)] = \mathbf{12.5\%}$
Share B: EUR95	Share B: $\frac{\text{EUR } 95}{\text{EUR } 100} = 0.95$ or 95% (expressed as a percentage)	

Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; 100\% \times 12.5\%] \times 1) = \text{EUR } 1,125$$

As the value of the shares has decreased, the Put Performance is positive and the Reference Item Amount is greater than zero.

19. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = CALL SPREAD REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Call Spread Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Inflation-Linked Notes (linked to an Inflation Index or a basket of Inflation Indices), Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Call Spread Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “**Relevant Principal Amount**” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max } [\text{Performance Floor}; (\text{PR} \times \text{Capped Performance})] \times \text{OFX}$$

Where Capped Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

DESCRIPTION OF THE NOTES

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Capped Performance is negative, the Call Spread Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Capped Performance, this will operate to increase the Call Spread Redemption Amount compared to what it would have been had such floor not been applied.

Capped Performance is determined as the lower of the Performance Cap (being a percentage specified in the relevant Issue Terms) and the Call Performance.

Call Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all of the Reference Items (where the Notes relate to a basket of Reference Items) MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently and subject as provided below, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Call Performance will be positive and the Call Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Call Performance will be negative and (subject to the Performance Floor) the Call Redemption Amount may be less than the Relevant Principal Amount.

Investors should note, however, that Call Performance will be subject to the Performance Cap and investors will therefore not profit from any performance which is higher than that cap.

Examples of the calculation of the Call Spread Redemption Amount:

The following examples illustrate how the Call Spread Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Calculation Amount: EUR 1,000
 Strike: 100%
 Redemption Factor: 100%
 Performance Floor: Zero
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1
 Performance Cap: 20%

a) A positive Call Performance above the Performance Cap

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$[(1.25 \times 0.5) + (1.40 \times 0.5)] - 100\% = 32.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.40$ or 140% (expressed as a percentage)	

However, as the Call Performance is subject to the Performance Cap (being 20%), Capped Performance = 20%

Call Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 20\%)] \times 1) = \text{EUR } 1,200$$

As the value of the shares has increased and the sum of the weighted performance of the shares has increased by more than the Performance Cap, investors participate in the increase in value of the Shares but only up to the Performance Cap, meaning that the Call Spread Redemption Amount is EUR 1,200 and not EUR 1,325.

b) A positive Call Performance below the Performance Cap

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 110	Share A: $\frac{\text{EUR}110}{\text{EUR}100} = 1.10$ or 110% (expressed as a percentage)	$[(110\% \times 50\%) + (115\% \times 50\%)] - 100\% = 12.5\%$

DESCRIPTION OF THE NOTES

Share B: EUR 115	Share B: $\frac{\text{EUR}115}{\text{EUR}100} = 1.15$ or 115% (expressed as a percentage)	
------------------	---	--

As Call Performance is less than the Performance Cap (being, 20%), the Capped Performance is the same as the Call Performance = 12.5%

Call Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; 100\% \times 12.5\%] \times 1) = \text{EUR } 1,125$$

As the value of the shares has increased but the sum of the weighted performance of the shares has not increased by more than the Performance Cap, investors participate fully in the increase in value of the shares and the Call Spread Redemption Amount is greater than the Relevant Principal Amount.

- c) A negative Call Performance

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ or 80% (expressed as a percentage)	$[(0.80 \times 0.5) + (0.95 \times 0.5)] - 100\% = -12.5\%$
Share B: EUR 95	Share B: $\frac{\text{EUR}95}{\text{EUR}100} = 0.95$ or 95% (expressed as a percentage)	

Call Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -12.5)] \times 1) = \text{EUR } 1,000$$

As the value of the shares has decreased, the Call Performance is negative. However, as the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in value of the shares and the Call Spread Redemption Amount is equal to the Relevant Principal Amount.

20. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = PUT SPREAD REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Put Spread Redemption Amount”, based on the economic performance of a

Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Inflation-Linked Notes (linked to an Inflation Index or a basket of Inflation Indices), Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Put Spread Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

CA x Max [Performance Floor; (PR x Capped Performance)] x OFX

Where Capped Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Capped Performance is negative, the Put Spread Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Capped Performance, this will operate to increase the Put Spread Redemption Amount compared to what it would have been had such floor not been applied.

Capped Performance is the lower of the Performance Cap (being the percentage specified in the relevant Issue Terms) and the Put Performance.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average

DESCRIPTION OF THE NOTES

value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently and subject as provided below, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Put Performance will be positive and the Put Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Put Performance will be negative and (subject to the Performance Floor) the Put Redemption Amount may be less than the Relevant Principal Amount.

Investors should note, however, that Put Performance will be subject to the Performance Cap and investors will therefore not profit from any performance which is higher than that cap.

Examples of the calculation of the Put Spread Redemption Amount:

The following examples illustrate how the Put Spread Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Cap: 20%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

a) A negative Put Performance

Final Value of Reference Items	Performance	Put Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$100\% - [(125\% \times 50\%) + (140\% \times 50\%)] = -32.5\%$

Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.40$ or 140% (expressed as a percentage)	
------------------	---	--

Put Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -32.5\%)] \times 1) = \text{EUR } 1,000$$

As the value of the shares has increased, the Put Performance is negative. However, as the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate in the full decrease in value of the shares and the Put Spread Redemption Amount is equal to the Relevant Principal Amount.

b) A positive Put Performance below the Performance Cap

Final Value of Reference Items	Performance	Put Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ or 80% (expressed as a percentage)	$100\% - [(80\% \times 50\%) + (95\% \times 50\%)] = 12.5\%$
Share B: EUR 95	Share B: $\frac{\text{EUR}95}{\text{EUR}100} = 0.95$ or 95% (expressed as a percentage)	

Put Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 12.5\%)] \times 1) = \text{EUR } 1,125$$

As the value of the shares has decreased but the sum of the weighted performances of the shares is not greater than the Performance Cap, investors participate fully in the decrease in value of the shares and the Put Spread Redemption Amount is greater than the Relevant Principal Amount.

c) A positive Put Performance above the Performance Cap

Final Value of Reference Items	Performance	Put Performance
Share A: EUR 70	Share A:	

DESCRIPTION OF THE NOTES

	$\frac{\text{EUR70}}{\text{EUR100}} = 0.70$ <p>or 70% (expressed as a percentage)</p>	$100\% - [(70\% \times 50\%) + (60\% \times 50\%)] = 35\%$
Share B: EUR 60	<p>Share B:</p> $\frac{\text{EUR60}}{\text{EUR100}} = 0.60$ <p>or 60% (expressed as a percentage)</p>	

Put Spread Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 20\%)] \times 1) = \text{EUR } 1,200$$

The value of the shares has decreased and the sum of the weighted performance of the shares is greater than the Performance Cap, investors participate in the decrease in the value of the Shares but only up to the Performance Cap, meaning that the Put Spread Redemption Amount is EUR 1,200 and not EUR 1,350.

21. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = INDIVIDUALLY CAPPED CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Individually Capped Call Redemption Amount” based on the economic performance of a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to a basket of Indices), Equity-Linked Notes (linked to a basket of Underlying Equities), Fund-Linked Notes (linked to a basket of Fund Interests), Currency-Linked Notes (linked to a basket of FX Rates) or Commodity-Linked Notes (linked to a basket of Commodities).

The Individually Capped Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Items by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Items, as a formula:

$$\text{CA} \times \text{Max } [\text{Performance Floor}; (\text{PR} \times \text{Individually Capped Performance})] \times \text{OFX}$$

Where Individually Capped Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Items will

be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Items will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Individually Capped Performance is negative, the Individually Capped Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Individually Capped Performance, this will operate to increase the Individually Capped Call Redemption Amount compared to what it would have been had such floor not been applied.

Individually Capped Performance is determined as the sum of the weighted Capped Performances of each of the Reference Items.

Capped Performance of any Reference Item is determined as the lower of the Performance Cap (being the percentage specified in the relevant Issue Terms) and the Call Performance of such Reference Item.

Call Performance of any Reference Item is determined as the performance of such Reference Item MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of a Reference Item increases compared to the relevant value of such Reference Item in respect of the specified initial valuation date(s), Call Performance for such Reference Item will be positive, subject to the cap described below, and the relevant value of the Individually Capped Call Redemption Amount will increase. Conversely, if the relevant value of a Reference Item decreases compared to the relevant value of such Reference Item in respect of the specified initial valuation date(s), Call Performance for such Reference Item will be negative and (subject to the Performance Floor) the value of Individually Capped Performance will decrease.

Investors should note, however, that the performance of each Reference Item is individually capped at a predefined level. Therefore, the Individually Capped Call Redemption Amount will be limited to a maximum amount and investors will not profit from any performance in respect of any Reference Item which is higher than the relevant cap.

Examples of the calculation of the Individually Capped Call Redemption Amount:

The following examples illustrate how the Individually Capped Call Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

DESCRIPTION OF THE NOTES

Reference Item 1: EUR 100
 Reference Item 2: EUR 100

Reference Item Weighting:
 Reference Item 1: 50%
 Reference Item 2: 50%

Reference Item Performance Cap:
 Reference Item 1: 40%
 Reference Item 2: 40%

Calculation Amount: EUR 1,000
 Strike: 100%
 Redemption Factor: 100%
 Performance Floor: Zero
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1

a) A positive Call Performance above the Performance Cap in respect of one share

Final Value of Reference Items	Performance	Call Performance of Reference Items	Capped Performance of Reference Items
Share A: EUR 170	Share A: $\frac{\text{EUR}170}{\text{EUR}100} = 1.7$ or 170% (expressed as a percentage)	$170\% - 100\% = 70\%$	$\text{Min } [40\%; 70\%] = 40\%$
Share B: EUR 130	Share B: $\frac{\text{EUR}130}{\text{EUR}100} = 1.3$ or 130% (expressed as a percentage)	$130\% - 100\% = 30\%$	$\text{Min } [40\%; 30\%] = 30\%$

As the performance of Share A is above the Performance Cap for Share A (i.e. 50%), the performance for Share A is capped at 50% but the performance of Share B is below the Performance Cap and is therefore not capped. Therefore, the Individually Capped Performance is:

$$(40\% \times 50\%) + (30\% \times 50\%) = 35\%$$

Individually Capped Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)] \times 1) = \text{EUR } 1,350$$

As the value of the shares has increased, the sum of the weighted capped performance of the shares has increased. Investors therefore participate in the increase in value of the shares but only up to the Performance Cap for each share, meaning that the Individually Capped Call Redemption Amount is EUR 1,350 and not EUR 1,500.

b) A positive Call Performance below the Performance Caps

Final Value of Reference Items	Performance	Call Performance of Reference Items	Capped Performance of Reference Items
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$125\% - 100\% = 25\%$	$\text{Min}[40\%; 25\%] = 25\%$
Share B: EUR 140	Share B: $\frac{\text{EUR}140}{\text{EUR}100} = 1.4$ or 140% (expressed as a percentage)	$140\% - 100\% = 40\%$	$\text{Min}[40\%; 40\%] = 40\%$

The performance of each of the shares is below the Performance Cap and is therefore not capped. Therefore, the Individually Capped Performance is:

$$(25\% \times 50\%) + (40\% \times 50\%) = 32.5\%$$

Individually Capped Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max}[0; (100\% \times 32.5\%)] \times 1) = \text{EUR } 1,325$$

As the value of the shares has increased, investors participate in the increase in value and the Individually Capped Call Redemption Amount is greater than the Relevant Principal Amount.

c) A negative Call Performance

Final Value of Reference Items	Performance	Call Performance of Reference Items	Capped Performance of Reference Items
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.8$ or 80% (expressed as a percentage)	$80\% - 100\% = -20\%$	$\text{Min}[40\%; -20\%] = -20\%$
Share B: EUR 95	Share B:		

DESCRIPTION OF THE NOTES

	$\frac{\text{EUR95}}{\text{EUR100}} = 0.95$ <p>or 95% (expressed as a percentage)</p>	$95\% - 100\% = -5\%$	$\text{Min [40%; -5\%]} = -5\%$
--	---	-----------------------	---------------------------------

The performance of each of the shares is below the Performance Cap and is therefore not capped. Therefore, the Individually Capped Performance is:

$$(-20\% \times 50\%) + (-5\% \times 50\%) = -12.5\%$$

Individually Capped Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max [0; (100\% \times -12.5\%)]} \times 1) = \text{EUR } 1,000$$

The value of the shares has decreased but as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in value of the shares and the Individually Capped Call Redemption Amount is equal to the Relevant Principal Amount.

22. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = FIXED BEST CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Fixed Best Call Redemption Amount” based on the economic performance of a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to a basket of Indices), Equity-Linked Notes (linked to a basket of Underlying Equities), Fund-Linked Notes (linked to a basket of Fund Interests), Currency-Linked Notes (linked to a basket of FX Rates) or Commodity-Linked Notes (linked to a basket of Commodities).

The Fixed Best Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Items by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Items, as a formula:

$$\text{CA} \times \text{Max [Performance Floor; (PR} \times \text{Fixed Best Call Performance)]} \times \text{OFX}$$

Where Fixed Best Call Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Items will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Fixed Best Call Performance is negative, the Fixed Best Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Fixed Best Call Performance, this will operate to increase the Fixed Best Call Redemption Amount compared to what it would have been had such floor not been applied.

Fixed Best Call Performance is determined as the sum of the weighted Adjusted Call Performance of each of the Reference Items.

Adjusted Call Performance means (i) in relation to each Best Performing Reference Item (being one of the relevant number of Reference Items having the highest or equal highest Call Performance of any of the Reference Items), the Fixed Performance (being the percentage specified in the relevant Issue Terms) and (ii) in relation to each Reference Item which is not a Best Performing Reference Item, the Call Performance for such Reference Item.

Call Performance of any Reference Item is determined as the performance of such Reference Item MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of a Reference Item increases compared to the relevant value of such Reference Item in respect of the specified initial valuation date(s), Call Performance for such Reference Item will be positive. Conversely, if the relevant value of a Reference Item decreases compared to the relevant value of such Reference Item in respect of the specified initial valuation date(s), Call Performance for such Reference Item will be negative.

However, as the Call Performance for a specified number of the best performing Reference Items will be replaced by a predefined fixed percentage in order to determine the Fixed Best Call Redemption Amount, (i) if any of such replaced Call Performances are less than the predefined fixed percentage, the amount of the Fixed Best Call Performance will be greater than if such adjustment had not been applied and such replacement will operate to increase the Fixed Best Call Redemption Amount or (ii) if any of such replaced Call Performances are greater than the predefined fixed percentage, the amount of the Fixed Best Call Performance will be less than if such adjustment had not been applied and such replacement will operate to decrease the Fixed Best Call Redemption Amount.

Examples of the calculation of the Fixed Best Call Redemption Amount:

The following examples illustrate how the Fixed Best Call Redemption Amount is calculated in respect of Notes linked to a basket of four equally weighted Reference Items:

Reference Items:
 Reference Item 1: Share A
 Reference Item 2: Share B
 Reference Item 3: Share C

DESCRIPTION OF THE NOTES

Reference Item 4: Share D

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item 3: EUR 100

Reference Item 4: EUR 100

Reference Item Weighting:

Reference Item 1: 25%

Reference Item 2: 25%

Reference Item 3: 25%

Reference Item 4: 25%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

Relevant number of best performing Reference Items
for which Call Performance will be replaced: 2

Fixed Performance: 20%

- a) A positive Call Performance above the Fixed Performance for one share and below the Fixed Performance for another share

Final Value of Reference Items	Performance	Call Performance	Adjusted Call Performance
Share A: EUR 140	Share A: $\frac{\text{EUR}140}{\text{EUR}100} = 1.4$ or 140% (expressed as a percentage)	$(140\% - 100\%) = 40\%$	20%
Share B: EUR 110	Share B: $\frac{\text{EUR}110}{\text{EUR}100} = 1.10$ or 110% (expressed as a percentage)	$(110\% - 100\%) = 10\%$	20%
Share C: EUR 100	Share C: $\frac{\text{EUR}100}{\text{EUR}100} = 1$	$(100\% - 100\%) = 0\%$	0%

	or 100% (expressed as a percentage)		
Share D: EUR 90	Share D: $\frac{\text{EUR90}}{\text{EUR100}} = 0.9$ or 90% (expressed as a percentage)	$(90\% - 100\%) = -10\%$	-10%

To calculate the Adjusted Call Performance: (i) as Share A is one of the two best performing Reference Items, Call Performance for Share A is effectively capped at the Fixed Performance of 20% and as Share B is the other of the two best performing Reference Items, Call Performance for Share B is increased to the Fixed Performance of 20%, and (ii) Call Performance for the other Reference Items is not adjusted, meaning the Fixed Best Call Performance is determined as follows:

$$[(20\% \times 25\%) + (20\% \times 25\%)] + [(0\% \times 25\%)] + [(-10\% \times 25\%)] = 7.5\%$$

Fixed Best Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 7.5\%)] \times 1) = \text{EUR } 1,075$$

The increase in value of the best performing shares has been capped in respect of Share A and increased in respect of Share B meaning that the Fixed Best Call Redemption Amount is EUR 1,075 instead of EUR 1,100.

b) A negative Call Performance for all the shares

Final Value of Reference Items	Performance	Call Performance	Adjusted Call Performance
Share A: EUR 95	Share A: $\frac{\text{EUR95}}{\text{EUR100}} = 0.95$ or 95% (expressed as a percentage)	Share A: $(95\% - 100\%) = -5\%$	20%
Share B: EUR 85	Share B: $\frac{\text{EUR85}}{\text{EUR100}} = 0.85$ or 85% (expressed as a percentage)	Share B: $(85\% - 100\%) = -15\%$	20%
Share C: EUR 82	Share C:	Share C	

DESCRIPTION OF THE NOTES

	$\frac{\text{EUR82}}{\text{EUR100}} = 0.82$ <p>or 82% (expressed as a percentage)</p>	$(82\% - 100\%) = -18\%$	-18%
Share D: EUR 80	<p>Share D:</p> $\frac{\text{EUR80}}{\text{EUR100}} = 0.80$ <p>or 80% (expressed as a percentage)</p>	<p>Share D:</p> $(80\% - 100\%) = -20\%$	-20%

To calculate the Adjusted Call Performance: (i) as Share A is one of the two best performing Reference Items, even though Call Performance for both Share A and Share B is negative, Call Performance for both such shares is increased to the Fixed Performance of 20%, and (ii) Call Performance for the other Reference Items is not adjusted, meaning the Fixed Best Call Performance is determined as follows:

$$(20\% \times 25\%) + (20\% \times 25\%) + (-18\% \times 25\%) + (-20\% \times 25\%) = 0.5\%$$

Fixed Best Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max} [0; (100\% \times 0.5\%)] \times 1) = \text{EUR } 1,005$$

Although the value of all the shares has decreased, the replacement of Call Performance in respect of the best performing shares means that the Fixed Best Call Redemption Amount is EUR 1,005 instead of EUR 1,000.

23. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = RAINBOW CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Rainbow Call Redemption Amount” based on the economic performance of a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to a basket of Indices), Equity-Linked Notes (linked to a basket of Underlying Equities), Fund-Linked Notes (linked to a basket of Fund Interests), Currency-Linked Notes (linked to a basket of FX Rates) or Commodity-Linked Notes (linked to a basket of Commodities).

The Rainbow Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Items by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Items, as a formula:

$$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Rainbow Call Performance})] \times \text{OFX}$$

Where Rainbow Call Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Items will be magnified. Where PR is less than 1, the effect of changes in the level of the relevant Reference Items will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Rainbow Call Performance is negative, the Rainbow Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Rainbow Call Performance, this will operate to increase the Worst of Rainbow Call Redemption Amount compared to what it would have been had such floor not been applied.

Rainbow Call Performance is sum of the weighted Call Performances of each of the Reference Items, where the weighting assigned to each such Reference Item will depend on its performance.

Call Performance of any Reference Item is determined as the performance of such Reference Item MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Predetermined weightings specified in the relevant Issue Terms are assigned to each Reference Item depending on its relative performance. Consequently, the weighting for a particular Reference Item will only be assigned once the performance has been calculated. Once the weightings have been assigned, the Rainbow Call Performance will be determined as specified above. Investors should note that, where a higher weighting is assigned to the better performing Reference Items, this will tend to increase the return on the Notes but, where a lower weighting is assigned to the better performing Reference Items, this will tend to decrease the return on the Notes.

If the relevant value of the Reference Items increases compared to the relevant value of the Reference Items in respect of the specified initial valuation date(s), Rainbow Call Performance will be positive and the Rainbow Call Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Items decreases compared to the relevant value of the Reference Items in respect of the specified initial valuation date(s), Rainbow Call Performance will be negative and (subject to the Performance Floor), the Rainbow Call Redemption Amount may be less than the Relevant Principal Amount.

DESCRIPTION OF THE NOTES

Examples of the calculation of the Rainbow Call Redemption Amount:

The following examples illustrate how the Rainbow Call Redemption Amount is calculated in respect of Notes linked to a basket of four Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item 3: Share C

Reference Item 4: Share D

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item 3: EUR 100

Reference Item 4: EUR 100

Reference Item Weighting:

Best Performing Weighting: 40%

Second Best Performing Weighting: 30%

Third Best Performing Weighting: 20%

Worst Performing Weighting: 10%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

a) A positive Rainbow Call Performance

Final Value of Reference Items	Performance	Call Performance	Adjusted Call Performance
Share A: EUR 70	Share A: $\frac{\text{EUR}70}{\text{EUR}100} = 0.70$ or 70% (expressed as a percentage)	Share A: $(70\% - 100\%) = -30\%$	Worst Performing Weighting: 10%
Share B: EUR 110	Share B: $\frac{\text{EUR}110}{\text{EUR}100} = 1.10$ or 110% (expressed as a percentage)	Share B: $(110\% - 100\%) = 10\%$	
Share C: EUR 140	Share C:	Share C:	Best Performing

	$\frac{\text{EUR140}}{\text{EUR100}} = 1.40$ or 140% (expressed as a percentage)	$(140\% - 100\%) = 40\%$	Weighting: 40%
Share D: EUR 90	Share D: $\frac{\text{EUR90}}{\text{EUR100}} = 0.90$ or 90% (expressed as a percentage)	Share D: $(90\% - 100\%) = -10\%$	Third Best Performing Weighting: 20%

As Share C is the best performing of the Reference Items, the Best Performing Weighting is assigned to it. As Share B is the second best performing Reference Item, the Second Best Performing Weighting is assigned to it. As Share D is the third best performing Reference Item, the Third Best Performing Weighting is assigned to it. As Share A is the worst performing Reference Item, the Worst Performing Weighting is assigned to it. Therefore, Rainbow Call Performance is determined as follows:

$$(40\% \times 40\%) + (10\% \times 30\%) + (-10\% \times 20\%) + (-30\% \times 10\%) = 14\%$$

Rainbow Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 14\%)] \times 1) = \text{EUR } 1,140$$

Although only two of the shares have increased in value, the effect of the assignment of the weightings is that the Rainbow Call Performance is positive and the Rainbow Call Redemption Amount is greater than the Relevant Principal Amount.

b) A negative Rainbow Call Performance

Final Value of Reference Items	Performance	Call Performance	Adjusted Call Performance
Share A: EUR 40	Share A: $\frac{\text{EUR40}}{\text{EUR100}} = 0.40$ or 40% (expressed as a percentage)	Share A: $(40\% - 100\%) = -60\%$	Worst Performing Weighting: 10%
Share B: EUR 110	Share B: $\frac{\text{EUR110}}{\text{EUR100}} = 1.1$ or 110% (expressed as a percentage)	Share B: $(110\% - 100\%) = 10\%$	Second Best Performing Weighting: 30%

DESCRIPTION OF THE NOTES

Share C: EUR 150	Share C: $\frac{\text{EUR150}}{\text{EUR100}} = 1.5$ or 150% (expressed as a percentage)	Share C: $(150\% - 100\%) = 50\%$	Best Performing Weighting: 50%
Share D: EUR 90	Share D: $\frac{\text{EUR90}}{\text{EUR100}} = 0.9$ or 90% (expressed as a percentage)	Share D: $(90\% - 100\%) = -10\%$	Third Best Performing Weighting: 20%

The weightings are assigned as set out above. Therefore, Rainbow Call Performance is determined as follows:

$$(50\% \times 40\%) + (10\% \times 30\%) + (-10\% \times 20\%) + (-60\% \times 10\%) = 15\%$$

Rainbow Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 15\%)] \times 1) = \text{EUR } 1,150$$

Although only two of the shares have increased in value, the effect of the assignment of the weightings is that the Rainbow Call Performance is positive and the Rainbow Call Redemption Amount is greater than the Relevant Principal Amount.

24. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = QUADRATIC CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Quadratic Call Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items (other than Reference Items which are Reference Entities), such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Quadratic Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Quadratic Call Performance})] \times \text{OFX}$$

Where Quadratic Call Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Quadratic Call Performance is negative, the Quadratic Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Quadratic Call Performance, this will operate to increase the Quadratic Call Redemption Amount compared to what it would have been had such floor not been applied.

Quadratic Call Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest value (as specified in the relevant Issue Terms) divided by the value or the average value of the relevant Reference Item in respect of specified final valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Quadratic Call Performance will be positive and the Quadratic Call Redemption Amount will be greater than the Relevant Principal Amount (although investors should note that the performance of the Reference Item(s) will not affect the amount of the Reference Item Amount in a linear manner). Conversely, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Quadratic Call Performance will be negative and (subject to the Performance Floor) the Quadratic Call Redemption Amount may be less than the Relevant Principal Amount.

Examples of the calculation of the Quadratic Call Redemption Amount:

The following examples illustrate how the Quadratic Call Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

DESCRIPTION OF THE NOTES

Reference Item 1: EUR 100
Reference Item 2: EUR 100

Reference Item Weighting:
Reference Item 1: 50%
Reference Item 2: 50%

Calculation Amount: EUR 1,000
Strike: 100%
Redemption Factor: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1

a) A positive Quadratic Call Performance

Final Value of Reference Items	Performance	Quadratic Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR } 100}{\text{EUR } 125} = 0.8$ Or 80% (expressed as a percentage)	$100\% - \left[\begin{array}{l} (80\% \times 50\%) \\ + (71\% \times 50\%) \end{array} \right]$ = 24.5%
Share B: EUR 140	Share B: $\frac{\text{EUR } 100}{\text{EUR } 140} = 0.71$ Or 71% (expressed as a percentage)	

Quadratic Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 24.5\%)] \times 1) = \text{EUR } 1,245$$

As the value of the shares has increased, investors participate in the increase in value and the Quadratic Call Redemption Amount is greater than the Relevant Principal Amount.

b) A negative Quadratic Call Performance

Final Value of Reference Items	Performance	Quadratic Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR } 100}{\text{EUR } 80} = 1.25$ or 125% (expressed as a percentage)	$100\% - \left[\begin{array}{l} (125\% \times 50\%) \\ + (105\% \times 50\%) \end{array} \right]$ = - 15%

Share B: EUR 95	Share B: $\frac{\text{EUR } 100}{\text{EUR } 95} = 1.05$ or 105% (expressed as a percentage)	
-----------------	---	--

Quadratic Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max}[0; (100\% \times -15\%)] \times 1) = \text{EUR } 1,000$$

The value of the shares has decreased but as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in the value of the shares and the Quadratic Call Redemption Amount is equal to the Relevant Principal Amount.

25. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = QUADRATIC PUT REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Quadratic Put Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items (other than Reference Items which are Reference Entities), such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Quadratic Put Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max}[\text{Performance Floor}; (\text{PR} \times \text{Quadratic Put Performance})] \times \text{OFX}$$

Where Quadratic Put Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

DESCRIPTION OF THE NOTES

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Quadratic Put Performance is negative, the Quadratic Put Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Quadratic Put Performance, this will operate to increase the Quadratic Put Redemption Amount compared to what it would have been had such floor not been applied.

Quadratic Put Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items) MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s) divided by the value or the average value or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest value or lowest (as specified in the relevant Issue Terms) of the relevant Reference Item in respect of specified final valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Quadratic Put Performance will be positive and the Quadratic Put Redemption Amount will be greater than the Relevant Principal Amount (although investors should note that the performance of the Reference Item(s) will not affect the amount of the Reference Item Amount in a linear manner). Conversely, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), Quadratic Put Performance will be negative and (subject to the Performance Floor) the Quadratic Put Redemption Amount may be less than the Relevant Principal Amount.

Examples of the calculation of the Quadratic Put Redemption Amount:

The following examples illustrate how the Quadratic Put Redemption Amount is calculated in respect of Notes linked to a basket of two equally weighted Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1

a) A negative Quadratic Put Performance

Final Value of Reference Items	Performance	Quadratic Put Performance
Share A: EUR 125	Share A: $\frac{\text{EUR } 100}{\text{EUR } 125} = 0.8$ or 80% (expressed as a percentage)	$\left[\begin{array}{l} (80\% \times 50\%) \\ + (71\% \times 50\%) \end{array} \right] - 100\%$ $= -24.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR } 100}{\text{EUR } 140} = 0.71$ or 71% (expressed as a percentage)	

Quadratic Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max}[0; (100\% \times -24.5\%)]) \times 1 = \text{EUR } 1,000$$

As the value of the shares has increased, Quadratic Put Performance is negative. However, as the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors are not fully exposed to the increase in the value of the shares and the Quadratic Call Redemption Amount is equal to the Relevant Principal Amount.

b) A positive Quadratic Put Performance

Final Value of Reference Items	Performance	Quadratic Put Performance
Share A: EUR 80	Share A: $\frac{\text{EUR } 100}{\text{EUR } 80} = 1.25$ or 125% (expressed as a percentage)	$\left[\begin{array}{l} (125\% \times 50\%) \\ + (105\% \times 50\%) \end{array} \right] - 100\%$ $= 15\%$
Share B: EUR 95	Share B: $\frac{\text{EUR } 100}{\text{EUR } 95} = 1.05$ or 105% (expressed as a percentage)	

DESCRIPTION OF THE NOTES

Quadratic Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max}[0; (100\% \times 15\%)] \times 1) = \text{EUR } 1,150$$

As the value of the shares has decreased, the Quadratic Put Performance is positive and the Reference Item Amount is greater than zero.

26. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = OUTPERFORMANCE REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Outperformance Redemption Amount”, based on the economic performance of two different Reference Items or baskets of Reference Items (“**Outperformance Element 1**” and “**Outperformance Element 2**”), such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Outperformance Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “**Relevant Principal Amount**” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max}[\text{Performance Floor}; (\text{PR} \times \text{Outperformance})] \times \text{OFX}$$

Where Outperformance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Outperformance is negative, the Outperformance Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Outperformance, this will operate to increase the Outperformance Redemption Amount compared to what it would have been had such floor not been applied.

Outperformance is determined as the difference between (a) either (i) the performance of the Reference Item (where the relevant element comprises a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the relevant element comprises a basket of Reference Items) comprising Outperformance Element 1 AND (b) either (i) the performance of the Reference Item (where the relevant element comprises a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the relevant element comprises a basket of Reference Items) comprising Outperformance Element 2.

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) comprising Outperformance Element 1 increases compared to the relevant value of such Reference Item(s) in respect of the specified initial valuation date(s) more than the value of the Reference Item(s) comprising Outperformance Element 2 increases compared to the relevant value of such Reference Item(s) in respect of the specified initial valuation date(s), Outperformance will be positive and the Outperformance Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if the relevant value of the Reference Item(s) decreases compared to the value of the Reference Item(s) in respect of the specified initial valuation date(s), Outperformance will be negative and (subject to the Performance Floor) the Outperformance Redemption Amount may be less than the Relevant Principal Amount.

	Outperformance Element 1	Outperformance Element 2
Reference Item:	Share A	Share B
Reference Item Initial Value:	EUR 100	EUR 100

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

a) A positive Outperformance

Final Value of Reference Items	Performance	Outperformance
Share A: EUR 140	Share A: $\frac{\text{EUR } 140}{\text{EUR } 100} = 1.4$	$[140\% - 125\%]$ = 15%

DESCRIPTION OF THE NOTES

	or 140% (expressed as a percentage)	
Share B: EUR 125	Share B: $\frac{\text{EUR 125}}{\text{EUR 100}} = 1.25$ or 125% (expressed as a percentage)	

Outperformance Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 15\%)] \times 1) = \text{EUR } 1,150$$

As the value of the share comprising Outperformance Element 1 has increased more than the value of the share comprising Outperformance Element 2, investors participate in the difference in the increase in value and the Outperformance Redemption Amount is greater than the Relevant Principal Amount.

b) A negative Outperformance

Final Value of Reference Items	Performance	Outperformance
Share A: EUR 80	Share A: $\frac{\text{EUR } 80}{\text{EUR } 100} = 0.8 \text{ or } 80\%$ (expressed as a percentage)	[80% - 125%] = - 45%
Share B: EUR 125	Share B: $\frac{\text{EUR } 125}{\text{EUR } 100} = 1.25 \text{ or } 125\%$ (expressed as a percentage)	

Outperformance Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -45\%)] \times 1) = \text{EUR } 1,000$$

The value of the share comprising Outperformance Element 1 has decreased and the value of the share comprising Outperformance Element 2 has increased so the performance of the Outperformance Element 1 is less than the performance of Outperformance Element 2 and Outperformance is negative. However, as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in the value of the shares and the Outperformance Redemption Amount is equal to the Relevant Principal Amount.

27. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = REPLACEMENT CLIQUET REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Replacement Cliquet Redemption Amount”, based on the economic

performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Replacement Cliquet Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

Where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Replacement Cliquet Performance})] \times \text{OFX}$$

Where Replacement Cliquet Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Replacement Cliquet Performance is negative, the Replacement Cliquet Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Replacement Cliquet Performance, this will operate to increase the Replacement Cliquet Redemption Amount compared to what it would have been had such floor not been applied.

Replacement Cliquet Performance is determined as (i) the higher of (a) the periodic performance floor (being the percentage specified in the relevant Issue Terms) and (b) the product of the Adjusted Periodic Performances for each of the specified periodic valuation dates, MINUS (ii) the Strike (being the percentage specified in the relevant Issue Terms).

Adjusted Periodic Performance means (i) in relation to each Highest Performance Periodic Valuation Date (being a specified periodic valuation date for which the relevant periodic performance is one of the relevant number of highest or equal highest relevant periodic performances), the Replacement Periodic Performance (being the percentage specified in the relevant Issue Terms) and (ii) in relation to each of the specified periodic valuation dates which is not a Highest Performance Periodic Valuation Date, the relevant periodic performance for such periodic valuation date.

DESCRIPTION OF THE NOTES

Relevant periodic performance is determined as the periodic performance of the Reference Item (where the Notes relate to a single Reference Item) or the sum of the weighted periodic performances of each of the Reference Items (where the Notes relate to a basket of Reference Items).

The periodic performance of any Reference Item for a specified periodic valuation date is determined as the value of the relevant Reference Item in respect of the relevant specified periodic valuation date divided by the value of the relevant Reference Item in respect of the periodic valuation date immediately preceding such specified periodic valuation date or, if none, the specified initial valuation date(s), expressed as a percentage.

Consequently but subject as provided below, if the value of a Reference Item increases compared to the value of such Reference Item in respect of the immediately preceding specified periodic (or initial) valuation date, the periodic performance for such periodic valuation date will operate to increase the Replacement Cliquet Performance. Conversely, if the value of a Reference Item decreases compared to the value of such Reference Item in respect of the immediately preceding specified periodic (or initial) valuation date, the periodic performance for such specified periodic valuation date will operate to decrease the Replacement Cliquet Performance.

However, as a specified number of highest or equal highest relevant periodic performances are replaced by a predefined fixed percentage in order to determine the Replacement Cliquet Redemption Amount, (i) if any of such replaced relevant periodic performances are less than the predefined fixed percentage, the amount of the Replacement Cliquet Performance will be greater than if such adjustment had not been applied and will operate to increase the Replacement Cliquet Redemption Amount or (ii) if any of such replaced relevant periodic performances are greater than the predefined fixed percentage, the amount of the Replacement Cliquet Performance will be less than if such adjustment had not been applied and will operate to decrease the Replacement Cliquet Redemption Amount.

Example of the calculation of the Replacement Cliquet Redemption Amount:

The following example illustrates how the Replacement Cliquet Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Index A
Reference Item Initial Value: 100

Calculation Amount: EUR 1,000
Strike: 100%
Redemption Factor: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1

Replacement Periodic Performance: 103%
Relevant number of periodic valuation dates
for which relevant periodic performance will be replaced: 2
PP Floor: Zero
Periodic valuation dates: Monthly

Periodic valuation date	Value of Reference Item for periodic valuation date	Periodic performance	Is a replacement made?	Adjusted Periodic Performance
--------------------------------	--	-----------------------------	-------------------------------	--------------------------------------

Periodic valuation date	Value of Reference Item for periodic valuation date	Periodic performance	Is a replacement made?	Adjusted Periodic Performance
Month 1	104	104%	NO	104.000%
Month 2	105	100.9615%	NO	100.962%
Month 3	102	97.1429%	NO	97.143%
Month 4	110	107.8431%	YES	103.000%
Month 5	107	97.2727%	NO	97.273%
Month 6	109	101.8692%	NO	101.869%
Month 7	115	105.5046%	YES	103.000%
Month 8	111	96.5217%	NO	96.522%
Month 9	116	104.5045%	NO	104.505%
Month 10	119	102.5862%	NO	102.586%
Month 11	117	98.3193%	NO	98.319%
Month 12	110	94.0171%	NO	94.017%

Therefore, the Replacement Cliquet Performance will be determined by reference to the following:

$$\text{Max [0; (104.000\% \times 100.962\% \times 97.143\% \times 103.000\% \times 97.272\% \times 101.869\% \times 103.000\% \times 96.522\% \times 104.505\% \times 102.586\% \times 98.319\% \times 94.017\%)] - 1}$$

Being:

$$\text{Max [0; 102.566\%] - 1 = 2.566\%}$$

Replacement Cliquet Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max [0; (100\% \times 2.566\%)]} \times 1) = \text{EUR } 1,025.66$$

The increase in value of the Reference Item has been capped in respect of two of the periodic valuation dates meaning that the Replacement Cliquet Redemption Amount is lower than it would have been had such cap not been applied.

28. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = LOCK-IN CLIQUET REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the "Lock-in Cliquet Redemption Amount", based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final

DESCRIPTION OF THE NOTES

Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Lock-in Cliquet Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Lock-in Cliquet Performance})] \times \text{OFX}$$

Where Lock-in Cliquet Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Lock-in Cliquet Performance is negative, the Lock-in Cliquet Redemption Amount will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Lock-in Cliquet Performance, this will operate to increase the Lock-in Cliquet Redemption Amount compared to what it would have been had such floor not been applied.

Lock-in Cliquet Performance is determined as the greater of (i) the product of the relevant periodic performances for each of the specified periodic valuation dates (subject as provided below); and (ii) the Lock-in Floor, MINUS the Strike (being the percentage specified in the relevant Issue Terms).

Lock-in Floor is determined as the higher of (i) zero and (ii) the highest Lock-in Level (if any) which is equal to or next lowest to the highest Relevant Cumulative Performance. The Lock-in Level is each percentage (if any) specified in the relevant Issue Terms.

Relevant periodic performance is determined as the periodic performance of the Reference Item (where the Notes relate to a single Reference Item) or the sum of the weighted periodic performances of each of the Reference Items (where the Notes relate to a basket of Reference Items). Where a periodic performance cap (PP Cap) and/or periodic performance floor (PP Floor) are specified in the relevant Issue Terms, each relevant periodic performance will be capped at the performance cap and/or floored at the performance floor.

The periodic performance of any Reference Item for a specified periodic valuation date is determined as the value of the relevant Reference Item in respect of the relevant specified periodic valuation date divided by the value of the relevant Reference Item in respect of the periodic valuation date immediately preceding such specified periodic valuation date or, if none, the specified initial valuation date(s), expressed as a percentage.

Relevant Cumulative Performance is determined as the cumulative performance of the Reference Item (where the Notes relate to a single Reference Item) or the sum of the weighted cumulative performances of each of the Reference Items (where the Notes relate to a basket of Reference Items).

The cumulative performance of any Reference Item for a specified periodic valuation date is determined as the value of the relevant Reference Item in respect of the relevant specified periodic valuation date divided by the value of the relevant Reference Item in respect of the specified initial valuation date(s), expressed as a percentage.

Consequently and subject as provided below, if the value of a Reference Item increases compared to the value of such Reference Item in respect of the immediately preceding specified periodic (or initial) valuation date, the periodic performance for such periodic valuation date will operate to increase the Lock-in Cliquet Performance. Conversely, if the value of a Reference Item decreases compared to the value of such Reference Item in respect of the immediately preceding specified periodic (or initial) valuation date, the periodic performance for such specified periodic valuation date will operate to decrease the Lock-in Cliquet Performance.

However, in the event that any periodic performance is capped at the predefined fixed percentage (the PP Cap), the amount of the Lock-in Cliquet Performance will be less than if such cap had not been applied and will operate to decrease the Lock-in Cliquet Redemption Amount compared to what it would have been had such cap not been applied. Equally, in the event that any periodic performance is floored at the predefined fixed percentage (the PP Floor), the amount of the Lock-in Cliquet Performance will be greater than if such floor had not been applied and will operate to increase the Lock-in Cliquet Redemption Amount compared to what it would have been had such floor not been applied.

In addition, where one or more Lock-in Levels are specified in the relevant Issue Terms, the Lock-in Cliquet Performance will be floored at the highest cumulative performance which may operate to increase the Lock-in Cliquet Redemption Amount compared to what it would have been had such floor not been applied.

Examples of the calculation of the Lock-in Cliquet Redemption Amount:

The following examples illustrate how the Lock-in Cliquet Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Index A
Reference Item Initial Value: 100

Calculation Amount: EUR 1,000
Strike: 100%
Redemption Factor: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1
Periodic valuation dates: Monthly

DESCRIPTION OF THE NOTES

- a) A Lock-in Cliquet Redemption Amount determined where a PP Cap and a PP Floor are not applied:

PP Cap: Not Applicable

PP Floor: Not Applicable

Lock-in Levels: 103%, 106% and 109%

Periodic valuation date	Value of Reference Item for periodic valuation date	Periodic performance	Cumulative Performance	Is performance locked?	Locked performance
Month 1	104	104%	104%	YES	103%
Month 2	105	100.9615%	105%	NO	103%
Month 3	106	100.9524%	106%	YES	106%
Month 4	105	99.0566%	105%	NO	106%
Month 5	107	101.9048%	107%	NO	106%
Month 6	109	101.8692%	109%	YES	109%
Month 7	115	105.5046%	115%	NO	109%
Month 8	111	96.5217%	111%	NO	109%
Month 9	116	104.5045%	116%	NO	109%
Month 10	119	102.5862%	119%	NO	109%
Month 11	105	88.2353%	105%	NO	109%
Month 12	103	98.0952%	103%	NO	109%

Therefore, the Lock-in Floor is 109% and the Lock-in Cliquet Performance will be determined by reference to the following:

$$\text{Max}[109\%; (104\% \times 100.9615\% \times 100.9524\% \times 99.0566\% \times 101.9048\% \times 101.8692\% \times 105.5046\% \times 96.5217\% \times 104.5045\% \times 102.5862\% \times 88.2353\% \times 98.0952\%)] - 1$$

Being:

$$\text{Max} [109\%; 103\%] - 1 = 9\%$$

Capped/Floored or Lock-in Cliquet Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max} [0; (100\% \times 9\%)] \times 1) = \text{EUR } 1,090$$

DESCRIPTION OF THE NOTES

The cumulative increase in performance of the Reference Item has been reflected in the Lock-in Floor meaning that the Lock-in Cliquet Redemption Amount is higher than it would have been had such floor not been applied.

b) A Lock-in Cliquet Redemption Amount determined where a Lock-in Floor is not applied:

PP Cap: 103%

PP Floor: 92%

Lock-in Floor: Not Applicable

Periodic valuation date	Value of Reference Item for periodic valuation date	Periodic performance	Capped/floored periodic performance
Month 1	104	104%	103.000%
Month 2	105	100.9615%	100.962%
Month 3	102	97.1429%	97.143%
Month 4	110	107.8431%	103.000%
Month 5	107	97.2727%	97.273%
Month 6	109	101.8692%	101.869%
Month 7	115	105.5046%	103.000%
Month 8	111	96.5217%	96.522%
Month 9	116	104.5045%	103.000%
Month 10	119	102.5862%	102.586%
Month 11	117	98.3193%	98.319%
Month 12	110	94.0171%	103.000%

Therefore, the Lock-in Cliquet Performance will be determined by reference to the following:

$$(103.000\% \times 100.962\% \times 97.143\% \times 103.000\% \times 97.273\% \times 101.869\% \times 103.000\% \times 96.522\% \times 103.000\% \times 102.586\% \times 98.319\% \times 103.000\%) - 1$$

Being:

$$109.683\% - 1 = 9.693\%$$

DESCRIPTION OF THE NOTES

Capped/Floored or Lock-in Cliquet Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max} [0; (100\% \times 9.683\%)] \times 1) = \text{EUR } 1,096.83$$

The periodic performance of the Reference Item has been capped in respect of four of the periodic valuation dates but has not been floored for any of such dates meaning that the Replacement Cliquet Redemption Amount is lower than it would have been had such cap not been applied.

29. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = SUPER ASIAN REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Super Asian Redemption Amount”, based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Super Asian Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Super Asian Performance})] \times \text{OFX}$$

Where Super Asian Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if Super Asian Performance is negative, the Super Asian Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Super Asian Performance, this will operate to increase the Super Asian Redemption Amount compared to what it would have been had such floor not been applied.

DESCRIPTION OF THE NOTES

Super Asian Performance is determined as the average of the relevant performances for each of the periodic valuation dates MINUS the Strike (being the percentage specified in the relevant Issue Terms).

Relevant performance is determined as the RI Super Asian Performance of the Reference Item (where the Notes relate to a single Reference Item) or the sum of the weighted RI Super Asian Performances of each of the Reference Items (where the Notes relate to a basket of Reference Items) for a periodic valuation date.

RI Super Asian Performance for a periodic valuation date is determined as (i) the greater of (a) the value of the relevant Reference Item for such periodic valuation date and (b) the highest value of such Reference Item for any periodic valuation date preceding such periodic valuation date (or, if none, zero) divided by (ii) the value or average value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Therefore, the RI Super Asian Performance operates to floor the performance of a Reference Item for a periodic valuation date at the highest performance of such Reference Item for any preceding periodic valuation date.

Consequently, RI Super Asian Performance for any periodic valuation date will never be lower than the RI Super Asian Performance for any preceding periodic valuation date and, if the value of the Reference Item for any periodic valuation date decreases compared to the value of such Reference Item in respect of any preceding periodic valuation date, the effect of such floor will be to increase the Super Asian Redemption Amount. If, however, the value of the Reference Item increases compared to the value of such Reference Item for the preceding periodic valuation dates, the Super Asian Redemption Amount will not be affected.

Example of the calculation of the Super Asian Redemption Amount:

The following example illustrates how the Super Asian Redemption Amount is calculated in respect of Notes linked to one Reference Item:

- Reference Item: Index A
- Reference Item Initial Value: 100

- Calculation Amount: EUR 1,000
- Strike: 100%
- Redemption Factor: 100%
- Performance Floor: Zero
- Participation Rate (PR): 100%
- FX Principal Conversion: Not Applicable: PFX = 1
- FX Option Conversion: Not Applicable: OFX = 1
- Periodic valuation dates: Monthly

Periodic valuation date	Value of Reference Item for periodic valuation date	Highest value for any preceding periodic valuation date	RI Super Asian Performance
Month 1	104	104	$\frac{\text{EUR}104}{\text{EUR}100} = 1.04$ or 104% (expressed as a percentage)

DESCRIPTION OF THE NOTES

Periodic valuation date	Value of Reference Item for periodic valuation date	Highest value for any preceding periodic valuation date	RI Super Asian Performance
Month 2	105	105	$\frac{\text{EUR105}}{\text{EUR100}} = 1.05$ or 105% (expressed as a percentage)
Month 3	102	105	$\frac{\text{EUR105}}{\text{EUR100}} = 1.05$ 105% (expressed as a percentage)
Month 4	110	110	$\frac{\text{EUR110}}{\text{EUR100}} = 1.10$ 110% (expressed as a percentage)
Month 5	107	110	$\frac{\text{EUR110}}{\text{EUR100}} = 1.10$ 110% (expressed as a percentage)
Month 6	109	110	$\frac{\text{EUR110}}{\text{EUR100}} = 1.10$ 110% (expressed as a percentage)
Month 7	115	115	$\frac{\text{EUR115}}{\text{EUR100}} = 1.15$ or 115% (expressed as a percentage)
Month 8	111	115	$\frac{\text{EUR115}}{\text{EUR100}} = 1.15$ or 115% (expressed as a percentage)
Month 9	116	116	$\frac{\text{EUR116}}{\text{EUR100}} = 1.16$ or 116% (expressed as a percentage)
Month 10	119	119	$\frac{\text{EUR119}}{\text{EUR100}} = 1.19$ or 119% (expressed as a percentage)
Month 11	117	119	$\frac{\text{EUR119}}{\text{EUR100}} = 1.19$ 119% (expressed as a percentage)

Periodic valuation date	Value of Reference Item for periodic valuation date	Highest value for any preceding periodic valuation date	RI Super Asian Performance
Month 12	110	119	$\frac{\text{EUR}119}{\text{EUR}100} = 1.19$ or 119% (expressed as a percentage)

Therefore, the Super Asian Performance will be determined by reference to the following:

$$[(104\% + 105\% + 105\% + 110\% + 110\% + 110\% + 115\% + 115\% + 116\% + 119\% + 119\% + 119\%) \div 12] - 100\% =$$

Being:

$$(1,347\% \div 12) - 100\% = 12.25\%$$

Super Asian Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 12.25\%)]) \times 1 = \text{EUR } 1,122.50$$

The value of the Reference Item has effectively been increased in respect of six of the periodic valuation dates meaning that the Replacement Super Asian Redemption Amount is greater than it would have been had such floor not been applied.

30. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = KNOCK-IN CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Knock-in Call Redemption Amount” based on the path of the economic performance of a Reference Item, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index), Equity-Linked Notes (linked to an Underlying Equity), Fund-Linked Notes (linked to a Fund Interest) or Commodity-Linked Notes (linked to a Commodity).

The Knock-in Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item by reference to the following formula:

RPA + Reference Item Amount

Where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item, as a formula:

DESCRIPTION OF THE NOTES

$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Call Performance})] \times \text{OFX}$

If a Barrier Event has not occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, at any time or, in respect of a fund interest, for any relevant day during a specified observation period, been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, on any Bermudan Observation Date (as specified in the relevant Issue Terms) been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

A European Barrier Event will occur where the average level, price, rate or value of the Reference Item has, on the specified final averaging or valuation date(s) (in each case, as specified in the relevant Issue Terms), been greater than or equal to the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

If Call Performance is multiplied by a participation rate (“**PR**”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the Reference Item will be magnified. Where PR is less than 100%, the effect of changes in the level of the Reference Item will be reduced.

In addition, if the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if a Barrier Event has occurred and Call Performance is negative, the Knock-in Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Call Performance, this will operate to increase the Knock-in Call Redemption Amount compared to what it would have been had such floor not been applied.

Call Performance is determined as the performance of the Reference Item MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) (the “**Final Value**”) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s) (the “**Initial Value**”), expressed as a percentage.

Consequently, if a Barrier Event occurs and the Final Value of the Reference Item increases compared to the Initial Value, Call Performance will be positive and the Knock-in Call Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if a Barrier Event occurs and the Final Value of the Reference Item decreases compared to the Initial Value, Call Performance will be negative and (subject to the Performance Floor) the Knock-in Call Redemption Amount may be less than the Relevant

Principal Amount. If a Barrier Event does not occur, the Reference Item Amount will be zero and an investor will only receive the Relevant Principal Amount at maturity.

Examples of the calculation of the Knock-in Call Redemption Amount:

The following examples illustrate how the Knock-in Call Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A

Reference Item Initial Value: EUR 100

Calculation Amount: EUR 1,000

Strike: 100%

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

Barrier Level: EUR 150

a) A Barrier Event has occurred and there is a positive Call Performance

Maximum observation price: EUR 180

Final Value of Reference Item	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$125\% - 100\% = 25\%$

Knock-in Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max}[0; (100\% \times 25\%)] \times 1) = \text{EUR } 1,250$$

As the maximum observation price exceeded the Barrier Level of EUR 150 and the value of the shares has increased, a Barrier Event occurred and investors participate in the increase in the value of the Reference Item. The Knock-in Call Redemption Amount is greater than the Relevant Principal Amount.

b) A Barrier Event has not occurred and there is positive Call Performance

Maximum observation price: EUR 140

Final Value of Reference Item	Performance	Call Performance
Share A: EUR 125	Share A:	N/A as no Barrier Event has

DESCRIPTION OF THE NOTES

	$\frac{\text{EUR}125}{\text{EUR}100} = 1.2$ <p>or 125% (expressed as a percentage)</p>	occurred, the Reference Item Amount is zero
--	--	---

Knock-in Call Redemption Amount = (EUR 1,000 × 100% × 1) + 0 = EUR 1,000

As the maximum observation price did not exceed the Barrier Level of EUR 150, no Barrier Event occurred. Consequently, although the value of the shares has increased, the Reference Item Amount is zero. The Knock-in Call Redemption Amount is therefore equal to the Relevant Principal Amount.

- c) A Barrier Event has occurred and there is a negative Call Performance

Maximum observation price: EUR 180

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ <p>or 80% (expressed as a percentage)</p>	80% - 100% = -20%

Knock-in Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -20\%)] \times 1) = \text{EUR } 1,000$$

As the maximum observation price exceeded the Barrier Level of EUR 150, a Barrier Event occurred. However, the value of the shares has decreased and, as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in value of the shares and the Knock-in Call Redemption Amount is equal to the Relevant Principal Amount.

- d) A Barrier Event has not occurred and there is a negative Call Performance

Maximum Observation Price: EUR 140

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ <p>or 80% (expressed as a percentage)</p>	80% - 100% = -20%

Knock-in Call Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + 0 = EUR\ 1,000$$

As the maximum observation price did not exceed the Barrier Level of EUR 150, no Barrier Event occurred. Consequently, the Reference Item Amount is zero. The Knock-in Call Redemption Amount is therefore equal to the Relevant Principal Amount, irrespective of the fact that the value of the shares has decreased.

31. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = KNOCK-OUT CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Knock-out Call Redemption Amount”, based on the path of the economic performance of a Reference Item such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index), Equity-Linked Notes (linked to an Underlying Equity), Fund-Linked Notes (linked to a Fund Interest) or Commodity-Linked Notes (linked to a Commodity).

The Knock-out Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item by reference to the following formula:

$$RPA + \text{Reference Item Amount}$$

where “RPA” or “**Relevant Principal Amount**” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has not occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item, as a formula:

$$CA \times \text{Max}[\text{Performance Floor}; (\text{PR} \times \text{Call Performance})] \times \text{OFX}$$

If a Barrier Event has occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, at any time or, in respect of a fund interest, for any relevant day during a specified observation period, been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, on any Bermudan Observation Date (as specified in the relevant Issue Terms) been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

DESCRIPTION OF THE NOTES

A European Barrier Event will occur where the average level, price, rate or value of the Reference Item has, on the specified final averaging or valuation date(s) (in each case, as specified in the relevant Issue Terms), been greater than or equal to the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

If Call Performance is multiplied by a participation rate (“**PR**”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the Reference Item will be magnified. Where PR is less than 100%, the effect of changes in the level of the Reference Item will be reduced.

In addition, if the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if a Barrier Event has not occurred and Call Performance is negative, the Knock-out Call Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Call Performance, this will operate to increase the Knock-out Call Redemption Amount compared to what it would have been had such floor not been applied.

Call Performance is determined as the performance of the Reference Item MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) (the “**Final Value**”) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s) (the “**Initial Value**”), expressed as a percentage.

Consequently, if a Barrier Event does not occur and the Final Value of the Reference Item increases compared to the Initial Value, Call Performance will be positive and the Knock-out Call Redemption Amount will be greater than the Relevant Principal Amount. Conversely, if a Barrier Event does not occur and the Final Value of the Reference Item decreases compared to the Initial Value, Call Performance will be negative and (subject to the Performance Floor) the Knock-out Call Redemption Amount may be less than the Relevant Principal Amount. If a Barrier Event occurs, the Reference Item Amount will be zero and an investor will only receive the Relevant Principal Amount at maturity.

Examples of the calculation of the Knock-out Call Redemption Amount:

The following examples illustrate how the Knock-out Call Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
Strike: 100%
Redemption Factor: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1
Barrier Level: EUR 150

- a) A Barrier Event has not occurred and there is a positive Call Performance

Maximum Observation Price: EUR 140

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$125\% - 100\% = 25\%$

Knock-out Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 25\%)] \times 1) = \text{EUR } 1,250$$

As the maximum observation price did not exceed the Barrier Level of EUR 150 and the value of the share has increased, no Barrier Event occurred and investors participate in the increase in the value of the Reference Item. The Knock-out Call Redemption Amount is greater than the Relevant Principal Amount.

- b) A Barrier Event has occurred and there is a positive Call Performance

Maximum Observation Price: EUR 180

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	N/A as Barrier Event has occurred, the Reference Item Amount is zero

Knock-out Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + 0 = \text{EUR } 1,000$$

As the maximum observation price exceeded the Barrier Level of EUR 150, a Barrier Event has occurred. Consequently, although the value of the shares has increased, the Reference Item Amount is zero. The Knock-in Call Redemption Amount is therefore equal to the Relevant Principal Amount.

- c) A Barrier Event has not occurred and there is a negative Call Performance

Maximum Observation Price: EUR 140

Final Value of Reference Items	Performance	Call Performance
--------------------------------	-------------	------------------

DESCRIPTION OF THE NOTES

Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ or 80% (expressed as a percentage)	80% - 100% = -20%
-----------------	---	-------------------

Knock-out Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times -20\%)] \times 1) = \text{EUR } 1,000$$

As the maximum observation price did not exceed the Barrier Level of EUR 150, no Barrier Event has occurred. However, the value of the shares has decreased and, as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the decrease in value of the shares and the Knock-out Call Redemption Amount is equal to the Relevant Principal Amount.

d) A Barrier Event has occurred and there is a negative Call Performance

Maximum Observation Price: EUR 180

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.80$ or 80% (expressed as a percentage)	N/A as Barrier Event has occurred, the Reference Item Amount is zero

Knock-out Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + 0 = \text{EUR } 1,000$$

As the Maximum Observation Price exceeded the Barrier Level of EUR 150, a Barrier Event has occurred. Consequently, the Reference Item Amount is zero. The Knock-out Call Redemption Amount is therefore equal to the Relevant Principal Amount, irrespective of the fact that the value of the shares has decreased.

32. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = DIGITAL KNOCK-IN CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Digital Knock-in Call Redemption Amount” based on the path of the economic performance of a Reference Item, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index), Equity-Linked Notes (linked to an Underlying Equity), Fund-Linked Notes (linked to a Fund Interest) or Commodity-Linked Notes (linked to a Commodity).

The Digital Knock-in Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by the Fixed Performance (being the percentage specified in the relevant Issue Terms), as a formula:

$$\text{CA} \times \text{Fixed Performance} \times \text{OFX}$$

If a Barrier Event has not occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, at any time or, in respect of a fund interest, for any relevant day during a specified observation period, been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the maximum level, price, rate or value of the Reference Item has, on any Bermudan Observation Date (as specified in the relevant Issue Terms) been equal to or greater than the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

A European Barrier Event will occur where the average level, price, rate or value of the Reference Item has, on the specified final averaging or valuation date(s) (in each case, as specified in the relevant Issue Terms), been greater than or equal to the Barrier Level (being the level, price, rate or value specified in the relevant Issue Terms), as determined by the Calculation Agent.

If the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Consequently, if a Barrier Event occurs, as the Reference Item Amount is determined by reference to a predefined percentage, the Digital Knock-in Call Redemption Amount will be a fixed amount and will not be determined by reference to the final performance of the Reference Item. The Digital Knock-in Call Redemption Amount may therefore be lower than it would have been had it been determined by reference to the final value of the Reference Item.

Examples of the calculation of the Digital Knock-in Call Redemption Amount:

The following examples illustrate how the Digital Knock-in Call Redemption Amount is calculated in respect of Notes linked to one Reference Item:

DESCRIPTION OF THE NOTES

Reference Item: Share A
Reference Item Initial Value: EUR 100
Calculation Amount EUR 1,000
Redemption Factor: 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1
Barrier Level: EUR 150
Fixed Performance: 35%

a) A Barrier Event has occurred

Maximum observation price: EUR 180

Final Value of Reference Item	Fixed Performance
Share A: EUR 90	35%

Digital Knock-in Call Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + (EUR\ 1,000 \times 35\% \times 1) = EUR1,350$$

As the maximum observation price exceeded the Barrier Level of EUR 150, a Barrier Event has occurred. Consequently, although the value of the Reference Item has decreased, the Reference Item Amount is determined only by reference to the Fixed Performance and the Digital Knock-in Call Redemption Amount is greater than the Relevant Principal Amount.

b) A Barrier Event has not occurred

Maximum observation price: EUR 140

Final Value of Reference Item	Fixed Performance
Share A: EUR 125	N/A as a Barrier Event has not occurred, the Reference Item Amount is zero

Digital Knock-in Call Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + 0 = EUR1,000$$

As the maximum observation price did not exceed the Barrier Level of EUR 150, no Barrier Event has occurred. Consequently, although the value of the shares has increased, the Reference Item Amount is zero. The Digital Knock-in Call Redemption Amount is therefore equal to the Relevant Principal Amount.

33. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = DIGITAL CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Digital Call Redemption Amount” based on the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes

may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Digital Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

Where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by the Highest Fixed Performance, as a formula:

CA × Highest Fixed Performance × OFX

If a Barrier Event has not occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the Call Performance is equal to or greater than any Barrier (being the or each percentage specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the Call Performance is equal to or greater than any Barrier (being the or each percentage specified in the relevant Issue Terms) on any Bermudan Observation Date, as determined by the Calculation Agent.

A European Barrier Event will occur where the Call Performance is greater than or equal to any Barrier (being the or each percentage specified in the relevant Issue Terms) on the specified valuation date(s) (as specified in the relevant Issue Terms), as determined by the Calculation Agent.

The Highest Fixed Performance will be the Fixed Performance (being the percentage specified in the relevant Issue Terms) in respect of the Barrier or, if more than one Barrier is specified, the Fixed Performance in respect of the Barrier next lowest to the Call Performance.

If the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Call Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the

DESCRIPTION OF THE NOTES

Notes relate to a basket of Reference Items) MINUS the Strike (being the percentage specified in the relevant Issue Terms).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if a Barrier Event occurs, as the Reference Item Amount is determined by reference to a predefined percentage, the Digital Call Redemption Amount will be a fixed amount and will not be determined directly by reference to the performance of the Reference Item(s). The Digital Call Redemption Amount may therefore be lower than it would have been had it been determined by reference to the performance of the Reference Item(s).

Examples of the calculation of the Digital Call Redemption Amount:

The following examples illustrate how the Digital Call Redemption Amount is calculated in respect of Notes linked to a basket of two Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item Weighting:

Reference Item 1: 50%

Reference Item 2: 50%

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 100

Calculation Amount EUR 1,000

Strike: 100%

Redemption Factor: 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

a) A Barrier Event has occurred and there is only one Barrier

Barrier: 50%

Fixed Performance and, as there is only one Barrier,

Highest Fixed Performance: 35%

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 150	Share A: $\frac{\text{EUR}150}{\text{EUR}100} = 1.5$	$[(150\% \times 50\%) + (180\% \times 50\%)] - 100\% = 65\%$

Share B: EUR 180	or 150% (expressed as a percentage) Share B: $\frac{\text{EUR180}}{\text{EUR100}} = 1.8$ or 180% (expressed as a percentage)	
------------------	--	--

Digital Call Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times 35\% \times 1) = \text{EUR } 1,350$$

As Call Performance is greater than the Barrier of 50%, a Barrier Event has occurred. Consequently, although the value of the Reference Items has increased, the Reference Item Amount is determined only by reference to the Highest Fixed Performance and the Digital Call Redemption Amount is greater than the Relevant Principal Amount.

b) A Barrier Event has occurred and there is more than one Barrier

Barrier and Fixed Performance:

Barrier	Related Fixed Performance
50%	35%
60%	45%

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 165	Share A: $\frac{\text{EUR165}}{\text{EUR100}} = 1.65$ or 165% (expressed as a percentage)	$[(165\% \times 50\%) + (180\% \times 50\%)] - 100\% = 72.5\%$
Share B: EUR 140	Share B: $\frac{\text{EUR180}}{\text{EUR100}} = 1.8$ or 180% (expressed as a percentage)	

DESCRIPTION OF THE NOTES

Digital Call Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + (EUR\ 1,000 \times 45\% \times 1) = EUR\ 1,450$$

As Call Performance is greater than any Barrier (i.e. the second Barrier of 60%), a Barrier Event has occurred. Consequently, although the value of the Reference Items has increased, the Reference Item Amount is determined only by reference to the Highest Fixed Performance (being the Fixed Performance relating to the second Barrier, i.e. 45%) and the Digital Call Redemption Amount is greater than the Relevant Principal Amount.

c) A Barrier Event has not occurred and there is only one Barrier

Final Value of Reference Items	Performance	Call Performance
Share A: EUR 120	Share A: $\frac{EUR120}{EUR100} = 1.2$ or 120% (expressed as a percentage)	$[(120\% \times 50\%) + (110\% \times 50\%)] - 100\% = 15\%$
Share B: EUR 110	Share B: $\frac{EUR110}{EUR100} = 1.1$ or 110% (expressed as a percentage)	

Digital Call Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + 0 = EUR\ 1,000$$

As Call Performance is less than the Barrier of 50%, a Barrier Event has not occurred. Consequently, although the value of the Reference Item(s) has increased, the Reference Item Amount is zero. The Digital Worst of Call Redemption Amount is therefore equal to the Relevant Principal Amount.

34. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = KNOCK-IN PUT REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Knock-in Put Redemption Amount” based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Knock-in Put Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

Where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Payout Performance})] \times \text{OFX}$$

If a Barrier Event has not occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the Put Performance is equal to or less than the Barrier (being the percentage specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the Put Performance is equal to or less than the Barrier (being the percentage specified in the relevant Issue Terms), on any Bermudan Observation Date, as determined by the Calculation Agent.

A European Barrier Event will occur where the Put Performance is greater than or equal to the Barrier (being the percentage specified in the relevant Issue Terms) on the specified valuation date(s) (as specified in the relevant Issue Terms), as determined by the Calculation Agent.

If Payout Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero, if a Barrier Event has occurred and Payout Performance is negative, the Knock-in Put Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Payout Performance, this will operate to increase the Knock-in Put Redemption Amount compared to what it would have been had such floor not been applied.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or

DESCRIPTION OF THE NOTES

lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Payout Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if a Barrier Event occurs and the relevant final value of the Reference Item(s) decreases, Payout Performance will be positive and the Knock-in Put Redemption Amount will be greater than the Relevant Principal Amount. However, if a Barrier Event occurs and the final value of the Reference Item(s) increases, Payout Performance will be negative and (subject to the Performance Floor) the Knock-in Put Redemption Amount may be less than the Relevant Principal Amount.

Conversely, if a Barrier Event does not occur, the Reference Item Amount will be zero and an investor will only receive the Calculation Amount at maturity.

Examples of the calculation of the Knock-in Put Redemption Amount:

The following examples illustrate how the Knock-in Put Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
 Reference Item Initial Value: EUR 100

 Calculation Amount EUR 1,000
 Strike: 100%
 Redemption Factor: 100%
 Performance Floor: Zero
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1
 Barrier: 20%

a) A Barrier Event has occurred and there is a negative Payout Performance

Final Value of Reference Items	Performance	Payout Performance
Share A: EUR 110	Share A: $\frac{\text{EUR}110}{\text{EUR}100} = 1.10$	$100\% - 110\% = -10\%$

	or 110% (expressed as a percentage)	
--	-------------------------------------	--

Knock-in Put Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + (EUR\ 1,000 \times \text{Max}[0; (100\% \times -10\%)] \times 1) = EUR\ 1,000$$

As Payout Performance is less than the Barrier of 20% and the value of the shares has increased, a Barrier Event occurred but as the value of the Reference Item Amount is floored at zero (Performance Floor is equal to zero), investors do not participate fully in the increase in the value of the shares and the Knock-in Put Redemption Amount is equal to the Relevant Principal Amount.

- b) A Barrier Event has occurred and there is a positive Payout Performance

Final Value of Reference Items	Performance	Payout Performance
Share A: EUR 90	Share A: $\frac{EUR90}{EUR100} = 0.90$ or 90% (expressed as a percentage)	$100\% - 90\% = 10\%$

Knock-in Put Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + (EUR\ 1,000 \times \text{Max}[0; (100\% \times 10\%)] \times 1) = EUR\ 1,100$$

As Put Performance is less than the Barrier of 20% and the value of the shares has decreased, a Barrier Event occurred and investors participate in the decrease in value of the Reference Item. The Knock-in Put Redemption Amount is greater than the Relevant Principal Amount.

- c) A Barrier Event has not occurred and there is a positive Payout Performance

Final Value of Reference Items	Performance	Payout Performance
Share A: EUR 75	Share A: $\frac{EUR75}{EUR100} = 0.75$ or 75% (expressed as a percentage)	$100\% - 75\% = 25\%$

DESCRIPTION OF THE NOTES

Knock-in Put Redemption Amount =

$$(EUR\ 1,000 \times 100\% \times 1) + 0 = EUR\ 1,000$$

As Put Performance is greater than the Barrier of 20%, a Barrier Event has not occurred. Consequently, although the value of the Reference Item has decreased, the Reference Item Amount is zero. The Knock-in Put Redemption Amount is therefore equal to the Relevant Principal Amount.

35. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = KNOCK-OUT PUT REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Knock-out Put Redemption Amount”, based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Knock-out Put Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$RPA + \text{Reference Item Amount}$$

where “RPA” or “**Relevant Principal Amount**” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has not occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Payout Performance})] \times \text{OFX}$$

If a Barrier Event has occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

An American Barrier Event will occur where the Put Performance is equal to or less than the Barrier (being the percentage specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the Put Performance is equal to or less than the Barrier (being the percentage specified in the relevant Issue Terms), on any Bermudan Observation Date, as determined by the Calculation Agent.

A European Barrier Event will occur where the Put Performance is greater than or equal to the Barrier (being the percentage specified in the relevant Issue Terms) on the specified valuation date(s) (as specified in the relevant Issue Terms), as determined by the Calculation Agent.

When Payout Performance is multiplied by a participation rate (“**PR**”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specifies that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is less than zero and a Barrier Event has not occurred, if Payout Performance is negative, the Knock-out Put Redemption Amount will be less than the Relevant Principal Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Payout Performance, this will operate to increase the Knock-out Put Redemption Amount compared to what it would have been had such floor not been applied.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Payout Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if a Barrier Event occurs and the relevant final value of the Reference Item(s) either decreases or increases, Payout Performance may be positive or negative but the Reference Item Amount will be zero and the Knock-in Put Redemption Amount will equal the Relevant Principal Amount.

Conversely, if a Barrier Event does not occur, Payout Performance will be positive and the Knock-in Put Redemption Amount will be greater than the Relevant Principal Amount.

Examples of the calculation of the Knock-out Put Redemption Amount:

The following examples illustrate how the Knock-out Put Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
Strike: 100%

DESCRIPTION OF THE NOTES

Redemption Factor: 100%
 Performance Floor: Zero
 Participation Rate (PR): 100%
 FX Principal Conversion: Not Applicable: PFX = 1
 FX Option Conversion: Not Applicable: OFX = 1
 Barrier: 20%

a) A Barrier Event has occurred and there is a negative Payout Performance

Final Value of Reference Item	Performance	Payout Performance
Share A: EUR 110	Share A: $\frac{\text{EUR}110}{\text{EUR}100} = 1.10$ or 110% (expressed as a percentage)	$100\% - 110\% = -10\%$

Knock-out Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + 0 = \text{EUR } 1,000.$$

As Payout Performance is less than the Barrier of 20% and the value of the shares has increased, a Barrier Event has occurred. Consequently, the Reference Item Amount is zero. The Knock-out Put Redemption Amount is therefore equal to the Relevant Principal Amount.

b) A Barrier Event has occurred and there is a positive Payout Performance

Final Value of Reference Item	Performance	Payout Performance
Share A: EUR 90	Share A: $\frac{\text{EUR}90}{\text{EUR}100} = 0.90$ or 90% (expressed as a percentage)	$100\% - 90\% = 10\%$

Knock-out Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + 0 = \text{EUR } 1,000.$$

As Put Performance is less than the Barrier of 20% and the value of the shares has decreased, a Barrier Event has occurred. Consequently, although the value of the Reference Item has decreased, the Reference Item Amount is zero. The Knock-out Put Redemption Amount is therefore equal to the Relevant Principal Amount.

c) A Barrier Event has not occurred and there is a positive Payout Performance

Final Value of Reference Item	Performance	Payout Performance
Share A: EUR 75	Share A: $\frac{\text{EUR}75}{\text{EUR}100} = 0.75$ or 75% (expressed as a percentage).	$100\% - 75\% = 25\%$

Knock-out Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 25\%)] \times 1) = \text{EUR } 1,250$$

As Payout Performance is greater than the Barrier of 20% and the value of the shares has decreased, a Barrier Event occurred and investors participate in the decrease in value of the Reference Item. The Knock-in Put Redemption Amount is greater than the Relevant Principal Amount.

36. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = DIGITAL PUT REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Digital Put Redemption Amount” based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The Digital Put Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

If a Barrier Event has occurred, the Reference Item Amount will be determined as the Calculation Amount multiplied by the Highest Fixed Performance, as a formula:

$$\text{CA} \times \text{Highest Fixed Performance} \times \text{OFX}$$

If a Barrier Event has not occurred, the Reference Item Amount will be zero and investors will receive only the Calculation Amount on redemption.

A Barrier Event can be an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event (as specified in the relevant Issue Terms).

DESCRIPTION OF THE NOTES

An American Barrier Event will occur where the Put Performance is equal to or greater than any Barrier (being the or each percentage specified in the relevant Issue Terms), as determined by the Calculation Agent.

A Bermudan Barrier Event will occur where the Put Performance is equal to or greater than any Barrier (being the or each percentage specified in the relevant Issue Terms) on any Bermudan Observation Date, as determined by the Calculation Agent.

A European Barrier Event will occur where the Put Performance is greater than or equal to the Barrier (being the percentage specified in the relevant Issue Terms) on the specified valuation date(s) (as specified in the relevant Issue Terms), as determined by the Calculation Agent.

The Highest Fixed Performance will be the Fixed Performance (being the percentage specified in the relevant Issue Terms) in respect of the Barrier or, if more than one Barrier is specified, the Fixed Performance in respect of the Barrier next lowest to the Payout Performance.

If the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Payout Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if a Barrier Event occurs, although the relevant final value of the Reference Item(s) decreases, as the Reference Item Amount is determined by reference to a predefined percentage, the Digital Put Redemption Amount will be a fixed amount and will not be determined by reference to the performance of the Reference Item(s). Depending on the relevant value of the Highest Fixed Performance, the Digital Put Redemption Amount may be greater than or lower than it would have been had it been determined by reference to the performance of the Reference Item(s).

Conversely, if a Barrier Event does not occur, although the value of the Reference Item(s) may increase or decrease, the Reference Item Amount will be zero and an investor will only receive the Relevant Principal Amount at maturity.

Examples of the calculation of the Digital Put Redemption Amount:

The following example illustrates how the Digital Put Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
Strike: 100%
Redemption Factor: 100%
FX Principal Conversion: Not Applicable: PFX = 1
FX Option Conversion: Not Applicable: OFX = 1

a) A Barrier Event has occurred and there is only one Barrier

Barrier: 0%
Fixed Performance and, as there is only one Barrier
Highest Fixed Performance: 30%

Final Value of Reference Item	Performance	Put Performance
Share A: EUR 80	Share A: $\frac{\text{EUR}80}{\text{EUR}100} = 0.8$ or 80% (expressed as a percentage)	$100\% - 80\% = 20\%$

Digital Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times 30\%) = \text{EUR } 1,300$$

As the final performance of the Reference Item exceeded the Barrier Level of 0%, a Barrier Event has occurred. Consequently, although the value of the Reference Item has increased by only 20%, the Reference Item Amount is determined by reference to the Highest Fixed Performance which is 30% and it is therefore greater than it would have been had it been determined by reference to the performance of the Reference Item.

b) A Barrier Event has occurred and there is more than one Barrier

Barrier and Fixed Performance:

Barrier	Related Fixed Performance
0%	30%
10%	40%

DESCRIPTION OF THE NOTES

Final Value of Reference Item	Performance	Put Performance
Share A: EUR 60	Share A: $\frac{\text{EUR}60}{\text{EUR}100} = 0.6$ or 60% (expressed as a percentage)	$100\% - 60\% = 40\%$

Digital Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + (\text{EUR } 1,000 \times 40\%) = \text{EUR } 1,400$$

As the Put Performance of the Reference Item is greater than or equal to any Barrier (i.e. it is equal to the second Barrier of 40%), a Barrier Event has occurred. Consequently, the Reference Item Amount is determined by reference to the Highest Fixed Performance (being the Fixed Performance relating to the second Barrier, i.e. 40% which, for the purposes of this example, is the same as the Put Performance of the Reference Item) and the Digital Put Redemption Amount is greater than the Relevant Principal Amount.

c) A Barrier Event has not occurred and there is only one Barrier

Barrier: 0%

Fixed Performance and, as there is only one Barrier

Highest Fixed Performance: 30%

Final Value of Reference Item	Performance	Put Performance
Share A: EUR 125	Share A: $\frac{\text{EUR}125}{\text{EUR}100} = 1.25$ or 125% (expressed as a percentage)	$100\% - 125\% = -25\%$

Digital Put Redemption Amount =

$$(\text{EUR } 1,000 \times 100\% \times 1) + 0 = \text{EUR } 1,000.$$

As the Put Performance of the Reference Item is less than the Barrier of 0%, a Barrier Event has not occurred. Consequently, although the value of the Reference Item has decreased, the Reference Item Amount is zero. The Digital Put Redemption Amount is therefore equal to the Relevant Principal Amount.

37. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = TOM STRATEGY REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “TOM Strategy Redemption Amount”, based on the economic performance of a basket of Reference Items during certain specified “TOM periods” within a “TOM reference period”, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities),

Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

The TOM Strategy Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

RPA + Reference Item Amount

where “RPA” or “Relevant Principal Amount” means the CA multiplied by the Redemption Factor (being the percentage specified in the relevant Issue Terms) and, where the relevant Issue Terms specifies that FX Principal Conversion is applicable, adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Reference Item Amount will be determined as the Calculation Amount multiplied by an amount (which, depending on the specified Performance Floor, may be less than zero) determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{TOM Value})] \times \text{OFX}$$

Where the TOM Value is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Reference Item Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Reference Item Amount will be adjusted to reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Performance Floor is greater than the TOM Value, this will operate to increase the TOM Strategy Redemption Amount compared to what it would have been had such floor not been applied.

TOM Value is determined as (i) the product of the relevant TOM performances for each of the TOM periods MINUS 100% PLUS (ii) the Fixed Return.

Fixed Return is an amount determined by the Calculation Agent as the product of (i) the number of days in the specified TOM reference period (being the period specified in the relevant Issue Terms) which do not fall with the TOM periods and (ii) the specified rate.

Relevant TOM performance is determined as the RI TOM Performance of the Reference Item (where the Notes relate to a single Reference Item) or the sum of the weighted RI TOM Performances of each of the Reference Items (where the Notes relate to a basket of Reference Items) for a TOM period.

RI TOM Performance for a TOM period is determined as (i) the value of the relevant Reference Item in respect of the specified final valuation date for such TOM period divided by (ii) the value of the relevant Reference Item in respect of the specified initial valuation date for such TOM period, expressed as a percentage.

Consequently, the TOM Value gives exposure to the performance of the relevant Reference Item(s) during the TOM Periods and provides a fixed return for any days during the TOM reference period for which the performance of the Reference Item(s) is not calculated.

DESCRIPTION OF THE NOTES

Example of the calculation of the TOM Strategy Redemption Amount:

The following example illustrates how the TOM Strategy Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Index A

Calculation Amount: EUR 1,000

Redemption Factor: 100%

Performance Floor: Zero

Participation Rate (PR): 100%

FX Principal Conversion: Not Applicable: PFX = 1

FX Option Conversion: Not Applicable: OFX = 1

TOM Reference Period: 4 months

Reference Rate Return: Zero%

TOM Period	Mid date	Initial Valuation Date	Final Valuation Date	Index value on Initial Valuation Date	Index value on Final Valuation Date	RI TOM Performance
<i>t</i> = 1	3 February 2014	27 January 2014	6 February 2014	98	101	$\frac{101}{98} = 1.030612$ or 103.0612% (expressed as a percentage)
<i>t</i> = 2	3 March 2014	24 February 2014	6 March 2014	100	99	$\frac{100}{99} = 0.99$ or 99% (expressed as a percentage)
<i>t</i> = 3	1 April 2014	25 March 2014	4 April 2014	97	102	$\frac{97}{102} = 1.051546$ or 105.1546% (expressed as a percentage)

Fixed Return = As the Reference Rate Return is zero per cent., the Fixed Return is also zero.

Therefore, the TOM Value will be determined as follows:

$$([103.0612\% \times 99\% \times 105.1546\%] - 100\%) + 0\% = 7.2899\%$$

TOM Strategy Redemption Amount =

$$(\text{EUR } 1,000 \times 100\%) + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 7.2899\%)]) \times 1 = \text{EUR } 1,072.899$$

38. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = NON-PROTECTED PUT REDEMPTION AMOUNT (REVERSE CONVERTIBLE)

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Non-Protected Put Redemption Amount (Reverse Convertible)” based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities). In addition, investors will receive a fixed rate of interest during the term of the Notes.

The Non-Protected Put Redemption Amount (Reverse Convertible) in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following:

- (i) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is less than 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})])]; \text{ or}$$

- (ii) otherwise, if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is greater than or equal to 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount;
- (iii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})])]; \text{ or}$$

- (iv) otherwise, if American Valuation is specified in the applicable Issue Terms, the Non-Protected Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount;
- (v) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s) as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})])]; \text{ or}$$

- (vi) otherwise, if Bermudan Valuation is specified in the applicable Issue Terms, the Non-Protected Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount.

Where Relevant Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Non-Protected Put Redemption Amount (Reverse Convertible) of changes in the level of the

DESCRIPTION OF THE NOTES

relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

Where Relevant Performance is less than 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Put Performance, this will operate to increase the Non-Protected Put Redemption Amount (Reverse Convertible) compared to what it would have been had such floor not been applied.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS the Relevant Performance.

Relevant Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Observed Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items), in each case, during the Observation Period (where American Valuation applies) or in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), the Relevant Performance will be less than 100% and the Non-Protected Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount. Conversely, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), the Relevant Performance will be greater than 100% but the Non-Protected Put Redemption Amount (Reverse Convertible) will be equal to the Calculation Amount.

Examples of the calculation of the Non-Protected Put Redemption Amount (Reverse Convertible):

The following examples illustrate how the Non-Protected Put Redemption Amount (Reverse Convertible) is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
Strike: 100%
Performance Floor: Zero
Participation Rate (PR): 100%

- a) A Relevant Performance of less than 100%

Final Value of Reference Item	Relevant Performance	Put Performance
Share A: EUR 90	Share A: $\frac{\text{EUR}90}{\text{EUR}100} = 0.9$ or 90% (expressed as a percentage)	100% - 90% = 10%

Non-Protected Put Redemption Amount (Reverse Convertible) =

$$[\text{EUR } 1,000 - (\text{EUR}1,000 \times \text{Max } [0; (100\% \times 10\%)])] = \text{EUR } 900$$

As value of the Reference Item has decreased and the Relevant Performance is less than 100%, investors will participate in the decrease in value of the shares (and as the Performance Floor is zero this will not affect the value of the Non-Protected Put Redemption Amount (Reverse Convertible)) and the Non-Protected Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount.

- b) A Relevant Performance of greater than 100%

Final Value of Reference Item	Relevant Performance
Share A: EUR 101	Share A: $\frac{\text{EUR}101}{\text{EUR}100} = 1.01$ or 101% (expressed as a percentage)

Non-Protected Put Redemption Amount (Reverse Convertible) = EUR1,000

As the value of the Reference item has increased and the Relevant Performance is greater than 100%, the Non-Protected Put Redemption Amount (Reverse Convertible) is equal to the Calculation Amount and investors will not participate in the increase in value of the shares.

39. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = NON-PROTECTED KNOCK-IN PUT REDEMPTION AMOUNT (REVERSE CONVERTIBLE)

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Non-Protected Knock-in Put Redemption Amount (Reverse Convertible)” based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities). In addition, investors will receive a fixed rate of interest during the term of the Notes.

DESCRIPTION OF THE NOTES

The Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following:

- (i) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is less than the Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (ii) otherwise, if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is greater than or equal to the Barrier, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount;
- (iii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Barrier, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (iv) otherwise, if American Valuation is specified in the applicable Issue Terms, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount;
- (v) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Barrier, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA-(CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (vi) otherwise, if Bermudan Valuation is specified in the applicable Issue Terms, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be an amount equal to the Calculation Amount.

Where Relevant Performance is multiplied by a participation rate (“PR”) greater than 100%, the effect on the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) of changes in the level of the relevant Reference Item(s) will be magnified. Where PR is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

Where Relevant Performance is less than 100%, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor is greater than Put Performance, this will operate to increase the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) compared to what it would have been had such floor not been applied.

Put Performance is determined as the Strike (being the percentage specified in the relevant Issue Terms) MINUS the Relevant Performance.

Relevant Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Observed Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items), in each case, during the Observation Period (where American Valuation applies) or in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) or where “Look-Back” is specified as Applicable in the relevant Issue Terms, the lowest or highest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value, the average value or, where “Look-Back” is specified as Applicable in the relevant Issue Terms, the highest or lowest (as specified in the relevant Issue Terms) value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

Consequently, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s) and the Relevant Performance is less than the Barrier, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount.

Conversely, if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s) but Relevant Performance is greater than the Barrier or if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s), the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be the Calculation Amount.

Examples of the calculation of the Non-Protected Knock-in Put Redemption Amount:

The following examples illustrate how the Non-Protected Knock-in Put Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
Strike: 100%
Performance Floor: Zero
Participation Rate (PR): 100%
Barrier: 70%

a) Value of shares decreases and Relevant Performance is less than the Barrier

Final Value of Reference Item	Relevant Performance	Put Performance
Share A: EUR 65	Share A:	$100\% - 65\% = 35\%$

DESCRIPTION OF THE NOTES

	$\frac{\text{EUR}65}{\text{EUR}100} = 0.65$ <p>or 65% (expressed as a percentage)</p>	
--	---	--

Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) =

$$[\text{EUR } 1,000 - (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)])] = \text{EUR } 650$$

As Relevant Performance is less than the Barrier of 70% and the value of the shares has decreased, investors will participate in the decrease in value of the shares (and as the Performance Floor is zero this will not affect the value of the Non-Protected Put Redemption Amount (Reverse Convertible)) and the Non-Protected Put Redemption Amount (Reverse Convertible) will be less than the Calculation Amount.

- b) Value of shares decreases and Relevant Performance is greater than the Barrier

Final Value of Reference Item	Relevant Performance
Share A: EUR 85	Share A: $\frac{\text{EUR}85}{\text{EUR}100} = 0.85$ <p>or 85% (expressed as a percentage)</p>

Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) = EUR 1,000

As Relevant Performance is greater than the Barrier of 70%, although the value of the shares has decreased, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be equal to the Calculation Amount.

- c) Value of shares increases and Relevant Performance is greater than the Barrier

Final Value of Reference Item	Relevant Performance
Share A: EUR 101	Share A: $\frac{\text{EUR}101}{\text{EUR}100} = 1.01$ <p>or 101% (expressed as a percentage)</p>

Non-Protected Put Redemption Amount (Reverse Convertible) = EUR 1,000

As Relevant Performance is greater than the Barrier of 70%, the Non-Protected Knock-in Put Redemption Amount (Reverse Convertible) will be equal to the Calculation Amount.

40. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = NON-PROTECTED KNOCK-IN PUT WITH CALL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Non-Protected Knock-in Put with Call Redemption Amount” based on the path

of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities). In addition, investors will receive a fixed rate of interest during the term of the Notes.

The Non-Protected Knock-in Put with Call Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following:

- (i) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is less than the Put Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be an amount equal to the Calculation Amount; or
- (iii) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})] \times \text{OFX})]$$

- (i) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Put Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance at all times has been equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be an amount equal to the Calculation Amount;
- (iii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})] \times \text{OFX})]$$

DESCRIPTION OF THE NOTES

- (iv) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Put Barrier and has never been greater than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (v) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance on each Bermudan Observation Date has been equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Redemption Amount will be an amount equal to the Calculation Amount;

- (vi) if Bermudan Valuation Date is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})] \times \text{OFX})]$$

Where Relevant Performance is multiplied by a participation rate (“PR_{Call}” or “PR_{Put}”) greater than 100%, the effect on the Non-Protected Knock-in Put with Call Redemption Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where the participation rate is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Non-Protected Knock-in Put with Call Redemption Amount will reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Relevant Performance is less than 100%, the Non-Protected Knock-in Put with Call Redemption Amount will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor_{Put} or Performance Floor_{Call} is greater than Put Performance or Call Performance, as applicable, this will operate to increase the Non-Protected Knock-in Put with Call Redemption Amount compared to what it would have been had such floor not been applied.

Put Performance is determined as the Put Strike (being the percentage specified in the relevant Issue Terms) MINUS Relevant Performance and Call Performance is determined as Relevant Performance MINUS the Call Strike (being the percentage specified in the relevant Issue Terms).

Relevant Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Observed Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the

specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items), in each case, during the Observation Period (where American Valuation applies) or in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value or the average value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

The effect of the above is the same as entering into both a put and a call on the same Reference Item or basket of Reference Items.

Consequently, if the value of the Reference Item(s) decreases compared to the value of the Reference Item(s) in respect of the specified initial valuation date(s) and the Relevant Performance is less than the Put Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be less than the Calculation Amount.

Conversely, if the value of the Reference Item(s) increases compared to the value of the Reference Item(s) in respect of the specified initial valuation date(s) and the Relevant Performance is equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be greater than the Calculation Amount.

Otherwise, if the Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount will be equal to the Calculation Amount.

Examples of the calculation of the Non-Protected Knock-in Put with Call Redemption Amount:

The following examples illustrate how the Non-Protected Knock-in Put with Call Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A
 Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000
 Put Strike: 100%
 Call Strike: 100%
 Performance Floor_{Put} and Performance Floor_{Call}: Zero
 Participation Rate (PR_{Call} and PR_{Put}): 100%
 FX Option Conversion: Not Applicable: FX = 1

Call Barrier: 120%
 Put Barrier: 70%

a) Value of shares decreases and Relevant Performance is less than the Put Barrier

Final Value of Reference Item	Relevant Performance	Put Performance
-------------------------------	----------------------	-----------------

DESCRIPTION OF THE NOTES

Share A: EUR 65	Share A: $\frac{\text{EUR}65}{\text{EUR}100} = 0.65$ or 65% (expressed as a percentage)	$100\% - 65\% = 35\%$
-----------------	---	-----------------------

Non-Protected Knock-in Put with Call Redemption Amount =

$$[\text{EUR } 1,000 - (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)])] = \text{EUR } 650$$

As the Relevant Performance is less than the Put Barrier, the Non-Protected Knock-in Put with Call Redemption Amount is less than the Calculation Amount.

- b) Value of shares decreases and Relevant Performance is greater than the Put Barrier but less than the Call Barrier

Final Value of Reference Item	Relevant Performance
Share A: EUR 110	Share A: $\frac{\text{EUR}110}{\text{EUR}100} = 1.1$ or 110% (expressed as a percentage)

Non-Protected Knock-in Put with Call Redemption Amount = EUR 1,000

As the Relevant Performance is greater than the Put Barrier but less than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount is equal to the Calculation Amount.

- c) Value of shares increases and Relevant Performance is greater than the Call Barrier

Final Value of Reference Item	Relevant Performance	Call Performance
Share A: EUR 130	Share A: $\frac{\text{EUR}130}{\text{EUR}100} = 1.3$ or 130% (expressed as a percentage)	$130\% - 100\% = 30\%$

As the Call Performance is greater than the Performance Cap, the Capped Performance is equal to the Performance Cap.

Non-Protected Knock-in Put with Call Redemption Amount =

$$[\text{EUR}1,000 + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 30\%)]) \times 1] = \text{EUR } 1,300$$

As the Relevant Performance is greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount is greater than the Calculation Amount but is capped at the Performance Cap.

41. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = NON-PROTECTED KNOCK-IN PUT WITH CALL SPREAD REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Non-Protected Knock-in Put with Call Spread Redemption Amount” based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities). In addition, investors will receive a fixed rate of interest during the term of the Notes.

The Non-Protected Knock-in Put with Call Spread Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following:

- (i) if European Valuation is specified in the applicable Issue Terms, the Relevant Performance is less than the Put Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be an amount equal to the Calculation Amount; or
- (iii) if European Valuation is specified in the applicable Issue Terms, if the Relevant Performance is equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Capped Performance})]) \times \text{OFX}]$$

- (iv) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Put Barrier and has never been greater than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (v) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at all times been equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be an amount equal to the Calculation Amount;

DESCRIPTION OF THE NOTES

- (vi) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Capped Performance})] \times \text{OFX})]$$

- (vii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Put Barrier and has never been greater than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (viii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance on each Bermudan Observation Date has been equal to or greater than the Put Barrier but less than the Call Barrier (being the percentage specified in the relevant Issue Terms), the Non-Protected Knock-in Put with Call Spread Redemption Amount will be an amount equal to the Calculation Amount;

- (ix) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be determined by reference to the performance of the relevant Reference Item(s), as a formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Capped Performance})] \times \text{OFX})]$$

Where Relevant Performance or Capped Performance is multiplied by a participation rate (“ PR_{Call} ” or “ PR_{Put} ”) greater than 100%, the effect on the Non-Protected Knock-in Put with Call Spread Redemption Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where the participation rate is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Non-Protected Knock-in Put with Call Spread Redemption Amount will reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Relevant Performance or Capped Performance is less than 100%, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor_{Put} or Performance Floor_{Call} is greater than Put Performance or Call Performance, as applicable, this will operate to increase the Non-Protected Knock-in Put with Call Spread Redemption Amount compared to what it would have been had such floor not been applied.

Put Performance is determined as the Put Strike (being the percentage specified in the relevant Issue Terms) MINUS Relevant Performance and Call Performance is determined as Relevant Performance MINUS the Call Strike (being the percentage specified in the relevant Issue Terms).

Relevant Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the

specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

Observed Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items), in each case, during the Observation Period (where American Valuation applies) or in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

Capped Performance is determined as the lower of the Performance Cap (being a percentage specified in the relevant Issue Terms) and the Call Performance.

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value or the average value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

The effect of the above is the same as entering into both a put option and a call spread option on the same Reference Item or basket of Reference Items.

Consequently, if the value of the Reference Item(s) decreases compared to the value of the Reference Item(s) in respect of the specified initial valuation date(s) and the Relevant Performance is less than the Put Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be less than the Calculation Amount.

Conversely and subject as provided below, if the value of the Reference Item(s) increases compared to the value of the Reference Item(s) in respect of the specified initial valuation date(s) and the Relevant Performance is greater than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be greater than the Calculation Amount. Investors should note, however, that Call Performance will be subject to the Performance Cap and investors will therefore not profit from any Call Performance which is higher than that cap.

Otherwise, if the Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount will be equal to the Calculation Amount.

Examples of the calculation of the Non-Protected Knock-in Put with Call Spread Redemption Amount:

The following examples illustrate how the Non-Protected Knock-in Put with Call Spread Redemption Amount is calculated in respect of Notes linked to one Reference Item:

Reference Item: Share A

Reference Item Initial Value: EUR 100

Calculation Amount EUR 1,000

Put Strike: 100%

Call Strike: 100%

Performance FloorPut and Performance FloorCall: Zero

Participation Rate (PR_{Call} and PR_{Put}): 100%

FX Option Conversion: Not Applicable: FX = 1

DESCRIPTION OF THE NOTES

Call Barrier: 120%
 Put Barrier: 70%
 Performance Cap: 30%

- a) Value of shares decreases and Relevant Performance is less than the Put Barrier

Final Value of Reference Item	Relevant Performance	Put Performance
Share A: EUR 65	Share A: $\frac{\text{EUR}65}{\text{EUR}100} = 0.65$ or 65% (expressed as a percentage)	100% - 65% = 35%

Non-Protected Knock-in Put with Call Spread Redemption Amount =

$$[\text{EUR } 1,000 - (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)])] = \text{EUR } 650$$

As the Relevant Performance is less than the Put Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount is less than the Calculation Amount.

- b) Value of shares decreases and Relevant Performance is greater than the Put Barrier but less than the Call Barrier

Final Value of Reference Item	Relevant Performance
Share A: EUR 110	Share A: $\frac{\text{EUR } 110}{\text{EUR } 100} = 1.1$ or 110% (expressed as a percentage)

Non-Protected Knock-in Put with Call Spread Redemption Amount = EUR 1,000

As the Relevant Performance is greater than the Put Barrier but less than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount is equal to the Calculation Amount.

- c) Value of shares increases and Relevant Performance is greater than the Call Barrier

Final Value of Reference Item	Relevant Performance	Call Performance	Capped Performance
Share A: EUR 140	Share A: $\frac{\text{EUR } 140}{\text{EUR}100} = 1.4$ or 140% (expressed as	Share A: [140% - 100%] = 40%	Min [30%; 40%] = 30%

	a percentage)		
--	---------------	--	--

As the Call Performance is greater than the Performance Cap, the Capped Performance is equal to the Performance Cap.

Non-Protected Knock-in Put with Call Spread Redemption Amount =

$$[\text{EUR } 1,000 + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 30\%)] \times 1)] = \text{EUR } 1,300$$

As the Relevant Performance is greater than the Call Barrier, the Non-Protected Knock-in Put with Call Spread Redemption Amount is greater than the Calculation Amount but is capped at the Performance Cap.

42. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = NON-PROTECTED KNOCK-IN PUT WITH CALL REDEMPTION AMOUNT (BOOSTER)

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Non-Protected Knock-in Put with Call Redemption Amount (Booster)” based on the path of the economic performance of two different Reference Items or baskets of Reference Items (the “**Put Element**” and the “**Call Element**”), which may each be valued on different valuation dates or during different periods, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to Indices or baskets of Indices), Equity-Linked Notes (linked to Underlying Equities or baskets of Underlying Equities), Currency-Linked Notes (linked to FX Rates or baskets of FX Rates) or Commodity-Linked Notes (linked to Commodities or baskets of Commodities). In addition, investors will receive a fixed rate of interest during the term of the Notes.

The Non-Protected Knock-in Put with Call Redemption Amount (Booster) in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Items by reference to the following:

- (i) (1) if European Valuation is specified for the Put Element in the relevant Issue Terms, if Relevant Performance₁ is, or (2) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at all times been, or (3) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on all Bermudan Observation Dates been, less than the Put Barrier and (A) if European Valuation is specified for the Call Element in the relevant Issue Terms, Relevant Performance₂ is, or (B) if American Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has at all times been, or (C) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on all Bermudan Observation Dates been, less than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[\text{CA} - (\text{CA} \times \text{Max } [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) (1) if European Valuation is specified for the Put Element in the relevant Issue Terms, if Relevant Performance₁ is, or (2) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at any time been, or (3) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on any Bermudan Observation Date been, equal to or greater than the Put Barrier and (A) if European Valuation is specified for the Call Element in the relevant Issue Terms, Relevant Performance₂ is, or (B) if American Valuation is specified for the Call

DESCRIPTION OF THE NOTES

Element in the relevant Issue Terms, if Observed Performance₂ has at any time been, or (C) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on any Bermudan Observation Date been, less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or

- (iii) (1) if European Valuation is specified for the Call Element in the relevant Issue Terms, if Relevant Performance₂ is, or (2) if American Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has at all times been, or (3) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on all Bermudan Observation Dates been, equal to or greater than the Call Barrier and (A) if European Valuation is specified for the Put Element in the relevant Issue Terms, Relevant Performance₁ is, or (B) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at all times been, or (C) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on all Bermudan Observation Dates been, equal to or greater than the Put Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})] \times \text{OFX})]$$

- (iv) otherwise, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\frac{CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})])}{(CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})])} \right] \times \text{OFX}$$

Where the Relevant Performance of the Reference Item(s) is multiplied by a participation rate (“PR_{Call}” and “PR_{Put}”) greater than 100%, the effect on the Non-Protected Knock-in Put with Call Redemption Amount (Booster) of changes in the level of the relevant Reference Item(s) will be magnified. Where such participation rate is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

In addition, where the relevant Issue Terms specify that FX Option Conversion is applicable, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will reflect changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

Where Relevant Performance is less than 100%, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested. However, where Performance Floor_{Put} is greater than the Put Performance, this will operate to increase the Non-Protected Knock-in Put with Call Redemption Amount (Booster) compared to what it would have been had such floor not been applied.

Put Performance is determined as the Put Strike (being the percentage specified in the relevant Issue Terms) MINUS the Relevant Performance of the Put Element and Call Performance is determined as the Relevant Performance of the Call Element MINUS the Call Strike (being the percentage specified in the relevant Issue Terms).

Relevant Performance (being Relevant Performance₁ in respect of the Put Element and Relevant Performance₂ in respect of the Call Element) is determined as either (i) the performance of the Reference Item comprising the Put Element or the Call Element, as the case may be, (where the Put Element or the Call Element, as the case may be, comprises a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items comprising the Put Element or the Call Element, as the case

may be, or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Put Element or the Call Element, as the case may be, comprises a basket of Reference Items).

Observed Performance (being Observed Performance₁ in respect of the Put Element and Observed Performance₂ in respect of the Call Element) is determined as either (i) the performance of the Reference Item comprising the Put Element or the Call Element, as the case may be, (where the Put Element or the Call Element, as the case may be, comprises a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items comprising the Put Element or the Call Element, as the case may be, or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Put Element or the Call Element, as the case may be, comprises a basket of Reference Items), in each case, during the Observation Period (where American Valuation applies) or in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

The performance of any Reference Item is determined as the value or the average value of the relevant Reference Item in respect of specified final valuation date(s) divided by the value or the average value of the relevant Reference Item in respect of specified initial valuation date(s), expressed as a percentage.

The effect of the above is the same as entering into a put in respect of the Put Element and a call in respect of the Call Element.

Consequently, if the Relevant Performance of the Put Element is less than the Put Barrier and the Relevant Performance of the Call Element is less than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will be determined by reference to the Put Performance and will be less than the Calculation Amount.

Otherwise, if the Relevant Performance of the Put Element is equal to or greater than the Put Barrier and the Relevant Performance of the Call Element is equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will be determined by reference to the Call Performance and will be greater than the Calculation Amount.

Otherwise, if the Relevant Performance of the Put Element is equal to or greater than the Put Barrier and the Relevant Performance of the Call Element is less than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will be equal to the Calculation Amount.

If however, the Relevant Performance of the Put Element is less than the Put Barrier and the Relevant Performance of the Call Element is equal to or greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) will be determined by reference to the Relevant Performance of both the Put Element and the Call Element.

Examples of the calculation of the Non-Protected Knock-in Put with Call Redemption Amount (Booster):

The following examples illustrate how the Non-Protected Knock-in Put with Call Redemption Amount (Booster) is calculated in respect of a Put Element and a Call Element, in each case, comprising one Reference Item:

	Put Element	Call Element
Reference Item:	Share A	Share B
Reference Item Initial Value:	EUR 100	EUR 100

DESCRIPTION OF THE NOTES

Calculation Amount EUR 1,000
 Put Strike: 100%
 Call Strike: 100%
 Performance Floor_{Put} and Performance Floor_{Call}: Zero
 Participation Rate (PR_{Put} and PR_{Call}): 100%
 FX Option Conversion: Not Applicable: FX = 1

Put Barrier: 70%
 Call Barrier: 120%

- a) Relevant Performance of Put Element is less than the Put Barrier and Relevant Performance of Call Element is less than the Call Barrier

Final Value of Reference Item	Relevant Performance	Put Performance
Share A: EUR 65	Share A: EUR 65 ÷ EUR 100 = 0.65 or 65% (expressed as a percentage)	Share A: 100% - 65% = 35%
Share B: EUR 90	Share B: EUR 90 ÷ EUR 100 = 0.9 or 90% (expressed as a percentage)	Share B: Not relevant

Non-Protected Knock-in Put with Call Redemption Amount (Booster) =

$$[\text{EUR } 1,000 - (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)])] = \text{EUR } 650$$

As the Relevant Performance of the Put Element is less than the Put Barrier and the Relevant Performance of the Call Element is less than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) is determined by reference to the Put Performance.

- b) Relevant Performance of the Put Element is greater than the Put Barrier and Relevant Performance of the Call Element is less than the Call Barrier

Final Value of Reference Item	Relevant Performance
Share A: EUR 110	Share A: EUR 110 ÷ EUR 100 = 1.1 or 110% (expressed as a percentage)
Share B: EUR 105	Share B: EUR 105 ÷ EUR 100 = 1.05 or 105% (expressed as a percentage)

Non-Protected Knock-in Put with Call Redemption Amount (Booster) = EUR 1,000

As the Relevant Performance of the Put Element is greater than the Put Barrier and the Relevant Performance of the Call Element less than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) is equal to the Calculation Amount.

- c) Relevant Performance of Put Element is greater than the Put Barrier and Relevant Performance of Call Element is greater than the Call Barrier

Final Value of Reference Item	Relevant Performance	Call Performance
Share A: EUR 130	Share A: $\text{EUR } 130 \div \text{EUR } 100 = 1.3$ or 130% (expressed as a percentage)	Share A: Not relevant
Share B: EUR 150	Share B: $\text{EUR } 150 \div \text{EUR } 100 = 1.5$ or 150% (expressed as a percentage)	Share B: $150\% - 100\% = 50\%$

Non-Protected Knock-in Put with Call Redemption Amount (Booster) =

$$[\text{EUR } 1,000 + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 50\%)]) \times 1] = \text{EUR } 1,500$$

As the Relevant Performance of the Put Element is greater than the Put Barrier and the Relevant Performance of the Call Element is greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) is determined by reference to the Relevant Performance of the Call Element.

- d) Relevant Performance of Put Element is less than the Put Barrier and Relevant Performance of Call Element is greater than the Call Barrier

Final Value of Reference Item	Relevant Performance	Put Performance	Call Performance
Share A: EUR 65	Share A: $\text{EUR } 150 \div \text{EUR } 100 =$ 1.5 or 150% (expressed as a percentage)	Share A: $100\% - 65\% = 35\%$	Share A: Not relevant

DESCRIPTION OF THE NOTES

Share B: EUR 150	Share B: EUR 150 ÷ EUR 100 = 1.5 or 150% (expressed as a percentage)	Share B: Not relevant	Share B: 150% - 100% = 50%
------------------	--	--------------------------	--------------------------------------

Non-Protected Knock-in Put with Call Redemption Amount (Booster) =

$$[\text{EUR } 1,000 - (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 35\%)])] + (\text{EUR } 1,000 \times \text{Max } [0; (100\% \times 50\%) \times 1]) = \text{EUR } 1,150$$

As the Relevant Performance of the Put Element is less than the Put Barrier and the Relevant Performance of the Call Element is greater than the Call Barrier, the Non-Protected Knock-in Put with Call Redemption Amount (Booster) is determined by reference to both the Put Performance and the Call Performance.

43. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = GENERAL REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “General Redemption Amount”, based on the path of the economic performance of a Reference Item or a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to an Index), Equity-Linked Notes (linked to an Underlying Equity), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities). In addition, investors may receive a rate of interest during the term of the Notes if specified in the relevant Issue Terms.

The General Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated by reference to the following formula:

$$CA \times \left[1 + \sum_{j=1}^n GRCV(I) \right]$$

where “General Redemption Component Value” or “GRCV” in respect of a General Redemption component shall be determined by reference to the relevant formula below and based on the change in value of the relevant Reference Item(s) relating to the relevant General Redemption component:

- (i) if the Relevant Performance is greater than or equal to a Starting Performance Interval Point (as specified in the relevant Issue Terms) and less than the following Ending Performance Interval Point (as specified in the relevant Issue Terms), the General Redemption Amount will be determined by reference to the following formula:

$$PR_m \times \text{Relevant Performance} + \text{Digital Level}_m$$

- (ii) otherwise, if Relevant Performance is less than the lowest specified Performance Interval Point or greater than or equal to the highest specified Performance Interval Point, the General Redemption Amount will be determined by reference to the following formula:

$$PR_m \times \text{Relevant Performance} + \text{Digital Level}_m$$

The relevant parameters for each General Redemption component will be specified in the applicable Issue Terms.

Where Relevant Performance is multiplied by a participation rate in respect of a Performance Interval (“ PR_m ”) greater than 100%, the effect on the General Redemption Amount of changes in the level of the relevant Reference Item(s) will be magnified. Where PR_m is less than 100%, the effect of changes in the level of the relevant Reference Item(s) will be reduced.

Where Relevant Performance is less than 100%, the General Redemption Amount may be less than the Calculation Amount and investors may receive on redemption less than the amount they originally invested.

Relevant Performance is determined as either (i) the performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The effect of each General Redemption component must be viewed as a whole to determine the effect on the General Redemption Amount. However, in respect of a General Redemption component:

- (i) if the relevant value of the Reference Item(s) decreases compared to the relevant value of the Reference Item(s) in respect of the specified initial valuation date(s) the General Redemption Amount may be less than would otherwise be the case; and
- (ii) conversely, if the relevant value of the Reference Item(s) increases compared to the relevant value of the Reference Item(s) in respect of the initial valuation date(s), the General Redemption Amount will be greater than would otherwise be the case.

44. REFERENCE ITEM-LINKED REDEMPTION AMOUNT = BARRIER BOND REDEMPTION AMOUNT

Where the Issue Terms relating to a Tranche of Notes specifies that the Reference Item-Linked Redemption Amount is the “Barrier Bond Redemption Amount”, based on the economic performance of a basket of Reference Items, such Notes give the investor a right to receive a Final Redemption Amount which will be determined in accordance with the formula set out below. Such Notes may be Index-Linked Notes (linked to a basket of Indices), Equity-Linked Notes (linked to a basket of Underlying Equities), Currency-Linked Notes (linked to a basket of FX Rates) or Commodity-Linked Notes (linked to a basket of Commodities). In addition, the Interest Amount will also be affected by the economic performance of the relevant Reference Items (see paragraph 14 (*Interest in respect of Barrier Bond Notes*) above).

The Barrier Bond Redemption Amount in respect of each Calculation Amount (“CA”) will be calculated based on the change in value of the relevant Reference Item(s) by reference to the following formula:

$$[CA \times (100\% - \text{Relevant Weighting}) - UC] \times \text{PFX}$$

DESCRIPTION OF THE NOTES

Where the relevant Issue Terms specifies that FX Principal Conversion is applicable, the above calculation reflects changes in the specified exchange rate between the relevant initial exchange rate and the relevant final exchange rate on the specified FX valuation date(s).

The Relevant Weighting is determined as the sum of the weightings for each of the Reference Items in respect of which a Barrier Event has occurred.

A Barrier Event will occur in respect of a Reference Item where the value (observed continuously or daily, as specified in the relevant Issue Terms) of such Reference Item during a specified period has at any time been, as specified in the relevant Issue Terms, either (i) less than or (ii) equal to or greater than, the relevant barrier level (being the percentage of the value or average value of the relevant Reference Item in respect of the specified initial valuation date(s) specified in the relevant Issue Terms).

Consequently, the Barrier Bond Redemption Amount will be reduced each time a Barrier Event occurs in respect of a Reference Item. In addition, the Barrier Bond Redemption Amount will be reduced to reflect the pro rata costs (“UC”) of the sum of all costs and expenses, taxes and duties incurred by the Issuer and/or its affiliates or agents in connection with the redemption of the Notes and/or the termination of hedging transactions in relation to the Notes.

Example of the calculation of the Barrier Bond Redemption Amount:

The following example illustrates how the Barrier Bond Redemption Amount is calculated in respect of Notes linked to a basket of Reference Items:

Reference Items:

Reference Item 1: Share A

Reference Item 2: Share B

Reference Item 3: Share C

Reference Item Weighting:

Reference Item 1: 33.33%

Reference Item 2: 33.33%

Reference Item 3: 33.33%

Reference Item Initial Value:

Reference Item 1: EUR 100

Reference Item 2: EUR 90

Reference Item 3: EUR 70

Barrier Level: 70% of the relevant Reference Item Initial Value

Type of Valuation: Continuous Valuation

Barrier Event: Less than

Calculation Amount: EUR 1,000

FX Principal Conversion: Not Applicable: PFX = 1

UC: Zero

Reference Item	Relevant Barrier Level	Lowest Relevant Observation Price	Barrier Event occurred
Share A	70	60	Yes
Share B	63	80	No

Share C	49	66	No
---------	----	----	----

Therefore, the Relevant Weighting will be the Weighting of Reference Item 1, i.e. 33.33%, as this is the only Reference Item in respect of which a Barrier Event has occurred.

Barrier Bond Redemption Amount =

$$[\text{EUR } 1,000 \times (100\% - 33.33\%) - 0] \times 1 = \text{EUR } 666.70$$

45. AUTOCALL EARLY REDEMPTION

Where the Issue Terms relating to a Tranche of Notes specifies that “Autocall” is applicable, based on the economic performance of a Reference Item or a basket of Reference Items, following an “Autocall Event”, such Notes give the investor a right to receive an Early Redemption Amount, being the Calculation Amount. Such Notes may be Index-Linked Notes (linked to an Index or a basket of Indices), Equity-Linked Notes (linked to an Underlying Equity or a basket of Underlying Equities), Fund-Linked Notes (linked to a Fund Interest or a basket of Fund Interests), Currency-Linked Notes (linked to an FX Rate or a basket of FX Rates) or Commodity-Linked Notes (linked to a Commodity or a basket of Commodities).

Early Redemption Amount

If an Autocall Event occurs, the Notes will be redeemed early by payment of the Autocall Early Redemption Amount in respect of each Calculation Amount (“CA”) being the Calculation Amount.

An Autocall Event will occur if the Relevant Autocall Performance in respect of a specified autocall valuation date (other than the final specified autocall valuation date) is greater than or equal to the Autocall Barrier (being the percentage specified in the relevant Issue Terms).

Relevant Autocall Performance is determined as either (i) the autocall performance of the Reference Item (where the Notes relate to a single Reference Item) or (ii) the sum of the weighted autocall performances of each of the Reference Items or the performance of the Reference Item which has a performance which is ranked the specified number highest or lowest (as specified in the relevant Issue Terms) of all of the Reference Items (where the Notes relate to a basket of Reference Items).

The autocall performance of any Reference Item is determined as the value of the relevant Reference Item in respect of the relevant specified autocall valuation date divided by the value or the average value of the relevant Reference Item in respect of specified initial valuation date(s).

46. INFORMATION RELATING TO THE REFERENCE ITEM(S) AND HISTORIC INTEREST RATES IN THE CASE OF VARIABLE RATE NOTES

Information relating to the past and further performance and volatility of the Reference Item(s) is available from internationally recognised published or electronically displayed sources, including the relevant source(s) specified in the applicable Issue Terms.

Information relating to historic interest rates in the case of Variable Rate Notes is available from internationally recognised published or electronically displayed sources, including the relevant electronic source referred to in the applicable Relevant Screen Page or Floating Rate Option, in each case, as specified in the applicable Issue Terms.

SECTION C - DOCUMENTS**SECTION C.1 - DOCUMENTS INCORPORATED BY REFERENCE**

The Annual Reports of the Group for the financial years ended 31 December 2018 and 31 December 2017 (respectively, the “**Annual Report 2018**” and the “**Annual Report 2017**”, respectively, and together, the “**Annual Reports**”) and the Interim Report – First Quarter 2019 (the “**Interim report first quarter 2019**”) of the Group for the first quarter period ended 31 March 2019 shall be deemed to be incorporated in, and to form part of, this Base Prospectus, excluding the following sections:

- (i) in respect of the Annual Report 2018:
 - the section “Financial outlook for 2019” of the “Executive summary” on page 11 thereof;
- (ii) in respect of the Annual Report 2017:
 - the section “Outlook for 2018 and financial target” on page 7 thereof; and
- (iii) in respect of the Interim report first quarter 2019:
 - the section “Outlook for 2019” in the “Executive Summary” on page 7 thereof.

The section “Terms and Conditions of the Notes” from the following base prospectuses and prospectus supplements relating to the Programme shall be deemed to be incorporated in, and to form part of, this Base Prospectus:

- (i) Reference Item-Linked Notes Base Prospectus dated 21 June 2013 (pages F-1 to F-116 inclusive), as supplemented by a Prospectus Supplement dated 19 February 2014 (pages 60 to 69); and
- (ii) Structured Rates, Reference Item and Credit-Linked Notes Base Prospectus dated 30 September 2013 (pages F-1 to F-126 inclusive), as supplemented by a Prospectus Supplement dated 14 February 2014 (pages 3 to 11);
- (iii) Reference Item-Linked Notes Base Prospectus dated 20 June 2014 (pages F-1 to F-115 inclusive);
- (iv) Base Prospectus dated 19 September 2014 (pages F1-F210 inclusive), as supplemented by Prospectus Supplement dated 6 November 2014 (pages 2-3), a Prospectus Supplement dated 5 December 2014 (pages 76-78) and a Prospectus Supplement dated 24 March 2015 (pages 85-97);
- (v) Base Prospectus dated 23 June 2015 (pages F1-F212 inclusive);
- (vi) Base Prospectus dated 22 June 2016 (pages F1-F228 inclusive);
- (vii) Base Prospectus dated 20 June 2017 (pages F1 – F227 inclusive); and
- (viii) Base Prospectus dated 19 June 2018 (pages F1-F232 inclusive).

DOCUMENTS INCORPORATED BY REFERENCE

In relation to each of the documents deemed to be incorporated in this Base Prospectus, the non-incorporated parts are either not relevant for the investor or are covered elsewhere in this Base Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Prospectus or in a document which is incorporated by reference in this Base Prospectus.

SECTION C.2 - DOCUMENTS AVAILABLE FOR INSPECTION

For as long as the Programme remains valid with the Central Bank and/or Euronext Dublin, hard copies of the following documents will be available, upon request, free of charge, from the registered office of the Issuer and from the Specified Office of the Paying Agent for the time being in London (where applicable, with an English translation thereof):

- (a) the Articles of Association of the Issuer;
- (b) the Agency Agreement;
- (c) the VP Systems Agency Agreement; and
- (d) the Deed of Covenant.

For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of the Central Bank at www.centralbank.ie:

- (a) a copy of this Base Prospectus and any Final Terms relating to Notes which are admitted to trading on the regulated market of Euronext Dublin; and
- (b) any supplements to this Base Prospectus, any future Base Prospectuses relating to the Programme and any supplements to future base prospectuses relating to the Programme.

For as long as the Programme remains valid with the Central Bank, copies of the following documents will be available on the website of the Issuer at www.danskebank.com:

- (a) the Annual Reports and the Interim Report first quarter 2019 (as defined in “*Documents Incorporated by Reference*”);
- (b) the Base Prospectuses setting out the Previous Terms and Conditions; and
- (c) any other documents incorporated herein by reference from time to time.

For as long as Securities issued under the Programme are listed on Euronext Dublin, copies of the following documents will be available on the website of Euronext Dublin at www.ise.ie:

- (a) a copy of this Base Prospectus and any Pricing Supplement relating to Exempt Notes which are admitted to trading on the Global Exchange Market; and
- (b) any supplements to this Base Prospectus, any future Base Prospectuses relating to the Programme and any supplements to future base prospectuses relating to the Programme.

SECTION D - DESCRIPTION OF THE DANSKE BANK GROUP

The general corporate structure of the Danske Bank Group (the “**Danske Bank Group**” or the “**Group**”) is as shown below:

Overview

The Group is the leading financial service provider in Denmark (source: the DFSA) measured by total working capital as at 30 September 2018, and one of the largest in the Nordic region measured by total assets as at 31 December 2018. The Group offers customers a wide range of services in the fields of banking, mortgage finance, insurance, pension, real-estate brokerage, asset management and trading in fixed income products, foreign exchange and equities. The Issuer is the largest bank in Denmark (source: the DFSA), is one of the larger banks in Finland and Northern Ireland, and has challenger positions in Sweden and Norway. As at 31 December 2018, the Group’s total assets amounted to DKK 3,578 billion (EUR 479.2 billion)² and the Group employed 20,683 full-time equivalent employees. As at the same date, the Group had approximately 3.3 million customers and approximately 2.2 million customers used the Group’s online services. The Group had 237 branches as at 31 December 2018.

Danske Bank A/S (“**Danske Bank**” or the “**Issuer**”) is the parent company of the Group. Danske Bank is a Nordic bank with bridges to the rest of the world, and its core markets are Denmark, Sweden, Norway and Finland. In these countries, it serves all types of customers, from retail customers and commercial to large corporate and institutional customers. It also operates in Northern Ireland, where it serves both retail and commercial customers. The Group has additional offices in several other European countries including a subsidiary in Luxembourg and branch offices in Poland, Germany and the U.K., where its main offerings are solutions for Nordic and local businesses as well as private banking clients. The Group also conducts broker-dealer activities in the United States, activities in the Baltic countries serving Nordic companies and global corporates with a significant Nordic footprint and has a subsidiary in Russia serving Nordic corporate banking customers. See “*Recent Developments*” on page D-21 of the Base Prospectus for an update on the Baltics and Russia.

The registered office of the Issuer is at 2-12 Holmens Kanal, DK-1092 Copenhagen K, Denmark, with telephone number +45 33 44 00 00 and Danish corporate registration number 61126228.

The Issuer’s History and Development

The Issuer was founded in Denmark and registered on 5 October 1871 and has, through the years, merged with a number of financial institutions. The Issuer is a commercial bank with limited liability and carries on business under the Danish Financial Business Act. The Issuer is registered with the Danish Business Authority.

In the period from 1997-2007, the Issuer strengthened its position in the Nordic region through acquisitions. In 1997, it acquired Östgöta Enskilda Bank in Sweden, in 1999, Fokus Bank A/S in Norway and, in 2000, RealDanmark and its subsidiaries BG Bank A/S and Realkredit Danmark A/S. Furthermore, on 1 March 2005, the Issuer acquired Northern Bank Limited in Northern Ireland and National Irish Bank in the

² Unless specified, DKK amounts are converted into EUR FX rate = 7.4673 DKK per EUR.

DESCRIPTION OF THE DANSKE BANK GROUP

Republic of Ireland, and, on 1 February 2007, it acquired Sampo Bank plc in Finland (now Danske Bank A/S Finland Branch), including Sampo Bank plc's activities in the three Baltic countries and a subsidiary in St. Petersburg, Russia.

Effective 1 June 1998, all branches of Östgöta Enskilda Bank were converted into branches of the Issuer and, effective 1 April 2007, Fokus Bank A/S and National Irish Bank were converted into branches of the Issuer and, in June 2008, the three Baltic banks, AS Sampo Bank in Estonia, AS Sampo Banka in Latvia and AB Sampo bankas in Lithuania, were converted into branches of the Issuer. In November 2012, the Group rebranded its banking units and since then it has marketed all of its banking operations under the Danske Bank brand name. With effect from 1 January 2014, the Group refocused its activities in the Republic of Ireland to serve exclusively Corporates & Institutions' clients. All other activities in the Republic of Ireland were transferred to the Non-core business unit. With effect from 1 January 2015, the Group refocused its activities in the Baltic countries to serve Business Banking customers. All Personal Banking customers in the Baltic countries were transferred to the Non-core business unit.

In October 2017, the Danish MobilePay activities were transferred from Danske Bank A/S to the 100 per cent. owned subsidiaries, MobilePay A/S and MobilePay Denmark A/S, which hold the intellectual rights to MobilePay and the Danish MobilePay customers, respectively.

On 26 June 2017, Danske Hypotek AB (publ) ("Danske Hypotek") was granted a licence by the Swedish Financial Supervisory Authority to conduct financing business as a credit market company in Sweden as well as a licence to issue covered bonds under the Swedish Covered Bonds Act. Danske Hypotek is a wholly-owned subsidiary of the Issuer and has been established for the purpose of managing the Group's issuance of covered bonds under the Swedish Covered Bonds Act. The Issuer will originate mortgage loans to be contained in the cover pool of Danske Hypotek under the terms of a mortgage loan sale agreement. In addition to acquiring mortgage loans originated by the Swedish Branch of the Issuer, Danske Hypotek may, in the future, originate its own Swedish mortgage loans as an original lender. All properties that constitute security for the mortgage loans in the Danske Hypotek cover pool will be located in Sweden.

On 31 October 2017 the mortgage credit banking business of Danske Bank Plc, including the outstanding covered bonds issued by Danske Bank Plc and the relevant mortgage loans contained in the respective cover pool, was transferred to a new company, Danske Mortgage Bank Plc. Danske Mortgage Bank Plc is a wholly-owned subsidiary of the Issuer and holds a licence as a mortgage credit bank under the Finnish Act on Mortgage Credit Bank Operations. Following the completion of this demerger, and as part of efforts to simplify the organisation and improve efficiency, the Group merged its remaining activities in Finland, consisting of Danske Bank Plc and Danske Bank A/S, Helsinki Branch, into a single branch, Danske Bank A/S, Finland Branch. Following completion of this cross-border merger in December 2017, the Issuer would originate mortgage loans to be contained in the cover pool of Danske Mortgage Bank Plc under the terms of a servicing agreement. All properties that constitute security for the mortgage loans in the Danske Mortgage Bank Plc cover pool will be located primarily in Finland.

In December 2017, the Group entered into an agreement to purchase all shares of the Danish companies SEB Pensionforsikring A/S (including the property subsidiaries SEB Ejendomme I A/S and SEB Ejendomme II A/S) and SEB Administration A/S; the acquired companies are referred to as SEB Pension Danmark. Regulatory approvals were received on 30 May 2018, and the transaction was finalised on 7 June 2018. The companies have subsequently been renamed Danica Pensionsforsikring A/S and Danica Administration A/S. SEB Pensionsforsikring is a major player in the Danish pension and commercial market. The principal activities of SEB Administration are to provide administrative and agency services to the companies of the SEB Pension Danmark and other support function services. Through the acquisition of SEB Pension Danmark, the Group will increase its presence in the Danish pension market, strengthen its innovation capacity and be able to offer its customers even better pension and insurance solutions.

In April 2018, the Group announced that it had decided to align its business activities in the Baltic countries in accordance with the Group's strategy of focusing on customers in the Nordic region. As a result,

all other local Baltic customers were transferred to the Non-core business unit. See “Recent Developments” on page D-21 of the Base Prospectus for an update on the Baltics and Russia.

On 11 December 2018, the Group announced the sale of Danica Pension Försikringsaktiebolag (publ) (Danica Pension Sweden). The sale was finalised on 2 May 2019.

The following table sets forth certain financial highlights of the Group:

Financial highlights

Organisational structure

Changes to the Group's Organisation

In April 2018, the Issuer announced changes to its organisation effective 2 May 2018 in order to move the Group closer to its customers and strengthen its business development activities. Personal Banking and Business Banking, which had operated as separate business units, were merged into country organisations within two new units: Banking DK and Banking Nordic. The Corporates & Institutions (“C&I”) and Wealth Management business units maintain their global organisations. In order to strengthen its business development activities, the Group gathered all development and strategy competencies in a new unit called Group Development.

Strategy

The new strategy is called “Nordic Integrator”. Integration will be key to realising the Group’s vision of being recognised as the most trusted financial partner. With its new strategy, the Issuer is working towards becoming a Nordic Integrator bank, taking an even more active role in making its customers financially confident and contributing to societal growth and stability. The Group wants to become integral to its customers’ lives, more closely integrated into the Nordic societies and more integrated internally across its organisation.

Banking DK

Banking DK serves retail and commercial customers in Denmark. The unit offers retail customers’ advice tailored to their financial needs and is a leading provider of daily banking, home financing, investment and retirement planning solutions. For commercial customers, the unit provides targeted advice and solutions based on the size and situation of the customers’ business. Services include strategic advice on, for instance, international expansion, and acquisitions. The unit offers digital solutions to facilitate daily operations, including cross-border transfers and cash management. As at 31 December 2018, the Banking DK business unit had 3,341 full-time equivalent employees.

Banking Nordic

Banking Nordic serves retail and commercial customers in Sweden, Norway and Finland, providing customer offerings similar to those of Banking DK. In addition, the unit encompasses the Group’s global asset finance activities, such as lease activities. As at 31 December 2018, the Banking Nordic business unit had 2,442 full-time equivalent employees.

Corporates & Institutions

C&I is the wholesale banking division of the Group. It serves all of the Group’s corporate and institutional customers by offering expertise within financing, general banking, investment services and corporate finance advisory services. In addition, the unit operates globally, supported by global product areas and local customer coverage, and acts as a bridge to the world for Nordic customers as well as a gateway into the Nordics for international customers. The unit bridges the financial needs of the institutional and corporate sectors, connecting issuers and investors. The unit is organised in four areas: a customer unit, named General Banking, and three product areas: Capital Markets, Fixed Income & Currencies (FI&C) and Transaction Banking & Investor Services. As at 31 December 2018, the C&I business unit had 1,858 full-time equivalent employees.

Wealth Management

Wealth Management serves private individuals, companies and institutional investors in the markets in which the Group operates. The unit offers a broad range of products and services within wealth and asset management, investments, pension savings and insurance. The unit encompasses expertise from Danica

DESCRIPTION OF THE DANSKE BANK GROUP

Pension, Danske Invest, Asset Management and Private Banking. As at 31 December 2018, the Wealth Management business unit had 2,201 full-time equivalent employees, and the assets managed by Wealth Management amounted to DKK 1,575 billion.

Northern Ireland

Northern Ireland serves retail and commercial customers through a network of branches and business centres in Northern Ireland alongside digital channels. As at 31 December 2018, the Northern Ireland business unit had 1,322 full-time equivalent employees.

Non-core

Non-core includes certain customer segments that are no longer considered part of the core business. The Non-core business unit is responsible for the controlled winding-up of this part of the loan portfolio. The portfolio consists primarily of loans to retail and commercial customers in the Baltics and liquidity facilities for special purpose vehicles and conduit structures.

Other Activities

Other Activities consists of the following Group resource and service functions: Group Development (including Strategy, Development and Marketing); Group Risk Management (including Group Legal); the CFO area (including Group Treasury); the COO area (including IT and Services); Group HR; the Chief of Staff unit (including Group Communications & Relations); and Group Compliance. These service areas support the main business units, performing tasks that span various customer groups and markets.

Funding structure

The Group continues to ensure that it has a prudent ratio between lending and long-term funding. In addition, the Group has comprehensive and well-established funding programmes, including covered bonds. Covered bonds help diversify the Group's funding across investors and maturities.

Group funding sources (by type) (Year-end)

(%)	2018	2017
Central banks, Credit institutions and repo transactions	22	19
Short-term bonds	2	5
Long-term bonds	6	7
Total covered bonds	12	11
Deposits	49	49
Subordinated debt	1	1
Shareholders' equity	8	8
Total	100	100

Source: Annual Report 2018, pg. 200.

The Group has two channels through which it grants mortgage loans: (i) Realkredit Danmark A/S; and (ii) the Issuer itself including bank and mortgage bank subsidiaries.

The mortgage loans on the Realkredit Danmark A/S platform are funded through the issuance of mortgage bonds according to the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds, etc. Act and executive orders issued by the DFSA.

Shareholders' equity

The Issuer's shareholders' equity was DKK 149.0 billion (EUR 20.0 billion) as at the end of 2018 against total equity at 1 January 2018 DKK 153.9 billion (EUR 20.7 billion)³.

At year-end 2018, the Issuer's authorised and issued share capital totalled DKK 8,959,536,210 (EUR 1.2 billion) based on 895,953,621 shares of DKK 10 (EUR 1.339) each. The Issuer's shares are listed on the Nasdaq Copenhagen A/S.

In February 2018, the Issuer announced that the Board of Directors had approved a share buy-back programme for DKK 10 billion (EUR 1.34 billion)⁴, with a maximum of 85 million shares. The programme was to be conducted from 5 February 2018 until 1 February 2019 at the latest. The Issuer announced that the Board of Directors intended to propose to the Annual General Meeting in 2019 that the shares purchased under the current share buy-back programme should be cancelled. However, on 4 October 2018 the Issuer announced that the Board of Directors had decided to discontinue the share buy-back programme. The last trade date under the programme was 3 October 2018, at which date the total number of shares repurchased was 33,769,000 for a total amount of approximately DKK 6.9 billion (EUR 0.93 billion).⁵ On 18 March 2019, the Annual General Meeting of the Issuer resolved to reduce the Issuer's share capital by nominally DKK 337,690,000, from nominally DKK 8,959,536,210 to nominally DKK 8,621,846,210 by cancelling 33,769,000 treasury shares of nominally DKK 10 each.

At year-end 2018, the Issuer had approximately 270,000 shareholders. According to the Danish Companies Act, shareholders must notify a company if their shareholding exceeds 5 per cent. of the company's share capital or if any change occurs in a previously notified shareholding to the effect that the 5, 10, 15, 20, 25, 50, 90 or 100 per cent. thresholds and the thresholds of one-third or two-thirds of the voting rights or the share capital are reached or no longer reached.

As of year-end 2018, two shareholder groups had notified the Issuer of holding 5 per cent. or more of the Issuer's share capital and voting rights:

- A.P. Møller-Holding Group held a total (directly and indirectly) of more than 20.0 per cent. of the shares and voting rights of the Issuer; and
- BlackRock Inc. held a total (indirectly via shares and other financial instruments with similar economic effect) of more than 5 per cent. of the shares and the voting rights of the Issuer.

As of 8 May 2019, BlackRock Inc. announced that it held (indirectly via shares and other financial instruments with similar economic effect) 5.00 per cent. of the shares and the voting rights of the Issuer.

The Issuer estimates that as of 31 December 2018 almost 49 per cent. of its share capital is held by investors outside of Denmark. Most foreign investors are based in the United States and the United Kingdom.

³ FX rate at 1 January 2018 = 7.4451 DKK per EUR.

⁴ FX rate at 5 February 2018 = 7.4433 DKK per EUR.

⁵ FX rate at 3 October 2018 = 7.4567 DKK per EUR.

DESCRIPTION OF THE DANSKE BANK GROUP

Capital and Solvency

The Group's capital base consists of tier 1 capital (common equity tier 1 capital and additional tier 1 capital instruments) and tier 2 capital. At 31 December 2018, the capital base of the Group amounted to DKK 160 billion (EUR 21.4 billion), the total capital ratio for the Group was 21.3 per cent., with a common equity tier 1 capital ratio of 17.0 per cent. and a tier 1 capital ratio of 20.1 per cent. At 31 December 2017, the total capital ratio for the Issuer was 24.7 per cent. with a common equity tier 1 ("CET1") ratio of 19.7 per cent. and a tier 1 capital ratio of 23.3 per cent.

At the end of 2018, the Group's REA amounted to DKK 748 billion (EUR 100.2 billion), against DKK 753 billion (EUR 101.2 billion)⁶ at the end of 2017. Despite the implementation of a risk weight floor on Swedish residential mortgage exposures in the fourth quarter of 2018 (moved from Pillar II to Pillar I), the REA for credit risk decreased DKK 5 billion (EUR 0.7 billion) due to portfolio changes such as lower exposure and a depreciation of the Group's main currencies. Lower market risk reduced the total REA by a further DKK 3 billion (EUR 0.4 billion).

The following table below shows the total capital ratio, tier 1 capital ratio and common equity tier 1 capital ratio. The second table shows the risk exposure amounts, tier 2 capital instruments and additional tier 1 capital instruments.

Danske Bank Group (%)	31 Dec. 2018	31 Dec. 2017
Total capital ratio	21.3	22.6
Tier 1 capital ratio	20.1	20.1
Common equity tier 1 capital ratio, excluding hybrid core capital	17.0	17.6

Note: The ratios are calculated in accordance with the Danish Financial Business Act.

On 3 May 2018, the DFSA ordered the Board of Directors and the Executive Board to reassess the Issuer's and the Group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the Group's governance. The DFSA initially estimated that a Pillar II add-on should amount to at least DKK 5 billion (EUR 0.67 billion)⁷, or approximately 0.7 per cent. of the Group's REA as at 31 December 2017. An add-on of DKK 5 billion

⁶ FX rate at 31 December 2017 = 7.4451 DKK per EUR.

⁷ FX rate at 3 May 2018 = 7.4497 DKK per EUR.

would have increased the Group's solvency need from 10.5 per cent. to 11.2 per cent. as at 31 March 2018. On 4 October 2018, the DFSA ordered the Group to reassess its solvency need with a view to adding an absolute minimum of DKK 10 billion (EUR 1.34 billion)⁸ to the Group's Pillar II requirement (including the DKK 5 billion Pillar II add-on ordered in the DFSA decision dated 3 May 2018). At the end of December 2018, the Group's solvency need was 11.8 per cent., an increase of 1.3 percentage points from the level at the end of 2017. As of 31 December 2018, the Group's total capital ratio was 21.3 per cent. and the CET1 capital ratio was 17.0 per cent.

Subordinated debt and additional tier 1 capital

In 2018 the Group redeemed DKK 10,911 million (EUR 1,000 million⁹, GBP 350 million¹⁰ and NOK 700 million¹¹) and issued DKK 4,891 million in terms of a CRR-compliant convertible additional tier 1 capital of USD 750 million¹² (EUR 655 million) with discretionary interest payments. As the bonds mandatorily convert into a variable number of ordinary shares if a trigger event occurs, they are accounted for as liabilities.

Capital regulation

The Issuer is following the phase-in of the CRR and the CRD IV Directive in accordance with Danish rules.

The impact of IFRS 9 on regulatory capital is subject to a five-year phase-in period from 1 January 2018, whereby an institution is allowed to include in its CET1 capital a portion of the increased expected credit loss provisions for a transition period. The transition method applied for the Group is based on a so-called dynamic approach taking into account both the initial impact and the evolution of the new expected credit loss provisions during the transition period. At the end of 2018, the Issuer estimated that the remaining effect of the CRR and the CRD IV Directive on its fully-loaded CET1 capital ratio, including the impact from IFRS will be an additional reduction of approximately 0.2 percentage points.

The DFSA has approved the Issuer's continuing use of the financial conglomerate deduction method for holdings in Danica Pension. The deduction is based on Danica Pension's solvency need rather than on its minimum capital requirement. The non-deductible part of the holdings will be risk-weighted at 100 per cent.

Distributions of Dividends

At the board meeting on 31 January 2019, the Issuer's dividend policy was revisited, and going forward the payout ratio will continue to be 40-60 per cent. of net profits. The wide dividend policy range will allow flexibility in capital distributions, while still offering the Issuer the possibility of handling profitable growth as well as the effects of pending regulation.

For 2018, the Issuer paid a dividend of DKK 8.5 (EUR 1.138) per share. The proposed dividend corresponds to 51 per cent. of the reported net profit for the year. The Group launched a share buy-back programme in February 2018. The Group received the DFSA's approval to acquire own shares for a total value of DKK 10.0 billion (EUR 1.34 billion)¹³. According to the rules of CRR, the Group has to deduct the approved amount in the CET1 capital with the receipt of the DFSA's approval. As a further prudency measure due to the current circumstances and in addition to the increased capital targets, the Board of Directors decided on 4 October 2018 to discontinue the 2018 share buy-back programme. The programme

⁸ FX rate at 4 October 2018 = 7.4567 DKK per EUR.

⁹ FX rate at 4 October 2018 = 7.4567 DKK per EUR.

¹⁰ FX rate at 1 October 2018 = 8.3699 DKK per GBP.

¹¹ FX rate at 6 December 2018 = 0.7692 DKK per NOK.

¹² FX rate at 31 December 2018 = 6.5213 DKK per USD.

¹³ FX rate at 5 February 2018 = 7.4433 DKK per EUR.

DESCRIPTION OF THE DANSKE BANK GROUP

was due to end on 1 February 2019. By the date of discontinuation, the Issuer had bought back a total of 33.8 million shares for a gross value of DKK 6.9 billion (EUR 0.93 billion)¹⁴ (figures at trade date). The discontinuation added approximately 0.4 percentage points to the Issuer's CET1 capital ratio in the fourth quarter of 2018.

Due to continued uncertainty regarding consequences of the Estonia case, no share buy-back programme has been initiated in 2019.

Risk Management

Introduction

The Issuer's Rules of Procedure for the Board of Directors of the Issuer and the Executive Board (the "**Rules of Procedure**") specify the responsibilities of the two boards and the division of responsibilities between them. The Rules of Procedure and the two-tier management structure, which were developed in accordance with Danish law, regulations and relevant corporate governance recommendations are central to the organisation of risk management and the delegation of authorities throughout the Group.

The Board of Directors appoints members to the Executive Board, the chief audit executive ("**CAE**") and the secretary to the Board of Directors. In accordance with the rules of procedure, the Board of Directors approves the Group's overall business model, risk profile, strategy, policies, risk appetite and instructions with mandates to the Executive Board. In addition, the Board of Directors receives regular reports, monitors the main risks and reviews the largest credit exposures.

The Executive Board is responsible for the Group's day-to-day management as stated in the rules of procedure. It supervises the Group's risk management practices, approves credit applications up to a defined limit and ensures that bookkeeping and asset management are sound and in accordance with the Group's business model, strategy, policies and instructions established by the Board of Directors and in compliance with applicable legislation. The Executive Board consists of the chief executive officer, the heads of the four main business units and the heads of Group HR, COO area, CFO area, Group Development, Group Compliance and Group Risk Management.

Responsibility for the day-to-day management of risks in the Group is divided between the CFO area, Group Risk Management, the business units and the operations and service organisations.

The Group has established a segregation of duties between units that enter into business transactions with customers or otherwise expose the Group to risk on the one hand, and units in charge of overall risk management on the other.

The Group's risk management practices are organised according to the three-line-of-defence model. The three lines of defence segregate duties between (i) units that enter into business transactions with customers or otherwise expose the Group to risk (risk ownership), (ii) units in charge of risk oversight and control (risk oversight), and (iii) Group Internal Audit (risk assurance).

The first line of defence owns and manages the business activities and related risks. The first line of defence consists of the business units, including first-line-of-defence risk management entities, and the heads of Group HR, COO area, CFO area and Group Development. These units are responsible for identifying, managing, mitigating and controlling risks, and their responsibilities extend across national borders. The mandate of the business units is governed by risk policies, instructions and limits.

The second line of defence is responsible for setting the standards, policies and methods under which the first line of defence operates with respect to risk management. The second line of defence supports

¹⁴ FX rate at 3 October 2018 = 7.4567 DKK per EUR.

and challenges the first line of defence and operates independently of the first line of defence. The second line provides risk oversight and consists of Group Risk Management and Group Compliance.

The third line of defence is represented by Group Internal Audit. Group Internal Audit is an independent and objective unit evaluating and improving the effectiveness of risk management, control and governance processes in relation to the control environments of the first and second lines of defence.

Group Risk Management

The head of Group Risk Management has the title of chief risk officer (the “**CRO**”), is a member of the Executive Board, and in cooperation with and under the responsibility of the chief executive officer (the “**CEO**”) of the Issuer, the CRO reports to the Board of Directors.

Group Risk Management is responsible for setting the standards, policies and methods under which the first line of defence operates with respect to risk management. The second line of defence supports and challenges the first line of defence and operates independently of the first line of defence.

Group Risk Management serves as the secretariat of the Group Credit Committee, the Impairment Committee and the Group All Risk Committee and the following two sub-committees to the Group All Risk Committee: the Model Risk Management Committee and the Operational Risk Committee. Senior risk managers are also members of the Group Asset & Liability Committee, the Business Integrity Committee, the Valuation Committee and the Business Units All Risks Committees (All Risk Banking Denmark, All Risk Banking Nordic, All Risk C&I and All Risk Wealth Management).

Group Risk Management is organised into units with individual risk type responsibility and with business unit CROs covering all risk types within their individual business areas. The following units are part of Group Risk Management: Banking Denmark Risk Management, Retail Credit Risk, Wholesale Credit Risk, Group Non-financial Risk, Risk Analytics, Market & Liquidity Risk, and COO Risk Functions. In addition, country CROs in Norway, Sweden, Finland and Northern Ireland are responsible for all risk types in their respective countries.

Banking Denmark Risk Management covers and manages all risk types within the Danish market on behalf of Group Risk Management and support clear roles and responsibilities between the first and second lines of defence, allowing for a consistent approach across the three lines of defence. The responsibilities of the unit include overseeing the risk profile, monitoring and maintaining the risk appetite, risk assessment and credit granting. The Banking Denmark CRO reports directly to the Group’s CRO.

Retail Credit Risk and Wholesale Credit Risk are responsible for managing retail and wholesale credit risks, respectively. They delegate credit risk mandates and oversee day-to-day credit risk management in the first line of defence in their respective areas. This also includes reviewing the approval and follow-up processes for the lending books of the business units. Both business unit heads have a “double-hatted” role, by being Banking Nordic CRO and C&I CRO, respectively, and being responsible for all risk types within the Banking Nordic and C&I markets on behalf of Group Risk Management. Among other things, their responsibilities include overseeing the risk profile, monitoring and maintaining the risk appetite, risk assessment and credit granting. The Banking Nordic CRO and C&I CRO report directly to the Group’s CRO.

Group Non-Financial Risk is responsible for the independent oversight of all non-financial risks and conduct stress testing in order to provide input to regulatory reports and industry-wide stress tests. The department is also responsible for the implementation and maintenance of the Group-wide framework to manage operational risk. The head of Group Non-Financial Risk is also the Wealth Management CRO, and responsible for managing risks in the Wealth Management business unit, reporting directly to the Group’s CRO.

DESCRIPTION OF THE DANSKE BANK GROUP

Risk Analytics develops and maintains credit rating methodologies and models. The team ensures that the methodologies and models are fit for day-to-day credit processing at the business units and that statutory requirements are met. Because of the Group's extensive use of models, model risks are closely monitored and managed. An independent unit is responsible for validating credit and market risk parameters.

COO Risk Functions is responsible for the development and maintenance of the Enterprise Risk Management framework, the Group's risk appetite framework, stress testing engine and portfolio management. The department facilitates the quarterly processes of calculating and consolidating impairment charges against credit exposures and monitors and reports on the Group's consolidated credit portfolio, with sector- and country-specific views and risk appetites. The department's risk quality assurance team ensures that policies and procedures are properly implemented by the first line of defence. Finally, the department maintains the Group's recovery plan and is responsible for risk governance.

Market Risk and Liquidity Risk Management monitor and report on the Group's market risk and is responsible for independently reviewing and challenging the methodologies and metrics applied in day-to-day liquidity management.

Group Legal provides legal support to the Group's Business Units and Group Functions and monitors handling and mitigation of Legal risks. Group Legal is headed by the Group General Counsel. The majority of legal staff functions of the Group are part of Group Legal.

CFO area

The CFO area is headed by the Group's Chief Financial Officer (the "CFO"), who is a member of the Executive Board. The CFO area oversees the Group's financial reporting, budgeting and strategic business analysis, including the tools used by the business units for performance follow-up.

The CFO area is also in charge of the Group's investor relations; relations with international rating agencies; capital management and treasury.

Group Treasury is responsible for executing the capital and funding plan, managing the Group's liquidity plan and monitoring its liquidity needs. Group Treasury also ensures that the Group's structural liquidity profile is within the defined limits and that the targets set by the Board of Directors and the All Risk Committee as well as regulatory and prudential requirements are met. Furthermore, Group Treasury is responsible for asset and liability management, private equity activities and long-term funding activities.

Group Capital, which is part of Group Treasury, is responsible for the overall management of the Group's capital position, and tasks include calculating the total risk of REA, performing the Group's internal capital adequacy assessment process ("ICAAP") and allocating capital to the business units. In addition, Group Capital is responsible for the Group's forward-looking views in terms of capital, including the implementation of new regulation, planned issuances of capital instruments, the Group's payout policy and stress testing for ICAAP and regulatory purposes.

Group Compliance

Danske Bank's new chief compliance officer ("CCO") is a member of the Executive Board, and in cooperation with and under responsibility of the CEO, the CCO reports to the Board of Directors. Group Compliance is responsible for identifying, assessing, monitoring and reporting on whether the Group complies with applicable laws, regulations and internal requirements. The head of Group Compliance reports to the CEO.

COO area

The COO area is headed by the Group's Chief Operating Officer (the "COO"), who is a member of the Executive Board. The COO area is responsible for the Group's operations and Group IT. Group IT is headed by the Group's Chief Technology Officer (the "CTO").

The Group's CISO reports functionally to the CTO, with a secondary reporting line to the CRO. The CISO heads Group IT Security & Risk within Group IT. Group IT Security & Risk performs control monitoring and ensures compliance with the Security Policy as a second line of defence function.

Chief of Staff

Group Communications & relations, Regulatory Affairs, CEO Office, the non-core business units and the Societal Impact & Sustainability function are headed by the Group's Chief of Staff. The Chief of Staff reports to the CEO.

Business Units

Each of the Banking Denmark, Banking Nordic, Corporate & Institutions and Wealth Management business units is headed by a member of the Executive Board. Northern Ireland is the fifth business unit and a separate legal entity with its own executive board and separate board of directors.

The mandate of the business units' to originate credit applications, take deposits and undertake investments for the Group is regulated by risk policies, instructions and limits. The Group strives to cultivate a corporate culture that supports and enforces the organisation's objective of assuming selected risks in accordance with the defined guidelines.

The heads of the business units and the heads of the operations and service functions are responsible for all business-related risks, and their responsibilities extend across national borders. Lending authorities are cascaded down from the Board of Directors, through the Executive Board to Group Risk Management, to lending officers at the business units. Authorities are delegated to qualified and experienced staff at levels appropriate to such tasks and relevant to the risk profile and nature of the exposures considered by those officers. Credit applications exceeding the delegated lending authorities are submitted to the Group Credit Committee and to the Board of Directors.

Procedures for new product approvals are based on a directive provided by the Executive Board to the heads of business units. Materiality criteria determine whether the approval of new products is presented to the Group's chief risk officer. In cases of a reputational or material financial nature, both the Executive Board and the Board of Directors are involved in the approval process.

The business unit CROs in Banking Denmark, Banking Nordic, C&I and Wealth Management are part of the second line of defence within Group Risk Management. They are responsible and accountable for managing all risk types in the respective business units on behalf of Group Risk Management. They are responsible for, among other things, overseeing the risk profile, monitor and maintain the risk appetite and coordinate all risk types. The functional risk heads will continue to have control, oversight and ownership of their respective risk types.

The country CROs in Norway, Sweden and Finland have the responsibility for all risk management in their respective countries and are member of the country management teams and report to the CRO of Banking Nordic. In cooperation with country managers, the country chief risk officers are responsible for ensuring compliance with local rules and regulations. Local risk committees are established where relevant.

DESCRIPTION OF THE DANSKE BANK GROUP

Crisis Management

The Group is a significant player in the Nordic financial markets and provides a number of critical functions upon which the financial systems in its core markets rely. The Group recognises the importance of having plans and procedures in place to ensure that it is viable in the long term and that the critical services are available.

The Group's operational crisis management is supported by business continuity plans. They describe measures to restore the Group's operational capabilities and to allow the Group to recover from material operational risk events.

The Group has prepared a liquidity contingency plan as well as a recovery plan, and they serve as tools to be used in situations of financial stress. The plans include an indicator framework that supports the Group's ability to identify and understand potential threats to its financial viability in due time. The framework describes governance processes and the catalogue of available actions to be implemented to restore the Group's long-term viability.

The Group recovery plan is evaluated by the DFSA and the foreign supervisory authorities on an annual basis.

Legal and Regulatory Proceedings

Owing to its business volume, the Group is continually a party to various lawsuits and disputes and has an on-going dialogue with public authorities such as the DFSA. In particular, the investigations and events that took place in the Estonian branch are being discussed with the DFSA and other public authorities such as the Estonian Financial Supervisory Authority ("**Estonian FSA**") the U.S. Department of Justice (the "**DOJ**") and the U.S. Securities and Exchange Commission (the "**SEC**").

Danish FSA: The DFSA has assessed the role of the Group's management and senior employees in the matter relating to the now terminated non-resident portfolio (as defined in the Report) at the Group's branch in Estonia. The assessment related to whether rules relating to management and controls, and other Danish rules, had been complied with and the DFSA stated that serious weaknesses in the Group's governance had been uncovered in a number of areas, and the DFSA criticised the Group's governance, internal controls and responses. In its decision document dated 3 May 2018, the DFSA imposed on the Issuer eight orders and eight reprimands. Among other things, the DFSA ordered the Board of Directors and the Executive Board to reassess the Issuer's and the Group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks, as a result of weaknesses in the Group's governance. The DFSA initially estimated that a Pillar 2 add-on should amount to at least DKK 5 billion, or approximately 0.7 per cent. of the Group's REA as at 31 December 2017. At the end of September 2018, the Group's solvency need was 12.1 per cent., an increase of 1.6 percentage points from the level at the end of 2017. As of 30 September 2018, the Group's total capital ratio was 20.9 per cent. and the CET1 capital ratio was 16.4 per cent.

The Group has taken note of the DFSA orders and reprimands. In addition to the initiatives already taken in recent years, the Group has launched further measures to ensure that it complies with all orders. The DFSA did not assess compliance with rules on measures to prevent money laundering as, pursuant to European Union regulation, the Estonian FSA supervises compliance by branches in Estonia with such rules. Furthermore, the DFSA noted in its decision document dated 3 May 2018 that the Group's ongoing investigations into the conditions at the Estonian branch could lead to new assessments and supervisory actions by the DFSA.

On 4 October 2018, the DFSA issued a follow-up on its decision in the Estonia case of 3 May 2018. As regards the DFSA order on reassessment of the solvency need, the DFSA considered that, at 30 June 2018, the Issuer complied with the order to increase its solvency need by a Pillar 2 add-on of DKK 5 billion.

However, considering the developments since 30 June 2018, including the publication of the Report, which had caused the DFSA to reopen its investigations, the DFSA assessed the Issuer's compliance and reputational risks to be higher than previously estimated following the DFSA's decision of 3 May 2018. Consequently, the DFSA ordered the Issuer to reassess the Issuer's and the Group's solvency need in order to ensure an adequate capital coverage of the increased compliance and reputational risks. The DFSA required an absolute minimum of DKK 10 billion be added to the Group's Pillar 2 requirement (which included the DKK 5 billion Pillar 2 add-on which had been required pursuant to the DFSA's 3 May 2018 decision). In addition to revising its capital targets following the DFSA decisions, the Issuer decided to discontinue the share buy-backs under the share buy-back programme for 2018 in order to gain further flexibility within its new capital targets.

On 4 October 2018 the DFSA further found that the Issuer had not fully complied with one order of its 3 May 2018 decision, as the Issuer's response to the DFSA did not comprise initiatives to address the DFSA's concerns relating to ensuring satisfactory documentation of the decision-making basis, discussions at meetings and decisions made. The Issuer must therefore introduce initiatives with a view to generally strengthening its governance in relation to decision-making processes, including governance at levels below the Board of Directors and the Executive Board. In relation to the remaining orders of the decision of 3 May 2018, the DFSA found that the Issuer either had complied with the orders by the end of June 2018 or had initiated suitable initiatives to ensure compliance.

SØIK: On 6 August 2018, the Danish State Prosecutor for Serious Economic and International Crime ("**SØIK**") announced that it had opened an investigation into the Issuer concerning transactions passing through the Issuer's Estonian branch to examine whether there are grounds for a criminal case against the Issuer for breach of the Act on Measures to Prevent Money Laundering and Financing of Terrorism (the "**Danish AML Act**"). On 28 November 2018 the Issuer was preliminarily charged by SØIK with violating the Danish AML Act on four counts all relating to the Issuer's Estonian branch in the period from 1 February 2007 to the end of January 2016. Among other things, SØIK alleges that the Issuer's Estonian branch did not have sufficient procedures, controls and risk management systems to effectively prevent, mitigate and manage the risk of money laundering and financing of terrorism, or sufficient know your customer procedures, and the monitoring of transactions and reporting of suspicious transactions to the authorities was inadequate. The preliminary charge is the result of an investigation initiated by SØIK in August 2018. The Issuer is cooperating with the authorities.

Estonian Office of the Prosecutor General: On 31 July 2018, it was reported in the Estonian and Danish media that the Estonian Office of the Prosecutor General has decided to open a criminal investigation into former employees of the Estonian branch.

U.S. Department of Justice: The Issuer has received requests for information from the DOJ in connection with a criminal investigation relating to the Issuer's Estonian branch conducted by the DOJ.

U.S. Securities and Exchange Commission: The Issuer has received an inquiry from the SEC which is also carrying out an investigation in relation to the Estonian case.

New York: On 9 January 2019, an action was filed in New York by an alleged holder of the Issuer's American Depositary Receipts, representing its ordinary shares, against the Issuer. The complaint seeks unspecified damages on behalf of a putative class of purchasers of the Issuer's American Depositary Receipts between 9 January 2014 and 23 October 2018. The timing of completion of the lawsuit and the outcome are uncertain.

Tribunal de Grande Instance de Paris: On 7 February 2019, the Issuer was placed under formal investigation ("*mise en examen*") by an investigating judge at the Tribunal de Grande Instance de Paris in connection with an investigation into suspicion of money laundering related to certain transactions in the terminated portfolio of non-resident customers of the Issuer's branch in Estonia in the period from 2007 to

DESCRIPTION OF THE DANSKE BANK GROUP

2014. The investigation covers transactions amounting to around EUR 21.6 million. The Issuer has been ordered to post bail in the amount of EUR 10.8 million.

The terminated portfolio of non-resident customers is described in more detail in the Report. Whilst the Report showed shortcomings and failures, including late and inadequate handling of the issues arising from the Estonia matter, the investigation into the terminated portfolio of non-resident customers has made no findings which enable it to conclude whether money laundering, tax evasion or other criminal activity has actually taken place. The Issuer was first placed under formal investigation in France on 11 October 2017. On 25 January 2018, Danske Bank's status in the investigation was changed to that of an assisted witness ("*témoïn assisté*"). Since then, Danske Bank has published the Report, which has now been included in the investigation in France.

The timing of the completion of the on-going investigations into the AML matters at the Estonian branch, the outcome and the subsequent discussions with the authorities regarding such matters are subject to uncertainty. It is not yet possible to reliably estimate the timing or amount of any potential settlement or fines, if any, which could be material.

The Issuer does not wish to benefit financially from suspicious transactions in Estonia in the period from 2007 to 2015. Accordingly, the estimated gross income from the non-resident portfolio in Estonia in the period from 2007 to 2015 of DKK 1.5 billion has been set aside net of confiscation as a donation for measures to combat financial crime. The donation will be transferred to an independent foundation, which will be set up to support initiatives aimed at combating international financial crime, including money laundering. The foundation will be set up independently from the Issuer, with an independent board.

On 3 March 2019, a class action lawsuit was filed against the Issuer in the City Court of Copenhagen. The potential quantum of such class action lawsuit is not yet known.

Recent reports in the media have pointed to potential further legal actions being raised against the Issuer in connection with the Estonian case, and the Issuer has received claims for compensation threatening litigation. The timing of completion of any such lawsuits (pending or threatened) and their outcomes are uncertain. The Issuer intends to defend itself against the claims.

New Capital and Liquidity Regulations

New regulations for the financial sector have been implemented in the European Union and beyond. The Group has implemented the new regulations from 1 January 2014, subject to transitional provisions.

European implementation of the Basel III Framework

The final versions of the CRR and the CRD IV Directive (in each case as defined above) were adopted in June 2013. The framework implemented among other things Basel III in the European Union.

Under the CRR, institutions are required to hold a minimum amount of regulatory capital equal to 8 per cent. of REA (of which at least 4.5 per cent. must be Common Equity Tier 1 capital, and at least 6 per cent. must be Tier 1 capital). In addition to these so-called minimum own funds Pillar 1 requirements, the CRD IV Directive (including, but not limited to, Article 104(i)(a)128) contemplates that competent authorities may require additional Pillar 2 capital to be maintained by an institution relating to elements of risks which are not fully captured by the minimum own funds Pillar 1 requirements or to address macro-prudential requirements

CRD IV introduced a combined buffer that applies in addition to the Pillar 1 and Pillar 2 capital requirement and will be phased in from 2015 to 2019. For the Issuer, the combined buffer consists of a countercyclical buffer, a capital conservation buffer and a SIFI buffer.

The capital conservation buffer and the countercyclical capital buffer are designed to ensure that credit institutions accumulate a sufficient capital base during periods of economic growth to absorb losses during periods of stress. The capital conservation buffer is being gradually phased in to a final level of 2.5 per cent. in 2019. The countercyclical buffer requirement is calculated as a weighted average of the national buffers in effect in the jurisdictions in which a bank has credit exposures.

Since June 2014, the DFSA has designated the Issuer as a SIFI in Denmark. Consequently, the Issuer is subject to stricter capital requirements than non-SIFI banks. The fully phased-in SIFI buffer requirement in 2019 for the Issuer will be 3 per cent.. The intention is for the capital requirements imposed on Danish SIFIs to be on a par with the requirements set in other comparable European countries.

Under Article 141 of the CRD IV Directive, Member States must require that institutions that fail to meet the combined buffer requirement will be subject to restrictions on “discretionary payments” (which are defined broadly by the CRD IV Directive as distributions in connection with Common Equity Tier 1 capital, payments on Additional Tier 1 instruments and payments of variable remuneration). The restrictions will be scaled according to the extent of the breach of the combined buffer requirement.

According to the current implementation of the CRD IV Directive in Denmark, the combined buffer requirement is stacked on top of the Pillar 2 capital requirements. If the combined buffer requirement is breached, the institution has to submit a capital conservation plan for approval by the DFSA. However, for the purpose of determining automatic restrictions on discretionary payments (i.e. the Maximum Distributable Amount or the “MDA”), Pillar 2 capital requirements should not be taken into account. Nonetheless, the DFSA may choose to impose restrictions on discretionary payments on the basis of the submitted capital conservation plan. There can be no assurance as to the relationship between any of the aforementioned or future incremental own funds requirements, any combined buffer requirement and the associated restrictions on discretionary payments. According to the European Commission’s proposal to amend the CRD IV Directive in the EU Banking Reform, the Pillar 2 capital requirements should be taken into account when the combined buffer requirement is breached and the MDA is determined. Furthermore, according to the European Commission’s proposal for an EU Banking Reform, the combined buffer is also stacked on top of the MREL requirement. Consequently, MREL also needs to be taken into account in the calculation of the MDA, subject to a nine-month grace period in case of inability to issue eligible debt, during which restrictions relating to MDA would not be triggered, but authorities would be able to take other appropriate measures. The below mentioned review of the CRR is expected to include changes to the Pillar framework introducing the concept of Pillar 2 requirement (P2R) and Pillar 2 Guidance (P2G). When implemented into European Union law, the abovementioned Danish approach on the interplay between MDA and the Pillar 2 capital requirement is not expected to be continued.

In addition, the CRD IV Directive includes a requirement for credit institutions to calculate, report, monitor and publish their leverage ratios, defined as their tier 1 capital as a percentage of their total exposure measure. According to the current rules defined in the CRR, the Issuer had a leverage ratio of 4.6 per cent. at the end of December 2018. A minimum leverage ratio requirement will be implemented at European Union level with the implementation of the EU Banking Reform and is expected to take effect during 2021, and until such time regulators may apply such measures as they consider appropriate. In Denmark the risk of excessive leverage is addressed as part of the Pillar 2 capital requirements.

The EU Banking Reform includes a proposal to review the CRR and the CRD IV Directive. The proposed amendments include, *inter alia*, changes to the market risk by implementing FRTB and the counterparty credit risk framework, introduction of a leverage ratio requirement and an NSFR requirement, revisions to the Pillar 2 framework, transition of IFRS 9 and its impact on capital ratios and revisions to the framework concerning IRRBB. The Group does not expect that the proposed changes will have any significant effect on its overall capital requirements. The Group estimates that the transition impact of IFRS 9 on the CET1 capital ratio will be a reduction of 0.2 percentage points as of end 2018 when fully phased in end of 2022.

DESCRIPTION OF THE DANSKE BANK GROUP

As regards liquidity, the CRR currently contains the Liquidity Coverage Ratio requirement (“LCR”). The LCR stipulates that banks must have a liquidity buffer that ensures a survival horizon of at least 30 calendar days in the case of a seriously stressed liquidity situation. Further, the abovementioned review of the CRR contains a proposal for “The Net Stable Funding Ratio” (“NSFR”). The NSFR is a structural stable funding ratio requirement and is intended to ensure a sound funding structure by promoting an increase in long-dated funding. The NSFR stipulates that at all times banks must have stable funding at least equal to the amount of their illiquid assets for one year ahead.

As of 1 January 2018 all European Union credit institutions must have an LCR of at least 100 per cent. Danish SIFIs, including the Issuer, were however subject to a LCR requirement of at least 100 per cent. from October 2015. The NSFR awaits final specifications from the European Commission, cf. the above. Pending the finalisation of the EU Banking Reform, the NSFR requirement is expected to be implemented with effect during 2021.

With an LCR of 121 per cent. at the end of 2018, the Group complied with the LCR requirement as defined by the European Commission. The Group also complied with all other liquidity requirements. Stress tests show that the Group has sufficient liquidity buffer for more than the coming twelve months.

As of 30 June 2018, the DFSA changed its supervisory benchmark for liquidity in the Supervisory Diamond for Banks. The diamond was introduced in 2010 and contains five benchmarks as indicators for which the DFSA, as a starting point, assesses as banks with higher risk profiles. The five benchmarks are (a) sum of large exposures less than 175 per cent. CET1, (b) lending growth less than 20 per cent. year-on-year, (c) commercial property exposure less than 25 per cent., (d) funding ratio less than 1 and (e) liquidity benchmark greater than 100 per cent. The liquidity benchmark, which was changed as of 30 June 2018, measures a bank’s ability to survive a three month stressed period. The benchmark is based on a projected LCR requirement. The benchmark for the funding ratio is expected to be revoked when the NSFR requirement is implemented in European Union law.

In December 2017, the Basel Committee of Banking Supervision published the final version of their review of the standardised approach for credit and operational risk, constraints on the use of internal model approaches and the possible implementation of a broad REA floor based on the standardized approaches for measuring credit, market and operational risk. It is still too early to assess final effects of these potential changes since the political dialogue on how and when to implement the revised standards in the European Union has not yet been initiated. The stipulations of European Union legislation are not expected to be fully known until 2020 to 2021 at the earliest. On the basis of the strong earnings capacity and capitalisation, the Group is confident that it will be able to adapt smoothly to the future changes in the European Union regulatory requirements in relation to the revised Basel standards.

Regulatory Initiatives to Secure Financial Stability (The Bank Recovery and Resolution Directive – BRRD)

On 15 May 2014, the European Parliament and the Council of the EU adopted a directive providing for the establishment of an European Union-wide framework for the recovery and resolution of credit institutions and investment firms (i.e., the BRRD). The BRRD, including the general bail-in tool and MREL, was implemented into Danish law and entered into force as of 1 June 2015 by the Danish Recovery and Resolution Act and by amendments to the Danish Financial Business Act.

The BRRD is designed to provide authorities designated by Member States with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions, while minimising the impact of an institution’s failure on the economy and financial system. If the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest, the relevant resolution authority may use the following resolution

tools and powers alone or in combination without the consent of the institution's creditors, including the Holders: (i) sale of business – which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the firm to a “bridge institution” (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation – which enables resolution authorities to transfer assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in relating to eligible liabilities – which gives resolution authorities the power to write down or convert to equity all or a part of certain claims of unsecured creditors, including the Holders, and to write-down or convert to equity certain unsecured debt claims (including the Notes) (i.e., the general bail-in tool), which equity could also be subject to any future application of the general bail-in tool.

The BRRD also provides for a Member State as a last resort, after having assessed and applied the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the European Union state aid framework.

An institution or, under certain conditions, a group will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further statutory power to permanently write down (or convert into equity) tier 1 and tier 2 capital instruments at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). Any shares issued to holders of such capital instruments upon any such statutory conversion into equity may also be subject to subsequent application of resolution tools, which may result in cancellation or dilution of the shareholding.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which the relevant authority determines that the institution or, under certain conditions, the group meets the conditions for resolution (but no resolution action has yet been taken) or that the institution or, under certain conditions, the group will no longer be viable unless the relevant tier 1 and/or tier 2 capital instruments are written-down or converted or extraordinary public support is to be provided and without such support the appropriate authority determines that the institution or, under certain conditions, the group would no longer be viable.

The BRRD also provides resolution authorities with broader powers to implement other resolution measures with respect to distressed institutions, or under certain conditions, groups, which may include (without limitation) the replacement or substitution of the institution or group as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

With the implementation of the BRRD, European banks are required to have bail in-able resources in order to fulfil MREL. There is no minimum EU-wide level of MREL – each resolution authority is required to make a separate determination of the appropriate MREL requirement for each banking group within its jurisdiction, depending on the resolvability, risk profile, systemic importance and other characteristics of each institution.

DESCRIPTION OF THE DANSKE BANK GROUP

In March 2018, the DFSA published its decision to set the MREL for the Group. As expected, the requirement was set to be equivalent to two times the capital requirement including capital buffer requirements. Danish mortgage credit institutions are exempt from MREL and are instead subject to a so-called debt buffer requirement of 2 per cent. of their unweighted loans. Due to this exemption, Realkredit Danmark is not included in the consolidation when determining the MREL for the Group. Furthermore, liabilities and own funds used to fulfil MREL cannot be simultaneously used to fulfil the capital and debt buffer requirements that apply to Realkredit Danmark. The DFSA also requires that all the MREL-eligible liabilities and own funds must bear losses before other senior unsecured claims in both resolution and insolvency. In July 2018, a Danish Act introduced a new layer in the creditor hierarchy for financial institution in the form of non-preferred senior debt. Danish SIFIs must fulfil their MREL from 1 July 2019, but in transition to 1 January 2022, they can also include senior preferred liabilities issued before 1 January 2018. The MREL requirement may require Danish SIFIs and other banks to issue own funds instruments or debt eligible for MREL in accordance with the BRRD, the latter of which includes unsecured non-preferred senior debt with residual maturity of at least one year. If an institution does not fulfil the MREL requirement after 1 July 2019, the relevant authority may withdraw its banking license. Also, a comparable concept for loss absorption, TLAC, has been set for G-SIFIs. The TLAC requirement also takes effect from 2019. The Group is currently not identified as a G-SIFI and thus not subject to a TLAC requirement.

On 29 May 2018, a law stipulating that, effective from 1 January 2022, the total resolution related requirements for each individual Danish SIFI group would always constitute at least 8 per cent. of all liabilities including own funds was adopted by the Danish Parliament. Consequently, if the sum of MREL for the Issuer and the debt buffer requirement for Realkredit Danmark is lower than 8 per cent. of the Group's total liabilities, the DFSA is expected to increase the MREL requirement for the Issuer. However, based on current projections, the sum of MREL for the Issuer and the debt buffer requirement for Realkredit Danmark will exceed the 8 per cent. backstop measure.

The European Commission's European Union Banking Reform also includes proposals to implement TLAC into EU legislation by review of the BRRD. The review is expected to provide clarity in the regulatory framework surrounding MREL and TLAC, both in terms of the framework for setting banks' requirements as well as the instruments that can be used to fulfil such requirements. The implementation of the revised BRRD could influence the Danish authorities' approach to setting MREL and therefore could impact the required MREL for the Group. Furthermore, the reform of the existing MREL framework in the BRRD may impact the interaction between the MREL requirement and the combined capital buffer requirement to the extent that a breach of MREL may lead to restrictions on the MDA.

The powers set out in the already adopted BRRD impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. The BRRD outlines the priority ranking of certain deposits in an insolvency hierarchy, which required changes to the insolvency hierarchy in Denmark as described above. The BRRD establishes a preference in the ordinary insolvency hierarchy, firstly, for insured depositors and, secondly, for all other deposits of individuals and micro, small and medium-sized enterprises held in EEA or non-EEA branches of an EEA bank. These preferred deposits rank ahead of all other unsecured senior creditors of the Bank, including the Holders, in the insolvency hierarchy. Furthermore, the insolvency hierarchy could be changed in the future.

In accordance with the BRRD and the Danish act on restructuring and resolution of certain financial undertakings, a Danish resolution fund was established in 2015. Under certain conditions, the Danish resolution fund can make contributions in case of resolution of a financial institution. The assets of the Danish resolution fund must amount to at least 1 per cent. of the covered deposits of all Danish financial institutions by 31 December 2024. Each Danish financial institution must make annual contributions to the Danish resolution fund on the basis of its size and risk relative to other financial institutions in Denmark. The first contributions to the Danish resolution fund were paid in the fourth quarter of 2015. If the Danish resolution fund incurs losses, the annual contribution may be increased or continued/resumed after 31 December 2024. In addition and in accordance with the Revised Deposit Guarantee Schemes Directive as implemented into Danish law, Danish credit institutions are required to make contributions to the Danish

Guarantee Fund, which covers losses incurred on covered deposits in distressed credit institutions. Similarly, the Group's entities in Finland, Luxembourg and the U.K. are required to contribute to resolution funds that have been established in the respective countries.

On 12 December 2017, the European Parliament and the Council of the EU adopted Directive 2017/2399/EU amending the BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy. The directive enables banks to issue debt in a new statutory category of unsecured debt that rank below the most senior debt and other senior liabilities for the purposes of resolution (a so-called "non-preferred senior debt"). On 29 May 2018, the Danish Parliament adopted a law implementing the directive and the law entered into force on 1 July 2018. According to the adopted law, the rules will not affect the existing stock of bank debt and will apply to issuances of bank debt made from 1 January 2018 or later in the concerned category following the date of application of the law.

Solvency II (insurance)

The new international insurance rules, Solvency II, took effect on 1 January 2016. The rules are intended to protect customer funds, and they will generally increase capital requirements. Danica Pension was well prepared. While the previous Solvency I capital requirements were volume based, the Solvency II requirements are risk based. As a forerunner of the Solvency II rules, the DFSA introduced individual solvency need requirements in 2007. Under these requirements, which are also risk based, Danish insurance companies were required to meet the higher of Solvency I and individual solvency need requirements. The individual solvency need requirements have been changed gradually in the period up to 2014 to bring Danish requirements closer to the Solvency II requirements.

Recent Developments

The Issuer will close down its banking activities in the Baltics and in Russia

Following the case of suspicious transactions in Estonia in the period from 2007 to 2015, it was announced on 19 February 2019 that the Estonian FSA had ordered the Issuer to cease banking operations in Estonia.

Independently of the notification from the Estonian FSA and in line with its strategy of focusing on its Nordic core markets, the Issuer has for some time considered the future of its remaining activities in Estonia, Latvia and Lithuania, as well as the activities in Russia. The Issuer has now decided to close down all of these activities.

However, the Issuer's shared services centre in Lithuania, which undertakes a number of administrative functions for the Issuer, will continue its operations.

Management of Danske Bank

The Issuer's administrative bodies are the Board of Directors and the Executive Board. The Board of Directors, which consists of non-executive directors, is elected by the shareholders of the Issuer at the annual general meeting or at an extraordinary general meeting, with the exception of those directors who are elected pursuant to prevailing law concerning employee representation on the Board of Directors (currently four). The non-employee directors, who are elected by the shareholders, are elected for terms of one year and the number of such directors may range from six to ten. Directors are eligible for re-election. The Issuer's Executive Board may consist of two to twelve members who are responsible for the day-to-day business and affairs of the Issuer. The business address of the Board of Directors and the Executive Board is 2-12 Holmens Kanal, DK-1092 Copenhagen K, Denmark.

The present members of the Board of Directors and their external positions are as follows:

DESCRIPTION OF THE DANSKE BANK GROUP

Members of the Board of Directors elected by the general meeting

Karsten Dybvad, Chairman

Directorships and other offices:

PensionDanmark
Pensionsforsikringsaktieselskab and
PensionDanmark Holding A/S (Vice Chairman)

Bygnings- og udviklingsfonden DTM 4.0
(Chairman)

Copenhagen Business School (Chairman).

Carol Sergeant, Vice Chairman

Directorships and other offices:

BNY Mellon SA/NV (Member of the Board of
Directors, Chairman of the Risk Committee and
Member of the Audit Committee)

Threadneedle Solutions Ltd (Company Director)

British Standards Institute, Standards Policy and
Strategy Committee (Chairman)

Lloyds Register Foundation (Trustee and
member of the Audit and Investment Committee)

The Governing Council of the Centre for the
Study of Financial Innovation (CSFI) (Trustee).

Jan Thorsgaard Nielsen

Directorships and other offices:

Chief Investment Officer (CIO), (A.P. Møller
Holding A/S)

APMH Invest (Member of the Board of
Directors)

A.P. Møller Capital P/S (Member of the Board of
Directors)

A.P. Møller Capital GP ApS (Member of the
Board of Directors)

LEGO A/S (Member of the Board of Directors).

Lars-Erik Brenøe

Directorships and other offices:

Executive Vice President, Head of Chairman's
Office, A.P. Møller-Maersk A/S

The A.P. Møller and Hustru Chastine Mc-Kinney
Møller Foundation (A.P. Møller og Hustru
Chastine Mc-Kinney Møller Fond til almene

DESCRIPTION OF THE DANSKE BANK GROUP

Formaal) (Member of the Boards of Directors and Member of the Board of Directors or the Executive Boards of eight affiliated undertakings)

Maersk Broker K/S (Vice Chairman) and Chairman or Vice Chairman of the Board of Directors of six affiliated undertakings)

The A.P. Møller Family Foundation (A.P. Møller og Hustru Chastine Mc-Kinney Møllers Familiefond) (Member of the Board of Directors)

LINDØ port of Odense A/S (Member of the Board of Directors)

Navigare Capital Partners A/S (Chairman)

The Confederation of Danish Industry (Member of the Central Board)

The Danish Committee on Foundation Governance (Vice Chairman).

Jens Due Olsen

Directorships and other offices:

KMD Holding A/S (Chairman and Chairman of four affiliated undertakings)

NKT A/S (Chairman and Chairman of one affiliated undertaking)

Nilfisk Holding A/S (Chairman)

HusCompagniet (Chairman)

JDO Invest ApS (Executive Officer)

JDO Invest 2 ApS (Executive Officer)

BørneBasketFonden (not-for-profit) (Chairman)

The Danish Committee on Corporate Governance (Vice Chairman).

Christian Sagild

Directorships and other offices:

Blue Ocean Robotics A/S (Member of the Board of Directors)

Royal Unibrew A/S (Member of the Board of Directors)

Nordic Solar Energy A/S and Nordic Solar Global A/S (Chairman of the Board of Directors)

DESCRIPTION OF THE DANSKE BANK GROUP

	SDG Invest (Member of the Board of Directors)
	AMBU A/S (Member of the Board of Directors)
	Sagild A/S (Executive Officer).
Gerrit Zalm	
Directorships and other offices:	Moody's Corporation (Member of the Board of Directors)
	Royal Dutch Shell (Member of the Board of Directors)
	Y-Group (Advisory Board Member).
Bente Avnung Landsnes	
Directorships and other offices:	NORBIT (Deputy Chairman)
	Federation of European Exchanges (FESE) (Member).

Directorships and other offices:	None.

The external positions for the members of the Board of Directors and the Executive Board may change. Updates of this information can be found on the Danske Bank homepage, <https://danskebank.com/about-us/management>.

After application of the relevant laws and conflict of interest policies of the Issuer, no potential conflicts of interest exist between the duties to the Issuer of the persons on the Board of Directors and the Executive Board and their private interests and/or other duties listed above.

Corporate Authorities

The establishment of the Programme was authorised by a resolution of the Board of Directors of the Issuer passed on 24 January 2008. The Issuer has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the Notes.

Material Change and Significant Change

- (i) There has been no significant change in the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole since 31 March 2019, the last day of the financial period in respect of which the most recent financial statements of the Issuer have been prepared; and

DESCRIPTION OF THE DANSKE BANK GROUP

- (ii) the Issuer is currently under investigation by the Danish Financial Supervisory Authority, the Danish State Prosecutor for Serious Economic and International Crime, the Estonian Office of the Prosecutor General, the U.S. Department of Justice and the U.S. Securities and Exchange Commission. Cases against the Issuer have also been initiated in New York, the Tribunal de Grande Instance de Paris and in the City Court of Copenhagen. The timing of completion of the lawsuits and the investigations and outcomes are uncertain. The Issuer intends to defend itself against the claims. Save for such lawsuits and investigations, there has been no material adverse change in the prospects of the Issuer since 31 December 2018, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared.

Legal Proceedings

Save as outlined in the section “Legal and Regulatory Proceedings” on page D-14 and the first, fourth, fifth, ninth, eleventh and twelfth bullets on page 13 of the Annual Report 2018, and (iii) the second, third, seventh (regarding the lawsuit filed on 3 March 2019) and eighth paragraphs in the section “Estonia” on page 6 of the Interim report – first quarter 2019, there are no governmental, legal or arbitration proceedings against or affecting the Issuer or any of its Subsidiaries (and no such proceedings are pending or threatened of which the Issuer is aware) during a period covering at least the previous twelve months which have or may have in the recent past, individually or in the aggregate, significant effects on the profitability or the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole.

Auditors

The consolidated financial statements of the Group as at and for the years ended 31 December 2018 and 2017 have been audited by:

Deloitte Statsautoriseret Revisionspartnerselskab
Weidekampsgade 6
DK-2300 Copenhagen S
Denmark.

Deloitte Statsautoriseret Revisionspartnerselskab is a member of “FSR – Danske Revisorer” (Association of State Authorised Public Accountants).

Use of Proceeds

The net proceeds of the issue of each Tranche of Notes will be applied by the Issuer to meet part of its general financing requirements. For the avoidance of doubt, the Issuer shall not be obliged to invest the net proceeds from each issue of Notes in the relevant Reference Item or other assets and such proceeds can be freely used by the Issuer. If, in respect of any particular issue of Notes which are derivative securities for the purposes of Article 15 of the Commission Regulation No 809/2004 implementing the Prospectus Directive, there is a particular identified use of proceeds, this will be stated in the relevant Final Terms.

SECTION E - GENERAL INFORMATION RELATING TO THE PROGRAMME AND THE NOTES

SECTION E.1 - GENERAL DESCRIPTION OF THE PROGRAMME

The following description of key features of the Programme does not purport to be complete and is qualified in its entirety by the remainder of this Base Prospectus. Words and expressions defined in “Overview of Form of the Notes” or “Terms and Conditions of the Notes” below shall have the same meanings in this description of key features of the Programme.

Issuer:	Danske Bank A/S.
Arranger:	Danske Bank A/S.
Dealer:	Danske Bank A/S and any other dealer appointed from time to time by the Issuer either generally in respect of the Programme or in relation to a particular Tranche of Notes.
Fiscal Agent:	Citibank, N.A., London Branch.
Irish Listing Agent:	Matheson.
VP Systems Agent:	(i) In respect of VP Systems Notes cleared through the VP, VPS or Euroclear Sweden, Danske Bank A/S. (ii) In respect of VP Systems Notes cleared through Euroclear Finland, Danske Bank A/S, Finland Branch.
Listing and Admission to Trading:	Each Series may be admitted to the Official List and to trading on the regulated market or the Global Exchange Market of Euronext Dublin and/or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system (including, without limitation, the Nasdaq Copenhagen A/S, the Nasdaq Stockholm AB, the Nasdaq Helsinki Oy, the Nordic Growth Market NGM AB (NDX Sweden or NDX Finland (as applicable)), the Stuttgart Stock Exchange and/or the Luxembourg Stock Exchange) as may be agreed between the Issuer and the relevant Dealer and specified in the relevant Issue Terms or may be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system.
Initial Programme Amount:	EUR 5,000,000,000 (and, for this purpose, any Notes denominated in another currency shall be translated into euros at the date of the agreement to issue such Notes using the spot rate of exchange for the purchase of such currency against payment of euros being quoted by the Fiscal Agent on the date on which an agreement in respect of the relevant Tranche was made or such other rate as the Issuer and the relevant Dealer may agree) in aggregate principal amount of Notes outstanding at any one time. The maximum aggregate principal amount of Notes which may be outstanding under the Programme may be increased from time to time.
Issuance in Series:	Notes will be issued in Series. Each Series may comprise one or more

GENERAL DESCRIPTION OF THE PROGRAMME

Tranches issued on different issue dates. The Notes of each Series will all be subject to identical terms, except that the issue date, the amount of the first payment of interest (if any) and/or the issue price thereof may be different in respect of different Tranches.

Issue Terms:

Each Tranche will be the subject of the Issue Terms which, for the purposes of that Tranche only, completes and/or (in the case of Exempt Notes only) amends and/or replaces the Conditions and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes are the Conditions as completed by the relevant Final Terms or, in the case of Exempt Notes, amended and/or replaced by the relevant Pricing Supplement. See also “Exempt Notes” below.

Forms of Notes:

Notes may be issued in bearer form (“**Bearer Notes**”) or in uncertificated and dematerialised book entry form cleared through the Danish, Norwegian, Finnish and/or Swedish, as the case may be, central securities depository (together the “**VP Systems Notes**” and individually the “**VP**”, “**VPS**”, “**Euroclear Finland**” and “**Euroclear Sweden**”, respectively), as described in “Overview of Form of the Notes” below.

In respect of each Tranche of Bearer Notes, the Issuer will deliver a Temporary Global Note or (if so specified in the relevant Issue Terms in respect of Notes to which the TEFRA C Rules apply (as so specified in such Issue Terms)) a Permanent Global Note. Such Global Note which is not intended to be issued in New Global Note form (a “**Classic Global Note**” or “**CGN**”), as specified in the relevant Issue Terms, will be deposited on or around the relevant issue date therefor with Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and each Global Note which is intended to be issued in New Global Note form (a “**New Global Note**” or “**NGN**”), as specified in the relevant Issue Terms, will be deposited on or around the relevant issue date with a common safe-keeper for Euroclear and/or Clearstream, Luxembourg. Interests in each Temporary Global Note will, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership, be exchangeable for interests in a Permanent Global Note or, if so specified in the relevant Issue Terms, for Definitive Notes in bearer form in accordance with its terms. Interests in each Permanent Global Note will be exchangeable for Definitive Notes in bearer form in accordance with its terms. Definitive Notes in bearer form will, if interest-bearing, have Coupons attached and, if appropriate, Talons.

VP Systems Notes will not be evidenced by any physical note or document of title. Entitlements to VP Systems Notes will be evidenced by the crediting of VP Systems Notes to accounts with the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be.

Clearing Systems:

Euroclear, Clearstream, Luxembourg, VP, VPS, Euroclear Finland and/or Euroclear Sweden and/or, in relation to any Tranche of Notes, any other clearing system as may be specified in Part B of the relevant Issue Terms.

Currencies:

Notes may be denominated in any currency or currencies, subject to

GENERAL DESCRIPTION OF THE PROGRAMME

compliance with all applicable legal and/or regulatory and/or central bank requirements. Payments in respect of Notes may, subject to such compliance, be made in and/or linked to, any currency or currencies other than the currency in which such Notes are denominated.

Status of the Notes:	The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank <i>pari passu</i> without any preference among themselves and at least <i>pari passu</i> with all other unsubordinated and unsecured obligations of the Issuer, present and future save for certain mandatory exceptions provided by law.
Issue Price:	Notes may be issued at any price and on a fully paid basis only.
Maturities:	Any maturity, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements.
Redemption:	Notes may be early redeemed (“autocalled”) at the Early Redemption Amount or redeemed at the Redemption Amount specified or described in the relevant Issue Terms and determined as set out in Payout Schedule 2 (<i>Redemption</i>) and/or, in respect of Exempt Notes, in the relevant Pricing Supplement.
Optional Redemption:	Notes may be redeemed before their stated maturity at the option of the Issuer (either in whole or in part) and/or the Holders to the extent (if at all) specified in the relevant Issue Terms.
Tax Redemption:	Save where General Condition 8.3 (<i>No gross-up</i>) is specified as Applicable in the relevant Issue Terms, early redemption will be permitted for tax reasons as described in General Condition 6.3 (<i>Early redemption for tax reasons</i>).
Interest:	Notes may be interest-bearing or non-interest bearing. Interest (if any) shall be payable in respect of the Notes as specified in the relevant Issue Terms and shall be determined as set out in Payout Schedule 1 (<i>Interest</i>) and/or, in respect of Exempt Notes, in the relevant Pricing Supplement.
Denominations:	The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive will be EUR 1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).
Negative Pledge:	None.
Cross Default:	None.

GENERAL DESCRIPTION OF THE PROGRAMME

- Taxation:** If General Condition 8.1 (*Gross-up*) is specified as Applicable in the relevant Issue Terms, all payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall, subject to certain specified exclusions, pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required.
- If General Condition 8.3 (*No gross-up*) is specified as Applicable in the relevant Issue Terms, the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.
- Governing Law:** The Notes shall be governed by, and shall be construed in accordance with, English law except for the registration of Notes in the VP, which shall be governed by, and shall be construed in accordance with, Danish law, the registration of Notes in the VPS, which shall be governed by, and shall be construed in accordance with, Norwegian law, the registration of Notes in Euroclear Finland, which shall be governed by, and shall be construed in accordance with, Finnish law and the registration of Notes in Euroclear Sweden, which shall be governed by, and shall be construed in accordance with, Swedish law.
- VP Systems Notes must comply with the relevant regulations of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, and the holders of VP Systems Notes will be entitled to the rights and are subject to the obligations and liabilities which arise under the relevant Danish, Norwegian, Finnish or Swedish regulations and legislation.
- Enforcement of Notes in Global Form:** In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 18 June 2019, a copy of which will be available for inspection at the specified office of the Fiscal Agent.
- Ratings:** The Issuer has been rated by the following rating agencies: S&P Global Ratings Europe Limited ("**S&P**"), Fitch Ratings Ltd ("**Fitch**") Moody's Investors Service Ltd. ("**Moody's**");

GENERAL DESCRIPTION OF THE PROGRAMME

The Issuer ratings are as follows:

	S&P	Fitch	Moody's
long-term Issuer default rating	A	A	A2
short-term Issuer default rating	A-1	F1	P-1

Each of S&P, Fitch and Moody's is established in the European Union and is registered under Regulation (EU) No 1060/2009, as amended (the "**CRA Regulation**") and is included in the list of credit rating agencies registered in accordance with the CRA Regulation as of the date of this Base Prospectus. This list is available on the ESMA website at www.esma.europa.eu/page/List-registered-and-certified-CRAs (list last updated on 18 March 2019).

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

However, there is no guarantee that any rating of the Issuer assigned by any such rating agency will be maintained following the date of this Base Prospectus, and the Issuer may seek to obtain ratings from other rating agencies.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Up-to-date information should always be sought by direct reference to the relevant rating agency.

Selling Restrictions:

There are restrictions on the transfer of Notes prior to the expiration of the relevant distribution compliance period, see "*Subscription and Sale*" below. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, Germany, Denmark, Finland, Norway and Sweden see "*Subscription and Sale*" below.

Exempt Notes:

The Issuer may agree with any Dealer that Exempt Notes may be issued in a form not contemplated by the Conditions and this General Description of the Programme, in which event the relevant provisions will be included in the relevant Pricing Supplement.

SECTION E.2- GENERAL INFORMATION RELATING TO ISSUANCE OF NOTES

Listing and Admission to Trading

Application has been made to Euronext Dublin for Notes issued under the Programme to be admitted to the Official List and to trading on its regulated market.

Application has been made for Exempt Notes issued under the Programme to be admitted to the Official List and to trading on its Global Exchange Market.

However, Notes may be issued pursuant to the Programme which will not be admitted to listing on the Official List and admitted to trading and/or quotation by the regulated market or the Global Exchange Market of Euronext Dublin or any other listing authority, stock exchange and/or quotation system or which will be admitted to listing, trading and/or quotation by such listing authority, stock exchange and/or quotation system (including, without limitation, the Nasdaq Copenhagen A/S, the Nasdaq Stockholm AB, the Nasdaq Helsinki Oy, the Nordic Growth Market NGM AB (NDX Sweden or NDX Finland, as applicable), the Stuttgart Stock Exchange or the Luxembourg Stock Exchange) as the Issuer and the relevant Dealer(s) may agree.

Matheson is acting solely in its capacity as listing agent for the Issuer in relation to the Notes and is not itself seeking admission of the Notes to the Official List of Euronext Dublin or admission of Exempt Notes to trading on the Global Exchange Market of Euronext Dublin.

Clearing Systems

The Notes (other than VP Systems Notes) have been accepted for clearance through Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream, Luxembourg**”). The address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is 42 Avenue JF Kennedy, L-1855 Luxembourg. The appropriate common code and the International Securities Identification Number in relation to the Notes of each Series (other than VP Systems Notes) will be specified in the Issue Terms relating thereto. If the Notes are to clear through an additional or alternative clearing system (including the VP, VPS, Euroclear Finland or Euroclear Sweden), the appropriate information will be specified in the relevant Issue Terms. Euroclear and Clearstream, Luxembourg or the VP, VPS, Euroclear Finland and/or Euroclear Sweden, as the case may be, are the entities in charge of keeping the records.

Legend concerning United States Persons

Where TEFRA D is specified in the applicable Issue Terms, Bearer Notes (other than Temporary Global Notes) and any Coupon appertaining thereto will bear a legend substantially to the following effect: “ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE.”.

Settlement

Settlement arrangements will be agreed between the Issuer, the relevant Dealer and the Fiscal Agent or the relevant VP Systems Agent, as the case may be, in relation to each Tranche of Notes.

Content of Issue Terms

The Issue Terms will contain at least the following information in respect of each relevant Tranche of Notes (if applicable): Series number, Specified Currency, Aggregate Principal Amount, Issue Date, Issue Price, Form of Notes, Specified Denomination(s), Interest Basis, Business Day Convention, Maturity Date, Listing, ISIN, Common Code and any clearing system other than Euroclear and Clearstream, Luxembourg, as the case may be.

Issue price and amount of issue

The issue price and amount of the Notes of any Tranche to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of the issue of such Tranche in accordance with prevailing market conditions.

Post Issuance Information

The Issuer does not intend to provide post-issuance information, if not otherwise required by all applicable laws and regulations.

SECTION E.3- OVERVIEW OF FORM OF THE NOTES

Words and expressions defined in “Terms and Conditions of the Notes” herein shall have the same meanings in this “Overview of Form of the Notes”.

The Notes of each Series will be in bearer form or, in the case of VP Systems Notes, uncertificated and dematerialised book entry form.

Form of Bearer Notes

Each Tranche of Bearer Notes will initially be in the form of either a temporary global note (the “**Temporary Global Note**”), without interest Coupons, or a permanent global note (the “**Permanent Global Note**”), without interest Coupons, in each case as specified in the relevant Issue Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) which is intended to be issued in CGN form, as specified in the relevant Issue Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and Clearstream, Luxembourg and each Global Note which is intended to be issued in NGN form as specified in the relevant Issue Terms, will be deposited on or around the relevant issue date with a common safe-keeper for Euroclear and/or Clearstream, Luxembourg.

The relevant Issue Terms will also specify whether United States Treasury regulation §1.163-5(c)(2)(i)(C) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA C Rules**”) or United States Treasury regulation §1.163-5(c)(2)(i)(D) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA D Rules**”) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Issue Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership.

No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange of a part of the Temporary Global Note) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and

- (ii) in either case, receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Issue Terms specifies the form of Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Notes in definitive form (“**Definitive Notes**”) not earlier than forty days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Issue Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within thirty days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Issue Terms specifies the form of Notes as being “Permanent Global Note exchangeable for Definitive Notes”, then the Notes will initially be in the form of a Permanent Global Note. If the relevant Issue Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes”, then the Notes will be initially in the form of a Temporary Global Note which will be exchangeable for a Permanent Global Note as set out above. In each case, the Permanent Global Note will be exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Issue Terms; or
- (ii) at any time, if so specified in the relevant Issue Terms, save that this paragraph (ii) shall not apply if the relevant Issue Terms specify denominations consisting of a minimum Specified Denomination plus one or more integral multiples of another smaller amount; or
- (iii) if the relevant Issue Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if:
 - (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of legal holidays) or announces an intention permanently to cease business or in fact does so; or
 - (b) any of the circumstances described in General Condition 9 (*Events of Default*) occurs.

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Notes if, by reason of any change in the laws of Denmark, the Issuer will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes are in definitive form.

OVERVIEW OF FORM OF THE NOTES

Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons. Interest-bearing Definitive Notes, if so specified in the relevant Issue Terms, will have attached thereto at the time of their initial delivery, Talons for further coupons and the expression Coupons shall, where the context so requires, include Talons.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons (if so specified in the relevant Issue Terms) attached, in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within thirty days of the bearer requesting such exchange.

The Permanent Global Note also provides, *inter alia*, that:

- (i) if Definitive Notes have not been delivered in accordance with the terms of the Permanent Global Note by 6.00 p.m. (London time) on the thirtieth day after the day on which such Permanent Global Note becomes due to be exchanged; or
- (ii) if the Permanent Global Note (or any part thereof) becomes due and payable in accordance with the Terms and Conditions or the date for final redemption of the Permanent Global Note has occurred, and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made on the due date for payment by 6.00 p.m. (London time) on such due date,

then such Permanent Global Note will become void in accordance with its terms but without prejudice to the rights conferred by the Deed of Covenant.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes where TEFRA D is specified in the applicable Issue Terms, the Permanent Global Notes, the Definitive Notes and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE.”

The sections referred to in such legend provide that a United States person who holds a Bearer Note, Coupon or Talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Form of VP Systems Notes

Each Tranche of VP Systems Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VP Systems Notes will be evidenced by book entries in the records of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. Issues of VP Systems Notes are the subject of the VP Systems Agency Agreement. On the issue of such VP Systems Notes, the Issuer will send a copy of the relevant Issue Terms to the Fiscal Agent, with a copy sent to the relevant VP Systems Agent. On delivery of the relevant Issue Terms by the relevant VP Systems Agent to the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, and notification to the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, of the subscribers and their VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, account details by the relevant Dealer, the VP Systems Agent, acting on behalf of the

Issuer, will give instructions to the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, to credit each subscribing account holder with the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, with a principal amount of the relevant VP Systems Notes equal to the principal amount thereof for which it has subscribed and paid.

No physical global or definitive Notes or any bearer security will be issued in respect of VP Systems Notes registered with Euroclear Sweden. Issuance and redemption of VP Systems Notes registered with Euroclear Sweden is subject to and will take place in accordance with the rules and procedures of Euroclear Sweden. Payments of principal, interest (if any) or any other amounts on any such VP Systems Notes will be made through Euroclear Sweden's system in accordance with the rules and operating procedures of Euroclear Sweden.

Settlement of sale and purchase transactions in respect of VP Systems Notes in the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, will take place in accordance with market practice at the time of the transaction. Transfers of interests in the relevant VP Systems Notes will take place in accordance with the rules and procedures for the time being of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be.

The Terms and Conditions applicable to any VP Systems Notes will consist of the Conditions set out under “*Terms and Conditions of the Notes*” below and the provisions of the relevant Issue Terms which complete and/or (in the case of Exempt Notes only) amend and/or replace those Conditions.

Clearing Systems

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Fiscal Agent, the other Paying Agents and the relevant Noteholders.

SECTION E.4- SUBSCRIPTION AND SALE

In respect of each Tranche of Notes issued under the Programme, a Dealer may, by entering into a purchase agreement (unless the Dealer is Danske Bank A/S or any affiliate), agree with the Issuer the basis upon which it agrees to purchase Notes. Any such agreement will extend to those matters stated under “*Overview of Form of the Notes*” above and “*Terms and Conditions of the Notes*” below.

United States of America: *Regulation S Category 2; TEFRA D, TEFRA C or “TEFRA Not Applicable” as specified in the relevant Issue Terms.*

Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U. S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The relevant Issue Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer will be required to agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have agreed), that it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) (the “**distribution compliance period**”) within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor, dealer or person to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the respective meanings given to them by Regulation S under the Securities Act.

In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption under the Securities Act (if available).

The Notes do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended, and trading in the Notes has not been approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended.

European Economic Area

Unless the relevant Issue Terms in respect of any Notes specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Issue Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (A) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (B) a customer within the meaning of Directive 2002/92/EC (as amended, the “**Insurance Mediation Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (C) not a qualified investor as defined in the Prospectus Directive; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities.

If the relevant Issue Terms specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable” in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (ii) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (iii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer(s) nominated by the Issuer for any such offer; or
- (iv) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to

SUBSCRIPTION AND SALE

purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State.

United Kingdom

Each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that:

- (i) **Financial promotion:** it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (ii) **General compliance:** it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Denmark

Each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Denmark by way of a public offering, unless in compliance with the Danish Consolidated Act No. 12 of 8 January 2018 on Capital Markets, as amended, supplemented or replaced from time to time, and Executive Orders issued thereunder, including the Danish Executive Order No. 1170 of 25 September 2018 on Prospectuses, as amended, supplemented or replaced from time to time in compliance with Executive Order No. 1580 of 17 December 2018, as amended, supplemented or replaced from time to time, issued pursuant to the Danish Financial Business Act.

Finland

Each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed), that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Finland by way of a public offering, unless in compliance with all applicable provisions of the laws of Finland, including the Finnish Securities Markets Act (746/2012) and any regulation issued thereunder, as supplemented and amended from time to time.

Germany

Each Dealer will be required to represent and agree that it has only offered or sold and that it will only offer or sell the Notes in the Federal Republic of Germany in compliance with the provisions of the German Securities Prospectus Act (*Wertpapierprospektgesetz*) and any other laws applicable in the Federal Republic of Germany governing the issue, sale, offering and distribution of the Notes.

Norway

Each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Norway by way of a public offering, unless in compliance with the Norwegian Securities Trading Act of 29 June 2007 no. 75 and the Securities Trading Regulations of 29 June 2007 no. 876, and any regulations passed thereunder, as supplemented and/or amended or replaced from time to time.

Sweden

Each Dealer will be required to represent and agree (or, if the Dealer is Danske Bank A/S or any affiliate thereof, will be deemed to have represented and agreed) that it has not offered or sold and will not offer, sell or deliver any Notes directly or indirectly in Sweden by way of a public offering, unless in compliance with all applicable provisions of the laws of Sweden and in particular in compliance with the Swedish Financial Instruments Trading Act (*lagen (1991:980) om handel med finansiella instrument*) and any regulation or rule issued thereunder, as supplemented and amended from time to time.

General

With the exception of the application to the Central Bank for the approval of this document as a Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Ireland, no action has been or will be taken in any country or jurisdiction by the Issuer or any Dealer that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Term comes are required by the Issuer and any Dealer to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Pricing Supplement (in the case of a supplement or modification relevant only to Exempt Notes) or (in any other case) in a supplement to this document.

TAXATION

SECTION E.5- TAXATION

The following is a general description of relevant tax considerations and is not to be regarded as a complete tax analysis of all tax issues related to the Notes. This general description is based upon the law in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Investors in Notes may be required to pay taxes and other charges in accordance with applicable laws. The tax treatment applicable to an investor will depend on its individual circumstances and prospective investors in Notes should consult their professional tax advisers if they are in doubt about their own tax position. In addition to the information below, investors should consider carefully the relevant Issue Terms to determine whether General Condition 8.1 (*Gross-up*) or General Condition 8.3 (*No gross-up*) is specified as Applicable.

Danish Taxation

The following high level summary applies to investors who are fully liable to tax in the Kingdom of Denmark. Investors who are fully liable to tax in the Kingdom of Denmark are individuals residing in the Kingdom of Denmark or individuals staying in the Kingdom of Denmark for a period of at least six months, as well as companies, foundations, etc., that are registered in the Kingdom of Denmark or whose effective place of management is in the Kingdom of Denmark.

The tax treatment applicable to an investor depends on the individual circumstances of such investor and such individual circumstances, as well as Danish tax law, may be subject to change in the future.

A Note qualifies as a financial contract under Danish tax law and gains and losses are taxed on an annual basis according to the “mark-to-market principle”, i.e. realised as well as unrealised gains and losses have to be recognised for tax purposes.

Individuals are liable to tax on capital gains, and losses can be offset or deducted pursuant to special rules. Taxable capital gains and deductible losses are included in the capital income. Losses can be offset against any capital gains of financial contracts etc. of the same income year. Further losses can be deducted directly from the capital income if such losses do not exceed the taxed net gains on financial contracts etc. in previous income years from and including the income year 2002. Any further losses can be offset against realised net gains on shares or distributing equity funds traded on a regulated market. This set-off is conditional on the Notes being linked solely to shares, share baskets or share indices, and that either the Notes, the underlying shares, the distributing equity funds or the shares comprised by the equity index are traded on a regulated market. Any losses in excess can be carried forward in the following income years and be offset against net capital gains of financial contracts or net gains from shares traded on a regulated market.

Self-employed persons can invest funds encompassed by the special business income scheme in the Notes.

Investors liable to tax on pensions returns, e.g. life insurance companies may invest in the Notes. Private funds placed in individual pension schemes with banks can be used for investments in the Notes if the Notes are traded on a regulated market. For individual pension saving accounts the Notes are encompassed by certain restrictions, c.f. “The Executive Order on Pension Pools and Other Tax-Privileged Savings” etc. (“**Puljebekendtgørelsen**”).

Companies, foundations, etc., that are registered in the Kingdom of Denmark or whose management is based in the Kingdom of Denmark are liable to tax on capital gains, and losses are deductible in the taxable income.

For holders of Notes who are not fully liable to tax in the Kingdom of Denmark or who are subject to a Danish international joint taxation scheme, or do not carry on business in the Kingdom of Denmark through a permanent establishment where the securities are connected, (i) payments of interest or principal amounts to any such holder of a Note are not subject to taxation in the Kingdom of Denmark, (ii) no withholding tax will be required on such payments, (iii) any gain realised upon the sale, exchange or retirement of a Note will not be subject to taxation in the Kingdom of Denmark and (iv) the applicable tax treatment is determined by the rules of the country of their residence.

Finnish Taxation

The following summary applies to investors who are fully liable to tax (tax residents) in Finland. Investors who are fully liable to tax in Finland are individuals having their home or main abode in Finland or individuals staying in Finland for a continuous period of more than six months, as well as companies, that are registered in Finland or otherwise established under Finnish law. A Finnish citizen is, however, normally deemed to be fully liable to tax in Finland until three years have elapsed from the end of the year during which the citizen left the country.

The tax treatment applicable to a holder of Notes depends on the individual circumstances of the appropriate investor and the individual circumstances as explained above. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date, including changes with retroactive effect.

Taxation of individuals

Under present Finnish domestic tax law, holders of Notes, who are individuals or an estate of a deceased person and resident in Finland for tax purposes, will be subject to Finnish capital income tax on interest payments under the Notes in accordance with Income Tax Act (1535/1992, as amended). Also any gains realised on the sale or redemption of the Notes as well as accrued interest received (secondary market compensation) when the Notes are disposed of during the loan period shall be subject to Finnish capital income tax. According to tax practice, the Reference Item Amount paid at maturity in connection with redemption of capital guaranteed Notes is considered as interest income subject to capital income tax. The current tax rate applicable to annual taxable capital income up to EUR 30,000 is 30 per cent., while it is 34 per cent. for the portion of taxable capital income exceeding EUR 30,000. Capital losses realised on the sale or redemption of the Notes in 2016 or later are deductible from capital gains and from other capital income derived in the same year as the year of the relevant loss or in the five subsequent tax years. Special tax provisions may apply to small capital gains and losses.

If Notes are acquired in the secondary market, any secondary market compensation paid is deductible from the capital income or, to the extent exceeding capital income, from earned income subject to limitations of the Income Tax Act.

If an investment in the Notes has been made under an agreement on long term savings in accordance with the Act on Long Term Savings (1183/2009), special taxation rules apply.

Tax withholding

A Finnish credit institution, broker or a Finnish branch of a foreign credit institution shall deduct a preliminary withholding tax (Fi: “**ennakonpidätys**”) both from interest payments under the Notes and secondary market compensation paid to resident individuals or estates of a deceased person. Preliminary withholding tax liability is not applicable to capital gains and losses derived from the Notes. The rate of preliminary withholding tax for capital income in 2019 is 30 per cent.

TAXATION

Taxation of legal entities

For holders of Notes, who are resident limited liability companies or other resident entities subject to corporate income tax, interest payments and capital gains under the Notes are regarded as taxable income. The current tax rate for limited companies and other entities subject to corporate tax is 20 per cent.

Transfer Taxation

A transfer of the Notes is not subject to Finnish transfer taxation.

Tax Compliance Requirements

Under Finnish domestic tax law, a Finnish credit institution, a Finnish branch of a foreign credit institution or a Finnish broker is obliged to report any interest payments under the Notes and any secondary market compensations paid and received to the Finnish tax administration. Capital gains and losses derived from the Notes by individuals and estates of deceased persons shall also be reported to the Finnish tax administration under certain conditions.

Resident individuals and estates of deceased persons are required to review the tax information related to the Notes contained in their pre-completed annual tax return and, if necessary, correct or complete the information in the tax return.

German Taxation

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Notes. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect.

As each Series or Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Series or Tranche of Notes as set out in the respective Final Terms, the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Notes so that he or she derives a certain return are not discussed herein.

The law as currently in effect provides for a reduced flat tax rate for certain investment income. The coalition agreement between the German Christ Democratic Party, the Christian-Social Union and the German Social Democratic Party for the formation of a new German federal government provides that the flat tax regime shall be partially abolished. The coalition agreement further specifies that the solidarity surcharge shall be abolished in stages provided that the individual income does not exceed certain thresholds. There is however no draft bill available yet and a lot of details are, hence, unclear.

Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Notes, including the effect of any state, local or church taxes, under the tax laws of Germany and any country in which they are resident or whose tax laws apply to them for other reasons.

The Issuer does not assume any responsibility for the withholding of German taxes at source.

German Tax Residents

This section "German Tax Residents" refers to persons who are tax residents of Germany (i.e. persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

Withholding tax on on-going payments and capital gains

On-going payments received by a holder of Notes whose Notes do not form part of a trade or business or other economic activity (“**private Holder**”) will be subject to German withholding tax if the Notes are kept or administered in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a “**Disbursing Agent**”, *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individuals who are subject to church tax an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax. According to the coalition agreement mentioned above, private Holders may be taxed at individual progressive income tax rates of up to 45 per cent. in the future (plus a 5.5 per cent. solidarity surcharge thereon, unless abolished or reduced, and church tax, if applicable to the private Holder).

The same treatment applies to interest accrued up to the time of the sale of Notes (“**Accrued Interest**”, *Stückzinsen*) and capital gains (i.e. the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by a private Holder of Notes provided the Notes have been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition. If Notes of the same tranche or series that are kept or administered in the same custodial account were acquired at different points in time, the Notes first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where Notes are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If interest coupons or interest claims are disposed of separately (i.e. without the Notes), the proceeds from the disposal are subject to withholding tax. The same applies to proceeds from the payment of interest coupons or interest claims if the Notes have been disposed of separately.

To the extent the Notes have not been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge, plus church tax, if applicable) on 30 per cent. of the disposal proceeds (plus Accrued Interest), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Notes by the previous Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or European Economic Area or from certain other countries (e.g. Switzerland or Andorra).

Pursuant to administrative guidance losses incurred by a noteholder from bad debt (*Forderungsausfall*) or a waiver of a receivable (*Forderungsverzicht*) are generally not tax-deductible. The same rules should apply if the Notes expire worthless or if the proceeds from the sale of Notes do not exceed the usual transaction costs. This view has, however, been challenged by a judgment of the Federal Tax Court (*Bundesfinanzhof*); it is not yet clear whether the decision will be generally applied by the tax authorities. Further, in a recent case the Federal Tax Court did also not follow this view holding that losses are deductible against other investment income if they are final, i.e. no further payment can be expected, e.g. upon conclusion of an insolvency procedure over the borrower’s assets. It still needs to be seen whether the tax authorities will follow this view.

In computing any German tax to be withheld, the Disbursing Agent generally deducts from the basis of the withholding tax negative investment income realised by a private Holder via the Disbursing Agent (e.g. losses from the sale of other securities with the exception of shares). The Disbursing Agent also deducts Accrued Interest on the Notes or other securities paid separately upon the acquisition of the respective security by a private Holder via the Disbursing Agent. In addition, subject to certain requirements and

TAXATION

restrictions the Disbursing Agent credits foreign withholding taxes levied on investment income in a given year regarding securities held by a private Holder in the custodial account with the Disbursing Agent.

Private Holders are entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for couples and for partners filing jointly) for all investment income received in a given year. Upon the private Holder filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the Holder has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Notes held by a corporation while ongoing payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Notes form part of a trade or business, subject to further requirements being met.

Taxation of current income and capital gains

The personal income tax liability of a private Holder deriving income from capital investments under the Notes is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in the case of Notes kept in custody abroad or if no Disbursing Agent is involved in the payment process, the private Holder must report his or her income and capital gains derived from the Notes on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge thereon and church tax, where applicable). If the withholding tax on a disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), a private Holder may and in case the actual gain is higher than 30 per cent. of the disposal proceeds must also apply for an assessment on the basis of his or her actual acquisition costs. Further, a private Holder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemized basis is not permitted.

Losses incurred with respect to the Notes can only be off-set against investment income of a private Holder realised in the same or the following years.

Where Notes form part of a trade or business the withholding tax, if any, will not settle the personal or corporate income tax liability and interest (accrued) must be taken into account as income. Where Notes qualify as zero coupon notes and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account. The respective holder of Notes has to report income and related (business) expenses on the tax return and the balance will be taxed at the holder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax of the holder of Notes. Where Notes form part of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Notes may also be subject to German trade tax. Where according to an applicable accounting standard Notes include an embedded derivative the holder may have to account for a receivable and a derivative. The deduction of losses from derivatives may be ring-fenced as discussed below.

Generally the deductibility of capital losses from notes which qualify for tax purposes as forward/futures transaction is limited. These losses may only be applied against profits from other forward/futures transactions derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and, within certain limitations, applied against profits from forward/futures transactions in subsequent years. This generally does not apply to forward/futures transactions hedging risks from the holder's ordinary business. Further special rules apply to credit institutions, financial services institutions and finance companies within the meaning of the German Banking Act.

Non-German Tax Residents

Interest and capital gains are not subject to German taxation, unless (i) the Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above under "German Tax Residents" applies.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Notes are kept or administered in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Notes are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Note or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Notes or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Notes will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Note is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

Irish Taxation

The following is a summary of the principal Irish withholding tax consequences of ownership of the Notes for investors who are the absolute beneficial owner of the Notes. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Base Prospectus and may be subject to change. The statements in this summary are based on the understanding that the Notes will be treated as debt for Irish tax purposes. Particular rules not discussed below may apply to certain classes of taxpayers holding Notes, including dealers in securities and trusts. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes. Prospective investors in the Notes should consult their professional advisors on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of payments thereon under the laws of their country of residence, citizenship or domicile.

Withholding Tax

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on the Notes so long as such payments do not constitute Irish source income. Interest paid on the Notes should not be treated as having an Irish source unless:

- (i) the Issuer is resident in Ireland for tax purposes; or

TAXATION

- (ii) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which are used to fund the payments on the Notes; or
- (iii) the Issuer is not resident in Ireland for tax purposes but the register for the Notes is maintained in Ireland or (if the Notes are in bearer form) the Notes are physically held in Ireland.

It is anticipated that, (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer does not and will not have a branch or permanent establishment in Ireland; (iii) bearer Notes will not be physically located in Ireland; and (iv) the Issuer will not maintain a register of any registered Notes in Ireland.

Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at the standard rate of income tax (currently 20 per cent.) from any interest, dividends or annual payments payable out of or in respect of the stocks, funds, shares or securities of a company not resident in Ireland, where such interest, dividends or annual payments are collected or realised by a bank or encashment agent in Ireland for payment to any person who is Irish resident. Encashment tax should not apply where the Noteholder is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank.

Luxembourg Taxation

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

Non-resident holders of Notes

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the “**Relibi Law**”), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20 per cent.

Norwegian Taxation

Below is a summary of certain Norwegian tax matters related to the purchase, holding and disposal of the Notes. The summary is based on Norwegian Laws, rules and regulations applicable as of the date of this Base Prospectus, and is subject to any changes in law occurring after such date. Such changes could possibly be made on a retroactive basis. The summary does not address foreign tax laws.

The summary is of a general nature and does not purport to be a comprehensive description of all the Norwegian tax considerations that may be relevant for a decision to acquire, own or dispose of Notes. Specific tax consequences may occur for different categories of Noteholders, e.g. if the Noteholder ceases to be tax resident in Norway etc.

Norwegian tax legislation does not currently include statutory legislation relating specifically to Notes. Instead, taxation treatment must be derived from general tax rules and principles applicable to capital income and capital gains. Norwegian tax law is based on substance over form. If the applicable Final Terms includes conditions which are common to equity instruments and the relevant Notes, after an overall assessment, have more characteristics of equity instruments rather than debt, the economic reality might overrule the formalities for income tax purposes. Thus the applicable Final Terms may cause the taxation of the relevant Notes to depart from the taxation treatment described in this summary. In the following, it is assumed that the Notes do not qualify as equity instruments for income tax purposes.

The summary is solely related to holders of Notes who are resident in Norway for tax purposes (“**Norwegian Noteholders**”). However, companies incorporated and resident abroad are liable to tax in Norway on distribution and gains from Notes in the same manner as Norwegian resident companies, if the Notes are effectively connected with a business carried out through a permanent establishment in Norway.

Due to the general nature of this summary, potential investors are advised to consult with and rely on their own tax advisers.

Taxation on Distribution to the Noteholder

Norwegian Noteholders, both physical persons and companies, are liable to tax in Norway on payments in respect of interest or similar payments in respect of Notes classified as debentures for Norwegian tax purposes. The tax rate is 23 per cent.

If a Note is repaid with a higher amount than the price at which it was issued (discounted bond), the excess amount shall be a part of the calculation of the gain or loss when the Note is sold or redeemed.

Taxation on sale and redemption of Notes

Norwegian Noteholders, both physical persons and companies, are taxable in Norway in respect of capital gains on the sale and redemption of Notes and have a corresponding right to deduct losses that arise from such redemption or realisation. The tax liability applies irrespective of how long the Notes have been owned and the number of Notes that have been redeemed or realised.

Gains or losses are calculated per Notes as the consideration received in respect of the Note less the tax basis of the Note. The tax basis of each Note is generally the Norwegian Noteholder's purchase price for the Note. Costs incurred in connection with the acquisition, redemption or realisation of the Note may be deducted from the Norwegian Noteholder's taxable ordinary income in the year of redemption or realisation.

TAXATION

Gains are taxable as ordinary income in the year of sale or redemption, and losses can be deducted from ordinary income in the year of sale or redemption. Norwegian Noteholders holding Notes issued with a discount (compared to the nominal value) will also be taxed the year of realisation of the Note. The tax rate for ordinary income is 22 per cent.

If the Norwegian Noteholder owns Notes acquired at different points in time, the Notes that were acquired first will be regarded as the first to be disposed of, on a first-in, first-out basis (the FIFO principle).

Norwegian withholding tax

Norwegian withholding tax is not applicable to payments in respect of interest or similar payments on Notes or on capital gains on sale or redemption of Notes. However, please note that a withholding tax on interest may be introduced in the near future.

Net wealth tax

Norwegian Noteholders that are limited liability companies and similar entities are not subject to net wealth taxation in Norway.

Norwegian Noteholders that are physical persons are subject to net wealth taxation in Norway. Notes are included as part of the taxable base for this purpose. The value for assessment purposes for listed notes is the listed value as of 1 January in the year of assessment. Unlisted bonds are generally valued at face value. The maximum aggregate rate of net wealth tax is currently 0.85 per cent.

Stamp duty

There is no stamp duty or other charges in Norway on the purchase, redemption or realisation with cash settlement of Notes.

Foreign taxes

Income taxes or capital gains taxes payable by Norwegian Noteholders in other jurisdictions, or withholding tax payable on redemption amounts in respect of the Notes, may be deducted when calculating the Norwegian tax payable on the same income. The deduction is limited, however, to the corresponding amount of Norwegian tax applicable. The right for both Norwegian and other jurisdictions to tax Norwegian Noteholders directly or through the application of withholding taxes may be limited by an applicable tax treaty.

Inheritance tax

Norway does not impose inheritance tax or similar tax on inheritance or gifts. However, the heir acquires the donor's tax input value of the Notes based on principles of continuity. Thus, the heir will be taxable for any increase in value in the donor's ownership, at the time of the heir's realisation of the Notes.

Swedish Taxation

The following summary applies to investors who are domiciled and fully liable to tax in Sweden, i.e. tax residents in Sweden. The summary only applies to notes which from a Swedish tax perspective are regarded as listed. The information below is general and does not cover all categories of tax payers or situations e.g. the information does not cover the taxation of investments made through an investment savings account ("*investeringsparkonto*") or securities treated as current assets ("*lager*") for tax purposes. Other tax consequences may apply for investors who are not domiciled in Sweden and considered non-residents for tax purposes in Sweden.

The tax treatment applicable to an investor depends on the individual circumstances of such investor and such individual circumstances, as well as Swedish tax law, may be subject to change in the future. Tax consequences that are not outlined below may arise and investors should seek advice from their tax advisors prior to any decision to invest.

Taxation of individuals

Disposals of Notes are generally taxed according to the capital gains rules. Capital gains/losses are calculated as the difference between the relevant sales price (less any sales costs) and the relevant acquisition cost. Acquisition costs are generally determined based on the “average method”, meaning that the average acquisition cost of Notes of the same kind should be calculated. Alternatively, acquisition costs in respect of listed Notes which are considered equity-linked rights (Sw. *delägarätter*) are calculated by applying a standardised acquisition cost calculated as 20 per cent of the sales price less sales cost.

Normally the reference item(s) to which a security is linked are decisive when determining the tax consequences of an investment in the Note. If such reference item(s) are shares or share indices or a basket of shares the relevant security will be taxed as equity-linked rights (“*delägarätter*”). If such reference item(s) are other types of indices or a mixture of indices where the indices which are not share indices at date of issue exceed 50 per cent. of the reference item(s), the relevant Note will be taxed as a Swedish receivable (“Sw. *fordringsrätt*”) if the settlement currency is SEK. However, if the settlement currency of the relevant security is not SEK, it will be taxed as a foreign receivable (Sw. “*utländsk fordringsrätt*”).

Individuals are liable to tax on capital gains as investment income at a tax rate of 30 per cent. Capital losses on listed share-linked rights can be fully set off against capital gains on shares, equity-linked rights and other types of securities taxed as shares. Any further loss is deductible at 70 per cent. against any other capital income.

Capital losses on listed receivables are fully deductible against other investment income.

If an investor’s total investment income is negative after possible set-offs pursuant to the above, such a deficit can reduce tax on other types of income according to special rules. The tax reduction amounts to 30 per cent. of a deficit up to SEK 100,000. Should the deficit exceed SEK 100,000 a reduction of 21 per cent. of the excess may be granted. Deficits may not be carried forward to a subsequent fiscal year for individuals.

The following apply to certain types of Notes.

Currency-Linked and Commodity-Linked Notes

Currency-Linked and Commodity-Linked notes are considered receivables. An increase in value is considered as a capital gain. Fixed payments during the term of the Note are considered as interest.

A loss is considered as deductible capital loss which is fully deductible if the Note is listed. If the Note is not listed, 70 per cent of the loss is deductible.

Equity-Linked Notes and Fund-Linked Notes

Equity-Linked Notes and Fund-Linked Notes are considered equity-linked rights and are treated in the same way as shares and other equity-linked rights. Fixed payments during the duration of the Note are considered as interest. Variable payments which are linked to the development of an index and paid during the lifetime of the Note are considered as other income of equity.

A capital loss is fully deductible against gains on other equity-linked rights (e.g. shares, Equity-Linked Notes etc.), if the Equity-Linked Notes are listed.

TAXATION

Equity-Linked Notes which are not settled in SEK are treated as foreign receivables. A loss on a foreign receivable is fully deductible in the same way as Swedish receivables.

Notes linked to a mix of reference items

If the Reference Item(s) are a mixture of Indices, where the Indices which are not share indices at the date of issue exceed 50 per cent. of the Reference Item(s), the relevant Note will be taxed as a Swedish receivable (“Sw. *fordringsrätt*”) if the settlement currency is SEK.

Tax Withholding

Preliminary tax withholding at a rate of 30 per cent. is made on interest paid to individuals residing in Sweden and to Swedish estates of deceased persons in accordance with chapter 10 and 17 Skatteförfarandelagen 2011:1244.

Swedish withholding tax is due at redemption of a zero-coupon note. However, no withholding tax is due if a zero-coupon note is disposed of before the maturity date.

Taxation of legal entities

Companies and other legal entities are normally taxed on all income. Capital gains on equity-linked rights, receivables and other assets are included in the company income and taxed at a rate of 21.4 per cent.

Capital losses can be set-off against other company income. However, capital losses on equity-linked rights can only be set-off against capital gains derived from the disposal of shares and other types of securities taxed as shares in the same year. Capital losses on equity-linked rights which are not utilised can be carried forward indefinitely. Such losses may, subject to special rules, in some circumstances be utilized by other group companies against that group company’s capital gains on shares and other types of securities taxed as shares.

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer’s understanding of current United Kingdom law and published HM Revenue and Customs practice relating only to United Kingdom withholding tax treatment of payments in respect of Notes which constitute interest or annual payments for United Kingdom tax purposes. It does not deal with any other types of payments in respect of the Notes (including those payments which are classified as manufactured interest for United Kingdom tax purposes for which different considerations may apply) and it does not deal with any United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to the United Kingdom withholding tax treatment of any payment on the Notes or who may otherwise be unsure as to their tax position should seek their own professional advice.

Interest on the Notes

Payments of interest on the Notes may be made by the Issuer without withholding or deduction for or on account of United Kingdom income tax where such interest is not regarded as having a United Kingdom source for United Kingdom tax purposes. This will depend on the terms of the relevant Notes and the circumstances in which they are issued and prospective Noteholders should therefore take legal advice on the question of whether any particular Notes carry a right to United Kingdom source interest. In the case of interest on Notes which is regarded as having a United Kingdom source such payments of interest may be

made by the Issuer without deduction of or withholding on account of United Kingdom income tax in the following circumstances:

- (a) where the Issuer is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (“**ITA 2007**”), and the interest on the Notes is paid in the ordinary course of its business within the meaning section 878 of the ITA 2007;
- (b) where the Notes carry a right to interest and are listed on a “recognised stock exchange”, within the meaning of section 1005 of the ITA 2007. Euronext Dublin is a recognised stock exchange. The Notes will satisfy this requirement if they are officially listed in the Republic of Ireland in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Main Market or the Global Exchange Market of Euronext Dublin. Provided, therefore that the Notes carry a right to interest and are and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax;
- (c) where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

An amount may also be required to be withheld from payments on the Notes that have a United Kingdom source and are not interest, but are nevertheless treated as annual payments for United Kingdom tax purposes, on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

TAXATION

The proposed financial transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate. Therefore, it is currently uncertain whether and when the proposed FTT will be enacted by the participating EU Member States and when it will take effect with regard to dealings in the Notes.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by “**foreign financial institutions**” (“**foreign passthru payments**”) and (ii) dividend equivalent payments (as described below in “*-U.S. Dividend Equivalent Withholding*”), in each case, to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Denmark) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution is an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. The grandfathering date for (A) Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Notes that give rise to a dividend equivalent pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents. If additional notes (as described under “*Terms and Conditions of the Notes – Further Issues*”) that are not distinguishable from such

previously issued grandfathered Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

U.S. Dividend Equivalent Withholding

Section 871(m) of the U.S. Internal Revenue Code of 1986 treats a "dividend equivalent" payment as a dividend from sources within the United States that is generally subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). U.S. Treasury regulations issued under Section 871(m) (the "**Section 871(m) Regulations**") require withholding on certain non-U.S. holders of the Notes with respect to amounts treated as dividend equivalent payments. Under the Section 871(m) Regulations, only a Note that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Note a "**Specified Note**"). Certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on, or upon the date of maturity, lapse or other disposition of, the Specified Note. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Note, withholding generally will still be required even if the Specified Note does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any payment on the Notes in respect of any dividend equivalent arising with respect to such Notes regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations will generally apply to Specified Notes issued on or after 1 January 2017. If the terms of a Note are subject to a "significant modification" (as defined for U.S. tax purposes), the Note generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Note is a Specified Note. Similarly, if additional Notes of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Notes out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Notes are Specified Notes as the date of such subsequent sale or issuance. Consequently, a previously out of scope Note might be treated as a Specified Note following such modification or further issuance.

TAXATION

In addition, payments on the Specified Notes may be calculated by reference to dividends on underlying U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

The relevant Issue Terms will indicate whether the Issuer has determined that Notes are Specified Notes and may specify contact details for obtaining additional information regarding the application of Section 871(m) to Notes. A non-U.S. holder of Specified Notes should expect to be subject to withholding in respect of any underlying dividend-paying U.S. securities. The Issuer's determination is binding on non-U.S. holders of the Notes, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Notes linked to U.S. securities and their application to a specific issue of Notes may be uncertain.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SECTION F - TERMS AND CONDITIONS OF THE NOTES

SECTION F.1 - GENERAL CONDITIONS

The following is the text of the terms and conditions of the Notes which will include (i) the additional terms and conditions set out in Reference Item Schedule 1 (*Rate-Linked Notes*) in the case of Rate-Linked Notes, (ii) the additional terms and conditions set out in Reference Item Schedule 2 (*Credit-Linked Notes*) in the case of Credit-Linked Notes, (iii) the additional terms and conditions set out in Reference Item Schedule 3 (*Inflation-Linked Notes*) in the case of Inflation-Linked Notes, (iv) the additional terms and conditions set out in Reference Item Schedule 4 (*Index-Linked Notes*) in the case of Index-Linked Notes, (v) the additional terms and conditions set out in Reference Item Schedule 5 (*Equity-Linked Notes*) in the case of Equity-Linked Notes, (vi) the additional terms and conditions set out in Reference Item Schedule 6 (*Fund-Linked Notes*) in the case of Fund-Linked Notes, (vii) the additional terms and conditions set out in Reference Item Schedule 7 (*Currency Linked Notes*) in the case of Currency-Linked Notes or where FX Principal Conversion and/or FX Option Conversion is specified as Applicable in the relevant Issue Terms, (viii) the additional terms and conditions set out in Reference Item Schedule 8 (*Commodity-Linked Notes*) in the case of Commodity-Linked Notes and (ix) the additional terms and conditions set out in Reference Item Schedule 9 (*Additional Disruption Events*) where “Additional Disruption Events” are specified as Applicable in the relevant Issue Terms (Reference Item Schedule 1 (*Rate-Linked Notes*), Reference Item Schedule 2 (*Credit-Linked Notes*), Reference Item Schedule 3 (*Inflation-Linked Notes*), Reference Item Schedule 4 (*Index-Linked Notes*), Reference Item Schedule 5 (*Equity-Linked Notes*), Reference Item Schedule 6 (*Fund-Linked Notes*), Reference Item Schedule 7 (*Currency Linked Notes*), Reference Item Schedule 8 (*Commodity-Linked Notes*) and Reference Item Schedule 9 (*Additional Disruption Events*) each a “**Reference Item Schedule**”), (x) the additional terms and conditions set out in Payout Schedule 1 (*Interest*) where the relevant Issue Terms specifies that the Notes bear interest and (xi) the additional terms and conditions set out in Payout Schedule 2 (*Redemption*) (Payout Schedule 1 (*Interest*) and Payout Schedule 2 (*Redemption*), each a “**Payout Schedule**” and, together with the Reference Item Schedules, each a “**Schedule**” and together the “**Schedules**”). The Conditions (as defined below), as completed by the relevant Final Terms or, in the case of Exempt Notes, amended and/or replaced by the relevant Pricing Supplement, will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Conditions, as completed by the relevant Final Terms or amended and/or replaced by the relevant Pricing Supplement. The following is also the text of the Conditions of the Notes which, as completed by the relevant Final Terms or, in the case of Exempt Notes, amended and/or replaced by the relevant Pricing Supplement, will be applicable to each VP Systems Note. VP Systems Notes will not be evidenced by any physical note or document of title other than statements of account made by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. Ownership of VP Systems Notes will be recorded and transfer effected only through the book entry system and register maintained by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be.

1. Introduction

1.1. Programme

Danske Bank A/S (the “**Issuer**”) has established a Structured Note Programme (the “**Programme**”) for the issuance of up to EUR 5,000,000,000 in aggregate principal amount of notes (the “**Notes**”). References herein to the “**Notes**” shall be references to the Notes of this Series (as defined below) and shall mean, as the context requires:

- (i) in relation to any Bearer Notes represented by a global Note (a “**Global Note**”), units of each Specified Denomination in the Specified Currency;

GENERAL CONDITIONS

- (ii) any Global Note;
- (iii) in the case of any Bearer Notes, definitive Bearer Notes issued in exchange for a Global Note in bearer form; and
- (iv) VP Systems Notes.

References herein to “**Exempt Notes**” are to Notes for which no prospectus is required to be published under the Prospectus Directive.

1.2. *Issue Terms*

Notes are issued in series (each a “**Series**”) and each Series may comprise one or more tranches (each a “**Tranche**”) of Notes which are expressed to be consolidated and form a single series and have the same Terms and Conditions in all respects, or in all respects except for the first payment of interest, if any, and/or the issue price thereof. Each Tranche is the subject of a Final Terms document (the “**Final Terms**”) or, in the case of Exempt Notes, a pricing supplement (the “**Pricing Supplement**”) which, in the case of the Final Terms, completes or, in the case of Exempt Notes, amends and/or replaces these terms and conditions (the “**General Conditions**”) and the applicable Schedule(s) (the General Conditions and the applicable Schedules together, the “**Conditions**”). The “**Terms and Conditions**” applicable to any particular Tranche of Notes are the Conditions as completed by the relevant Final Terms or, in the case of Exempt Notes, amended and/or replaced by the relevant Pricing Supplement. In the event of any inconsistency between the Conditions and the relevant Issue Terms, the relevant Issue Terms shall prevail.

For the purposes hereof, “**Issue Terms**” means either (i) where the Notes are not Exempt Notes, the relevant Final Terms or (ii) where the Notes are Exempt Notes, the relevant Pricing Supplement, and should be construed accordingly.

1.3. *Issue and Paying Agency Agreement and VP Systems Agency Agreement*

The Notes are the subject of either:

- (i) in the case of Notes other than VP Systems Notes, an issue and paying agency agreement dated 18 June 2019 (as supplemented, amended and/or replaced from time to time, the “**Agency Agreement**”) between, *inter alios*, the Issuer and Citibank, N.A., London Branch as fiscal agent (the “**Fiscal Agent**”, which expression includes any successor fiscal agent appointed from time to time in connection with the Notes); or
- (ii) in the case of VP Systems Notes:
 - (A) an agency agreement dated 18 June 2019 (as supplemented, amended and/or replaced from time to time, the “**VP Systems Agency Agreement**”) between the Issuer, Citibank, N.A., London Branch as Fiscal Agent in connection with the Agency Agreement, Danske Bank A/S as agent in respect of VP Systems Notes cleared through the VP, VPS and Euroclear Sweden and Danske Bank A/S, Finland Branch as agent in respect of VP Systems Notes cleared through Euroclear Finland (Danske Bank A/S in such capacity and Danske Bank A/S, Finland Branch each a “**VP Systems Agent**” and together the “**VP Systems Agents**”, which expression includes any successor agent appointed from time to time in connection with the relevant VP Systems Notes). The relevant VP Systems Agent will act as agent of the Issuer in respect of all dealings with the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, in respect of the relevant VP Systems Notes; and

(B) the Agency Agreement to the extent specified therein.

1.4. *Interest-bearing definitive Bearer Notes*

Interest-bearing definitive Bearer Notes have interest coupons (“**Coupons**”) and, if indicated in the relevant Issue Terms, talons for further Coupons (“**Talons**”) attached on issue. Any reference herein to “Coupons” shall, unless the context otherwise requires, be deemed to include a reference to Talons. Global Notes and VP Systems Notes do not have Coupons or Talons attached on issue.

1.5. *Deed of Covenant*

The Notes (other than VP Systems Notes) have the benefit of a deed of covenant dated 18 June 2019 (as supplemented, amended and/or replaced from time to time, the “**Deed of Covenant**”).

1.6. *The Notes*

All subsequent references in these Conditions to “Notes” are to the Notes which are the subject of the relevant Issue Terms. Copies of the relevant Issue Terms are available for inspection by Holders during normal business hours at the Specified Office of each of the Paying Agents. In the case of a Tranche of Exempt Notes which are not admitted to listing, trading and/or quotation on any listing authority, stock exchange and/or quotation system or which are not offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (including Exempt Notes) copies of the Pricing Supplement will only be available for inspection by Holders (as defined in Condition 1.7 (*Summaries*) below) or, as the case may be, Relevant Account Holders (as defined in the Deed of Covenant) in respect of, such Notes.

1.7. *Summaries*

Certain provisions of these Conditions are summaries of the Agency Agreement, the Deed of Covenant and/or the VP Systems Agency Agreement and are subject to their detailed provisions. The holders of the Notes (the “**Holders**” or “**Noteholders**”, which expressions shall, where appropriate and subject to Condition 3.4 (*Title to Global Notes*), be deemed to include holders of definitive Bearer Notes (as defined herein), holders of VP Systems Notes (as defined herein) and Couponholders (as defined below)) and, in the case of interest-bearing definitive Bearer Notes, the holders of the related Coupons, if any, (the “**Couponholders**”) are bound by, and are deemed to have notice of, all the provisions of the Agency Agreement and the Deed of Covenant applicable to them. Copies of the Agency Agreement and the Deed of Covenant are available for inspection by Holders during normal business hours at the Specified Office of each of the Paying Agents. Holders of VP Systems Notes are bound by, and are deemed to have notice of, all the provisions of the VP Systems Agency Agreement and copies of the VP Systems Agency Agreement are available for inspection by Holders during normal business hours at the Specified Office of the VP Systems Agents.

2. **Interpretation**

2.1. *Definitions*

In these Conditions the following expressions have the following meanings:

“**Administrator/Benchmark Event**” means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event, a Suspension/Withdrawal Event or a Non-Representative Announcement, all as determined by the Calculation Agent;

GENERAL CONDITIONS

“**Affiliate**” means in relation to any entity (the “**First Entity**”), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes “**control**” means ownership of a majority of the voting power of an entity;

“**Applicable Business Centre(s)**” means, in respect of a Business Day and subject as provided in the definition of Business Day, the city or cities specified as such in the relevant Issue Terms;

“**Applicable Financial Centre(s)**” means, in respect of a Payment Business Day and subject as provided in the definition of Payment Business Day, the city or cities specified as such in the relevant Issue Terms;

“**Bankruptcy Act**” means the Danish Bankruptcy Act (Consolidated Act No. 217 of 15 March 2011, as amended);

“**Bearer Notes**” means Notes issued in bearer form;

“**Benchmark**” means any figure, level or value by reference to which any amount payable under the Notes or deliverable under the Notes, or the value of the Notes, is determined in whole or in part, including, without limitation, any benchmark as defined in the Benchmarks Regulation, all as determined by the Calculation Agent;

“**Benchmark Modification or Cessation Event**” means, in respect of the Benchmark any of the following has occurred or will occur:

- (i) any material change in such Benchmark;
- (ii) permanent or indefinite cancellation or cessation in the provision of such Benchmark; or
- (iii) a regulator or other official sector entity prohibits the use of such Benchmark;

“**Benchmarks Regulation**” means Regulation (EU) 2016/1011, as amended from time to time;

“**BRRD**” means the Directive (2014/59/EU) of the European Parliament and of the Council on resolution and recovery of credit institutions and investment firms dated 15 May 2014 and published in the Official Journal of the European Union on 12 June 2014 (or, as the case may be, any provision of Danish law transposing or implementing such Directive), as amended or replaced from time to time;

“**Business Day**” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Applicable Business Centre and, if TARGET is an Applicable Business Centre, a TARGET Settlement Day;

“**Business Day Convention**”, in relation to any particular date, shall be as specified in the relevant Issue Terms and, if so specified in the relevant Issue Terms, may have different meanings in relation to different dates and, in this context, the following expressions shall have the following meanings:

- (i) “**Following Business Day Convention**” means that the relevant date shall be postponed to the first following day that is a Business Day;
- (ii) “**Modified Following Business Day Convention**” or “**Modified Business Day Convention**” means that the relevant date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;

- (iii) **“Preceding Business Day Convention”** means that the relevant date shall be brought forward to the first preceding day that is a Business Day;
- (iv) **“FRN Convention”, “Floating Rate Convention” or “Eurodollar Convention”** means that each relevant date shall be the date which numerically corresponds to the preceding such date in the calendar month which is the number of months specified in the relevant Issue Terms as the Specified Period after the calendar month in which the preceding such date occurred provided, however, that:
 - (1) if there is no such numerically corresponding day in the calendar month in which any such date should occur, then such date will be the last day which is a Business Day in that calendar month;
 - (2) if any such date would otherwise fall on a day which is not a Business Day, then such date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day; and
 - (3) if the preceding such date occurred on the last day in a calendar month which was a Business Day, then all subsequent such dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred; and
 - (4) **“No Adjustment”** means that the relevant date shall not be adjusted in accordance with any Business Day Convention;

“Calculation Agent” means the Person specified in the relevant Issue Terms as the party responsible for calculating the Redemption Amount(s) and/or the Rate(s) of Interest and Interest Amount(s) and/or such other amount(s) as may be specified in the relevant Payout Schedule and/or the relevant Issue Terms;

“Calculation Amount” has the meaning given in the relevant Issue Terms;

“Clearstream, Luxembourg” means Clearstream Banking S.A.;

“Code” means the U.S. Internal Revenue Code of 1986;

“Contractual Currency” has the meaning given to such term in Condition 16 (*Currency Indemnity*);

“Danish Financial Business Act” means the Danish Financial Business Act (Consolidated Act No. 1140 of 26 September 2017, as amended);

“Danish Statutory Loss Absorption Powers” means any write-down, conversion, transfer, modification, suspension or similar or related power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in Denmark, relating to (i) the transposition of the BRRD (or, as the case may be, any provision of Danish law transposing or implementing such Directive) as amended or replaced from time to time and (ii) the instruments, rules and standards created thereunder, pursuant to which any obligation of the Issuer (or any affiliate of the Issuer) can be reduced, cancelled, modified or converted into Ordinary Shares, other securities or other obligations of the Issuer or any other Person (or suspended for a temporary period);

“DFSA” means the Danish Financial Supervisory Authority;

GENERAL CONDITIONS

“**Early Redemption Amount**” means, in respect of each principal amount of the Notes equal to the Calculation Amount, either (i) an amount in the Specified Currency determined by the Calculation Agent which represents the fair market value of such Calculation Amount (which, if so specified in the relevant Issue Terms, shall include amounts in respect of interest) on a day selected by the Issuer (ignoring for the purposes of a redemption pursuant to Condition 6.8 (*Illegality*), the relevant unlawfulness, illegality or prohibition) but adjusted (except in the case of any early redemption pursuant to Condition 9 (*Events of Default*)) to account fully for the proportionate losses, expenses and costs to the Issuer and/or its Affiliates of unwinding any underlying and/or related hedging and funding arrangements in respect of the Notes (including, without limitation, any derivative contracts hedging the Issuer’s obligations under the Notes) provided that, for the purposes of determining the fair market value of such Calculation Amount for the purposes of Condition 9 (*Events of Default*), no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes or (ii) any other amount as may be specified in the relevant Issue Terms, and, where applicable, calculated or determined in accordance with, Payout Schedule 2 (*Redemption*) or, in respect of Exempt Notes, calculated or determined in accordance with the relevant Pricing Supplement;

“**euro**” means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the functioning of the European Union, as amended;

“**Euroclear**” means Euroclear Bank SA/NV;

“**Euroclear Finland**” means Euroclear Finland Oy, the Finnish central securities depository;

“**Euroclear Sweden**” means Euroclear Sweden AB, the Swedish central securities depository;

“**Events of Default**” has the meaning given to such term in Condition 9 (*Events of Default*);

“**Exempt Notes**” shall have the meaning given to it in Condition 1.1 (*Programme*);

“**Extraordinary Resolution**” has the meaning given in the Agency Agreement;

“**Final Redemption Amount**” means, in respect of any Note, such amount as may be specified in the relevant Issue Terms and, where applicable, determined in accordance with, Payout Schedule 2 (*Redemption*) and/or, in respect of Exempt Notes, calculated or determined in accordance with the relevant Pricing Supplement;

“**Hedging Party**” means any party to the Issuer’s and/or any of its Affiliates’ hedging activities in respect of the Notes.

“**Interest Amount**” has the meaning given to such term in Payout Schedule 1 (*Interest*);

“**Issue Date**” has the meaning given in the relevant Issue Terms;

“**Maturity Date**” has the meaning given in the relevant Issue Terms, subject as provided in Payout Schedule 2 (*Redemption*);

“**Maximum Redemption Amount**” has the meaning given in the relevant Issue Terms;

“**Member States**” means the member states of the European Economic Area;

“**Minimum Redemption Amount**” has the meaning given in the relevant Issue Terms;

“**Non-Approval Event**” means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (ii) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (iii) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Notes, the Issuer, the Calculation Agent or the Benchmark,

in each case, as is or will be required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension;

“Non-Representative Announcement” means, in respect of the Benchmark, an official announcement by the supervisor of the administrator and/or sponsor of the Benchmark that the Benchmark is no longer representative of any relevant underlying market(s);

“Optional Redemption Amount (Call)” means, in respect of any Note, its Outstanding Principal Amount, or such other amount as may be specified in, or determined in accordance with, these Conditions or, in respect of Exempt Notes, the relevant Pricing Supplement;

“Optional Redemption Amount (Put)” means, in respect of any Note, its Outstanding Principal Amount, or such other amount as may be specified in, or determined in accordance with, these Conditions or, in respect of Exempt Notes, the relevant Pricing Supplement;

“Optional Redemption Date (Call)” has the meaning given in the relevant Issue Terms;

“Optional Redemption Date (Put)” has the meaning given in the relevant Issue Terms;

“Ordinary Shares” means fully paid-up ordinary shares in the capital of the Issuer;

“Outstanding Principal Amount” means, in respect of a Note, its principal amount;

“Paying Agents” means the Fiscal Agent and any substitute or additional paying agents appointed in accordance with the Agency Agreement;

“Payment Business Day” means:

- (i) in the case of Bearer Notes, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in (a) in the case of Notes in definitive form only, the relevant place of presentation and (b) each Applicable Financial Centre specified in the relevant Issue Terms and, if TARGET is an Applicable Finance Centre, a TARGET Settlement Day; and
- (ii) in the case of VP Systems Notes, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign

GENERAL CONDITIONS

exchange and foreign currency deposits) in each Applicable Financial Centre specified in the relevant Issue Terms and, if TARGET is an Applicable Finance Centre, a TARGET Settlement Day;

“**Person**” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

“**Prospectus Directive**”, when used in these Conditions, means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in a relevant Member State of the European Economic Area;

“**Put Option Notice**” means a notice, in the form available from the Specified Office of any Paying Agent which must be delivered to the Specified Office of a Paying Agent by any Holder wanting to exercise its right to require the Issuer to redeem a Note at the option of the Holder;

“**Put Option Receipt**” means a receipt issued by a Paying Agent to a depositing Holder upon deposit of a Note with such Paying Agent by any Holder wanting to exercise a right to redeem a Note at the option of the Holder;

“**Redemption Amount**” means, as appropriate, the Final Redemption Amount, the Early Redemption Amount, the Optional Redemption Amount (Call), the Optional Redemption Amount (Put) or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with the provisions of, these Conditions or, in respect of Exempt Notes, the relevant Pricing Supplement;

“**Rejection Event**” means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register which, in each case, is or will be required in relation to the Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes;

“**Relevant Amounts**” means the outstanding principal amount of the Notes or any other amounts due, together with any accrued but unpaid interest and additional amounts (as described in Condition 8) that have become due and payable in respect of the Notes but which have not been paid, prior to the exercise of any Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority;

“**Relevant Date**” means, in relation to any payment, whichever is the later of (a) the date on which the payment in question first becomes due and (b) if the full amount payable has not been received in the Applicable Financial Centre of the currency of payment by the Fiscal Agent on or prior to such due date, the date on which (the full amount having been so received) notice to that effect has been given to the Holders;

“**Relevant Resolution Authority**” means the resolution authority with the ability to exercise any Danish Statutory Loss Absorption Powers in relation to the Issuer;

“**Securities Act**” means the United States Securities Act of 1933, as amended;

“**Specified Currency**” has the meaning given in the relevant Issue Terms;

“**Specified Denomination(s)**” has the meaning given in the relevant Issue Terms;

“**Specified Office**” has the meaning given in the Agency Agreement or the VP Systems Agency Agreement, as the case may be;

“**Subsidiary**” means, in relation to any Person (the “**first Person**”) at any particular time, any other Person (the “**second Person**”):

- (i) whose affairs and policies the first Person controls or has the power to control, whether by ownership of share capital, contract, the power to appoint or remove members of the governing body of the second Person or otherwise; or
- (ii) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, consolidated with those of the first Person;

“**Suspension/Withdrawal Event**” means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is or will be required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal;

“**Talon**” means a talon for further Coupons;

“**TARGET Settlement Day**” means any day on which the Trans-European Automated Real-time Gross settlement Express Transfer (TARGET2) System (“**TARGET**”), which was launched on 19 November 2007, or any successor thereto is open for the settlement of payments in euro;

“**Treaty**” means the Treaty on the functioning of the European Union, as amended;

“**VP**” means VP Securities Services (*VP Securities A/S*), the Danish central securities depository;

“**VPS**” means the Norwegian Central Securities Depository (*Verdipapirsentralen*), the Norwegian central securities depository;

“**VP Systems Notes**” means Notes issued in uncertificated and dematerialised book entry form cleared through the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be; and

2.2. Interpretation:

In these Conditions:

- (i) References herein to a numbered “**Condition**” are references to a Condition of these General Conditions, references in the Schedules to a “**General Condition**” are references to a

GENERAL CONDITIONS

Condition of these General Conditions, references (if any) in the Conditions to a “**Reference Item Condition**” are references to a Condition in the relevant Reference Item Schedule, references in the Conditions to an “**Interest Payout Condition**” are references to a Condition in Payout Schedule 1 (*Interest*) and references herein to a “**Redemption Payout Condition**” are references to a Condition in Payout Schedule 2 (*Redemption*).

- (ii) any reference to “**Notes**” shall be deemed to include references to Coupons, if relevant, and any reference to “**Holder**s” or “**Noteholder**s” shall be deemed to include references to Couponholders, if relevant;
- (iii) if the relevant Issue Terms specify that the Notes do not bear interest, references to “**Coupons**” and “**Couponholders**” are not applicable;
- (iv) in the case of Notes which have more than 27 interest payments remaining at the time of exchange of any Global Note for Notes in definitive form, references to “**Coupons**” shall be deemed to include references to Talons;
- (v) in the case of Notes which have less than 27 interest payments remaining at the time of exchange of any Global Note for Notes in definitive form, references to Talons are not applicable;
- (vi) any reference to “**principal**” shall be deemed to include (A) the Redemption Amount or any other amounts payable pursuant to Payout Schedule 2 (*Redemption*), (B) any additional amounts in respect of principal which may be payable under Condition 8.1 (*Gross-up*), (C) any premium payable in respect of a Note and (D) any other amount in the nature of principal payable pursuant to these Conditions;
- (vii) any reference to “**interest**” shall be deemed to include any amounts payable pursuant to Payout Schedule 1 (*Interest*), any additional amounts in respect of interest which may be payable under Condition 8.1 (*Gross-up*) and any other amount in the nature of interest payable pursuant to these Conditions;
- (viii) references to Notes being “outstanding” shall be construed in accordance with the Agency Agreement;
- (ix) if an expression is stated in Condition 2.1 (*Definitions*) to have the meaning given in the relevant Issue Terms, but the relevant Issue Terms gives no such meaning or specifies that such expression is “not applicable” then such expression is not applicable to the Notes;
- (x) any reference to the Agency Agreement, the Deed of Covenant or the VP Systems Agency Agreement shall be construed as a reference to the Agency Agreement, the Deed of Covenant or the VP Systems Agency Agreement, as the case may be, as amended and/or supplemented up to and including the Issue Date of the first Tranche of the Notes;
- (xi) if the relevant Issue Terms specify any Redemption Amount on a per Calculation Amount basis, the relevant Redemption Amount in respect of a Note shall be deemed to be the product of the relevant Redemption Amount per Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination of such Note; and
- (xii) VP Systems Notes are in dematerialised form, and any references in these Conditions to Coupons and Talons shall not apply to VP Systems Notes.

3. **Form, Denomination and Title**

3.1. *Form of Notes*

The Notes are Bearer Notes or VP Systems Notes, as specified in the relevant Issue Terms and, in the case of definitive Bearer Notes, serially numbered, in the Specified Currency and the Specified Denomination(s).

3.2. *Type of Notes*

The Notes may bear interest, depending upon the Interest Basis (if any) shown in the relevant Issue Terms. The Final Redemption Amount in respect of the Notes will depend on the Redemption/Payment Basis specified in the relevant Issue Terms.

3.3. *Title to definitive Notes*

Subject as set out below, title to the Bearer Notes and Coupons will pass by delivery in accordance with the provisions of the Agency Agreement. The Issuer and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in Condition 3.4 (*Title to Global Notes*).

3.4. *Title to Global Notes*

For so long as any of the Bearer Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such principal amount of such Notes, for which purpose the bearer of the relevant bearer Global Note shall be treated by the Issuer and any Paying Agent as the holder of such principal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions “**Noteholder**” and “**Holder**” and related expressions shall be construed accordingly.

Bearer Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the relevant Issue Terms or as may otherwise be approved by the Issuer and the Fiscal Agent.

3.5. *Exchanges*

Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination. Bearer Notes may not be exchanged for VP Systems Notes and *vice versa*.

3.6. *VP Systems Notes*

Title to VP Systems Notes will pass by registration in the registers between the direct or indirect accountholders at the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, in accordance with the rules and procedures of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. The Holder of a VP Systems Note will be the person evidenced (including any

GENERAL CONDITIONS

nominee) as such by a book entry in the records of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. The person so evidenced as a Holder of VP Systems Notes shall be treated as the Holder of such Notes for all purposes.

The Issuer shall be entitled to receive information regarding the identity of Holders maintained by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, and from time to time shall be entitled to review the “debt ledgers” maintained by the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, which contain details of the Holders.

4. **Status of the Notes**

The Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future, save for certain mandatory exceptions provided by law.

5. **Interest**

The Notes may be interest bearing or non-interest bearing depending on the Interest Basis (if any) specified in the relevant Issue Terms. Interest shall accrue at the rate or shall be determined as set out in Payout Schedule 1 (*Interest*) and/or, in respect of Exempt Notes, in the relevant Pricing Supplement.

6. **Redemption, Adjustments and Purchase**

6.1. *Scheduled redemption*

Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 7 (*Payments*). The Final Redemption Amount shall be either as specified in the relevant Issue Terms and, where applicable, determined as set out in Payout Schedule 2 (*Redemption*) and/or, in respect of Exempt Notes, calculated or determined in accordance with the relevant Pricing Supplement.

6.2. *Early redemption*

The Notes may be redeemed early in the circumstances (if any) specified in Payout Schedule 2 (*Redemption*) and/or, in respect of Exempt Notes, in the relevant Pricing Supplement, subject as provided in Condition 7 (*Payments*).

6.3. *Early redemption for tax reasons*

If, in relation to any Series of Notes, Condition 8.1 (*Gross-up*) is specified in the relevant Issue Terms as being applicable and:

- (i) as a result of any change in the laws, regulations or rulings of Denmark or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which becomes effective on or after the Issue Date of the first Tranche of such Notes, the Issuer would be required to pay additional amounts as provided in Condition 8.1 (*Gross-up*); and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

the Issuer may, at its option and having given no less than the minimum period of notice nor more than the maximum period of notice (if any) specified in the relevant Issue Terms (ending, in the case of Floating Rate Notes, on a day upon which interest is payable) to the Holders in accordance with

Condition 15 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the Early Redemption Amount, together with, if so specified in the relevant Issue Terms, accrued interest, provided, however, that no such notice of redemption may be given earlier than ninety days (or, in the case of Notes which are Floating Rate Notes, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Notes plus sixty days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

If Condition 8.3 (*No gross-up*) is specified in the relevant Issue Terms as being applicable, this Condition 6.3 shall not apply to the Notes.

6.4. *Redemption at the option of the Issuer*

If Call Option is specified in the relevant Issue Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Issue Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call), together with accrued interest (if any) thereon upon the Issuer's giving not less than the minimum period of notice nor more than the maximum period of notice (if any) specified in the relevant Issue Terms to the Holders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call)).

If the Notes are Bearer Notes in definitive form, the notice to Holders referred to in this Condition 6.4 shall specify the serial numbers of the Notes so to be redeemed.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Issue Terms, then any such redemption must be of a principal amount not greater than the maximum or be less than the minimum so specified.

The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder of its Put Option pursuant to Condition 6.6 (*Redemption at the option of Holder*).

6.5. *Partial redemption*

If the Notes are to be redeemed in part only on any date in accordance with Condition 6.4 (*Redemption at the option of the Issuer*):

- (i) in the case of Bearer Notes in definitive form, the Notes to be redeemed shall be drawn by lot in such European city as the Fiscal Agent may specify, or identified in such other manner or in such other place as the Fiscal Agent may approve and deem appropriate and fair;
- (ii) in the case of Global Notes, the Notes to be redeemed will be selected in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion); or
- (iii) in the case of VP Systems Notes, the Notes to be redeemed shall be selected in accordance with the standard procedures of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, from time to time.

GENERAL CONDITIONS

6.6. *Redemption at the option of Holder*

If Put Option is specified in the relevant Issue Terms as being applicable, upon a Holder of any Note giving not less than the minimum period of notice nor more than the maximum period of notice (if any) specified in the relevant Issue Terms to the Issuer, the Issuer will redeem such Note on the Optional Redemption Date (Put) at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date.

If the Note is a Bearer Note in definitive form, in order to exercise the option contained in this Condition 6.6, the Holder of such Note must, within the notice period described above, deposit at the Specified Office of any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent specifying the aggregate Outstanding Principal Amount in respect of which such option is exercised. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Holder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 6.6, may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Holder at such address as may have been given by such Holder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Holder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 6.6, the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

If the Notes are represented by a Global Note, in order to exercise the option contained in this Condition 6.6, the Holder of such Global Note must, within the notice period set out above, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised.

If the Note is a VP Systems Note, in order to exercise the option contained in this Condition 6.6, the Holder of such Note must, within the notice period set out above, give notice to the relevant VP Systems Agent of such exercise in accordance with the standard procedures of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, from time to time.

Any such notice will be irrevocable and may not be withdrawn.

The Holder of a Note may not exercise such Put Option in respect of any Note which is the subject of an exercise by the Issuer of its Call Option.

6.7. *Redemption/Adjustment for an Administrator/Benchmark Event*

In the event that an Administrator/Benchmark Event occurs, the Issuer may (at its option):

- (i) make such adjustment(s) to these Conditions as it may determine appropriate to account for the relevant event or circumstance and, without limitation, such adjustments may (a) consist of one or more amendments and/or be made on one or more dates (b) be determined by reference to any adjustment(s) in respect of the relevant event or circumstance made in relation to any hedging arrangements in respect of the Notes and (c) include selecting a successor benchmark(s) and making related adjustments to these Conditions including where applicable to reflect any increased costs of the Issuer providing such exposure to the successor benchmark(s) and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks; or

- (ii) give notice to the Holders in accordance with Condition 15 (*Notices*) and redeem all, but not some only, of the Notes, each Note being redeemed at the Early Redemption Amount, together with, if so specified in the relevant Issue Terms, accrued interest.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Notes. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Issuer shall determine which terms shall apply.

6.8. *Illegality*

In the event that the Calculation Agent determines that the performance of the Issuer's obligations under the Notes or that any arrangements made to hedge the Issuer's obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than ten nor more than thirty days' notice to Holders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

6.9. *Purchase*

The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, provided that, in the case of Bearer Notes, all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, resold or, in the case of Bearer Notes, surrendered to any Paying Agent for cancellation.

6.10. *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 6.9 (*Purchase*) above (together, in the case of Bearer Notes, with all unmatured Coupons cancelled therewith) shall be forwarded to the Fiscal Agent or, in the case of VP Systems Notes, shall be deleted from the records of the VP, VPS, Euroclear Finland or Euroclear, as the case may be, and, in either case, cannot be reissued or resold.

7. **Payments**

7.1. *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

GENERAL CONDITIONS

7.2. *Presentation of definitive Bearer Notes and Coupons*

Payments of principal and unpaid amounts (if any and if applicable) in respect of accrued interest (in the case of early redemption of the Notes other than on a date scheduled for payment of such interest) in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 7.1 (*Method of payment*) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the Specified Office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

7.3. *Coupons for definitive Fixed Rate Notes (other than Long Maturity Notes)*

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

7.4. *Coupons for definitive Notes (other than Fixed Rate Notes which are not Long Maturity Notes)*

Upon the date on which any Note (other than a Fixed Rate Note which is not a Long Maturity Note) in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

7.5. *Bearer Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the Specified Office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note in bearer form, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

7.6. *General provisions applicable to payments*

The Holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the Holder of such Global Note.

7.7. *Payments in New York City*

Notwithstanding the foregoing provisions of this Condition 7, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the Specified Office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with Specified Offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such Specified Offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such Specified Offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

7.8. *VP Systems Notes*

Payments of principal and interest in respect of VP Systems Notes shall be made to the Holders shown in the relevant records of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, in accordance with, and subject to the rules and regulations from time to time governing, the VP, VPS, Euroclear Finland or Euroclear Sweden.

7.9. *Payment Business Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day, the Holder thereof shall not be entitled to payment until the next following Payment Business Day and shall not be entitled to further interest or other payment in respect of such delay.

7.10. *Payments subject to fiscal laws*

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*); (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code. In addition, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any “dividend equivalent” (as defined for

GENERAL CONDITIONS

purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

8. Taxation

8.1. *Gross-up*

If Condition 8.1 is specified in the relevant Issue Terms as being applicable, all payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Denmark or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Holders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in relation to any payment in respect of any Note or Coupon:

- (i) to, or to a third party on behalf of, a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with Denmark other than:
 - (a) the mere holding of the Note or Coupon; or
 - (b) the receipt of principal, interest or other amount in respect of such Note or Coupon; or
- (ii) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day; or
- (iii) where such withholding or deduction is required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof or any law implementing an intergovernmental approach thereto; or
- (iv) where such withholding or deduction is required pursuant to Section 871(m) of the Code.

8.2. *Taxing jurisdiction*

If the Issuer becomes subject at any time to any taxing jurisdiction other than Denmark, references in these Conditions to Denmark shall be construed as references to Denmark and/or such other jurisdiction.

8.3. *No gross-up*

If Condition 8.3 is specified in the relevant Issue Terms as being applicable, the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer shall be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

9. **Events of Default**9.1. *Events of Default*

The following events or circumstances, or, in respect of Exempt Notes, the following events or circumstances as modified by, and/or such other events as may be specified in, the relevant Pricing Supplement (each an “**Event of Default**”) shall be acceleration events in relation to the Notes of any Series, namely:

- (i) the Issuer fails to pay any amount of principal or interest in respect of the Notes of the relevant Series or any of them on the due date for payment thereof and such default continues for a period of five days on which banks are open for business in Copenhagen after written notice has been given by the Fiscal Agent or the Holder of any such Note to the Issuer; or
- (ii) the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes of the relevant Series and (except in any case where such default is incapable of remedy when no such continuation or notice, as is hereinafter mentioned, will be required) such default remains unremedied for thirty days after written notice requiring such default to be remedied has been received by the Issuer from the Fiscal Agent or the Holder of any such Note; or
- (iii) a distress, execution, seizure before judgment or other legal process is levied or enforced or sued out upon or against any part of the property, assets or revenues of the Issuer which is material in its effect upon the operation of the Issuer and is not discharged or stayed within sixty days of having been so levied, enforced or sued out; or
- (iv) (A) an application for the commencement of bankruptcy against the assets of the Issuer is filed and the application has been filed by or on behalf of the Issuer, or (B) a third party has filed an application for the commencement of bankruptcy against the assets of the Issuer and (the earlier of) either (1) the DFSA advises the competent court to open up bankruptcy proceedings, or (2) the competent court opens bankruptcy proceedings against the assets of the Issuer, or (C) under Section 233 of the Danish Financial Business Act, the DFSA permits liquidators of the Issuer appointed pursuant to Sections 227 or 228 of the Danish Financial Business Act to file a petition for bankruptcy under and pursuant to Section 17 of the Bankruptcy Act in relation to the Issuer, or (D) under Sections 233 or 234 of the Danish Financial Business Act, the DFSA files a petition for bankruptcy under and pursuant to Section 17 of the Bankruptcy Act in relation to the Issuer; or
- (v) under Section 238 of the Danish Financial Business Act, the DFSA files a petition for the suspension of payments of the Issuer.

9.2. *Acceleration*

If any Event of Default shall occur in relation to any Series of Notes, any Holder of a Note of the relevant Series may, by written notice to the Issuer (effective upon receipt), at the specified office of

GENERAL CONDITIONS

the Fiscal Agent, declare that such Note and (if the Note is interest-bearing) together with all interest (if any) accrued thereon shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Redemption Amount, together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

10. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

11. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Offices of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

12. **Agents, Discretions and Determinations**

12.1. *Obligations of Agents*

In acting under the Agency Agreement or the VP Systems Agency Agreement and in connection with the Notes and the Coupons, each of the Paying Agents, the Calculation Agent and each VP Systems Agent acts solely as agent of the Issuer and does not assume any obligations towards or relationship of agency or trust for or with any of the Holders or Couponholders, and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement, the VP Systems Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

12.2. *Termination of Appointments*

The initial Paying Agents and the VP Systems Agents and their initial Specified Offices are listed in the Agency Agreement or the VP Systems Agency Agreement, as applicable. The Calculation Agent in respect of any Notes shall be specified in the relevant Issue Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Fiscal Agent) or any VP Systems Agent or the Calculation Agent and to appoint an additional or successor fiscal agent, paying agent, calculation agent or agent in connection with the Notes; provided, however, that:

- (i) the Issuer shall at all times maintain a Fiscal Agent;
- (ii) if a Calculation Agent is specified in the relevant Issue Terms, the Issuer shall at all times maintain a Calculation Agent;

- (iii) if and for so long as the Notes are admitted to listing on any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent (which may be the Fiscal Agent) with a Specified Office in the place required by such listing authority, stock exchange and/or quotation system;
- (iv) in the case of VP Systems Notes, the Issuer shall at all times maintain a VP Systems Agent authorised to act as an account holding institution with the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be; and
- (v) in the circumstances described in Condition 7.7 (*Payments in New York City*), a Paying Agent with a Specified Office in New York City.

12.3. *Change of Specified Offices*

The Paying Agents, the VP Systems Agents and the Calculation Agent reserve the right at any time to change their respective Specified Offices to some other Specified Office provided that (in the case of the Paying Agents only) such specified office shall be in the same city. Notice of any change in the identities or Specified Offices of any Paying Agent, the VP Systems Agents or the Calculation Agent shall promptly be given to the Holders in accordance with Condition 15 (*Notices*).

12.4. *Discretions and Determinations*

Except as otherwise expressly set out herein or, in respect of Exempt Notes, in the relevant Pricing Supplement, all discretions exercised and calculations and determinations made in respect of the Notes by either the Calculation Agent or the Issuer shall be made in its sole and absolute discretion and in good faith and shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Fiscal Agent, the VP Systems Agents any other Paying Agent, the Noteholders and the Couponholders.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

12.5. *Exercise of Discretion*

In exercising its discretion in respect of the Notes as provided herein, each of the Issuer and the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include in particular any circumstances or events which have or may have a material impact on the hedging arrangements entered into by the Issuer and/or any of its Affiliates and/or a Hedging Party in respect of the Notes. The exercise of the Issuer's and/or the Calculation Agent's discretion in respect of the Notes as provided herein are necessary because certain circumstances or events (for example a material modification or disruption to any reference item or basis of reference to which the Notes are linked) may occur subsequent to the issuance of the Notes which may materially affect the costs to the Issuer and/or any of its Affiliates and/or a Hedging Party of maintaining the relevant Notes or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Notes. In addition, as a result of certain circumstances or events (e.g. unavailability or material disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the reference item or basis of reference to which the Notes are linked to be made, thus making it necessary for the Issuer and/or the Calculation Agent to exercise its discretion in such a case.

As used herein, "**hedging arrangements**" means the arrangements, if any, the Issuer makes to have available to it the relevant cash amounts to be paid under the Notes as these fall due. This may involve the Issuer and/or a Hedging Party investing directly in the reference item(s) or basis of

GENERAL CONDITIONS

reference to which the Notes are linked. Alternatively, the Issuer and/or a Hedging Party may make an indirect investment by entering into or acquiring a derivative contract referencing the reference item(s) or basis of reference to which the Notes are linked. Such hedging arrangements may be carried out on a portfolio basis (i.e. where the Hedging Party maintains arrangements for hedging the Notes together with other obligations of the Issuer or its Affiliates). The Issuer will select hedging arrangements which are efficient for it in the context of the tax, regulatory and business environment in which it operates. The Issuer and/or a Hedging Party may also adjust hedging arrangements from time to time but will not always be able to avoid adverse costs, taxes or regulatory changes which affect its hedging arrangements. For the avoidance of doubt, the Issuer is under no obligation to enter into any hedging arrangements and, if any hedging arrangements are entered into, such arrangements will not confer any rights or entitlements on any Noteholder and no Noteholder will have recourse to any such hedging arrangements.

12.6. *Determination of amounts payable*

The Calculation Agent will employ the methodology described in these Conditions and/or, in respect of Exempt Notes, the relevant Pricing Supplement to determine amounts payable in respect of the Notes and Coupons. When making any such determination in relation to any amounts so payable, the Calculation Agent may in its sole and absolute discretion consider any relevant information, which may but is not required to include, without limitation, one or more of the following:

- (i) quotations (either firm or indicative) supplied by one or more third parties or information sources;
- (ii) (information consisting of relevant market data in the relevant markets supplied by one or more third parties or information sources including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads correlation or other relevant market data in the relevant market; or
- (iii) information of the types described in (i) or (ii) above from internal sources (including any Affiliates of the Calculation Agent) or other information of a type used by the Calculation Agent in the regular course of its business or in connection with similar transactions.

Whenever the Calculation Agent is required to make any determination it may, inter alia, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under the Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion.

12.7. *Disclaimer of liability*

The Calculation Agent makes no express or implied representations or warranties as to (i) the advisability of investing in or obtaining exposure to the Notes, (ii) the value of the Notes at any particular time on any particular date, or (iii) any amounts that may become payable in respect of the Notes.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Noteholders for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

12.8. *Conflict of Interest*

In addition to providing calculation agency services to the Issuer, the Calculation Agent or any of its Affiliates may perform further or alternative roles relating to the Issuer and any Series of Notes including, but not limited to, for example, being involved in arrangements relating to any of the reference items (for example as a calculation agent or, in the case of a proprietary index for example, as index sponsor). Furthermore, the Calculation Agent or any of its Affiliates may contract with the Issuer and/or enter into transactions which relate to the Issuer, the Notes or any of the reference items and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates' interests in other capacities. Subject to all regulatory obligations, neither the Issuer nor the Calculation Agent in respect of the Notes shall owe any duty or responsibility to any Noteholder to avoid any conflict or to act in the interests of any Noteholder.

13. **Meetings of Holders; Modification and Waiver**13.1. *Meetings of Holders of Notes other than VP Systems Notes*

This Condition 13.1 is applicable only in relation to Notes other than VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of Holders of Notes of any Series (other than VP Systems Notes) to consider matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution (as defined in the Agency Agreement) of any provision of these Conditions and the Deed of Covenant insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of Notes of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting and on all Holders of Coupons relating to Notes of such Series.

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

13.2. *Modification of Notes other than VP Systems Notes*

This Condition 13.2 is applicable only in relation to Notes other than VP Systems Notes. The Issuer may, with the consent of the Fiscal Agent, amend the Notes, these Conditions and the Deed of Covenant without the consent of the Holders or Couponholders:

- (i) where such amendment is of a formal, minor or technical nature or to correct a manifest error or proven error or to cure, correct or supplement any defective provision of the Notes of the relevant Series and/or the Deed of Covenant; or
- (ii) where the Issuer determines (whether before or after issue) to list and/or trade the Notes of the relevant Series on a stock exchange, market or quotation system or a central securities depository, trading facility or clearing system and such amendment is made to enable such Notes to be listed and/or traded on such stock exchange, market or quotation system or central securities depository, trading facility or clearing system; or
- (iii) to comply with any mandatory provision of law or the rules of any stock exchange, market or quotation system, central securities depository, trading facility or clearing system.

Subject as aforesaid, no other modification may be made to these Conditions or the Deed of Covenant except with the sanction of an Extraordinary Resolution.

GENERAL CONDITIONS

13.3. *Meeting of Holders of VP Systems Notes*

This Condition 13.3 is applicable only in relation to VP Systems Notes. The Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of Holders of VP Systems Notes of any Series to consider matters relating to such Series of Notes, including (without limitation) the modification by Extraordinary Resolution of any provision of these Conditions insofar as the same may apply to such Notes. Any Extraordinary Resolution duly passed at any such meeting of Holders of VP Systems Notes of any Series will be binding on all Holders of Notes of such Series, whether present or not at the meeting. Meetings of Holders shall be held in accordance with the Agency Agreement and in compliance with the relevant regulations of the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be. Any person requesting the convening of any such meeting or attending or voting at any such meeting shall be required to provide proof of their appointment as proxy, attorney or representative and/or ownership of Notes satisfactory to the Issuer and/or in the form specified by Issuer in the notice in respect of the relevant meeting given to Holders in accordance with Condition 15 (*Notices*).

In addition, a resolution in writing signed by or on behalf of all Holders who for the time being are entitled to receive notice of a meeting of Holders of Notes will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders of Notes.

13.4. *Modification of VP Systems Notes*

This Condition 13.4 is applicable only in relation to VP Systems Notes. The Issuer may amend the Notes and these Conditions without the consent of the Holders:

- (i) where such amendment is of a formal, minor or technical nature or to correct a manifest error or proven error or to cure, correct or supplement any defective provision of the Notes of the relevant Series; or
- (ii) where the Issuer determines (whether before or after issue) to list and/or trade the Notes of the relevant Series on a stock exchange, market or quotation system or a central securities depository, trading facility or clearing system and such amendment is made to enable such Notes to be listed and/or traded on such stock exchange, market or quotation system or central securities depository, trading facility or clearing system; or
- (iii) to comply with any mandatory provision of law or the rules of any stock exchange, market or quotation system, central securities depository, trading facility or clearing system.

Subject as aforesaid, no other modification may be made to these Conditions except with the sanction of an Extraordinary Resolution.

14. **Further Issues**

The Issuer may from time to time, without the consent of the Holders or the Couponholders, create and issue further Notes having the same Terms and Conditions as the Notes in all respects (or in all respects except for the first payment of interest, if any, on them and/or the issue price thereof) so as to form a single series with the Notes.

15. Notices

15.1. *Bearer Notes*

Notices to Holders of Bearer Notes will, save where another means of effective communication has been specified herein or, in respect of Exempt Notes, in the relevant Pricing Supplement, be deemed to be validly given if published on the website (if any) specified in the relevant Issue Terms and/or:

- (i) in the case of any Bearer Notes represented by definitive Bearer Notes, if published in a leading English language daily newspaper having general circulation in Europe; or
- (ii) in the case of any Bearer Notes represented by a Global Note, if delivered to Euroclear and Clearstream, Luxembourg for communication by them to the persons shown in their respective records as having interests therein,

and, in either case, if such Notes are listed on the Official List of Euronext Dublin (so long as such Notes are listed on the Official List of Euronext Dublin and the rules of that exchange so permit), if published on the website of Euronext Dublin (www.ise.ie).

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading.

Any notice so given will be deemed to have been validly given, in the case of any Bearer Notes represented by definitive Bearer Notes, on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers) or, in the case of any Bearer Notes represented by a Global Note, on the date of such delivery to Euroclear and Clearstream, Luxembourg. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition 15.1.

15.2. *VP Systems Notes*

All notices regarding the VP Systems Notes shall be given (i) if and for so long as the Notes are admitted to trading and/or listed on any stock exchange or any other relevant authority, by publication in any manner which complies with the rules of such stock exchange or other relevant authority and (ii) may be (a) given in accordance with the procedures of the VP, VP Lux, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, and/or (b) published in a relevant national newspaper and/or published on the website specified in the relevant Issue Terms.

15.3. *Validity of Notices*

Any notice so given will be deemed to have been validly given, (i) if published either (a) on the website of any stock exchange or other relevant authority on which the relevant VP Systems Notes are for the time being listed or by which they have been admitted to trading and/or (b) in a national newspaper, on the date of the first such publication or (ii) if given in accordance with the procedures of the VP, VP Lux, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, on the date it is published in accordance with such procedures, or (iii) if given or published in any other manner in accordance with this Condition 15.3, on the date specified in the relevant notice or, if no such date is specified, on the third Business Day after the date of such notice.

Notices to the Issuer shall be given in writing to the Issuer at 2-12 Holmens Kanal, DK-1092 Copenhagen K, Denmark, attention: 4841 Danske Markets/Asset and Liability Management or such

GENERAL CONDITIONS

other address and/or addressee as the Issuer may notify to Holders from time to time in accordance with this Condition 15.3.

16. **Currency Indemnity**

The currency in which the Notes are denominated, as specified in the relevant Final Terms or, in respect of Exempt Notes, if different, the currency in which the Notes are payable, as specified in the relevant Pricing Supplement (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount of the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount of the Contractual Currency expressed to be due to any Holder in respect of such Note or Coupon, the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgment or order. Any such loss as aforesaid shall be deemed to constitute a loss suffered by the relevant Holder and no proof or evidence of any actual loss will be required by the Issuer.

17. **Waiver and Remedies**

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right in these Conditions shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

18. **Governing Law and Jurisdiction**

18.1. *Governing law*

The Notes, the Agency Agreement, the Deed of Covenant and the VP Systems Agency Agreement, and any non-contractual obligations arising therefrom or in connection therewith, shall be governed by, and construed in accordance with, English law, except for the registration of Notes in the VP, which shall be governed by, and shall be construed in accordance with, Danish law, the registration of Notes in the VPS, which shall be governed by, and shall be construed in accordance with, Norwegian law, the registration of Notes in Euroclear Finland, which shall be governed by, and shall be construed in accordance with Finnish law and the registration of Notes in Euroclear Sweden, which shall be governed by, and shall be construed in accordance with, Swedish law.

18.2. *English courts*

The courts of England have jurisdiction to settle any dispute (a “**Dispute**”) arising from or connected with the Notes (including any Dispute relating to any non-contractual obligations arising from or connected with the Notes).

18.3. *Appropriate forum*

The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

18.4. *Rights of the Holders to take proceedings outside England*

Condition 18.2 (*English courts*) is for the benefit of the Holders only. As a result, nothing in this Condition 18 prevents any Holder from taking proceedings relating to a Dispute (“**Proceedings**”) in any other courts with jurisdiction. To the extent allowed by law, any Holder may take concurrent Proceedings in any number of jurisdictions.

18.5. *Service of process*

The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to the Issuer at 75 King William Street, London EC4N 7DT or at any address of the Issuer in Great Britain at which service of process may be served on it in accordance with Part 34 of the Companies Act 2006. Nothing in this paragraph shall affect the right of any Holder to serve process in any other manner permitted by law. This Condition 18 applies to Proceedings in England and to Proceedings elsewhere.

18.6. *Acknowledgement of Danish Statutory Loss Absorption Powers*

Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements or understanding between the Issuer and any Holder (which, for the purposes of this Condition 18.6, includes each holder of a beneficial interest in the Notes), by its acquisition of the Notes, each Holder acknowledges and accepts that any liability arising under the Notes may be subject to the exercise of Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority and acknowledges, accepts, consents to and agrees to be bound by:

- (i) the effect of the exercise of any Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority, which exercise (without limitation) may include and result in any of the following, or a combination thereof:
 - (a) the reduction of all, or a portion, of the Relevant Amounts in respect of the Notes;
 - (b) the conversion of all, or a portion, of the Relevant Amounts in respect of the Notes into Ordinary Shares, other securities or other obligations of the Issuer or another Person, and the issue to or conferral on the Holder of such Ordinary Shares, securities or obligations, including by means of an amendment, modification or variation of the terms of the Notes;
 - (c) the cancellation of the Notes or the Relevant Amounts in respect of the Notes; and
 - (d) the amendment of the Maturity Date or the amendment of the Relevant Amount, including by suspending payment for a temporary period; and
- (ii) the variation of the terms of the Notes, as deemed necessary by the Relevant Resolution Authority, to give effect to the exercise of any Danish Statutory Loss Absorption Powers by the Relevant Resolution Authority.

19. **Rights of Third Parties**

GENERAL CONDITIONS

No person shall have any right to enforce any term or condition in respect of a Note under the Contracts (Rights of Third Parties) Act 1999.

SECTION F.2- SCHEDULES TO THE GENERAL CONDITIONS**REFERENCE ITEM SCHEDULE 1
RATE-LINKED NOTES****1. Rate-Linked Notes****1.1. Applicability**

This Reference Item Schedule 1 (*Rate-Linked Notes*) is applicable only in relation to Notes which are specified to be “Rate-Linked Interest Notes” (“**Rate-Linked Notes**”) in the relevant Issue Terms.

1.2. Determination of Underlying Rate**(i) Screen Rate Determination**

If Screen Rate Determination is specified in the relevant Issue Terms as the manner in which the relevant Underlying Rate(s) is/are to be determined, the relevant Underlying Rate for the relevant Relevant Determination Date will be determined by the Calculation Agent as the Reference Rate determined on the following basis:

- (A) the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Relevant Determination Date;
- (B) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Relevant Determination Date;
- (C) if, in the case of Reference Item Condition 1.2(i)(A) above, such rate does not appear on that page or, in the case of Reference Item Condition 1.2(i)(B), fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (a) request the principal Relevant Financial Centre office of each the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the relevant Relevant Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (b) determine the arithmetic mean of such quotations; and
- (D) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Relevant Financial Centre, selected by the Calculation Agent, as soon as practicable on the relevant Relevant Determination Date for loans in the Relevant Currency to leading banks in the Relevant Financial Centre interbank market for a period equal to the relevant Designated Maturity and in an amount that is representative for a single transaction in that market at that time,

provided, however, that if the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean in accordance with the above provisions in relation to any

RATE-LINKED NOTES

Relevant Determination Date, the relevant Underlying Rate will be the rate or, as the case may be, the arithmetic mean last determined in respect of the immediately preceding Relevant Determination Date (if any).

(ii) ISDA Determination

If ISDA Determination is specified in the relevant Issue Terms as the manner in which the Underlying Rate(s) is/are to be determined, the Underlying Rate for the relevant Relevant Determination Date will be the relevant ISDA Rate where “**ISDA Rate**” in relation to any Relevant Determination Date means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Issue Terms;
- (B) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Issue Terms; and
- (C) the relevant Reset Date (as defined in the ISDA Definitions) is the day specified in the relevant Issue Terms.

(iii) Swap Rate Determination

If Swap Rate Determination is specified in the relevant Issue Terms as the manner in which the Underlying Rate(s) is/are to be determined, the Underlying Rate for the relevant Relevant Determination Date will be the relevant Swap Rate where “**Swap Rate**” in relation to any Relevant Determination Date means the rate (which shall not be less than zero) determined by reference to the following:

Swap Rate 1 – Swap Rate 2

Where:

“**Swap Rate 1**” means the Underlying Swap Rate having the Designated Maturity specified for such Underlying Swap Rate in the relevant Issue Terms.

“**Swap Rate 2**” means the Underlying Swap Rate having the Designated Maturity specified for such Underlying Swap Rate in the relevant Issue Terms.

“**Underlying Swap Rate**” means the Underlying Rate determined by the Calculation Agent in accordance with (i) where Screen Rate Determination is specified in the relevant Issue Terms as the manner in which the Underlying Swap Rates are to be determined, Reference Item Condition 1.2(i) (*Screen Rate Determination*) above or (ii) where ISDA Determination is specified in the relevant Issue Terms as the manner in which the Underlying Swap Rates are to be determined, Reference Item Condition 1.2(ii) (*ISDA Determination*) above and the relevant Issue Terms.

(iv) Linear Interpolation

Where Linear Interpolation is specified as Applicable in respect of an Underlying Rate in the relevant Issue Terms, such Underlying Rate shall be calculated by the Agent by straight line

linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as Applicable in the relevant Issue Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as Applicable in the relevant Issue Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant period (including, for the avoidance of doubt, any relevant Interest Period) and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant period, provided however that, if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

1.3. *Definitions*

“**BBSW**” means the Bank Bill Swap Reference Rate;

“**CIBOR**” means the Copenhagen interbank offered rate;

“**Designated Maturity**” means, in respect of an Underlying Rate, the period of time specified in the relevant Issue Terms for such Underlying Rate;

“**EURIBOR**” means the Eurozone interbank offered rate;

“**ISDA Definitions**” means the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of the Notes of the relevant Series (as specified in the relevant Issue Terms) as published by the International Swaps and Derivatives Association, Inc.);

“**LIBOR**” means the London interbank offered rate;

“**Margin**” has the meaning given in the relevant Issue Terms;

“**NIBOR**” means the Norwegian interbank offered rate;

“**OMX Swap Rate**” means the fixing for the fixed rate leg in an interest rate swap compiled and published on the Relevant Screen Page by the NASDAQ OMX Group Inc.;

“**Rate Business Centre**” means, in respect of an Underlying Rate and subject as provided in the definition of Rate Business Day, the city or cities specified as such in the relevant Issue Terms;

“**Rate Business Day**” means, in respect of an Underlying Rate, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Rate Business Centre and (i) if TARGET is a Rate Business Centre, a TARGET Settlement Day and/or (ii) if Business Day is specified as a Rate Business Centre, a Business Day;

“**Reference Banks**” has the meaning given in the relevant Issue Terms or, if none, four major banks selected by the Calculation Agent in the market that is most closely connected with the Reference Rate;

“**Reference Price**” means, in relation to an Underlying Rate and a Valuation Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, a percentage equal to the relevant Underlying Rate on such Valuation Date determined by the Calculation Agent in accordance with Reference Item Condition 1.2 (*Determination of Underlying Rate*) above in the manner specified in the relevant Issue Terms.

RATE-LINKED NOTES

“**Reference Rate**” has the meaning given in the relevant Issue Terms. In the case of Notes other than Exempt Notes, the Reference Rate shall be any one of LIBOR, EURIBOR, NIBOR, STIBOR, CIBOR, BBSW or the OMX Swap Rate;

“**Relevant Currency**” means, in respect of an Underlying Rate, the currency specified in the relevant Issue Terms for such Underlying Rate;

“**Relevant Determination Date**” means a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be;

“**Relevant Financial Centre**” has the meaning given in the relevant Issue Terms;

“**Relevant Screen Page**” means the page, section or other part of a particular information service (including, without limitation, the Reuter Money 3000 Service) or the website specified as the Relevant Screen Page in the relevant Issue Terms, or such other page, section or other part as may replace it on that information service or such other information service or other website, in each case, as may be nominated by the Person providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to the Reference Rate;

“**Relevant Time**” has the meaning given in the relevant Issue Terms;

“**STIBOR**” means the Stockholm interbank offered rate;

“**Underlying Rate**” means the rate specified in the relevant Issue Terms, determined in accordance with the provisions of this Reference Item Schedule 1 (*Rate-Linked Notes*); and

“**Valuation Date**” means each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement or, subject as provided in any relevant Payout Schedules, if any such date is not a Rate Business Day for all the Underlying Rates, the next following Rate Business Day for all the Underlying Rates.

**REFERENCE ITEM SCHEDULE 2
CREDIT-LINKED NOTES**

In the event of any inconsistency between the General Conditions and the additional terms and conditions for Credit Linked Notes set out below, the additional terms and conditions for Credit Linked Notes shall prevail.

Unless otherwise stated in these Reference Item Conditions or in the relevant Issue Terms, in the event that any day specified in the section “Credit-Linked Provisions” in the relevant Issue Terms or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Notes for which more than one Reference Entity is specified in the relevant Issue Terms, all references to a or the “Reference Entity” herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.

For the avoidance of doubt no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Credit Linked Notes may take the form of Single Reference Entity Credit Linked Notes, First-to-Default Credit Linked Notes, Nth-to-Default Credit Linked Notes or Portfolio Credit Linked Notes. The relevant Issue Terms shall specify:

- (i) the type of Credit Linked Notes;
- (ii) in the case of Portfolio Credit-Linked Notes only, whether the Notes are Tranched (“**Tranched Portfolio Credit-Linked Notes**”) or Non-Tranched (“**Non-Tranched Portfolio Credit-Linked Notes**”);
- (iii) the Settlement Method;
- (iv) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (v) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (vi) the Trade Date and the Scheduled Maturity Date; and
- (vii) the Reference Entity Notional Amount in respect of each Reference Entity.

2. Credit-Linked Notes

This Reference Item Schedule 2 (*Credit-Linked Notes*) is applicable only in relation to Notes which are specified to be “Credit-Linked Notes” (“**Credit-Linked Notes**”) in the relevant Issue Terms.

CREDIT-LINKED NOTES

2.1. *Redemption of Credit Linked Notes*

- (i) Unless previously redeemed or purchased and cancelled and provided that a Credit Event Determination Date has not occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note on the Maturity Date by payment of the Final Redemption Amount. If a Credit Event Determination Date has occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note as described below. References in these Reference Item Conditions to a Credit Linked Note or Note are to a unit or nominal amount of Credit Linked Notes equal to the Calculation Amount. Any payment of a “pro rata” amount in respect of a Note will be determined by reference to its nominal amount relative to the then aggregate nominal amount of the Notes.
- (ii) Where the Notes are Single Reference Entity Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (vi) below will apply.
- (iii) Where the Notes are First-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to any of the specified Reference Entities, then the Notes will be settled in accordance with Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, in relation only to the First Reference Entity (as defined in the definition of Credit Event Determination Date) or, if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (vi) below will apply.
- (iv) Where the Notes are Nth-to-Default Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to one or more of the specified Reference Entities notwithstanding any provision to the contrary in these Reference Item Conditions, no settlement in accordance with Reference Item Condition 2.2 (*Auction Settlement*), or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, and no interest adjustment in accordance with Interest Payout Condition 4.2 (*Credit-Linked Interest Provisions*) will occur until such time as a Credit Event Determination Date has occurred in respect of the Relevant Number of Reference Entities (a “**Trigger**”). The Reference Entity in respect of which a Credit Event Determination Date has occurred which causes the Trigger to occur is referred to as the “**Triggering Reference Entity**” and the Relevant Number is the number specified as such in the relevant Issue Terms. As of the day on which the Calculation Agent determines that a Credit Event Determination Date has occurred in respect of the Relevant Number of References Entities then (i) Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, shall apply in relation only to the Triggering Reference Entity and the Credit Event Determination Date will be deemed to have occurred only as of such day for the purposes of the provisions set out in Interest Payout Conditions 4.2 (*Credit-Linked Interest Provisions*) and 6.1 (*Accrual of interest*) or (ii) if the Notes are Zero/Set Recovery Notes, the provisions of paragraph (vi) below will apply.
- (v) Where the Notes are Portfolio Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity: (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a “**Settlement Notice**”) to the Noteholders in accordance with General Condition 15 (*Notices*) and (ii) in respect of each Credit Linked Note:
 - (A) the interest calculation basis described in Interest Payout Condition 4.3 (*Credit-Linked Interest Provisions*) will apply; and

- (B) each Note shall be redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date together with accrued interest, if any, subject as provided in paragraph (vii) below.

For the avoidance of doubt part (A) of this provision will apply and part (B) shall continue to apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Maturity Credit Event Redemption shall be specified as applicable in the relevant Issue Terms where the Notes are Tranching Portfolio Credit-Linked Notes.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

- (vi) Where the Notes are Zero/Set Recovery Notes then if a Credit Event Determination Date has occurred in respect of any Reference Entity (in the case of Single Reference Entity Credit Linked Notes, Portfolio Credit Linked Notes or First-to-Default Credit Linked Notes) or in respect of the Triggering Reference Entity (in the case of Nth-to-Default Credit Linked Notes) then the Issuer shall give notice that a Credit Event Determination Date has occurred to the Noteholders in accordance with General Condition 15 (*Notices*) and (i) following a Credit Event Determination Date in respect of any such Reference Entity the provisions of Reference Item Conditions 2.2 (*Auction Settlement*) or 2.3 (*Cash Settlement*) will not apply but each Single Reference Entity Credit Linked Note, First-to-Default Credit Linked Note and Nth-to-Default Credit Linked Note will be redeemed by payment of the Credit Event Redemption Amount, if any, on the Credit Event Redemption Date together with accrued interest, if any, and (ii) each Portfolio Credit Linked Note may be redeemed (or otherwise) as provided in paragraph (v) above, as applicable and/or paragraph (vii) below, if applicable.
- (vii) Where any Credit Event Redemption Amount is or would be zero (whether the Notes are Zero/Set Recovery Notes or otherwise) then, other than for the payment of accrued interest or any other due but unpaid amounts, the Notes will be cancelled as of the Credit Event Redemption Date with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.
- (viii) For the avoidance of doubt the provisions of Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*), 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) and 2.8 (*Settlement Suspension*) may each apply to First-to-Default Credit Linked Notes and Nth-to-Default Credit Linked Notes meaning that the Maturity Date may be delayed beyond the Scheduled Maturity Date in certain circumstances.
- (ix) If any purchase and cancellation of Notes occurs under General Condition 6.9 (*Purchase*) or any further issue under General Condition 14 (*Further Issues*), the Calculation Agent will make such adjustments to the relevant Issue Terms and/or these Reference Item Conditions as it determines appropriate (including Reference Entity Notional Amounts) to ensure the Notes continue to reflect economic intentions.

2.2. *Auction Settlement*

- (i) Where Auction Settlement is specified as the applicable Settlement Method in the relevant Issue Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an “**Auction Settlement**”

CREDIT-LINKED NOTES

Notice) to the Noteholders in accordance with General Condition 15 (*Notices*), and, subject to these Reference Item Conditions, in particular Reference Item Condition 2.1 (*Redemption of Credit Linked Notes*), redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date.

- (ii) Unless settlement has occurred in accordance with the paragraph above, if:
 - (A) an Auction Cancellation Date occurs;
 - (B) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (ii) or (iii)(2) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (C) a DC Credit Event Question Dismissal occurs; or
 - (D) a Credit Event Determination Date was determined pursuant to paragraph (i) of the definition of Credit Event Determination Date or paragraph (i) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date,

then the Issuer shall redeem the Credit Linked Notes in accordance with Reference Item Condition 2.3 (*Cash Settlement*) below (the “**Fallback Settlement Method**”).

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Reference Item Condition 2.2 (Auction Settlement), upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

2.3. Cash Settlement

If a Credit Event Determination Date has occurred, then where Cash Settlement is specified as the applicable Settlement Method in the relevant Issue Terms or if Reference Item Condition 2.2(ii) (*Auction Settlement*) above applies, the Issuer shall give notice (such notice a “**Cash Settlement Notice**”) to the Noteholders in accordance with General Condition 15 (*Notices*), and, subject to these Reference Item Conditions, in particular Reference Item Condition 2.1 (*Redemption of Credit Linked Notes*), redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Currency on the Credit Event Redemption Date. In addition, the Issuer shall, following the receipt of a Calculation Agent Valuation Settlement Notice, give notice (such notice a “**Notice of Valuation Settlement**”) to the Noteholders in accordance with General Condition 15 (*Notices*).

In the Notice of Valuation Settlement, the Issuer shall specify the Valuation Obligations and the corresponding Outstanding Principal Balance(s) or Due and Payable Amount(s), as applicable, that it reasonably expects to use to determine the Final Price. For the avoidance of doubt, the Issuer shall be entitled to select any of the Valuation Obligations, irrespective of their market value.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the

Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Issue Terms, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto. If Asset Package Delivery applies, the relevant Asset Package will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Valuation Reference Holding in respect of each Credit Linked Note equal to the Calculation Amount will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified as Valuation Obligation(s) in the relevant Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for valuation and determination of the Final Price to take account of the relevant Asset Package.

The Issuer may, from time to time, amend a Notice of Valuation Settlement by delivering a notice to Noteholders in accordance with General Condition 15 (*Notices*), (each such notification, a “**Valuation Settlement Amendment Notice**”) that the Issuer is replacing, in whole or in part, one or more Valuation Obligations specified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable. A Valuation Settlement Amendment Notice shall specify each replacement Valuation Obligation (each, a “**Replacement Valuation Obligation**”) and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Valuation Reference Holding) of each Valuation Obligation identified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Valuation Obligation, the “**Replaced Valuation Obligation Outstanding Amount**”). The Replacement Valuation Obligation(s), taken together, shall have an aggregate Replaced Valuation Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Valuation Obligations being replaced. Each such Valuation Settlement Amendment Notice must be effective on or prior to the first Valuation Date (determined without reference to any change resulting from such Valuation Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Valuation Settlement or any Valuation Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with General Condition 15 (*Notices*), prior to the relevant first Valuation Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the VSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the first Valuation Date), notify the Noteholders (in accordance with General Condition 15 (*Notices*)) of the detailed description of the Asset Package, if any, in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified as Valuation Obligation(s) in the Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Valuation Settlement Amendment Notice.

If “Mod R” is specified as applicable in the relevant Issue Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If “Mod Mod R” is specified as applicable in the relevant Issue Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a

CREDIT-LINKED NOTES

Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Reference Item Condition 2.3 (Cash Settlement), upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

2.4. *Repudiation/Moratorium Extension*

If “Repudiation/Moratorium” is specified as a Credit Event in the relevant Issue Terms, the provisions of this Reference Item Condition 2.4 (*Repudiation/Moratorium Extension*) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Termination Notice Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Termination Notice Date or, if Reference Item Condition 2.7(ii) (*Maturity Date Extension in the case of Credit Linked Notes*) applies, the Postponed Cut-off Date (as defined in Reference Item Condition 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*)) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium will, in the sole determination of the Calculation Agent, fall after the Scheduled Termination Notice Date, then the Calculation Agent shall notify the Noteholders in accordance with General Condition 15 (*Notices*) that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes will be delayed and:

- (i) where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:
 - (A) each unit or nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date; and
 - (B) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay
 - (i) interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date and
 - (ii) if “Additional Interest Amount” is specified as applicable in the relevant Issue Terms, an Additional Interest Amount if greater than zero in respect of each Note and the Additional Amount Period ending on (but excluding) the Repudiation/Moratorium Evaluation Date, but, in each case, shall only be obliged to make such payment of interest on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

- (ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Reference Item Condition 2 (*Credit-Linked Notes*) and Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, shall apply to the Credit Linked Notes.

2.5. *Grace Period Extension*

If “Grace Period Extension” is specified as applicable in the relevant Issue Terms, the provisions of this Reference Item Condition 2.5 (*Grace Period Extension*) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Termination Notice Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Termination Notice Date (and such Grace Period(s) is/are continuing as at the Scheduled Termination Notice Date), then the Calculation Agent shall notify the Noteholders in accordance with General Condition 15 (*Notices*) that a Potential Failure to Pay has occurred and the maturity of the Notes will be delayed and:

- (i) where a Failure to Pay has not occurred on the Grace Period Extension Date:
 - (A) each unit or nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Grace Period Extension Date, or, if later, the Scheduled Maturity Date; and
 - (B) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay
 - (i) interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date and
 - (ii) if “Additional Interest Amount” is specified as applicable in the relevant Issue Terms, an Additional Interest Amount if greater than zero in respect of each Note and the Additional Amount Period ending on (but excluding) the Grace Period Extension Date, but, in each case, shall only be obliged to make such payment of interest on the fifth Business Day following the Grace Period Extension Date or, if later, the Scheduled Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (ii) where a Failure to Pay has occurred on the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Reference Item Condition 2 (*Credit-Linked Notes*) and Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, shall apply to the Credit Linked Notes.

2.6. *Credit Derivatives Determinations Committee Extension*

If, in the determination of the Calculation Agent, a Potential Credit Event has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date then the Calculation Agent shall notify Noteholders in accordance with General Condition 15 (*Notices*) that the Maturity Date has been postponed to a date (the “**DC Determination Postponed Date**”) being the Scheduled Maturity Date or, if later, the day falling five Business Days after (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit

CREDIT-LINKED NOTES

Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, as applicable, (c) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the “**DC Determination Cut-off Date**”), and:

- (i) where a Credit Event has not occurred on or prior to the DC Determination Cut-off Date:
 - (A) each unit or nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the DC Determination Postponed Date; and
 - (B) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay
 - (i) interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or if none the Interest Commencement Date to (but excluding) the Scheduled Maturity Date and
 - (ii) if “Additional Interest Amount” is specified as applicable in the relevant Issue Terms, an Additional Interest Amount if greater than zero in respect of each Note and the Additional Amount Period ending on (but excluding) the DC Determination Cut-off Date, but, in each case, shall only be obliged to make such payment of interest on the DC Determination Postponed Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (ii) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred, the provisions of Reference Item Condition 2 (*Credit-Linked Notes*) and Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), as applicable, shall apply to the Credit Linked Notes.

2.7. *Maturity Date Extension in the case of Credit Linked Notes*

The following provisions of this Reference Item Condition 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) apply to Credit Linked Notes and, for the avoidance of doubt, may be applied on more than one occasion:

Without prejudice to Reference Item Condition 2.8 (*Settlement Suspension*), if:

- (i) on (A) the Scheduled Termination Notice Date, (B), if applicable, the Repudiation/Moratorium Evaluation Date, (C) if Grace Period Extension is specified as applying in the relevant Issue Terms, the Grace Period Extension Date, (D) the last day of the Notice Delivery Period or (E) the DC Determination Cut-off Date, as the case may be, a Credit Event Determination Date has not occurred but, in the determination of the Calculation Agent, a Credit Event or Potential Credit Event may have occurred; or
- (ii) on the Scheduled Termination Notice Date, in the determination of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Calculation Agent may at its option notify the Noteholders in accordance with General Condition 15 (*Notices*) that (A) in the case of (i) above, redemption of the Notes has been postponed and the Repudiation/Moratorium Evaluation Date, the Grace Period Extension Date, the last day of the Notice Delivery Period (which for these purposes shall apply in the case of (i)(A) as well as (i)(D) above) or the DC Determination Cut-off Date, as the case may be, has been postponed to the Postponed Cut-off Date; or (B) in the case of (ii) above, redemption of the Notes has been postponed, and:

where:

- (A) in the case of Reference Item Condition 2.7(i), a Credit Event Determination Date has not occurred on or prior to the Postponed Cut-off Date or, in the case of Reference Item Condition 2.7(ii), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Cut-off Date:
- (I) subject as provided below, each Note will be redeemed by the Issuer at the Final Redemption Amount on the Postponed Maturity Date; and
 - (II) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay
 - (i) interest calculated as provided herein accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date and
 - (ii) if “Additional Interest Amount” is specified as applicable in the relevant Issue Terms (other than where the provisions of Reference Item Condition 2.4 (*Repudiation/Moratorium Extension*) shall apply to the Notes), an Additional Interest Amount if greater than zero in respect of each Note and the Additional Amount Period ending on (but excluding) the Postponed Cut-off Date, but, in each case, shall only be obliged to make such payment of interest on the Postponed Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay;
- (B) where:
- (I) in the case of Reference Item Condition 2.7(i), a Credit Event Determination Date has occurred on or prior to the Postponed Cut-off Date the provisions of Reference Item Condition 2 (*Credit-Linked Notes*) and Reference Item Condition 2.2 (*Auction Settlement*) or Reference Item Condition 2.3 (*Cash Settlement*), shall apply to the Credit Linked Notes; or
 - (II) in the case of Reference Item Condition 2.7(ii), the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Cut-off Date, the provisions of Reference Item Condition 2.4 (*Repudiation/Moratorium Extension*) shall apply to the Credit Linked Notes.

For the purposes hereof:

“**Postponed Cut-off Date**” means the Scheduled Maturity Date or, if later, (i) in the case of Reference Item Condition 2.7(i), the fifteenth (15th) Business Day after the Scheduled Termination Notice Date, the relevant Repudiation/Moratorium Evaluation Date or Grace Period Extension Date, or the last day of the Notice Delivery Period or the DC Determination Cut-off Date, as the case may be; or (ii) in the case of Reference Item Condition 2.7(ii), the fifteenth (15th) Business Day after the Scheduled Termination Notice Date.

“**Postponed Maturity Date**” means the fifth Business Day following the Postponed Cut-off Date.

2.8. *Settlement Suspension*

- (i) Suspension

Without prejudice to Reference Item Condition 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*), if, following the determination of a Credit Event Determination Date but prior to the first Valuation Date, there is a DC Credit Event Meeting Announcement, the

CREDIT-LINKED NOTES

Calculation Agent may, at its option, determine that the applicable timing requirements of the Terms and Conditions and the definitions of Credit Event Redemption Date, Valuation Date, Valuation Obligation Observation Settlement Period and VSN Cut-off Date, and any other Reference Item Condition provision(s) as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a “**Suspension Period**”) until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal has occurred, the relevant timing requirements of the Terms and Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to the General Conditions and these Terms and Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

(ii) Interest

In the case of interest bearing Credit Linked Notes:

- (A) if a Suspension Period falls in any one or more Interest Period(s), then no interest (or any interest on any delayed payment of interest) shall accrue during each portion of an Interest Period during which a Suspension Period exists; and
- (B) if an Interest Payment Date falls in a Suspension Period, such Interest Payment Date will be deferred until such date as determined by the Calculation Agent falling no earlier than the first Payment Day and no later than the fifth Payment Day following the end of the Suspension Period, all subject to the provisions of Interest Payout Conditions 4 (*Credit-Linked Interest Provisions*) and 6 (*General Provisions relating to Interest*) and Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*) 2.6 (*Credit Derivatives Determinations Committee Extension*) and 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*).

2.9. *Redemption following a Merger Event*

If “Merger Event” is specified as applying in the relevant Issue Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer may give notice to the Noteholders in accordance with General Condition 15 (*Notices*), and redeem all but not some only of the Credit Linked Notes and pay in respect of each Credit Linked Note, the Merger Event Redemption Amount on the Merger Event Redemption Date in each case as specified in the relevant Issue Terms.

2.10. *Definitions applicable to Credit Linked Notes*

“**2.5-year Limitation Date**” has the meaning given to that term in the definition of “Limitation Date”.

“**10-year Limitation Date**” has the meaning given to that term in the definition of “Limitation Date”.

“**Accrued Interest**” means for the purpose of these Reference Item Conditions in respect of any Notes for which “Cash Settlement” is specified to be the Settlement Method in the relevant Issue

Terms (or for which Cash Settlement is applicable pursuant to the Fallback Settlement Method), where:

- (i) “Include Accrued Interest” is specified in the relevant Issue Terms, the Outstanding Principal Balance of each Valuation Obligation shall include accrued but unpaid interest;
- (ii) “Exclude Accrued Interest” is specified in the relevant Issue Terms, the Outstanding Principal Balance of each Valuation Obligation shall not include accrued but unpaid interest; or
- (iii) neither “Include Accrued Interest” nor “Exclude Accrued Interest” is specified in the relevant Issue Terms, the Calculation Agent shall determine, separately in respect of each Valuation Obligation, based on the then current market practice in the market of each Valuation Obligation whether the Outstanding Principal Balance of each Valuation Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof.

“**Additional Amount Period**” means, the period from and including (a) the Scheduled Maturity Date to but excluding (b) (i) the Repudiation/Moratorium Evaluation Date (where Reference Item Condition 2.4 (*Repudiation/Moratorium Extension*) applies), (ii) the Grace Period Extension Date (where Reference Item Condition 2.5 (*Grace Period Extension*) applies), (iii) the DC Determination Cut-off Date (where Reference Item Condition 2.6 (*Credit Derivatives Determinations Committee Extension*) applies) or (iv) the Postponed Cut-off Date (where Reference Item Condition 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) applies).

“**Additional Interest Amount**” means an amount in the Specified Currency equal to the product of:

- (i) the Final Redemption Amount or Early Redemption Amount or Credit Event Redemption Amount, as applicable;
- (ii) the Average Overnight Rate in respect of the Additional Amount Period; and
- (iii) the number of days in the Additional Amount Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (i) the last day of the Additional Amount Period is the 31st day of a month but the first day of the Additional Amount Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Additional Amount Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)) provided that if the Scheduled Maturity Date would fall on or after the relevant date specified in part (b) of the definition of Additional Amount Period then the Additional Interest Amount will be zero.

“**Affiliate**” means in relation to any entity (the “**First Entity**”), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes “control” means ownership of a majority of the voting power of an entity.

“**Asset**” means each obligation, equity, amount of cash, security, fee (including any “early-bird” or other consent fee), right and/or other asset, whether tangible or otherwise and whether issued, incurred, paid or provided by the Reference Entity or a third party (or any value which was realised or capable of being realised in circumstances where the right and/or other asset no longer exists).

CREDIT-LINKED NOTES

“**Asset Package**” means, in respect of an Asset Package Credit Event, all of the Assets in the proportion received or retained by a Relevant Holder in connection with such relevant Asset Package Credit Event (which may include the Prior Deliverable Obligation or Package Observable Bond, as the case may be). If the Relevant Holder is offered a choice of Assets or a choice of combinations of Assets, the Asset Package will be the Largest Asset Package. If the Relevant Holder is offered, receives and retains nothing, the Asset Package shall be deemed to be zero.

“**Asset Package Credit Event**” means:

- (i) if “Financial Reference Entity Terms” and “Governmental Intervention” are specified as applicable in the relevant Issue Terms:
 - (1) a Governmental Intervention; or
 - (2) a Restructuring in respect of the Reference Obligation, if “Restructuring” is specified as applicable in the relevant Issue Terms and such Restructuring does not constitute a Governmental Intervention; and
 - (ii) if the Reference Entity is a Sovereign and “Restructuring” is specified as applicable in the relevant Issue Terms, a Restructuring,
- in each case, whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement.

“**Auction**” shall have the meaning as shall be set forth in the relevant Transaction Auction Settlement Terms.

“**Auction Cancellation Date**” shall have the meaning as shall be set forth in the relevant Transaction Auction Settlement Terms.

“**Auction Covered Transaction**” shall have the meaning as shall be set forth in the relevant Transaction Auction Settlement Terms.

“**Auction Final Price**” means the lesser of (i) 100 per cent. and (ii) the Auction Final Price as shall be set forth or referred to in the relevant Transaction Auction Settlement Terms.

“**Auction Final Price Determination Date**” shall have the meaning as shall be set forth in the relevant Transaction Auction Settlement Terms.

“**Auction Settlement Date**” shall mean the date that is the number of Business Days as shall be specified in the relevant Transaction Auction Settlement Terms (or, if a number of Business Days is not so specified, three Business Days) immediately following the Auction Final Price Determination Date.

“**Auction Settlement Notice**” has the meaning given to that term in Reference Item Condition 2.2 (*Auction Settlement*).

“**Average Overnight Rate**” means, in respect of the Additional Amount Period, a rate (expressed as a percentage) calculated by the Calculation Agent equal to the average of the Overnight Rates for each day in the period from and including the first day of such Additional Amount Period to but excluding the second Business Day immediately preceding the day on which such Additional Amount Period ends but which is excluded from the Additional Amount Period.

“**Bankruptcy**” means the Reference Entity:

- (i) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (ii) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
- (iii) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
- (iv) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition (a) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (b) is not dismissed, discharged, stayed or restrained in each case within thirty (30) calendar days of the institution or presentation thereof or before the Scheduled Termination Notice Date, whichever is earlier;
- (v) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (vi) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
- (vii) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty (30) calendar days thereafter or before the Scheduled Termination Notice Date, whichever is earlier; or
- (viii) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has any analogous effect to any of the events specified in clauses (i) to (vii).

“Calculation Agent City Business Day” means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the Calculation Agent City specified in the relevant Issue Terms.

“Calculation Agent Valuation Settlement Amendment Notice” means a notice by the Calculation Agent to the Issuer containing material information required to be included in a Valuation Settlement Amendment Notice to be given by the Issuer.

“Calculation Agent Valuation Settlement Notice” means a notice from the Calculation Agent to the Issuer containing material information required to be included in a Notice of Valuation Settlement to be given by the Issuer.

“Cash Settlement Notice” has the meaning given to that term in Reference Item Condition 2.3 (*Cash Settlement*).

“Conditionally Transferable Obligation” means a Deliverable Obligation or Valuation Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all

CREDIT-LINKED NOTES

Modified Eligible Transferees without the consent of any person being required, in the case of any Deliverable Obligation or Valuation Obligation (as the case may be) other than Bonds, in each case as of each such date the Calculation Agent determines appropriate for purposes of the Hedging Arrangements provided, however, that a Deliverable Obligation or Valuation Obligation (as the case may be) other than Bonds will be a Conditionally Transferable Obligation notwithstanding that consent of the Reference Entity or the guarantor, if any, of a Deliverable Obligation or Valuation Obligation (as the case may be) other than Bonds (or the consent of the relevant obligor if the Reference Entity is guaranteeing such Deliverable Obligation) or any agent is required for such novation, assignment or transfer so long as the terms of such Deliverable Obligation or Valuation Obligation provide that such consent may not be unreasonably withheld or delayed. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of this definition of “Conditionally Transferable Obligation”.

“**Conforming Reference Obligation**” means a Reference Obligation which is a Deliverable Obligation determined in accordance with paragraph (i) below of the definition of “Deliverable Obligation” below.

“**Credit Derivatives Auction Settlement Terms**” means any Credit Derivatives Auction Settlement Terms published by ISDA, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time.

“**Credit Derivatives Determinations Committee**” (and each a “**Credit Derivatives Determinations Committee**”) means each committee established pursuant to the DC Rules for purposes of reaching certain DC Resolutions in connection with credit derivative transactions.

“**Credit Event**” means the occurrence of any one or more of the Credit Events specified in the relevant Issue Terms which may include Bankruptcy, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium, Restructuring or Governmental Intervention.

If an occurrence would otherwise constitute a Credit Event, such occurrence will constitute a Credit Event whether or not such occurrence arises directly or indirectly from, or is subject to a defence based upon:

- (i) any lack or alleged lack of authority or capacity of the Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;
- (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (iii) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (iv) the imposition of, or any change in, any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

“**Credit Event Backstop Date**” means:

- (i) for purposes of any event that constitutes a Credit Event (or with respect to a Repudiation/Moratorium, if applicable, the event described in paragraph (ii) of the definition

of “Repudiation/Moratorium”), as determined by DC Resolution, the date that is the later of (A) 60 calendar days prior to the Credit Event Resolution Request Date and (B) if Credit Event Backstop Date Adjustment is specified as applicable in the relevant Issue Terms, the date specified in the relevant Issue Terms as the Credit Exposure Start Date; or

- (ii) otherwise, the later of (A) if Credit Event Backstop Date Adjustment is specified as applicable in the relevant Issue Terms, the date specified in the relevant Issue Terms as the Credit Exposure Start Date and (B) the date that is sixty (60) calendar days prior to the earlier of:
 - (1) if the Notice Delivery Date occurs during the Notice Delivery Period, the Notice Delivery Date; and
 - (2) if the Notice Delivery Date occurs during the Post Dismissal Additional Period, the Credit Event Resolution Request Date.

The Credit Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

“**Credit Event Determination Date**” means, with respect to a Credit Event with respect to which:

- (i) Auction Settlement is the applicable Settlement Method:
 - (1) subject to paragraph (i)(2) of this definition, the Notice Delivery Date if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that neither (A) a DC Credit Event Announcement has occurred nor (B) a DC No Credit Event Announcement has occurred, in each case, with respect to the Credit Event specified in the Credit Event Notice; or
 - (2) notwithstanding paragraph (i)(1) of this definition, the Credit Event Resolution Request Date, if a DC Credit Event Announcement has occurred, the Credit Event Resolution Request Date has occurred on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) and either:
 - (A) (I) the Credit Event is not an M(M)R Restructuring; and
 - (II) the Trade Date occurs on or prior to a DC Announcement Coverage Cut-off Date; or
 - (B) (I) the Credit Event is an M(M)R Restructuring; and
 - (II) a Credit Event Notice is delivered and is effective on or prior to the Exercise Cut-off Date, provided that no Credit Event Notice specifying an M(M)R Restructuring as the only Credit Event has previously been delivered unless the M(M)R Restructuring specified in such Credit Event Notice is also the subject of the DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date, or the Calculation Agent otherwise determines this is consistent with the Issuer’s Hedging Arrangements, or
- (ii) if paragraph (i) of this definition does not apply, the Non-Standard Credit Event Determination Date.

CREDIT-LINKED NOTES

Provided further that no Credit Event Determination Date will occur, and any Credit Event Determination Date previously determined with respect to an event shall be deemed not to have occurred, if, or to the extent that, prior to the Auction Final Price Determination Date, a Valuation Date, the Credit Event Redemption Date or the Scheduled Termination Notice Date as applicable, a DC No Credit Event Announcement Date occurs with respect to the relevant event.

If, in accordance with the provisions above, (i) following the determination of a Credit Event Determination Date, such Credit Event Determination Date is deemed (A) to have occurred on a date that is different from the date that was originally determined to be the Credit Event Determination Date or (B) not to have occurred or (ii) a Credit Event Determination Date is deemed to have occurred prior to a preceding Credit Event Observation Date, the Calculation Agent will determine (1) such adjustment(s) to the Terms and Conditions of the relevant Notes (including any adjustment to future amounts due (including interest (if any) and/or principal)) as may be required to achieve as far as practicable the same economic position of Noteholders as would have prevailed had a Credit Event Determination Date not occurred (in the case of (i)(B) above) or had the actual Credit Event Determination Date been determined prior to any relevant Credit Event Observation Date (in the case of (i)(A) and (ii) above) and (2) the effective date of such adjustment(s).

Where the Notes are First-to-Default Credit Linked Notes, a Credit Event Determination Date shall be deemed to occur with respect to the Notes on the first occasion a Credit Event Determination Date occurs with respect to any Reference Entity (the “**First Reference Entity**”). Where the Notes are First-to-Default Credit Linked Notes or Nth-to-Default Credit Linked Notes and a Credit Event Determination Date occurs with respect to more than one Reference Entity on the same day, the Calculation Agent shall determine in its sole discretion the order in which such Credit Event Determination Dates occur.

“**Credit Event Notice**” means a notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Credit Event that occurred on or after the Credit Event Backstop Date and on or prior to the Extension Date.

Any Credit Event Notice that describes a Credit Event that occurred after the Scheduled Termination Notice Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

A Credit Event Notice must contain a description in reasonable detail of the facts relevant to the determination that a Credit Event has occurred. The Credit Event that is the subject of the Credit Event Notice need not be continuing on the date the Credit Event Notice is effective. A Credit Event Notice shall be subject to the requirements regarding notices set out in Reference Item Condition 2.14 (*Calculation Agent Notices*).

“**Credit Event Observation Date**” shall be as defined in the relevant Issue Terms.

“**Credit Event Redemption Amount**” has the meaning given to such term in Redemption Payout Condition 2.

“**Credit Event Redemption Date**” means, subject to Reference Item Condition 2.8 (*Settlement Suspension*):

- (i) in the case of any Notes other than Portfolio Credit Linked Notes,
 - (1) the day falling three Business Days, or such other number of Business Days specified in the relevant Issue Terms, after (i) the calculation of the Final Price (ii) the Auction Final Price Determination Date, provided that the Credit Event

Redemption Date shall not fall earlier than the Auction Settlement Date or (iii) if the Notes are Zero/Set Recovery Notes the Credit Event Determination Date, as applicable, in each case in respect of the Reference Entity the occurrence of a Credit Event Determination Date in respect of which results in the Notes becoming redeemable; or

- (2) where Maturity Credit Event Redemption is specified to be applicable in the relevant Issue Terms only: if later, the Maturity Date determined pursuant to these Reference Item Conditions and subject to adjustment, where applicable, pursuant to Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*), 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) and 2.8 (*Settlement Suspension*); or
- (ii) in the case of Portfolio Credit Linked Notes, the “**Maturity Date**” determined for these purposes as:
 - (1) subject to (2) below, the later of:
 - (A) the day falling three Business Days or such other number of Business Days specified in the relevant Issue Terms, following (i) the calculation of the Final Price or (ii) the Auction Final Price Determination Date (or, if later, the related Auction Settlement Date) in respect of each Reference Entity for which a Credit Event Determination Date has occurred and for which the Final Price or Auction Final Price is relevant for the determination of the Credit Event Redemption Amount and
 - (B) the Maturity Date determined without regard to the provisions of this paragraph and subject to adjustment as specified in Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*), 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) or 2.8 (*Settlement Suspension*) or
 - (2) if the Notes are Zero/Set Recovery Notes, the later of
 - (A) the day falling three Business Days or such other number of Business Days specified in the relevant Issue Terms, following the date as of which a Credit Event Determination Date has occurred or is determined not to have occurred in respect of each Reference Entity which is relevant for the determination of the Credit Event Redemption Amount and
 - (B) the Maturity Date determined without regard to the provisions of this paragraph and subject to adjustment as specified in Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*), 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) or 2.8 (*Settlement Suspension*).

“**Credit Event Resolution Request Date**” means, with respect to a DC Credit Event Question, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which the DC Credit Event Question was effective and on which the relevant Credit Derivatives Determinations Committee was in possession of Publicly Available Information with respect to such DC Credit Event Question.

CREDIT-LINKED NOTES

“**Currency Amount**” means, with respect to (a) a Valuation Obligation specified in a Notice of Valuation Settlement that is denominated in a currency other than the Settlement Currency, an amount converted to the Settlement Currency using a conversion rate determined by reference to the Currency Rate and (b) a Replacement Valuation Obligation specified in a Valuation Settlement Amendment Notice, an amount converted to the Settlement Currency (or, if applicable, back into the Settlement Currency) using a conversion rate determined by reference to the Currency Rate, if any, and each Revised Currency Rate used to convert each Replaced Valuation Obligation Outstanding Amount specified in each Valuation Settlement Amendment Notice with respect to that portion of the relevant Credit Linked Notes into the currency of denomination of the relevant Replacement Valuation Obligation.

“**Currency Rate**” means, with respect to (a) a Valuation Obligation specified in the Notice of Valuation Settlement or any Valuation Settlement Amendment Notice, as applicable, the rate of conversion between the Settlement Currency and the currency in which the Outstanding Principal Balance or Due and Payable Amount of such Valuation Obligation is denominated that is either (i) determined by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, determined by the Calculation Agent and (b) a Replacement Valuation Obligation specified in a Valuation Settlement Amendment Notice, the Revised Currency Rate.

“**Currency Rate Source**” means the mid-point rate of conversion published by WM/Reuters at 4:00 p.m. (London time), or any successor rate source approved by the relevant Credit Derivatives Determinations Committee.

“**DC Announcement Coverage Cut-off Date**” means, with respect to a DC Credit Event Announcement, the Auction Final Price Determination Date, the Auction Cancellation Date, or the date that is fourteen calendar days following the No Auction Announcement Date, if any, as applicable.

“**DC Credit Event Announcement**” means, with respect to the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Credit Event has occurred on or after the Credit Event Backstop Date and on or prior to the Extension Date, provided that if the Credit Event occurred after the Scheduled Termination Notice Date, the DC Credit Event Announcement must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

“**DC Credit Event Meeting Announcement**” means, with respect to the Reference Entity, a public announcement by the DC Secretary that a Credit Derivatives Determinations Committee will be convened to Resolve the matters described in a DC Credit Event Question.

“**DC Credit Event Question**” means a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve whether an event that constitutes a Credit Event has occurred.

“**DC Credit Event Question Dismissal**” means, with respect to the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved not to determine the matters described in a DC Credit Event Question.

“**DC Determination Cut-off Date**” has the meaning given to that term in Reference Item Condition 2.6 (*Credit Derivatives Determinations Committee Extension*).

“**DC Determination Postponed Date**” has the meaning given to that term in Reference Item Condition 2.6 (*Credit Derivatives Determinations Committee Extension*).

“**DC No Credit Event Announcement**” means, with respect to the Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event that is the subject of a DC Credit Event Question does not constitute a Credit Event.

“**DC Resolution**” has the meaning given to that term in the DC Rules.

“**DC Rules**” means the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof.

“**DC Secretary**” has the meaning given to that term in the DC Rules.

“**Default Requirement**” means the amount specified as such in the relevant Issue Terms or its equivalent in the relevant Obligation Currency or, if no such amount is specified in the relevant Issue Terms, USD10,000,000, or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency, in either case, as of the occurrence of the relevant Credit Event.

“**Deliver**” means to deliver, novate, transfer (including, in the case of a Guarantee, transfer of the benefit of the Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Deliverable Obligations (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title (or, with respect to Deliverable Obligations where only equitable title is customarily conveyed, all equitable title) and interest in such Deliverable Obligations free and clear of any and all liens, charges, claims or encumbrances (excluding any liens routinely imposed on all securities in a relevant clearing system, but including, without limitation, any counterclaim, defence (other than a counterclaim or defence based on the factors set out in (i) to (iv) in the definition of “Credit Event” above) or right of set-off by or of the Reference Entity or any applicable Underlying Obligor) provided that (i) if a Deliverable Obligation is a Direct Loan Participation, “Deliver” means to create (or procure the creation of) a participation in favour of the relevant deliveree and (ii) if a Deliverable Obligation is a Guarantee, “Deliver” means to Deliver both the Underlying Obligation and the Guarantee, provided further that if the Guarantee has a Fixed Cap, “Deliver” means to Deliver the Underlying Obligation, the Guarantee and all claims to any amounts which are subject to such Fixed Cap. “**Delivery**” and “**Delivered**” will be construed accordingly. In the case of a Loan, Delivery shall be effected using documentation substantially in the form of the documentation customarily used in the relevant market for Delivery of such Loan at that time.

For the purposes of Condition 2.3 (*Cash Settlement*), if Asset Package Delivery applies, (i) the Calculation Agent may determine that the Asset Package shall be a Valuation Obligation for the purposes of determining the Final Price and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Deliverable Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, (ii) the preceding paragraph shall be deemed to apply to each Asset in the Asset Package provided that if any such Asset is not a Bond, it shall be treated as if it were a Loan for these purposes and (iii) if the Asset Package is zero and the Calculation Agent has made the determination referred to in (i) above, the relevant Final Price (or portion thereof relating to the Asset Package) will be deemed to be zero.

“**Deliverable Obligation**” means:

- (i) any obligation of the Reference Entity (either directly or as provider of a Relevant Guarantee) determined pursuant to the method described in “(1) Method for Determining Deliverable Obligations” below;

CREDIT-LINKED NOTES

- (ii) the Reference Obligation;
- (iii) solely in relation to a Restructuring Credit Event applicable to a Reference Entity which is a Sovereign, and unless Asset Package Delivery is applicable, any Sovereign Restructured Deliverable Obligation; and
- (iv) if Asset Package Delivery is applicable, (i) if Financial Reference Entity Terms is specified as applicable in the relevant Issue Terms, any Prior Deliverable Obligation, or (ii) if the Reference Entity is a Sovereign, any Package Observable Bond,

in each case, (A) unless it is an Excluded Deliverable Obligation and (B) provided that the obligation has an Outstanding Principal Balance or Due and Payable Amount that is greater than zero (determined for purposes of paragraph (iv) above, immediately prior to the relevant Asset Package Credit Event).

- (1) *Method for Determining Deliverable Obligations.* For the purposes of this definition of “Deliverable Obligation”, the term “Deliverable Obligation” may be defined as each obligation of the Reference Entity described by the Deliverable Obligation Category specified in the relevant Issue Terms, and, subject to paragraph (2) (*Interpretation of Provisions*) below, having each of, the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms, in each case, as of each such date the Calculation Agent determines relevant for purposes of the Hedging Arrangements. The following terms shall have the following meanings:

- (A) “**Deliverable Obligation Category**” means one of Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, or Bond or Loan (each as defined in the definition of “Obligation” below, except that, for the purpose of determining Deliverable Obligation, the definition of “Reference Obligation Only” shall be amended to state that no Deliverable Obligation Characteristics shall be applicable to Reference Obligation Only).

- (B) “**Deliverable Obligation Characteristics**” means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed, Not Domestic Issuance (each as defined in the definition of “Obligation” below), Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer, where:

- (1) “**Assignable Loan**” means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if the Reference Entity is guaranteeing such Loan) or any agent;

- (2) “**Consent Required Loan**” means a Loan that is capable of being assigned or novated with the consent of the Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if the Reference Entity is guaranteeing such loan) or any agent;

- (3) “**Direct Loan Participation**” means a Loan in respect of which, pursuant to a participation agreement, the Issuer is capable of creating, or procuring the creation of, a contractual right in favour of each Noteholder that provides each Noteholder with recourse to the participation seller for a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between each Noteholder and either (A) the Issuer (to the extent that the Issuer is then a lender or a member of the relevant lending syndicate), or (B) a Qualifying Participation Seller (if any) (to the extent such Qualifying Participation Seller is then a lender or a member of the relevant lending syndicate);
- (4) “**Transferable**” means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
- I contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
 - II restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
 - III restrictions in respect of blocked periods on or around payment dates or voting periods;
- (5) “**Maximum Maturity**” means an obligation that has a remaining maturity of not greater than the period specified in the relevant Issue Terms (or if no such period is specified, thirty years);
- (6) “**Accelerated or Matured**” means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws; and
- (7) “**Not Bearer**” means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via Euroclear, Clearstream International or any other internationally recognised clearing system.

(2) *Interpretation of Provisions*

- (A) If either of the Obligation Characteristics “Listed” or “Not Domestic Issuance” is specified in the relevant Issue Terms, the relevant Issue Terms

shall be construed as though the relevant Obligation Characteristic had been specified as an Obligation Characteristic only with respect to Bonds.

- (B) If (i) either of the Deliverable Obligation Characteristics “Listed”, “Not Domestic Issuance” or “Not Bearer” is specified in the relevant Issue Terms, the relevant Issue Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds; (ii) the Deliverable Obligation Characteristic “Transferable” is specified in the relevant Issue Terms, the relevant Issue Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans; or (iii) any of the Deliverable Obligation Characteristics “Assignable Loan”, “Consent Required Loan” or “Direct Loan Participation” is specified in the relevant Issue Terms, the relevant Issue Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans.
- (C) If more than one of “Assignable Loan”, “Consent Required Loan” and “Direct Loan Participation” are specified as Deliverable Obligation Characteristics in the relevant Issue Terms, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.
- (D) If an Obligation or a Deliverable Obligation is a Relevant Guarantee, the following will apply:
 - (1) for purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (2) for purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms from the following list: “Not Subordinated”, “Specified Currency”, “Not Sovereign Lender”, “Not Domestic Currency” and “Not Domestic Law”;
 - (3) for purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms from the following list: “Listed”, “Not Domestic Issuance”, “Assignable Loan”, “Consent Required Loan”, “Direct Loan Participation”, “Transferable”, “Maximum Maturity”, “Accelerated” or “Matured” and “Not Bearer”; and

- (4) for purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (E) For purposes of the application of the Deliverable Obligation Characteristic “Maximum Maturity”, remaining maturity shall be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the remaining maturity shall be zero.
- (F) If “Financial Reference Entity Terms” and “Governmental Intervention” are specified as applicable in the relevant Issue Terms, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity’s obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic.
- (G) For purposes of determining the applicability of Deliverable Obligation Characteristics to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (H) If “Subordinated European Insurance Terms” is specified as applicable in the relevant Issue Terms, if an obligation would otherwise satisfy the “Maximum Maturity” Deliverable Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Deliverable Obligation Characteristic.

For the avoidance of doubt the provisions of this paragraph (2) apply in respect of the definitions of Obligation and Deliverable Obligation as the context admits.

“**Deliverable Obligation Terms**” has the meaning set forth in the relevant Credit Derivatives Auction Settlement Terms.

“**Domestic Currency**” means the currency specified as such in the relevant Issue Terms and any successor currency thereto (or if no such currency is specified, the lawful currency and any successor currency of (a) the Reference Entity, if the Reference Entity is a Sovereign, or (b) the jurisdiction in which the Reference Entity is organised, if the Reference Entity is not a Sovereign).

“**Domestic Law**” means each of the laws of (a) the Reference Entity, if such Reference Entity is a Sovereign, or (b) the jurisdiction in which the Reference Entity is organised, if such Reference Entity is not a Sovereign.

“**Downstream Affiliate**” means an entity whose outstanding Voting Shares were, at the date of issuance of the Qualifying Guarantee, more than fifty per cent. owned, directly or indirectly, by the Reference Entity. As used herein, “**Voting Shares**” means those shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

CREDIT-LINKED NOTES

“**Due and Payable Amount**” means the amount that is due and payable by the Reference Entity under the obligation whether by reason of maturity, acceleration, termination or otherwise (excluding sums in respect of default interest, indemnities, tax gross-ups and other similar amounts) less all or any portion of such amount which, pursuant to the terms of the obligation (a) is subject to any Prohibited Action, or (b) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (i) payment or (ii) a Permitted Contingency), in each case, determined in accordance with the terms of the obligation in effect on either (A) the relevant VSN Effective Date (or if the terms of the obligation are amended after such date but on or prior to the first Valuation Date, the first Valuation Date), or (B) the relevant Valuation Date, as applicable.

“**Eligible Information**” means information which is publicly available or which can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

“**Eligible Transferee**” means:

- (i) any:
 - (1) bank or other financial institution;
 - (2) insurance or reinsurance company;
 - (3) mutual fund, unit trust or similar collective investment vehicle (other than an entity described in sub-paragraph (iii)(2) below); and
 - (4) registered or licensed broker or dealer (other than a natural person or proprietorship),

provided, however, in each case that such entity has total assets of at least US\$500 million;

- (ii) an Affiliate of an entity specified in sub-paragraph (i) above;
- (iii) each of a corporation, partnership, proprietorship, organisation, trust or other entity:
 - (1) that is an investment vehicle (including, without limitation, any hedge fund, issuer of collateralised debt obligations, commercial paper conduit or other special purpose vehicle) that (A) has total assets of at least US\$100 million or (B) is one of a group of investment vehicles under common control or management having, in aggregate, total assets of at least US\$100 million; or
 - (2) that has total assets of at least US\$500 million; or
 - (3) the obligations of which under an agreement, contract or transaction are guaranteed or otherwise supported by a letter of credit or keepwell, support, or other agreement by an entity described in sub-paragraphs (i), (ii), (iii)(1) or (iv); or
- (iv) any Sovereign; or
- (v) any entity or organization established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development.

All references in this definition to US\$ include equivalent amounts in other currencies in each case as determined by the Calculation Agent.

“Excluded Deliverable Obligation” means:

- (i) any obligation of a Reference Entity specified as such or of a type described in the relevant Issue Terms;
- (ii) any principal only component of a Bond from which some or all of the interest components have been stripped; and
- (iii) if Asset Package Delivery is applicable, any obligation issued or incurred on or after the date of the relevant Asset Package Credit Event.

“Excluded Obligation” means:

- (i) any obligation of a Reference Entity specified as such or of a type described in the relevant Issue Terms;
- (ii) if “Financial Reference Entity Terms” is specified as applicable in the relevant Issue Terms and (i) the relevant Reference Obligation or Prior Reference Obligation, as applicable, is a Senior Obligation, or (ii) there is no Reference Obligation or Prior Reference Obligation, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Subordinated Obligation; and
- (iii) if “Financial Reference Entity Terms” is specified as applicable in the relevant Issue Terms and the relevant Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Further Subordinated Obligation.

“Exercise Cut-off Date” means either:

- (i) with respect to an M(M)R Restructuring and any Note to which paragraph (i) of the definition of “Credit Event Determination Date” above applies:
 - (1) if the DC Secretary publishes a Final List applicable to the Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, the date that is five Relevant City Business Days following the date on which such Final List is published; or
 - (2) otherwise, the date that is 14 calendar days following the relevant No Auction Announcement Date; or
- (ii) with respect to a Credit Event where paragraph (i) of the definition of “Credit Event Determination Date” does not apply, the relevant Non-Standard Exercise Cut-off Date,

or, in each case, such other date as the relevant Credit Derivatives Determinations Committee Resolves.

“Extension Date” means the latest of:

- (i) the Scheduled Termination Notice Date;
- (ii) the Grace Period Extension Date if (i) “Failure to Pay” and “Grace Period Extension” are specified as applying in the relevant Issue Terms, and (ii) the Potential Failure to Pay with

CREDIT-LINKED NOTES

respect to the relevant Failure to Pay occurs on or prior to the Scheduled Termination Notice Date; and

- (iii) the Repudiation/Moratorium Evaluation Date (if any) if “Repudiation/Moratorium” is specified as applicable in the relevant Issue Terms, as applicable.

“**Failure to Pay**” means after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations in accordance with the terms of such Obligations at the time of such failure provided that, if an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination.

“**Final List**” has the meaning given in the DC Rules.

“**Final Price**” means either:

- (i) if a Fixed Recovery Percentage is specified in the relevant Issue Terms, such Fixed Recovery Percentage; or
- (ii) if a Fixed Recovery Percentage is not specified in the relevant Issue Terms, the price of the relevant Valuation Obligation, or, if there is more than one Valuation Obligation, the weighted average price of the Valuation Obligations, in each case, expressed as a percentage of its Outstanding Principal Balance or Due and Payable Amount, as applicable, which shall be the lesser of (i) 100 per cent. and (ii) the price determined in accordance with the Valuation Method specified in the relevant Issue Terms and on the basis that (x) any weighted average price is determined by reference to the Outstanding Principal Balance(s) or Due and Payable Amount(s) of each Valuation Obligation in the Valuation Reference Holding and (y) the Calculation Agent will seek to obtain quotations for each such Valuation Obligation. The Calculation Agent shall as soon as practicable after obtaining all Quotations for a Valuation Date, make available for inspection by Noteholders at the specified office of the Principal Paying Agent (i) each such Quotation that it receives in connection with the calculation of the Final Price and (ii) a written computation showing its calculation of the Final Price.

“**First-to-Default Credit Linked Notes**” means Credit Linked Notes indicated as such in the relevant Issue Terms where the Issuer purchases credit protection from the Noteholders in respect of two or more Reference Entities, as specified in the relevant Issue Terms.

“**Fixed Cap**” means, with respect to a Guarantee, a specified numerical limit or cap on the liability of the Reference Entity in respect of some or all payments due under the Underlying Obligation, provided that a Fixed Cap shall exclude a limit or cap determined by reference to a formula with one or more variable inputs (and for these purposes, the outstanding principal or other amounts payable pursuant to the Underlying Obligation shall not be considered to be variable inputs).

“**Full Quotation**” means, in accordance with the Quotation Method each firm quotation obtained from a Quotation Dealer at the Valuation Time, to the extent reasonably practicable, for an amount of the Reference Obligation with an Outstanding Principal Balance or Due and Payable Amount equal to the Quotation Amount.

“Fully Transferable Obligation” means a Deliverable Obligation or Valuation Obligation (as applicable) that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Eligible Transferees without the consent of any person being required in the case of any Deliverable Obligation or Valuation Obligation other than Bonds, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation or Valuation Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Deliverable Obligation or Valuation Obligation (as applicable) shall not be considered to be a requirement for consent for purposes of this definition of “Fully Transferable Obligation”.

“Further Subordinated Obligation” means, in respect of a Reference Entity, if the relevant Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation, any obligation which is Subordinated thereto.

“Governmental Authority” means:

- (i) any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department thereof);
- (ii) any court, tribunal, administrative or other governmental, inter-governmental or supranational body;
- (iii) any authority or any other entity (private or public) either designated as a resolution authority or charged with the regulation or supervision of the financial markets (including a central bank) of the Reference Entity or some or all of its obligations; or
- (iv) any other authority which is analogous to any of the entities specified in paragraphs (i) to (iii) above.

“Governmental Intervention” means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs as a result of action taken or an announcement made by a Governmental Authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such Obligation:

- (i) any event which would affect creditors’ rights so as to cause:
 - (1) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (2) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
 - (3) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest, or (II) the payment of principal or premium; or
 - (4) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation;
- (ii) an expropriation, transfer or other event which mandatorily changes the beneficial holder of the Obligation;

CREDIT-LINKED NOTES

- (iii) a mandatory cancellation, conversion or exchange; or
- (iv) any event which has an analogous effect to any of the events specified in paragraphs (i) to (iii).

For purposes of this definition of Governmental Intervention, the term “Obligation” shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee.

“**Grace Period**” means:

- (i) subject to paragraphs (ii) and (iii) below, the applicable grace period with respect to payments under and in accordance with the terms of the relevant Obligation in effect as of the date as of which such Obligation is issued or incurred;
- (ii) if “Grace Period Extension” is specified as applying in the relevant Issue Terms, a Potential Failure to Pay has occurred on or prior to the Scheduled Termination Notice Date and the applicable grace period cannot, by its terms, expire on or prior to the Scheduled Termination Notice Date, the Grace Period will be deemed to be the lesser of such grace period and the period specified as such in the relevant Issue Terms or, if no period is specified in the relevant Issue Terms, thirty (30) calendar days; and
- (iii) if, as of the date as of which an Obligation is issued or incurred, no grace period with respect to payments or a grace period with respect to payments of less than three Grace Period Business Days is applicable under the terms of such Obligation, a Grace Period of three Grace Period Business Days shall be deemed to apply to such Obligation; provided that, unless Grace Period Extension is specified as applying in the relevant Issue Terms, such deemed Grace Period shall expire no later than the Scheduled Termination Notice Date.

“**Grace Period Business Day**” means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified for that purpose in the relevant Obligation and if a place or places are not so specified (i) if the Obligation Currency is the euro, a day on which the TARGET2 System is open, or (ii) otherwise, a day on which commercial banks and foreign exchange markets are generally open to settle payments in the principal financial city in the jurisdiction of the Obligation Currency.

“**Grace Period Extension Date**” means, if:

- (i) “Grace Period Extension” is specified as applying in the relevant Issue Terms; and
- (ii) a Potential Failure to Pay occurs on or prior to the Scheduled Termination Notice Date,

the date falling the number of days in the Grace Period after the date of such Potential Failure to Pay. If “Grace Period Extension” is not specified as applicable in the relevant Issue Terms, Grace Period Extension shall not apply.

“**Guarantee**” means a Relevant Guarantee or a guarantee which is the Reference Obligation.

“**Hedging Arrangements**” means any underlying or related transaction(s), asset(s) or trading position(s) or arrangements the Issuer and/or any of its Affiliates or agents may enter into or hold from time to time (including, if applicable, on a portfolio basis) to hedge directly or indirectly and whether in whole or in part the credit or other price risk or funding of the Issuer issuing and performing its obligations with respect to the Credit Linked Notes.

“**Hedge Disruption Event**” means in the opinion of the Calculation Agent any event as a result of which the Issuer and/or any of its Affiliates cannot obtain the relevant Valuation Obligations under the terms of the Issuer’s Hedging Arrangements (if any) and/or maintain, adjust, enter into or exercise rights under its Hedging Arrangements and/or meet its obligations as these fall due solely with amounts which it is entitled to receive under the Hedging Arrangements on the relevant due date(s) therefor.

“**ISDA**” means the International Swaps and Derivatives Association, Inc.

“**Largest Asset Package**” means, in respect of a Prior Deliverable Obligation or a Package Observable Bond, as the case may be, the package of Assets for which the greatest amount of principal has been or will be exchanged or converted (including by way of amendment), as determined by the Calculation Agent by reference to Eligible Information. If this cannot be determined, the Largest Asset Package will be the package of Assets with the highest immediately realizable value, determined by the Calculation Agent in accordance with the methodology, if any, determined by the relevant Credit Derivatives Determinations Committee.

“**Latest Maturity Restructured Bond or Loan**” has the meaning given to that term in the definition of “Restructuring Maturity Limitation Date”.

“**Limitation Date**” means the first of 20 March, 20 June, 20 September or 20 December in any year to occur on or immediately following the date that is one of the following numbers of years after the Restructuring Date: 2.5 years (the “**2.5-year Limitation Date**”), 5 years, 7.5 years, 10 years (the “**10-year Limitation Date**”), 12.5 years, 15 years, or 20 years, as applicable. Limitation Dates shall not be subject to adjustment in accordance with any Business Day Convention.

“**M(M)R Restructuring**” means a Restructuring Credit Event in respect of which either “Mod R” or “Mod Mod R” is specified as applicable in the relevant Issue Terms.

“**Market Value**” means, with respect to the Reference Obligation or Valuation Obligation (as applicable) on a Valuation Date:

- (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations;
- (iv) if fewer than two Full Quotations and a Weighted Average Quotation is obtained, such Weighted Average Quotation;
- (v) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained, subject as provided in the definition of Quotation, an amount the Calculation Agent shall determine on the next Business Day on which two or more Full Quotations or a Weighted Average Quotation is obtained; and
- (vi) if two or more Full Quotations or a Weighted Average Quotation are not obtained on or prior to the tenth Business Day following the applicable Valuation Date the Market Value

CREDIT-LINKED NOTES

shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations for the Reference Obligation or Valuation Obligation (as applicable) obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

“Merger Event” means that at any time during the period from (and including) the Trade Date to (but excluding) the Scheduled Termination Notice Date either (A) the Issuer or a Reference Entity (any such entity, the **“Mergor”**) consolidates or amalgamates with, or merges into, or transfers all or substantially all of its assets to (i) where the Mergor is the Issuer, a Reference Entity or (ii) where the Mergor is a Reference Entity, the Issuer, or (B) (i) either of the Issuer and (ii) a Reference Entity become Affiliates.

“Minimum Quotation Amount” means the amount specified as such in the relevant Issue Terms (or its equivalent in the relevant Obligation Currency) or, if no amount is so specified, the lower of (i) USD1,000,000 (or its equivalent in the relevant Obligation Currency) and (ii) the Quotation Amount.

“Modified Eligible Transferee” means any bank, financial institution or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities and other financial assets.

“Modified Restructuring Maturity Limitation Date” means, with respect to a Deliverable Obligation or Valuation Obligation (as applicable), the Limitation Date occurring on or immediately following the Scheduled Termination Notice Date.

Subject to the foregoing, if the Scheduled Termination Notice Date is later than the 10-year Limitation Date, the Modified Restructuring Maturity Limitation Date will be the Scheduled Termination Notice Date.

“Movement Option” means, with respect to an M(M)R Restructuring for which a No Auction Announcement Date has occurred pursuant to paragraph (ii) or (iii)(2) of the definition of “No Auction Announcement Date”, the option of the Issuer to apply to the Credit Linked Notes, for purposes of settlement, the Parallel Auction Settlement Terms, if any, for purposes of which the Permissible Deliverable Obligations are more limited than the Deliverable Obligations that could apply in respect of the Reference Transaction (provided that if more than one such set of Parallel Auction Settlement Terms are published, the Parallel Auction Settlement Terms specifying the greatest number of such Permissible Deliverable Obligations shall apply). If no Notice to Exercise Movement Option is delivered by the Issuer on or prior to the Movement Option Cut-off Date, the Credit Linked Notes will be settled in accordance with the Fallback Settlement Method. If a Notice to Exercise Movement Option is delivered by the Issuer on or prior to the Movement Option Cut-off Date, such event will be notified to Noteholders in accordance with General Condition 15 (*Notices*).

“Movement Option Cut-off Date” means the date that is one Relevant City Business Day following the Exercise Cut-off Date, or such other date as the relevant Credit Derivatives Determinations Committee has Resolved.

“Next Currency Fixing Time” means 4:00 p.m. (London time) on such London Business Day as the Calculation Agent shall select falling no more than five (5) London Business Days immediately preceding the date on which the Notice of Valuation Settlement or relevant Valuation Settlement Amendment Notice, as applicable, is effective. For the purposes of determining the Next Currency

Fixing Time, “**London Business Day**” means a day on which banks and foreign exchange markets are generally open to settle payments in London.

“**No Auction Announcement Date**” means, with respect to a Credit Event, the date on which the DC Secretary first publicly announces that:

- (i) no Transaction Auction Settlement Terms and, if applicable, no Parallel Auction Settlement Terms will be published;
- (ii) following the occurrence of an M(M)R Restructuring no Transaction Auction Settlement Terms will be published, but Parallel Auction Settlement Terms will be published; or
- (iii) the relevant Credit Derivatives Determinations Committee has Resolved that no Auction will be held following a prior public announcement by the DC Secretary to the contrary, in circumstances where either:
 - (1) no Parallel Auction will be held; or
 - (2) one or more Parallel Auctions will be held.

“**Non-Conforming Reference Obligation**” means a Reference Obligation which is not a Conforming Reference Obligation.

“**Non-Conforming Substitute Reference Obligation**” means an obligation which would be a Deliverable Obligation or Valuation Obligation (as applicable) determined in accordance with paragraph (i) of the definition of “Deliverable Obligation” above on the Substitution Date but for one or more of the same reasons which resulted in the Reference Obligation constituting a Non-Conforming Reference Obligation on the date it was issued or incurred and/or immediately prior to the Substitution Event Date (as applicable).

“**Non-Standard Credit Event Determination Date**” means with respect to a Credit Event:

- (i) subject to paragraph (ii) of this definition, the Notice Delivery Date, if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that neither (a) a DC Credit Event Announcement has occurred nor (b) a DC No Credit Event Announcement has occurred, in each case, with respect to the Credit Event specified in the Credit Event Notice; or
- (ii) notwithstanding paragraph (i) of this definition, if a DC Credit Event Announcement has occurred and the Credit Event Resolution Request Date has occurred on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) either:
 - (1) the Credit Event Resolution Request Date, if either:
 - (A) (I) “Auction Settlement” is not the applicable Settlement Method;
 - (II) the relevant Credit Event is not an M(M)R Restructuring; and
 - (III) the Trade Date occurs on or prior to the date of the DC Credit Event Announcement; or
 - (B) (I) the relevant Credit Event is an M(M)R Restructuring; and
 - (II) a Credit Event Notice is delivered and is effective on or prior to the Non-Standard Exercise Cut-off Date, or

CREDIT-LINKED NOTES

- (2) the first date on which a Credit Event Notice is delivered and is effective during either the Notice Delivery Period or the period from and including the date of the DC Credit Event Announcement to and including the date that is fourteen calendar days thereafter (provided, in each case, that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)), if either:
- (A) (I) “Auction Settlement” is not the applicable Settlement Method;
 - (II) the relevant Credit Event is not an M(M)R Restructuring; and
 - (III) the Trade Date occurs following the date of the related DC Credit Event Announcement and on or prior to a DC Announcement Coverage Cut-off Date; or
- (B) the Calculation Agent determines this is otherwise consistent with the Issuer’s Hedging Arrangements,

provided that no Credit Event Notice specifying an M(M)R Restructuring as the only Credit Event has previously been delivered unless the M(M)R Restructuring specified in such Credit Event Notice is also the subject of the DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date or the Calculation Agent determines this is otherwise consistent with the Issuer’s Hedging Arrangements.

“**Non-Standard Exercise Cut-off Date**” means, with respect to a Credit Event to which paragraph (i) of the definition of “Credit Event Determination Date” does not apply:

- (i) if such Credit Event is not an M(M)R Restructuring, either:
- (1) the Relevant City Business Day prior to the Auction Final Price Determination Date, if any;
 - (2) the Relevant City Business Day prior to the Auction Cancellation Date, if any; or
 - (3) the date that is fourteen (14) calendar days following the No Auction Announcement Date, if any, as applicable; or
- (ii) if such Credit Event is an M(M)R Restructuring and:
- (1) the DC Secretary publishes a Final List applicable to the Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, the date that is five Relevant City Business Days following the date on which such Final List is published; or
 - (2) otherwise, the date that is fourteen (14) calendar days following the relevant No Auction Announcement Date.

“**Non-Standard Reference Obligation**” means, in respect of the Reference Entity, the Original Non-Standard Reference Obligation or if a Substitute Reference Obligation has been determined, the Substitute Reference Obligation.

“**Notice Delivery Date**” means the first date on which both an effective Credit Event Notice and, unless “Notice of Publicly Available Information” is specified as not applicable in the relevant Issue Terms, an effective Notice of Publicly Available Information, have been delivered by the Calculation Agent.

“**Notice Delivery Period**” means the period from and including the Trade Date to and including the date that is fourteen (14) calendar days after the Extension Date.

“**Notice of Publicly Available Information**” means a notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that cites Publicly Available Information confirming the occurrence of the Credit Event or Potential Repudiation/Moratorium, as applicable, described in the Credit Event Notice or Repudiation/Moratorium Extension Notice. The notice given must contain a copy or description in reasonable detail, of the relevant Publicly Available Information. If “Notice of Publicly Available Information” is specified as applicable in the relevant Issue Terms and a Credit Event Notice or Repudiation/Moratorium Extension Notice, as applicable, contains Publicly Available Information, such Credit Event Notice or Repudiation/Moratorium Extension Notice will also be deemed to be a Notice of Publicly Available Information. A Notice of Publicly Available Information shall be subject to the requirements regarding notices in Reference Item Condition 2.14 (*Calculation Agent Notices*).

“**Notice of Valuation Settlement**” has the meaning given to that term in Reference Item Condition 2.3 (*Cash Settlement*).

“**Notice to Exercise Movement Option**” means, with respect to Notes for which (a) M(M)R Restructuring is applicable and (b) the Fallback Settlement Method would otherwise be applicable pursuant to the Auction Settlement provisions, a notice from the Issuer to the Calculation Agent that (i) specifies the Parallel Auction Settlement Terms applicable in accordance with the definition of Movement Option and (ii) is effective on or prior to the Movement Option Cut-off Date.

“**Nth-to-Default Credit Linked Notes**” means Credit Linked Notes indicated as such in the relevant Issue Terms where the Issuer purchases credit protection from the Noteholders in respect of two or more Reference Entities, as specified in the relevant Issue Terms.

“**Obligation**” means:

- (i) any obligation of the Reference Entity (either directly or as provider of a Relevant Guarantee) determined pursuant to the method described in “Method for Determining Obligations” below; and
- (ii) the Reference Obligation,

in each case unless it is an Excluded Obligation.

“*Method for Determining Obligations*”. For the purposes of paragraph (i) of this definition of “**Obligation**”, the term “Obligation” may be defined as the obligation of each Reference Entity described by the Obligation Category specified in the relevant Issue Terms, and having each of the Obligation Characteristics (if any) specified in the relevant Issue Terms, in each case, immediately prior to the Credit Event which is the subject of either the Credit Event Notice or the DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date, as applicable. The following terms shall have the following meanings:

- (A) “**Obligation Category**” means Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan, only one of which shall be specified in the relevant Issue Terms, where:
 - (1) “**Payment**” means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including, without limitation, Borrowed Money;

CREDIT-LINKED NOTES

- (2) “**Borrowed Money**” means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding unpaid drawings in respect of principal) for the payment or repayment of borrowed money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit);
 - (3) “**Reference Obligation Only**” means any obligation that is a Reference Obligation and no Obligation Characteristics shall be applicable to Reference Obligation Only;
 - (4) “**Bond**” means any obligation of a type included in the “Borrowed Money” Obligation Category that is in the form of, or represented by, a bond, note (other than notes delivered pursuant to Loans), certificated debt security or other debt security and shall not include any other type of Borrowed Money;
 - (5) “**Loan**” means any obligation of a type included in the “Borrowed Money” Obligation Category that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of Borrowed Money; and
 - (6) “**Bond or Loan**” means any obligation that is either a Bond or a Loan.
- (B) “**Obligation Characteristics**” means any one or more of Not Subordinated, Credit Linked Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed and Not Domestic Issuance specified in the relevant Issue Terms, where:
- (1) “**Not Subordinated**” means an obligation that is not Subordinated to (a) the Reference Obligation or, (b) the Prior Reference Obligation, if applicable;
 - (2) “**Subordination**” means, with respect to an obligation (the “**Second Obligation**”) and another obligation of the Reference Entity to which such obligation is being compared (the “**First Obligation**”), a contractual, trust or other similar arrangement providing that (I) upon the liquidation, dissolution, reorganisation or winding-up of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation or (II) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. “**Subordinated**” will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign and (y) in the case of the Reference Obligation or the Prior Reference Obligation, as applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and “Standard Reference Obligation” is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date; and

- (3) “**Prior Reference Obligation**” means, in circumstances where there is no Reference Obligation applicable to the relevant Notes, (I) the Reference Obligation most recently applicable thereto, if any, and otherwise, (II) the obligation specified in the relevant Issue Terms as the Reference Obligation, if any, if such Reference Obligation was redeemed on or prior to the Trade Date and otherwise, (III) any unsubordinated Borrowed Money obligation of the Reference Entity;
- (4) “**Credit Linked Specified Currency**” means an obligation that is payable in the currency or currencies specified as such in the relevant Issue Terms (or, if Credit Linked Specified Currency is specified in the relevant Issue Terms and no currency is so specified, any Standard Specified Currency) provided that if the euro is a Credit Linked Specified Currency, “Credit Linked Specified Currency” shall also include an obligation that was previously payable in the euro, regardless of any redenomination thereafter if such redenomination occurred as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority;
- (5) “**Not Sovereign Lender**” means any obligation that is not primarily owed to (a) a Sovereign or (b) any entity or organization established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as “Paris Club debt”;
- (6) “**Not Domestic Currency**” means any obligation that is payable in any currency other than applicable Domestic Currency provided that a Standard Specified Currency shall not constitute the Domestic Currency;
- (7) “**Not Domestic Law**” means any obligation that is not governed by applicable Domestic Law, provided that the laws of England and the laws of the State of New York shall not constitute a Domestic Law;
- (8) “**Listed**” means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange; and
- (9) “**Not Domestic Issuance**” means any obligation other than an obligation that was issued (or reissued, as the case may be) or intended to be offered for sale primarily in the domestic market of the Reference Entity. Any obligation that is registered or, as a result of some other action having been taken for such purpose, is qualified for sale outside the domestic market of the Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of the Reference Entity) shall be deemed not to be issued (or reissued, as the case may be), or intended to be offered for sale primarily in the domestic market of the Reference Entity.

“**Obligation Acceleration**” means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event or default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

“**Obligation Currency**” means the currency or currencies in which the Obligation is denominated.

CREDIT-LINKED NOTES

“**Obligation Default**” means one or more Obligations in an aggregate amount of not less than the Default Requirement have become capable of being declared due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default, or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

“**Original Non-Standard Reference Obligation**” means the obligation of the Reference Entity (either directly or as provider of a guarantee) which is specified as the Reference Obligation in respect of such Reference Entity in the relevant Issue Terms (if any is so specified) provided that if an obligation is not an obligation of the Reference Entity, such obligation will not constitute a valid Original Non-Standard Reference Obligation for purposes of the relevant Notes (other than for the purposes of determining the Seniority Level and for the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic) unless the relevant Notes are Reference Obligation Only Notes.

“**Outstanding Amount**” means, in respect of a Prior Deliverable Obligation or Package Observable Bond specified as a Valuation Obligation, the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency as specified in the relevant Notice of Valuation Settlement.

“**Outstanding Principal Balance**” means the outstanding principal balance of an obligation which will be calculated as follows:

- (i) first, by determining, in respect of the obligation, the amount of the Reference Entity’s principal payment obligations and, where applicable in accordance with the definition of Accrued Interest above, the Reference Entity’s accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (a) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (b) the amount of the Fixed Cap, if any);
- (ii) second, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (a) is subject to any Prohibited Action, or (b) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in accordance with paragraph (i) above less any amounts subtracted in accordance with this paragraph (ii), the “**Non-Contingent Amount**”); and
- (iii) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (1) unless otherwise specified, in accordance with the terms of the obligation in effect on either (A) the relevant VSN Effective Date (or if the terms of the obligation are amended after such date but on or prior to the first Valuation Date, the first Valuation Date), or (B) the relevant Valuation Date; and
- (2) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

“**Overnight Rate**” means, in respect of any day in an Additional Amount Period:

- (i) where the Specified Currency is euro, a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on Reuters Page EONIA (or such other source, including any successor to such page or service, as the Calculation Agent shall determine to be appropriate) in respect of that day, if that day is a TARGET Settlement Day, or otherwise in respect of the immediately preceding TARGET Settlement Day;
- (ii) where the Specified Currency is USD, a reference rate equal to the rate set forth in H.15 (519) for that day opposite the caption “Federal Funds (effective)”, as such rate is displayed on Reuters Screen FEDFUNDS1 (or such other source, including any successor to such page or service, as the Calculation Agent shall determine to be appropriate) in respect of that day if that day is a Business Day or in respect of the Business Day immediately preceding that day if that day is not a Business Day; or
- (iii) where the Specified Currency is a currency other than USD or EUR, the Overnight Rate specified in the relevant Issue Terms.

As used herein, “H.15 (519)” means the weekly statistical release designated as such, or any successor publication published by the Federal Reserve System Board of Governors, available through the worldwide website of the Board of Governors of the Federal Reserve System at <http://www.bog.frb.fed.us/releases/h15>, or any successor site or publication.

“**Package Observable Bond**” means, in respect of a Reference Entity which is a Sovereign, any obligation (a) which is identified as such and published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time and (b) which fell within paragraphs (i) or (ii) of the definition of Deliverable Obligation (above), in each case, immediately preceding the date on which the relevant Asset Package Credit Event was legally effective.

“**Parallel Auction**” means “Auction” as such term shall be defined in the relevant Parallel Auction Settlement Terms.

“**Parallel Auction Cancellation Date**” means “Auction Cancellation Date” as such term shall be defined in the relevant Parallel Auction Settlement Terms.

“**Parallel Auction Settlement Terms**” means, following the occurrence of an M(M)R Restructuring, any Credit Derivatives Auction Settlement Terms published by ISDA with respect to such M(M)R Restructuring, and for which (i) the Deliverable Obligation Terms are the same as the Reference Transaction and (ii) the Reference Transaction would not be an Auction Covered Transaction provided that if no such Credit Derivatives Auction Settlement Terms are published, the Calculation Agent may select in its sole discretion the applicable Credit Derivatives Auction Settlement Terms.

“**Parallel Notice of Physical Settlement Date**” means “Notice of Physical Settlement Date” as defined in the relevant Parallel Auction Settlement Terms.

“**Payment Requirement**” means the amount specified as such in the relevant Issue Terms or its equivalent in the relevant Obligation Currency or, if no such amount is specified in the relevant Issue Terms, USD1,000,000, or its equivalent as calculated by the Calculation Agent in the relevant Obligation Currency, in either case, as of the occurrence of the relevant Failure to Pay or Potential Failure to Pay, as applicable.

“**Permissible Deliverable Obligations**” has the meaning set forth in the relevant Credit Derivatives Auction Settlement Terms, being either all or the portion of the Deliverable Obligations included in the Final List pursuant to the Deliverable Obligation Terms applicable to the relevant Auction.

CREDIT-LINKED NOTES

“Permitted Contingency” means, with respect to an obligation, any reduction to the Reference Entity’s payment obligations:

- (i) as a result of the application of:
 - (1) any provisions allowing a transfer, pursuant to which another party may assume all of the payment obligations of the Reference Entity;
 - (2) provisions implementing the Subordination of the obligation;
 - (3) provisions allowing for a Permitted Transfer in the case of a Qualifying Guarantee (or provisions allowing for the release of the Reference Entity from its payment obligations in the case of any other Guarantee);
 - (4) if “Subordinated European Insurance Terms” are specified as applicable in the relevant Issue Terms, any Solvency Capital Provisions; or
 - (5) if “Financial Reference Entity Terms” are specified as applicable in the relevant Issue Terms, provisions which permit the Reference Entity’s obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention; or
- (ii) which is within the control of the holders of the obligation or a third party acting on their behalf (such as an agent or trustee) in exercising their rights under or in respect of such obligation.

“Permitted Transfer” means, with respect to a Qualifying Guarantee, a transfer to and the assumption by any single transferee of such Qualifying Guarantee (including by way of cancellation and execution of a new guarantee) on the same or substantially the same terms, in circumstances where there is also a transfer of all (or substantially all) of the assets of the Reference Entity to the same single transferee.

“Portfolio Credit Linked Notes” means Credit Linked Notes indicated as such in the relevant Issue Terms where the Issuer purchases credit protection from the Noteholders in respect of two or more Reference Entities, as specified in the relevant Issue Terms. Portfolio Credit-Linked Notes may be Tranching Portfolio Credit-Linked Notes or Non-Tranching Portfolio Credit-Linked Notes as specified in the relevant Issue Terms.

“Post Dismissal Additional Period” means the period from and including the date of the DC Credit Event Question Dismissal to and including the date that is fourteen calendar days thereafter (provided that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)).

“Potential Credit Event” means a Potential Failure to Pay (if Failure to Pay is an applicable Credit Event in respect of the Reference Entity), a Potential Repudiation/Moratorium (if Repudiation/Moratorium is an applicable Credit Event in respect of the Reference Entity) or if a Credit Event Resolution Request Date has occurred and the relevant Credit Derivatives Determinations Committee has not made its determination, such event will be deemed to be a Potential Credit Event. A Credit Derivatives Determinations Committee and the Calculation Agent may each determine whether a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred.

“Potential Failure to Pay” means the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more

Obligations, in accordance with the terms of such Obligations at the time of such failure, without regard to any grace period or any conditions precedent to the commencement of any grace period applicable to such Obligations.

“Potential Repudiation/Moratorium” means the occurrence of an event described in paragraph (i)(1) of the definition of “Repudiation/Moratorium”.

“Prior Deliverable Obligation” means:

- (i) if a Governmental Intervention has occurred (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement), any obligation of the Reference Entity which (i) existed immediately prior to such Governmental Intervention, (ii) was the subject of such Governmental Intervention and (iii) fell within paragraphs (i) or (ii) of the definition of Deliverable Obligation above, in each case, immediately preceding the date on which such Governmental Intervention was legally effective; or
- (ii) if a Restructuring which does not constitute a Governmental Intervention has occurred in respect of the Reference Obligation (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement), such Reference Obligation, if any.

“Private-side Loan” means a Loan in respect of which the documentation governing its terms is not publicly available or capable of being made public without violating a law, agreement, understanding or other restriction regarding the confidentiality of such information.

“Prohibited Action” means any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in (i) to (iv) of the definition of Credit Event above) or right of set-off by or of the Reference Entity or any applicable Underlying Obligor.

“Public Source” means each source of Publicly Available Information specified as such in the relevant Issue Terms (or if no such source is specified in the relevant Issue Terms, each of Bloomberg, Reuters, Dow Jones Newswires, The Wall Street Journal, The New York Times, Nihon Keizai Shimbun, Asahi Shimbun, Yomiuri Shimbun, Financial Times, La Tribune, Les Echos, The Australian Financial Review and Debtwire (and successor publications), the main source(s) of business news in the country in which the Reference Entity is organised and any other internationally recognised published or electronically displayed news sources).

“Publicly Available Information” means information that reasonably confirms any of the facts relevant to the determination that the Credit Event or a Potential Repudiation/Moratorium, as applicable, described in a Credit Event Notice or Repudiation/Moratorium Extension Notice have occurred and which:

- (i) has been published in or on not less than the Specified Number of Public Sources (regardless of whether the reader or user thereof pays a fee to obtain such information);
- (ii) is information received from or published by (a) the Reference Entity (or, if the Reference Entity is a Sovereign, any agency, instrumentality, ministry, department or other authority thereof acting in a governmental capacity (including, without limiting the foregoing, the central bank) of such Sovereign) or (b) a trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for an Obligation; or

CREDIT-LINKED NOTES

- (iii) is information contained in any order, decree, notice, petition or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body;

provided that where any information of the type described in paragraphs (ii) or (iii) above is not publicly available, it can only constitute Publicly Available Information if it can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

In relation to any information of the type described in paragraphs (ii) or (iii) above, the Calculation Agent may assume that such information has been disclosed to it without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information and that the entity disclosing such information has not taken any action or entered into any agreement or understanding with the Reference Entity or any Affiliate of the Reference Entity that would be breached by, or would prevent, the disclosure of such information to the party receiving such information.

Without limitation, Publicly Available Information need not state:

- (1) in relation to the definition of “Downstream Affiliate”, the percentage of Voting Shares owned by the Reference Entity; and
- (2) that the relevant occurrence:
 - (A) has met the Payment Requirement or Default Requirement;
 - (B) is the result of exceeding any applicable Grace Period; or
 - (C) has met the subjective criteria specified in certain Credit Events.

In relation to a Repudiation/Moratorium Credit Event, Publicly Available Information must relate to the events described in paragraphs (i) and (ii) of the definition of “Repudiation/Moratorium” below.

“**Qualifying Affiliate Guarantee**” means a Qualifying Guarantee provided by the Reference Entity in respect of an Underlying Obligation of a Downstream Affiliate of the Reference Entity.

“**Qualifying Guarantee**” means a guarantee evidenced by a written instrument (which may include a statute or regulation), pursuant to which the Reference Entity irrevocably agrees, undertakes or is otherwise obliged to pay all amounts of principal and interest (except for amounts which are not covered due to the existence of a Fixed Cap) due under an Underlying Obligation for which the Underlying Obligor is the obligor, by guarantee of payment and not by guarantee of collection (or, in either case, any legal arrangement which is equivalent thereto in form under the relevant governing law).

A Qualifying Guarantee shall not include any guarantee:

- (i) which is structured as a surety bond, financial guarantee insurance policy or letter of credit (or any legal arrangement which is equivalent thereto in form); or
- (ii) pursuant to the terms applicable thereto, the principal payment obligations of the Reference Entity can be discharged, released, reduced, assigned or otherwise altered as a result of the occurrence or non-occurrence of an event or circumstance, in each case, other than:
 - (1) by payment;

- (2) by way of Permitted Transfer;
- (3) by operation of law;
- (4) due to the existence of a Fixed Cap; or
- (5) due to:
 - (A) provisions permitting or anticipating a Governmental Intervention, if “Financial Reference Entity Terms” is specified as applicable in the relevant Issue Terms; or
 - (B) any Solvency Capital Provisions, if “Subordinated European Insurance Terms” is specified as applicable in the relevant Issue Terms.

If the guarantee or Underlying Obligation contains provisions relating to the discharge, release, reduction, assignment or other alteration of the principal payment obligations of the Reference Entity and such provisions have ceased to apply or are suspended at the time of the relevant determination, in accordance with the terms of such guarantee or Underlying Obligation, due to or following the occurrence of (I) a non-payment in respect of the guarantee or the Underlying Obligation, or (II) an event of the type described in the definition of Bankruptcy above in respect of the Reference Entity or the Underlying Obligor, then it shall be deemed for these purposes that such cessation or suspension is permanent, notwithstanding the terms of the guarantee or Underlying Obligation.

In order for a guarantee to constitute a Qualifying Guarantee:

- I. the benefit of such guarantee must be capable of being Delivered together with the Delivery of the Underlying Obligation; and
- II. if a guarantee contains a Fixed Cap, all claims to any amounts which are subject to such Fixed Cap must be capable of being Delivered together with the Delivery of such guarantee.

“**Qualifying Participation Seller**” means any participation seller that meets the requirements specified in the relevant Issue Terms. If no such requirements are specified, there shall be no Qualifying Participation Seller.

“**Quantum of the Claim**” means the lowest amount of the claim which could be validly asserted against the Reference Entity in respect of the Non-Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the relevant determination, provided that the Quantum of the Claim cannot exceed the Non-Contingent Amount.

“**Quotation**” means each Full Quotation and the Weighted Average Quotation obtained and expressed as a percentage with respect to a Valuation Date in the manner that follows:

The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers and, if two or more Full Quotations are not available, a Weighted Average Quotation. If the Calculation Agent is unable to obtain two or more

CREDIT-LINKED NOTES

Full Quotations or a Weighted Average Quotation on the same Business Day on or prior to the tenth Business Day following the applicable Valuation Date the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations for the Reference Obligation or Valuation Obligation (as applicable) obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

“**Quotation Amount**” means the amount specified as such in the relevant Issue Terms (which may be specified by reference to an amount in a currency or by reference to a Representative Amount) or, if no amount is specified in the relevant Issue Terms, the Reference Entity Nominal Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained).

“**Quotation Dealer**” means a dealer in obligations of the type of Obligation(s) for which Quotations are to be obtained including each Quotation Dealer specified in the relevant Issue Terms. If no Quotation Dealers are specified in the relevant Issue Terms, the Calculation Agent shall select the Quotation Dealers. Upon a Quotation Dealer no longer being in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may substitute any other Quotation Dealer(s) for such Quotation Dealer(s).

“**Quotation Method**” means the applicable Quotation Method specified in the relevant Issue Terms by reference to one of the following terms:

- (i) “**Bid**” means that only bid quotations shall be requested from Quotation Dealers;
- (ii) “**Offer**” means that only offer quotations shall be requested from Quotation Dealers; or
- (iii) “**Mid-market**” means that bid and offer quotations shall be requested from Quotation Dealers and shall be averaged for purposes of determining a relevant Quotation Dealer’s quotation.

If a Quotation Method is not specified in the relevant Issue Terms, Bid shall apply.

“**Reference Entity**” means the entity specified as such in the relevant Issue Terms. Any Successor to the Reference Entity either (i) identified pursuant to the definition of “Successor” on or following the Trade Date or (ii) identified pursuant to a DC Resolution in respect of a Successor Resolution Request Date and publicly announced by the DC Secretary on or following the Trade Date shall, in each case, with effect from the Succession Date, be the Reference Entity for the purposes of the relevant Series.

“**Reference Entity Notional Amount**”, in respect of a Reference Entity, means the amount specified as such in the relevant Issue Terms (or, if no such amount is so specified, the Aggregate Nominal Amount of the Notes as of the Issue Date divided by the number of Reference Entities), subject to adjustment as provided in these Reference Item Conditions.

“**Reference Obligation**” means the Standard Reference Obligation, if any, unless:

- (i) “Standard Reference Obligation” is specified as not applicable in the relevant Issue Terms, in which case the Reference Obligation will be the Non-Standard Reference Obligation, if any; or

- (ii) (a) “Standard Reference Obligation” is specified as applicable in the relevant Issue Terms (or no election is specified in the relevant Issue Terms), (b) there is no Standard Reference Obligation and (c) a Non-Standard Reference Obligation is specified in the relevant Issue Terms, in which case the Reference Obligation will be (A) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (B) the Standard Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation.

If the Standard Reference Obligation is removed from the SRO List, such obligation shall cease to be the Reference Obligation (other than for purposes of the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic) and there shall be no Reference Obligation unless and until such obligation is subsequently replaced on the SRO List, in which case, the new Standard Reference Obligation in respect of the Reference Entity shall constitute the Reference Obligation.

“**Reference Obligation Only Notes**” means any Notes in respect of which (i) “Reference Obligation Only” is specified as the Obligation Category and the Deliverable Obligation Category in the relevant Issue Terms and (ii) “Standard Reference Obligation” is specified as not applicable in the relevant Issue Terms.

“**Reference Transaction**” means a hypothetical credit derivative transaction:

- (i) for which the Deliverable Obligation Terms and the Reference Obligation are (a) the same as in respect of the Credit Linked Notes (if such Deliverable Obligation Terms and Reference Obligation are specified in the relevant Issue Terms) or (b) if and to the extent the Deliverable Obligation Terms and/or the Reference Obligation are not specified, the Deliverable Obligation Terms and Reference Obligation determined by the Calculation Agent to be appropriate in respect of a credit derivative transaction linked to the relevant Reference Entity;
- (ii) with a scheduled termination date matching the Scheduled Termination Notice Date of the Credit Linked Notes; and
- (iii) otherwise having such other characteristics as the Calculation Agent may determine appropriate by reference to, without limitation, the Issuer’s hedging arrangements and/or any credit derivative elections made in relation to the Credit Linked Notes.

“**Relevant City Business Day**” has the meaning given in the DC Rules.

“**Relevant Guarantee**” means a Qualifying Affiliate Guarantee or, if “All Guarantees” is specified as applicable in the relevant Issue Terms, a Qualifying Guarantee.

“**Relevant Holder**” means a holder of the latest Prior Deliverable Obligation or Package Observable Bond, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, immediately prior to the relevant Asset Package Credit Event, equal to the Outstanding Amount specified in respect of such Prior Deliverable Obligation or Package Observable Bond where specified as Valuation Obligations in the Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable.

“**Relevant Obligations**” means the Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan” and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:

CREDIT-LINKED NOTES

- (i) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the Reference Entity, shall be excluded;
- (ii) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under paragraph (i) of the definition of Successor below, make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan” that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
- (iii) if “Financial Reference Entity Terms” is specified as applicable in the relevant Issue Terms and (a) the Reference Obligation or Prior Reference Obligation, as applicable, is a Senior Obligation, or (b) there is no Reference Obligation or Prior Reference Obligation, the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan”; and
- (iv) if “Financial Reference Entity Terms” is specified as applicable in the relevant Issue Terms, and the Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation, Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan”, provided that if no such Relevant Obligations exist, “Relevant Obligations” shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category “Bond or Loan”.

“**Replaced Valuation Obligation Outstanding Amount**” has the meaning given to that term in Reference Item Condition 2.3 (*Cash Settlement*).

“**Replacement Valuation Obligation**” has the meaning given to that term in Reference Item Condition 2.3 (*Cash Settlement*).

“**Representative Amount**” means an amount that is representative for a single transaction in the relevant market and at the relevant time, which amount will be determined by the Calculation Agent.

“**Repudiation/Moratorium**” means the occurrence of both of the following events:

- (i) an authorised officer of the Reference Entity or a Governmental Authority:
 - (1) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more Obligations in an aggregate amount of not less than the Default Requirement; or
 - (2) declares or imposes a moratorium, standstill, roll-over or deferral, whether *de facto* or *de jure*, with respect to one or more Obligations in an aggregate amount of not less than the Default Requirement; and
- (ii) a Failure to Pay, determined without regard to the Payment Requirement, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation occurs on or prior to the Repudiation/Moratorium Evaluation Date.

“**Repudiation/Moratorium Evaluation Date**” means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Termination Notice Date (i) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (A) the date that is sixty (60) days after the date of such Potential Repudiation/Moratorium and (B) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the

expiration date of any applicable Grace Period in respect of such payment date) and (ii) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is sixty (60) days after the date of such Potential Repudiation/Moratorium provided that, in either case, the Repudiation/Moratorium Evaluation Date shall occur no later than the Scheduled Termination Notice Date unless the Repudiation/Moratorium Extension Condition is satisfied.

“**Repudiation/Moratorium Extension Condition**” will be satisfied:

- (i) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is fourteen (14) calendar days after the Scheduled Termination Notice Date that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity and that such event occurred on or prior to the Scheduled Termination Notice Date; or
- (ii) otherwise, by the delivery by the Calculation Agent to the Issuer of a Repudiation/Moratorium Extension Notice and, unless “Notice of Publicly Available Information” is specified as not applicable in the relevant Issue Terms, a Notice of Publicly Available Information that are each effective on or prior to the date that is fourteen (14) calendar days after the Scheduled Termination Notice Date.

In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the Reference Entity, or (B) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity but that such event occurred after the Scheduled Termination Notice Date.

“**Repudiation/Moratorium Extension Notice**” means a notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Termination Notice Date. A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

“**Resolve**” has the meaning set out in the DC Rules, and “**Resolved**” and “**Resolves**” shall be construed accordingly.

“**Restructured Bond or Loan**” means an Obligation which is a Bond or Loan and in respect of which the relevant Restructuring has occurred.

“**Restructuring**” means, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs in a form that binds all holders of such Obligation, is agreed between the Reference Entity or a Governmental Authority and a sufficient number of holders of such Obligation to bind all the holders of that Obligation or is announced (or otherwise decreed) by the Reference Entity or a Governmental Authority in a form that binds all holders of such Obligation (including, in each case, in respect of Bonds only, by way of an exchange), and such event is not expressly provided for under the terms of such Obligation in effect as of the later of the Credit Event Backstop Date applicable to the relevant Credit Linked Notes and the date as of which such Obligation is issued or incurred:

CREDIT-LINKED NOTES

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
- (ii) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (iii) a postponement or other deferral of a date or dates for either (a) the payment or accrual of interest, or (b) the payment of principal or premium;
- (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (v) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Notwithstanding the above provisions, none of the following shall constitute a Restructuring:

- (1) the payment in euro of interest, principal or premium in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;
- (2) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;
- (3) the occurrence of, agreement to or announcement of any of the events described in (i) to (v) above due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
- (4) the occurrence of, agreement to or announcement of any of the events described in (i) to (v) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that in respect of paragraph (v) above only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

For purposes of this definition of Restructuring and Reference Item Condition 2.12 (*Provisions relating to Multiple Holder Obligation*), the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in the definition of Restructuring and the definition of Subordination shall be deemed to refer to the Underlying Obligor

and the references to the Reference Entity in the first paragraph and paragraphs (1) to (4) of this definition of Restructuring shall continue to be deemed to refer to the Reference Entity.

If an exchange has occurred, the determination as to whether one of the events described under paragraphs (i) to (v) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

“Restructuring Date” means the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

“Restructuring Maturity Limitation Date” means with respect to a Deliverable Obligation or a Valuation Obligation (as applicable), the Limitation Date occurring on or immediately following the Scheduled Termination Notice Date. Notwithstanding the foregoing, if the final maturity date of the Restructured Bond or Loan with the latest final maturity date of any Restructured Bond or Loan occurs prior to the 2.5-year Limitation Date (such Restructured Bond or Loan, a **“Latest Maturity Restructured Bond or Loan”**) and the Scheduled Termination Notice Date occurs prior to the final maturity date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final maturity date of such Latest Maturity Restructured Bond or Loan. For these purposes, the final maturity date shall be determined on the basis of the terms of the Deliverable Obligation or Valuation Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation or Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

“Revised Currency Rate” means, with respect to a Replacement Valuation Obligation specified in a Valuation Settlement Amendment Notice, the rate of conversion between the currency in which the Replaced Valuation Obligation Outstanding Amount is denominated and the currency in which the Outstanding Principal Balance or Due and Payable Amount of such Replacement Valuation Obligation is denominated that is determined either (i) by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, by the Calculation Agent.

“Scheduled Maturity Date” has the meaning given to it in the relevant Issue Terms.

“Scheduled Termination Notice Date” has the meaning given to it in the relevant Issue Terms.

“Seniority Level” means, with respect to an obligation of the Reference Entity:

- (i) “Senior Level” or “Subordinated Level” as specified in the relevant Issue Terms, or
- (ii) if no such seniority level is specified in the relevant Issue Terms, “Senior Level” if the Original Non-Standard Reference Obligation is a Senior Obligation or “Subordinated Level” if the Original Non-Standard Reference Obligation is a Subordinated Obligation, failing which
- (iii) “Senior Level”.

“Senior Obligation” means any obligation which is not Subordinated to any unsubordinated Borrowed Money obligation of the relevant Reference Entity.

“Settlement Currency” means the currency specified as such in the relevant Issue Terms, or if no currency is specified in the relevant Issue Terms, the Specified Currency of the Credit Linked Notes.

“Set/Zero Recovery Price” means the percentage specified as such in the relevant Issue Terms.

CREDIT-LINKED NOTES

“**Settlement Method**” means, if (a) Auction Settlement is specified as the applicable Settlement Method in the relevant Issue Terms, Auction Settlement or (b) Cash Settlement is specified as the applicable Settlement Method in the relevant Issue Terms, Cash Settlement or (c) Zero/Set Recovery Notes is specified as the applicable Settlement Method in the relevant Issue Terms, the provisions of these Reference Item Conditions relating to Zero/Set Recovery Notes shall apply and, for the avoidance of doubt, (a) or (b) above shall not apply.

“**Single Reference Entity Credit Linked Notes**” means Credit Linked Notes indicated as such in the relevant Issue Terms, where the Issuer purchases credit protection from the Noteholders in respect of only one Reference Entity.

“**Solvency Capital Provisions**” means any terms in an obligation which permit the Reference Entity’s payment obligations thereunder to be deferred, suspended, cancelled, converted, reduced or otherwise varied and which are necessary in order for the obligation to constitute capital resources of a particular tier.

“**Sovereign**” means any state, political subdivision or government, or any agency, instrumentality, ministry, department or other authority acting in a governmental capacity (including without limiting the foregoing, the central bank) thereof.

“**Sovereign Restructured Deliverable Obligation**” means an Obligation of a Reference Entity which is a Sovereign (either directly or as provider of a Relevant Guarantee) (a) in respect of which a Restructuring that is the subject of the relevant Credit Event Notice or DC Credit Event Announcement has occurred and (b) which fell within paragraph (i) of the definition of Deliverable Obligation above immediately preceding the date on which such Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

“**Sovereign Succession Event**” means, with respect to a Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or, other similar event.

“**Specified Number**” means the number of Public Source(s) specified in the relevant Issue Terms, or if no such number is specified in the relevant Issue Terms, two.

“**SRO List**” means the list of Standard Reference Obligations as published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time.

“**Standard Reference Obligation**” means the obligation of the Reference Entity with the relevant Seniority Level which is specified from time to time on the SRO List.

“**Standard Specified Currency**” means each of the lawful currencies of Canada, Japan, Switzerland, France, Germany, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

“**Steps Plan**” means a plan evidenced by Eligible Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the Reference Entity, by one or more entities.

“**Subordinated Obligation**” means any obligation which is Subordinated to any unsubordinated Borrowed Money obligation of the relevant Reference Entity or which would be so Subordinated if any unsubordinated Borrowed Money obligation of that Reference Entity existed.

“**Substitute Reference Obligation**” means, with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the obligation that will replace the Non-Standard Reference Obligation, determined by the Calculation Agent as follows:

- (i) The Calculation Agent shall identify the Substitute Reference Obligation in accordance with paragraphs (iii), (iv) and (v) below to replace the Non-Standard Reference Obligation; provided that the Calculation Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of the determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution.
- (ii) If any of the events set forth under paragraphs (i) or (ii)(2) of the definition of Substitution Event have occurred with respect to the Non-Standard Reference Obligation, the Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the “Not Subordinated” Obligation Characteristic or “Not Subordinated” Deliverable Obligation Characteristic and paragraph (iii)(2)). If the event set forth in paragraph (ii)(1) of the definition of Substitution Event below has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under paragraphs (i) or (ii)(2) of the definition of Substitution Event below occur with respect to such Non-Standard Reference Obligation.
- (iii) The Substitute Reference Obligation shall be an obligation that on the Substitution Date:
 - (1) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (2) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date; and
 - (3) (A) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - (1) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation above; or if no such obligation is available,
 - (2) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation above;
 - (B) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - (1) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,

CREDIT-LINKED NOTES

- (2) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation above; or if no such obligation is available,
 - (3) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - (4) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation above; or
- (C) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:
- (1) is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - (2) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - (3) is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (i) of the definition of Deliverable Obligation above; or if no such obligation is available,
 - (4) is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (i) of the definition of Deliverable Obligation above.
- (iv) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in paragraph (iii) above, the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the Notes as determined by the Calculation Agent. The Calculation Agent will notify the Holders in accordance with General Condition 15 (*Notices*) of the Substitute Reference Obligation as soon as reasonably practicable after it has been identified in accordance with paragraph (iii) above and the Substitute Reference Obligation shall replace the Non-Standard Reference Obligation.
- (v) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to paragraph (i) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (ii) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.
- (vi) For the avoidance of doubt, no Substitute Reference Obligation shall be determined in respect of any Credit Linked Notes that are Reference Obligation Only Notes.

“**Substitution Date**” means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the Issuer of the Substitute Reference Obligation that it has identified in accordance with the definition of Substitute Reference Obligation above.

“**Substitution Event**” means, with respect to the Non-Standard Reference Obligation:

- (i) the Non-Standard Reference Obligation is redeemed in whole; or
- (ii) provided that the Credit Linked Notes to which the Non-Standard Reference Obligation relates are not Reference Obligation Only Notes:
 - (1) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below USD 10,000,000 (or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or
 - (2) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation’s CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event. If an event described in paragraphs (i) or (ii)(1) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraphs (i) or (ii)(1) above as the case may be, on the Trade Date.

“**Substitution Event Date**” means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

“**Succession Date**” means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (a) the date on which a determination pursuant to paragraph (i) of the definition of Successor below would not be affected by any further related successions in respect of such Steps Plan, or (b) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

“**Successor**” means:

- (i) subject to paragraph (ii) below, the entity or entities, if any, determined as follows:
 - (1) subject to paragraph (7), if one entity succeeds, either directly or as a provider of a Relevant Guarantee, to seventy-five per cent. or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor;
 - (2) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor;
 - (3) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the relevant Issue Terms will be adjusted as provided below;

CREDIT-LINKED NOTES

- (4) if one or more entity each succeed, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity, and more than twenty-five per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the relevant Issue Terms will be adjusted as provided below;
 - (5) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (6) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the relevant Issue Terms will be adjusted as provided below); and
 - (7) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the Universal Successor) will be the sole Successor; and
- (ii) An entity may only be a Successor if:
- (1) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after January 1, 2014;
 - (2) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (3) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (i) above, Provided That the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection

by Noteholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (i) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (i)(3), (i)(4) or (i)(6) or (ii) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the relevant Issue Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the relevant Issue Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 15 (*Notices*) stating the adjustment to these Terms and Conditions and/or the relevant Issue Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a “**Joint Potential Successor**”) jointly succeed to a Relevant Obligation (the “**Joint Relevant Obligation**”) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of “Successor”, “succeed” means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the “**Exchange Bonds**” or “**Loans**”) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of “Successor”, “succeeded” and “succession” shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (i) of this definition of “Successor” shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Notwithstanding the provisions above and sub-paragraph (ii) of the definition of “Reference Entity”, where one or more Reference Entities (each an “**Affected Reference Entity**”) and/or the Issuer would, but for this provision, be identified as a Successor to another Reference Entity pursuant to the above provisions and at least one other entity which is not a Reference Entity or the Issuer is also identified as a Successor for the purposes of any succession, each Affected Reference Entity and/or the Issuer, as applicable, shall not be regarded as a “Successor” for the purposes of the Notes. Where pursuant to the provisions above or sub-paragraph (ii) of the definition of “Reference Entity” one or more Reference Entities (each an “**Affected Reference Entity**”) and/or the Issuer are identified as a Successor to another Reference Entity (each a “**Replaced Reference Entity**”) pursuant to the above provisions and no other entities (that are not Reference Entities or the Issuer) are identified as a Successor in respect of the relevant succession the Calculation Agent may make

CREDIT-LINKED NOTES

such adjustments to the Conditions and/or the relevant Issue Terms as it determines to be necessary or desirable to reflect that the Affected Reference Entity(ies) and/or the Issuer are a Successor including, without limitation, (x) applying the provisions of Reference Item Condition 2.9 (*Redemption following a Merger Event*) (if a Merger Event has occurred), and/or (y) allocating the Reference Entity Notional Amount of each Replaced Reference Entity to (i) the relevant Affected Reference Entity(ies) and/or (ii) if the Issuer is a Successor, the remaining Reference Entities, in each case on an equal basis if more than one and so that this will mean increasing each relevant Reference Entity(ies)'s Reference Entity Notional Amount and/or (z) if appropriate reducing that portion of any interest or other amount payable which is referable to the purchase of credit protection purchased by the Issuer under the Notes in respect of each Replaced Reference Entity to account for the fact that such credit protection is no longer available to the Issuer under the Notes, in each case with effect from the relevant date determined by the Calculation Agent to be the relevant Succession Date.

Notwithstanding the above, the Calculation Agent may, acting in a commercially reasonable manner, make such adjustment to the Terms and Conditions and/or the applicable Issue Terms as it shall determine to be necessary or desirable to reflect or account for market practice relating to the definition of "Successor" for credit derivatives transactions and/or the Hedging Arrangements. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the relevant Issue Terms in such a manner as to reflect the adjustment to any credit derivative transaction(s) related to or underlying the Credit Linked Notes incorporating the provisions of the 2014 ISDA Credit Derivatives Definitions and/or to reflect any adjustment to the Hedging Arrangements. Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 15 (*Notices*) stating the adjustment to these Terms and Conditions and/or the relevant Issue Terms.

"Successor Backstop Date" means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

"Successor Notice" means an irrevocable notice from the Calculation Agent to the Issuer that describes a succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to the Reference Entity can be determined.

A Successor Notice must contain a description in reasonable detail of the facts relevant to the determination to be made pursuant to paragraph (i) of the definition of "Successor" above.

"Successor Resolution Request Date" means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to the Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

"Trade Date" means the date specified as such in the relevant Issue Terms.

“**Transaction Auction Settlement Terms**” means the Credit Derivatives Auction Settlement Terms selected by the Calculation Agent in accordance with this provision. In relation to a Credit Event (and as set out in the definition of Credit Derivatives Auction Settlement Terms), ISDA may publish one or more form(s) of Credit Derivatives Auction Settlement Terms on its website at www.isda.org (or any successor website thereto) and may amend such forms from time to time. Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of “Auction”, “Auction Cancellation Date”, “Auction Covered Transaction” and “Auction Final Price Determination Date” in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Credit Linked Notes shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms). The Reference Transaction (as set out in the definition thereof) is a hypothetical credit derivative transaction included in these Reference Item Conditions principally for the purpose of selecting the Credit Derivatives Auction Settlement Terms appropriate to the Credit Linked Notes.

“**Underlying Obligation**” means, with respect to a guarantee, the obligation which is the subject of the guarantee.

“**Underlying Obligor**” means with respect to an Underlying Obligation, the issuer in the case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

“**Unwind Costs**” means the amount specified in the relevant Issue Terms or if “Standard Unwind Costs” are specified in the relevant Issue Terms, an amount determined by the Calculation Agent equal to the aggregate sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption or credit settlement of the Credit Linked Notes and the related termination, settlement or re-establishment of any Hedging Arrangements.

“**Valuation Date**” means if “Single Valuation Date” is specified in the relevant Issue Terms and subject to Reference Item Condition 2.8 (*Settlement Suspension*), (i) the date that is the number of Business Days specified in the relevant Issue Terms (or, if the number of Business Days is not so specified, five Business Days) following the Credit Event Determination Date (or if the Credit Event Determination Date occurs pursuant to paragraph (i)(2) of the definition of “Credit Event Determination Date” above or paragraph (ii)(1) of the definition of “Non-Standard Credit Event Determination Date”, the day on which the DC Credit Event Announcement occurs) (or, if Cash Settlement is applicable pursuant to the Fallback Settlement Method, the date that is the number of Business Days specified in the relevant Issue Terms (or, if the number of Business Days is not so specified, five Business Days) following the Auction Cancellation Date, if any, or the relevant No Auction Announcement Date, if any, as applicable), or (ii) if the Calculation Agent determines appropriate by reference to the Hedging Arrangements, the Valuation Obligation Observation Date and if “Multiple Valuation Dates” is specified in the relevant Issue Terms, each of the following dates:

- (i) subject to Reference Item Condition 2.8 (*Settlement Suspension*), the date that is the number of Business Days specified in the relevant Issue Terms (or, if the number of Business Days is not specified, five Business Days) following (a) the Credit Event Determination Date (or if the Credit Event Determination Date occurs pursuant to paragraph (i) of the definition of “Credit Event Determination Date” above or paragraph (ii)(1) of the definition of “Non-Standard Credit Event Determination Date”, the day on which the DC Credit Event Announcement occurs) (or if Cash Settlement is applicable pursuant to the Fallback Settlement Method, the date that is the number of Business Days specified in the relevant Issue Terms (or, if the number of Business Days is not specified, five Business Days) following the Auction Cancellation Date, if any, or the relevant No Auction Announcement

CREDIT-LINKED NOTES

Date, if any, as applicable) or (b) if the Calculation Agent determines appropriate by reference to the Hedging Arrangements, the Valuation Obligation Observation Date; and

- (ii) each successive date that is the number of Business Days specified in the relevant Issue Terms (or, if the number of Business Days is not so specified, five Business Days) after the date on which the Calculation Agent obtains a Market Value with respect to the immediately preceding Valuation Date.

When “Multiple Valuation Dates” is specified in the relevant Issue Terms, the total number of Valuation Dates shall be equal to the number of Valuation Dates specified in the relevant Issue Terms (or, if the number of Valuation Dates is not so specified, five Valuation Dates).

If neither Single Valuation Date nor Multiple Valuation Dates is specified in the relevant Issue Terms, Single Valuation Date shall apply.

“Valuation Method”:

- (i) The following Valuation Methods may be specified in the relevant Issue Terms with only one Valuation Date:
 - (1) “**Market**” means the Market Value determined by the Calculation Agent with respect to the Valuation Date; or
 - (2) “**Highest**” means the highest Quotation obtained by the Calculation Agent with respect to the Valuation Date.
- (ii) If no such Valuation Method is specified in the relevant Issue Terms, the Valuation Method shall be Highest.
- (iii) The following Valuation Methods may be specified in the relevant Issue Terms with more than one Valuation Date:
 - (1) “**Average Market**” means the unweighted arithmetic mean of the Market Values determined by the Calculation Agent with respect to each Valuation Date; or
 - (2) “**Highest**” means the highest Quotation obtained by the Calculation Agent with respect to any Valuation Date; or
 - (3) “**Average Highest**” means the unweighted arithmetic mean of the highest Quotations obtained by the Calculation Agent with respect to each Valuation Date.
- (iv) If no such Valuation Method is specified in the relevant Issue Terms, the Valuation Method shall be Average Highest.

Notwithstanding paragraphs (i) to (iv) above, if Quotations include Weighted Average Quotations or fewer than two Full Quotations, the Calculation Agent may at its option determine that the Valuation Method shall be Market or Average Market, as the case may be.

Where applicable, the relevant Issue Terms may specify an alternative Valuation Method which shall be applicable in respect of the relevant Credit Linked Notes.

“**Valuation Obligation**” means any Deliverable Obligation as selected by the Calculation Agent in its sole discretion. For the purposes of provisions in relation to Valuation Obligations, references to Deliverable Obligation or, where applicable, Reference Obligation and related terms in the Conditions will be deemed to also refer to Valuation Obligation and related terms where appropriate.

“**Valuation Obligation Observation Date**” means (a) the last day of the longest Valuation Obligation Observation Settlement Period following the VSN Cut-off Date (the “**Scheduled Valuation Obligation Observation Date**”) provided that if a Hedge Disruption Event has occurred and is continuing on the second Business Day immediately preceding the Scheduled Valuation Obligation Observation Date, the Valuation Obligation Observation Date shall be the earlier of (i) the second Business Day following the date on which no Hedge Disruption Event subsists and (ii) the day falling sixty (60) Business Days following the Scheduled Valuation Obligation Observation Date or (b) where Maturity Credit Event Redemption is specified to be applicable in the relevant Issue Terms only: if later, the Maturity Date determined pursuant to these Reference Item Conditions and subject to adjustment, where applicable, pursuant to Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*), 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*) and 2.8 (*Settlement Suspension*).

“**Valuation Obligation Observation Settlement Period**” means, subject to Reference Item Condition 2.8 (*Settlement Suspension*), the number of Business Days specified as such in the relevant Issue Terms or, if a number of Business Days is not so specified, then, with respect to a Valuation Obligation comprising the Valuation Reference Holding, the longest number of Business Days for settlement in accordance with then current market practice of such Valuation Obligation, as determined by the Calculation Agent provided that if the Issuer has notified the Holders in accordance with Reference Item Condition 2.3 (*Cash Settlement*) that it will value an Asset Package in lieu of a Prior Deliverable Obligation or a Package Observable Bond, the Valuation Obligation Observation Settlement Period shall be 35 Business Days.

“**Valuation Reference Holding**” means, in respect of each unit or nominal amount of Credit Linked Notes equal to the Calculation Amount, as applicable, Valuation Obligations, as selected by the Calculation Agent, with:

- (i) in the case of Valuation Obligations that are Borrowed Money, an Outstanding Principal Balance; or
- (ii) in the case of Valuation Obligations that are not Borrowed Money, a Due and Payable Amount,

(or, in the case of either (i) or (ii), the equivalent Currency Amount of any such amount), in an aggregate amount as of the first relevant Valuation Date equal to the Calculation Amount less, if Unwind Costs are specified as applying in the relevant Issue Terms, Valuation Obligations with a market value determined by the Calculation Agent on the Business Day selected by the Calculation Agent falling during the period from and including the Credit Event Determination Date to and including the first Valuation Date equal to a pro rata share of Unwind Costs.

“**Valuation Settlement Amendment Notice**” has the meaning given to that term in Reference Item Condition 2.3 (*Cash Settlement*).

“**Valuation Time**” means the time specified as such in the relevant Issue Terms or, if no time is so specified, 11.00 a.m. in the principal trading market for the Reference Obligation.

“**Voting Shares**” means the shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

“**VSN Cut-off Date**” means subject, where applicable, to Reference Item Condition 2.8 (*Settlement Suspension*), the later of:

- (i) subject to paragraph (ii) below, the later of:

CREDIT-LINKED NOTES

- (1) the thirtieth calendar day after the Credit Event Determination Date; and
 - (2) the tenth calendar day after either the date of the relevant DC Credit Event Announcement or of the relevant DC Credit Event Question Dismissal, if any (or, if the relevant Credit Event is an M(M)R Restructuring, the tenth calendar day after the Non-Standard Exercise Cut-off Date); or
- (ii) if, in accordance with the terms of Reference Item Condition 2.2 (*Auction Settlement*) above, Reference Item Condition 2.3 (*Cash Settlement*) applies as a result of the occurrence of (a) an Auction Cancellation Date or (b) a No Auction Announcement Date where the Issuer has not exercised the Movement Option; and:
- (1) the relevant Credit Event is not an M(M)R Restructuring, the later of:
 - (A) the date determined pursuant to paragraph (i)(1) above; and
 - (B) the thirtieth calendar day after the Auction Cancellation Date or the No Auction Announcement Date, occurring pursuant to paragraphs (i) or (iii)(1) of the definition of No Auction Announcement Date above, as applicable; or
 - (2) the relevant Credit Event is an M(M)R Restructuring either:
 - (A) the later of:
 - (I) the date determined pursuant to paragraph (i)(1) above; and
 - (II) the thirtieth calendar day after:
 - (x) a No Auction Announcement Date occurring pursuant to paragraph (i) of the definition of No Auction Announcement Date above, if any;
 - (y) a No Auction Announcement Date occurring pursuant to paragraph (iii)(1) of the definition of No Auction Announcement Date above, if any; or
 - (z) the Auction Cancellation Date, if any, as applicable; or
 - (B) the later of the Parallel Notice of Physical Settlement Date (or, if more than one Parallel Notice of Physical Settlement Date should occur, the last Parallel Notice of Physical Settlement Date), and the Relevant City Business Day immediately following the Parallel Auction Cancellation Date, if any (or, if more than one should occur, the last Parallel Auction Cancellation Date), as applicable, in circumstances where either:
 - (I) a No Auction Announcement Date occurs pursuant to paragraph (i) of the definition of No Auction Announcement Date above and the Issuer has not exercised the Movement Option; or
 - (II) a No Auction Announcement Date occurs pursuant to paragraph (iii)(2) of the definition of No Auction Announcement Date above and the Issuer has not exercised the Movement Option,

provided that in the case of paragraphs (i) and (ii) above, the relevant Credit Event Resolution Request Date, if any, occurred on or prior to the date described in paragraph (i)(1) above.

“**VSN Effective Date**” means the date on which an effective Calculation Agent Valuation Settlement Notice or Calculation Agent Valuation Settlement Amendment Notice, as the case may be, is delivered to the Issuer.

“**Weighted Average Quotation**” means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Reference Obligation with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount (but, of a size at least equal to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

“**Zero/Set Recovery Notes**” means Notes in respect of which the applicable Settlement Method in the relevant Issue Terms is specified as “Zero/Set Recovery Notes”.

2.11. *Credit Event Notice after Restructuring Credit Event*

If this Reference Item Condition 2.11 is specified as applicable in the relevant Issue Terms, then, notwithstanding anything to the contrary in these Terms and Conditions, upon the occurrence of an M(M)R:

- (i) The Calculation Agent may deliver multiple Credit Event Notices in respect of such M(M)R Restructuring, each such Credit Event Notice setting forth an amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the “**Partial Redemption Amount**”) that may be less than the aggregate Nominal Amount of those Credit Linked Notes outstanding immediately prior to the delivery of such Credit Event Notice. In such circumstances the Terms and Conditions and related provisions shall be deemed to apply to the Partial Redemption Amount only and each such Credit Linked Note shall be redeemed in part (such redeemed part being equal to the Partial Redemption Amount).
- (ii) For the avoidance of doubt (A) the nominal amount of each Credit Linked Note not so redeemed in part shall remain outstanding and interest shall accrue and/or be payable as provided in the Interest Payout Conditions and General Conditions (adjusted in such manner as the Calculation Agent determines to be appropriate), (B) the Terms and Conditions and related provisions shall apply to such nominal amount outstanding of such Credit Linked Note in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable or deliverable to Noteholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to these Terms and Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Reference Item Condition 2.11 and (y) the effective date of such adjustment(s).
- (iii) If the provisions of this Reference Item Condition 2.11 apply in respect of the Credit Linked Notes, on redemption of part of each such Credit Linked Note the relevant Credit Linked Note or, if the Credit Linked Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such part redemption.
- (iv) In addition, in the case of First-to-Default Credit Linked Notes:

CREDIT-LINKED NOTES

Once a Credit Event Determination Date has occurred in respect of the First Reference Entity, where the Credit Event is a Restructuring Credit Event, no further Credit Event Notices may be delivered in respect of any other Reference Entity.

- (v) In addition, in the case of Nth-to-Default Credit Linked Notes:

Once a Credit Event Determination Date has occurred in respect of the Triggering Reference Entity, where the Credit event is a Restructuring Credit Event, no further Credit Event Notices may be delivered in respect of any other Reference Entity.

2.12. *Provisions relating to Multiple Holder Obligation*

If this Reference Item Condition 2.12 is specified as applicable in the relevant Issue Terms, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (i) to (v) of the definition of “**Restructuring**” shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

“**Multiple Holder Obligation**” means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) is (A) a Bond and/or (B) an Obligation with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event.

2.13. *Provisions taken from the ISDA supplement titled “Additional Provisions – Monoline Insurer as Reference Entity (January 2005)”*

If this Reference Item Condition 2.13 is specified as applicable in the relevant Issue Terms, the following provisions will apply:

- (i) *Obligation and Deliverable Obligation.* Paragraph (i) of the definition of “Obligation” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) and paragraph (i) of the definition of “Deliverable Obligation” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) are hereby amended by adding “or Qualifying Policy” after “as provider of a Qualifying Affiliate Guarantee”.
- (ii) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (2) of the definition of “Deliverable Obligation” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
- (A) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms “**obligation**” and “**obligor**” as used in these Reference Item Conditions in respect of such an Insured Instrument shall be construed accordingly;

- (B) references in the definitions of Assignable Loan and Consent Required Loan to the “**guarantor**” and “**guaranteeing**” shall be deemed to include the “**insurer**” and “**insuring**”, respectively;
 - (C) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the relevant Issue Terms;
 - (D) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the relevant Issue Terms and if the benefit of the “Qualifying Policy” is not transferred as part of any transfer of the Insured Instrument, the “Qualifying Policy” must be transferable at least to the same extent as the Insured Instrument; and
 - (E) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “Outstanding Principal Balance” shall mean the outstanding Certificate Balance and “maturity”, as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the “Qualifying Policy” guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (iii) *Deliver.* For the purposes of the definition of “Deliver” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*), “**Deliver**” with respect to an obligation that is a “Qualifying Policy” means to Deliver both the Insured Instrument and the benefit of the “Qualifying Policy” (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related “Qualifying Policy”), and “**Delivery**” and “**Delivered**” will be construed accordingly.
- (iv) *Provisions for Determining a Successor.* The paragraph commencing “For the purposes of this definition of “Successor”...” in the definition of “Successor” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) is hereby amended by adding “or insurer” after “or guarantor”.
- (v) Restructuring
- (A) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of “Restructuring” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) are hereby amended to read as follows:
 - “(i) a reduction in the rate or amount of the Instrument Payments in paragraph (A)(x) of the definition thereof that are guaranteed or insured by the “Qualifying Policy”;
 - (ii) a reduction in the amount of the Instrument Payments described in paragraph (A)(y) of the definition thereof that are guaranteed or insured by the “Qualifying Policy”;
 - (iii) a postponement or other deferral of a date or dates for either (x) the payment or accrual of the Instrument Payments described in paragraph (A)(x) of the definition thereof or (y) the payment of the Instrument Payments described in

CREDIT-LINKED NOTES

paragraph (A)(y) of the definition thereof, in each case that are guaranteed or insured by the “Qualifying Policy”;

(iv) a change in the ranking in priority of payment of (x) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (y) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or

(v) any change in the currency or composition of any payment of Instrument Payments that are guaranteed or insured by the “Qualifying Policy” to any currency (other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro as a whole).”

(B) Paragraph (iii) of the definition of “Restructuring” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) is hereby amended by adding “or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the “Qualifying Policy” continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the “Qualifying Policy” guaranteed or insured that such Instrument Payments would be made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the “Qualifying Policy” after “Reference Entity”.

(C) The definition of “Restructuring” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

“For purposes of this definition of “Restructuring” in and if Reference Item Condition 2.12 (*Provisions relating to Multiple Holder Obligation*) is specified as applying in the relevant Issue Terms, for the purposes of the Reference Item Conditions the term “Obligation” shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in this definition of “Restructuring” shall be deemed to refer to the Insured Obligor and the references to the Reference Entity in paragraphs (i) to (iii) inclusive in this definition of “Restructuring” shall continue to refer to the Reference Entity.”

(vi) *Fully Transferable Obligation and Conditionally Transferable Obligation.* In the event that M(M)R Restructuring is applicable and a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition. References in the definition of “Conditionally Transferable Obligation” to the “guarantor” and “guaranteeing” shall be deemed to include “the “insurer” and “insuring” respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term “final maturity date”, as such term is used in the definition of “Restructuring Maturity Limitation Date”, shall mean the specified date by which the “Qualifying Policy” guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

- (vii) *Other Provisions.* For purposes of paragraph (i) of the definition of “Deliverable Obligation” and the definitions of “Credit Event” and “Deliver” in Reference Item Condition 2.10 references to the “Underlying Obligation” and the “Underlying Obligor” shall be deemed to include “Insured Instruments” and the “Insured Obligor”, respectively.
- (viii) *Additional Definitions.*
- (A) “**Qualifying Policy**” means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this Reference Item Condition 2.13) (the “**Insured Instrument**”) for which another party (including a special purpose entity or trust) is the obligor (the “**Insured Obligor**”). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).
- (B) “**Instrument Payments**” means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the “Qualifying Policy”).
- (C) “**Certificate Balance**” means, in the case of an Insured Instrument that is in the form of a pass through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

2.14. *Calculation Agent Notices*

Any notice to be delivered by the Calculation Agent to the Issuer pursuant to these Reference Item Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.

For the purposes of determining the day on which an event occurs for purposes of these Reference Item Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to

CREDIT-LINKED NOTES

have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

2.15. *Provisions taken from the ISDA supplement titled “Additional Provisions for LPN Reference Entities” (published on 3rd October, 2006)*

- (i) If this Reference Item Condition 2.15 is specified as applicable in the relevant Issue Terms, notwithstanding anything to the contrary in the Reference Item Conditions, the following provisions will apply: provisions relating to Multiple Holder Obligation will be deemed to be Not Applicable with respect to any Reference Obligation (and any Underlying Loan);
- (ii) each Reference Obligation will be an Obligation, notwithstanding anything to the contrary in the Reference Item Conditions including, but not limited to the definition of “Obligation” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*), and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity;
- (iii) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in the Reference Item Conditions including, but not limited to the definition of “Deliverable Obligation” in Reference Item Condition 2.10 (*Definitions applicable to Credit Linked Notes*) and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation.

The Not Subordinated Obligation Characteristic and Deliverable Obligation Characteristic shall be construed by reference to the Prior Reference Obligation;

- (iv) the definition of Reference Obligation shall be deleted and the following substituted therefor:

“**Reference Obligation**” means, as of the Trade Date, each of the obligations listed as a Reference Obligation of the Reference Entity in the relevant Issue Terms or set forth on the relevant LPN Reference Obligations List (each a “**Markit Published LPN Reference Obligation**”), as published by Markit Group Limited, or any successor thereto, as of the Trade Date, any Additional LPN and each Additional Obligation.”; and

- (v) the following additional definitions shall apply:

“**Additional LPN**” means any bond issued in the form of a loan participation note (a “**LPN**”) by an entity (the “**LPN Issuer**”) for the sole purpose of providing funds for the LPN Issuer to (a) finance a loan to the Reference Entity (the “**Underlying Loan**”) or (b) provide finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument (the “**Underlying Finance Instrument**”), provided that (i) either (x) in the event that there is an Underlying Loan with respect to such LPN the Underlying Loan satisfies the Obligation Characteristics specified in respect of the Reference Entity or (y) in the event that there is an Underlying Finance Instrument with respect to such LPN the Underlying Finance Instrument satisfies the Not Subordinated, Not Domestic Law and Not Domestic Currency Obligation Characteristics (ii) the LPN satisfies the following Deliverable Obligation Characteristics: Transferable, Not Bearer, Credit Linked Specified Currency – Standard Specified Currencies, Not Domestic Law, Not Domestic Issuance; and (iii) the LPN Issuer

has, as of the issue date of such obligation, granted a First Ranking Interest over or in respect of certain of its rights in relation to the relevant Underlying Loan or Underlying Finance Instrument (as applicable) for the benefit of the holders of the LPNs.

“**Additional Obligation**” means each of the obligations listed as an Additional Obligation of the Reference Entity in the relevant Issue Terms or set forth on the relevant LPN Reference Obligations List (each a “**Markit Published LPN Reference Obligation**”), as published by Markit Group Limited, or any successor thereto, as of the Trade Date.

“**First Ranking Interest**” means a charge, security interest (or other type of interest having similar effect) (an “**Interest**”), which is expressed as being “first ranking”, “first priority”, or similar (“**First Ranking**”) in the document creating such Interest (notwithstanding that such Interest may not be First Ranking under any insolvency laws of any related insolvency jurisdiction of the LPN Issuer).

“**LPN Reference Obligation**” means each Reference Obligation other than any Additional Obligation.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the Issuer to finance a loan to the Reference Entity. For the purposes of the Reference Item Conditions each such loan shall be an Underlying Loan.

2.16. *Amendment of Terms and Conditions*

The Calculation Agent may from time to time amend any provision of these Terms and Conditions (i) to incorporate and/or reflect (a) further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or (b) the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees and/or (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect or account for a Hedge Disruption Event. Any amendment made in accordance with this Reference Item Condition 2.16 shall be notified to the Noteholders in accordance with General Condition 15 (*Notices*).

2.17. *Early redemption of Reference Obligation Only Notes following a Substitution Event*

If the Notes are Reference Obligation Only Notes relating to a single Reference Entity and the event set out in paragraph (i) of the definition of “Substitution Event” above occurs with respect to the Reference Obligation, then:

- (i) notwithstanding any provision of the Interest Payout Conditions, no interest shall be paid on any Interest Payment Date following the relevant Substitution Event Date or, if no Interest Payment Date has occurred, no interest will be paid on the Credit-Linked Notes; and
- (ii) each Credit Linked Note will be redeemed by the Issuer at its relevant Reference Obligation Only Termination Amount specified in, or determined in the manner specified in, the relevant Issue Terms in the Specified Currency on the Maturity Date, which for the purposes of this Reference Item Condition 2.17 shall be the day falling five Business Days following the relevant Substitution Event Date.

CREDIT-LINKED NOTES

2.18. *DC Resolution Adjustment Events*

If following the publication of a DC Resolution (the “**Prior DC Resolution**”), a further DC Resolution (the relevant “**Further DC Resolution**”) is published the effect of which would be to reverse all or part of the Prior DC Resolution or if any DC Resolution would reverse any determination made by the Calculation Agent and/or the occurrence of a Credit Event Determination Date, notwithstanding any other provisions of these Reference Item Conditions the Calculation Agent may, in its sole and absolute discretion, make any adjustment(s) that the Calculation Agent determines is necessary or desirable to the General Conditions or these Reference Item Conditions to reflect the publication of such Further DC Resolution or DC Resolution, including, without limitation, as a result of the impact or effect of such Further DC Resolution or DC Resolution on the Issuer’s Hedging Arrangements.

**REFERENCE ITEM SCHEDULE 3
INFLATION-LINKED NOTES**

3. Inflation-Linked Notes

3.1. Applicability

This Reference Item Schedule 3 (*Inflation-Linked Notes*) is applicable only in relation to Notes which are specified to be “Inflation-Linked Interest Notes” and/or “Inflation-Linked Redemption Notes” (each, “**Inflation-Linked Notes**”) in the relevant Issue Terms.

3.2. Adjustments

(i) Delay in Publication

(a) If the Calculation Agent determines, in respect of an Inflation Index and a Payment Date, that the level of such Inflation Index for a Reference Month (a “**Reference Level**”) which is relevant to the calculation of a payment under the Notes in respect of such Payment Date (a “**Relevant Level**”) has not been published or announced by the Relevant Determination Date for such Payment Date, the Calculation Agent shall determine the level of such Inflation Index for such Reference Month (a “**Substitute Inflation Index Level**”) in place of such Relevant Level by using the following methodology:

(A) if applicable, the Calculation Agent will take the same action to determine the Substitute Inflation Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of any relevant Related Bond; or

(B) if there is no Fallback Bond or if (a) above does not result in a Substitute Inflation Index Level for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Inflation Index Level by reference to the following formula:

$$\text{(Substitute Inflation Index Level = Base Level} \times \text{(Latest Level/Reference Level))}$$

or, in respect of Exempt Notes, otherwise in accordance with any formula or provisions specified in the relevant Pricing Supplement.

where:

“**Base Level**” means, in respect of an Inflation Index, the level of such Inflation Index (excluding any “flash” estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Inflation Index Level is being determined.

“**Latest Level**” means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any “flash” estimates) published or announced by the relevant Inflation Index Sponsor prior to the month in respect of which the Substitute Inflation Index Level is being determined.

“**Reference Level**” means, in respect of an Inflation Index, the level of such Inflation Index (excluding any “flash” estimates) published or announced by the

INFLATION-LINKED NOTES

relevant Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in the definition of “Latest Level” above.

The Issuer shall promptly give notice to the Noteholders in accordance with General Condition 15 (*Notices*) of any Substitute Inflation Index Level.

- (b) If a Relevant Level in respect of a Payment Date is published or announced at any time after the Relevant Determination Date for such Payment Date, such Relevant Level will not be used in any calculations. The Substitute Inflation Index Level determined pursuant to Reference Item Condition 3.2(i)(a) (*Delay in Publication*) above will be the definitive level for that Reference Month.

(ii) Cessation of Publication

If the Calculation Agent determines that the level of an Inflation Index has not been published or announced for two consecutive months or such other period as is specified in the relevant Issue Terms (the “Period of Cessation of Publication”) and/or the relevant Inflation Index Sponsor announces that it will no longer continue to publish or announce such Inflation Index then the Calculation Agent shall determine a successor inflation index (a “Successor Inflation Index”) (in lieu of the relevant previously applicable Inflation Index) for the purposes of the Notes by using the following methodology:

- (a) if at any time (other than after an Inflation Index Cancellation) a successor inflation index has been designated in respect of an Inflation Index by the calculation agent pursuant to the terms and conditions of any relevant Related Bond, such successor inflation index shall be designated the “**Successor Inflation Index**” for such Inflation Index for the purposes of all subsequent Payment Dates, notwithstanding that any other Successor Inflation Index may previously have been determined pursuant to sub-paragraphs (b) or (c) below;
- (b) if a Successor Inflation Index is not determined pursuant to paragraph (a) above and no Inflation Index Cancellation has occurred and a notice has been given or an announcement has been made by the relevant Inflation Index Sponsor specifying that such Inflation Index will be superseded by a replacement inflation index specified by the relevant Inflation Index Sponsor and the Calculation Agent determines that such replacement Inflation Index is calculated and announced using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement inflation index shall be the “**Successor Inflation Index**” for such Inflation Index for the purposes of the Notes from the date that such Successor Inflation Index comes into effect; or
- (c) if a Successor Inflation Index is not determined pursuant to paragraphs (a) or (b) above by the Relevant Determination Date in respect of the next succeeding Affected Payment Date, the Calculation Agent will determine an appropriate alternative inflation index for such Affected Payment Date and such inflation index will be deemed to be the “**Successor Inflation Index**” for such Inflation Index.

If a Successor Inflation Index is determined in accordance with the above, the Calculation Agent may make such adjustment(s) to the terms of the Terms and Conditions and/or the relevant Issue Terms as the Calculation Agent determines necessary or appropriate to account for such replacement and determine the effective date(s) of the adjustment(s) to the Notes.

If the Calculation Agent determines that there is no appropriate alternative inflation index, there will be deemed to be no Successor Inflation Index for such Inflation Index (an “Inflation Index Cancellation”) and, on giving notice to Noteholders in accordance with General Condition 15 (*Notices*), the Issuer shall redeem all, but not some only, of the Notes, each nominal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

Notice of the determination of a Successor Inflation Index and the date from which such inflation index becomes the Successor Inflation Index and any relevant adjustment(s) to the terms of the Terms and Conditions and/or the relevant Issue Terms or any Inflation Index Cancellation will be given to Noteholders by the Issuer in accordance with General Condition 15 (*Notices*).

- (iii) Revised Inflation Index Levels and Manifest Error in Publication
 - (a) In relation to an Inflation Index, either (i) the first publication and announcement of a level of such Inflation Index for a Reference Month shall be final and conclusive and later revisions to the level for such Reference Month will not be used in any calculations (“**No Revision**”) or (ii) the first publication or announcement of a level of such Inflation Index, or, if revised, any subsequent revisions of such level for a Reference Month shall be final and conclusive, PROVIDED THAT such revisions are published or announced up to and including the relevant Revision Cut-off Date (“**Revision**”), as specified in the relevant Issue Terms PROVIDED THAT if neither “No Revision” nor “Revision” is specified in the relevant Issue Terms, “No Revision” shall be deemed to apply for such Inflation Index.
 - (b) If, in respect of a Payment Date and a Relevant Level in respect of such Payment Date, the Calculation Agent determines that the relevant Inflation Index Sponsor has corrected such Relevant Level to remedy a manifest error in its original publication, prior to the earlier of thirty days following publication of such Relevant Level and the Manifest Error Cut-off Date for such Payment Date the Calculation Agent may use such corrected Relevant Level to calculate any payments under the Notes in respect of such Payment Date. Corrections published on or after the earlier of thirty days following publication of such Relevant Level and the Manifest Error Cut-off Date for such Payment Date will be disregarded by the Calculation Agent for the purposes of determining any payments under the Notes.
- (iv) Rebasing

If the Calculation Agent determines that an Inflation Index has been or will be rebased at any time, such Inflation Index as so rebased (the “**Rebased Inflation Index**”) will be used for purposes of determining any Relevant Level in respect of such Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make (A) such adjustments as are made by the calculation agent pursuant to the terms and conditions of any relevant Related Bond to the levels of such Rebased Inflation Index so that such Rebased Inflation Index levels reflect the same rate of inflation as the Inflation Index before it was rebased and/or (B) if there is no Related Bond, the Calculation Agent shall make such adjustments to the levels of such Rebased Inflation Index so that such Rebased Inflation Index levels reflect the same rate of inflation as the relevant Inflation Index before it was rebased and, in each case, the Issuer may make such adjustment(s) to the terms of the Terms and Conditions and/or the relevant Issue Terms as the Calculation Agent determines necessary or appropriate to account for such rebasing and determine the effective date of the adjustment(s) to the Notes.

INFLATION-LINKED NOTES

Notice of any adjustment, early redemption or determination pursuant to this Reference Item Condition 3.2(iv) shall be given to Noteholders in accordance with General Condition 15 (*Notices*).

(v) Material Modification Prior to Payment Date

If, on or prior to the Relevant Determination Date in respect of any Payment Date, an Inflation Index Sponsor announces that it will make a material change to an Inflation Index, the Calculation Agent shall (A) make appropriate adjustment(s) to the terms of the Terms and Conditions and/or the relevant Issue Terms, consistent with any adjustments made to any relevant Related Bond as the Calculation Agent determines necessary or appropriate to account for such change to such Inflation Index and determine the effective date(s) of the adjustment(s) to the Notes, or (B) if there is no relevant Related Bond make only those adjustments to the Terms and Conditions and/or the relevant Issue Terms as the Calculation Agent determines necessary for the modified Inflation Index to continue as an Inflation Index.

Notice of any adjustment, early redemption or determination pursuant to this Reference Item Condition 3.2(v) shall be given to Noteholders in accordance with General Condition 15 (*Notices*).

3.3. *Definitions*

“**Affected Payment Date**” means each Payment Date in respect of which an Inflation Index has not been published or announced by the Relevant Determination Date for such Payment Date.

“**End Date**” means, in respect of a Fallback Bond, the date specified for such Fallback Bond in the relevant Issue Terms.

“**Fallback Bond**” means, in respect of an Inflation Index, a bond selected by the Calculation Agent and issued by the government of the country to whose level of inflation the relevant Inflation Index relates and which pays a coupon or redemption amount which is calculated by reference to such Inflation Index, with a maturity date which falls on (a) the same day as the End Date as specified in the relevant Issue Terms, (b) the next longest maturity after the End Date if there is no such bond maturing on the End Date, or (c) the next shortest maturity before the End Date if no bond defined in (a) or (b) is selected by the Calculation Agent. If the relevant Inflation Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).

“**Index Sponsor**” means, in relation to an Inflation Index, the entity that publishes or announces (directly or through an agent) the level of such Inflation Index.

“**Inflation Index**” means the inflation index specified in the relevant Issue Terms or any Successor Inflation Index as nominated pursuant to this Reference Item Schedule 3 (*Inflation-Linked Notes*).

“**Manifest Error Cut-off Date**” means, in respect of a Payment Date, two Business Days prior to such Payment Date, unless otherwise specified in the relevant Issue Terms.

“**Payment Date**” means each date specified as such in the relevant Issue Terms or if none is so specified, each Interest Payment Date (if any) and/or the Maturity Date, as the case may be.

“**Reference Month**” means, in respect of an Inflation Index, the calendar month for which the level of such Inflation Index was reported, regardless of when this information is published or announced. If the period for which the Inflation Index level was reported is a period other than a month, the Reference Month shall be the period for which the Inflation Index level was reported.

“**Reference Price**” means, in relation to an Inflation Index and a Relevant Determination Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Relevant Level}_t}{\text{Relevant Level}_{t-\alpha}}$$

Where:

“**Relevant Level_t**” means, in respect of a Relevant Determination Date, the level of the Inflation Index for the Reference Month falling the Number of Months (*t*) specified in the relevant Issue Terms prior to the month during which such Relevant Determination Date falls; and

“**Relevant Level_{t-α}**” means, in respect of a Relevant Determination Date, the level of the Inflation Index for the Reference Month falling the Number of Months (*t - α*) specified in the relevant Issue Terms prior to the month during which such Relevant Determination Date falls;

“**Related Bond**” means, in respect of an Inflation Index, the bond specified as such in the relevant Issue Terms or, if no bond is so specified, the Fallback Bond. If the relevant Related Bond specified in the relevant Issue Terms is “Fallback Bond”, then, for any Related Bond determination, the Calculation Agent shall use the Fallback Bond. If “Related Bond: Not Applicable” or no Related Bond is specified in the relevant Issue Terms and “Fallback Bond: Not Applicable” is specified in the relevant Issue Terms there will be no Related Bond. If a bond is selected as the Related Bond in the relevant Issue Terms and that bond redeems or matures before the relevant End Date, unless “Fallback Bond: Not Applicable” is specified in the relevant Issue Terms, the Calculation Agent shall use the Fallback Bond for any Related Bond determination.

“**Relevant Determination Date**” means, in respect of a Payment Date, a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be.

“**Revision Cut-off Date**” means, in respect of an Inflation Index and a level of such Inflation Index for a Reference Month, the day that is two Business Days prior to any relevant Payment Date or such other cut-off date as is specified in the relevant Issue Terms.

“**Valuation Date**” means each relevant date specified in the relevant Issue Terms (or, if none are so specified and in respect of a Payment Date, the date falling five Business Days prior to such Payment Date) and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement.

**REFERENCE ITEM SCHEDULE 4
INDEX-LINKED NOTES****4. Index-Linked Notes****4.1. Applicability**

This Reference Item Schedule 4 (*Index-Linked Notes*) is applicable only in relation to Notes which are specified to be “Index-Linked Interest Notes” and/or “Index-Linked Redemption Notes” (each, “**Index-Linked Notes**”) in the relevant Issue Terms.

4.2. Adjustments to an Index

- (i) If an Index is (a) not calculated and announced by or on behalf of the Index Sponsor but is calculated and announced by or on behalf of a successor to the Index Sponsor (a “**Successor Index Sponsor**”) acceptable to the Calculation Agent or (b) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then, in each case, that index (the “**Successor Index**”) will be deemed to be the Index.
- (ii) If (a) on or prior to a Relevant Determination Date the relevant Index Sponsor or (if applicable) the Successor Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating an Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in Component Securities and capitalisation and other routine events) (an “**Index Modification**”) or permanently cancels that Index and no Successor Index exists (an “**Index Cancellation**”), or (b) on any Relevant Determination Date the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce that Index (an “**Index Disruption**” and, together with an Index Modification and an Index Cancellation, each an “**Index Adjustment Event**”), then the Issuer may take the action described in (A) or (B) below:
 - (A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Notes and, if so, to either (A) in relation to any Relevant Determination Date, calculate the relevant level using, in lieu of a published level for that Index, the level for that Index as at the relevant time on that Relevant Determination Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to that change, failure or cancellation but using only those Component Securities that comprised that Index immediately prior to that Index Adjustment Event (other than those Component Securities that have since ceased to be listed on any relevant Exchange) or (B) substitute the Index with a replacement index using, in the determination of the Calculation Agent, the same or a substantially similar method of calculation as used in the calculation of the Index (the “**Substitute Index**”) and the Calculation Agent shall determine the adjustments, if any, to be made to the Terms and Conditions to account for such substitution; or
 - (B) give notice to the Holders in accordance with General Condition 15 (*Notices*) and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

- (iii) If “Correction of Index Levels” is specified as Applicable in the relevant Issue Terms and the official closing level of an Index published on any Relevant Determination Date and which is utilised for any calculation or determination made in respect of the Notes is subsequently corrected and the correction (the “**Corrected Index Level**”) is published by the Index Sponsor or (if applicable) the Successor Index Sponsor prior to the relevant Correction Cut-Off Date specified in the relevant Issue Terms, then such Corrected Index Level shall be deemed to be the relevant level for such Index at the relevant time on such Relevant Determination Date and the Calculation Agent shall use such Corrected Index Level in determining the relevant amount payable in respect of the Notes.
- (iv) Upon the occurrence of an Index Adjustment Event, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 15 (*Notices*) giving details of the action proposed to be taken in relation thereto. Without limiting the obligation of the Issuer to give notice to the Holders as set forth in the preceding sentence, failure by the Issuer to notify the Holders of the occurrence of an Index Adjustment Event shall not affect the validity of the occurrence and effect of such Index Adjustment Event.

4.3. *Additional provisions relating to Commodity Indices*

If, in the case of Exempt Notes, an Index is specified in the relevant Pricing Supplement to be a “Commodity Index”, additional provisions relating thereto may be set out in the relevant Pricing Supplement.

4.4. *Definitions*

The following expressions have the following meanings in the context of Index-Linked Notes only:

“**Bermudan Observation Price**” means, in relation to an Index and a Bermudan Observation Date, the Reference Price for such Index on such Bermudan Observation Date;

“**Component Security**” means, in relation to an Index, each security, commodity, futures contract or other security or asset comprising such Index;

“**Disrupted Day**” means, in relation to an Index:

- (i) where such Index is not specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, any Scheduled Trading Day for such Index on which a relevant Exchange or any Related Exchange for such Index fails to open for trading during its regular trading session or on which a Market Disruption Event in respect of such Index has occurred; or
- (ii) where such Index is specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, any Scheduled Trading Day for such Index on which (a) the relevant Index Sponsor fails to publish the level of such Index, (b) any Related Exchange for such Index fails to open for trading during its regular trading session or (c) a Market Disruption Event in respect of such Index has occurred.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) of the occurrence of a Disrupted Day on any Relevant Determination Date that, but for the occurrence of a Disrupted Day, would have been a Relevant Determination Date. Without limiting the obligation of the Calculation Agent to give notice to the Holders as set forth in the preceding sentence, failure by the Calculation Agent to notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence and effect of such Disrupted Day;

INDEX-LINKED NOTES

“**Exchange**” means, in relation to an Index:

- (i) where such Index is not specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, each exchange or quotation system specified as such for such Index in the relevant Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Component Securities comprising such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the Component Securities comprising such Index on such temporary substitute exchange or quotation system as on the original Exchange); or
- (ii) where such Index is specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, in relation to each Component Security of that Index, the principal stock exchange on which such Component Security is principally traded, as determined by the Calculation Agent. Where “**Principal Exchanges**” is specified as the Exchange for a Designated Multi-Exchange Index in the relevant Issue Terms, this sub-paragraph (ii) shall be deemed to apply;

“**Exchange Business Day**” means, in relation to an Index:

- (i) where such Index is not specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, any Scheduled Trading Day for such Index on which each Exchange and each Related Exchange for such Index are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time; or
- (ii) where such Index is specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, any Scheduled Trading Day for such Index on which (a) the relevant Index Sponsor publishes the level of such Index and (b) each Related Exchange for such Index for such Index is open for trading during its regular trading session, notwithstanding any such Related Exchange closing prior to its Scheduled Closing Time;

“**Indices**” and “**Index**” mean, subject to adjustment in accordance with Reference Item Condition 4.2 (*Adjustments to an Index*), the indices or index specified in the relevant Issue Terms and related expressions shall be construed accordingly;

“**Index Sponsor**” means, in relation to an Index, the corporation or other entity that (i) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to such Index and (ii) announces (directly or through an agent) the level of such Index on a regular basis during each Scheduled Trading Day for such Index;

“**Market Disruption Event**” means:

- (i) in relation to an Index other than a Designated Multi-Exchange Index:
 - (a) the occurrence or existence at any time during the one-hour period that ends at the relevant Valuation Time of:
 - (A) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise;
 - (x) on any relevant Exchange(s) relating to Component Securities that comprise 20 per cent. or more of the level of the relevant Index; or

- (y) in futures or options contracts relating to the relevant Index on any relevant Related Exchange; or
 - (B) any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (x) to effect transactions in, or obtain market values for, on any relevant Exchange(s) Component Securities that comprise 20 per cent. or more of the level of the relevant Index, or (y) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Index on any relevant Related Exchange; or
- (b) the closure on any Exchange Business Day of any relevant Exchange(s) relating to Component Securities that comprise 20 per cent. or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one-hour prior to the earlier of (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day,
 - which in any such case the Calculation Agent determines is material; or
- (ii) in relation to a Designated Multi-Exchange Index and a Component Security included in such Index either:
 - (a) the occurrence or existence, in respect of any Component Security, of:
 - (A) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one-hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
 - (B) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one-hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
 - (C) an Early Closure in respect of such Component Security, which the Calculation Agent determines is material; and
 - the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, comprises 20 per cent. or more of the level of the Index; or
 - (b) the occurrence or existence, in respect of futures or options contracts relating to the Index, of: (A) a Trading Disruption at any time during the one-hour period that ends at the Valuation Time in respect of any Related Exchange, (B) an Exchange Disruption at any time during the one-hour period that ends at the Valuation Time in respect of any Related Exchange or (C) an Early Closure, in each case in respect of such futures or options contracts and which the Calculation Agent determines is material.

INDEX-LINKED NOTES

As used above:

“**Early Closure**” means the closure on any Exchange Business Day of the Exchange in respect of any Component Security or any Related Exchange prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange, as the case may be, at least one-hour prior to the earlier of: (i) the actual closing time for the regular trading session on such Exchange or Related Exchange, as the case may be, on such Exchange Business Day; and (ii) the submission deadline for orders to be entered into the relevant Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day;

“**Exchange Disruption**” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for: (i) any Component Security on the Exchange in respect of such Component Security; or (ii) futures or options contracts relating to the Index on any Related Exchange; and

“**Trading Disruption**” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange, as the case may be, or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise: (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on any Related Exchange.

For the purposes of determining whether a Market Disruption Event in respect of an Index or a Component Security exists at any time, if a Market Disruption Event occurs in respect of a relevant Component Security at that time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that Component Security and (ii) the overall level of the Index, in each case either (a) except where the Index is a Designated Multi-Exchange Index, immediately before the occurrence of such Market Disruption Event or (b) where the Index is a Designated Multi-Exchange Index, using the official opening weightings as published by the Index Sponsor as part of the market “opening data”.

In determining what is “material”, the Calculation Agent shall have regard to such circumstances as it deems appropriate, which may include (but are not limited to) the Issuer’s hedging arrangements in respect of the Notes.

“**Observation Date**” means, in relation to an Index and an Observation Period, each Scheduled Trading Day for such Index during such Observation Period;

“**Observation Period**” means each relevant period specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Observation Price**” means, (1) where the Notes relate to a single Index or for the purposes of determining the Nth Performing Reference Item and in relation to an Index, an Observation Period and each Observation Date for such Index during such Observation Period, the level of such Index at any time during continuous trading hours on (i) in relation to an Index other than a Designated Multi-Exchange Index, the Exchange for such Index or (ii) in relation to a Designated Multi-Exchange Index, the Related Exchange for such Index on each Observation Date during such Observation Period during which no event giving rise to a Disrupted Day in respect of such Index has occurred or is occurring or, (2) where the Notes relate to a Basket of Indices and in respect of an Index, an Observation Period and each Relevant Observation Date during such Observation Period,

the level of such Index at any time during continuous trading hours on (i) in relation to an Index other than a Designated Multi-Exchange Index, the Exchange for such Index or (ii) in relation to a Designated Multi-Exchange Index, the Related Exchange for such Index. For these purposes “**Relevant Observation Date**” means a day that is an Observation Date for all Indices in the Basket and on which no event giving rise to a Disrupted Day in relation to any Index has occurred or is occurring at any time on such day.

If one or more event(s) giving rise to a Disrupted Day in respect of an Index have occurred and/or occur during the entire Observation Period, the Observation Price for the entire Observation Period shall be as determined by the Calculation Agent in its discretion, having regard to the then prevailing market conditions, the last reported level of any relevant Index prior to the occurrence of the event(s) giving rise to a Disrupted Day and such other factors as the Calculation Agent considers relevant;

“**Reference Price**” means, in relation to an Index and a Valuation Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, an amount equal to the official closing level of such Index as determined by the Calculation Agent (or, if a Valuation Time other than the Scheduled Closing Time is specified in the relevant Issue Terms, the level of such Index determined by the Calculation Agent at such Valuation Time) on that Valuation Date (as defined below);

“**Related Exchange**” means, in relation to an Index, each exchange or quotation system specified as such for such Index in the relevant Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where “All Exchanges” is specified as the Related Exchange in the relevant Issue Terms, “Related Exchange” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index;

“**Relevant Determination Date**” means an Observation Date, a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be;

“**Scheduled Closing Time**” means, in relation to an Index and an Exchange or Related Exchange and a Scheduled Trading Day for such Index, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours;

“**Scheduled Trading Day**” means, in relation to an Index:

- (i) where such Index is not specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, any day on which each Exchange and each Related Exchange for such Index are scheduled to be open for trading for their respective regular trading sessions; or
- (ii) where such Index is specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, (a) any day on which the relevant Index Sponsor is scheduled to publish the level of such Index and (b) each Related Exchange for such Index is scheduled to be open for trading for its regular trading session;

“**Scheduled Valuation Date**” means, in relation to a Valuation Date, the original date that, but for the occurrence of an event causing a Disrupted Day, would have been that Valuation Date;

INDEX-LINKED NOTES

“**Trade Date**” means the date specified as such in the relevant Issue Terms;

“**Valid Date**” means, in relation to an Index, a Scheduled Trading Day for such Index that is not a Disrupted Day in relation to such Index and on which another Valuation Date does not or is not deemed to occur;

“**Valuation Date**” means each relevant date specified in the relevant Final Terms and designated as such in this Reference Item Schedule 4 (*Index-Linked Notes*), the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement or, if any such date is not a Scheduled Trading Day for all of the Indices, the next following Scheduled Trading Day for all of the Indices unless, in the opinion of the Calculation Agent, such day is a Disrupted Day in relation to any of the Indices. If such day is a Disrupted Day in relation to any of the Indices then:

- (i) if “**Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms or if none of “Postponement”, “Modified Postponement” or “Omission” is so specified:
 - (A) where the Notes are specified in the relevant Issue Terms to relate to a single Index, that Valuation Date shall be the first succeeding Scheduled Trading Day for the Index that is not a Disrupted Day, unless each of the eight Scheduled Trading Days for the Index immediately following the relevant Scheduled Valuation Date is a Disrupted Day. In that case (x) that eighth Scheduled Trading Day for the Index shall be deemed to be that Valuation Date notwithstanding the fact that such day is a Disrupted Day and (y) the Calculation Agent shall determine the Reference Price by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each Component Security comprised in the Index (or if an event giving rise to a Disrupted Day has occurred in respect of the relevant Component Security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant Component Security as of the Valuation Time on that eighth Scheduled Trading Day); or
 - (B) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Indices, that Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the relevant Scheduled Valuation Date and that Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an “**Affected Index**”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the eight Scheduled Trading Days for the Affected Index immediately following the relevant Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, (x) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (y) the Calculation Agent shall determine the Reference Price for the Affected Index by determining the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each Component Security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant Component Security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant Component Security as of the Valuation Time on that eighth Scheduled Trading Day); or

- (ii) if “**Modified Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms:
- (A) where the Notes relate to a single Index, that Valuation Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date (irrespective of whether the eighth Scheduled Trading Day is already a Valuation Date), and (B) the Calculation Agent shall determine the relevant level for that Valuation Date in accordance with sub-paragraph (i)(A)(y) above; and
- (B) where the Notes relate to a Basket of Indices, that Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the relevant Scheduled Valuation Date and that Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an “**Affected Index**”) shall be the first succeeding Valid Date in relation to the Affected Index. If the first succeeding Valid Date in relation to the Affected Index has not occurred as of the Valuation Time on the eighth Scheduled Trading Day for the Affected Index immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date (irrespective of whether that eighth Scheduled Trading Day is already a Valuation Date) in relation to such Affected Index, and (B) the Calculation Agent shall determine the relevant level for such Valuation Date in accordance with sub-paragraph (i)(B)(y) above; or
- (iii) if “**Omission**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms, then such date will be deemed not to be a relevant Valuation Date for the purposes of the relevant determination provided that, if through the operation of this provision there would not be a relevant Valuation Date for the relevant determination, then the provisions of paragraph (i) above will apply for the purposes of determining the relevant level in respect of the final Scheduled Valuation Date for the relevant determination, as if such Valuation Date were a Valuation Date that was a Disrupted Day for any of the Indices;

“**Valuation Period**” means each relevant period specified in the relevant Issue Terms and/or designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Valuation Period Date**” means, in respect of a Valuation Period, each of the dates specified in the relevant Issue Terms falling during such Valuation Period or, if no such dates are so specified:

- (i) where the Notes are specified in the relevant Issue Terms to relate to a single Index, each Scheduled Trading Day falling during such Valuation Period; and
- (ii) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Indices, each day which is a Scheduled Trading Day for all the Indices falling during such Valuation Period,

in each case, each such date being a “Valuation Date”; and

“**Valuation Time**” means, in relation to an Index and:

- (i) any Reference Price:

INDEX-LINKED NOTES

- (A) where such Index is not specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, the time specified as such in the relevant Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the Exchange for such Index on the relevant Valuation Date. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or
 - (B) where the Index is specified in the relevant Issue Terms as being a Designated Multi-Exchange Index, the Valuation Time specified in the relevant Issue Terms or, if no Valuation Time is specified, (a) for the purposes of determining whether a Market Disruption Event in respect of such Index has occurred: (A) in respect of a Component Security, the Scheduled Closing Time on the relevant Exchange and (B) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (b) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor;
- (ii) any Observation Price, the relevant time at which the level of such Index is being determined.

REFERENCE ITEM SCHEDULE 5
EQUITY-LINKED NOTES

5. **Equity-Linked Notes**

5.1. *Applicability*

This Reference Item Schedule 5 (*Equity-Linked Notes*) is applicable only in relation to Notes which are specified to be “Equity-Linked Interest Notes” and/or “Equity-Linked Redemption Notes” (each, “**Equity-Linked Notes**”) in the relevant Issue Terms.

5.2. *Potential Adjustment Events, Extraordinary Events, Correction of Underlying Equity Prices and Adjustments for Equity-Linked Notes in respect of Underlying Equities quoted in European Currencies*

- (i) If “Potential Adjustment Events” are specified as Applicable in the relevant Issue Terms, then following the declaration by an Equity Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the Underlying Equities and, if so, will (a) make the corresponding adjustment, if any, to any of the terms of the Terms and Conditions as the Calculation Agent determines appropriate to account for that diluting, concentrative or other effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Underlying Equity) and (b) determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Underlying Equities traded on that options exchange.

Upon making any such adjustment, the Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*), describing the relevant adjustment and giving brief details of the Potential Adjustment Event.

- (ii) If “Extraordinary Events” are specified as Applicable in the relevant Issue Terms and an Extraordinary Event occurs, in each case, in relation to an Underlying Equity, the Issuer may:
- (a) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the terms of the Terms and Conditions to account for the relevant Extraordinary Event and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, (i) in the case of Notes relating to a Basket of Underlying Equities only, the substitution of the Underlying Equity which is the subject of the relevant Extraordinary Event by another underlying equity selected by the Calculation Agent or the removal of such Underlying Equity or (ii) in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Underlying Equities; or
- (b) give notice to the Holders in accordance with General Condition 15 (*Notices*) and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

EQUITY-LINKED NOTES

If the provisions of Reference Item Condition 5.2(ii)(a) apply, the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary Event, made by an options exchange to options on the Underlying Equities traded on that options exchange.

Upon the occurrence (if applicable) of an Extraordinary Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) stating the occurrence of the relevant Extraordinary Event, giving details thereof and the action proposed to be taken in relation thereto.

- (iii) If “Correction of Underlying Equity Prices” is specified as Applicable in the relevant Issue Terms and the price of an Underlying Equity published on a Relevant Determination Date is subsequently corrected and the correction (the “**Corrected Underlying Equity Price**”) is published on the relevant Exchange prior to the relevant Correction Cut-Off Date specified in the relevant Issue Terms, then such Corrected Underlying Equity Price shall be deemed to be the relevant price for such Underlying Equity at the relevant time on that Relevant Determination Date and the Calculation Agent shall use such Corrected Underlying Equity Price in determining the relevant amount payable in respect of the Notes.
- (iv) In respect of Equity-Linked Notes relating to Underlying Equities originally quoted, listed and/or dealt as of the Trade Date in a currency of a Member State of the European Union that has not adopted the single currency in accordance with the Treaty on the functioning of the European Union, as amended, if such Underlying Equities are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange, then the Calculation Agent will adjust any of the terms of the Terms and Conditions as the Calculation Agent determines to be appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for the purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the relevant Valuation Time. No adjustments under this Reference Item Condition 5.2(iv), will affect the currency denomination of any payments in respect of the Notes.

5.3. *Definitions*

The following expressions have the following meanings in the context of Equity-Linked Notes only:

“**Bermudan Observation Price**” means, in relation to an Underlying Equity and a Bermudan Observation Date, the Reference Price for such Underlying Equity on such Bermudan Observation Date;

“**De-Listing**” means, in respect of any relevant Underlying Equities, the Exchange announces that pursuant to the rules of such Exchange, such Underlying Equities cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any Member State of the European Union);

“**Disrupted Day**” means, in relation to an Underlying Equity, any Scheduled Trading Day for such Underlying Equity on which a relevant Exchange or any Related Exchange for such Underlying Equity fails to open for trading during its regular trading session or on which a Market Disruption Event in respect of such Underlying Equity has occurred.

The Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) of the occurrence of a Disrupted Day on any Relevant Determination Date

that, but for the occurrence of a Disrupted Day, would have been a Relevant Determination Date. Without limiting the obligation of the Calculation Agent to give notice to the Holders as set forth in the preceding sentence, failure by the Calculation Agent to notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence and effect of such Disrupted Day;

“**Equity Issuer**” means, in relation to an Underlying Equity, the issuer of such Underlying Equity;

“**Exchange**” means, in relation to an Underlying Equity, each exchange or quotation system specified as such for such Underlying Equity in the relevant Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Underlying Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Underlying Equity on such temporary substitute exchange or quotation system as on the original Exchange);

“**Exchange Business Day**” means, in relation to an Underlying Equity, any Scheduled Trading Day for such Underlying Equity on which each Exchange and each Related Exchange for such Underlying Equity are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time;

“**Extraordinary Event**” means a De-listing, a Merger Event, a Tender Offer, a Nationalisation or an Insolvency and (if applicable) any Additional Extraordinary Events specified in Reference Item Condition 5.4 (*Provisions applicable to Underlying Equities which are specified in the relevant Issue Terms to be ETF Shares*);

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of, or any analogous proceeding affecting, an Equity Issuer (i) all the Underlying Equities of that Equity Issuer are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Underlying Equities of that Equity Issuer become legally prohibited from transferring them;

“**Market Disruption Event**” means, in relation to an Underlying Equity:

- (i) the occurrence or existence at any time during the one-hour period that ends at the relevant Valuation Time of:
 - (a) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:
 - (A) relating to the Underlying Equity on the Exchange; or
 - (B) in futures or options contracts relating to the Underlying Equity on any relevant Related Exchange; or
 - (b) any event (other than an event described in (ii) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, the Underlying Equities on the Exchange, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Underlying Equity on any relevant Related Exchange; or

EQUITY-LINKED NOTES

- (ii) the closure on any Exchange Business Day of any relevant Exchange(s) or Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one-hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or if earlier (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day,

which in any such case the Calculation Agent determines is material.

In determining what is “material”, the Calculation Agent shall have regard to such circumstances as it deems appropriate, which may include (but are not limited to) the Issuer’s hedging arrangements in respect of the Notes.

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent;

“**Merger Event**” means, in respect of any relevant Underlying Equities, any (i) reclassification or change of such Underlying Equities that results in a transfer of, or an irrevocable commitment to transfer, all such Underlying Equities outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of an Equity Issuer with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Equity Issuer is the continuing entity and which does not result in any such reclassification or change of all such Underlying Equities outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Underlying Equities of the Equity Issuer that results in a transfer of or an irrevocable commitment to transfer all such Underlying Equities (other than such Underlying Equities owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Equity Issuer or its subsidiaries with or into another entity in which the Equity Issuer is the continuing entity and which does not result in a reclassification or change of all such Underlying Equities outstanding but results in the outstanding Underlying Equities (other than Underlying Equities owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Underlying Equities immediately following such event, in each case if the Merger Date is on or before the relevant Relevant Determination Date;

“**Nationalisation**” means that all the Underlying Equities or all or substantially all the assets of an Equity Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof;

“**Observation Date**” means, in relation to an Underlying Equity and an Observation Period, each Scheduled Trading Day for such Underlying Equity during such Observation Period;

“**Observation Period**” means each relevant period specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Observation Price**” means, (1) where the Notes relate to a single Underlying Equity or for the purposes of determining the Nth Performing Reference Item and in relation to an Underlying Equity, an Observation Period and each Observation Date for such Underlying Equity during such Observation Period, the price of the Underlying Equity quoted on the relevant Exchange at any time during continuous trading hours on the Exchange for such Underlying Equity on each Observation Date during such Observation Period during which no event giving rise to a Disrupted Day in respect

of such Underlying Equity has occurred or is occurring or, (2) where the Notes relate to a Basket of Underlying Equities and in respect of an Underlying Equity, an Observation Period and each Relevant Observation Date during such Observation Period, the price calculated for such Underlying Equity at any time during continuous trading hours on the Exchange for such Underlying Equity. For these purposes “**Relevant Observation Date**” means a day that is an Observation Date for all Underlying Equities in the Basket and on which no event giving rise to a Disrupted Day in relation to an Underlying Equity has occurred or is occurring at any time on such day.

If one or more event(s) giving rise to a Disrupted Day in respect of an Underlying Equity have occurred and/or occur during the entire Observation Period, the Observation Price for the entire Observation Period shall be as determined by the Calculation Agent in its discretion, having regard to the then prevailing market conditions, the last reported price of any relevant Underlying Equity prior to the occurrence of the event(s) giving rise to a Disrupted Day and such other factors as the Calculation Agent considers relevant;

“**Potential Adjustment Event**” means, in respect of any Underlying Equity and the related Equity Issuer other than an Underlying Equity which is specified in the relevant Issue Terms to be an ETF Share and its related Equity Issuer, any of the following:

- (i) a subdivision, consolidation or reclassification of relevant Underlying Equities (unless resulting in a Merger Event), or a free distribution or dividend of any such Underlying Equities to existing holders by way of bonus, capitalisation or similar issue;
- (ii) a distribution, issue or dividend to existing holders of the relevant Underlying Equities of (a) such Underlying Equities or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer equally or proportionately with such payments to holders of such Underlying Equities or (c) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer as a result of a spin-off or other similar transaction or (d) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- (iii) an extraordinary dividend as determined by the Calculation Agent;
- (iv) a call by an Equity Issuer in respect of relevant Underlying Equities that are not fully paid;
- (v) a repurchase by an Equity Issuer or any of its subsidiaries of relevant Underlying Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of an Equity Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (vii) any other event that has or may have, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Underlying Equities;

EQUITY-LINKED NOTES

“**Reference Price**” means, in relation to an Underlying Equity and a Valuation Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, an amount equal to the official closing price on that Valuation Date (or, if a Valuation Time other than the Scheduled Closing Time is specified in the relevant Issue Terms, the price at such Valuation Time on that Valuation Date) of such Underlying Equity quoted on the relevant Exchange for such Underlying Equity as determined by the Calculation Agent;

“**Related Exchange**” means, in relation to an Underlying Equity, each exchange or quotation system specified as such in relation to such Underlying Equity in the relevant Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Underlying Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Underlying Equity on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where “All Exchanges” is specified as the Related Exchange in the relevant Issue Terms, “Related Exchange” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Underlying Equity;

“**Relevant Determination Date**” means an Observation Date, a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be;

“**Scheduled Closing Time**” means, in relation to an Underlying Equity and an Exchange or Related Exchange and a Scheduled Trading Day for such Underlying Equity, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours;

“**Scheduled Trading Day**” means, in relation to an Underlying Equity, any day on which each Exchange and each Related Exchange for such Underlying Equity are scheduled to be open for trading for their respective regular trading sessions;

“**Scheduled Valuation Date**” means, in relation to a Valuation Date, any original date that, but for the occurrence of an event causing a Disrupted Day, would have been that Valuation Date;

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Equity Issuer, as determined by the Calculation Agent, based upon the making of filings with governmental or self regulatory agencies or such other information as the Calculation Agent deems relevant;

“**Trade Date**” means the date specified as such in the relevant Issue Terms;

“**Underlying Equities**” and “**Underlying Equity**” mean the equity securities or equity security specified as such in the relevant Issue Terms and related expressions shall be construed accordingly;

“**Valid Date**” means, in relation to an Underlying Equity, a Scheduled Trading Day for such Underlying Equity that is not a Disrupted Day in relation to such Underlying Equity and on which another Valuation Date does not or is not deemed to occur;

“**Valuation Date**” means each relevant date specified in the relevant Issue Terms and designated as such in Reference Item Schedule 5 (*Equity-Linked Notes*), the relevant Payout Schedule or, in

respect of Exempt Notes, in the relevant Pricing Supplement or, if any such date is not a Scheduled Trading Day for all the Underlying Equities, the next following Scheduled Trading Day for all the Underlying Equities unless, in the opinion of the Calculation Agent, such day is a Disrupted Day in relation to any of the Underlying Equities. If such day is a Disrupted Day in relation to any of the Underlying Equities:

- (i) if “**Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms or if none of “Postponement”, “Modified Postponement” or “Omission” is so specified:
 - (a) where the Notes are specified in the relevant Issue Terms to relate to a single Underlying Equity, that Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the relevant Scheduled Valuation Date is a Disrupted Day. In that case (x) the eighth Scheduled Trading Day shall be deemed to be that Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (y) the Calculation Agent shall determine the Reference Price using its good faith estimate of the value of the Underlying Equity as of the Valuation Time on that eighth Scheduled Trading Day; or
 - (b) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Underlying Equities, that Valuation Date for each Underlying Equity not affected by the occurrence of a Disrupted Day shall be the relevant Scheduled Valuation Date and that Valuation Date for each Underlying Equity affected (each an “**Affected Equity**”) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day for the Affected Equity that is not a Disrupted Day relating to the Affected Equity unless each of the eight Scheduled Trading Days for the Affected Equity immediately following the relevant Scheduled Valuation Date is a Disrupted Day relating to the Affected Equity. In that case (x) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date for the Affected Equity, notwithstanding the fact that such day is a Disrupted Day, and (y) the Calculation Agent shall determine the Reference Price for the Affected Equity using its good faith estimate of the value for the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day; or
- (ii) if “**Modified Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms:
 - (a) where the Notes relate to a single Underlying Equity, that Valuation Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date (irrespective of whether the eighth Scheduled Trading Day is already a Valuation Date), and (B) the Calculation Agent shall determine the relevant price for that Valuation Date in accordance with subparagraph (i)(a)(y) above; and
 - (b) where the Notes relate to a Basket of Underlying Equities, that Valuation Date for each Underlying Equity not affected by the occurrence of a Disrupted Day shall be the relevant Scheduled Valuation Date and that Valuation Date for each Underlying Equity affected by the occurrence of a Disrupted Day (each an “**Affected Equity**”) shall be the first succeeding Valid Date in relation to the Affected Equity. If the first succeeding Valid Date in relation to the Affected Equity has not occurred as of the

EQUITY-LINKED NOTES

Valuation Time on the eighth Scheduled Trading Day for the Affected Equity immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Scheduled Trading Day shall be deemed to be that Valuation Date (irrespective of whether that eighth Scheduled Trading Day is already an Valuation Date) in relation to such Affected Equity, and (B) the Calculation Agent shall determine the relevant price for such Valuation Date in accordance with sub-paragraph (i)(b)(y) above; or

- (iii) if “**Omission**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms, then such date will be deemed not to be a relevant Valuation Date for the purposes of the relevant determination provided that, if through the operation of this provision there would not be a relevant Valuation Date for the relevant determination, then the provisions of paragraph (i) above will apply for the purposes of determining the relevant price in respect of the final Scheduled Valuation Date for the relevant determination, as if such Valuation Date were a Valuation Date that was a Disrupted Day for any of the Underlying Equities;

“**Valuation Period**” means each relevant period specified in the relevant Issue Terms and/or designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Valuation Period Date**” means, in respect of a Valuation Period, each of the dates specified in the relevant Issue Terms falling during such Valuation Period or, if no such dates are so specified:

- (i) where the Notes are specified in the relevant Issue Terms to relate to a single Underlying Equity, each Scheduled Trading Day falling during such Valuation Period; and
- (ii) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Underlying Equities, each day which is a Scheduled Trading Day for all the Underlying Equities falling during such Valuation Period,

in each case, each such date being a “Valuation Date”; and

“**Valuation Time**” means, in relation to an Underlying Equity and:

- (i) any Reference Price, the time specified as such in the relevant Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange for such Underlying Equity on the Relevant Determination Date. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or
- (ii) any Observation Price, the relevant time at which the price of such Underlying Equity is being determined.

5.4. *Provisions applicable to Underlying Equities which are specified in the relevant Issue Terms to be ETF Shares*

- (i) *Applicability:* This Reference Item Condition 5.4 is applicable only in relation to Underlying Equities which are specified to be “ETF Shares” in the relevant Issue Terms.
- (ii) *Potential Adjustment Event:* The following shall constitute a “**Potential Adjustment Event**” in respect of any ETF Share or any Fund for the purposes of Reference Item Condition 5.2 (*Potential Adjustment Events, Extraordinary Events, Correction of Underlying Equity Prices*)

and Adjustments for Equity-Linked Notes in respect of Underlying Equities quoted in European Currencies) above:

“**Potential Adjustment Event**” means any of the following:

- (i) a subdivision, consolidation or reclassification of relevant ETF Shares or a free distribution or dividend of relevant ETF Shares to existing holders by way of bonus, capitalisation or similar issue; or
- (ii) a distribution, issue or dividend to existing holders of relevant Fund Interests of (A) such ETF Shares; or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of the liquidation of the relevant Fund equally or proportionately with such payments to holders of such ETF Shares; or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the relevant Fund as a result of a spin-off or other similar transaction; or (D) any other type of securities, rights or warrants or other assets, in any case for payment (whether in cash or otherwise) at less than their prevailing market price, as determined by the Calculation Agent; or
- (iii) an extraordinary dividend as determined by the Calculation Agent; or
- (iv) a repurchase by a Fund of relevant ETF Shares, whether the consideration for such repurchase is cash, securities or otherwise other than in respect of a redemption of ETF Shares initiated by an investor in such ETF Shares that is consistent with the relevant Fund Documents; or
- (v) any other event which may have, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant ETF Shares.

A Potential Adjustment Event may be due to, for example but without limitation, the replacement of a portion of any Fund Interest with shares or units of or in relation to a side pocket or a special purpose vehicle to which the relevant Fund has linked or transferred any interest in its portfolio of assets (“**Spin-off Fund Interests**”).

- (iii) *Additional Extraordinary Events*: The following shall constitute “**Additional Extraordinary Events**” in respect of any ETF Share or any Fund for the purposes of the definition of Extraordinary Events set out in Reference Item Condition 5.3 (*Definitions*) above:
 - (A) the implementation of any change to the terms and conditions of the Fund, as detailed in the Fund Documents and as notified in advance by the Fund Administrator to holders of the ETF Shares, which is, in the determination of the Calculation Agent, of a material nature (including, but not limited to, such changes as (i) a change in the risk profile of the Fund; (ii) a change in the voting rights associated with the ETF Shares; (iii) an alteration to the investment objectives of the Fund; or (iv) a change in the currency in which the ETF Shares are denominated so that the price or the net asset value (“**NAV**”) of the ETF Shares is quoted in a different currency from that in which it was quoted on the Trade Date); and/or
 - (B) any breach of the investment objectives of the Fund (as defined in the Fund Documents) if such breach is, in the determination of the Calculation Agent, of a material nature; and/or

EQUITY-LINKED NOTES

- (C) the Fund Administrator fails, for reasons other than of a technical or operational nature, to calculate and make available the relevant NAV within eight Scheduled Trading Days of the date scheduled for its publication; and/or
 - (D) a material limitation is imposed on dealings in any Fund Interests, the Fund's dealing scheduled is changed (including, but not limited to, a change in notice periods for redemptions or imposition of gating provisions), subscription and/or redemption liquidity in any Fund Interest is reduced, there is a material reduction in the assets under management of the Fund since the Trade Date, or any other event occurs, which restricts, in whole or in part (on a temporary or permanent basis) dealings in any nature with respect to a Fund Interest (whether or not the relevant event occurs pursuant to any provisions permitting the Fund to restrict in any way dealings with respect to the relevant Fund Interest); and/or
 - (E) the annualised Volatility of the Fund exceeds the percentage prescribed by any applicable law, regulation or the applicable constitutive documents of the Fund or the applicable Fund Documents during any one-month rolling time period. For the purposes of this sub-paragraph, "**Volatility**" means, in respect of any day and an ETF Share and the related Fund, the annualised standard deviation of the percentage changes in the official closing price of the relevant ETF Share on the relevant Exchange during the one-month period immediately preceding such day, as determined by the Calculation Agent; and/or
 - (F) the compulsory redemption of the ETF Shares by the Fund for any reason at any time after the Trade Date; and/or
 - (G) the Fund is wound up or terminated for any reason at any time after the Trade Date; and/or
 - (H) the Fund is superseded by a successor fund (a "**Successor Fund**") following a merger or similar event unless, in the determination of the Calculation Agent, such Successor Fund (i) has similar investment objectives to those of the Fund, (ii) is incorporated in the same jurisdiction as the Fund and (iii) is managed and administered by one or more individuals who, or corporate entities which, are reputable and experienced in their field and satisfy the compliance, due diligence and other control procedures of the Calculation Agent; and/or
 - (I) the cancellation, suspension or revocation of any registration, licence or approval in respect of the Fund by any relevant authority or body; and/or
 - (J) any other event which, in the determination of the Calculation Agent, has an analogous effect to any of the events specified above.
- (iv) *Additional Definitions:* The following expressions have the following meanings in the context of Underlying Equities which are ETF Shares only:

"**Fund**" means, in relation to an Underlying Equity which is an ETF Share, the Equity Issuer of such ETF Share;

"**Fund Administrator**" means, in relation to an Underlying Equity which is an ETF Share and the related Fund, the fund administrator, manager, trustee or similar person with primary administrative responsibility for such Fund and responsibility for the determination and publication of the relevant NAV specified in the Fund Documents, or any replacement (comprising one or more individuals or corporate entities) which is, reputable and

experienced in its field and satisfies the compliance, due diligence and other control procedures of the Calculation Agent;

“**Fund Custodian**” means, in relation to an Underlying Equity which is an ETF Share and the related Fund, the custodian responsible for the custody of the assets of the Fund specified in the Fund Documents, or any replacement (comprising one or more individuals or corporate entities) which is, reputable and experienced in its field and satisfies the compliance, due diligence and other control procedures of the Calculation Agent;

“**Fund Documents**” means, in relation to an Underlying Equity which is an ETF Share and the related Fund, the current prospectus, documents of such Fund in respect of such ETF Share as amended or supplemented from time to time, as published or made available by the Fund Administrator;

“**Fund Executive Committee**” means, in relation to an Underlying Equity which is an ETF Share and the related Fund, the group of individuals which is responsible for overseeing the activities of such Fund specified in the Fund Documents, or any replacement (comprising one or more individuals) who is, reputable and experienced in their field and satisfies the compliance, due diligence and other control procedures of the Calculation Agent; and

“**Fund Investment Manager**” means, in relation to an Underlying Equity which is an ETF Share and the related Fund, the entity responsible for providing investment management advice to the Fund and/or the Fund Administrator and/or the Fund Executive Committee specified in the Fund Documents, or any replacement (comprising one or more individuals or corporate entities) which is, reputable and experienced in its field and satisfies the compliance, due diligence and other control procedures of the Calculation Agent.

**REFERENCE ITEM SCHEDULE 6
FUND-LINKED NOTES**

6. Fund-Linked Notes

6.1. Applicability:

This Reference Item Schedule 6 (*Fund-Linked Notes*) is applicable only in relation to Notes which are specified to be “Fund-Linked Interest Notes” and/or “Fund-Linked Redemption Notes” (each, “**Fund-Linked Notes**”) in the relevant Issue Terms.

6.2. Potential Adjustment Events, Extraordinary Events and Correction of NAV

- (i) If “Potential Adjustment Events” are specified as Applicable in the relevant Issue Terms, then following any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the relevant Fund Interest and, if so, will (a) make the corresponding adjustment, if any, to any of the terms of the Terms and Conditions as the Calculation Agent determines appropriate to account for that diluting, concentrative or other effect and (b) determine the effective date of that adjustment.

Upon making any such adjustment, the Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*), describing the relevant adjustment and giving brief details of the Potential Adjustment Event.

- (ii) If “Extraordinary Events” are specified as Applicable in the relevant Issue Terms and an Extraordinary Event occurs, in each case, in relation to a Fund Interest, the Issuer may:
- (a) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the terms of the Terms and Conditions to account for the relevant Extraordinary Event and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, (i) in the case of Notes relating to a Basket of Fund Interests only, the substitution of the Fund Interest which is the subject of the relevant Extraordinary Event by another fund interest selected by the Calculation Agent or the removal of such Fund Interest or (ii) a “monetisation” (as described below); or
- (b) give notice to the Holders in accordance with General Condition 15 (*Notices*) and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

Upon the occurrence (if applicable) of an Extraordinary Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) stating the occurrence of the relevant Extraordinary Event, giving details thereof and the action proposed to be taken in relation thereto.

- (iii) If the Calculation Agent determines the appropriate adjustment pursuant to Reference Item Condition 6.2(ii) (*Potential Adjustment Events, Extraordinary Events and Correction of NAV*) is “monetisation”, the Calculation Agent shall:
- (A) determine the value of the Fund Interest(s) to which each Calculation Amount of the Notes relate (which the Calculation Agent may determine by reference to the

realisation or redemption value of such Fund Interests which the Calculation Agent determines could be realised by a Hypothetical Investor following an election to redeem such Fund Interest(s), less a *pro rata* share of all unwind costs, taxes and expenses incurred by such Hypothetical Investor in such realisation or redemption and/or, where any such realisation or redemption value would include or comprise non-monetary assets, such value may include a *pro rata* share of the amount (if any and which may be zero) which the Calculation Agent determines would be received by the Hypothetical Investor in respect of a realisation or redemption (in whatsoever manner the Calculation Agent determines appropriate) of such non-monetary assets within a commercially reasonable time-frame) (the “**Removal Value**”); and

- (B) either:
- (a) (i) on the Removal Date, replace the Fund Interest the subject of the Extraordinary Event with a replacement fund interest (a “**Successor Fund Interest**”) in a successor fund having similar characteristics, investment objectives and policies to the Fund immediately prior to the relevant Extraordinary Event (a “**Successor Fund**”) where the value of the Successor Fund Interests plus any related hedging adjustment costs in respect of the Calculation Amount is, as near as reasonably practicable, equal to the Removal Value and (ii) determine the appropriate adjustments, if any, to be made to any of the terms of the Terms and Conditions to account for the relevant replacement; or
 - (b) if no such Successor Fund can be reasonably determined, a *pro rata* portion of the Removal Value relating to one Fund Interest shall be deemed to be the Reference Price (“**NAV**”) for the Fund Interest on the Removal Date and the Reference Price for such Fund Interest for any Fund Business Day (*t*) following the Removal Date shall be determined by the Calculation Agent by reference to the following formula:

$$\mathbf{NAV}_t = (\mathbf{NAV}_{t-1} \times \left[\mathbf{1 + Interest Rate} \times \frac{\mathbf{Days}}{\mathbf{360}} \right])$$

Where:

“**Interest Rate**” means the interest rate (expressed as a rate per annum on the basis relevant to the Fund Currency’s interest rate market) at which deposits are bid in the Fund Currency for a tenor approximately equal to the period from (and including) the immediately preceding Fund Business Day (*t-1*) (or, initially the Removal Date) to (but excluding) the relevant Fund Business Day (*t*), except in the case of the Fund Business Day immediately following the Removal Date when it is equal to the period from (and including) the Removal Date to (but excluding) such Fund Business Day. If such deposit rate is not available, the Calculation Agent shall determine an appropriate rate by reference to such sources as it deems appropriate.

“**Days**” means the number of calendar days from (and including) the immediately preceding Fund Business Day (*t-1*) to (but excluding) the relevant Fund Business Day (*t*), except in the case of the Fund Business Day immediately following the Removal Date when it is equal to the period from

FUND-LINKED NOTES

(and including) the Removal Date to (but excluding) such Fund Business Day.

“**Removal Date**” means the latest of (1) the day immediately following the day on which the Removal Value is determined, (2) two Fund Business Days following the date on which the Successor Fund has been determined by the Calculation Agent and (3) the Business Day following the date on which the Calculation Agent determines that it is unable to identify a Successor Fund. The Removal Date may occur at a significant period following the relevant Fund Event.

6.3. If “Correction of NAV” is specified as applicable in the relevant Issue Terms and the price published or redemption proceeds due by or on behalf of a Fund with respect to any Fund Interest and which is utilised for any calculation or determination in respect of the Notes is subsequently corrected and the correction (the “**Corrected NAV**”) is published prior to the relevant Correction Cut-Off Date specified in the relevant Issue Terms, then the Calculation Agent may at its option but does not have to deem such Corrected NAV to be the relevant value for such Fund Interest for the relevant date and the Calculation Agent shall use such Corrected NAV in determining the relevant amount payable in respect of the Notes.

6.4. *Consequences of Disrupted Days*

If any Valuation Date or Observation Date is a Disrupted Day, then:

- (a) in the case of Fund-Linked Notes relating to a single Fund Interest, the Valuation Date or Observation Date shall be the next succeeding day that is not a Disrupted Day, unless no day that is not a Disrupted Day has occurred prior to the last day of the Cut-off Period starting on the Scheduled Valuation Date. In that case, (i) the last day of such Cut-off Period shall be deemed to be the Valuation Date or Observation Date notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for that Fund Interest as of the Valuation Time on that deemed Valuation Date or Observation Date; and
- (b) in the case of Fund-Linked Notes relating to a basket of Fund Interests, to the extent it relates to any Fund Interest to which Reported Value Method or Deemed Payout Method is applicable, the Valuation Date or Observation Date for each Fund Interest not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date or Observation Date for each Fund Interest affected by the occurrence of a Disrupted Day shall be first succeeding day that is not a Disrupted Day relating to that Fund Interest, unless no day that is not a Disrupted Day has occurred prior to the last day of the Cut-off Period starting on the Scheduled Valuation Date. In that case, (i) the last day of such Cut-off Period shall be deemed to be the Valuation Date or Observation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for that Fund Interest as of the Valuation Time on that deemed Valuation Date or Observation Date.

6.5. *Definitions*

The following expressions have the following meanings in the context of Fund-Linked Notes only:

“**Bermudan Observation Price**” means, in relation to a Fund Interest and a Bermudan Observation Date, the Reference Price for such Fund Interest in respect of such Bermudan Observation Date;

“**Cut-off Period**” means, with respect to any date, the period specified as such in the relevant Issue Terms, or if no such period is specified, a period of one calendar year ending on the first anniversary of such date; provided that if a “Final Cut-off Date” is specified in the relevant Issue Terms, then any Cut-off Period that would otherwise end after such Final Cut-off Date shall end on such Final Cut-off Date;

“**Deemed Payout Method**” means, in relation to any Fund Interest, a certain valuation method reflected in the operations of the Reference Price and other provisions herein, and which shall be applicable to such Fund Interest if so specified in the relevant Issue Terms;

“**Disrupted Day**” means, with respect to Fund-Linked Notes, any day on which a Fund Disruption Event has occurred or is continuing. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Issuer of the occurrence of a Disrupted Day on any day that, but for the occurrence or continuance of a Disrupted Day, would have been an Observation Date or a Valuation Date;

The Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) of the General Conditions of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Relevant Determination Date. Without limiting the obligation of the Calculation Agent to give notice to the Holders as set forth in the preceding sentence, failure by the Calculation Agent to notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence and effect of such Disrupted Day;

“**Extraordinary Dividend**” means, an amount per relevant Fund Interest Unit or other amount of Fund Interest specified or otherwise determined as provided in the relevant Issue Terms. If no Extraordinary Dividend is specified in or otherwise determined as provided in the relevant Issue Terms, the characterization of a dividend or portion thereof as an Extraordinary Dividend shall be determined by the Calculation Agent;

“**Extraordinary Event**” means, with respect to Fund-Linked Notes, a Nationalization, Insolvency or any applicable Extraordinary Fund Event, as the case may be;

“**Extraordinary Fund Event**” means each of the following events which has been specified in the relevant Issue Terms:

- (a) “**Fund Insolvency Event**” means, in respect of any Fund Interest, that the related Reference Fund or any other entity specified in the relevant Issue Terms as a “Fund Insolvency Entity”
- (i) is dissolved or has a resolution passed for its dissolution, winding-up, official liquidation (other than pursuant to a consolidation, amalgamation or merger);
 - (ii) makes a general assignment or arrangement with or for the benefit of its creditors;
 - (iii) (A) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in clause (A) above and either (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained in each case within fifteen days of the institution or presentation thereof;
 - (iv) seeks or becomes subject to the appointment of an administrator,

FUND-LINKED NOTES

provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (v) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all of its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen days thereafter; or (vi) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (i) through (vi) above;

- (b) “**NAV Trigger Event**” means, in respect of any Fund Interest, that (i) the Reported Fund Interest Value has decreased by an amount equal to, or greater than, the NAV Trigger Percentage(s) during the related NAV Trigger Period, each as specified in the relevant Issue Terms; or (ii) the related Reference Fund has violated any leverage restriction that is applicable to, or affecting, such Reference Fund or its assets by operation of any law, any order or judgment of any court or other agency of government applicable to it or any of its assets, the Fund Documents or any contractual restriction binding on or affecting the Reference Fund or any of its assets;
- (c) “**Adviser Resignation Event**” means, in respect of any Reference Fund, (i) the resignation, termination, or replacement of its Fund Adviser or (ii) the resignation, termination, death or replacement of any key person specified in the relevant Issue Terms;
- (d) “**Fund Modification**” means, any change or modification of the related Fund Documents that could reasonably be expected to affect the value of such Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent) from those prevailing on the date on which any Fund Interest issued by such Reference Fund was first included as a Fund Interest for purposes of the relevant Fund-Linked Notes;
- (e) “**Strategy Breach**” means, any breach or violation of any strategy or investment guidelines stated in the related Fund Documents that is reasonably likely to affect the value of such Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent);
- (f) “**Fund Hedging Disruption**” means, with respect to Fund-Linked Notes, that the Hedging Party is unable, or it is impractical for the Hedging Party, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction or asset it deems necessary or appropriate to hedge the price risk relating to such Fund Interest of entering into and performing its obligations with respect to such Fund-Linked Notes, or (ii) realize, recover or remit the proceeds of any such transaction or asset, including, without limitation, where such inability or impracticability has arisen by reason of (A) any restrictions or increase in charges or fees imposed by the relevant Reference Fund on any investor's ability to redeem such Fund Interest, in whole or in part, or any existing or new investor's ability to make new or additional investments in such Fund Interest, or (B) any mandatory redemption, in whole or in part, of such Fund Interest imposed by the relevant Reference Fund (in each case other than any restriction in existence on the date on which such Fund Interest was first included as a Fund Interest for purposes of such Fund-Linked Notes);
- (g) “**Regulatory Action**” means, with respect to any Fund Interest, (i) cancellation, suspension or revocation of the registration or approval of such Fund Interest or the related Reference Fund by any governmental, legal or regulatory entity with authority over such Fund Interest or Reference Fund, (ii) any change in the legal, tax, accounting, or regulatory treatments of the relevant Reference Fund or its Fund Adviser that is reasonably likely to have an adverse impact on the value of such Fund Interest or on any investor therein (as determined by the

Calculation Agent), or (iii) the related Reference Fund or any of its Fund Administrator or Fund Adviser becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged violation of applicable law for any activities relating to or resulting from the operation of such Reference Fund, Fund Administrator or Fund Adviser;

- (h) “**Reporting Disruption**” means, in respect of any Fund Interest, (i) the occurrence of any event affecting such Fund Interest that, in the determination of the Calculation Agent, would make it impossible or impracticable for the Calculation Agent to determine the value of such Fund Interest, and such event continues for at least the time period specified in the relevant Issue Terms or, if no such time period is specified, the foreseeable future; (ii) any failure of the related Reference Fund to deliver, or cause to be delivered, (A) information that such Reference Fund has agreed to deliver, or cause to be delivered to the Issuer or the Calculation Agent, as applicable, or (B) information that has been previously delivered to the Issuer or the Calculation Agent, as applicable, in accordance with such Reference Fund's, or its authorized representative's, normal practice and that the Issuer deems necessary for it or the Calculation Agent, as applicable, to monitor such Reference Fund's compliance with any investment guidelines, asset allocation methodologies or any other similar policies relating to such Fund Interests;
- (i) “**Change in Law**” means that, on or after the Trade Date of the Fund-Linked Notes (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines in good faith that (A) it has become illegal to hold, acquire or dispose of Fund Interests relating to such Fund-Linked Notes, or (B) it will incur a materially increased cost in performing its obligations under such Fund-Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);
- (j) “**Increased Cost of Hedging**” means, that the Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk relating to any Fund Interest of entering into and performing its obligations with respect to the relevant Fund-Linked Notes, or (ii) realize, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Hedging Party shall not be deemed an Increased Cost of Hedging; and
- (k) “**Additional Extraordinary Fund Event**” means, any additional event specified as such in the relevant Issue Terms;

“**Final Cut-off Date**” means, the date specified as such in the relevant Issue Terms;

“**Fund**” means, in relation to a Fund Interest, the issuer of, or other legal arrangement giving rise to, such Fund Interest, as specified in the relevant Issue Terms;

“**Fund Administrator**” means, in respect of a Reference Fund, any person specified as such in the relevant Issue Terms or, if no person is so specified, the fund administrator, manager, trustee or similar person with the primary administrative responsibilities for such Reference Fund according to the Fund Documents;

FUND-LINKED NOTES

“**Fund Adviser**” means, in respect of any Reference Fund, any person specified as such in the relevant Issue Terms or, if no person is so specified, any person appointed in the role of discretionary investment manager or non-discretionary investment adviser (including a non-discretionary investment adviser to a discretionary investment manager or to another non-discretionary investment adviser) for such Reference Fund;

“**Fund Business Day**” means, any day specified as such in the relevant Issue Terms or, if no such day is specified, any day the Reference Fund or the primary Fund Administrator acting on behalf of the Reference Fund is open for business;

“**Fund Currency**” means the currency in which redemption proceeds in respect of the relevant Fund Interest are normally paid;

“**Fund Disruption Event**” means, unless otherwise specified in the relevant Issue Terms, in respect of any Fund Interest (i) to which Reported Value Method is applicable, the occurrence or existence of a Fund Valuation Disruption and (ii) to which Deemed Payout Method is applicable, a Fund Settlement Disruption, in each case as determined by the Calculation Agent as of the Valuation Time on the relevant Valuation Date, Observation Date and at such other relevant dates and times as specified herein or in the relevant Issue Terms;

“**Fund Documents**” means, with respect to any Fund Interest, the constitutive and governing documents, subscription agreements and other agreements of the related Reference Fund specifying the terms and conditions relating to such Fund Interest and any Additional Fund Documents, in each case, as amended from time to time. “**Additional Fund Documents**”, if applicable, shall have the meaning specified in the relevant Issue Terms;

“**Fund Interest**” means, in respect of Fund-Linked Notes, an interest issued to or held by an investor in a fund, pooled investment vehicle or any other interest identified as such in the relevant Issue Terms;

“**Fund Interest Unit**” means, with respect to a Fund Interest in a Reference Fund, a share of such Fund Interest or, if Fund Interests in such Reference Fund are not denominated as shares, a notional unit of account of ownership of such Fund Interest in such Reference Fund in the amount specified in the relevant Issue Terms; provided that if no such amount is so specified, then the entire amount of Fund Interest in which the Hypothetical Investor is deemed to invest on the Trade Date shall be a single Fund Interest Unit for purposes of this Reference Item Schedule;

“**Fund Reporting Date**” means, with respect to any Fund Interest and Fund Valuation Date, the date on which the Reported Fund Interest Value of such Fund Interest as determined as of such Fund Valuation Date is reported or published;

“**Fund Service Provider**” means, in respect of any Reference Fund, any person who is appointed to provide services, directly or indirectly, for that Reference Fund, whether or not specified in the Fund Documents, including any Fund Adviser, Fund Administrator, operator, management company, depository, custodian, subcustodian, prime broker, administrator, trustee, registrar and transfer agent, domiciliary agent and any other person specified as such in the relevant Issue Terms;

“**Fund Settlement Disruption**” means, in respect of a Fund Interest and any day, a failure by the Reference Fund to pay the full amount (whether expressed as a percentage or otherwise) of the Redemption Proceeds with respect to the relevant number of Fund Interest Units or amount of such Fund Interest scheduled to have been paid on or by such day according to the Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Reference Fund to delay or refuse redemption of Fund Interests);

“**Fund Valuation Date**” means, with respect to any Fund Interest, a date as of which the related Reference Fund (or its Fund Service Provider that generally determines such value) determines the value of such Fund Interest or, if the related Reference Fund only reports its aggregate net asset value, a date as of which such Reference Fund determines its aggregate net asset value;

“**Fund Valuation Disruption**” means, (i) in respect of a Fund Interest to be valued using the Reported Value Method for which the applicable Reported Value Convention is either Prior Redemption Valuation Date or Following Redemption Valuation Date, the failure of a Scheduled Redemption Valuation Date to be a Redemption Valuation Date or any continued postponement of such Redemption Valuation Date, and (ii) for any other Fund Interest, the failure of a Scheduled Fund Valuation Date to be a Fund Valuation Date or any continued postponement of such Fund Valuation Date;

“**Hedging Party**” means, the Issuer or any entity carrying out hedging activities in relation to the Fund-Linked Notes on behalf of or for the benefit of the Issuer.

“**Hypothetical Investor**” means, unless otherwise specified in the relevant Issue Terms, with respect to any Fund Interest, a hypothetical investor in such Fund Interest located in the Hypothetical Investor Jurisdiction and deemed (a) to have the benefits and obligations, as provided under the Fund Documents, of an investor holding, as of the related Reference Fund Subscription Date, an interest in the relevant Reference Fund in an amount equal to the aggregate number of relevant Fund Interest Units to which the Fund-Linked Notes then in issue relate as determined by the Calculation Agent; (b) in the case of any deemed investment in such Fund Interest, to have submitted, on the relevant Subscription Notice Date, a duly completed notice to the relevant Reference Fund, requesting subscription to the relevant number of Fund Interest Units; and (c) in the case of any deemed redemption of such Fund Interest, to have submitted to the relevant Reference Fund on the relevant Redemption Notice Date, a duly completed notice requesting redemption of the relevant number of Fund Interest Units;

“**Hypothetical Investor Jurisdiction**” shall have the meaning specified in the relevant Issue Terms or, if no jurisdiction is so specified, shall be the same as the jurisdiction of organization or formation, as applicable, of the Hedging Party as determined by the Calculation Agent;

“**Insolvency**” means, that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Reference Fund, (i) all the Fund Interests of that Reference Fund are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Fund Interests of that Reference Fund become legally prohibited from transferring or redeeming them;

“**Nationalization**” means, that all the Fund Interests or all or substantially all the assets of a Reference Fund are nationalized, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof;

“**Observation Date**” means, in relation to a Fund Interest and an Observation Period, each Fund Business Day for such Fund Interest during such Observation Period;

“**Observation Period**” means each relevant period specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Observation Price**” means, (1) where the Notes relate to a single Fund Interest or for the purposes of determining the Nth Performing Reference Item and in relation to a Fund Interest, an Observation Period and each Observation Date for such Fund Interest during such Observation Period, the Reference Price of the Fund Interest determined by the Calculation Agent for each Observation Date

FUND-LINKED NOTES

during such Observation Period for which no event giving rise to a Disrupted Day in respect of such Fund Interest has occurred or is occurring or, (2) where the Notes relate to a Basket of Fund Interests and in respect of a Fund Interest, an Observation Period and each Relevant Observation Date during such Observation Period, the Reference Price of such Fund Interest at any time during continuous trading hours. For these purposes “**Relevant Observation Date**” means a day that is an Observation Date for all Fund Interests in the Basket and on which no event giving rise to a Disrupted Day in relation to any Fund Interest has occurred or is occurring at any time on such day.

If one or more event(s) giving rise to a Disrupted Day in respect of a Fund Interest have occurred and/or occur in respect of each Fund Business Day during the entire Observation Period, the Observation Price for the entire Observation Period shall be as determined by the Calculation Agent in its discretion, having regard to the then prevailing market conditions, the last reported value of any relevant Fund Interest prior to the occurrence of the event(s) giving rise to a Disrupted Day and such other factors as the Calculation Agent considers relevant;

“**Potential Adjustment Event**” means, any of the following:

- (1) a subdivision, consolidation or reclassification of the relevant number of Fund Interest Units or amount of Fund Interest, or a free distribution or dividend of any such Fund Interest to existing holders by way of bonus, capitalization or similar issue;
- (2) a distribution, issue or dividend to existing holders of the relevant Fund Interest of (A) an additional amount of such Fund Interest, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Reference Fund equally or proportionately with such payments to holders of such Fund Interest, or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Reference Fund as a result of a spin-off or other similar transaction, or (D) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- (3) an Extraordinary Dividend;
- (4) a repurchase by the Reference Fund of relevant Fund Interests whether the consideration for such repurchase is cash, securities or otherwise, other than in respect of a redemption of Fund Interests initiated by an investor in such Fund Interests that is consistent with the Fund Documents; or
- (5) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units or amount of Fund Interest.

“**Redemption Notice Date**” means, with respect to any Fund Interest and any Valuation Date or Observation Date, the date specified as such in the relevant Issue Terms, or if no such date is specified, the last date on which a Hypothetical Investor in such Fund Interest would be permitted, pursuant to the Fund Documents of the related Reference Fund, to submit a redemption notice that would be timely for a redemption as of (i) if Reported Value Method is applicable, the Scheduled Redemption Valuation Date occurring on such Valuation Date or Observation Date, as the case may be, or if no Scheduled Redemption Valuation Date is occurring on such Valuation Date or Observation Date, the immediately preceding Scheduled Redemption Valuation Date, or (ii) if Deemed Payout Method is applicable, the Scheduled Redemption Valuation Date for which the Scheduled Redemption Payment Date falls on or immediately prior to such Valuation Date or Observation Date;

“Redemption Payment Date” means, with respect to any Fund Interest and any Scheduled Redemption Valuation Date, each date on which the related Reference Fund actually pays all or the specified portion of the Redemption Proceeds to a Hypothetical Investor that has submitted a timely and valid notice for redemption of such Fund Interest as of such Scheduled Redemption Valuation Date;

“Redemption Proceeds” means, with respect to the relevant number of Fund Interest Units or amount of any Fund Interest, the redemption proceeds, as determined by the Calculation Agent, that would be paid by the related Reference Fund to a Hypothetical Investor who, as of the relevant Redemption Valuation Date, redeems such amount of such Fund Interest; provided that (a) any such proceeds that would be paid in property other than cash shall be valued by the Calculation Agent and (b) if the Hypothetical Investor would be entitled to elect payment of such redemption proceeds to be made either in the form of cash or other property, then the Hypothetical Investor shall be deemed to have elected cash payment, except as otherwise specified in the relevant Issue Terms;

“Redemption Valuation Date” means, with respect to any Fund Interest and any Scheduled Redemption Valuation Date, the date as of which the related Reference Fund (or its Fund Service Provider that generally determines such value) would determine the net asset value of such Fund Interest for purposes of calculating the redemption proceeds to be paid to a Hypothetical Investor that had submitted a valid notice for redemption on or before the related Redemption Notice Date;

“Reference Fund” means, in respect of a Fund Interest, unless otherwise specified in the relevant Issue Terms, the issuer of, or other legal arrangement giving rise to, the relevant Fund Interest;

“Reference Fund Subscription Date” means, the date specified as such in the relevant Issue Terms or, if no such date is specified, with respect to any Fund Interest, the day as of which a request by a Hypothetical Investor for subscription to such Fund Interest that has been submitted on the related Subscription Notice Date and in a form and substance acceptable to the related Reference Fund would be considered effective by the Fund;

“Reference Price” on any day means, in respect of a Fund Interest, the price per related Fund Interest Unit determined by the Calculation Agent either as provided in the relevant Issue Terms as of the Valuation Time on the Valuation Date or Observation Date, as the case may be, or, if no means for determining the Reference Price are so provided, pursuant to the following provisions:

- (a) in respect of any Fund Interest to which Reported Value Method is applicable, the Reference Price shall be the Reported Fund Interest Value per related Fund Interest Unit determined as of the Valuation Date or Observation Date, as the case may be, subject to the applicable Reported Value Convention; provided that if the relevant Issue Terms specifies that the Reported Value Method is subject to Calculation Agent Adjustment, the Calculation Agent shall (i) adjust the Reported Fund Interest Value to reflect, without duplication, the relevant portion per Fund Interest Unit of: (A) such fees and costs as would be charged to the Hypothetical Investor pursuant to the Fund Documents, (B) such other fees as are specified as **“Redemption Fees”** in the relevant Issue Terms and (C) the Redemption Proceeds relating to such Fund Interest Unit, in each case in connection with a deemed redemption as of the Scheduled Redemption Valuation Date relating to such Valuation Date or Observation Date of all Fund Interest Units that are subject to valuation and (ii) if the Calculation Agent determines that no adjustment that it could make under (i) will produce a commercially reasonable result, determine that Deemed Payout Method shall apply; and
- (b) in respect of any Fund Interest to which Deemed Payout Method is applicable, the Reference Price per related Fund Interest Unit in respect of a Valuation Date or Observation Date shall be an amount equal to the Redemption Proceeds relating to such Fund Interest Unit that would be received by the Hypothetical Investor in such Fund Interest in connection with a

FUND-LINKED NOTES

redemption of all Fund Interest Units that are subject to valuation in connection with the Fund-Linked Notes for purposes of the relevant Valuation Date or Observation Date, as the case may be as determined by the Calculation Agent.

“**Relevant Determination Date**” means an Observation Date or a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be;

“**Reported Fund Interest Value**” means, with respect to the relevant number of Fund Interest Units or amount of any Fund Interest and Fund Reporting Date relating to such Fund Interest, the value of such number of Fund Interest Units or amount of such Fund Interest as of the related Fund Valuation Date or, if the related Reference Fund reports only its aggregate net asset value, the portion of such Reference Fund's aggregate net asset value relating to such number of Fund Interest Units or amount of such Fund Interest as of the related Fund Valuation Date, in each case as reported on such Fund Reporting Date by the Fund Service Provider that generally reports such value on behalf of the Reference Fund to its investors or a publishing service;

“**Reported Value Convention**” means, the method for determining the Reported Fund Interest Value with respect to any Fund Interest as of any Valuation Date or Observation Date that is not a Scheduled Fund Valuation Date or Scheduled Redemption Valuation Date, as applicable. The following terms, when used to specify the Reported Value Convention, shall result in the Reported Fund Interest Value to be determined as follows:

- (a) if “**Prior Redemption Valuation Date**” is specified, or if no other Reported Value Convention is specified, the Reported Fund Interest Value shall be determined as of the immediately preceding Scheduled Redemption Valuation Date, subject to the provisions of Reference Item Condition 6.4 (*Consequences of Disrupted Days*);
- (b) if “**Prior Fund Valuation Date**” is specified, the Reported Fund Interest Value shall be determined as of the immediately preceding Scheduled Fund Valuation Date, subject to the provisions of Reference Item Condition 6.4 (*Consequences of Disrupted Days*);
- (c) if “**Last Reported Value**” is specified, the Reported Fund Interest Value shall be the most recently available Reported Fund Interest Value for the relevant number of Fund Interest Units or amount of the relevant Fund Interest;
- (d) if “**Following Fund Valuation Date**” is specified, then such Valuation Date or Observation Date, as applicable, shall be postponed until the next following Scheduled Fund Valuation Date (without prejudice to any further adjustments pursuant to the provisions of Reference Item Condition 6.4 (*Consequences of Disrupted Days*)) and the Reported Fund Interest Value shall be determined as of such Scheduled Fund Valuation Date; and
- (e) if “**Following Redemption Valuation Date**” is specified, then such Valuation Date or Observation Date, as applicable, shall be postponed until the next following Scheduled Redemption Valuation Date (without prejudice to any further adjustments pursuant to the provisions of Reference Item Condition 6.4 (*Consequences of Disrupted Days*)) and the Reported Fund Interest Value shall be determined as of such Scheduled Redemption Valuation Date;

“**Reported Value Method**” means, in relation to any Fund Interest, a certain valuation method reflected in the operations of the Reference Price and other provisions herein, and which shall be applicable to such Fund Interest if so specified in the relevant Issue Terms;

“**Scheduled Fund Valuation Date**” means, with respect to any Fund Interest, a date as of which the related Reference Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to its Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Reference Fund to delay or refuse redemption of Fund Interests), to determine the value of such Fund Interest or, if the related Reference Fund only reports its aggregate net asset value, the date as of which such Reference Fund is scheduled to determine its aggregate net asset value;

“**Scheduled Redemption Payment Date**” means, the date specified as such in the relevant Issue Terms, or if no date is so specified, with respect to any Fund Interest and any Scheduled Redemption Valuation Date, the date by which the related Reference Fund is scheduled to have paid, according to its Fund Documents, all or a specified portion of the redemption proceeds to an investor that has submitted a timely and valid notice requesting redemption of such Fund Interest as of such Scheduled Redemption Valuation Date;

“**Scheduled Redemption Valuation Date**” means, with respect to any Fund Interest, the date as of which the related Reference Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to its Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Reference Fund to delay or refuse redemption of Fund Interests), to determine the net asset value of such Fund Interest for purposes of calculating the redemption proceeds to be paid to an investor that has submitted a valid and timely notice for redemption of Fund Interests based on the value determined as of such date. The Scheduled Redemption Valuation Date relating to any Valuation Date or Observation Date, as the case may be, shall be the date specified as such in the relevant Issue Terms, or if no such date is specified, the Scheduled Redemption Valuation Date occurring (i) if Reported Value Method is applicable, on such Valuation Date or Observation Date, as the case may be, or if no Scheduled Redemption Valuation Date is occurring on such Valuation Date or Observation Date, the immediately preceding Scheduled Redemption Valuation Date, or (ii) if Deemed Payout Method is applicable, the Scheduled Redemption Valuation Date for which the Scheduled Redemption Payment Date falls on or immediately prior to such Valuation Date or Observation Date;

“**Scheduled Valuation Date**” means, any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date or Observation Date;

“**Subscription Notice Date**” means, with respect to any Fund Interest and any Reference Fund Subscription Date, the date specified as such in the relevant Issue Terms or, if no such date is specified, the last date on which a notice to subscribe to such Fund Interest may be submitted pursuant to the Fund Documents of the related Reference Fund and be considered effective as of such Reference Fund Subscription Date. If the relevant Issue Terms do not specify a Subscription Notice Date or a Reference Fund Subscription Date, the Subscription Notice Date shall be deemed to be the Trade Date;

“**Trade Date**” means, in respect of Fund-Linked Notes, the date specified in the relevant Issue Terms;

“**Valuation Date**” means, subject to the provisions of Reference Item Condition 6.4 (*Consequences of Disrupted Days*):

- (a) in respect of any Fund-Linked Notes relating to any Fund Interest to which Reported Value Method is applicable, each date specified as such or otherwise determined as provided in the relevant Issue Terms (or, if such date is not a Fund Business Day, the next following Fund Business Day); and

FUND-LINKED NOTES

- (b) in respect of Fund-Linked Notes relating to any Fund Interest to which Deemed Payout Method is applicable, each date specified as such or otherwise determined as provided in the relevant Issue Terms (or, if such date is not a Business Day, the next following Business Day);

“**Valuation Time**” means, the time on the relevant Valuation Date or Observation Date, as the case may be, specified as such in the relevant Issue Terms or, if no such time is specified, (a) in respect of a Fund Interest to which Reported Value Method is applicable, the time as of which the Reported Fund Interest Value is determined, and (b) in respect of a Fund Interest to which Deemed Payout Method is applicable, the close of business in the Hypothetical Investor Jurisdiction on the relevant Valuation Date or Observation Date, as the case may be.

**REFERENCE ITEM SCHEDULE 7
CURRENCY LINKED NOTES****7. Currency-Linked Notes****7.1. Applicability**

This Reference Item Schedule 7 (*Currency Linked Notes*) is applicable only in relation to Notes which are specified to be “Currency-Linked Interest Notes” and/or “Currency-Linked Redemption Notes” or if “FX Principal Conversion” and/or “FX Option Conversion” is specified as Applicable (each, “**Currency-Linked Notes**”) in the relevant Issue Terms.

7.2. Definitions

The following expressions have the following meanings in the context of Currency-Linked Notes only:

“**Base Currency**” means, in relation to an Exchange Rate, the currency specified as such in the relevant Issue Terms;

“**Cross-rate**” means the Currency Pairs specified to comprise a Cross-rate in the relevant Issue Terms, where the Relevant Currency Pairs are each of the Currency Pairs specified for such Cross-rate in the relevant Issue Terms;

“**Currency Business Day**” means, in relation to a Currency Pair, a day on which commercial banks are open for business (including dealings in foreign exchange in accordance with the market practice of the foreign exchange market) in the Currency Business Day Centre(s) specified for such Currency Pair in the relevant Issue Terms;

“**Currency Pair**” means, in relation to an Exchange Rate, the Subject Currency and the Base Currency specified for such Exchange Rate in the relevant Issue Terms;

“**Exchange Rate**” means, in relation to a Currency Pair and a Valuation Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, an amount equal to the spot rate of exchange appearing on the Relevant FX Screen Page at the Valuation Time on that Valuation Date for the exchange of the relevant Subject Currency into the relevant Base Currency (expressed as the number of units (or part units) of the relevant Subject Currency for which one unit of the relevant Base Currency can be exchanged) or, if such rate is not available, the arithmetic average (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Subject Currency/Base Currency exchange rates (expressed as aforesaid) at the Valuation Time on such Valuation Date provided by two or more leading dealers (as selected by the Calculation Agent) on a foreign exchange market (as selected by the Calculation Agent). If fewer than two such quotes are provided, the Calculation Agent shall determine the relevant spot rate at such time and by reference to such sources as it deems appropriate;

“**FX Rate**” means, either (i) where “Cross-rate” is not specified as Applicable for a Currency Pair in the relevant Issue Terms, such Currency Pair or (ii) where “Cross-rate” is specified as Applicable for any Currency Pairs in the relevant Issue Terms, the relevant Cross-rate comprised of such Currency Pairs;

CURRENCY-LINKED NOTES

“**Reference Price**” means, in relation to an FX Rate:

- (a) where “Cross-rate” is not specified as Applicable for the Currency Pair comprising such FX Rate in the relevant Issue Terms, the Exchange Rate for the relevant Currency Pair; or
- (b) where “Cross-rate” is specified as Applicable for the Currency Pairs comprising such FX Rate in the relevant Issue Terms, the “product of”, the “quotient of” and/or the “inverse of” (in each case as specified in the relevant Issue Terms) the Reference Price for each of the Relevant Currency Pairs comprising the relevant Cross-rate;

“**Relevant FX Screen Page**”, in relation to a Currency Pair, has the meaning given in the relevant Issue Terms;

“**Relevant Determination Date**” means a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be.

“**Subject Currency**”, in relation to a Currency Pair, has the meaning given in the relevant Issue Terms; and

“**Valuation Date**” means each relevant date specified in the relevant Issue Terms and designated as such in this Reference Item Schedule 7 (*Currency Linked Notes*), the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement or, if any such date is not a Currency Business Day for all the Currency Pairs, the next following Currency Business Day for all the Currency Pairs;

“**Valuation Period**” means each relevant period specified in the relevant Issue Terms and/or designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Valuation Period Date**” means, in respect of a Valuation Period, each of the dates specified in the relevant Issue Terms falling during such Valuation Period or, if no such dates are so specified:

- (i) where the Notes are specified in the relevant Issue Terms to relate to a single Currency Pair, each Currency Business Day falling during such Valuation Period; and
- (ii) where the Notes are specified in the relevant Issue Terms to relate to a single Cross-rate or a Basket of FX Rates (whether or not comprising one or more Cross-Rates), each day which is a Currency Business Day for all the Currency Pairs falling during such Valuation Period,

in each case, each such date being a “Valuation Date”; and

“**Valuation Time**” means, in relation to a Currency Pair and the Reference Price for such Currency Pair, the time specified as such in the relevant Issue Terms.

7.3. *Corrections*

If the spot rate of exchange published on a Relevant FX Screen Page and which is utilised for any calculation or determination in respect of the Notes is subsequently corrected and the correction (the “**Corrected Rate**”) is published within one hour of the time when such spot exchange rate was first displayed, then such Corrected Rate shall be deemed to be the relevant spot exchange rate for the relevant Exchange Rate for the relevant date and the Calculation Agent shall use such Corrected Rate in determining the relevant amount payable in respect of the Notes.

**REFERENCE ITEM SCHEDULE 8
COMMODITY-LINKED NOTES****8. Commodity-Linked Notes****8.1. Applicability**

This Reference Item Schedule 8 (*Commodity-Linked Notes*) is applicable only in relation to Notes which are specified to be “Commodity-Linked Interest Notes” and/or “Commodity-Linked Redemption Notes” (each “**Commodity-Linked Notes**”) in the relevant Issue Terms.

8.2. Market Disruption, Disruption Fallbacks**(i) Market Disruption**

“**Market Disruption Event**” means an event that, if applicable to the Notes, would give rise, in accordance with an applicable Disruption Fallback, to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price or the cancellation of the Notes, in each case, were the event to occur or exist on a day that is a Relevant Determination Date (or, if different, the day on which prices for that Relevant Determination Date would, in the ordinary course, be published or announced by the relevant Price Source).

Each of “Price Source Disruption”, “Trading Disruption”, “Disappearance of Commodity Reference Price”, “Material Change in Formula”, “Material Change in Content”, “Tax Disruption” and, in the case of Exempt Notes, “Additional Market Disruption Event”, in each case, as specified in the relevant Issue Terms or as deemed to be specified pursuant to Reference Item Condition 8.2(ii) (*Deemed Market Disruption Events*) below shall be a Market Disruption Event.

(ii) Deemed Market Disruption Events

If this Reference Item Condition 8.2(ii) is specified as Applicable in the relevant Terms or if no Market Disruption Events other than Additional Market Disruption Events (if any) are specified in the relevant Issue Terms, the following Market Disruption Events will be deemed to have been specified in addition to any such Additional Market Disruption Events:

- (a) in respect of a Commodity other than a Commodity which is specified in the relevant Issue Terms to be a Bullion Commodity (A) “Price Source Disruption”, (B) “Trading Disruption”, (C) “Disappearance of Commodity Reference Price”, (D) “Material Change in Formula” and I “Material Change in Content”; and
- (b) in respect of a Commodity which is specified in the relevant Issue Terms to be a Bullion Commodity, (A) “Price Source Disruption”, (B) “Trading Disruption” and (C) “Disappearance of Commodity Reference Price”.

(iii) Consequences of Market Disruption Events

If the Calculation Agent determines that a Market Disruption Event applicable to the Notes has occurred or exists on a day that is a Relevant Determination Date (or, if different, the day on which prices for that Relevant Determination Date would, in the ordinary course, be published or announced by the relevant Price Source), the Relevant Price for that Relevant Determination Date will be determined in accordance with the first applicable Disruption

COMMODITY-LINKED NOTES

Fallback (applied in accordance with its terms) that provides the Relevant Price or, if there is no such Relevant Price, the first applicable Disruption Fallback that provides for the cancellation of the Notes in accordance with Reference Item Condition 8.2(vi) (*Cancellation*) below.

(iv) *Disruption Fallbacks*

“**Disruption Fallback**” means the source or method that, if applicable to the Notes, may give rise to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price or the cancellation of the Notes when a Market Disruption Event occurs or exists on a day that is a Relevant Determination Date (or, if different, the day on which prices for that Relevant Determination Date would, in the ordinary course, be published or announced by the relevant Price Source).

Each of “Fallback Reference Dealers”, “Fallback Reference Price”, “Cancellation”, “Postponement”, “Calculation Agent Determination” and “Delayed Publication or Announcement” or, in respect of Exempt Notes, such other events as specified in the relevant Pricing Supplement or as deemed to be specified pursuant to Reference Item Condition 8.2(v) (*Deemed Disruption Fallbacks*) below, shall be a Disruption Fallback.

(v) *Deemed Disruption Fallbacks*

If this Reference Item Condition 8.2(v) is specified as Applicable in the relevant Issue Terms or if no Disruption Fallbacks are specified in the relevant Issue Terms, the following Disruption Fallbacks will be deemed to have been specified (in the following order): (A) “Fallback Reference Price” (if an alternate Commodity Reference Price is specified in the relevant Issue Terms), (B) “Delayed Publication or Announcement” and “Postponement” (each to operate concurrently with the other and each subject to two Commodity Business Days as the applicable Maximum Days of Disruption PROVIDED THAT the price determined by “Postponement” shall be the Relevant Price only if “Delayed Publication or Announcement” does not yield a Relevant Price within the Maximum Days of Disruption), (C) “Calculation Agent Determination” and (D) “Cancellation”.

(vi) *Cancellation*

If the applicable Disruption Fallback is “Cancellation” or if a Market Disruption Event occurs or exists on a day that would otherwise be a Relevant Determination Date (or, if different, the day on which prices for that Relevant Determination Date would, in the ordinary course, be published or announced by the relevant Price Source) and none of the applicable prior Disruption Fallbacks provides the parties with a Relevant Price, on giving notice to Holders in accordance with General Condition 15 (*Notices*), the Issuer will redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

(vii) *Correction of Published Prices*

If “Correction of Commodity Reference Prices” is specified as Applicable in the relevant Issue Terms and the price of a Commodity published on any Relevant Determination Date and which is utilised for any calculation or determination made in respect of the Notes is subsequently corrected and the correction (the “**Corrected Commodity Reference Price**”) is published or announced by the person responsible for that publication or announcement prior to the relevant Correction Cut-Off Date specified in the relevant Issue Terms, then such Corrected Commodity Reference Price shall be deemed to be the price for such

Commodity at the relevant time on such Relevant Determination Date and the Calculation Agent shall use such Corrected Commodity Reference Price in determining the relevant amount payable in respect of the Notes.

- (viii) Upon the occurrence of a Market Disruption Event, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 15 (*Notices*). Without limiting the obligation of the Issuer to give notice to the Holders as set forth in the preceding sentence, failure by the Issuer to notify the Holders of the occurrence of a Market Disruption Event shall not affect the validity of the occurrence and effect of such Market Disruption Event.

8.3. *Commodity-Linked Notes linked to a Commodity Index or a basket of Commodity Indices*

If a Commodity is specified in the relevant Issue Terms to be a “Commodity Index”, the provisions of Reference Item Conditions 4.2(i), 4.2(ii) and 4.2(iv) (*Adjustments to an Index*) shall also apply to the Notes.

For the purposes thereof:

- (i) the relevant Commodity shall be deemed to be an Index; and
- (ii) “Index Sponsor” and “Component Security” shall be as defined in Reference Item Condition 4.4 (*Definitions*).

8.4. *Definitions*

The following expressions have the following meanings in the context of Commodity-Linked Notes only:

“**Additional Market Disruption Event**”, in the case of Exempt Notes, has the meaning given in the relevant Pricing Supplement;

“**Bermudan Observation Price**” means, in relation to a Commodity and a Bermudan Observation Date, the Reference Price for such Commodity on such Bermudan Observation Date;

“**Bullion Commodity**” means each Commodity specified as such in the relevant Issue Terms;

“**Calculation Agent Determination**” means that the Calculation Agent will determine the Relevant Price (or method for determining a Relevant Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that it deems relevant. If the Calculation Agent determines that it cannot so determine the Relevant Price (or method for determining a Relevant Price), the next Disruption Fallback specified or deemed to be specified in the relevant Issue Terms will apply;

“**Cancellation**” means that the Notes will be redeemed early in accordance with the provisions of Reference Item Condition 8.2(vi) (*Cancellation*) above;

“**Commodity**” means the commodity (or commodities) specified in relevant Issue Terms;

“**Commodity Business Day**” means:

- (i) in respect of a Commodity (other than a Commodity which is specified in the relevant Issue Terms to be a Bullion Commodity):

COMMODITY-LINKED NOTES

- (a) where the Commodity Reference Price for such Commodity is a price announced or published by an Exchange, any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day on which that Exchange is open for trading during its regular trading session, notwithstanding that Exchange closing prior to its scheduled closing time; and
 - (b) where the Commodity Reference Price for such Commodity is not a price announced or published by an Exchange, a day in respect of which the relevant Price Source published (or, but for the occurrence of a Market Disruption Event, would have published) a price; and
- (ii) in respect of a Commodity which is specified in the relevant Issue Terms to be a Bullion Commodity, a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London and New York City or, in respect of Exempt Notes, as otherwise specified in the relevant Pricing Supplement;

“Commodity Business Day Convention” means the convention for adjusting any relevant Valuation Date if it would otherwise fall on a day that is not a Commodity Business Day. The following terms, when used in conjunction with the term “Commodity Business Day Convention” and a date, will mean that an adjustment will be made if that date would otherwise fall on a day that is not a Commodity Business Day so that:

- (i) if “Following” is specified, that date will be the first following day that is a Commodity Business Day;
- (ii) if “Modified Following” or “Modified” is specified, that date will be the first following day that is a Commodity Business Day, unless that day falls in the next calendar month, in which case, that date will be the first preceding day that is a Commodity Business Day;
- (iii) if “Nearest” is specified, that date will be the first preceding day that is a Commodity Business Day if the relevant date otherwise falls on a day other than a Sunday or a Monday and will be the first following day that is a Commodity Business Day if the relevant date otherwise falls on a Sunday or a Monday; and
- (iv) if “Preceding” is specified, that date will be the first preceding day that is a Commodity Business Day;

“Commodity-Reference Dealers” means, in respect of a Commodity, that the price for a Relevant Determination Date will be determined on the basis of quotations provided by Reference Dealers for that Relevant Determination Date of that day’s Specified Price for a Unit of such Commodity for delivery on the Delivery Date, if applicable. If four quotations are provided as requested, the price for that Relevant Determination Date will be the arithmetic mean of the Specified Prices for such Commodity provided by each Reference Dealer, without regard to the Specified Prices having the highest and lowest values. If exactly three quotations are provided as requested, the price for that Relevant Determination Date will be the Specified Price provided by the relevant Reference Dealer that remains after disregarding the Specified Prices having the highest and lowest values. For this purpose, if more than one quotation has the same highest or lowest value, then the Specified Price of one of such quotations shall be disregarded. If fewer than three quotations are provided, it will be deemed that the price for the Relevant Determination Date cannot be determined. In that case, the next Disruption Fallback specified or deemed to be specified in the relevant Issue Terms will apply;

“Commodity Reference Price” means, in respect of any Commodity and for the purposes of determining a Relevant Price, the relevant commodity reference price for such Commodity specified in the relevant Issue Terms;

“**Common Pricing**” means, with respect to Notes linked to two or more Commodities and the related Commodity Reference Prices, if “Common Pricing” is specified as Applicable in the relevant Issue Terms, then no date will be a Relevant Determination Date unless such date is a day for which all referenced Commodity Reference Prices (for which such date would otherwise be a Relevant Determination Date) are scheduled to be published or announced, as determined on the Trade Date of the Notes (any such date a “**Scheduled Relevant Determination Date**”). For the avoidance of doubt, if a Market Disruption Event occurs in respect of any Commodity Reference Price (the “**Affected Commodity Reference Price**”) on any such Scheduled Relevant Determination Date, the relevant Disruption Fallbacks will apply in respect of the Affected Commodity Reference Price only;

“**Delayed Publication or Announcement**” means that the Relevant Price for a Relevant Determination Date will be determined based on the Specified Price in respect of the original day scheduled as such Relevant Determination Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Relevant Determination Date) or the Relevant Price continues to be unavailable for consecutive Commodity Business Days equal in number to the Maximum Days of Disruption. In that case, the next Disruption Fallback specified or deemed to be specified in the relevant Issue Terms will apply;

“**Delivery Date**” means, in respect of a Commodity Reference Price, the relevant date or month for delivery of the underlying Commodity (which must be a date or month reported or capable of being determined from information reported in or by the relevant Price Source) as follows:

- (i) if a date is, or a month and year are, specified in the relevant Issue Terms, that date or that month and year;
- (ii) if a Nearby Month is specified in the relevant Issue Terms, the month of expiration of the relevant Futures Contract; and
- (iii) if a method is specified in the relevant Issue Terms for the purpose of determining the Delivery Date, the date or the month and year determined pursuant to that method;

“**Disappearance of Commodity Reference Price**” means (A) the permanent discontinuation of trading, in the relevant Futures Contract on the relevant Exchange or (B) the disappearance of, or of trading in, the relevant Commodity or (C) the disappearance or permanent discontinuance or unavailability of a Commodity Reference Price, notwithstanding the availability of the related Price Source or the status of trading in the relevant Futures Contract or the relevant Commodity;

“**Exchange**” means, in relation to a Commodity, each exchange or principal trading market for such Commodity specified in the relevant Issue Terms or any successor to such exchange or principal trading market;

“**Fallback Reference Dealers**” means, if an alternate Commodity Reference Price is specified in the relevant Issue Terms, that the Relevant Price will be determined in accordance with Commodity Reference Price, “Commodity-Reference Dealers”;

“**Fallback Reference Price**” means that the Calculation Agent will determine the Relevant Price based on the price for that Relevant Determination Date of the first alternate Commodity Reference Price, if any, specified in the relevant Issue Terms and not subject to a Market Disruption Event;

“**Futures Contract**” means, in respect of a Commodity Reference Price, the contract for future delivery of a contract size in respect of the relevant Delivery Date relating to the Commodity referred to in that Commodity Reference Price;

COMMODITY-LINKED NOTES

“**Material Change in Content**” means the occurrence since the Trade Date of a material change in the content, composition or constitution of the relevant Commodity or the relevant Futures Contract;

“**Material Change in Formula**” means the occurrence since the Trade Date of a material change in the formula for or the method of calculating the relevant Commodity Reference Price;

“**Maximum Days of Disruption**” means the number of Commodity Business Days specified in the relevant Issue Terms or, if no such number is so specified, five Commodity Business Days;

“**Nearby Month**” when preceded by a numerical adjective, means, in respect of a Delivery Date and a Relevant Determination Date, the month of expiration of the Futures Contract identified by that numerical adjective, so that, for example, (A) “First Nearby Month” means the month of expiration of the first Futures Contract to expire following that Relevant Determination Date and (B) “Second Nearby Month” means the month of expiration of the second Futures Contract to expire following that Relevant Determination Date etc.;

“**Observation Date**” means, in relation to a Commodity and an Observation Period, each Commodity Business Day for such Commodity during such Observation Period;

“**Observation Period**” means each relevant period specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Observation Price**” means, (1) where the Notes relate to a single Commodity or for the purposes of determining the Nth Performing Reference Item and in relation to a Commodity, an Observation Period and each Observation Date for such Commodity during such Observation Period, the Relevant Price for the relevant Commodity Reference Price at any time during continuous trading hours as determined by the Calculation Agent on each Observation Date during such Observation Period during which no event giving rise to a Market Disruption Event in respect of such Commodity has occurred or is occurring or, (2) where the Notes relate to a Basket of Commodities and in respect of a Commodity, an Observation Period and each Relevant Observation Date during such Observation Period, the Relevant Price of such Commodity at any time during continuous trading hours will be determined as the Relevant Price determined by the Calculation Agent for such Commodity. For these purposes “**Relevant Observation Date**” means a day that is an Observation Date for all Commodities in the Basket and on which no event giving rise to a Disrupted Day in relation to any Commodity has occurred or is occurring at any time on such day.

If one or more event(s) giving rise to a Market Disruption Event in respect of a Commodity have occurred and/or occur during the entire Observation Period, the Observation Price for the entire Observation Period shall be as determined by the Calculation Agent in its discretion, having regard to the then prevailing market conditions, the last reported Relevant Price of any relevant Commodity prior to the occurrence of the event(s) giving rise to a Market Disruption Event and such other factors as the Calculation Agent considers relevant;

“**Postponement**” means, in respect of a Valuation Date, that such Valuation Date will be deemed, for purposes of the application of this Disruption Fallback only, to be the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been such Valuation Date) for consecutive Commodity Business Days equal in number to the Maximum Days of Disruption. In that case, the next Disruption Fallback specified or deemed to be specified in the relevant Issue Terms will apply;

“**Price Materiality Percentage**” has the meaning given in the relevant Issue Terms;

“**Price Source**” means the publication (or such other origin of reference, including an Exchange) containing (or reporting) the Specified Price (or prices from which the Specified Price is calculated) specified in the relevant Issue Terms or any successor;

“**Price Source Disruption**” means (A) the failure of the relevant Price Source to announce or publish the Specified Price (or the information necessary for determining the Specified Price) for the relevant Commodity Reference Price, (B) the temporary or permanent discontinuance or unavailability of the relevant Price Source, (C) if a Commodity Reference Price is “Commodity-Reference Dealers”, the failure to obtain at least three quotations as requested from the relevant Reference Dealers or (D) if a Price Materiality Percentage is specified in the relevant Issue Terms, the Specified Price for the relevant Commodity Reference Price differs from the Specified Price determined in accordance with the Commodity Reference Price “Commodity Reference Dealers” by such Price Materiality Percentage;

“**Reference Dealers**” means the four dealers specified in the relevant Issue Terms or, if four dealers are not so specified, four leading dealers in the relevant market selected by the Calculation Agent;

“**Reference Price**” means, in relation to a Commodity Reference Price and a Valuation Date, unless, in respect of Exempt Notes, the relevant Pricing Supplement provides otherwise, an amount equal to the Relevant Price as determined by the Calculation Agent for that Valuation Date;

“**Relevant Determination Date**” means an Observation Date or a Valuation Date, each relevant date specified in the relevant Issue Terms and designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, any other relevant date specified as such in the relevant Pricing Supplement, as the case may be;

“**Relevant Price**” means, in respect of a Commodity and a Relevant Determination Date, the price, expressed as a price per Unit, determined with respect to that day for the relevant Commodity Reference Price;

“**Scheduled Valuation Date**” means, in relation to a Valuation Date, any original date that, but for the occurrence of a Market Disruption Event, would have been that Valuation Date;

“**Specified Price**” means, in respect of a Commodity Reference Price, the price (which must be a price reported in or by, or capable of being determined from information reported in or by, the relevant Price Source) specified in the relevant Issue Terms (and, if applicable, as of the time so specified);

“**Tax Disruption**” means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Commodity (other than a tax on, or measured by reference to overall gross or net income) by any government or taxation authority after the Trade Date, if the direct effect of such imposition, change or removal is to raise or lower the Relevant Price on the day that would otherwise be a Relevant Determination Date from what it would have been without that imposition, change or removal;

“**Trade Date**” means the date specified as such in the relevant Issue Terms;

“**Trading Disruption**” means the material suspension of, or the material limitation imposed on, trading in the relevant Futures Contract or the relevant Commodity on the relevant Exchange or in any additional futures contract, options contract or commodity on any relevant Exchange as specified in the relevant Issue Terms. For these purposes:

COMMODITY-LINKED NOTES

- (i) a suspension of the trading in the relevant Futures Contract or the relevant Commodity on any Commodity Business Day shall be deemed to be material only if:
 - (a) all trading in the relevant Futures Contract or the relevant Commodity is suspended for an entire Relevant Determination Date; or
 - (b) all trading in the relevant Futures Contract or the relevant Commodity is suspended subsequent to the opening of trading on a Relevant Determination Date, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or Commodity on such Relevant Determination Date and such suspension is announced less than one hour preceding its commencement; and
- (ii) a limitation of trading in the relevant Futures Contract or the relevant Commodity on any Commodity Business Day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the relevant Futures Contract or the relevant Commodity may fluctuate and the closing or settlement price of the relevant Futures Contract or the relevant Commodity on such day is at the upper or lower limit of that range;

“**Unit**” means, in respect of a Commodity, the unit of measure of such Commodity, as specified in the relevant Commodity Reference Price or the relevant Issue Terms, as the case may be; and

“**Valid Date**” means, in relation to an Commodity, a Commodity Business Day for such Commodity on which a Market Disruption Event in respect of such Commodity has not occurred and on which another Valuation Date does not or is not deemed to occur;

“**Valuation Date**” means each relevant date specified in the relevant Issue Terms and designated as such in this Reference Item Schedule 8 (*Commodity-Linked Notes*), the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement, adjusted in accordance with the applicable Commodity Business Day Convention.

If “Option Pricing” is specified in the relevant Issue Terms to apply to the relevant Valuation Date and:

- (i) if “**Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms or if none of “Postponement”, “Modified Postponement” or “Omission” is so specified:
 - (a) where the Notes are specified in the relevant Issue Terms to relate to a single Commodity, that Valuation Date shall be the first succeeding Commodity Business Day on which no Market Disruption Event occurs, unless a Market Disruption Event occurs on each of the eight Commodity Business Days immediately following the relevant Scheduled Valuation Date. In that case (x) the eighth Commodity Business Day shall be deemed to be that Valuation Date, notwithstanding the fact that such day is a day on which a Market Disruption Event has occurred, and (y) the provisions of Reference Item Condition 8.2(iii) (*Consequences of Market Disruption Events*) shall apply thereto; or
 - (b) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Commodities, that Valuation Date for each Commodity not affected by the occurrence of a Market Disruption Event shall be the relevant Scheduled Valuation Date and that Valuation Date for each Commodity affected (each an “**Affected Commodity**”) by a Market Disruption Event shall be the first succeeding Commodity Business Day for the Affected Commodity on which no Market

Disruption Event relating to the Affected Commodity has occurred unless a Market Disruption Event relating to the Affected Commodity occurs on each of the eight Commodity Business Days for the Affected Commodity immediately following the relevant Scheduled Valuation Date. In that case (x) that eighth Commodity Business Day shall be deemed to be that Valuation Date for the Affected Commodity, notwithstanding the fact that a Market Disruption Event in respect of such Affected Commodity has occurred on such day, and (y) the provisions of Reference Item Condition 8.2(iii) (*Consequences of Market Disruption Events*) shall apply thereto; or

- (ii) if “**Modified Postponement**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms:
 - (a) where the Notes relate to a single Commodity, that Valuation Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Commodity Business Day immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Commodity Business Day shall be deemed to be that Valuation Date (irrespective of whether the eighth Commodity Business Day is already a Valuation Date), and (B) the Calculation Agent shall determine the relevant price for that Valuation Date in accordance with sub-paragraph (i)(a)(y) above; and
 - (b) where the Notes relate to a Basket of Commodities, that Valuation Date for each Commodity not affected by the occurrence of a Market Disruption Event shall be the relevant Scheduled Valuation Date and that Valuation Date for each Commodity affected by the occurrence of a Market Disruption Event (each an “**Affected Commodity**”) shall be the first succeeding Valid Date in relation to the Affected Commodity. If the first succeeding Valid Date in relation to the Affected Commodity has not occurred as of the eighth Commodity Business Day for the Affected Commodity immediately following the final Scheduled Valuation Date relating to the relevant determination, as determined by the Calculation Agent, then (A) that eighth Commodity Business Day shall be deemed to be that Valuation Date (irrespective of whether that eighth Commodity Business Day is already an Valuation Date) in relation to such Affected Commodity, and (B) the Calculation Agent shall determine the relevant price for such Valuation Date in accordance with sub-paragraph (i)(b)(y) above; or
- (iii) if “**Omission**” is specified as Applicable to the relevant Valuation Date in the relevant Issue Terms, then such date will be deemed not to be a relevant Valuation Date for the purposes of the relevant determination provided that, if through the operation of this provision there would not be a relevant Valuation Date for the relevant determination, then the provisions of paragraph (i) above will apply for the purposes of determining the relevant price in respect of the final Scheduled Valuation Date for the relevant determination, as if such Valuation Date were a Valuation Date on which a Market Disruption Event had occurred for any of the Commodities;

“**Valuation Period**” means each relevant period specified in the relevant Issue Terms and/or designated as such in the relevant Payout Schedule or, in respect of Exempt Notes, in the relevant Pricing Supplement; and

“**Valuation Period Date**” means, in respect of a Valuation Period, each of the dates specified in the relevant Issue Terms falling during such Valuation Period or, if no such dates are so specified:

COMMODITY-LINKED NOTES

- (i) where the Notes are specified in the relevant Issue Terms to relate to a single Commodity, each Commodity Business Day falling during such Valuation Period; and
- (ii) where the Notes are specified in the relevant Issue Terms to relate to a Basket of Commodities, each day which is a Commodity Business Day for all the Commodities falling during such Valuation Period and Common Pricing shall be deemed to apply,

in each case, each such date being a “Valuation Date”.

**REFERENCE ITEM SCHEDULE 9
ADDITIONAL DISRUPTION EVENTS**

1. **Additional Disruption Events**

1.1. *Additional Disruption Event*

If “Additional Disruption Events” are specified as Applicable in the relevant Issue Terms, then if an Additional Disruption Event occurs, the Issuer may take the action described in (i) or (ii) below:

- (i) require the Calculation Agent to determine the appropriate adjustment, if any, to be made to any of the terms of the Terms and Conditions to account for the Additional Disruption Event and determine the effective date of that adjustment; or
- (ii) give notice to the Holders in accordance with General Condition 15 (*Notices*) and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount together with, if so specified in the relevant Issue Terms, accrued interest.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with General Condition 15 (*Notices*) stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

1.2. *Definitions*

The following expressions have the following meanings in the context of Additional Disruption Events only:

“**Additional Disruption Event**” means any of Change of Law, Hedging Disruption, Increased Cost of Hedging, Increased Cost of Stock Borrow (applicable only for Index-Linked Notes and Equity-Linked Notes), Insolvency Filing (applicable only for Equity-Linked Notes) and/or Loss of Stock Borrow (applicable only for Index-Linked Notes and Equity-Linked Notes), in each case if specified in the relevant Issue Terms as being applicable;

“**Change in Law**” means that, on or after the Trade Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines that (X) it has become illegal to hold, acquire or dispose of any relevant Hedging Position or (Y) the Issuer will incur a materially increased cost in performing its obligations in relation to the Notes and/or the Issuer and/or any of its Affiliates and/or any Hedging Party will incur a materially increased cost in performing its obligations in relation to any hedging activities of the Issuer and/or any of its Affiliates in respect of the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any of its Affiliates and/or any Hedging Party);

“**Hedging Disruption**” means that the Issuer and/or any of its Affiliates and/or any Hedging Party is unable, or it is impracticable for the Issuer and/or any of its Affiliates and/or any Hedging Party, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or appropriate to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes and/or any hedging activities of the Issuer and/or any of its Affiliates and/or any

ADDITIONAL DISRUPTION EVENTS

Hedging Party in respect of the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s) including, without limitation, (in respect of Equity-Linked Notes (where an Underlying Equity is specified to be an ETF Share in the relevant Issue Terms) or Fund-Linked Notes) where such inability or impracticability has arisen by reason of (A) any restrictions or increase in charges or fees imposed by the relevant Fund on any investor's ability to redeem the relevant ETF Share or Fund Interest, in whole or in part, or any existing or new investor's ability to make new or additional investments in such ETF Share or Fund Interest or (B) any mandatory redemption, in whole or in part of the relevant ETF Share or Fund Interest imposed by the relevant Fund (in each case, other than any restriction in existence on the Trade Date);

"Hedging Party" means any party to the Issuer's and/or any of its Affiliates' hedging activities in respect of the Notes;

"Hedging Position" means any one or more of (i) positions or contracts (as applicable) in securities, futures contracts, options contracts, other derivative contracts or foreign exchange; (ii) stock loan transactions; or (iii) other instruments or arrangements (however described) entered into by a Hedging Party in order to hedge, individually or on a portfolio (or "book") basis, the Notes;

"Hedging Shares" means the number of Underlying Equities (in the case of Equity-Linked Notes) or Component Securities comprised in an Index (in the case of Index-Linked Notes) that the Issuer deems necessary to hedge the equity or other price risk of entering into and performing its obligations with respect to the Notes or any Hedging Party deems necessary to hedge the equity or other price risk of entering into and performing its obligations in respect of any hedging activities of the Issuer and/or any of its Affiliates in respect of the Notes, as the case may be;

"Increased Cost of Hedging" means that the Issuer and/or any of its Affiliates and/or any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or appropriate to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging;

"Increased Cost of Stock Borrow" means that the Issuer and/or any of its Affiliates would incur a rate to borrow any Underlying Equity (in the case of Equity-Linked Notes) or any Component Security comprised in an Index (in the case of Index-Linked Notes) that is greater than the Initial Stock Loan Rate;

"Initial Stock Loan Rate" means, in respect of an Underlying Equity (in the case of Equity-Linked Notes) or a Component Security comprised in an Index (in the case of Index-Linked Notes), the Initial Stock Loan Rate specified in relation to such Underlying Equity or Component Security in the relevant Issue Terms;

"Insolvency Filing" means that an Equity Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgement of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Equity Issuer shall not be deemed an Insolvency Filing;

ADDITIONAL DISRUPTION EVENTS

“**Loss of Stock Borrow**” means that the Issuer and/or any of its Affiliates and/or any Hedging Party is unable, after using commercially reasonable efforts, to borrow (or maintain a borrowing of) any Underlying Equity (in the case of Equity-Linked Notes) or any Component Securities comprised in an Index (in the case of Index-Linked Notes) in an amount equal to the Hedging Shares at a rate equal to or less than the Maximum Stock Loan Rate; and

“**Maximum Stock Loan Rate**” means, in respect of an Underlying Equity (in the case of Equity-Linked Notes) or a Component Security comprised in an Index (in the case of Index-Linked Notes), the Maximum Stock Loan Rate specified in the relevant Issue Terms.

**PAYOUT SCHEDULE 1
INTEREST**

1. Fixed Rate Note Provisions

1.1. *Application*

This Interest Payout Condition 1 is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s).

1.2. *Fixed Coupon Amount and Interest Amount*

Where “Accrual” is specified as Applicable in the relevant Issue Terms in respect of Fixed Rate Notes (“**Fixed Accrual Notes**”), unless otherwise specified in the relevant Pricing Supplement in respect of Exempt Notes and subject as otherwise provided herein, the Interest Amount payable in respect of the Calculation Amount for each relevant Interest Period shall be determined as provided in Interest Payout Condition 6.2 (*Calculation of Interest Amount*) below.

Where “Accrual” is specified as Not Applicable in the relevant Issue Terms in respect of Fixed Rate Notes (“**Fixed Amount Notes**”), unless otherwise specified in the relevant Pricing Supplement in respect of Exempt Notes and subject as otherwise provided herein, the amount of interest payable in respect of the Calculation Amount for each relevant Interest Period shall be the Fixed Coupon Amount determined as provided in Interest Payout Condition 6.2 (*Calculation of Interest Amount*) below.

2. Variable Rate Note Provisions

2.1. *Application*

This Interest Payout Condition 2 is applicable to the Notes only if the Variable Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s).

2.2. *Types of Variable Rate Notes*

(i) Floating Rate Notes

This Interest Payout Condition 2.2(i) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Floating Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Floating Rate Notes

Where the relevant Issue Terms specifies that the Floating Rate Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{(Leverage x Relevant Rate) + Margin}$$

(B) Definitions relating to Floating Rate Notes

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such

Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Margin**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Margin is specified as Not Applicable in the relevant Issue Terms, zero; and

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*).

(ii) Capped Floating Rate Notes

This Interest Payout Condition 2.2(ii) is applicable to the Notes only if the Capped Floating Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Capped Floating Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Capped Floating Rate Notes

Where the relevant Issue Terms specifies that the Capped Floating Rate Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Min [Cap; (Leverage x Relevant Rate) + Margin]}$$

(B) Definitions relating to Capped Floating Rate Notes

“**Cap**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Margin**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Margin is specified as Not Applicable in the relevant Issue Terms, zero; and

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*).

PAYOUT SCHEDULE - INTEREST

(iii) Floored Floating Rate Notes

This Interest Payout Condition 2.2(iii) is applicable to the Notes only if the Floored Floating Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Floored Floating Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Floored Floating Rate Notes

Where the relevant Issue Terms specifies that the Floored Floating Rate Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Max [Floor; (Leverage x Relevant Rate) + Margin]}$$

(B) Definitions relating to Floored Floating Rate Notes

“**Floor**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Margin**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Margin is specified as Not Applicable in the relevant Issue Terms, zero; and

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*).

(iv) Collared Floating Rate Notes

This Interest Payout Condition 2.2(iv) is applicable to the Notes only if the Collared Floating Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Collared Floating Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Collared Floating Rate Notes

Where the relevant Issue Terms specifies that the Collared Floating Rate Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Min (Cap; Max [Floor; (Leverage x Relevant Rate) + Margin])}$$

(B) Definitions relating to Collared Floating Rate Notes

“**Cap**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**Floor**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**Leverage**” means (a) either the percentage as such specified in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Margin**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Margin is specified as Not Applicable in the relevant Issue Terms, zero; and

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*).

(v) Reverse Floating Rate Notes

This Interest Payout Condition 2.2(v) is applicable to the Notes only if the Reverse Floating Rate Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Reverse Floating Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Reverse Floating Rate Notes

Where the relevant Issue Terms specifies that the Reverse Floating Rate Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Max [Floor; Min [Cap; Specified Rate - (Leverage} \times \text{Relevant Rate)]]}$$

(B) Definitions relating to Reverse Floating Rate Notes

“**Cap**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Cap is specified as Not Applicable in the relevant Issue Terms, infinity;

“**Floor**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Floor is specified as Not Applicable in the relevant Issue Terms, zero;

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such

PAYOUT SCHEDULE - INTEREST

Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*); and

“**Specified Rate**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms.

(vi) Steepener Notes

This Interest Payout Condition 2.2(vi) is applicable to the Notes only if the Steepener Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Steepener Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Steepener Notes

Where the relevant Issue Terms specifies that the Steepener Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Max [Floor; Min [Cap; Leverage x (Relevant Rate – Strike Rate)]]}$$

(B) Definitions relating to Steepener Notes

“**Cap**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Cap is specified as Not Applicable in the relevant Issue Terms, infinity;

“**Floor**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Floor is specified as Not Applicable in the relevant Issue Terms, zero;

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Strike Rate**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms; and

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*).

(vii) Snowball Notes

This Interest Payout Condition 2.2(vii) is applicable to the Notes only if the Snowball Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Snowball Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Snowball Notes

Where the relevant Issue Terms specifies that the Snowball Note Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\text{Max [Floor; Min [Cap; (Rate of Interest}_{t-1} + \text{Snowball Amount}_t) - (\text{Leverage} \times \text{Relevant Rate})]]$$

(B) Definitions relating to Snowball Notes

“**Cap**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Cap is specified as Not Applicable in the relevant Issue Terms, infinity;

“**Floor**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Floor is specified as Not Applicable in the relevant Issue Terms, zero;

“**Leverage**” means (a) either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms or (b) if Leverage is specified as Not Applicable in the relevant Issue Terms, 100 per cent.;

“**Rate of Interest_{t-1}**” means, in respect of an Interest Period (*t*), the Rate of Interest for the immediately preceding Interest Period (*t-1*) or, in respect of the first Interest Period, the “**Rate of Interest_{t=0}**” specified in the relevant Issue Terms;

“**Relevant Rate**” means, in relation to an Interest Period and the Interest Determination Date (*t*) for such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*); and

“**Snowball Amount_t**” means, in respect of an Interest Period (*t*), the Snowball Amount for such Interest Period (*t*) specified in the relevant Issue Terms.

(viii) Range Accrual Notes

This Interest Payout Condition 2.2(viii) is applicable to the Notes only if the Range Accrual Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s).

PAYOUT SCHEDULE - INTEREST

(A) Rate of Interest in respect of Range Accrual Notes

Where the relevant Issue Terms specifies that the Range Accrual Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following formula:

$$\left[\text{Specified Rate 1} \times \left(\frac{m}{M} \right) \right] + \left[\text{Specified Rate 2} \times \left(\frac{M - m}{M} \right) \right]$$

(B) Definitions relating to Range Accrual Notes

“**Interest Determination Date**” means, notwithstanding anything to the contrary in any relevant Payout Schedule and in respect of an Interest Observation Date, such Interest Observation Date or, if such Interest Observation Date is not a Range Accrual Business Day, the immediately preceding Range Accrual Business Day, each such date being a “Relevant Determination Date”. For the avoidance of doubt, a Range Accrual Business Day may be the Interest Determination Date for more than one Interest Observation Date. Where the relevant Reference Item is an Underlying Rate specified to be determined in accordance with ISDA Determination, the relevant Reset Date for the determination of such Underlying Rate on an Interest Determination Date shall be deemed to be such Interest Determination Date and the relevant Underlying Rate shall be the relevant rate which appears on the relevant page or price source at the relevant time on the applicable Reset Date (and anything to the contrary in the ISDA Definitions shall be construed accordingly);

“**Interest Observation Date**” means each calendar day or Business Day or weekly, monthly or quarterly day or other date(s) specified as such in the relevant Issue Terms;

“**Lower Barrier**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**m**” means, in respect of an Interest Period, the number of Interest Observation Dates in such Interest Period for which Reference Price_i is equal to or greater than the Lower Barrier and equal to or less than the Upper Barrier;

“**M**” means, in respect of an Interest Period, the total number of Interest Observation Dates in such Interest Period;

“**Range Accrual Business Day**” means, in respect of the relevant Reference Item and (i) in relation to Rate-Linked Notes and Inflation-Linked Notes, a Business Day, (ii) in relation to Index-Linked Notes and Equity-Linked Notes, a Scheduled Trading Day which is not a Disrupted Day, (iii) in relation to Fund-Linked Notes, a Fund Business Day which is not a Disrupted Day and (iv) in relation to Currency-Linked Notes, a Currency Business Day for all the Currency Pairs and (v) in relation to Commodity-Linked Notes, a Commodity Business Day on which a Market Disruption Event does not occur or exist;

“**Range Accrual Cut-off Date**” means, in respect of an Interest Period, the date falling the number of Business Days specified in the relevant Issue Terms immediately preceding the Interest Period Date falling at the end of such Interest Period;

“**Reference Price_t**” means, in respect of an Interest Observation Date and the related Interest Determination Date (*t*), the Reference Price of the Reference Item in respect of such related Interest Determination Date (*t*), provided that, if a Range Accrual Cut-off Date is specified in the relevant Issue Terms, Reference Price_t for each Interest Observation Date falling after the Range Accrual Cut-off Date for the relevant Interest Period shall be deemed to be Reference Price_t for the Interest Observation Date falling on or immediately preceding the Range Accrual Cut-off Date for the relevant Interest Period;

“**Specified Rate 1**” means either the rate specified as such in the relevant Issue Terms or, in respect of an Interest Period, the rate specified as such for such Interest Period in the relevant Issue Terms;

“**Specified Rate 2**” means either the rate specified as such in the relevant Issue Terms or, in respect of an Interest Period, the rate specified as such for such Interest Period in the relevant Issue Terms; and

“**Upper Barrier**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Final Terms.

(ix) Binary Rate Notes

This Interest Payout Condition 2.2(ix) is applicable to the Notes only if the Binary Rate Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Binary Rate Notes shall only be an Underlying Rate or an Inflation Index.

(A) Rate of Interest in respect of Binary Rate Notes

Where the relevant Issue Terms specifies that the Binary Rate Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest Period will be determined by the Calculation Agent by reference to the following:

- (a) if Reference Price_t is equal to or greater than the Lower Barrier and equal to or less than the Upper Barrier, Specified Rate 1; or
- (b) otherwise, Specified Rate 2.

(B) Definitions relating to Binary Rate Notes

“**Specified Rate 1**” means either the rate specified as such in the relevant Issue Terms or, in respect of an Interest Period, the rate specified as such for such Interest Period in the relevant Issue Terms;

“**Specified Rate 2**” means either the rate specified as such in the relevant Issue Terms or, in respect of an Interest Period, the rate specified as such for such Interest Period in the relevant Issue Terms;

PAYOUT SCHEDULE - INTEREST

“**Lower Barrier**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms;

“**Reference Price_t**” means, in respect of an Interest Period and the Interest Determination Date (*t*) in respect of such Interest Period and the relevant Reference Item (*i*), the Reference Price for such Reference Item (*i*) in relation to such Interest Determination Date (*t*); and

“**Upper Barrier**” means either the percentage specified as such in the relevant Issue Terms or, in respect of an Interest Period, the percentage specified as such for such Interest Period in the relevant Issue Terms.

(x) Inflation Adjusted Interest Notes

This Interest Payout Condition 2.2(x) is applicable to the Notes only if the Inflation Adjusted Interest Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s). The Reference Item in respect of Inflation Adjusted Interest Notes shall only be an Inflation Index.

(A) Rate of Interest in respect of Inflation Adjusted Interest Notes

Where the relevant Issue Terms specifies that the Inflation Adjusted Interest Provisions apply, the Rate of Interest applicable to the Notes in respect of each relevant Interest period will be determined by the Calculation Agent by reference to the following formula:

$$[\text{Specified Rate} \times \text{Reference Price}_t]$$

(B) Definitions relating to Inflation Adjusted Interest Notes

“**Reference Price_t**” means, in respect of an Inflation Index and an Interest Period and the Interest Determination Date (*t*) for such Interest Period, the Reference Price for such Inflation Index for such Interest Determination Date (*t*); and

“**Specified Rate**” means either the interest rate specified as such in the relevant Issue Terms or, in respect of an Interest Period, the interest rate specified for such Interest Period in the relevant Issue Terms.

2.3. Definitions applicable to Variable Rate Notes

The following expression has the following meaning for the purposes of this Interest Payout Condition 2 (*Variable Rate Note Provisions*):

“**Interest Determination Date**” means, subject as otherwise provided in this Payout Schedule 1 (*Interest*) and in respect of an Interest Period, (i) the date or dates specified for such Interest Period in the relevant Issue Terms or (ii) in respect of Underlying Rates for which ISDA Determination is specified as the manner in which the relevant Underlying Rate is to be determined, the date in respect of which the relevant rate is to be determined as specified in the ISDA Definitions and, in either case, where applicable, each such date being a “Relevant Determination Date”.

3. **Reference Item-Linked Interest Notes**

3.1. *Application*

This Interest Payout Condition 3 is applicable to the Notes only if the Reference Item-Linked Interest Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s).

3.2. *Reference Item-Linked Interest Amount*

The amount of interest (the “**Interest Amount**”) payable in respect of the Calculation Amount for any Interest Period shall be the amount specified to be the “Reference Item-Linked Interest Amount” in the relevant Issue Terms, determined as provided in this Interest Payout Condition 3 or, in the case of Exempt Notes, in the relevant Pricing Supplement.

3.3. *Autocall Interest Amount*

Where “Autocall Interest Amount” is specified as the Reference Item-Linked Interest Amount in the relevant Issue Terms, the Notes shall be “**Autocall Interest Notes**” and the “**Autocall Interest Amount**” in respect of an Interest Period shall be an amount determined by the Calculation Agent by reference to the following:

- (i) if, in relation to an Interest Period and the related Interest Determination Date (t), Relevant Autocall Interest Performance $_{t,i}$ is equal to or greater than the Interest Barrier, the Relevant Interest Amount; or
- (ii) otherwise, if, in relation to an Interest Period and the related Interest Determination Date (t), Relevant Autocall Interest Performance $_{t,i}$ is less than the Interest Barrier, zero.

Where:

“**Autocall Interest Performance $_{t,i}$** ” means, in respect of an Interest Period and the related Interest Determination Date (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Price}_{t,i}}{\text{Reference Price}_{0,i}}$$

“**Autocall Strike**” means, in respect of an Interest Period and the related Interest Determination Date (t), the percentage specified for such Interest Determination Date (t) in the relevant Issue Terms;

“**Interest Barrier**” means, in respect of an Interest Period and the related Interest Determination Date (t), the percentage specified for such Interest Determination Date (t) in the relevant Issue Terms;

“**Interest Determination Date**” means, in respect of an Interest Period and the related Interest Payment Date, the date specified as such for such Interest Payment Date in the relevant Issue Terms, each such date being a “Valuation Date”;

“**Nth Performing Reference Item**” means, in respect of an Interest Period and the related Interest Determination Date (t), the Reference Item (i) having the “Nth” highest or “Nth” equal highest Autocall Interest Performance $_{t,i}$ for such Interest Determination Date (t), as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

PAYOUT SCHEDULE - INTEREST

“**Reference Price**_{0, i}” means, in respect of a Reference Item (*i*), Reference Item Initial_i for such Reference Item (*i*).

“**Reference Price**_{t, i}” means, in respect of an Interest Determination Date (*t*) and a Reference Item (*i*), the Reference Price for such Reference Item (*i*) in respect of such Interest Determination Date (*t*).

“**Relevant Autocall Interest Performance**_{t, i}” means, in respect of an Interest Period and the related Interest Determination Date (*t*):

- (a) where the Notes relate to a single Reference Item (*i*), Autocall Interest Performance_{t, i} for such Interest Determination Date (*t*);
- (b) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Autocall Interest Performance}_{t,i} * W_i$$

- (c) where the relevant Issue Terms specifies that “Nth Performance” is Applicable, Autocall Interest Performance_{t, i} of the Nth Performing Reference Item for such Interest Determination Date (*t*).

“**Relevant Interest Amount**” means, in respect of an Interest Period, the related Interest Payment Date and the related Interest Determination Date (*t*), an amount determined by the Calculation Agent by reference to the following:

- (a) where “Bullet Interest” is specified as Applicable in the relevant Issue Terms, an amount determined by reference to the following formula:

$$\text{CA} \times \text{Specified Rate}$$

- (b) where “Memory Interest” is specified as Applicable in the relevant Issue Terms, an amount determined by reference to the following formula:

$$[\text{CA} \times t \times \text{Specified Rate}] - \text{Paid Interest}$$

Where:

“**Paid Interest**” means, in respect of each Calculation Amount, an Interest Period and the relevant Interest Payment Date, the sum of the Autocall Interest Amounts (if any) paid in respect of such Calculation Amount on each Interest Payment Date prior to such Interest Payment Date.

- (c) where “Cumulative Interest” is specified as Applicable in the relevant Issue Terms, an amount determined by reference to the following formula:

$$\text{CA} \times t \times \text{Specified Rate}$$

- (d) where “Bonus Interest” is specified as Applicable in the relevant Issue Terms, an amount determined by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Specified Rate}; \text{Relevant Autocall Interest Performance}_{t,i} - \text{Autocall Strike}]$$

“**Specified Rate**” means, in respect of an Interest Period, the rate specified as such for such Interest Period in the relevant Issue Terms.

“*t*” means the numerical value of the relevant Interest Determination Date (*t*).

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

3.4. *Autocall Multi Barrier Interest Amount*

Where “Autocall Multi Barrier Interest Amount” is specified as the Reference Item-Linked Interest Amount in the relevant Issue Terms, the Notes shall be “**Autocall Multi Barrier Interest Notes**” and the “**Autocall Multi Barrier Interest Amount**” in respect of an Interest Period shall be an amount determined by the Calculation Agent by reference to the following:

- (i) if, in relation to an Interest Period and the related Interest Determination Date (*t*), the Relevant Autocall Interest Performance_{*t, i*} is equal to or greater than a Starting Barrier Interval Point AND less than the following Ending Barrier Interval Point, the Relevant Interest Amount_{*m*} for such Interest Period and the Barrier Interval starting on (and including) such Starting Barrier Interval Point and ending on (but excluding) such Ending Barrier Interval Point; or
- (ii) otherwise, if, in relation to an Interest Period and the related Interest Determination Date (*t*), Relevant Autocall Interest Performance_{*t, i*} is (x) less than the lowest specified Starting Barrier Interval Point or (y) (where relevant) greater than or equal to the highest specified Ending Barrier Interval Point, zero.

Where:

“**Autocall Interest Performance_{*t, i*}**” means, in respect of an Interest Period and the related Interest Determination Date (*t*) and a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Price}_{t,i}}{\text{Reference Price}_{0,i}}$$

“**Autocall Strike_{*m*}**” means, in respect of an Interest Period, the related Interest Determination Date(*t*) and a Barrier Interval, the percentage specified for such Interest Determination Date (*t*) and such Barrier Interval in the relevant Issue Terms;

“**Barrier Interval**” means, in respect of an Interest Period, each interval defined from (and including) a barrier interval point (a “**Starting Barrier Interval Point**”) to (but excluding) the immediately following barrier interval point (an “**Ending Barrier Interval Point**” and each Barrier Interval is denoted by *m*), in each case, as specified in the relevant Issue Terms. Where an Ending Barrier Interval Point in respect of a Barrier Interval is specified to Not Applicable in the relevant Issue Terms, the Ending Barrier Interval Point for such Barrier Interval shall be infinity, there will be no upper limit to such Barrier Interval and this Interest Payout Condition 3.4 shall be construed accordingly;

“**Interest Determination Date**” means, in respect of an Interest Period and the related Interest Payment Date, the date specified as such for such Interest Payment Date in the relevant Issue Terms, each such date being a “Valuation Date”;

PAYOUT SCHEDULE - INTEREST

“**Nth Performing Reference Item**” means, in respect of an Interest Period and the related Interest Determination Date (t), the Reference Item (i) having the “Nth” highest or “Nth” equal highest Autocall Interest Performance $_{t,i}$ for such Interest Determination Date (t), as determined by the Calculation Agent where “N” is the ranking specified in the relevant Issue Terms;

“**PR $_m$** ” means, in respect of an Interest Period, the related Interest Determination Date (t) and a Barrier Interval, the percentage specified for such Interest Determination Date (t) and Barrier Interval in the relevant Issue Terms;

“**Reference Price $_{0,i}$** ” means, in respect of a Reference Item (i), Reference Item Initial $_i$ for such Reference Item (i);

“**Reference Price $_{t,i}$** ” means, in respect of an Interest Determination Date (t) and a Reference Item (i), the Reference Price for such Reference Item (i) in respect of such Interest Determination Date (t);

“**Relevant Autocall Interest Performance $_{t,i}$** ” means, in respect of an Interest Period and the related Interest Determination Date (t):

- (a) where the Notes relate to a single Reference Item (i), Autocall Interest Performance $_{t,i}$ for such Interest Determination Date (t);
- (b) where the Notes relate to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Autocall Interest Performance}_{t,i} * W_i$$

- (c) where the relevant Issue Terms specifies that “Nth Performance” is Applicable, Autocall Interest Performance $_{t,i}$ of the Nth Performing Reference Item for such Interest Determination Date (t);

“**Relevant Interest Amount $_m$** ” means, in respect of an Interest Period, the related Interest Payment Date, the related Interest Determination Date (t) and a Barrier Interval, an amount determined by the Calculation Agent by reference to the following:

- (a) where “Bullet Interest” is specified as the Relevant Interest Amount for such Interest Determination Date (t) and Barrier Interval in the relevant Issue Terms, an amount determined by reference to the following formula:

$$CA \times \text{Specified Rate}_m$$

- (b) where “Memory Interest” is specified as the Relevant Interest Amount for such Interest Determination Date (t) and Barrier Interval in the relevant Issue Terms, an amount determined by reference to the following formula:

$$[CA \times t \times \text{Specified Rate}_m] - \text{Paid Interest}_m$$

Where:

“**Paid Interest $_m$** ” means, in respect of each Calculation Amount, an Interest Period and the related Interest Payment Date, the sum of the Relevant Interest Amounts $_m$ (if any) paid in

respect of such Calculation Amount and the Barrier Interval for which “Memory Interest” is specified only on each Interest Payment Date prior to such Interest Payment Date;

- (c) where “Cumulative Interest” is specified as the Relevant Interest Amount for such Interest Determination Date (t) and Barrier Interval in the relevant Issue Terms, an amount determined by reference to the following formula:

$$CA \times t \times \text{Specified Rate}_m$$

- (d) where “Bonus Interest” is specified as the Relevant Interest Amount for such Interest Determination Date (t) and Barrier Interval in the relevant Issue Terms, an amount determined by reference to the following formula:

$$CA \times PR_m \times \text{Max}[\text{Specified Rate}_m, \text{Relevant Autocall Interest Performance}_{t,i} - \text{Autocall Strike}_m]$$

“**Specified Rate_m**” means, in respect of an Interest Period, the related Interest Determination Date (t) and a Barrier Interval, the percentage specified as such for such Interest Period and Barrier Interval in the relevant Issue Terms;

“ t ” means the numerical value of the relevant Interest Determination Date (t); and

“ W_i ” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms.

4. **Credit-Linked Interest Provisions**

4.1. Where “Credit-Linked Interest Provisions” are specified as Applicable in the relevant Issue Terms, the following provisions shall apply to the Notes subject to Reference Item Conditions 2.4 (*Repudiation/Moratorium Extension*), 2.5 (*Grace Period Extension*), 2.6 (*Credit Derivatives Determinations Committee Extension*) and 2.7 (*Maturity Date Extension in the case of Credit Linked Notes*). For the avoidance of doubt, Reference Item-Linked Interest Provisions shall not apply to Notes which are Credit-Linked Notes.

4.2. In the case of Credit-Linked Notes other than Portfolio Credit-Linked Notes:

- (i) in respect of Fixed Amount Notes and/or Range Accrual Notes, “Accrual of Interest upon Credit Event” shall be specified as Not Applicable in the relevant Issue Terms and no interest shall be paid in respect of the Notes on any Interest Payment Date falling on or after a Credit Event Observation Date where the relevant Credit Event Determination Date has occurred prior to such Credit Event Observation Date or, if the Credit Event Determination Date falls prior to the first Credit Event Observation Date, no interest shall be paid in respect of the Credit-Linked Notes; or

- (ii) in respect of Fixed Accrual Notes and/or Variable Rate Notes other than Range Accrual Notes and:

- (a) if “Accrual of Interest upon Credit Event” is specified as Not Applicable in the relevant Issue Terms, each Credit-Linked Note shall cease to accrue interest from (and including) the Interest Period Date falling prior to the Credit Event Observation Date following the Credit Event Determination Date or, if the Credit Event Determination Date falls prior to the first Interest Period Date, no interest shall accrue on the Credit-Linked Notes; or

PAYOUT SCHEDULE - INTEREST

- (b) if “Accrual of Interest upon Credit Event” is specified as being Applicable in the relevant Issue Terms, each Credit-Linked Note shall cease to accrue interest from the Credit Event Determination Date and, notwithstanding anything to the contrary in the Terms and Conditions, interest accrued to (but excluding) the Credit Event Determination Date will be paid on the Credit Event Redemption Date.

Unless otherwise specified in the relevant Pricing Supplement in the case of Exempt Notes, “Accrual of Interest upon Credit Event” shall only be specified as Applicable where the Credit Event Observation Dates are specified in the relevant Issue Terms to be the Interest Period Dates.

4.3. For the purposes of determining the Interest Amounts in respect of Portfolio Credit-Linked Notes, “Portfolio Linked Interest Adjustment” shall be specified as “Applicable” in the relevant Issue Terms and:

- (i) in respect of Fixed Amount Notes and/or Range Accrual Notes, “Accrual of Interest upon Credit Event” shall be specified as Not Applicable in the relevant Issue Terms;
- (ii) unless otherwise specified in the relevant Pricing Supplement in the case of Exempt Notes, “Accrual of Interest upon Credit Event” shall only be specified as Applicable where the Credit Event Observation Dates are specified in the relevant Issue Terms to be the Interest Period Dates; and
- (iii) if a Credit Event Determination Date has occurred in respect of any specified Reference Entity, for the purposes of Interest Payout Condition 6.2 (*Calculation of Interest Amount*) in respect of all Notes, the Calculation Amount shall be deemed to be the Adjusted Calculation Amount.

For these purposes “**Adjusted Calculation Amount**” means, on any Interest Payment Date or other date for payment pursuant to Reference Item Condition 2 (*Credit-Linked Notes*), as the case may be:

- (I) in respect of Non-Tranched Portfolio Credit Linked Notes:
 - (A) if “Accrual of Interest upon Credit Event” is specified as Not Applicable in the relevant Issue Terms, an amount equal to (1) the Calculation Amount minus (2) the sum of a Note’s *pro rata* share of the Reference Entity Notional Amounts (or, in the case of a Restructuring Credit Event, portion thereof, if applicable) in respect of the number of Reference Entities in respect of which a Credit Event Determination Date has occurred prior to the Credit Event Observation Date falling on or immediately preceding the Interest Period Date or (in respect of Fixed Amount Notes) the Interest Payment Date falling at the end of the relevant Interest Period or, if different, the final day of the period for which interest is being determined pursuant to the Reference Item Conditions, as the case may be; or
 - (B) if “Accrual of Interest upon Credit Event” is specified as being Applicable in the relevant Issue Terms, an amount equal to (1) the Calculation Amount minus (2) (A) the sum of the amounts, determined in respect of each day in the relevant Interest Period, equal to the sum of a Note’s *pro rata* share of the Reference Entity Notional Amounts (or, in the case of a Restructuring Credit Event, the portion thereof, if applicable) in respect of the number of Reference Entities in respect of which a Credit Event Determination Date has occurred on or prior to such day divided by (B) the number of days in

the relevant Interest Period or, if different, the period for which interest is being determined pursuant to the Conditions, as the case may be;

- (II) in respect of Tranched Portfolio Credit-Linked Notes:
- (A) if “Accrual of Interest upon Credit Event” is specified as Not Applicable in the relevant Issue Terms, an amount equal to the “**Tranched Calculation Amount**” determined by reference to the Reference Entity Notional Amounts (or, in the case of a Restructuring Credit Event, the portion thereof, if applicable) in respect of the number of Reference Entities in respect of which a Credit Event Determination Date has occurred prior to the Credit Event Observation Date falling on or immediately preceding the Interest Period Date, or (in respect of Fixed Amount Notes) the Interest Payment Date falling at the end of the relevant Interest Period or, if different, the final day of the period for which interest is being determined pursuant to the Reference Item Conditions, as the case may be; or
- (B) if “Accrual of Interest upon Credit Event” is specified as Applicable in the relevant Issue Terms, an amount equal to (A) the sum of the amounts, determined in respect of each day in the relevant Interest Period, equal to the Tranched Calculation Amount for each such day divided by (B) the number of days in the relevant Interest Period.

For the purposes of this Interest Payout Condition 4 (*Credit-Linked Interest Provisions*):

“**Tranched Calculation Amount**” means, in respect of a day, an amount, subject to a minimum of zero, determined by the Calculation Agent by reference to the following formula:

$$CA \times [100\% - \text{Aggregate Portfolio Loss}] - TUC$$

where Aggregate Portfolio Loss is determined as of the relevant day and is as defined in Redemption Payout Condition 2.2 (*Credit Event Redemption Amount*) provided that where any Final Price is not determined as of the relevant date such Final Price will be deemed to be zero and provided further that TUC will be determined as if the Notes were being redeemed as of the relevant day.

- 4.4. The Calculation Agent may, in its sole discretion, determine any Interest Amount due in respect of Credit-Linked Notes prior to the relevant Credit Event Observation Date. In such circumstances the Interest Amount determined may not reflect reductions in the interest accrued as a result of any relevant Credit Event Determination Date determined prior to the relevant Credit Event Observation Date. If interest is overpaid then, in accordance with the definition of Credit Event Determination Date, the Calculation Agent may make such adjustment(s) to the Terms and Conditions of the relevant Notes (including any adjustment to future amounts due (including interest (if any) or principal)) as may be required to achieve as far as practicable the same economic position for Noteholders as would have prevailed had the correct amount of interest been paid.
- 4.5. Where any Final Price is deemed to be zero as provided in and for purposes of the definition of Tranched Calculation Amount above, following any such Final Price being determined then, in each case, the Calculation Agent will, as soon as reasonably practicable, calculate the shortfall (if any) in any amount(s) of interest paid prior to such Final Price being determined on the basis of the amount of interest which would have been payable had the relevant Final Price been determined as of the related Credit Event Determination Date. The Issuer will pay, in respect of such Note and each such

PAYOUT SCHEDULE - INTEREST

Final Price for which the relevant shortfall has been calculated, the relevant shortfall(s) relating to that Note on the next following Interest Payment Date or, if none, the Credit Event Redemption Date but without any additional interest or other amount being paid on any such shortfall in respect of the relevant delay(s).

5. **Adjustment of Interest Amounts in respect of Barrier Bond Notes**

- 5.1. For the purposes of determining the Interest Amounts in respect of Notes for which the Reference Item-Linked Redemption Amount is the "Barrier Bond Redemption Amount" ("**Barrier Bond Notes**") and for the purposes of Interest Payout Condition 6.2 (*Calculation of Interest Amount*), the Calculation Amount shall be deemed to be the Barrier Calculation Amount.
- 5.2. For these purposes "**Barrier Calculation Amount**" means, on any Interest Payment Date, an amount determined by the Calculation Agent by reference to the following formula (which, for the avoidance of doubt, may be zero but may not be less than zero):

$$CA \times (100\% - \text{Current Relevant Weighting})$$

where:

"**Current Relevant Weighting**" means, in respect of an Interest Period, the sum of the weightings (W_i , as defined in the relevant Redemption Payout Condition) for each of the Reference Items in respect of which a Barrier Event has first occurred prior to the Barrier Event Observation Date falling on or immediately preceding the Interest Period Date (or in respect of Fixed Amount Notes, Interest Payment Date) falling at the end of the relevant Interest Period or, if different, the final day of the period for which interest is being determined pursuant to the Reference Item Conditions, as the case may be. The Calculation Agent may, in its sole discretion, determine any Interest Amount due in respect of Barrier Bond Notes prior to the relevant Barrier Event Observation Date. In such circumstances the Interest Amount determined may not reflect reductions in the interest accrued as a result of any relevant Barrier Event determined to have occurred prior to the relevant Barrier Event Observation Date. If interest is overpaid then the Calculation Agent may make such adjustment(s) to the Terms and Conditions of the relevant Notes (including any adjustment to future amounts due (including interest (if any) or principal)) as may be required to achieve as far as practicable the same economic position for Noteholders as would have prevailed had had the correct amount of interest been paid.

6. **General Provisions relating to Interest**

6.1. *Accrual of interest*

Subject as provided in Interest Payout Condition 4 (*Credit-Linked Interest Provisions*) and Interest Payout Condition 5 (*Adjustment of Interest Amounts in respect of Barrier Bond Notes*), Fixed Accrual Notes and Variable Rate Notes bear interest from, and including, the Interest Commencement Date at the applicable Rate of Interest payable in arrear on each relevant Interest Payment Date, subject as provided in General Condition 7 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Payout Schedule 1 (*Interest*) (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note have been paid; and

- (ii) the day which is seven days after the Fiscal Agent or the relevant VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes (except to the extent that there is any subsequent default in payment).

In respect of Fixed Accrual Notes and Reference Item-Linked Interest Notes, in either case, subject as provided in Interest Payout Condition 4 (*Credit-Linked Interest Provisions*), the Issuer will pay the relevant Interest Amount on the relevant Interest Payment Date, interest will not accrue in respect of an Interest Period and references in the Terms and Conditions to “accrual” shall be deemed to be references to interest payable in respect of the Notes where the context so requires. If upon due presentation, payment of the Redemption Amount is improperly withheld or refused, interest determined in accordance with applicable laws and regulations will be payable (as well after as before judgment) until whichever is the earlier of:

- (i) the day on which all sums due in respect of such Note have been paid; and
- (ii) the day which is seven days after the Fiscal Agent or the relevant VP Systems Agent, as applicable, has notified the Holders that it has received all sums due in respect of the Notes (except to the extent that there is any subsequent default in payment).

6.2. *Calculation of Interest Amount*

Except in respect of Fixed Amount Notes or Reference Item-Linked Interest Notes and subject as provided herein, the Calculation Agent will, as soon as practicable after the time at which the Rate of Interest and/or the amount of interest (the “**Interest Amount**”) is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of such Interest Period either (i) in the case of Exempt Notes, as otherwise specified in the relevant Pricing Supplement or, (ii) if not so specified, by applying the Rate of Interest for such Interest Period to the Calculation Amount, and multiplying the product by the relevant Day Count Fraction.

In respect of Fixed Amount Notes and subject as provided herein, the Interest Amount in respect of a relevant Interest Period will be the Fixed Coupon Amount determined (except, in the case of Exempt Notes, as otherwise specified in the relevant Pricing Supplement) as the product of (1) the Rate of Interest specified for the relevant Interest Period in the relevant Issue Terms (which, for the avoidance of doubt shall not be an annualized rate) and (2) the Calculation Amount and which, as of the Issue Date of the first Tranche of the Notes is the amount specified as the Fixed Coupon Amount for the relevant Interest Period in the relevant Issue Terms.

In respect of Reference Item-Linked Interest Notes, the relevant Reference Item-Linked Interest Amount shall be determined as provided in Interest Payout Condition 3 (*Reference Item-Linked Interest Notes*).

6.3. *Accumulated Interest*

Where the relevant Issue Terms specifies that Accumulated Interest is applicable, the Interest Amount which is payable or which accrues in respect of each Interest Period will be accumulated during the term of the Notes and will only be paid on the Interest Payment Date specified in the relevant Issue Terms. No periodic payment of any Interest Amount will be paid at the end of any Interest Period except on the specified Interest Payment Date.

6.4. *FX Interest Conversion*

Where the relevant Issue Terms specifies that “FX Interest Conversion” is Applicable, Reference Item Schedule 7 (*Currency Linked Notes*) shall be deemed to apply for the purposes of the determination of the Interest FX Rate and the Interest Amount in respect of each Interest Period

PAYOUT SCHEDULE - INTEREST

determined in accordance with the above provisions shall be multiplied by the Interest FX Rate for the relevant Interest Period and references to Interest Amount herein shall be deemed to be references to such amount, as so adjusted, as the context requires.

For the purposes thereof:

“**FX_(Initial)**” means, in respect of an Interest FX Rate ($i = fx$), Reference Item Initial_i for such Interest FX Rate.

“**FX_(IP)**” means, in respect of an Interest FX Rate ($i = fx$) and an Interest Period, the Reference Price for such Interest FX Rate on the Interest FX Determination Date for such Interest Period, provided that, if the Notes are redeemed early pursuant to Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*), FX_(IP) shall be the Reference Price for such Interest FX Rate on the date falling five Business Days prior to the relevant Credit Event Redemption Date, which date shall be deemed to be a “Valuation Date”.

“**Interest FX**” means, in respect of an Interest FX Rate and an Interest Period, an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{FX}_{(\text{IP})}}{\text{FX}_{(\text{Initial})}}$$

“**Interest FX Determination Date**” means, in respect of an Interest Period, each date (t where $t = 1 \dots y$) specified as such in the relevant Issue Terms, each such date being a “Valuation Date”.

“**Interest FX Rate**” means, where FX Interest Conversion is specified as Applicable in the relevant Issue Terms and in respect of an Interest Period and the related Interest Payment Date, Interest FX for the FX Rate specified for the Interest FX Rate in the relevant Issue Terms.

6.5. *Rounding and Specified Denominations*

The amount of any Interest Amount determined as provided herein will be rounded to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

Where the Specified Denomination of a Note is the Calculation Amount, the amount of interest in respect of such Note shall be the Interest Amount. Where the Specified Denomination of a Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amounts (determined in the manner provided above) for each Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

6.6. *Publication*

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents (if applicable), each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and, in the case of VP Systems Notes, the VP, VPS, Euroclear Finland or Euroclear Sweden, as the case may be, and the relevant VP Systems Agent as soon as practicable after such determination but (in the case of each Rate of Interest,

Interest Amount and Interest Payment Date in respect of Floating Rate Notes for which the Interest Determination Date falls on or prior to the first day of the relevant Interest Period only) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Holders in accordance with General Condition 15 (*Notices*). The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period (where applicable).

6.7. *Notifications etc.:*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Interest Payout Condition 6.7 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents (if applicable), the VP Systems Agents (if applicable), the Holders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. **General Definitions relating to Interest**

“**Business Day Convention**” has the meaning given in General Condition 2.1 (*Definitions*);

“**Day Count Fraction**” means, in respect of the calculation of an amount for any period of time (the “**Calculation Period**”), such day count fraction as may be specified in the Conditions or the relevant Issue Terms and:

- (i) if “**Actual/Actual (ICMA)**” is so specified, means:
 - (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (A) the actual number of days in such Regular Period and (B) the number of Regular Periods in any year; and
 - (b) where the Calculation Period is longer than one Regular Period, the sum of:
 - (i) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (A) the actual number of days in such Regular Period and (B) the number of Regular Periods in any year; and
 - (ii) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (A) the actual number of days in such Regular Period and (B) the number of Regular Periods in any year;
- (ii) if “**Actual/365**”, “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (iii) if “**Actual/365 (Fixed)**” is so specified, means the actual number of days in the Calculation Period divided by 365;
- (iv) if “**Actual/360**” is so specified, means the actual number of days in the Calculation Period divided by 360;

PAYOUT SCHEDULE - INTEREST

- (v) if “**30/360**” is so specified, means the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D1 will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “**30E/360**” or “**Eurobond Basis**” is so specified, means the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30; and

- (vii) if “**30E/360 (ISDA)**” is so specified, means the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

- “**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;
- “**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;
- “**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;
- “**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;
- “**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and
- “**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30; and

- (viii) if “1” is so specified, means 1.

“**Interest Averaging Date**” means each date (t where $t = 1 \dots y$) specified as such in the relevant Issue Terms, such date being a “Valuation Date”;

“**Interest Commencement Date**” means the Issue Date of the Note or such other date as may be specified as the Interest Commencement Date in the relevant Issue Terms;

“**Interest Determination Date**” in respect of Variable Rate Notes, is as specified in Interest Payout Condition 2.3 (*Definitions applicable to Variable Rate Notes*) and, in respect of the Reference Item Linked Interest Provisions, is as specified in Interest Payout Condition 3 (*Reference Item-Linked Interest Notes*).

“**Interest Payment Date**” means, either (i) where Accumulated Interest is specified as Applicable in the relevant Issue Terms, in respect of each Interest Period, the date specified in the relevant Issue Terms or (ii) where Accumulated Interest is not specified as Applicable in the relevant Issue Terms, in respect of an Interest Period ending on or about such date:

- (i) the date or dates specified as such in the relevant Issue Terms and, if a Business Day Convention is specified in the relevant Issue Terms; or
- (ii) if no such date or dates are so specified, each Interest Period Date,

in any such case, as the same may be adjusted in accordance with the relevant Business Day Convention, provided that, if the Reference Item-Linked Interest provisions are specified as

PAYOUT SCHEDULE - INTEREST

Applicable in the relevant Issue Terms and any scheduled date for valuation in respect of the relevant interest calculation is delayed pursuant to the provisions of these Conditions, the relevant Interest Payment Date will be the later of the originally specified Interest Payment Date and the fifth Business Day following the last occurring date for valuation in respect of the amounts to be paid on such Interest Payment Date and/or, if the Maturity Date is delayed as provided in Redemption Payout Condition 1.1 (*Final redemption*), any Interest Payment Date scheduled to fall on the originally designated Maturity Date shall be similarly delayed but any such delay shall not operate to extend the final Interest Period, which shall end on the originally designated date without adjustment, and no additional amounts in respect of interest shall accrue or be paid in relation thereto;

“**Interest Period**” means either (i) in respect of Notes other than Notes cleared through Euroclear Sweden, each period beginning on (and including) the Interest Commencement Date or any Interest Period Date and ending on (but excluding) the next Interest Period Date or (ii) in respect of Notes cleared through Euroclear Sweden, each period beginning on (but excluding) the Interest Commencement Date or any Interest Period Date and ending on (and including) the next Interest Period Date;

“**Interest Period Date**” means:

- (i) the date or dates specified as such in the relevant Issue Terms or, if none are so specified, each Interest Payment Date and, if a Business Day Convention is specified in the relevant Issue Terms, as the same may be adjusted in accordance with the relevant Business Day Convention; or
- (ii) if the Business Day Convention is the FRN Convention, Floating Rate Convention or Eurodollar Convention and an interval of a number of calendar months is specified in the relevant Issue Terms as being the Specified Period, each of such dates as may occur in accordance with the FRN Convention, Floating Rate Convention or Eurodollar Convention at such Specified Period of calendar months following the Interest Commencement Date (in the case of the first Interest Period Date) or the previous Interest Period Date (in any other case);

“**Interest Valuation Date**” means each date (t where $t = 1 \dots y$) specified as such in the relevant Issue Terms, such date being a “Valuation Date”;

“**Max**” means the greater of the items separated by a semi-colon in square brackets;

“**Min**” means the lesser of the items separated by a semi-colon in square brackets;

“**Rate of Interest**” means the rate or rates (expressed as a percentage per annum or, where “Accrual” is specified as Not Applicable in the relevant Issue Terms in respect of Fixed Rate Notes, expressed as a percentage) of interest payable in respect of the Notes specified in the relevant Issue Terms or calculated or determined in accordance with the provisions of these Conditions and/or, in respect of Exempt Notes, the relevant Pricing Supplement;

“**Reference Item**” shall be as defined in Redemption Payout Condition 34.1 (*General definitions*);

“**Regular Period**” means:

- (i) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Period Date and each successive period from and including one Interest Period Date to but excluding the next Interest Period Date;

- (ii) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where “**Regular Date**” means the day and month (but not the year) on which any Interest Period Date falls; and
- (iii) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where “**Regular Date**” means the day and month (but not the year) on which any Interest Period Date falls other than the Interest Period Date falling at the end of the irregular Interest Period; and

“**Specified Period**” has the meaning given in the relevant Issue Terms.

8. Zero Coupon Note Provisions

8.1. *Application*

This Interest Payout Condition 8 is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Issue Terms as being applicable to one or more Interest Period(s).

8.2. *No Interest*

Except as otherwise detailed in Interest Payout Condition 8.3 (*Late Payment on Zero Coupon Notes*) below, no interest is payable in respect of the Notes and references in the General Conditions to “Coupons” and “Couponholders” are not applicable.

8.3. *Late Payment on Zero Coupon Notes*

If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:

- (i) the Reference Price; and
- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of:
 - (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (b) the day which is seven days after the Fiscal Agent has notified the Holders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

**PAYOUT SCHEDULE 2
REDEMPTION**

1. Final redemption and early redemption

1.1. Final redemption

Subject as provided in Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*) below, the “**Final Redemption Amount**” for the purposes of General Condition 6.1 (*Scheduled redemption*) shall be the amount specified as the Final Redemption Amount in the relevant Issue Terms (which shall not be less than zero) which amount may be the Reference Item-Linked Redemption Amount determined as set out below or, in respect of Exempt Notes, in the relevant Pricing Supplement.

Where the relevant Issue Terms specifies that “FX Principal Conversion” is Applicable in respect of Notes other than Notes for which the Final Redemption Amount is the Reference Item-Linked Redemption Amount, Reference Item Schedule 7 (*Currency Linked Notes*) shall be deemed to apply for the purposes of the determination of the Principal FX Rate and the Final Redemption Amount specified in the relevant Issue Terms or the Credit Event Redemption Amount determined in accordance with Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*) below, as applicable, shall be multiplied by the Principal FX Rate as determined in accordance with the provisions of Redemption Payout Condition 33 (*Exchange Rate*) and references to the Final Redemption Amount or Credit Event Redemption Amount herein shall be deemed to be references to such amount, as so adjusted, as the context requires.

Where any relevant scheduled date for valuation in respect of the determination of any Reference Item-Linked Redemption Amount is delayed pursuant to the provisions of these Conditions, the Maturity Date will be the later of the originally specified Maturity Date and the fifth Business Day following the last occurring date for valuation in respect of the Reference Item-Linked Redemption Amount to be paid on the Maturity Date. For the avoidance of doubt, where the Maturity Date is postponed pursuant to the provisions of Reference Item Condition 2 (*Credit-Linked Notes*), only the Maturity Date shall be affected by the provisions thereof, the valuation provisions shall not be affected by the postponement of the Maturity Date and no interest or other additional amount shall be payable in respect of any such postponement, except as otherwise specified in Reference Item Condition 2 (*Credit-Linked Notes*).

1.2. Early redemption

For the purposes of General Condition 6.2 (*Early redemption*), (i) where the Credit-Linked Provisions are specified as applicable and the Notes are specified to be Credit Linked Notes in the relevant Issue Terms, the Notes may be redeemed early in accordance with the provisions of Reference Item Condition 2 or (ii) where Autocall Early Redemption is specified as Applicable in the relevant Issue Terms, the Notes shall be redeemed early at their Early Redemption Amount on the relevant Early Redemption Date in the circumstances specified in Redemption Payout Condition 1.4 (*Early Redemption (Autocall)*) below.

1.3. Early redemption of Zero Coupon Notes

Unless otherwise specified in the relevant Pricing Supplement in relation to Exempt Notes, the Early Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:

- (i) the Reference Price; and

- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction specified in the relevant Issue Terms which will be either:

- (i) “**30/360**”, in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable (the “Relevant Period”) and the denominator will be 360; or
- (ii) “**Actual/360**”, in which case the numerator will be equal to the actual number of days in the Relevant Period and the denominator will be 360; or
- (iii) “**Actual/Actual**”, in which case the numerator will be equal to the actual number of days in the Relevant Period and the denominator will be 365 or, if any portion of the Relevant Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Relevant period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Relevant Period falling in a non-leap year divided by 365.

1.4. *Early Redemption (Autocall)*

This Redemption Payout Condition 1.4 is applicable to the Notes only if “Autocall” is specified as Applicable in the relevant Issue Terms.

If an Autocall Event occurs in respect of an Autocall Valuation Date (t), the Notes will be redeemed as specified in Redemption Payout Condition 1.2 (*Early redemption*) and the Early Redemption Amount shall be the Autocall Early Redemption Amount, determined as set out below or, in respect of Exempt Notes, in the relevant Pricing Supplement.

Where:

“**Autocall Barrier_t**” means, in respect of an Autocall Valuation Date (t), the percentage specified for such Autocall Valuation Date (t) in the relevant Issue Terms;

“**Autocall Early Redemption Amount**” means, in respect of each Calculation Amount and an Autocall Valuation Date (t), unless otherwise specified in the relevant Pricing Supplement in respect of Exempt Notes, the Calculation Amount.

“**Autocall Event**” means, in relation to an Autocall Valuation Date (t), “Relevant Autocall Performance_t” for such Autocall Valuation Date (t) is greater than or equal to Autocall Barrier_t.

“**Autocall Performance_{t, i}**” means, in relation to an Autocall Valuation Date (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Price}_{t,i}}{\text{Reference Price}_{0,i}}$$

“**Reference Price_{0, i}**” means, in relation to a Reference Item (i), Reference Item Initial_i for such Reference Item (i).

PAYOUT SCHEDULE - REDEMPTION

“**Reference Price_{t,i}**” means, in relation to an Autocall Valuation Date (*t*) and a Reference Item (*i*), the Reference Price for such Reference Item (*i*) in respect of such Autocall Valuation Date (*t*).

“**Relevant Autocall Performance_t**” means, in relation to an Autocall Valuation Date (*t*):

- (a) where the Notes relate to a single Reference Item (*i*), Autocall Performance_{t,i};
- (b) where the Notes relate to a Basket of Reference Items (*i*), percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Autocall Performance}_{t,i} * W_i$$

- (c) where the relevant Issue Terms specifies that “Nth Performance” is Applicable, Autocall Performance_{t,i} of the Nth Performing Reference Item for such Autocall Valuation Date (*t*).

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

2. Redemption in respect of Credit-Linked Notes

2.1. Application

If the Credit-Linked Provisions are specified as Applicable and the Notes are specified to be Credit-Linked Notes in the relevant Issue Terms the Notes will be redeemed in accordance with the provisions of Reference Item Condition 2.

2.2. Credit Event Redemption Amount

“**Credit Event Redemption Amount**” means, unless otherwise specified in the Issue Terms:

- (a) subject as provided in paragraph (d) below, in the case of Single Reference Entity Credit Linked Notes, First-to-Default Credit Linked Notes and Nth-to-Default Credit Linked Notes, an amount calculated by the Calculation Agent equal to each Note’s *pro rata* share of:

$$(\text{RENA} \times \text{FP}) - \text{UC}$$

Expressed in words, this is (1) the product of the Reference Entity Notional Amount and the Final Price, Auction Final Price or the Set/Zero Recovery Price, as applicable minus (2) the Unwind Costs.

- (b) subject as provided in paragraph (d) below, in the case of Non-Tranched Portfolio Credit Linked Notes, an amount calculated by the Calculation Agent equal to each Note’s *pro rata* share of:

$$\left(\sum_{1 \dots n} \text{RENA}_{w,i} \right) + \left(\sum_{1 \dots n} \text{RENA}_{A,i} \times \text{FP}_{A,i} \right) - \text{UC};$$

Expressed in words, this is (1) the sum of the Reference Entity Notional Amounts in respect of each Reference Entity for which a Credit Event Determination Date has not occurred plus (2) the sum of, in respect of each Reference Entity for which a Credit Event Determination

Date has occurred, the product of the Reference Entity Notional Amount and the Final Price, Auction Final Price or the Set/Zero Recovery Price (as applicable) minus (3) Unwind Costs.

- (c) subject as provided in paragraph (d) below, in the case of Tranching Portfolio Credit-Linked Notes, an amount, subject to a minimum of zero, calculated by the Calculation Agent in relation to each Calculation Amount equal to:

$$CA \times [100\% - \text{Aggregate Portfolio Loss}] - TUC$$

- (d) if Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are specified to be applicable in the relevant Issue Terms, the Final Redemption Amount specified in the relevant Issue Terms which shall be determined as set out in this Payout Schedule 2 (*Redemption*) or, in respect of Exempt Notes, in the relevant Pricing Supplement, except that references to "CA" in the definition of Relevant Principal Amount shall be deemed to be references to the Credit Event Redemption Amount determined pursuant to (a) or (b) or (c) above, as applicable, as described in the definition of Relevant Principal Amount in Redemption Payout Condition 34 (*Additional Definitions*) below.

where:

“**Aggregate Portfolio Loss**” means, in respect of a day, a percentage determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\text{Min} [100\%; \text{Max}(0\%; \text{Exposure})]$$

“**AP**” means the “Attachment Point” specified in the relevant Issue Terms;

“**DP**” means the “Detachment Point” specified in the relevant Issue Terms;

“**Exposure**” means an amount, expressed as a percentage, determined by the Calculation Agent by reference to the following formula:

$$\frac{LP - AP}{DP - AP}$$

“**FP**” is the Final Price, the Auction Final Price or the Set/Zero Recovery Price, as applicable, with $FP_{A,i}$ being such value in respect of the Reference Entity for which a Credit Event Determination Date has occurred;

“**LP**” means the “Loss Percentage” being, in respect of a day, a fraction expressed as a percentage, determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\left[\sum_{i=1..n} RENA_{A,i} \times (1 - FP_{A,i}) \right] / \left[\sum_{i=1..n} RENA_{u,i} + \sum_{i=1..n} RENA_{A,i} \right]$$

Expressed in words this is (A) the sum of, in respect of each Reference Entity for which a Credit Event Determination Date has occurred, the product of the Reference Entity Notional Amount and one minus the relevant Final Price, Auction Final Price or the Set/Zero Recovery Price (as applicable) divided by (B) the sum of the Reference Entity Notional Amounts in respect of each Reference Entity for which a Credit Event Determination Date has not occurred and each Reference Entity for which a Credit Event Determination Date has occurred;

PAYOUT SCHEDULE - REDEMPTION

“**n**” is the number of Reference Entities,

"**RENA**" is the Reference Entity Notional Amount, with **RENA_{u,i}** being the Reference Entity Notional Amount in respect of any Reference Entity_i for which a Credit Event Determination Date has not occurred and being deemed to be zero for all other Reference Entities and **RENA_{A,i}** is the Reference Entity Notional Amount in respect of any Reference Entity_i for which a Credit Event Determination Date has occurred and being deemed to be zero for all other Reference Entities;

“**TUC**” is each Note’s *pro rata* portion of the Unwind Costs;

"**UC**" is Unwind Costs; and

provided that, in each case, in no event shall the Credit Event Redemption Amount be less than zero.

3. **Inflation Adjusted Redemption Amount**

3.1. *Application*

This Redemption Payout Condition 3 is applicable to the Notes only if “Inflation Adjusted Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

3.2. *Formula*

The “**Inflation Adjusted Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Reference Price}_r)] \times \text{OFX}$$

3.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 3:

“**Performance Floor**” means the percentage specified in the relevant Issue Terms or, if the relevant Issue Terms specifies that “Performance Floor” is not applicable, 100 per cent..

“**PR**” means the participation rate, expressed as a percentage, specified in the relevant Issue Terms or, if the relevant Issue Terms specifies that “PR” is not applicable, 100 per cent.;

“**Reference Price_r**” means, in respect of the Maturity Date, the Reference Price for the Reference Item for the Final Valuation Date;

4. **Call Redemption Amount**

4.1. *Application*

This Redemption Payout Condition 4 is applicable to the Notes only if “Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

4.2. *Formula*

The “**Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Call Performance})] \times \text{OFX}$$

4.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 4:

“**Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance} - \text{Strike}];$$

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or “Nth” equal highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{ReferenceItem Final}_i}{\text{ReferenceItem Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

PAYOUT SCHEDULE - REDEMPTION

5. **Put Redemption Amount**

5.1. *Application*

This Redemption Payout Condition 5 is applicable to the Notes only if “Put Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

5.2. *Formula:*

The “**Put Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})] \times \text{OFX}$$

5.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 5:

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or “Nth” equal highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}];$$

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

6. Call Spread Redemption Amount

6.1. Application

This Redemption Payout Condition 6 is applicable to the Notes only if “Call Spread Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

6.2. Formula

The “**Call Spread Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Capped Performance})] \times \text{OFX}$$

6.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 6:

“**Capped Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{Min} [\text{Performance Cap}; \text{Call Performance}]$$

where:

“**Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance} - \text{Strike}]$$

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Performance Cap**” means the percentage specified in the relevant Issue Terms;

PAYOUT SCHEDULE - REDEMPTION

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

7. **Put Spread Redemption Amount**

7.1. *Application*

This Redemption Payout Condition 7 is applicable to the Notes only if “Put Spread Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

7.2. *Formula*

The “**Put Spread Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Capped Performance})] \times \text{OFX}$$

7.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 7:

“**Capped Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{Min [Performance Cap; Put Performance]}$$

where:

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Performance Cap**” means the percentage specified in the relevant Issue Terms;

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{[Strike - Relevant Performance]}$$

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i ;$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

8. Individually Capped Call Redemption

8.1. Application

This Redemption Payout Condition 8 is applicable to the Notes only if “Individually Capped Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

8.2. Formula

The “**Individually Capped Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Individually Capped Performance})] \times \text{OFX}$$

8.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 8:

“**Individually Capped Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Capped Performance}_i * W_i$$

where:

“**Capped Performance_i**” means, in relation to a Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{Min} [\text{Performance Cap}; \text{Call Performance}_i]$$

“**Call Performance_i**” means, in relation to a Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{RI Final Performance}_i - \text{Strike}]$$

“**Performance Cap**” means the percentage specified in the relevant Issue Terms.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

9. Fixed Best Call Redemption Amount

9.1. *Application*

This Redemption Payout Condition 9 is applicable to the Notes only if “Fixed Best Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

9.2. *Formula*

The “**Fixed Best Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Fixed Best Call Performance})] \times \text{OFX}$$

9.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 9:

“**Fixed Best Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Adjusted Call Performance}_i * W_i$$

where:

“**Adjusted Call Performance_i**” means:

- (i) in relation to each Reference Item (*i*) which is a Best Performing Reference Item, the Fixed Performance; and
- (ii) in relation to each Reference Item (*i*) which is not a Best Performing Reference Item, the Call Performance_i for such Reference Item (*i*).

“**Best Performing Reference Item**” means a Reference Item (*i*) for which Call Performance_i is one of the Relevant Number of highest or equal highest Call Performances_i, as determined by the Calculation Agent.

“**Call Performance_i**” means, in relation to a Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{RI Final Performance}_i - \text{Strike}]$$

“**Fixed Performance**” means the percentage specified in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

“**Relevant Number**” means the number of Reference Items (*i*) specified in the relevant Issue Terms.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**Wi**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

10. **Rainbow Call Redemption Amount**

10.1. *Application*

This Redemption Payout Condition 10 is applicable to the Notes only if “Rainbow Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

10.2. *Formula*

The “**Rainbow Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Rainbow Call Performance})] \times \text{OFX}$$

10.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 10:

“**Rainbow Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Call Performance}_i * W_i$$

“**Call Performance_i**” means, in relation to a Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{RI Final Performance}_i - \text{Strike}]$$

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**Wi**” means:

- (i) in relation to the Best Performing Reference Item, the Best Performing Weighting for such Reference Item (*i*), as specified in the relevant Issue Terms;
- (ii) in relation to each of the next-Best Performing Reference Item(s) (if any), the *ith*-Best Performing Weighting for such Reference Item (*i*), as specified in the relevant Issue Terms; and
- (iii) in relation to the Worst Performing Reference Item, the Worst Performing Weighting for such Reference Item (*i*), as specified in the relevant Issue Terms.

For the purposes of this definition of “**W_i**”, the Call Performance_{*i*} of each of the Reference Items shall be ranked by the Calculation Agent in order of the highest such Call Performance_{*i*} to the lowest such Call Performance_{*i*}. The Reference Item (*i*) having the highest such Call Performance_{*i*} shall be the “**Best Performing Reference Item**” and each of the Reference Items (*i*) having each of the next highest Call Performance_{*i*} shall be the “***ith*-Best Performing Reference Item**”. The Reference Item (*i*) having the lowest such Call Performance_{*i*} shall be the “**Worst Performing Reference Item**”.

11. Quadratic Call Redemption Amount

11.1. Application

This Redemption Payout Condition 11 is applicable to the Notes only if “Quadratic Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

11.2. Formula

The “**Quadratic Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Quadratic Call Performance})] \times \text{OFX}$$

11.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 11:

PAYOUT SCHEDULE - REDEMPTION

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or “Nth” equal highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Quadratic Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}];$$

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Initial}_i}{\text{Reference Item Final}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

12. Quadratic Put Redemption Amount

12.1. Application

This Redemption Payout Condition 12 is applicable to the Notes only if “Quadratic Put Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

12.2. Formula

The “**Quadratic Put Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Quadratic Put Performance})] \times \text{OFX}$$

12.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 12:

“**Quadratic Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance} - \text{Strike}]$$

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or “Nth” equal highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Initial}_i}{\text{Reference Item Final}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

13. **Outperformance Redemption Amount**

13.1. *Application*

This Redemption Payout Condition 13 is applicable to the Notes only if “Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

13.2. *Formula*

The “**Outperformance Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Outperformance})] \times \text{OFX}$$

13.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 13:

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or “Nth” equal highest RI Final Performance_{*i*}, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Outperformance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance}_1 - \text{Relevant Performance}_2];$$

“**Outperformance Element 1**” means the Reference Item (*i*) or Basket of Reference Items (*i*) specified as such in the relevant Issue Terms.

“**Outperformance Element 2**” means the Reference Item (*i*) or Basket of Reference Items (*i*) specified as such in the relevant Issue Terms.

“**Relevant Performance**” means, in respect of Outperformance Element 1 or Outperformance Element 2:

- (i) where Outperformance Element 1 or Outperformance Element 2 relates to a single Reference Item (*i*), RI Final Performance_{*i*};
- (ii) where Outperformance Element 1 or Outperformance Element 2 relates to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where Outperformance Element 1 or Outperformance Element 2 relates to a Basket of Reference Items (*i*) and the relevant Issue Terms specifies that “Nth Performance” is applicable to Outperformance Element 1 or Outperformance Element 2, as the case may be, RI Final Performance_{*i*} of the relevant Nth Performing Reference Item.

“**Relevant Performance₁**” means, in respect of the Reference Items (*i*) comprising Outperformance Element 1, Relevant Performance in respect of such Reference Item(s) (*i*);

“**Relevant Performance₂**” means, in respect of the Reference Items (*i*) comprising Outperformance Element 2, Relevant Performance in respect of such Reference Item(s) (*i*);

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

14. **Replacement Cliquet Redemption Amount**

14.1. *Application*

This Redemption Payout Condition 14 is applicable to the Notes only if “Replacement Cliquet Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

14.2. *Formula*

The “**Replacement Cliquet Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Replacement Cliquet Performance})] \times \text{OFX}$$

14.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 14:

“**Replacement Cliquet Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{Max} \left[\text{PP Floor}; \left(\prod_{t=1}^y \text{Adjusted Periodic Performance}_t \right) \right] - \text{Strike};$$

where:

“**Adjusted Periodic Performance_t**” means:

PAYOUT SCHEDULE - REDEMPTION

- (i) in relation to each Periodic Valuation Date (t) which is one of the Highest Performance Periodic Valuation Dates, the Replacement Periodic Performance; and
- (ii) in relation to each Periodic Valuation Date (t) which is not one of the Highest Performance Periodic Valuation Dates, the Relevant Periodic Performance _{t} for such Periodic Valuation Date (t);

“**Highest Performance Periodic Valuation Date**” means a Periodic Valuation Date (t) for which the Relevant Periodic Performance _{t} is one of the Relevant Number of highest or equal highest Relevant Periodic Performances _{s} , as determined by the Calculation Agent;

“**PP Floor**” means the periodic performance floor, being the percentage specified in the relevant Issue Terms;

“**Reference Item Periodic _{t, i}** ” means, in relation to Periodic Valuation Date (t) and a Reference Item (i), an amount equal to the Reference Price for such Reference Item (i) in relation to such Periodic Valuation Date (t).

“**Reference Item Periodic _{t, i}** ” means, in relation to a Periodic Valuation Date (t) and a Reference Item (i), “Reference Item Periodic _{t, i} ” in relation to such Reference Item (i) in respect of the Periodic Valuation Date immediately preceding such Periodic Valuation Date (t) or, where ($t = 1$), Reference Item Initial _{i} for such Reference Item (i).

“**Relevant Number**” means the number specified in the relevant Issue Terms.

“**Relevant Periodic Performance _{t}** ” means, in relation to a Periodic Valuation Date (t):

- (i) where the Notes relate to a single Reference Item (i), RI Periodic Performance _{t, i} for such Periodic Valuation Date (t);
- (ii) where the Notes relate to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Period Performance}_{t,i} * W_i$$

“**Replacement Periodic Performance**” means the percentage specified in the relevant Issue Terms.

“**RI Periodic Performance _{t, i}** ” means, in relation to a Periodic Valuation Date (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Periodic}_{t,i}}{\text{Reference Item Initial}_{t-1,i}}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W _{i}** ” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms, if applicable.

15. Lock-in Cliquet Redemption Amount

15.1. *Application*

This Redemption Payout Condition 15 is applicable to the Notes only if “Lock-in Cliquet Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

15.2. *Formula*

The “**Lock-in Cliquet Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Lock-in Cliquet Performance})] \times \text{OFX}$$

15.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 15:

“**Lock-in Cliquet Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{Max} \left[\left(\prod_{t=1}^y \text{Min} (\text{PP Cap}; \text{Max} (\text{Relevant Periodic Performance}_t; \text{PP Floor})) \right); \text{Lock-in Floor} \right] - \text{Strike}$$

where:

“**Lock-in Floor**” means the higher of (i) zero and (ii) the highest Lock-in Level (if any) which is equal to or next lowest to the highest Relevant Cumulative Performance_t for any Periodic Valuation Date (*t*).

“**Lock-in Level**” is the or each percentage specified in the relevant Issue Terms.

“**PP Cap**” the periodic performance cap, being the percentage specified in the relevant Issue Terms of, if the Issue Terms specifies that “PP Cap” is not applicable, infinity.

“**PP Floor**” the periodic performance floor, being the percentage specified in the relevant Issue Terms of, if the Issue Terms specifies that “PP Floor” is not applicable, zero.

“**Reference Item Periodic_{t, i}**” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), an amount equal to the Reference Price for such Reference Item (*i*) in relation to such Periodic Valuation Date (*t*).

“**Reference Item Periodic_{t-1, i}**” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), “Reference Item Periodic_{t, i}” for such Reference Item (*i*) in relation to the Periodic Valuation

PAYOUT SCHEDULE - REDEMPTION

Date immediately preceding such Periodic Valuation Date (t) or, where $(t = 1)$, Reference Item Initial _{i} for such Reference Item (i).

“**Relevant Cumulative Performance _{t}** ” means, in relation to a Periodic Valuation Date (t):

- (i) where the Notes relate to a single Reference Item (i), RI Cumulative Performance _{t, i} for such Periodic Valuation Date (t);
- (ii) where the Notes relate to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Cumulative Performance}_{t,i} * W_i$$

“**Relevant Periodic Performance _{t}** ” means, in relation to a Periodic Valuation Date (t):

- (i) where the Notes relate to a single Reference Item (i), RI Periodic Performance _{t, i} for such Periodic Valuation Date (t);
- (ii) where the Notes relate to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Periodic Performance}_{t,i} * W_i$$

“**RI Cumulative Performance _{t, i}** ” means, in relation to a Periodic Valuation Date (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Periodic}_{t,i}}{\text{Reference Item Initial}_i}$$

“**RI Periodic Performance _{t, i}** ” means, in relation to a Periodic Valuation Date (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Periodic}_{t,i}}{\text{Reference Item Periodic}_{t-1,i}}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W _{i}** ” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms, if applicable.

16. Super Asian Redemption Amount

16.1. Application

This Redemption Payout Condition 16 is applicable to the Notes only if “Super Asian Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

16.2. *Formula*

The “**Super Asian Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Super Asian Performance})] \times \text{OFX}$$

16.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 16:

“**Super Asian Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\frac{1}{y} \sum_{t=1}^y \text{Relevant Performance}_{t,i} - \text{Strike}$$

where:

“**Past Reference Price_{t,i}**” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), the highest Reference Price_t for such Reference Item (*i*) in respect of any Periodic Valuation Date preceding such Periodic Valuation Date (*t*) or, if *t*=1, zero.

“**Reference Price_{t,i}**” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), the Reference Price for such Reference Item (*i*) in respect of such Periodic Valuation Date (*t*).

“**Relevant Performance_{t,i}**” means, in relation to a Periodic Valuation Date (*t*):

- (i) where the Notes relate to a single Reference Item (*i*), RI Super Asian Performance_{t,i};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Super Asian Performance}_{t,i} * W_i$$

“**RI Super Asian Performance_{t,i}**” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Super Asian Level}_{t,i}}{\text{Reference Item Initial}_i}$$

PAYOUT SCHEDULE - REDEMPTION

“**Super Asian Level**_{t,i}” means, in relation to a Periodic Valuation Date (*t*) and a Reference Item (*i*), a level, price, rate or value determined by the Calculation Agent by reference to the following formula:

$$\text{Max [Reference Price}_{t,i}; \text{Past Reference Price}_{t,i}]$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

17. **Knock-in Call Redemption Amount**

17.1. *Application*

This Redemption Payout Condition 17 is applicable to the Notes only if “Knock-in Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

17.2. *Formula*

The “**Knock-in Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max [Performance Floor; (PR} \times \text{Call Performance)]} \times \text{OFX; or}$$

- (ii) otherwise, if no Barrier Event has occurred, zero.

17.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 17:

“**American Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier Level**” means the level, price, rate or value specified as such in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**Call Performance_i**” means, in relation to the Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{RI Final Performance}_i - \text{Strike}]$$

“**European Barrier Event**” means Reference Item Final_i is greater than or equal to the Barrier Level, as determined by the Calculation Agent.

“**Maximum Observation Price**” means (i) where the Barrier Event is an American Barrier Event, the highest Observation Price (as defined in the relevant Reference Item Schedule) during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event the highest Bermudan Observation Price (as defined in the relevant Reference Item Schedule) on any Bermudan Observation Date.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

18. **Knock-out Call Redemption Amount**

18.1. *Application*

This Redemption Payout Condition 18 is applicable to the Notes only if “Knock-out Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

18.2. *Formula*

The “**Knock-out Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, zero; or
- (ii) otherwise, if no Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Call Performance}_i)] \times \text{OFX}$$

18.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 18:

PAYOUT SCHEDULE - REDEMPTION

“**American Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier Level**” means the level, price, rate or value specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**Call Performance_i**” means, in relation to the Reference Item (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{RI Final Performance}_i - \text{Strike}]$$

“**European Barrier Event**” means Reference Item Final_i is greater than or equal to the Barrier Level, as determined by the Calculation Agent.

“**Maximum Observation Price**” means (i) where the Barrier Event is an American Barrier Event, the highest Observation Price (as defined in the relevant Reference Item Schedule) during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event the highest Bermudan Observation Price (as defined in the relevant Reference Item Schedule) on any Bermudan Observation Date.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

19. **Digital Knock-in Call Redemption Amount**

19.1. *Application*

This Redemption Payout Condition 19 is applicable to the Notes only if “Digital Knock-in Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

19.2. *Formula*

The “**Digital Knock-in Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent reference to the following formula:

$$CA \times \text{Fixed Performance} \times OFX$$

- (ii) otherwise, if no Barrier Event has occurred, zero.

19.3. *Definitions:*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 19:

“**American Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier Level**” means the level, price, rate or value specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Maximum Observation Price is equal to or greater than the Barrier Level, as determined by the Calculation Agent.

“**European Barrier Event**” means Reference Item Final_i is greater than or equal to the Barrier Level, as determined by the Calculation Agent.

“**Fixed Performance**” means the amount (expressed as a percentage) specified in the relevant Issue Terms.

“**Maximum Observation Price**” means (i) where the Barrier Event is an American Barrier Event, the highest Observation Price (as defined in the relevant Reference Item Schedule) during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event the highest Bermudan Observation Price (as defined in the relevant Reference Item Schedule) on any Bermudan Observation Date.

20. **Digital Call Redemption Amount**

20.1. *Application*

This Redemption Payout Condition 20 is applicable to the Notes only if “Digital Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

20.2. *Formula*

The “**Digital Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$RPA + \text{Reference Item Amount}$$

where:

PAYOUT SCHEDULE - REDEMPTION

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent reference to the following formula:

$$\text{CA x Highest Fixed Performance x OFX; or}$$

- (i) otherwise, if no Barrier Event has occurred, zero.

20.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 20:

“**American Barrier Event**” means the Call Performance is equal to or greater than any Barrier, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier**” means the or each percentage specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Call Performance is equal to or greater than any Barrier, as determined by the Calculation Agent.

“**Call Performance**” means (i) where the Barrier Event is an American Barrier Event, the highest percentage determined by the Calculation Agent, during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event, the highest percentage determined by the Calculation Agent on any Bermudan Observation Date or (iii) where the Barrier Event is a European Barrier Event, the percentage determined by the Calculation Agent, in each case by reference to the following formula:

$$[\text{Relevant Performance} - \text{Strike}]$$

“**European Barrier Event**” means the Call Performance is greater than or equal to any Barrier, as determined by the Calculation Agent.

“**Fixed Performance**” means, in respect of a Barrier, the amount (expressed as a percentage) specified in the relevant Issue Terms for such Barrier.

“**Highest Fixed Performance**” means the Fixed Performance in respect of the Barrier or, if more than one Barrier is specified, the Fixed Performance in respect of the Barrier equal to or next lowest to the Call Performance.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*} or, for the purposes of determining the Relevant Performance where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event at any time, having the “Nth” highest or equal “Nth” highest RI Performance_{*i*}, at the relevant time as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance_{*i*};

- (ii) where the Notes relate to a Basket of Reference Items (*i*), a ratio determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the relevant formula below:

- (i) where the Barrier Event is a European Barrier Event:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

- (ii) where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event:

$$\frac{\text{Reference Price}_i}{\text{Reference Item Initial}_i}$$

Where “**Reference Price_{*i*}**” is the Bermudan Observation Price in respect of the relevant Bermudan Observation Date (where the Barrier Event is a Bermudan Barrier Event) or the Observation Price at the relevant time in the Observation Period (where the Barrier Event is an American Barrier Event).

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

21. **Knock-in Put Redemption Amount**

21.1. *Application*

This Redemption Payout Condition 21 is applicable to the Notes only if “Knock-in Put Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

21.2. *Formula*

The “**Knock-in Put Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

RPA + Reference Item Amount

where:

“**Reference Item Amount**” means:

- (i) If a Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\mathbf{CA \times \text{Max [Performance Floor; (PR \times \text{Payout Performance})] \times OFX}}$$

- (ii) otherwise, if no Barrier Event has occurred, zero.

21.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 21:

“**American Barrier Event**” means the Put Performance is equal to or less than the Barrier, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier**” means the percentage specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Put Performance is equal to or less than the Barrier, as determined by the Calculation Agent.

“**European Barrier Event**” means the Put Performance is greater than or equal to the Barrier, as determined by the Calculation Agent.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*} or, for the purposes of determining the Relevant Performance where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event at any time, having the “Nth” highest or equal “Nth” highest RI Performance_{*i*} at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Payout Performance**” means the percentage determined by the Calculation Agent by reference to the following formula:

$$\mathbf{[\text{Strike} - \text{Relevant Performance}]}$$

“**Put Performance_{*i*}**” means, in relation to the Reference Item (*i*), (i) where the Barrier Event is an American Barrier Event, the highest percentage determined by the Calculation Agent during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event, the highest percentage determined by the Calculation Agent on any Bermudan Observation Date, or (iii) where the Barrier Event is a European Barrier Event, the percentage determined by the Calculation Agent, in each case by reference to the following formula:

[Strike - Relevant Performance]

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Performance_{*i*} of the Nth Performing Reference Item

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the relevant formula below:

- (i) where the Barrier Event is a European Barrier Event and for the purposes of determining the Payout Performance:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

- (ii) where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event:

$$\frac{\text{Reference Price}_i}{\text{Reference Item Initial}_i}$$

Where “**Reference Price_{*i*}**” is the Bermudan Observation Price in respect of the relevant Bermudan Observation Date (where the Barrier Event is a Bermudan Barrier Event) or the Observation Price at the relevant time in the Observation Period (where the Barrier Event is an American Barrier Event).

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

22. **Knock-out Put Redemption Amount**

PAYOUT SCHEDULE - REDEMPTION

22.1. *Application*

This Redemption Payout Condition 22 is applicable to the Notes only if “Knock-out Put Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

22.2. *Formula*

The “**Knock-out Put Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, zero; or
- (ii) otherwise, if no Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Payout Performance})] \times \text{OFX}$$

22.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 22:

“**American Barrier Event**” means the Put Performance is equal to or less than the Barrier, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier**” means the percentage specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Put Performance is equal to or less than the Barrier, as determined by the Calculation Agent.

“**European Barrier Event**” means Put Performance is greater than or equal to the Barrier, as determined by the Calculation Agent.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance; or, for the purposes of determining the Relevant Performance where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event at any time, having the “Nth” highest or equal “Nth” highest RI Performance; at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms

“**Payout Performance**” means the percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}]$$

“**Put Performance**” means (i) where the Barrier Event is an American Barrier Event, the highest percentage determined by the Calculation Agent, during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event, the highest percentage determined by the Calculation Agent on any Bermudan Observation Date, or (iii) where the Barrier Event is a European Barrier Event, the percentage determined by the Calculation Agent, in each case by reference to the following formula:

[Strike – Relevant Performance]

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the relevant formula below:

- (i) where the Barrier Event is a European Barrier Event and for the purposes of determining the Payout Performance:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

- (ii) where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event:

$$\frac{\text{Reference Price}_i}{\text{Reference Item Initial}_i}$$

Where “**Reference Price_{*i*}**” is the Bermudan Observation Price in respect of the relevant Bermudan Observation Date (where the Barrier Event is a Bermudan Barrier Event) or the Observation Price at the relevant time in the Observation Period (where the Barrier Event is an American Barrier Event).

“**Strike**” means the percentage specified in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

“ W_i ” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms.

23. Digital Put Redemption Amount

23.1. Application

This Redemption Payout Condition 23 is applicable to the Notes only if “Digital Put Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

23.2. Formula

The “**Digital Put Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means:

- (i) if a Barrier Event has occurred, an amount in the Specified Currency determined by the Calculation Agent reference to the following formula:

$$\text{CA} \times \text{Highest Fixed Performance} \times \text{OFX}; \text{ or}$$

- (ii) otherwise, if no Barrier Event has occurred, zero.

23.3. Definitions:

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 23:

“**American Barrier Event**” means the Put Performance is equal to or greater than any Barrier, as determined by the Calculation Agent.

“**Barrier Event**” means an American Barrier Event, a Bermudan Barrier Event or a European Barrier Event, as specified in the relevant Issue Terms.

“**Barrier**” means the or each percentage specified in the relevant Issue Terms.

“**Bermudan Barrier Event**” means the Put Performance is equal to or greater than any Barrier, as determined by the Calculation Agent.

“**European Barrier Event**” means the Put Performance is greater than or equal to the Barrier, as determined by the Calculation Agent.

“**Fixed Performance**” means, in respect of a Barrier, the amount (expressed as a percentage) specified in the relevant Issue Terms.

“**Highest Fixed Performance**” means the Fixed Performance in respect of the Barrier or, if more than one Barrier is specified, the Fixed Performance in respect of the Barrier next lowest to the Payout Performance.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*} or, for the purposes of determining the Relevant Performance where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event at any time, having the “Nth” highest or equal “Nth” highest RI Performance_{*i*} at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms

“**Payout Performance**” means the percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}]$$

“**Put Performance**” means (i) where the Barrier Event is an American Barrier Event, the highest percentage determined by the Calculation Agent during the Observation Period or (ii) where the Barrier Event is a Bermudan Barrier Event, the highest percentage determined by the Calculation Agent on any Bermudan Observation Date, or (iii) where the Barrier Event is a European Barrier Event the percentage determined by the Calculation Agent, in each case by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}]$$

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance_{*i*};
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Performance_{*i*} of the Nth Performing Reference Item.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the relevant formula below:

- (i) where the Barrier Event is a European Barrier Event and for the purposes of determining the Payout Performance:

PAYOUT SCHEDULE - REDEMPTION

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

(ii) where the Barrier Event is an American Barrier Event or a Bermudan Barrier Event:

$$\frac{\text{Reference Price}_i}{\text{Reference Item Initial}_i}$$

Where “**Reference Price_i**” is the Bermudan Observation Price in respect of the relevant Bermudan Observation Date (where the Barrier Event is a Bermudan Barrier Event) or the Observation Price at the relevant time in the Observation Period (where the Barrier Event is an American Barrier Event).

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms, if applicable.

24. **TOM Strategy Redemption Amount**

24.1. *Application*

This Redemption Payout Condition 24 is applicable to the Notes only if “TOM Strategy Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

24.2. *Formula*

The “**TOM Strategy Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{RPA} + \text{Reference Item Amount}$$

where:

“**Reference Item Amount**” means an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{TOM Value})] \times \text{OFX}$$

24.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 24:

“**TOM Value**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\left[\prod_{t=1}^y \text{Relevant TOM Performance}_t - 100\% \right] + \text{Fixed Return}$$

where:

“**Fixed Return**” means an amount (expressed as a percentage) determined by the Calculation Agent as the product of (i) the number of Fixed Return Dates in the TOM Reference Period and (ii) the Reference Rate Return.

“**Fixed Return Date**” means each calendar day during the TOM Reference Period which does not fall within a TOM Period.

“**Mid Date**” means, in respect of a TOM Period (t), the date specified for such TOM Period (t) in the relevant Issue Terms.

“**Reference Item TOM Final**, i ” means, in relation to a TOM Period (t) and a Reference Item (i), the Reference Price for such Reference Item (i) in respect of the Final Valuation Date for such TOM Period (t).

“**Reference Item TOM Initial**, i ” means, in relation to a TOM Period (t) and a Reference Item (i), the Reference Price for such Reference Item (i) in respect of the Initial Valuation Date for such TOM Period (t).

“**Reference Rate Return**” means the percentage specified in the relevant Issue Terms.

“**Relevant TOM Performance**, t, i ” means, in relation to a TOM Period (t):

- (i) where the Notes relate to a single Reference Item (i), RI TOM Performance $_{t, i}$;
- (ii) where the Notes relate to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI TOM Performance}_{t,i} * W_i$$

“**RI TOM Performance**, t, i ” means, in relation to a TOM Period (t) and a Reference Item (i), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item TOM Final}_{t,i}}{\text{Reference Item TOM Initial}_{t,i}}$$

“**TOM Period**” means each period from (and including) the Initial Valuation Date for such period to (and including) the Final Valuation Date for such period.

“**TOM Reference Period**” the period specified as such in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms.

25. Non-Protected Put Redemption Amount (Reverse Convertible)

25.1. Application

This Redemption Payout Condition 25 is applicable to the Notes only if “Non-Protected Put Redemption Amount (Reverse Convertible)” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

25.2. Formula

The “**Non-Protected Put Redemption Amount (Reverse Convertible)**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

- (i) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is less than 100%, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance}))]]; \text{ or}$$

- (ii) otherwise, if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is greater than or equal to 100%, an amount in the Specified Currency equal to the Calculation Amount;

- (iii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than 100%, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance}))]]; \text{ or}$$

- (iv) otherwise, if American Valuation is specified in the applicable Issue Terms, an amount in the Specified Currency equal to the Calculation Amount;

- (v) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than 100%, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance}))]]; \text{ or}$$

- (vi) otherwise, if Bermudan Valuation is specified in the applicable Issue Terms, an amount in the Specified Currency equal to the Calculation Amount.

25.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 25:

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_i, or, for the purposes of determining the Observed Performance at any time, having the “Nth” highest or equal “Nth” highest RI Performance at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Observed Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance} * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable, RI Performance of the Nth Performing Reference Item.

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}]$$

“**Reference Item Observed_i**” means the Observation Price (as defined in the relevant Reference Item Schedule) during the relevant Observation Period (where American Valuation applies) or the Bermudan Observation Price (as defined in the relevant Reference Item Schedule) in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_i;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable, RI Final Performance_i of the Nth Performing Reference Item.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Observed}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

26. **Non-Protected Knock-in Put Redemption Amount (Reverse Convertible)**

PAYOUT SCHEDULE - REDEMPTION

26.1. *Application*

This Redemption Payout Condition 26 is applicable to the Notes only if “Non-Protected Knock-in Put Redemption Amount (Reverse Convertible)” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

26.2. *Formula.*

The “**Non-Protected Knock-in Put Redemption Amount (Reverse Convertible)**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

- (i) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is less than the Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (ii) otherwise, if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is greater than or equal to the Barrier, an amount in the Specified Currency equal to the Calculation Amount;

- (iii) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (iv) otherwise, if American Valuation is specified in the applicable Issue Terms, an amount in the Specified Currency equal to the Calculation Amount;

- (v) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}; (\text{PR} \times \text{Put Performance})]); \text{ or}$$

- (vi) otherwise, if Bermudan Valuation is specified in the applicable Issue Terms, an amount in the Specified Currency equal to the Calculation Amount.

26.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 26:

“**Barrier**” means the percentage specified in the relevant Issue Terms.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance, or, for the purposes of determining the Observed Performance at any time, having the “Nth” highest or equal “Nth” highest RI Performance at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Observed Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance,
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance} * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable, RI Performance of the Nth Performing Reference Item.

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Strike} - \text{Relevant Performance}]$$

“**Reference Item Observed_i**” means the Observation Price (as defined in the relevant Reference Item Schedule) during the relevant Observation Period (where American Valuation applies) or the Bermudan Observation Price (as defined in the relevant Reference Item Schedule) in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_i;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_i of the Nth Performing Reference Item.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Observed}_i}{\text{Reference Item Initial}_i}$$

“**Strike**” means the percentage specified in the relevant Issue Terms.

PAYOUT SCHEDULE - REDEMPTION

“ W_i ” means, in relation to a Reference Item (i), the weighting for such Reference Item (i) specified in the relevant Issue Terms.

27. Non-Protected Knock-in Put with Call Redemption Amount

27.1. Application

This Redemption Payout Condition 27 is applicable to the Notes only if “Non-Protected Knock-in Put with Call Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

27.2. Formula

The “**Non-Protected Knock-in Put with Call Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

- (i) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is less than the Put Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (PR_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or

- (iii) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (PR_{\text{Call}} \times \text{Call Performance})]) \times \text{OFX}]$$

- (iv) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Put Barrier and has never been greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (PR_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (v) if American Valuation is specified in the applicable Issue Terms, if Observed Performance at all times has been equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or

- (vi) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (PR_{\text{Call}} \times \text{Call Performance})]) \times \text{OFX}]$$

- (vii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Put Barrier and has never been greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (viii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance on each Bermudan Observation Date has been equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or
- (ix) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})] \times \text{OFX})]$$

27.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 27:

“**Call Barrier**” means the percentage specified in the relevant Issue Terms.

“**Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance} - \text{Call Strike}]$$

“**Call Strike**” means the percentage specified in the relevant Issue Terms;

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance, or, for the purposes of determining the Observed Performance at any time, having the “Nth” highest or equal “Nth” highest RI Performance at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Observed Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance} * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable, RI Performance of the Nth Performing Reference Item.

“**Performance Floor_{Call}**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Call}” is not applicable, zero.

PAYOUT SCHEDULE - REDEMPTION

“**Performance Floor_{Put}**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Put}” is not applicable, zero.

“**PR_{Call}**” means the percentage specified in the relevant Issue Terms;

“**PR_{Put}**” means the percentage specified in the relevant Issue Terms;

“**Put Barrier**” means the percentage specified in the relevant Issue Terms;

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\frac{[\text{Put Strike} - \text{Relevant Performance}]}{100}$$

“**Put Strike**” means the percentage specified in the relevant Issue Terms;

“**Reference Item Observed_i**” means the Observation Price (as defined in the relevant Reference Item Schedule) during the relevant Observation Period (where American Valuation applies) or the Bermudan Observation Price (as defined in the relevant Reference Item Schedule) in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_i;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\frac{\sum_{i=1}^n \text{RI Final Performance}_i * W_i}{100}$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_i of the Nth Performing Reference Item.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Observed}_i}{\text{Reference Item Initial}_i}$$

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

28. **Non-Protected Knock-in Put with Call Spread Redemption Amount**

28.1. *Application*

This Redemption Payout Condition 28 is applicable to the Notes only if “Non-Protected Knock-in Put with Call Spread Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

28.2. *Formula*

The “**Non-Protected Knock-in Put with Call Spread Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

- (i) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is less than the Put Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (PR_{\text{Put}} \times \text{Put Performance})])]; \text{ or}$$

- (ii) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or

- (iii) if European Valuation is specified in the applicable Issue Terms, if Relevant Performance is equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (PR_{\text{Call}} \times \text{Capped Performance})]) \times \text{OFX}]$$

- (iv) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been less than the Put Barrier and has never been greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (PR_{\text{Put}} \times \text{Put Performance})])]; \text{ or}$$

- (v) if American Valuation is specified in the applicable Issue Terms, if Observed Performance at all times has been equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or

- (vi) if American Valuation is specified in the applicable Issue Terms, if Observed Performance has at any time been equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (PR_{\text{Call}} \times \text{Capped Performance})]) \times \text{OFX}]$$

- (vii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been less than the Put Barrier and has never been greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (PR_{\text{Put}} \times \text{Put Performance})])]; \text{ or}$$

PAYOUT SCHEDULE - REDEMPTION

- (viii) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance on each Bermudan Observation Date has been equal to or greater than the Put Barrier but less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or
- (ix) if Bermudan Valuation is specified in the applicable Issue Terms, if Observed Performance has on any Bermudan Observation Date been equal to or greater than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Capped Performance})]) \times \text{OFX}]$$

28.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 28:

“**Call Barrier**” means the percentage specified in the relevant Issue Terms.

“**Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance} - \text{Call Strike}]$$

“**Call Strike**” means the percentage specified in the relevant Issue Terms.

“**Capped Performance**” means lesser of the Performance Cap and Call Performance.

“**Nth Performing Reference Item**” means the Reference Item (*i*) having the “Nth” highest or equal “Nth” highest RI Final Performance_{*i*}, or, for the purposes of determining the Observed Performance at any time, having the “Nth” highest or equal “Nth” highest RI Performance at the relevant time, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Observed Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Performance;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Performance} * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable, RI Performance of the Nth Performing Reference Item.

“**Performance Cap**” means the percentage specified in the relevant Issue Terms.

“**Performance Floor**_{Call}” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Call}” is not applicable, zero;

“**Performance Floor_{Put}**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Put}” is not applicable, zero;”

“**PR_{Call}**” means the percentage specified in the relevant Issue Terms.

“**PR_{Put}**” means the percentage specified in the relevant Issue Terms.

“**Put Barrier**” means the percentage specified in the relevant Issue Terms.

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{[Put Strike - Relevant Performance]}$$

“**Put Strike**” means the percentage specified in the relevant Issue Terms.

“**Reference Item Observed_i**” means the Observation Price (as defined in the relevant Reference Item Schedule) during the relevant Observation Period (where American Valuation applies) or the Bermudan Observation Price (as defined in the relevant Reference Item Schedule) in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

“**Relevant Performance**” means:

- (i) where the Notes relate to a single Reference Item (*i*), RI Final Performance_i;
- (ii) where the Notes relate to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specifies that “Nth Performance” is applicable, RI Final Performance_i of the Nth Performing Reference Item.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Observed}_i}{\text{Reference Item Initial}_i}$$

“**W_i**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

29. **Non-Protected Knock-in Put with Call Redemption Amount (Booster)**

PAYOUT SCHEDULE - REDEMPTION

29.1. *Application*

This Redemption Payout Condition 29 is applicable to the Notes only if “Non-Protected Knock-in Put with Call Redemption Amount (Booster)” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

For the purposes of this Redemption Payout Condition 29, the valuations in respect of the Reference Item(s) in each of the Call Element and the Put Element (for example, but without limitation, the determination of the Valuation Date in respect of such Reference Item(s)) shall be made separately for each of the Put Element and the Call Element.

29.2. *Formula*

“The “**Non-Protected Knock-in Put with Call Redemption Amount (Booster)**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

- (i) (1) if European Valuation is specified for the Put Element in the relevant Issue Terms, if Relevant Performance₁ is, or (2) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at all times been, or (3) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on all Bermudan Observation Dates been, less than the Put Barrier and (A) if European Valuation is specified for the Call Element in the relevant Issue Terms, Relevant Performance₂ is, or (B) if American Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has at all times been, or (C) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on all Bermudan Observation Dates been, less than the Call Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})]); \text{ or}$$

- (ii) (1) if European Valuation is specified for the Put Element in the relevant Issue Terms, if Relevant Performance₁ is, or (2) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at any time been, or (3) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on any Bermudan Observation Date been, equal to or greater than the Put Barrier and (A) if European Valuation is specified for the Call Element in the relevant Issue Terms, Relevant Performance₂ is, or (B) if American Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has at any time been, or (C) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on any Bermudan Observation Date been, less than the Call Barrier, an amount in the Specified Currency equal to the Calculation Amount; or
- (iii) (1) if European Valuation is specified for the Call Element in the relevant Issue Terms, if Relevant Performance₂ is, or (2) if American Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has at all times been, or (3) if Bermudan Valuation is specified for the Call Element in the relevant Issue Terms, if Observed Performance₂ has on all Bermudan Observation Dates been, equal to or greater than the Call Barrier and (A) if European Valuation is specified for the Put Element in the relevant Issue Terms, Relevant Performance₁ is, or (B) if American Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has at all times been, or (C) if Bermudan Valuation is specified for the Put Element in the relevant Issue Terms, if Observed Performance₁ has on all Bermudan Observation Dates been, equal to or greater

than the Put Barrier, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[CA + (CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})]) \times \text{OFX}]$$

- (iv) otherwise, an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\frac{CA - (CA \times \text{Max} [\text{Performance Floor}_{\text{Put}}; (\text{PR}_{\text{Put}} \times \text{Put Performance})])}{(CA \times \text{Max} [\text{Performance Floor}_{\text{Call}}; (\text{PR}_{\text{Call}} \times \text{Call Performance})])} \right] \times \text{OFX}$$

29.3. *Definitions:*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 29:

“**Call Barrier**” means, in relation to the Call Element, the percentage specified in the relevant Issue Terms.

“**Call Element**” means the Reference Item (i) or Basket of Reference Items (i) specified as such in the relevant Issue Terms.

“**Call Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Relevant Performance}_2 - \text{Call Strike}]$$

“**Call Strike**” means the percentage specified in the relevant Issue Terms.

“**n**” means (i) in respect of the Call Element, the total number of Reference Items (i) comprising the Call Element and (ii) in respect of the Put Element, the total number of Reference Items (i) comprising the Put Element.

“**Nth Performing Reference Item**” means, in respect of the Reference Items (i) comprising the Put Element or the Call Element, the Reference Item having the “Nth” highest or equal “Nth” highest RI Final Performance_i of the Reference Items (i) comprising such Put Element or such Call Element, or, for the purposes of determining the Observed Performance at any time, having the “Nth” highest or equal “Nth” highest RI Performance at the relevant time, as the case may be, as determined by the Calculation Agent, where “N” is the ranking specified in the relevant Issue Terms.

“**Observed Performance**” means:

- (i) where the Put Element or the Call Element relates to a single Reference Item (i), RI Performance for the relevant Reference Item (i) comprising such Put Element or Call Element, as the case may be;
- (ii) where the Put Element or the Call Element relates to a Basket of Reference Items (i), a percentage determined by the Calculation Agent by reference to the following formula in respect of the Reference Items (i) comprising such Put Element or Call Element, as the case may be:

$$\sum_{i=1}^n \text{RI Performance} * W_i$$

- (iii) where the Put Element or the Call Element relates to a Basket of Reference Items (*i*) and the relevant Issue Terms specifies that “Nth Performance” is applicable to the Call Element or the Put Element, as applicable, RI Performance of the Nth Performing Reference Item of the Reference Items (*i*) comprising such Put Element or such Call Element, as the case may be.

“**Observed Performance₁**” means Observed Performance relating to the Put Element.

“**Observed Performance₂**” means Observed Performance relating to the Call Element.

“**Performance Floor_{Call}**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Call}” is not applicable, zero.

“**Performance Floor_{Put}**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor_{Put}” is not applicable, zero;

“**PR_{Call}**” means the percentage specified in the relevant Issue Terms.

“**PR_{Put}**” means the percentage specified in the relevant Issue Terms.

“**Put Barrier**” means, in relation to the Put Element, the percentage specified in the relevant Issue Terms.

“**Put Element**” means the Reference Item (*i*) or Basket of Reference Items (*i*) specified as such in the relevant Issue Terms.

“**Put Performance**” means a percentage determined by the Calculation Agent by reference to the following formula:

$$[\text{Put Strike} - \text{Relevant Performance}_1]$$

“**Put Strike**” means the percentage specified in the relevant Issue Terms.

“**Reference Item Observed_i**” means the Observation Price (as defined in the relevant Reference Item Schedule) during the relevant Observation Period (where American Valuation applies) or the Bermudan Observation Price (as defined in the relevant Reference Item Schedule) in respect of the relevant Bermudan Observation Date (where Bermudan Valuation applies).

“**Relevant Performance**” means in respect of the Put Element or the Call Element:

- (i) where the Put Element or the Call Element relates to a single Reference Item (*i*), RI Final Performance_i for the relevant Reference Item (*i*) comprising such Put Element or Call Element, as the case may be;
- (ii) where the Put Element or the Call Element relates to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula in respect of the Reference Items (*i*) comprising such Put Element or Call Element, as the case may be:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the Put Element or the Call Element relates to a Basket of Reference Items (*i*) and the relevant Issue Terms specifies that “Nth Performance” is applicable to the Put Element or Call Element, as the case may be, RI Final Performance_{*i*} of the Nth Performing Reference Item of the Reference Items (*i*) comprising such Put Element or such Call Element, as the case may be.

“**Relevant Performance₁**” means Relevant Performance relating to the Put Element.

“**Relevant Performance₂**” means Relevant Performance relating to the Call Element.

“**RI Final Performance_{*i*}**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i}$$

“**RI Performance**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Observed}_i}{\text{Reference Item Initial}_i}$$

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

30. General Redemption Amount

30.1. Application

This Redemption Payout Condition 30 is applicable to the Notes only if “General Redemption Amount” is specified as applicable in the relevant Issue Terms.

For the purposes of this Redemption Payout Condition 30, the valuations in respect of the Reference Item(s) in each of the General Redemption Components (for example, but without limitation, the determination of the Valuation Date in respect of such Reference Item(s)) shall be made separately for each General Redemption Component.

30.2. Formula

If “General Redemption Amount” is specified as applicable in the relevant Issue Terms, then the relevant Issue Terms shall specify the number of General Redemption Components (denoted by *k*) and in respect of each General Redemption Component:

- (i) a list/set of Performance Interval Points expressed as percentages;
- (ii) the Participation Rate and Digital Level, both expressed as percentages, applicable for each Performance Interval;

PAYOUT SCHEDULE - REDEMPTION

- (iii) the applicable Reference Items for such General Redemption Component; and
- (iv) the applicable Initial Valuation Date and Final Valuation Date, in each case, for each General Redemption Component.

For the avoidance of doubt, for the purposes of determining a General Redemption Amount and whether a value is higher or lower than another value a smaller negative number will be deemed to be greater than a larger negative number and zero or a positive number greater than any negative number. For example, -50 will be deemed to be higher than -60 and 1 will be deemed to be higher than -10.

The “**General Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$CA \times \left[1 + \sum_{j=1} GRCV \right].$$

“**General Redemption Component Value**” or “**GRCV**” in respect of a General Redemption Component, shall be a percentage determined by the Calculation Agent by reference to the relevant formula below and in each case on the basis of the Reference Items and selections made in the Issue Terms in relation to that General Redemption Component:

- (i) if Relevant Performance is greater than or equal to a Starting Performance Interval Point AND less than the following Ending Performance Interval Point, then a percentage determined by the Calculation Agent by reference to the following formula (determined in relation to the related Performance Interval starting on and ending on, but excluding, such Performance Interval Points):

$$PR_m \times \text{Relevant Performance} + \text{Digital Level}_m$$

- (ii) otherwise, if Relevant Performance is (x) less than the lowest specified Performance Interval Point or (y) greater than or equal to the highest specified Performance Interval Point, then a percentage determined by the Calculation Agent by reference to the following formula determined in relation to the Performance Interval with the lowest Performance Interval Number (in the case of (x)) or the Performance Interval with the highest Performance Interval Number (in the case of (y)):

$$PR_m \times \text{Relevant Performance} + \text{Digital Level}_m$$

30.3. Definitions

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 30 in respect of the relevant General Redemption Component:

“**Digital Level**” means the percentage specified in the relevant Issue Terms in respect of a General Redemption Component and a Performance Interval.

“**Nth Performing Reference Item**” means, in respect of a General Redemption Component, the Reference Item having the “Nth” highest or equal “Nth” highest RI Final Performance_i, as determined by the Calculation Agent, where “N” is the ranking specified in the Issue Terms.

“**Performance Interval**” means the interval defined from and including a Performance Interval Point (a “**Starting Interval Point**”) to, but excluding, the immediately following Performance Interval Point (an “**Ending Performance Interval**”) and each Performance Interval is denoted by *m*).

“**PR**” means the percentage specified as the Participation Rate in the relevant Issue Terms in respect of a General Redemption Component and a Performance Interval.

“**Relevant Performance**” means:

- (i) where the General Redemption Component relates to a single Reference Item (*i*), RI Final Performance_i;
- (ii) where the General Redemption Component relates to a Basket of Reference Items (*i*), a percentage determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{RI Final Performance}_i * W_i$$

- (iii) where the relevant Issue Terms specified that “Nth Performance” is applicable in respect of the General Redemption Component, RI Final Performance_i of the Nth Performing Reference Item.

“**RI Final Performance_i**” means, in relation to a Reference Item (*i*), an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Reference Item Final}_i}{\text{Reference Item Initial}_i} - 1$$

“**W_i**” means the relevant weighting specified in relation to the Reference Item in the relevant Issue Terms.

31. **Barrier Bond Redemption Amount**

31.1. *Application*

This Redemption Payout Condition 31 is applicable to the Notes only if “Barrier Bond Redemption Amount” is specified as the Reference Item-Linked Redemption Amount in the relevant Issue Terms.

31.2. *Formula*

The “**Barrier Bond Redemption Amount**” in respect of each Calculation Amount shall be an amount in the Specified Currency determined by the Calculation Agent by reference to the following formula:

$$[\text{CA} \times (100\% - \text{Relevant Weighting}) - \text{UC}] \times \text{PFX}$$

PAYOUT SCHEDULE - REDEMPTION

31.3. *Definitions*

The following expressions have the following meanings for the purposes of this Redemption Payout Condition 31:

“**Barrier Event**” means, in respect of a Reference Item (*i*), either (i) where “Continuous Valuation” is specified as Applicable in the relevant Issue Terms, the Relevant Observation Price or (ii) where “Daily Valuation” is specified as Applicable in the relevant Final Terms, the Relevant Reference Price, for such Reference Item (*i*) has, at any time been, as specified in the relevant Issue Terms, either (i) less than or (ii) equal to or greater than, the relevant Barrier Level, as determined by the Calculation Agent.

For the purposes of determining whether a Barrier Event has occurred in respect of a Reference Item and notwithstanding that the Notes relate to more than one Reference Item (*i*), the Observation Price, each Observation Date and the Observation Period or the Reference Price, each Valuation Period Date and each Valuation Period (as applicable) shall be determined separately in respect of each Reference Item (*i*) as if the Notes relate only to such Reference Item (*i*) and no other Reference Item.

“**Barrier Level**” means, in respect of a Reference Item (*i*), the level, price, rate or value specified for such Reference Item (*i*) or the percentage of the relevant Reference Item Initial_{*i*} for such Reference Item (*i*) specified in either case, in the relevant Issue Terms.

“**Relevant Observation Price**” means, in respect of a Reference Item (*i*), the Observation Price during the Observation Period.

“**Relevant Reference Price**” means, in respect of a Reference Item (*i*), the Reference Price for any Valuation Period Date during the specified Valuation Period.

“**Relevant Weighting**” means the sum of the weightings (W_i) of each of the Reference Items (*i*) in respect of which a Barrier Event has occurred.

“**UC**” means an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including, without limitation, loss of funding and break funding charges and fees), tax and duties incurred by the Issuer and/or any of its Affiliates and/or agents in connection with the redemption of the Notes and/or the termination, settlement or re-establishment of any hedge or related trading position relating to the Notes, such amount to be apportioned pro rata amongst each unit or nominal amount of Notes equal to the Calculation Amount.

“**W_{*i*}**” means, in relation to a Reference Item (*i*), the weighting for such Reference Item (*i*) specified in the relevant Issue Terms.

32. **Autocall Redemption**

32.1. *Application*

This Redemption Payout Condition 32 is applicable to the Notes only if “Autocall” is specified as Applicable in the relevant Issue Terms.

32.2. *Final Redemption*

Where “Autocall” is specified as Applicable in the relevant Issue Terms in respect of early redemption, the Final Redemption Amount of the Notes shall be the amount specified as the Final Redemption Amount in the relevant Issue Terms and the provisions of Redemption Payout Condition 1.1 (*Final redemption*) will apply.

33. **Exchange Rate**

Where the relevant Issue Terms specifies that “FX Principal Conversion” and/or “FX Option Conversion” is Applicable, Reference Item Schedule 7 (*Currency Linked Notes*) shall be deemed to apply for the purposes of the determination of the Principal FX Rate and/or the Option FX Rate and:

“**FX**” means, in respect of the Principal FX Rate or the Option FX Rate, as the case may be, an amount (expressed as a percentage) determined by the Calculation Agent by reference to the following formula:

$$\frac{FX_{(Final)}}{FX_{(Initial)}}$$

Where:

“**FX_(Initial)**” means, in respect of the Principal FX Rate or the Option FX Rate ($i = fx$), Reference Item Initial_i for such Principal FX Rate or Option FX Rate, as the case may be.

“**FX_(Final)**” means, in respect of the Principal FX Rate or the Option FX Rate ($i = fx$), Reference Item Final_i for such Principal FX Rate or Option FX Rate, as the case may be, provided that, if the Notes are redeemed early pursuant to Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*), Reference Item Final_i shall be determined on the date falling five Business Days prior to the relevant Credit Event Redemption Date, which date shall be deemed to be a “Valuation Date”.

34. **Additional Definitions**34.1. *General definitions*

The following expressions have the following meanings for the purposes of this Payout Schedule 2 (*Redemption*):

“**CA**” means the Calculation Amount;

“**Early Redemption Date**” means each date specified as such in the relevant Issue Terms, provided that, if any relevant scheduled date for valuation is delayed pursuant to the provisions of these Conditions, the relevant Early Redemption Date will be the later of the originally specified Early Redemption Date and the fifth Business Day following the last occurring date for valuation in respect of the amounts to be paid on such Early Redemption Date;

“**Max**” means the greater of the items separated by a semi-colon in square brackets;

“**Min**” means the lesser of the items separated by a semi-colon in square brackets;

“**n**” means (i) in respect of Notes other than Notes for which “Non-Protected Knock-in Put with Call Redemption Amount (Booster)” is specified as the Reference Item Linked Redemption Amount in the relevant Issue Terms, the total number of Reference Items to which the relevant Notes relate or (ii) in respect of Notes for which “Non-Protected Knock-in Put with Call Redemption Amount (Booster)” is specified as the Reference Item Linked Redemption Amount in the relevant Issue Terms, as specified in Redemption Payout Condition 29 or (iii) as otherwise specified herein or, in respect of Exempt Notes, in the relevant Pricing Supplement;

“**Option FX Rate**” (“**OFX**”) means (i) where “FX Option Conversion” is specified as Applicable in the relevant Issue Terms, FX determined as provided in Redemption Payout Condition 33 (*Exchange*

PAYOUT SCHEDULE - REDEMPTION

Rate) for the FX Rate specified for the Option FX Rate in the relevant Issue Terms or (ii) where “FX Option Conversion” is specified as Not Applicable in the relevant Issue Terms, 1.

“**Principal FX Rate**” (“**PFX**”) means (i) where “FX Principal Conversion” is specified as Applicable in the relevant Issue Terms, FX determined as provided in Redemption Payout Condition 33 (*Exchange Rate*) for the FX Rate specified for the Principal FX Rate in the relevant Issue Terms or (ii) where “FX Principal Conversion” is specified as Not Applicable in the relevant Issue Terms, 1.

“**Performance Floor**” means the percentage (which may be less than zero) specified in the relevant Issue Terms or, if the Issue Terms specifies that “Performance Floor” is not applicable, zero;

“**PR**” means the participation rate, expressed as a percentage, specified in the relevant Issue Terms or, if the Issue Terms specifies that “PR” is not applicable, 100 per cent.;

“**Redemption Factor**” means the percentage specified as such in the relevant Final Terms.

“**Reference Item**” means each reference item or asset (i where $i = 1 \dots n$) being, a Reference Entity, an Underlying Rate, an Index or Underlying Equity, Fund Interest, FX Rate or Commodity or, in respect of Exempt Notes, any other reference item or asset specified in the relevant Issue Terms, provided that, a Reference Entity shall not be a Reference Item for the purposes of determining an Interest Amount, any Autocall Early Redemption Amount or a Reference Item-Linked Redemption Amount. For the avoidance of doubt, where the Notes relate to a single Reference Item, $n = 1$;

“**Reference Item Initial_i**” means, in relation to a Reference Item (i):

- (i) the Initial Price specified for such Reference Item (i) in the relevant Issue Terms or, in the case of Exempt Notes, the amount determined as specified in the relevant Pricing Supplement;
- (ii) where an Initial Valuation Date is specified in the relevant Issue Terms, an amount equal to the Reference Price for such Reference Item (i) in relation to the Initial Valuation Date;
- (iii) where Initial Averaging Dates are specified in the relevant Issue Terms, an amount equal to the arithmetic mean of the Reference Prices for such Reference Item (i) in relation to each of the Initial Averaging Dates ($t = 1 \dots y$), as determined by the Calculation Agent, expressed as a formula:

$$\frac{1}{y} \sum_{t=1}^y \text{Reference Price}$$

- (iv) where “Look-Back” is specified as Applicable in the relevant Issue Terms, an amount equal to:
 - (a) where “Highest” is specified as Applicable in the relevant Issue Terms, the highest Reference Price for such Reference Item (i) in relation to any Valuation Period Date during the specified Initial Valuation Period; or
 - (b) where “Lowest” is specified as Applicable in the relevant Issue Terms, the lowest Reference Price for such Reference Item (i) in relation to any Valuation Period Date during the specified Initial Valuation Period;

“**Reference Item Final_i**” means, in relation to a Reference Item (i):

- (i) where a Final Valuation Date is specified in the relevant Issue Terms, an amount equal to the Reference Price for such Reference Item (*i*) in relation to the Final Valuation Date;
- (ii) where Final Averaging Dates are specified in the relevant Issue Terms, an amount equal to the arithmetic mean of the Reference Prices for such Reference Item (*i*) in relation to each of the Final Averaging Dates ($t = 1 \dots y$), as determined by the Calculation Agent, expressed as a formula:

$$\frac{1}{y} \sum_{t=1}^y \text{Reference Price}$$

- (iii) where “Look-Back” is specified as Applicable in the relevant Issue Terms, an amount equal to:
 - (a) where “Highest” is specified as Applicable in the relevant Issue Terms, the highest Reference Price for such Reference Item (*i*) in relation to any Valuation Period Date during the specified Final Valuation Period; or
 - (b) where “Lowest” is specified as Applicable in the relevant Issue Terms, the lowest Reference Price for such Reference Item (*i*) in relation to any Valuation Period Date during the specified Final Valuation Period;

“**Relevant Principal Amount**” (“**RPA**”) means an amount determined by the Calculation Agent by reference to the following formula:

$$\text{CA} \times \text{Redemption Factor} \times \text{PFX}$$

provided that, where the Notes are also Credit-linked Notes, Maturity Credit Event Redemption is specified as applying in the relevant Issue Terms and a Credit Event Determination Date has occurred in relation to one or more the specified Reference Entities, references to “CA” in the formula above shall be deemed to be references to the Credit-Linked Redemption Amount as defined in Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*) above.

“ \sum ” means the sum of the values determined by reference to the specified formula in respect of each of the Reference Items ($i = 1 \dots n$), the Valuation Dates ($t = 1 \dots y$) or the General Redemption Components ($j = 1 \dots k$), or for any other relevant item, as otherwise indicated in the Conditions.

“ \prod ” means the product of the values determined by reference to the specified formula in respect of each of the Valuation Dates or TOM Periods ($t = 1 \dots y$).

34.2. *Dates and periods*

The following expressions have the following meanings for the purposes of this Payout Schedule 2 (*Redemption*):

“**Autocall Valuation Date**” means each date (t where: $t = 1 \dots y$) specified as such in the relevant Issue Terms, each such date being a “Valuation Date”.

“**Bermudan Observation Date**” means each date specified as such in the relevant Issue Terms, each such date being a “Valuation Date”;

“**Early Redemption Date**” means, in respect of an Autocall Valuation Date, the date specified for such Autocall Valuation Date (t) in the relevant Issue Terms provided that, if any scheduled date for

PAYOUT SCHEDULE - REDEMPTION

valuation in respect of the relevant early redemption is delayed pursuant to the provisions of these Conditions, the relevant Early Redemption Date will be the later of the originally specified Early Redemption Date and the fifth Business Day following the last occurring date for valuation in respect of the amounts to be paid on such Early Redemption Date;

“**Final Averaging Date**” means each date (t where: $t = 1 \dots y$) specified as such in the relevant Issue Terms, each such date being a “Valuation Date”;

“**Final Valuation Date**” means the or each date specified as such in the relevant Issue Terms, such date being a “Valuation Date”;

“**Final Valuation Period**” means the period specified as such in the relevant Issue Terms, such period being a “Valuation Period”;

“**Initial Averaging Date**” means each date (t where: $t = 1 \dots y$) specified as such in the relevant Issue Terms, each such date being a “Valuation Date”;

“**Initial Valuation Date**” means the or each date specified as such in the relevant Issue Terms, such date being a “Valuation Date”;

“**Initial Valuation Period**” means the period specified as such in the relevant Issue Terms, such period being a “Valuation Period”;

“**Periodic Valuation Date**” means each date (t where: $t = 1 \dots y$) specified as such in the relevant Terms, each such date being a “Valuation Date”; and

“**y**” means, in respect of Final Averaging Dates (t) or Initial Averaging Dates (t) specified in the relevant Issue Terms, the total number of any such dates or, in respect of Exempt Notes, as otherwise specified in the relevant Pricing Supplement.

SECTION F.3 - PRO FORMA FINAL TERMS

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – [Other than with respect to offers of the Notes in *[specify jurisdiction(s) for which a PRIIPs KID is being prepared]* [during the period[s][x] –[x] repeat periods as necessary,][T]/[t]he Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; of (iii) not a qualified investor as defined in the Prospectus Directive. Consequently[, save as provided above,] no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to any retail investor in the EEA has been prepared and therefore offering or selling the securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[MiFID II product governance / target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Securities has led to the conclusion that: (i) the target market for the Notes is eligible counterparties[,] [and] professional clients [and retail clients], each as defined in MiFID II; [and (ii) all channels for distribution of the Notes are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]] / [(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate – [investment advice][,/and]]portfolio management][,/ and][non-advised sales][and pure execution services][, subject to the distributor’s (as defined below) suitability and appropriateness obligations under MiFID II, as applicable]]. *[Consider/insert any negative target market]*. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels[, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable].]

Pro Forma Final Terms for an issue of Notes other than Exempt Notes by Danske Bank A/S under the EUR 5,000,000,000 Structured Note Programme.

DANSKE BANK A/S**EUR 5,000,000,000****Structured Note Programme**

Issue of

[Aggregate Principal Amount of Tranche] [Title of Notes]

Any person making or intending to make an offer of the Notes may only do so [:

PRO FORMA FINAL TERMS

(i) in those Non-exempt Offer Jurisdictions mentioned in Paragraph 15 (*Terms and Conditions of the Offer*) of Part B below, provided such person is of a kind specified in that paragraph and that the offer is made during the Offer Period specified in that paragraph; or

(ii) otherwise,] in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer.

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 18 June 2019 [and the Supplement No. [●] dated [●]] which [together] constitute[s] a base prospectus (the “**Base Prospectus**”) for the purposes of the Prospectus Directive. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Final Terms and the Base Prospectus. [A Summary of the Notes (which comprises the Summary in the Base Prospectus, as amended to reflect the provisions of this Final Terms), is annexed to this Final Terms.] The Base Prospectus and this Final Terms is available for viewing at and copies may be obtained from the Central Bank of Ireland’s website at www.centralbank.ie.

[The following alternative language applies if the first Tranche of an issue of Notes which is being increased was issued under a Base Prospectus with an earlier date or if Final Terms in respect of a Non-exempt Offer started under a Base Prospectus with an earlier date is being completed under the Base Prospectus.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated [21 June 2013][, as supplemented by Supplement No. 4 dated 19 February 2014][30 September 2013][, as supplemented by Supplement No.3 dated 14 February 2014][20 June 2014][19 September 2014][, as supplemented by Supplement No.1 dated 6 November 2014, Supplement No.2 dated 5 December 2014 and Supplement No.5 dated 24 March 2015][23 June 2015] [22 June 2016] [, as supplemented by Supplement No.2 dated 4 November 2016] [20 June 2017] [19 June 2018] which are incorporated by reference in the Base Prospectus dated [*current date*][, as supplemented by Supplement No. [●] dated [●]], which [together] constitute[s] a base prospectus (the “**Base Prospectus**”) for the purposes of the Prospectus Directive. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus, including the Conditions incorporated by reference in the Base Prospectus . Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Final Terms and the Base Prospectus, including the Conditions which are incorporated by reference in the Base Prospectus. [A Summary of the Notes (which comprises the Summary in the Base Prospectus, as amended to reflect the provisions of this Final Terms), is annexed to this Final Terms.] The Base Prospectus is available for viewing at and copies may be obtained from the Central Bank of Ireland’s website at www.centralbank.ie

[The following language is only to be inserted in Amended and Restated Final Terms which are prepared as a consequence of the update of a Base Prospectus in respect of the Programme prior to the end of the Offer Period/before the date of admission to trading of the Notes]

[Investors should note that the Base Prospectus dated [*original date*] related to the Programme has been superseded by the Base Prospectus dated [*current date*]. Any investor who, as of the date of these amended and restated Final Terms has indicated acceptance of the offer of Notes to which these

amended and restated Final Terms relates has the right, within not less than two working days of the date of publication of such amended and restated Final Terms, to withdraw such acceptance. This right to withdraw shall expire at [●] on [insert date].]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote guidance for completing the Final Terms.]

[When completing any Final Terms, consideration should be given as to whether any information required to complete the Final Terms constitutes “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

PROVISIONS RELATING TO INTEREST (IF ANY) PAYABLE

23. FX Interest Conversion: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

(i) Interest valuation Provisions for FX Interest Conversion:

(A) Initial valuation to determine Reference Item Initial_i in respect of the Interest FX Rate: [Not Applicable]

(If not applicable and/or an Initial Price is specified for the FX Rate above, delete the remaining sub-paragraphs of this paragraph. If applicable, include whichever provisions apply and delete the remaining alternatives)

Initial Valuation Date: [●]

Initial Averaging Dates: As set out in the table below:

<i>t</i>	Initial Averaging Dates
1	[●]
...	[●]
y	[●]

(B) Valuation to determine FX_(IP) in respect of the Interest FX Rate:

Interest FX Determination Dates:

In respect of an Interest Period and the related Interest [Period/Payment] Date, [the [●] Currency Business Day prior to such Interest [Period/Payment] Date/the date specified for such Interest [Period/Payment] Date in the table below:

<i>t</i>	Interest [Period/Payment] Date	Interest FX Determination Dates
1	[●]	[●]
...	[●]	[●]
y	[●]	[●]

(Specify for each Interest Period)

24. Fixed Rate Note Provisions

[Applicable [in respect of the Interest Period[s] falling during the period from ([and including/but excluding]) [●] to (([and including/but excluding])) [●]]/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Rate[(s)] of Interest: [[●] per cent. [per annum] *(Include only if “Accrual” is specified as Applicable below)* [payable [annually / semi-annually / quarterly / monthly] in arrear]]
- (ii) Interest Period Date(s): [●] in each year *(Amend appropriately in the case of irregular coupons)*
- (iii) Interest Payment Date(s): [Each Interest Period Date] / [[●] in each year *(Amend appropriately in the case of irregular coupons)*]

[Accumulated Interest: Applicable. The Interest Payment Date is [[●]/the Maturity Date]]

- (iv) [Accrual: Not Applicable]

- (A) Interest Amount[(s)]: The Fixed Coupon Amount in respect of an Interest Period shall be [[●] per Calculation Amount [(subject as provided in the Conditions)]] / [the amount set out for such Interest Period in the Table below:

TABLE

Interest Period ending Fixed Coupon Amount on or about:

[●]	[●]
[●]	[●]]]

(Specify for each Interest Period

(Delete if interest will accrue over a period of time)

(Call):

(ii) Optional Redemption Amount [●] per Calculation Amount
(Call):

(iii) Redeemable in part: [The Notes may be redeemed in part/Not Applicable]

(A) Minimum Redemption [●]
Amount:

(B) Maximum Redemption [●]
Amount:

(iv) Notice period: Minimum Period: [●] days

Maximum Period: [Not Applicable/[●] days]

(N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 5 clearing system business days' notice for a call) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

31. Put Option

[Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

(i) Optional Redemption Date(s) [●]
(Put):

(ii) Optional Redemption Amount [●] per Calculation Amount
(Put):

(iii) Notice period: Minimum Period: [●] days

Maximum Period: [Not Applicable/[●] days]

(N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 15 clearing system business days' notice) and custodians,

as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

32. Early Redemption

- (i) Early redemption for tax reasons: [Applicable/Not Applicable]

(N.B. If general Condition 8.1 (Gross-up) is specified as Applicable in item 12 above, specify “Applicable” here. If General Condition 8.3 (No gross-up) is specified as Applicable in item 12 above specify “Not Applicable” here)

- (ii) Notice Period relating to early redemption for tax reasons: Minimum Period: [●] days

Maximum Period: [Not Applicable/[●] days]

(N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 15 clearing system business days’ notice) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

- (iii) Early Redemption Amount payable (a) on redemption for taxation reasons or (b) on redemption for an Administrator/Benchmark Event or (c) on an illegality or (d) on an Event of Default or (e) in the case of Reference Item-Linked Notes, following an early redemption pursuant to the provisions of the relevant Reference Item Schedule: [As set out in the General Conditions/[●] per Calculation Amount]

- (iv) Early Redemption Amount includes amount in respect of interest: [Yes: no additional amount in respect of interest to be paid/No: together with the Early Redemption Amount, accrued interest shall also be paid/Not Applicable]

(Specify “Yes” where the Notes are Fixed Rate Notes and “Accrual” is specified above as Not Applicable and/or where FX Interest Conversion and/or FX Principal Conversion are specified as Applicable)

33. Autocall Early Redemption: [Applicable/Not Applicable]

- (i) Early Redemption Amount: The Early Redemption Amount for the purposes of Redemption Payout Condition 1.2 (*Early redemption*) is

PRO FORMA FINAL TERMS

the:

[Autocall Early Redemption Amount]

(ii) Autocall: Applicable: Redemption Payout Condition 1.4 (*Early Redemption (Autocall)*) applies

– Autocall Barrier: [[●]%/As specified in item 33(iv)(B) below]

(iii) Provisions relating to Nth Performance: [Not Applicable] [Nth Performance is Applicable and N = [●][st/nd/rd/th] highest]

(iv) Autocall valuation provisions for early redemption: [Applicable [- see item [27(iv)/37(i)] above/below]/Not Applicable]

(A) Initial valuation to determine Reference Item Initial: *(If not applicable and/or an Initial Price is specified for each Reference Item above and/or the initial valuation provisions are set out elsewhere below, delete the remaining sub-paragraphs of this paragraph. If applicable, include whichever provisions apply and delete the remaining alternatives)*

Initial Valuation Date: [●]

Initial Averaging Dates: As set out in the table below:

t Initial Averaging Dates

1 [●]

... [●]

y [●]

Initial Valuation Period: The Initial Valuation Period is the period from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]

Valuation Period Dates for the Initial Valuation Period: [Each [●],[●] and [●]] [falling during the Initial Valuation Period]] [The definition set out in the Reference Item Conditions applies]

Look-Back: [Applicable/Not Applicable]

10. [[Performance of [Fund Interest/Basket of Fund Interests], explanation of effect on value of investment and associated risks and other information concerning the [Fund Interest/Basket of Fund Interests]: (Fund-Linked Notes only)

[Need to include a clear and comprehensive explanation of how the value of the investment is affected by the underlying and the circumstances when the risks are most evident]

[Need to include details of where past and future performance and volatility of [the/each] fund interest can be obtained.] [Need to include the name of [the/each] fund of [the/each] fund interest and the ISIN or other identification code]

The Issuer [intends to provide post-issuance information *[specify what information will be reported and where it can be obtained]*] [does not intend to provide post-issuance information]]

11. [[Performance of [[rate[s] of exchange/formula/currencies], explanation of effect on value of investment and associated risks and other information concerning the of [[rate[s] of exchange/formula/currencies]: (Only for Currency-Linked Notes including where “FX Principal Conversion” and/or “FX Option Conversion” is specified as Applicable)

[Need to include a clear and comprehensive explanation of how the value of the investment is affected by the underlying and the circumstances when the risks are most evident]

[Need to include details of where past and future performance and volatility of the [relevant rates/formula/currencies] can be obtained]

The Issuer [intends to provide post-issuance information [*specify what information will be reported and where it can be obtained*]] [does not intend to provide post-issuance information]]

12. [[Performance of [Commodity/Basket of Commodities], explanation of effect on value of investment and associated risks and other information concerning the [Commodity/Basket of Commodities]: (*Commodity-Linked Notes only*)

[*Need to include a clear and comprehensive explanation of how the value of the investment is affected by the underlying and the circumstances when the risks are most evident*]

[*Need to include details of where past and future performance and volatility of [the/each] commodity/formula can be obtained*] [*Need to include the name of [the/each] commodity and need to include details of where the information about [the/each] commodity can be obtained*]

The Issuer [intends to provide post-issuance information [*specify what information will be reported and where it can be obtained*]] [does not intend to provide post-issuance information]]

13. Operational Information:

ISIN Code:

Common Code:

New Global Note intended to be held in a manner which would allow Eurosystem eligibility: [*Not Applicable*] (*Specify “Not Applicable” if the Notes are being issued in CGN form*)

[Yes. Note that the designation “Yes” simply means that the Notes are intended upon issue to be deposited with one of Euroclear Bank S.A./N.V. or Clearstream Banking S.A. as common safe-keeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria] (*If “Yes” selected, Bearer Notes must be issued in NGN form*)

[No. Whilst the designation is specified as “no” at the date of this Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of Euroclear Bank S.A./N.V. or Clearstream Banking S.A. as common safekeeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met]

Any clearing system(s) other than [Not Applicable/*give name(s) and number(s)/VP, VP*]

Euroclear Bank S.A./N.V. and Clearstream Banking S.A. and the relevant identification number(s): identification number: [●]/VPS, VPS identification number: [●]/Euroclear Finland, Euroclear Finland identification number: [●]/Euroclear Sweden, Euroclear Sweden identification number: [●]]

The Issuer shall be entitled to obtain certain information from the register maintained by [the VP/the VPS/Euroclear Finland/ Euroclear Sweden] for the purpose of performing its obligations under the issue of VP Systems Notes] (*delete as applicable*)

Names and addresses of additional Paying Agent(s) (if any): [Not Applicable/[●]]

14. Distribution

(i) Name [and address]** of Dealer: [Not Applicable/give name [and address]**]

(ii) Total commission and concession**: [●] per cent. of the Aggregate Principal Amount**

(iii) TEFRA Rules: TEFRA [C/D/not applicable]

(iv) Non-exempt Offer [where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus]: [Applicable]/[Not Applicable] [, the Notes may also be offered in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus] (*if not applicable, delete the remaining sub-paragraphs below and also paragraph 15 below*)

(v) [Non-exempt Offer Jurisdictions: [Denmark / Finland / Germany / Ireland / Luxembourg / Sweden / United Kingdom]

(vi) [Offer Period: [Specify date] until [specify date]

(vii) [Financial intermediaries granted specific consent to use the Base Prospectus in accordance with the Conditions in it: [Insert names and addresses of financial intermediaries receiving consent (specific consent)]]

Prohibition of Sales to EEA Retail Investors: Applicable [other than with respect to offers of the Notes in [specify jurisdiction(s) for which a PRIIPs KID is being prepared] [during the period[s][x]-[x] repeat periods as necessary]

15. [Terms and Conditions of the Offer:

Offer Price: [Issue Price/Not Applicable/specify]

[Conditions to which the offer is subject:] [Not Applicable/give details]

[Description of the application process:] [Not Applicable/give details]

PRO FORMA FINAL TERMS

[Details of the minimum and/or maximum amount of application]: [Not Applicable/*give details*]

[Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants]: [Not Applicable/*give details*]

[Details of the method and time limits for paying up and delivering the Notes:]: [Not Applicable/*give details*]

[Manner in and date on which results of the offer are to be made public:]: [Not Applicable/*give details*]

[Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised:]: [Not Applicable/*give details*]

[Whether tranche(s) have been reserved for certain countries:]: [Not Applicable/*give details*]

[Process for notification to applicants of the amount allotted and the indication whether dealing may begin before notification is made:]: [Not Applicable/*give details*]

[Amount of any expenses and taxes specifically charged to the subscriber or purchaser:]: [Not Applicable/*give details*]

[Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place:]: [None/*give details*]

[Name and address of the entities which have a firm commitment to act as intermediaries in secondary trading, providing liquidity through bid and offer rates and description of the main terms of their commitment:]: [None/*give details*]

16. EU Benchmark Regulation

EU Benchmark Regulation: Article 29(2) statement on benchmarks: [Not applicable]

[Applicable: Amounts payable under the Notes are calculated by reference to *[insert name[s] of benchmark(s)]*, which [is/are] provided by *[insert name[s] of the administrator[s] – if more than one specify in relation to each relevant benchmark]*.

[As at the date of these Final Terms, *[insert name[s]]*

of the administrator[s]] [is/are] [not] included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority [(“ESMA”)] pursuant to article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011 [(the “Benchmarks Regulation”)].] [repeat as necessary]]

17. U.S. Federal Income Tax Considerations

- (i) [The Notes are [not] Specified Notes for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986.] [Additional information regarding the application of Section 871(m) to the Notes will be available from [give name(s) and address(es) of Issuer contact].] [As at the date of these Final Terms, the Issuer has not determined whether the Notes are Specified Notes for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Notes for these purposes. This is indicative information only subject to change and if the Issuer’s final determination is different then it will give notice of such determination. Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.] ¹⁵ *(The Notes will not be Specified Notes if they (i) are issued prior to 1 January 2021 and are not “delta-one” for U.S. tax purposes or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Notes reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to 1 January 2021 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after 1 January 2021, further analysis would be required. If the Notes are Specified Notes, include the “Additional information” sentence and provide the appropriate contact information at the Issuer.)*

1 Complete each section only if applicable. Otherwise delete and re-number sections accordingly.

* Delete if the minimum denomination is less than EUR 100,000 (or its equivalent).

** Delete if the minimum denomination is greater than or equal to EUR 100,000 (or its equivalent).

¹⁵ This formulation to be used if the Issuer has not made a determination regarding whether the Notes are Specified Notes as of the date of the Final Terms.

PRO FORMA FINAL TERMS

SUMMARY OF THE NOTES

*[issue specific summary to be inserted]***

SECTION F.4- EXEMPT NOTES PRO FORMA PRICING SUPPLEMENT

Pro Forma Pricing Supplement for an issue of Exempt Notes by Danske Bank A/S under the EUR 5,000,000,000 Structured Note Programme.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – [Other than with respect to offers of the Notes in [*specify jurisdiction(s) for which a PRIIPs KID is being prepared*] [during the period[s][x]-[x] repeat periods as necessary,][T]/[t]he Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); (ii) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; of (iii) not a qualified investor as defined in the Prospectus Directive. Consequently[, save as provided above,] no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to any retail investor in the EEA has been prepared and therefore offering or selling the securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[MiFID II product governance / target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties[,] [and] professional clients [and retail clients], each as defined in MiFID II; [and (ii) all channels for distribution of the Notes are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]] / [(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate – [investment advice][,/and]]portfolio management][,/ and][non-advised sales][and pure execution services][, subject to the distributor’s (as defined below) suitability and appropriateness obligations under MiFID II, as applicable]]. [*Consider/insert any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels[, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable].]

PRICING SUPPLEMENT

DATED [●]

Series No. [●]

Tranche No. [●]

DANSKE BANK A/S

EUR 5,000,000,000**Structured Note Programme**

Issue of

[Aggregate Principal Amount of Tranche] [Title of Notes]

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH THE PROSPECTUS DIRECTIVE (AS DEFINED BELOW) IN RELATION TO NOTES WHICH ARE THE SUBJECT OF THIS PRICING SUPPLEMENT.

EXEMPT NOTES PRO FORMA PRICING SUPPLEMENT

Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Listing Particulars dated 18 June 2019 [and the Supplement No. [●] dated [●]] ([together,] the “**Listing Particulars**”). This document constitutes the Pricing Supplement of the Notes described herein and must be read in conjunction with such Listing Particulars. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Listing Particulars. The Listing Particulars are available for viewing at and copies may be obtained from the website of Euronext Dublin at www.ise.ie.

[The following alternative language applies if the first Tranche of an issue of Notes which is being increased was issued under Listing Particulars/a Base Prospectus with an earlier date.]

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the [Listing Particulars/Base Prospectus] dated [*original date*] [as supplemented by Supplement No. [●] dated [●]] which are incorporated by reference in the Listing Particulars dated [*current date*], as supplemented by Supplement No. [●] dated [●]] ([together,]the “**Listing Particulars**”). This document constitutes the Pricing Supplement of the Notes described herein and must be read in conjunction with the Listing Particulars. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Listing Particulars. The Listing Particulars are available for viewing at and copies may be obtained from the website of Euronext Dublin at www.ise.ie]

[The following language is only to be inserted in Amended and Restated Final Terms which are prepared as a consequence of the update of a Base Prospectus in respect of the Programme prior to the end of the Offer Period/before the date of admission to trading of the Notes]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote guidance for completing the Pricing Supplement.]

(iv) Notice period: Minimum Period: days

Maximum Period: [Not Applicable/ days]

(N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 5 clearing system business days' notice for a call) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

32. Put Option

[Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

(i) Optional Redemption Date(s) (Put):

(ii) Optional Redemption Amount (Put) and method, if any, of calculation of such amount(s): per Calculation Amount/

(iii) Notice period: Minimum Period: days

Maximum Period: [Not Applicable/ days]

(N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 15 clearing system business days' notice) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

33. Early Redemption

(i) Early redemption for tax reasons: [Applicable/Not Applicable]

(N.B. If general Condition 8.1 (Gross-up) is specified as Applicable in item 12 above, specify "Applicable" here. If General Condition 8.3 (No gross-up) is specified as Applicable in item 13 above specify "Not Applicable" here)

EXEMPT NOTES PRO FORMA PRICING SUPPLEMENT

- (ii) Notice Period relating to early redemption for tax reasons: Minimum Period: [●] days
- Maximum Period: [Not Applicable/[●] days]
- (N.B. When setting notice periods, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems (which require a minimum of 15 clearing system business days' notice) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)*
- (iii) Additional Events of Default: [Not Applicable/specify]
- (iv) Early Redemption Amount payable (a) on redemption for taxation reasons or (b) on redemption for an Administrator/Benchmark Event or (c) on an illegality or (d) on an Event of Default or (e) in the case of Reference Item-Linked Notes, following an early redemption pursuant to the provisions of the relevant Reference Item Schedule: [As set out in the General Conditions/[●] per Calculation Amount]
- (v) Early Redemption Amount includes amount in respect of interest: [Yes: no additional amount in respect of interest to be paid/No: together with the Early Redemption Amount, accrued interest shall also be paid/Not Applicable]

(Specify "Yes" where the Notes are Fixed Rate Notes and "Accrual" is specified above as Not Applicable and/or where FX Interest Conversion and/or FX Principal Conversion are specified as Applicable)

34. Autocall Early Redemption:

[Applicable/Not Applicable]

- (i) Early Redemption Amount: The Early Redemption Amount for the purposes of Redemption Payout Condition 1.2 (*Early redemption*) is the:
- [Autocall Early Redemption Amount]
- (ii) Autocall: Applicable: Redemption Payout Condition 1.4 (*Early Redemption (Autocall)*) applies
- Autocall Barrier: [[●]%/As specified in item 34(iv)(B) below]
- (iii) Provisions relating to Nth Performance: [Not Applicable] [Nth Performance is Applicable and N = [●][st/nd/rd/th] highest]

(iv) Autocall valuation provisions for early redemption: [Applicable [- see item [28(iv)/38(i)] [above/below]/Not Applicable]

(A) Initial valuation to determine Reference Item Initial: *(If not applicable and/or an Initial Price is specified for each Reference Item above and/or the initial valuation provisions are set out elsewhere below, delete the remaining sub-paragraphs of this paragraph. If applicable, include whichever provisions apply and delete the remaining alternatives)*

Initial Valuation Date: [●]

Initial Averaging Dates: As set out in the table below:

<i>t</i>	Initial Averaging Dates
1	[●]
...	[●]
y	[●]

Initial Valuation Period: The Initial Valuation Period is the period from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]

Valuation Period Dates for the Initial Valuation Period: [Each [●], [●] and [●]] [falling during the Initial Valuation Period]] [The definition set out in the Reference Item Conditions applies]

Look-Back: [Applicable/Not Applicable]

[[Highest/Lowest] applies for the purposes of the definition of Reference Item Initial;]

Adjustment provisions: In the event of a [Disrupted Day/Market Disruption Event]:

[Omission / Postponement / Modified Postponement] applies

(N.B. Adjustment not relevant where the Reference Item(s) are one or more Inflation Indices or FX Rates)

(B) Autocall valuation to determine Reference Price_{t, i}: Applicable

Autocall Valuation Dates: The Autocall Valuation Date[s] (*t*) are as set out in the table below:

<i>t</i>	Autocall Valuation Dates	Early Redemption Dates	[Autocall Barrier]
----------	---------------------------------	-------------------------------	---------------------------

1	[●]	[●]	[●]
...	[●]	[●]	[●]
y	[●]	[●]	[●]

Adjustment provisions: In the event of a [Disrupted Day/Market Disruption Event]:

[Omission/Postponement/Modified Postponement]

(N.B. Adjustment not relevant where the Reference Item(s) are one or more FX Rates)

(v) Early Redemption Date: For the purposes of Redemption Payout Condition 1.2 (*Early redemption*), the Early Redemption Date[s] shall be as specified for the relevant Autocall Valuation Date (*t*) in item 34(iv) above

35. Final Redemption Amount [[Subject as provided in Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*),] [●] per Calculation Amount/*other*/see Appendix]

[[Subject as provided in Redemption Payout Condition 2 (*Redemption in respect of Credit-Linked Notes*), the/The] Final Redemption Amount shall be the Reference Item-Linked Redemption Amount as specified in item 37 below]

36. FX Principal Conversion: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

(i) Initial valuation to determine Reference Item Initial_i in respect of the Principal FX Rate: [Applicable/Not Applicable]

(If not applicable and an Initial Price is specified for the FX Rate above, delete the remaining sub-paragraphs of this paragraph. If applicable, include whichever provisions apply and delete the remaining alternatives)

Initial Valuation Date: [●]

Initial Averaging Dates: As set out in the table below:

<i>t</i>	Initial Averaging Dates
1	[●]
...	[●]
y	[●]

- (ii) Final Valuation to determine Reference Item Final_i in respect of the Principal FX Rate: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph. If applicable, include whichever provisions apply and delete the remaining alternatives)

Final Valuation Date: [●]

Final Averaging Dates: As set out in the table below:

<i>t</i>	Final Averaging Dates
1	[●]
...	[●]
y	[●]

- 37. Reference Item-Linked Redemption Provisions** [Applicable. The Notes are [Inflation-Linked Redemption Notes/Index-Linked Redemption Notes/Equity-Linked Redemption Notes/Fund-Linked Redemption Notes/Currency-Linked Redemption Notes/Commodity-Linked Redemption Notes]/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Final Redemption Amount: [Specify/See Appendix]

[The Final Redemption Amount for the purposes of General Condition 6.1 (*Scheduled redemption*) is the Reference Item-Linked Redemption Amount, being the:

[Inflation Adjusted Redemption Amount]
 [Call Redemption Amount]
 [Put Redemption Amount]
 [Call Spread Redemption Amount]
 [Put Spread Redemption Amount]
 [Individually Capped Call Redemption Amount]
 [Fixed Best Call Redemption Amount]
 [Rainbow Call Redemption Amount]
 [Quadratic Call Redemption Amount]
 [Quadratic Put Redemption Amount]
 [Outperformance Redemption Amount]
 [Replacement Cliquet Redemption Amount]

[Need to include details of where past and future performance and volatility of [the/each] commodity/formula can be obtained] [Need to include the name of [the/each] commodity and need to include details of where the information about [the/each] commodity can be obtained]

9. **Operational Information**

ISIN Code:

Common Code:

New Global Note intended to be held in a manner which would allow Eurosystem eligibility: [Not Applicable] *(Specify “Not Applicable” if the Notes are being issued in CGN form)*

[Yes. Note that the designation “Yes” simply means that the Notes are intended upon issue to be deposited with one of Euroclear Bank S.A./N.V. or Clearstream Banking S.A. as common safe-keeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria] (If “Yes” selected, Bearer Notes must be issued in NGN form)

[No. Whilst the designation is specified as “no” at the date of this Pricing Supplement, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of Euroclear Bank S.A./N.V. or Clearstream Banking S.A. as common safekeeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem

monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met]

Any clearing system(s) other than Euroclear Bank S.A./N.V. and Clearstream Banking S.A. and the relevant identification number(s): [Not Applicable/*give name(s) and number(s)*]/VP, VP identification number: [●]/VPS, VPS identification number: [●]/Euroclear Finland, Euroclear Finland identification number: [●]/Euroclear Sweden, Euroclear Sweden identification number: [●]]

The Issuer shall be entitled to obtain certain information from the register maintained by [the VP/the VPS/Euroclear Finland/ Euroclear Sweden] for the purpose of performing its obligations under the issue of VP Systems Notes] (*delete as applicable*)

Settlement Procedures: [Customary medium term note procedures apply/*specify other settlement and payment procedures*]

Delivery: Delivery [against/free of] payment

Names and addresses of additional Paying Agent(s) (if any): [Not Applicable/[●]]

10. Distribution

(i) Name [and address] of Dealer: [Not Applicable/*give name [and address]*]

(ii) [Total commission and concession: [●] per cent. of the Aggregate Principal Amount]

(iii) TEFRA Rules: TEFRA [C/D/not applicable]

(iv) Additional Selling Restrictions: [[●]/Not Applicable]

Prohibition of Sales to EEA Retail Investors: Applicable [other than with respect to offers of the Notes in [*specify jurisdiction(s) for which a PRIIPs KID is being prepared*] [during the period[s][x]-[x] repeat periods as necessary]

11. U.S. Federal Income Tax Considerations

(i) [The Notes are [not] Specified Notes for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986. Additional information regarding the application of Section 871(m) to the Notes will be available from [*give name(s) and address(es) of Issuer contact*].] [As at the date of this Pricing Supplement, the Issuer has not determined whether the Notes are Specified Notes for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Notes for these purposes. This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination. Please contact [*give name(s) and address(es) of Issuer contact*] for further information regarding the application of Section 871(m) to the Securities.] ¹⁶ (*The Notes will not be*

¹⁶ This formulation to be used if the Issuer has not made a determination regarding whether the Notes are Specified Notes as of the date of the Pricing Supplement.

EXEMPT NOTES PRO FORMA PRICING SUPPLEMENT

Specified Notes if they (i) are issued prior to 1 January 2021 and are not “delta-one” for U.S. tax purposes or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Notes reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities and (i) are issued prior to 1 January 2021 and provide a return that does not differ significantly from the return on an investment in the underlying, or (ii) are issued on or after 1 January 2021, further analysis would be required. If the Notes are Specified Notes, include the “Additional information” sentence and provide the appropriate contact information at the Issuer.)
