## PROSPECTUS SUPPLEMENT NO. 6 DATED 14 MAY 2018 TO THE BASE PROSPECTUS DATED 20 JUNE 2017

## EUR 5,000,000,000 STRUCTURED NOTE PROGRAMME

This Prospectus Supplement dated 14 May 2018 (the "Prospectus Supplement" or "Prospectus Supplement No. 6") to the Base Prospectus dated 20 June 2017, the Prospectus Supplement No. 1 dated 31 July 2017, the Prospectus Supplement No. 2 dated 25 August 2017, the Prospectus Supplement No. 3 dated 9 November 2017, the Prospectus Supplement No. 4 dated 12 February 2018 and the Prospectus Supplement No. 5 dated 3 May 2018 (together with the Prospectus Supplement, the "Base Prospectus") constitutes a supplement for the purposes of Article 16 of Directive 2003/71/EC, as amended (the "Prospectus Directive") and is prepared in connection with the Structured Note Programme (the "Programme") established by Danske Bank A/S (the "Issuer"). Terms defined in the Base Prospectus have the same meaning when used in this Prospectus Supplement.

This Prospectus Supplement has been approved by the Central Bank of Ireland as competent authority under the Prospectus Directive. The Central Bank of Ireland only approves this Prospectus Supplement as meeting the requirements imposed under Irish and European law pursuant to the Prospectus Directive.

Application has been made to the Irish Stock Exchange for the approval of the Prospectus Supplement as Listing Particulars Supplement (Listing Particulars Supplement).

Where Notes are admitted to trading on the global exchange market (the "Global Exchange Market") which is the exchange regulated market of the Irish Stock Exchange, references herein to "Prospectus Supplement" should be taken to mean "Listing Particulars Supplement".

The Issuer accepts responsibility for the information contained in this Prospectus Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Prospectus Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

## RECENT DEVELOPMENTS

In Company Announcement No. 31/2018 released on 3 May 2018, Danske Bank A/S announced the decision from the DFSA regarding Danske Bank's management and governance in relation to the matter concerning its branch in Estonia. Accordingly, the following section is to be added to page D-13 in the Base Prospectus:

## **Recent Developments**

"The Danish FSA has assessed the role of Danske Bank's management and senior employees in the matter relating to the now closed down non-resident portfolio at Danske Bank's branch in Estonia. The assessment gives rise to eight orders and eight reprimands. Danske Bank has taken note of the orders and reprimands. In addition to the initiatives already taken in recent years, Danske Bank will now launch further measures to ensure that it complies with all orders.

The wording of the orders and reprimands is given in the FSA's decision document 'Danske Bank's management and governance in relation to the AML case at the Estonian branch' of 3 May 2018, which can be found on Danske Bank's website.

#### Anti-money laundering measures

The non-resident portfolio in Estonia, to which the problems relate, has been closed down, and in recent years, Danske Bank has invested massively in compliance activities.

Moreover, after the organisational changes announced on 6 April this year, the Compliance unit reports directly to the CEO.

## Order to reassess the solvency need

Among other things, the Danish FSA orders the Board of Directors and the Executive Board to reassess the bank's and the banking group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the bank's governance. The FSA initially estimates that a Pillar II add-on should amount to at least DKK 5 billion, or about 0.7% of the REA (risk exposure amount) at the end of 2017. An add-on of DKK 5 billion will increase the Group's solvency need from 10.5% to 11.2% calculated at 31 March 2018. The increased solvency need should be viewed in light of a total capital ratio of 21.4% at 31 March 2018. The Group will thus continue to have a considerable solvency buffer.

## Ongoing investigations

Danske Bank earlier concluded that, in the period from 2007 to 2015, it was not sufficiently effective in preventing the branch in Estonia from potentially being used for money laundering and that this was due to critical deficiencies in governance and controls. As a result, comprehensive investigations into conditions at the Estonian branch during the period in question were launched in the autumn of 2017. The investigations focus on two separate things: A thorough review of customers and transactions during the period, and an examination of the course of events, including whether managers and employees lived up to their responsibilities to a sufficient degree. The investigations are expected to be completed in September 2018 at the latest."

The Company Announcement is not incorporated by reference in this Prospectus Supplement, however the full text has been appended hereto as Schedule 2.

## Reorganisation

As of 2 May 2018, the Group has five business units (Banking DK, Banking Nordic, C&I, Wealth Management and Northern Ireland), a Non-core unit and Other Activities and has launched a new Group strategy. The new business units and departments are described below.

## Strategy

The new strategy is called "Nordic Integrator". Integration will be key to realising the Group's vision of being recognised as the most trusted financial partner. The new strategy is not a change of direction, but a natural next step. It builds on the Group's current strongholds and raises the bar for the role the Group wants to play and the values it wants to create.

Being the Nordic Integrator means that the Group will integrate further on three different levels: Firstly, the Group will integrate with its customers. The Group will move even closer to them and become an integral part of their lives or business. Secondly, the Group will integrate internally by moving closer to each other, breaking down the silos to organise around customers and work together as one Danske Bank. And thirdly, the Group will integrate closer with the societies it is a part of by stepping up its commitment to make a positive impact.

## Banking DK

Banking DK serves personal customers as well as small and medium sized business customers in Denmark. The unit focuses on providing proactive advice to personal customers and making day-to-day banking simple and efficient through innovative digital solutions while at the same time providing business customers with leading solutions within financing, investing, cash management and risk management.

## **Banking Nordic**

Banking Nordic serves personal customers as well as small and medium sized business customers in Finland, Sweden and Norway. The unit focuses on providing proactive advice to personal customers and making day-to-day banking simple and efficient through innovative digital solutions while at the same time providing business customers with leading solutions within financing, investing, cash management and risk management.

#### Other Activities

Other Activities consists of the following Group resource and service functions: Group Development (including Strategy, Development and Marketing); Group Risk Management; the CFO area (including Group Treasury); the COO area (including IT and Services); Group HR; the Chief of Staff unit (including Legal and Communications); and Group Compliance. These service areas support the main business units, performing tasks that span various customer groups and markets.

#### **GENERAL INFORMATION**

Paragraphs "Material Change and Significant Change" and "Legal Proceedings" on page D-19 to D-20 of the Base Prospectus shall be deemed deleted and replaced with the following paragraphs, respectively:

## "Material Change and Significant Change

On 3 May 2018, the DFSA ordered the Board of Directors and the Executive Board to reassess the Issuer's and the Group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the Issuer's governance. The DFSA initially estimated that a Pillar II add-on should amount to at least DKK 5 billion, or about 0.7 per cent. of the REA (risk exposure amount) at the end of 2017.

- (i) Save as outlined immediately above, there has been no significant change in the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole since 31 March 2018, the last day of the financial period in respect of which the most recent financial statements of the Issuer have been prepared; and
- (ii) there has been no material adverse change in the prospects of the Issuer since 31 December 2017, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared.

## **Legal Proceedings**

There are no governmental, legal or arbitration proceedings against or affecting the Issuer or any of its Subsidiaries (and no such proceedings are pending or threatened of which the Issuer is aware) during a period covering at least the previous twelve months which have or may have in the recent past, individually or in the aggregate, significant effects on the profitability or the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole."

## **SUMMARY**

The Summary of the Base Prospectus shall be amended as set out in Schedule 1 to this Supplement.

## **GENERAL**

To the extent that there is any inconsistency between (a) any statement in this Prospectus Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

Save as disclosed in this Prospectus Supplement, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus since the publication of the Base Prospectus.

See "Risk Factors" in the Base Prospectus for a discussion of certain risks that should be considered in connection with certain types of Notes which may be offered under the Programme.

Investors who have already agreed to purchase or subscribe for Notes before this Prospectus Supplement is published have the right, exercisable by the close of business on 16 May 2018 to withdraw their acceptances.

## **SCHEDULE 1**

## AMENDMENTS TO THE SUMMARY OF THE BASE PROSPECTUS

The following amendments are made to the Summary set out in the Base Prospectus:

## **SECTION A - SUMMARY**

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A - E (A.1 - E.7). This Summary contains all the Elements required to be included in a summary for the Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

## **Section A - Introduction and Warnings**

Element			
A.1	This summary should be read as an introduction to the Base Prospectus and the relevant Final Terms.		
	Any decision to invest in any Notes should be based on a consideration of the Base Prospectus as a whole, including any documents incorporated by reference and the relevant Final Terms.		
	Where a claim relating to information contained in the Base Prospectus and the relevant Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Base Prospectus and the relevant Final Terms before the legal proceedings are initiated.		
	No civil liability will attach to the Issuer in any such Member State solely on the basis of this summary, including any translation hereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus and the relevant Final Terms or, following the implementation of the relevant provisions of Directive 2010/73/EU in the relevant Member State, it does not provide, when read together with the other parts of the Base Prospectus and the relevant Final Terms, key information (as defined in Article 2.1(s) of the Prospectus Directive) in order to aid investors when considering whether to invest in the Notes.		
A.2	[Not Applicable – The Notes may only be offered in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus (an "Exempt Offer").]		
	[The Notes may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus (a "Non-exempt Offer").		
	Consent: Subject to the conditions set out below, the Issuer consents to the use of this Base Prospectus in connection with a Non-exempt Offer of Notes by [name(s) of relevant Dealer/Managers] [:/and] [names of specific financial intermediaries listed in final terms,] [and each financial intermediary whose name is published on the Issuer's website		

(www.danskebank.com) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer] ([together,] the "Authorised Offeror[s]").
Offer period: The Issuer's consent referred to above is given for Non-exempt Offers of Notes during [offer period for the issue to be specified here] (the "Offer Period").
Conditions to consent: The conditions to the Issuer's consent are that such consent (a) is only valid during the Offer Period; and (b) only extends to the use of the Base Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in [specify each Relevant Member State in which the particular Tranche of Notes can be offered].
AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON- EXEMPT OFFER FROM [AN/THE] AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY [SUCH/THE]
AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN [SUCH/THE] AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS
AND SETTLEMENT ARRANGEMENTS. THE INVESTOR MUST LOOK TO THE [RELEVANT] AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE [RELEVANT] AUTHORISED
OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION.]

## Section B – Issuer

Element	Title	
B.1	Legal and Commercial Name	Danske Bank A/S (the "Issuer")
B.2	Domicile/ Legal Form/ Legislation/ Country of Incorporation	The Issuer was founded in Denmark and incorporated on 5 October 1871. The Issuer is a commercial bank with limited liability and carries on business under the Danish Financial Business Act. The Issuer is registered with the Danish Commerce and Companies Agency and the Danish corporate registration number is 61126228.
B.4b	Known trends affecting the Issuer and the industries in which it operates	Not Applicable - There are no known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on the Issuer's prospects for its current financial year.
B.5	Description of the Group	The Issuer is the parent company of the Danske Bank Group (the "Group").  The Issuer is a modern Nordic universal bank with bridges to the rest of
B.9	Profit forecast or estimate	Not Applicable - No profit forecast or estimates have been made in the Base Prospectus.

1 The net profit in the financial highlights is DKK 312 million higher than the net profit in the IFRS income statement. For further information please refer to page 26 in the Interim report – first quarter 2018.

By virtue of the Prospectus Supplement No. 6 dated 14 May 2018, the following wording has been added to the "Description of significant changes to financial or trading position "On 3 May 2018, the Danish Financial Supervisory Authority (the "DFSA") ordered the Board of Directors and the Executive Board to reassess the Issuer's and the Group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the Issuer's governance. The DFSA initially estimated that a Pillar II add-on should amount to at least DKK 5 billion, or about 0.7 per cent. of the REA (risk exposure amount) at the end of 2017. Save as outlined in the immediately preceding sentences,"

<sup>3</sup> By virtue of the Prospectus Supplement No. 5 dated 3 May 2018, the words "31 December 2017" in "Description of significant changes to financial or trading position" have been deleted and the words "31 March 2018" is substituted therefore and changes have been made in the section "Selected historical key financial information" to reflect the publication of the consolidated unaudited interim financial statements as at and for the first quarter ended on 31 March 2018 (the "Interim report – first quarter 2018"). The income statement for the three months ended 31 March 2018 and the balance sheet at 31 March 2018 are taken from page 4 in the Interim report – first quarter 2018.

B.13	Recent events materially relevant to an evaluation of the Issuer's solvency	Not Applicable - There are no recent events particular to the Issuer which are to a material extent relevant to the evaluation of the Issuer's solvency.				
B.14	Dependence on other entities within the Group	See Element B.5. Not Applicable – The Issuer is not dependent on any other entities within the Group.				
B.15	Principal activities	The Group is the leading financial service provider in Denmark (Source: the Danish Financial Supervisory Authority) – and one of the largest in the Nordic region – measured by total assets as at 31 December 2016. The Group offers customers a wide range of services in the fields of banking, mortgage finance, insurance, pension, real-estate brokerage, asset management and trading in fixed income products, foreign exchange and equities. The Group is the largest bank in Denmark (Source: the Danish Financial Supervisory Authority), is one of the largest banks in Finland and Northern Ireland and has challenger positions in Sweden and Norway.				
B.16	Controlling shareholders	Not Applicable – The Issuer is not aware of any shareholder or group of connected shareholders who directly or indirectly control the Issuer.				
B.17  (Applicable for Annexes V and XIII)	Credit ratings assigned to the Issuer	As at the date of the Base Prospectus, the Issuer has been rated by the following rating agencies: Moody's Investors Service Ltd. ("Moody's"), Standard & Poor's Credit Market Services Europe Limited ("S&P") and Fitch Ratings Ltd ("Fitch").				
		The Issuer ratings are as follows:				
		Moody's S&P Fitc h				
		senior unsubordinated long-term A1 <sup>4</sup> A A debt/long-term Issuer default rating				
		senior unsubordinated short-term P-1 A-1 F1 debt/short-term Issuer default rating				
		Each of Moody's, S&P and Fitch is established in the European Union (the "EU") and is registered under Regulation (EC) No. 1060/2009 (as amended).				
		A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.				
		No ratings have been or are expected to be assigned to the Notes at the request of or with the co-operation of the Issuer in the rating process.				

.

<sup>&</sup>lt;sup>4</sup> By virtue of the Prospectus Supplement No. 2 dated 25 August 2017 the word "A2" have been deleted and the word "A1" have been substituted therefor.

## Section C - Notes

Element	Title	
C.1  (Applicable for Annexes V, XII and XIII)	Description of Notes/ISIN	The Notes are [●].  The Series number is [●]. The Tranche number is [●].  [The Notes will be consolidated and form a single series with [identify earlier Tranches] on [the Issue Date/exchange of the temporary global Note for interests in the permanent global Note, which is expected to occur on or about [●]]]  The International Securities Identification Number (ISIN) is [●]. The Common Code is [●]. [The [VP/VPS/Euroclear Finland/Euroclear Sweden] identification number is [●].]
		The calculation amount ("CA") is [●].
C.2  (Applicable for Annexes V, XII and XIII)	Currency	The Notes are denominated in [●] and the specified currency for payments in respect of the Notes is [●].
C.5  (Applicable for Annexes V, XII and XIII)	Restrictions on the free transferability of the Notes	[While the Notes are in global form and held through the clearing systems, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg, as the case may be.]  [Transfers of Notes may be effected only through the book entry system and register maintained by the [VP/VPS/Euroclear Finland/Euroclear Sweden].]  The Notes will be freely transferable, subject to the offering and selling restrictions of the United States, the European Economic Area, the United Kingdom, Denmark, Finland, Norway and Sweden and the laws of any jurisdiction in which the Notes are offered or sold.
C.8  (Applicable for Annexes V, XII and XIII)	Rights attached to the Notes, including ranking and limitations on those rights	The Notes have terms and conditions relating to, among other matters:  **Ranking**  The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank *pari passu* without any preference among themselves and at least *pari passu* with all other ordinary, non-preferred, unsubordinated and unsecured obligations of the Issuer, present and future save for certain mandatory exceptions provided by law.  **Taxation**

[All payments in respect of the Notes will be made without withholding or deduction for taxes imposed by Denmark. In the event that any such deduction is made, the Issuer will, save in certain limited circumstances, be required to pay additional amounts to cover the amounts so deducted. If any such additional amounts become payable and cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may redeem the Notes early by payment of the early redemption amount in respect of each calculation amount. / The Issuer shall not be liable for or otherwise obliged to pay any taxes which may arise in respect of the Notes and all payments made by the Issuer shall be made subject to any such taxes.]

## Negative pledge and cross default

The terms of the Notes will not have the benefit of a negative pledge or a cross-default.

### Events of default

The terms of the Notes will contain, amongst others, the following events of default: (i) default in payment of any principal or interest due in respect of the Notes, continuing for a period of 5 days after the date on which notice has been given to the Issuer; (ii) default in the performance or observance of any other obligation of the Issuer under the Notes and such default remains unremedied for 30 days after notice requiring remedy has been given to the Issuer; (iii) a legal process is levied or enforced or sued out upon or against any part of the assets of the Issuer which is material in its effect upon the operation of the Issuer and is not discharged or stayed within 60 days of having been so levied, enforced or sued out, (iv) events relating to the bankruptcy of the Issuer; and (v) the Danish Financial Supervisory Authority files a petition for the suspension of payments of the Issuer.

#### Meetings

The terms of the Notes will contain provisions for calling meetings of holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

#### Governing Law

English law[, except that the registration of the Notes in [the VP Securities Services/the Norwegian Central Securities Depository/Euroclear Finland Oy/Euroclear Sweden AB] shall be governed by [Danish/Norwegian/Finnish/Swedish] law].

	[●]]]

## [Early Redemption (Autocall)

The Notes may be redeemed early in the circumstances set out below by payment of the early redemption amount in respect of each calculation amount.

If, on a specified autocall valuation date (t), Relevant Autocall Performance is greater than or equal to the Autocall Barrier, the Notes shall be redeemed early and the early redemption amount in respect of each calculation amount ("**CA**") shall be the calculation amount.

For the purposes of the above:

"Autocall Performance" means, in respect of [the/a] Reference Item and a specified autocall valuation date (t), the [level/price/rate/value] of such Reference Item on such specified autocall valuation date (t) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s] /on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Autocall Performance" means [the Autocall Performance of the Reference Item/the sum of the weighted Autocall Performances for each of the Reference Items/ the [●] highest Autocall Performance of any Reference Item]

"Autocall Barrier" = [[●]% / The percentage specified for the relevant autocall valuation date below]

"autocall valuation dates"	= [[●], [●] and [●] / As specified below] (subject to [[modified] postponement/omission])
[t autocall valuation date	Autocall Barrier
1 [•]	[●]%
[•]	[●]%]
[Valuation	
["initial valuation date"	= [●] (subject to postponement)]
["initial averaging dates" [[modified] postponement / omiss.	= $[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to ion])]
["initial valuation period"	= from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]]
["valuation period dates" for the initial valuation period	= Each [●] [, [●] and [●]] falling during the initial valuation period (each such date subject to [[modified] postponement / omission])]
["autocall valuation dates"	= $[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to postponement)]]

## Early redemption

See "Taxation" and "Events of Default" in Element C.8 above for information on early redemption in relation to the Notes.

In addition, if the Issuer determines that performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become illegal in whole or in part as a result of compliance with any applicable present or future law (an "**illegality**"), the Issuer may redeem the Notes early and, if and to the extent permitted by applicable law, will pay an amount equal to the early redemption amount in respect of each calculation amount.

[In the circumstances specified above, the "early redemption amount" payable on any such early redemption of the Notes will be [[●] per calculation amount] [an amount determined by the Calculation Agent which represents the fair market value of each calculation amount of the Notes [(which amount shall include amounts in respect of interest)] on a day selected by the Issuer (in the case of an early redemption following an illegality, ignoring the relevant illegality), but adjusted (except in the case of an early redemption following an event of default) to account for losses, expenses and costs to the Issuer and/or its affiliates of unwinding any hedging and funding arrangements

in respect of the Notes, provided that, for the purposes of determining the fair
market value of each calculation amount of the Notes following an event of
default, no account shall be taken of the financial condition of the Issuer which
shall be presumed to be able to perform fully its obligations in respect of the
Notes].]

[Zero Coupon Notes: In the circumstances specified above, the "early redemption amount" payable on any such early redemption in respect of each calculation amount will be sum of (i) [●] (the "Reference Price") and (ii) the product of the [●] per cent. per annum (compounded annually) being applied to the Reference Price from (and including) the issue date to (but excluding) the date fixed for redemption or, as the case may be, the date upon which the Note becomes due and payable]

## Redemption at maturity

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the maturity date.

The maturity date is  $[\bullet]$ .

The "Final Redemption Amount" is  $[par/[\bullet]\%$  of the aggregate principal amount].

# An indication of yield

[The yield on the Notes is [●]% per annum. The yield is calculated at the issue date of the Notes on the basis of the issue price of the Notes of [●] per cent. It is not an indication of future yield.] / [Not Applicable – the Notes are not fixed rate Notes.]

# Name of Trustee

Not Applicable – There is no trustee.

See also Element C.8 above.

## (Applicable for Annex V)

[C.10

# Derivative component of the interest payment

[Not Applicable – there is no derivative component in the interest payments.]

[Interest payable in respect of Capped Floating Rate Notes is subject to a Cap and, therefore, where the Relevant Rate is greater than the Cap, investors will not participate in the increase in the Relevant Rate above such Cap.]

[Interest payable in respect of Floored Floating Rate Notes is subject to a Floor and, therefore, where the Relevant Rate is less than the Floor, investors will not participate in the decrease in the Relevant Rate below such Floor.]

[Interest payable in respect of Collared Floating Rate Notes is subject to a Cap and a Floor and, therefore, where the Relevant Rate is greater than the Cap, investors will not participate in the increase in the Relevant Rate above such Cap and where the Relevant Rate is less than the Floor, investors will not participate in the decrease in the Relevant Rate below such Floor.]

[Interest payable in respect of Reverse Floating Rate Notes is subject to how the Specified Rate compares to the Relevant Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]

[Interest payable in respect of Steepener Notes is subject to how the Relevant Rate compares to the relevant Strike Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]

[In respect of Snowball Notes, the Snowball Amount will operate to increase the fixed rate to which the Relevant Rate is compared and Snowball Notes are subject to (i) an accreting fixed rate and how it compares to the Relevant Rate [and the amount of interest payable is subject to [a Cap] [and] [a Floor].]

[As a leverage factor [greater/less] than 100% is applied, the effect of changes in the level of the variable relevant rate is [magnified/reduced]]

[Interest payable in respect of Range Accrual Notes is subject to the proportion of interest observation dates within the relevant interest period for which Reference Price<sub>t</sub> falls within the specified parameters and thus Range Accrual Notes can be volatile instruments and may pay little or no interest in respect of an interest period.]

[Different amounts of interest will be payable in respect of Binary Rate Notes, depending on whether Reference Price<sub>t</sub> falls within the specified parameters on the relevant interest determination date.]

[Interest payable in respect of Inflation Adjusted Interest Notes are subject to (i) a Specified Rate and (ii) the performance of the Reference Item over a certain time period. Therefore, increases in the level of the relevant Reference Item will operate to increase the amount of interest payable.

[Reference Item-Linked Interest Notes will pay interest depending on whether the Relevant Autocall Interest Performance is equal to or greater than a specified barrier, otherwise no interest will be paid in respect of the relevant interest period.]

[The Interest Amount in respect of each interest period will be adjusted to reflect the change in the specified exchange rate between the specified initial valuation date[s] and the specified interest FX determination date for the relevant interest period.]

[Rate-Linked Notes: Adjustments

The terms and conditions of the Notes contain provisions, as applicable, relating to non-publication of the Reference Item and details of the consequences of such events. Such provisions may permit the Calculation Agent to obtain quotations from dealers in the relevant market or use underlying rates for a previous interest period.]

[Inflation-Linked Notes: Adjustments

The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item, modification or cessation of

the Reference Item and provisions relating to subsequent corrections of the level of the Reference Item and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine a substitute level for the Reference Item by reference to the terms of a reference bond or by reference to the most recently published level of the Reference Item or to cancel the Notes and to pay an amount equal to the early redemption amounts as specified above.]

[Reference Item-Linked Notes other than Rate-Linked Notes and Inflation-Linked Notes: **Disrupted Days, Market Disruption Events and Adjustments** 

The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item(s), modification or cessation of the Reference Item(s) and market disruption provisions and provisions relating to subsequent corrections of the level of the Reference Item(s) and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine what adjustments should be made following the occurrence of the relevant event (which may include deferment of any required valuation or payment or the substitution of a substitute reference item) or to cancel the Notes and to pay an amount equal to the early redemption amount as specified above.]

See also Element C.9.

## [C.11

(Applicable for Annexes V and XII)

## Admission to trading

[Application has been made to the [Irish Stock Exchange plc]/[the Nasdaq Copenhagen A/S]/[the Nasdaq Stockholm AB]/[the Nasdaq Helsinki Oy]/[the Nordic Growth Market NGM AB [(NDX [Sweden/Finland])]] / [the Luxembourg Stock Exchange] for the Notes to be admitted to trading on [[the Irish Stock Exchange plc] / [the Nasdaq Copenhagen A/S] / [the Nasdaq Stockholm AB] / [the Nasdaq Helsinki Oy] / [the Nordic Growth Market NGM AB [(NDX [Sweden/Finland])]] / [the Luxembourg Stock Exchange]].] / [Not Applicable. The Notes are not admitted to trading on any exchange.]]

## [C.15]

(Applicable for Annex XII)

## Description of how the value of the investment is affected by the value of the underlying instrument(s)

[[The Notes are [fixed/variable] rate Notes [which are [[Capped/Floored/Collared/Reverse] Floating Rate Notes / Steepener Notes / Snowball Notes / Range Accrual Notes / Binary Rate Notes / Inflation-Linked Interest Notes] [and interest/Interest] in respect of the Notes is determined by reference to the performance of the Reference Item] [adjusted to reflect changes in the specified exchange rate] (or specify a combination of the above) and the redemption amount payable under the Notes is [[●]% of the aggregate principal amount / linked to the performance of the Reference Item specified in Element C.20 below] [adjusted to reflect changes in the specified exchange rate].

[The principal amount payable at maturity will be subject to a minimum redemption amount of [●]% of the calculation amount[, subject as provided below,] [and the Final Redemption Amount may be less than par].]

[The Notes are also Credit-Linked Notes. Following the occurrence of a Credit Event in respect of [the/a/[nth]] Reference [Entity/Entities] (being, [a bankruptcy] [or] [a failure to pay] [or] [an obligation default] [or] [an

obligation acceleration] [or] [a repudiation/moratorium] [or] [a restructuring] [or] [a governmental intervention] in respect of the [relevant] Reference Entity or specified obligations thereof),

[Single Reference Entity/First-to-Default/Nth-to-Default CLNs - Fixed Amount Notes/Range Accrual Notes: no interest will be paid on any interest payment date falling on or after the credit event observation date following the relevant credit event determination date or if the credit event determination date falls prior to the first credit event observation date, no interest will be paid] [Single Reference Entity/First-to-Default/Nth-to-Default CLNs - Fixed Accrual Notes/Variable Rate Notes (other than Range Accrual Notes); Accrual of Interest upon Credit Event: Not Applicable: interest in respect of the Notes will cease to accrue from the interest period date falling prior to the credit event observation date following the credit event determination date or, if none, no interest will be paid [Single Reference Entity/First-to-Default/Nthto-Default CLNs - Fixed Accrual Notes/Variable Rate Notes (other than Range Accrual Notes); Accrual of Interest upon Credit Event: Applicable: interest in respect of the Notes will cease to accrue from the credit event determination date] [Non-Tranched Portfolio CLNs - Fixed Amount Notes/Range Accrual Notes/other Notes; Accrual of Interest upon Credit Event: Not Applicable: interest shall be determined by reference to the Calculation Amount, adjusted to take into account a Note's pro rata share of the reference entity notional amount in respect of each Reference Entity in respect of which a credit event determination date has occurred prior to the credit event observation date falling on or immediately preceding the interest [period/payment] date falling at the end of the relevant interest period] [Non-Tranched Portfolio CLNs Notes which are not Fixed Amount Notes/Range Accrual Notes; Accrual of Interest upon Credit Event: Applicable: interest shall be determined by reference to the Calculation Amount, adjusted to take into account a Note's pro rata share of the reference entity notional amount in respect of each Reference Entity in respect of which a credit event determination date has occurred prior to the relevant interest period date] [Tranched Portfolio CLNs - Fixed Amount Notes/Range Accrual Notes/other Notes; Accrual of Interest upon Credit Event: Not Applicable: interest shall be determined by reference to an amount equal to the "Tranched Calculation Amount" determined by reference to the reference entity notional amounts in respect of the number of Reference Entities in respect of which a credit event determination date has occurred prior to the credit event observation date falling on or immediately preceding the interest [period/payment] date falling at the end of the relevant interest period] [Tranched Portfolio CLNs - Notes which are not Fixed Amount Notes/Range Accrual Notes; Accrual of Interest upon Credit Event: Applicable: interest shall be determined by reference to an amount equal to (A) the sum of the amounts, determined in respect of each day in the relevant interest period, equal to the Tranched Calculation Amount for each such day divided by (B) the number of days in the relevant interest period] [and] [the Notes will be redeemed by payment of the Credit Event Redemption Amount (determined as specified in Element C.18 below) on the Credit Event Redemption Date (determined as specified in Element C.18 below)]].

[Tranched Portfolio CLNs: For the purposes of the above, "Tranched Calculation Amount" means, in respect of a day, an amount determined by reference to the following formula:

## $[CA \times (100\% - Aggregate Portfolio Loss)] - TUC$

where "Aggregate Portfolio Loss" is determined as of the relevant day and is as set out in Element C.18 below provided that where any Final Price is not determined as of the relevant date such Final Price will be deemed to be zero and provided further that "TUC" will be determined as if the Notes were being redeemed as of the relevant day. Where any Final Price is deemed to be zero, the Calculation Agent will calculate the shortfall (if any) in any amount(s) of interest paid prior to such Final Price being determined on the basis of the amount of interest which would have been payable had the relevant Final Price been determined as of the related Credit Event Determination Date. The Issuer will pay in respect of such Note and each such Final Price for which the relevant shortfall has been calculated, the relevant shortfall(s) relating to that Note on the next following Interest Payment Date or, if none, the Credit Event Redemption Date but without any additional interest or other amount in respect of the relevant delay(s).

[Nth-to-Default CLNs – The credit event determination date will be deemed to have occurred only as of the day on which the calculation agent determines that a credit event determination date has occurred in respect of [specify number] of Reference Entities.]

[See also Element C.18 below.]

# [Optional redemption

[The Issuer may elect to redeem the Notes prior to their stated maturity ([either] in whole [or in part]). The optional redemption amount payable in such circumstances is  $[\bullet]$  per calculation amount and the optional redemption date(s) [is/are]  $[\bullet]$ [,  $[\bullet]$  and  $[\bullet]$ ].]

[A Noteholder may elect to redeem any of the Notes held by it on [the/an] optional redemption date[s] by giving [not less than]  $[\bullet]$  days' notice. The optional redemption amount payable in such circumstances is  $[\bullet]$  per calculation amount and the optional redemption date(s) [is/are]  $[\bullet]$ [,  $[\bullet]$  and  $[\bullet]$ ].]

### Early redemption

See "Taxation" and "Events of Default" in Element C.8 above [and "Disrupted Days, Market Disruption Events and Adjustments" below] for information on early redemption in relation to the Notes.

In addition, if the Issuer determines that performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become illegal in whole or in part as a result of compliance with any applicable present or future law (an "**illegality**"), the Issuer may redeem the Notes early and, if and to the extent permitted by applicable law, will pay an amount equal to the early redemption amount in respect of each calculation amount.

In the circumstances specified above, the "early redemption amount" payable on any such early redemption of the Notes will be [[•] per calculation amount] [an amount determined by the Calculation Agent which represents the fair market value of each calculation amount of the Notes [(which amount shall include amounts in respect of interest)] on a day selected by the Issuer (in the case of an early redemption following an illegality, ignoring the relevant illegality), but adjusted (except in the case of an early redemption following an event of default) to account for losses, expenses and costs to the Issuer and/or its affiliates of unwinding any hedging and funding arrangements in respect of the Notes, provided that, for the purposes of determining the fair market value of each calculation amount of the Notes following an event of

	default, no account shall be taken of the financial condition of the Issuer which
	shall be presumed to be able to perform fully its obligations in respect of the
	Notes].

#### [Early Redemption (Autocall)

The Notes may be redeemed early in the circumstances set out below by payment of the early redemption amount in respect of each calculation amount.

If, on a specified autocall valuation date (t), Relevant Autocall Performance is greater than or equal to the [relevant] Autocall Barrier, the Notes shall be redeemed early and the early redemption amount in respect of each calculation amount ("CA") shall be the calculation amount.

For the purposes of the above:

"Autocall Performance" means, in respect of [the/a] Reference Item and a specified autocall valuation date (t), the [level/price/rate/value] of such Reference Item on such specified autocall valuation date (t) DIVIDED BY the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial valuation date[s] /on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Autocall Performance" means [the Autocall Performance of the Reference Item/the sum of the weighted Autocall Performances for each of the Reference Items/ the [●] highest Autocall Performance of any Reference Item]]

"Autocall Barrier" = [[●]% / The percentage specified for the relevant autocall valuation date below]

"autocall valuation dates" = [[●], [●] and [●] / As specified below] (subject to postponement)

### **TABLE**

t	autocall valuation date	[Autocall Barrier		
1	[●]	<b>[●]</b> %		
	[•]	[ <b>●</b> ]%]		
(S <sub>I</sub>	(Specify for each Interest Period)]			

### Redemption at maturity

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date.

The maturity date is  $[\bullet]$ .

[Credit-Linked Notes only: Subject as provided below under "Redemption following the occurrence of a Credit Event", the "Final Redemption Amount" is [par/[•]%][, adjusted to reflect changes in the specified exchange rate].]

["FX Principal Conversion": Applicable and the Final Redemption Amount shall be multiplied by the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] [or, if applicable, the [fifth business day] prior to the credit event redemption date] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]]], expressed as a percentage]

["initial valuation date" = [●] (subject to postponement)]

["initial averaging dates" =  $[\bullet]$ ,  $[\bullet]$  and  $[\bullet]$  (subject to postponement)]

["final valuation date" = [•] (subject to postponement)]

["final averaging dates" =  $[\bullet]$ ,  $[\bullet]$  and  $[\bullet]$  (subject to postponement)]

[Reference Item-Linked Redemption Notes: [Subject as provided below under "Redemption following the occurrence of a Credit Event", t/T]he Final Redemption Amount in respect of each calculation amount ("CA") is linked to the performance of the Reference Item and shall be the Reference Item-Linked Redemption Amount (which shall not be less than zero) determined as set out below:

[Inflation Adjusted Redemption Notes: The Reference Item Adjusted Redemption Amount shall be the "Inflation Adjusted Redemption Amount" determined as follows:

RPA x Max [Performance Floor; (PR x Reference Price<sub>f</sub>)] x OFX

Where:

"FX Option Conversion": [Applicable and "OFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]]$ , being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]$ , being [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Reference Price;" means the [specify period] performance of the Reference Item for the final valuation date.

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX.

"Performance Floor"	=	[[●]%/100%]
"PR"	=	[[●]%/100%]

[The Reference Item-Linked Redemption Amount shall be the "Call Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Call Performance)] x OFX

Where:

"Call Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●]highest Performance of any Reference Item] MINUS Strike

"FX Option Conversion": [Applicable and "OFX" shall be the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, OFX = 1]

**"FX Principal Conversion"**: [Applicable and "**PFX**" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]]$ , being [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s]/valuation period, the [average/highest/lowest] [level/price/rate/value] of such Reference Item [on such specified final [averaging/valuation] date[s]/ on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") mean the CA multiplied by [●]% multiplied by PFX.

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" = [●]%/100%]

[The Reference Item-Linked Redemption Amount shall be the "Put Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Put Performance)] x OFX

Where:

"FX Option Conversion": [Applicable and "OFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]$ , being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]]$ , being [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Put Performance" means Strike MINUS [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the 

[●] highest Performance of any Reference Item]

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "Call Spread Redemption Amount" determined by reference to the following formula:

#### RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Capped Performance)] x OFX

Where:

"Call Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●]highest Performance of any Reference Item] MINUS Strike

"Capped Performance" means lesser of the Performance Cap and the Call Performance

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●]], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s]/valuation period, the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Performance Cap" = [●]%

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Performance Cap"

"Performance Floor"

[•]%

[[●]%/Zero]

	"PR"	=	[[•]%/100%]
	"Strike"	=	[[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "Individually Capped Call Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Individually Capped Performanc x OFX

Where:

"Call Performance" means, in respect of a Reference Item, the Performance of such Reference Item MINUS Strike

"Capped Performance" means lesser of the Performance Cap and the Call Performance

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Individually Capped Performance" means the sum of the weighted Capped Performances for each of the Reference Items

"Performance" means, in respect of a Reference Item and the specified final [[averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial

[averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Performance Cap" = [●]%

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "Fixed Best Call Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Fixed Best Call Performance)] x d

Where:

"Adjusted Call Performance" means, in respect of a Reference Item, (i) for each of the [●] Reference Items having the highest or equal highest Performances, [●] and (ii) for each of the other Reference Items, the Call Performance for such Reference Item

"Call Performance" means, in respect of a Reference Item, the Performance of such Reference Item MINUS Strike

"Fixed Best Call Performance" means the sum of the weighted Adjusted Call Performances of each of the Reference Items

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of a Reference Item and the specified final [averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s] /on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "Rainbow Call Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Rainbow Call Performance)] x OF

Where:

"Call Performance" means, in respect of a Reference Item, the Performance of such Reference Item MINUS Strike

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of a Reference Item and the specified final [[averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item [on such specified final

[averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Rainbow Call Performance" means the sum of the weighted Call Performances for each of the Reference Items

For the purposes of such determination, the weighting of each Reference Item shall be determined as follows: the Call Performance of each Reference Item shall ranked in order of the highest such Call Performance to the lowest such Call Performance and the weighting assigned to each Reference Item shall depend on the order in which it is so ranked, as follows:

Ranking		Weighting
Best performing		[ <b>●</b> ]%
		[●]%
Worst performing		[●]%
"Relevant Principal Am multiplied by PFX	ount"	("RPA") means the CA multiplied by [●]%
"Performance Floor"	=	[[●]%/Zero]
"PR"	=	[[●]%/100%]
"Strike"	=	[[•]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "Quadratic Call Redemption Amount" determined by reference to the following formula:

# RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Quadratic Call Performance)] x OF

Where:

"Quadratic Call Performance" means Strike MINUS [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] highest Performance of any Reference Item]

"FX Option Conversion": [Applicable and "OFX" shall be the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average]

[initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]]$ , being [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of [the/a] Reference Item and the specified initial [[averaging/valuation] date[s]/valuation period, [[●], being] the [average/lowest/highest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during such initial valuation period] DIVIDED BY the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during the final valuation period, expressed as a percentage

"Relevant Principal Amount" ("RPA") mean the CA multiplied by [●]% multiplied by PFX

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" = [[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "Quadratic Put Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Quadratic Put Performance)] x (

Where:

"Quadratic Put Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [•] highest Performance of any Reference Item] MINUS Strike

"FX Option Conversion": [Applicable and "OFX" shall be the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, OFX = 1]

"Performance" means, in respect of [the/a] Reference Item and the specified initial [[averaging/valuation] date[s]/valuation period, [[●], being] the [average/lowest/highest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during such initial valuation period] DIVIDED BY the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during the final valuation period , expressed as a percentage

"Relevant Principal Amount" ("RPA") mean the CA multiplied by [●]% multiplied by PFX

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" = [[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "Outperformance Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Outperformance)] x OFX

Where:

"FX Option Conversion": [Applicable and "OFX" shall be the  $[\bullet]$  exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY  $[[\bullet]$ , being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●]], being [the [average] [initial price/rate] of such exchange rate [determined by

reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Outperformance" means (i) [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] [lowest/highest] Performance of any Reference Item] comprising Outperformance Element 1 MINUS (ii) [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] highest Performance of any Reference Item] comprising Outperformance Element 2

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s] /valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/lowest/highest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") mean the CA multiplied by [●]% multiplied by PFX

"Outperformance Element 1" = [Specify Reference Item(s)]

"Outperformance Element 2" = [Specify Reference Item(s)]

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "**Replacement Cliquet Redemption Amount**" determined by reference to the following formula:

## RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Replacement Cliquet Performanc x OFX

Where:

"Adjusted Periodic Performance" means, in respect of a periodic valuation date (t), (i) for each of the  $[\bullet]$  periodic valuation dates (t) having the highest or equal highest Relevant Periodic Performances,  $[\bullet]$  and (ii) for each of the other Reference Items, the Relevant Periodic Performance for such periodic valuation date (t).

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Periodic Performance" means, in respect of [the/a] Reference Item and a periodic valuation date, the [level/price/rate/value] of such Reference Item on such periodic valuation date DIVIDED BY the [level/price/rate/value] of such Reference Item on the immediately preceding periodic valuation date, or if none, [[●], being] [the specified initial valuation date/the initial price], expressed as a percentage

"Relevant Periodic Performance" means, in respect of a periodic valuation date (t), [the Periodic Performance of the Reference Item/the sum of the weighted Periodic Performances for each of the Reference Items] for such periodic valuation date (t)

"Relevant Principal Amount" ("RPA") means the CA multiplied by  $[\bullet]$ % multiplied by PFX

"Replacement Cliquet Performance" means (i) the MAXIMUM of (a) the PP Floor and (b) the product of the Adjusted Periodic Performances for each of the periodic valuation dates (*t*) MINUS (ii) Strike

"PP Floor" = [●]%

"Performance Floor" =  $[[\bullet]\%/Zero]$ 

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "Lock-in Cliquet Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Lock-in Cliquet Performance)] x OFX

Where:

- "Lock-in Cliquet Performance" means (i) the MAXIMUM of (a) the Lock-in Floor and (b) the product of the Relevant Periodic Performances for each of the periodic valuation dates (*t*) [(in each case, [capped at the PP Cap] [and] [floored at the PP Floor])], MINUS (ii) Strike
- "Cumulative Performance" means, in respect of [the/a] Reference Item and a periodic valuation date, the [level/price/rate/value] of such Reference Item on such periodic valuation date DIVIDED BY [the [level/price/rate/value] of such Reference Item on the specified initial valuation date/the initial price], expressed as a percentage
- "FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]
- "FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]
- "Lock-in Floor" means zero [or the Lock-in Level (if any) equal to or next lowest to the highest Relevant Cumulative Performance]
- "Periodic Performance" means, in respect of [the/a] Reference Item and a periodic valuation date, the [level/price/rate/value] of such Reference Item on such periodic valuation date DIVIDED BY the [level/price/rate/value] of such Reference Item on the immediately preceding periodic valuation date, or if none, [[●], being] [the specified initial valuation date/the initial price], expressed as a percentage
- "Relevant Cumulative Performance" means, in respect of a periodic valuation date (t), [the Cumulative Performance of the Reference Item/the sum of the weighted Cumulative Performances for each of the Reference Items] for such periodic valuation date (t)
- "Relevant Periodic Performance" means, in respect of a periodic valuation date (t), [the Periodic Performance of the Reference Item/the sum of the weighted Periodic Performances for each of the Reference Items] for such periodic valuation date (t)
- "Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

["Lock-in Level" = [[●]%[, [●]% and [●]%]]

["PP Cap" = [[●]%]

["PP Floor" = [[●]%]

"Performance Floor" = [[●]%/Zero]

"PR" = [[●]%/100%]

"Strike" = [[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "Super Asian Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Super Asian Performance)] x OF:

Where:

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Relevant Performance" means, in respect of a periodic valuation date (t), [the RI Super Asian Performance of the Reference Item/the sum of the weighted RI Super Asian Performances for each of the Reference Items] for such periodic valuation date (t)

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"RI Super Asian Performance" means, in respect of [the/a] Reference Item and a periodic valuation date, the Super Asian Level of such Reference Item on such periodic valuation date DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such

Reference Item [on the initial valuation date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Super Asian Level" means, in respect of a periodic valuation date, the MAXIMUM of (i) the [level/price/rate/value] of such Reference Item on such periodic valuation date and (ii) the highest [level/price/rate/value] of such Reference Item on any periodic valuation date preceding such periodic valuation date

"Super Asian Performance" means the average of the Relevant Performances for each of the periodic valuation dates MINUS Strike

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" = [[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "**Knock-in Call Redemption Amount**" determined by reference to the following formula:

#### RPA + Reference Item Amount

For the purposes of the above:

#### "Reference Item Amount" means:

(i) if a Barrier Event has occurred, an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Call Performance)] x OFX

(ii) otherwise, if no Barrier Event has occurred, zero

Where:

["American Barrier Event" means the highest [level/price/rate/value] of the Reference Item (observed continuously) during the specified observation period has at any time been equal to or greater than the Barrier Level]

"Barrier Event" means an [American/Bermudan/European] Barrier Event

["Bermudan Barrier Event" means the highest [level/price/rate/value] of the Reference Item on any Bermudan Observation Date has been equal to or greater than the Barrier Level]

"Call Performance" means the Performance of the Reference Item MINUS Strike

["European Barrier Event" means, in respect of the Reference Item and the specified final [averaging/valuation] date[s], the [average] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s] is greater than or equal to the Barrier Level]

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of the Reference Item and the specified final [[averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Barrier Level" = [●]

"Performance Floor" = [[●]%/Zero]

"PR" =  $[[\bullet]\%/100\%]$ 

"Strike" =  $[[\bullet]\%/100\%]$ 

[The Reference Item-Linked Redemption Amount shall be the "Knock-out Call Redemption Amount" determined by reference to the following formula:

RPA + Reference Item Amount

For the purposes of the above:

# "Reference Item Amount" means:

- (i) if a Barrier Event has occurred, zero
- (ii) otherwise, if no Barrier Event has occurred, an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x Call Performance)] x OFX

Where:

["American Barrier Event" means the highest [level/price/rate/value] of the Reference Item (observed continuously) during the specified observation period has at any time been equal to or greater than the Barrier Level]

"Barrier Event" means an [American/Bermudan/European] Barrier Event

["Bermudan Barrier Event" means the highest [level/price/rate/value] of the Reference Item on any Bermudan Observation Date has been equal to or greater than the Barrier Level]

"Call Performance" means the Performance of the Reference Item MINUS Strike

["European Barrier Event" means, in respect of the Reference Item and the specified final [averaging/valuation] date[s], the [average] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s] is greater than or equal to the Barrier Level]

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Performance" means, in respect of the Reference Item and the specified final [averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Barrier Level" = [●]

"Performance Floor" = [[●]%/Zero]

"PR" = [[●]%/100%]

"Strike" = [[●]%/100%]]

[The Reference Item-Linked Redemption Amount shall be the "**Digital Knock-in Call Redemption Amount**" determined by reference to the following formula:

#### RPA + Reference Item Amount

For the purposes of the above:

#### "Reference Item Amount" means:

(i) if a Barrier Event has occurred, an amount determined by reference to the following formula:

#### CA x Fixed Performance x OFX

(ii) otherwise, if no Barrier Event has occurred, zero

Where:

["American Barrier Event" means the highest [level/price/rate/value] of the Reference Item (observed continuously) during the specified observation period has at any time been equal to or greater than the Barrier Level]

"Barrier Event" means an [American/Bermudan/European] Barrier Event

["Bermudan Barrier Event" means the highest [level/price/rate/value] of the Reference Item on any Bermudan Observation Date has been equal to or greater than the Barrier Level]

["European Barrier Event" means, in respect of the Reference Item and the specified final [averaging/valuation] date[s], the [average] [level/price/rate/value] of such Reference Item on such specified final [averaging/valuation] date[s] is greater than or equal to the Barrier Level]

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Barrier Level" = [●]

"Fixed Performance" = [●]%]

[The Reference Item-Linked Redemption Amount shall be the "**Digital Call Redemption Amount**" determined by reference to the following formula:

#### RPA + Reference Item Amount

For the purposes of the above:

#### "Reference Item Amount" means:

(i) if a Barrier Event has occurred, an amount determined by reference to the following formula:

#### CA x Highest Fixed Performance x OFX

(ii) otherwise, if no Barrier Event has occurred, zero

Where:

["American Barrier Event" means the highest Call Performance (observed continuously) during the specified observation period has at any time been equal to or greater than [the/any] Barrier]

"Barrier Event" means an [American/Bermudan/European] Barrier Event

["Bermudan Barrier Event" means the highest Call Performance on any Bermudan Observation Date has been equal to or greater than any Barrier]

"Call Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] highest Performance of any Reference Item] MINUS Strike

["European Barrier Event" means the Call Performance is greater than or equal to any Barrier]

"Highest Fixed Performance" means [the Fixed Performance in respect of the Barrier/the Fixed Performance in respect of the Barrier next lowest to Call Performance]

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"Strike" = [[●]%/100%]

"Barrier"	Fixed Performance"	
[●]%	[●]%	
[[●]%	[[●]%	
	EL 3	
[●]%]	[●]%]]	

[The Reference Item-Linked Redemption Amount shall be the "TOM Strategy Redemption Amount" determined by reference to the following formula:

#### RPA + Reference Item Amount

For the purposes of the above:

"Reference Item Amount" means an amount determined by reference to the following formula:

CA x Max [Performance Floor, (PR x TOM Value)] x OFX

Where:

"Fixed Return" means the product of (i) the number of calendar days during the TOM Reference Period which do not fall within a TOM Period and (ii) [●]%, expressed as a percentage

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[ $\bullet$ ], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, FX = 1]

"FX Principal Conversion": [Applicable and "PFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

"Relevant TOM Performance" means, in respect of a TOM Period (*t*), [the RI TOM Performance of the Reference Item/the sum of the weighted RI TOM Performances for each of the Reference Items] for such TOM Period (*t*)

"Relevant Principal Amount" ("RPA") means the CA multiplied by [●]% multiplied by PFX

"RI TOM Performance" means, in respect of [the/a] Reference Item and a TOM Period (*t*), the [level/price/rate/value] of such Reference Item on the final valuation date for such TOM Period DIVIDED BY the [initial price/level/price/rate/value] of such Reference Item on the initial valuation date for such TOM Period, expressed as a percentage

"**TOM Period**" means[, in respect of each specified mid date,] each period (*t*) from (and including) the initial valuation date to (and including) the final valuation date for such mid date specified in the Table below:

**TABLE** 

t	Mid Date	<b>Initial Valuation Date</b>	Final Valuation Date
1	[●]	[•]	[•]
	[●]	[•]	[•]
[y ]	[•]	[•]	[•]

(Specify for each TOM Period)

"TOM Reference Period" means the period from ([and including/but excluding])  $[\bullet]$  to ([and including/but excluding])  $[\bullet]$ 

"TOM Value" means (i) the product of the RI TOM Performance for each of the TOM Periods MINUS 100% PLUS (ii) the Fixed Return

"Performance Floor" = [[●]%/Zero]
"PR" = [[●]%/100%]

[The Reference Item-Linked Redemption Amount shall be the "Non-Protected Put Redemption Amount (Reverse Convertible)", determined as follows:

(i) [in the case of European Valuation, if Relevant Performance is less than 100%, an amount determined by reference to the following formula

[CA - (CA x Max [Performance Floor, (PR x Put Performance)])]

- (ii) [otherwise, in the case of European Valuation, if Relevant Performance is greater than or equal to 100%, CA]
- (iii) [in the case of American Valuation, if Observed Performance has at any time been less than 100%, an amount determined by reference to the following formula

[CA - (CA x Max [Performance Floor, (PR x Put Performance)]

- (iv) [otherwise, in the case of American Valuation, CA]
- (v) [in the case of Bermudan Valuation, if Observed Performance has on any Bermudan Observation Date been less than 100%, an amount determined by reference to the following formula

[CA - (CA x Max [Performance Floor, (PR x Put Performance])

(vi) [otherwise, in the case of Bermudan Valuation, CA]

Where:

"Observed Performance" means, in respect of [the/a] Reference Item, the Observation Price [during the Observation Period/on the Bermudan Observation Date] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item [on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Put Performance" means Strike MINUS Relevant Performance

"Relevant Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] highest Performance of any Reference Item]

	"Valuation" means [American/Bermudan/	European]	Valuation
	"Performance Floor"	=	[[●]%/Zero]

Where:

"Call Performance" means Relevant Performance MINUS Call Strike

"Capped Performance" means lesser of the Performance Cap and the Call Performance

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"Observed Performance" means, in respect of [the/a] Reference Item, the Observation Price [during the Observation Period/on the Bermudan Observation Date] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Performance" means, in respect of [the/a] Reference Item and the specified final [averaging/valuation] date[s]/valuation period, the [average/highest/lowest] [level/price/rate/value] of such Reference Item on

such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[•], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]]/on any valuation period date during the initial valuation period, expressed as a percentage

"Put Performance" means Put Strike MINUS Relevant Performance

"Relevant Performance" means [the Performance of the Reference Item/the sum of the weighted Performances for each of the Reference Items/the [●] highest Performance of any Reference Item]

"Valuation" means [American/Bermudan/European] Valuation

"Call Barrier" = [●]%

"Call Strike" = [[●]%/100%]

"Put Barrier" = [●]%

"Put Strike" = [[●]%/100%]

"Performance Cap" = [●]%

"Performance Floor<sub>Call</sub>" = [[●]%/Zero]

"Performance Floor<sub>Put</sub>" =  $[[\bullet]\%/Zero]$ 

"PR<sub>Call</sub>" =  $[\bullet]$ %

 $\mathbf{PR}_{\mathbf{Put}} = [\bullet]\%$ 

[The Reference Item-Linked Redemption Amount shall be the "Non-Protected Knock-in Put with Call Redemption Amount (Booster)", determined as follows:

(i) if [Relevant/Observed] Performance of the Put Element [is/has at all times been/has on all Bermudan Observation Dates been] less than the Put Barrier and [Relevant/Observed] Performance of the Call Element [is/has at all times been/has on all Bermudan Observation Dates been] less than the Call Barrier, an amount determined by reference to the following formula:

[CA - (CA x Max [Performance Floor<sub>Put</sub>, (PR<sub>Put</sub> x Put Performance)])]

(ii) if [Relevant/Observed] Performance of the Put Element [is/has at any time been/has on any Bermudan Observation Date been] equal to or greater than the Put Barrier and [Relevant/Observed] Performance of the Call Element [is/has at any time been/has on any Bermudan Observation Date been] less than the Call Barrier, CA]

(iii) if [Relevant/Observed] Performance of the Call Element [is/has at all times been/has on all Bermudan Observation Dates been] equal to or greater than the Call Barrier and [Relevant/Observed] Performance of the Put Element [is/has at all times been/has on all Bermudan Observation Dates been] equal to or greater than the Put Barrier, an amount determined by reference to the following formula:

[CA + (CA x Max [Performance Floor Call, (PR<sub>Call</sub> x Call Performance)] x OFX)]

(iv) otherwise, an amount determined by reference to the following formula:

[CA - (CA x Max [Performance Floor<sub>Put</sub>, (PR<sub>Put</sub> x Put Performance)] (CA x Max [Performance Floor<sub>Call</sub>, (PR<sub>Call</sub> x Call Performance)] x OF

Where:

"Call Performance" means Relevant Performance of Call Element MINUS Call Strike

"FX Option Conversion": [Applicable and "OFX" shall be the exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[ $\bullet$ ], being] [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage] / [Not Applicable, OFX = 1]

"Observed Performance" means, in respect of [the/a] Reference Item, the Observation Price [during the Observation Period/on the Bermudan Observation Date] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Performance" means, in respect of [the/a] Reference Item comprising the Put Element or the Call Element and the specified final [averaging/valuation] date[s]/valuation period], the [average/highest/lowest] [level/price/rate/value] of such Reference Item [on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period], expressed as a percentage

"Put Performance" means Put Strike MINUS Relevant Performance of Put Element

"Relevant Performance" means [the Performance of the Reference Item comprising the Put Element or the Call Element, as the case may be/the sum of the weighted Performances for each of the Reference Items comprising the Put Element or the Call Element, as the case may be/the [●] highest Performance of the Reference Items comprising the Put Element or the Call Element, as the case may be]

"Valuation" means [American/Bermudan/European] Valuation "Call Barrier" **[●]**% "Call Element" [specify Reference Item(s)"Call Strike" [[•]%/100%] "Put Barrier" [•]% "Put Element" [specify Reference Item(s)"Put Strike" [[•]%/100%] "Performance FloorCall" [[●]%/Zero] "Performance FloorPut" [[●]%/Zero] "PRCall" [•]% "PRPut" [•]%]

[The Reference Item-Linked Redemption Amount shall be the "General Redemption Amount" determined by reference to the following formula:

$$CA \times [1 + \sum_{j=1}^{n} GRCV(l)]$$

For the purposes of the above:

"General Redemption Component Value" or "GRCV" means, in respect of a General Redemption Component, a percentage calculated by the Calculation Agent by reference to the following:

(i) if Relevant Performance is greater than or equal to a Starting Performance Interval Point AND less than the following Ending Performance Interval Point, an amount determined by reference to the following formula:

PR<sub>m</sub> x Relevant Performance + Digital Level<sub>m</sub>

(ii) otherwise, if Relevant Performance is (x) less than the lowest specified Performance Interval Point or (y) greater than or equal to the highest specified Performance Interval Point, an amount determined by reference to the following formula determined in relation to the Performance Interval with the lowest Performance Interval Number (in the case of (x)) or the Performance Interval with the highest Performance Interval Number (in the case of (y)):

## PR<sub>m</sub> x Relevant Performance + Digital Level<sub>m</sub>

Where:

"Performance" means[, in respect of [the/a] Reference Item comprising [the relevant] General Redemption Component [●] and the specified final [[averaging/valuation] date[s]/valuation period], (i) the [average/highest/lowest] [level/price/rate/value] of such Reference Item [on such specified final [averaging/valuation] date[s]/on any valuation period date during such final valuation period] DIVIDED BY [[●], being] the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period] MINUS (ii) 1, all expressed as a percentage] [repeat for each General Redemption Component, as applicable]

"Performance Interval" means the interval defined from and including a Performance Interval Point (a "Starting Interval Point") to, but excluding, the immediately following Performance Interval Point (an "Ending Performance Interval" and each Performance Interval is denoted by *m*)

"Relevant Performance" means[: in respect of [each] General Redemption Component [[●]]: [the Performance of the Reference Item comprising the relevant General Redemption Component/the sum of the weighted Performances for each of the Reference Items comprising the relevant General Redemption Component/the [●] highest Performance of the Reference Items comprising the relevant General Redemption Component] [repeat for each General Redemption Component, as applicable]

**TABLE** 

[In respect of General Redemption Component [●]:

Performance Interval Number (m)	Starting Performance Interval Point	Ending Performance Interval Point	Participation Rate	Digital Level
[●]	[●]	[•]	[●]	[●]
(insert number i.e. 1, 2 etc. starting with lowest Performance Interval Point)				
(repeat each line for each Performance Interval)				
(Reneat for each General Redemption Component)				

[The Reference Item-Linked Redemption Amount shall be the "Barrier Bond Redemption Amount" determined by reference to the following formula:

CA x [(1 - Relevant Weighting) - UC] x PFX

For the purposes of the above:

"Barrier Event" means, in respect of a Reference Item, the [Observation/Reference] Price of such Reference Item has at any time been [less than/equal to or greater than] the relevant Barrier Level

"Barrier Level" means, in respect of a Reference Item, [●]% of the [average/highest/lowest] [initial price/level/price/rate/value] of such Reference Item [on the initial [averaging/valuation] date[s]/on any valuation period date during the initial valuation period]

"FX Principal Conversion": [Applicable and "PFX" shall be the [●] exchange rate [determined by reference to the relevant cross-rate] on the specified final FX [averaging/valuation] date[s] DIVIDED BY [[●]], being [the [average] [initial price/rate] of such exchange rate [determined by reference to the relevant cross-rate] [on the initial [averaging/valuation] date[s]], expressed as a percentage]] / [Not Applicable, PFX = 1]

["Observation Price" means, in respect of a Reference Item, the [level/price/rate/value] of such Reference Item (observed continuously) during the observation period]

["Reference Price" means, in respect of a Reference Item, the [level/price/rate/value] of such Reference Item on any valuation date during the valuation period]

"Relevant Weighting" means the sum of the weightings of each of the Reference Items in respect of which a Barrier Event has occurred

"UC" means a pro rata portion of the sum of all costs and expenses, taxes and duties incurred by the Issuer and/or its affiliates or agents in connection with the redemption of the Notes and/or the termination of hedging transactions in relation to the Notes

### [Valuation

(In relation to Non-Protected Knock-in Put with Call Redemption Amount (Booster), repeat the following sections as necessary for each of the Call Element and the Put Element) (In relation to General Redemption Amount, repeat the following sections as necessary for each General Redemption Component)

[Redemption Valuation Provisions relating to the [Put/Call] Element:] [Redemption Valuation Provisions relating to General Redemption Component  $[\bullet]$ :]

["initial valuation date" = [●] (subject to postponement)]

["initial averaging dates"	=	[●], [●] and [●] (subject to [[modified] postponement / omission])]
["initial valuation period"	=	from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]
["valuation period dates" for the initial valuation period	=	Each [●] [, [●] and [●]] falling during the initial valuation period (each such date subject to [[modified] postponement / omission])]
["final valuation date"	=	[●] (subject to postponement)]
["final averaging dates"	=	[●], [●] and [●] (subject to [[modified] postponement / omission])]
["final valuation period"	=	from ([but excluding/and including]) [•] to ([and including/but excluding]) [[•]/the specified final valuation date]
["valuation period dates" for the final valuation period	=	Each [●] [, [●] and [●]] falling during the final valuation period (each such date subject to [[modified] postponement / omission])]
["periodic valuation date[s]"	=	[●], [●] and [●] (subject to [[modified] postponement / omission])]
["Bermudan observation dates"	=[ <b>●</b> ], [ <b>•</b>	•] and [•] (subject to [[modified] postponement / omission])]
["observation period"	=	from ([but excluding/and including]) [•] to ([and including/but excluding]) [[•]/the specified final valuation date]]
["valuation period"	=	from ([but excluding/and including]) [●] to ([and including/but excluding]) [●]]
["valuation period dates"		

for the valuation period	=	Each [●] [, [●] and [●]] falling during the valuation period (each such date subject to [[modified] postponement / omission])]
[FX Principal Conversion: App	olicable	
["initial valuation date"	=	[●] (subject to postponement)]
["initial averaging dates"	=	$[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to postponement)]
["final valuation date"	=	[●] (subject to postponement)]]
["final averaging dates"	=	$[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to postponement)]]
[FX Option Conversion: Appli	cable	
["initial valuation date"	=	[●] (subject to postponement)]
["initial averaging dates"	=	$[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to postponement)]
["final valuation date"	=	[●] (subject to postponement)]]
["final averaging dates"	=	$[\bullet]$ , $[\bullet]$ and $[\bullet]$ (subject to postponement)]]

### [Inflation-Linked Notes: Adjustments

The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item, modification or cessation of the Reference Item and provisions relating to subsequent corrections of the level of the Reference Item and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine a substitute level for the Reference Item by reference to the terms of a reference bond or by reference to the most recently published level of the Reference Item or to cancel the Notes and to pay an amount equal to the early redemption amounts as specified above.]

[Reference Item-Linked Notes which are Index-Linked Notes, Equity-Linked Notes, Fund-Linked Notes, Currency-Linked Notes or Commodity-Linked Notes: Disrupted Days, Market Disruption Events and Adjustments

The terms and conditions of the Notes contain provisions, as applicable, relating to events affecting the Reference Item(s), modification or cessation of the Reference Item(s) and market disruption provisions and provisions relating to subsequent corrections of the level of the Reference Item(s) and details of the consequences of such events. Such provisions may permit the Issuer either to require the calculation agent to determine what adjustments should be made following the occurrence of the relevant event (which may include deferment

of any required valuation or payment or the substitution of a substitute reference item) or to cancel the Notes and to pay an amount equal to the early redemption amount as specified above.]

### [Redemption following the occurrence of a Credit Event

Notwithstanding the above provisions, [Single Reference Entity CLNS: if a credit event determination date occurs in relation to the reference entity, the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.][First-to-Default CLNs: if a credit event determination date occurs in relation to any of the specified reference entities, the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.][Nth-to-Default CLNs: if a credit event determination date occurs in relation to [nth] reference entities (a "Trigger"), the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date (each determined in relation only to the Reference Entity in respect of which a credit event determination date has occurred which causes the Trigger to occur) [Portfolio CLNs: if a credit event determination date has occurred in respect of any specified reference entity the Issuer will redeem the Notes, each Note being redeemed at the Credit Event Redemption Amount on the Credit Event Redemption Date.

"Credit Event Redemption Date" means [Other than Portfolio CLNs: the day falling [three/other] Business Days after (i) the calculation of the final price[,] [or] (ii) the auction final price determination date, provided that the Credit Event Redemption Date shall not fall earlier than the auction settlement date [Zero/Set Recovery Notes:, or (iii) the credit event determination date], in each case in respect of the reference entity the occurrence of a credit event determination date in respect of which results in the Notes becoming redeemable [Maturity Credit Event Redemption applicable:; or, if later, the Maturity Date subject to adjustment]][Portfolio CLNs which are not Zero/Set Recovery Notes: the later of (a) the day falling [three/other] Business Days following (i) the calculation of the final price or (ii) the auction final price determination date (or, if later, the related auction settlement date) in respect of each reference entity for which a credit event determination date has occurred and for which the final price or auction final price is relevant for the determination of the Credit Event Redemption Amount and (b) the Maturity Date, subject to adjustment] [Portfolio CLNs which are Zero/Set Recovery *Notes*: the later of (a) the day falling [three/other] Business Days following the date as of which a credit event determination date has occurred or is determined not to have occurred in respect of each reference entity which is relevant for the determination of the Credit Event Redemption amount and (b) the Maturity Date, subject to adjustment.]

"Credit Event Redemption Amount" means:

[[specify]]/

[Single Reference Entity/First-to-Default and Nth-to-Default CLNs where Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are not applicable: an amount calculated by the Calculation Agent equal to each Note's pro rata share of (RENA × FP) – UC]/

[Non-Tranched Portfolio CLNs where Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount are not applicable: an amount calculated by the Calculation Agent equal to each Note's pro rata share of:

$$\left(\sum_{1...n}^{n} \text{RENA}_{\text{u,i}}\right) + \left(\sum_{1...n}^{n} \text{RENA}_{\text{A,i}} \times \text{FP}_{\text{A,i}}\right) - \text{UC;} ]/$$

[Maturity Credit Event Redemption and Reference-Item Linked Redemption Amount applicable: the Final Redemption Amount determined by the Calculation Agent as specified above except that references to "CA" in the definition of "Relevant Principal Amount" shall instead be references to the Credit Event Redemption Amount determined as an amount calculated by the Calculation Agent equal to each Note's pro rata share of [Single Reference Entity/First-to-Default/Nth-to-Default CLNs: (RENA × FP) – UC] [Portfolio CLNs:

$$\left(\sum_{1...n}^{n} \text{RENA}_{u,i}\right) + \left(\sum_{1...n}^{n} \text{RENA}_{A,i} \times \text{FP}_{A,i}\right) - \text{UC;}]$$

[Tranched Portfolio CLNs: in relation to each Calculation Amount equal to

$$(CA \times [100\% - Aggregate Portfolio Loss]) - TUC]$$

Where:

["Aggregate Portfolio Loss" means, in respect of a day, a percentage, floored at zero per cent. and capped at 100 per cent., determined by the Calculation Agent by reference to the following formula calculated as of such day:

 $\frac{LP - AP}{DP - AP}$ ;

["AP" is the Attachment Point, being [●]%;]

["**DP**" is the Detachment Point, being [●]%;]

["LP" means the Loss Percentage being, in respect of a day, a fraction expressed as a percentage, determined by the Calculation Agent by reference to the following formula calculated as of such day:

$$\left[\sum_{1...n}^{n} RENA_{A,i} \times \left(1 - FP_{A,i}\right)\right] / \left[\sum_{1...n}^{n} RENA_{u,i} + \sum_{1...n}^{n} RENA_{A,i}\right]; ]$$

["TUC" means each Note's pro rata portion of the UC;]

"RENA" is the Reference Entity Notional Amount[, with "RENA<sub>u,i</sub>" being the Reference Entity Notional Amount in respect of any Reference Entity<sub>i</sub> for which a credit event determination date has not occurred and being deemed to be zero for all other Reference Entities and "RENA<sub>A,i</sub>" is the Reference Entity Notional Amount in respect of any Reference Entity<sub>i</sub> for which a credit event determination date has occurred and being deemed to be zero for all other Reference Entities];

"FP" is [the final price or the auction final price, which shall not be greater than 100%] [specify the Set/Zero Recovery Price][, with "FP<sub>A,i</sub>" being such value in respect of the Reference Entity for which a credit event determination date has occurred];

"UC" is [specify][an amount determined by the Calculation Agent equal to the aggregate sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption or credit settlement of the Notes and the related termination, settlement or re-establishment of any hedging arrangements]; and

["n" is the number of Reference Entities.]

The Credit Event Redemption Amount shall not be less than zero]

[C.19	Exercise price/final	See Element C.18 above.]
(Applicable	reference price

The Notes are not admitted to trading on any exchange.]]

### Section D- Risks

Element	Title	
D.2	Key risks specific	In purchasing Notes, investors assume the risk that the Issuer may become
	to the Issuer	insolvent or otherwise be unable to make all payments due in respect of the

Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in the Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. These factors include:

- the Group is exposed to a number of risks, the categories of which are credit risk, market risk, liquidity risk, operational risk, litigation and regulatory risk, insurance risk, pension risk and business risk;
- regulatory changes could materially affect the Issuer's business;
- the Issuer faces increased capital and liquidity requirements as a result of the Basel III Framework;
- the implementation of a bank recovery and resolution directive or the taking any action under it could materially affect the value of any Notes:
- the Group may have to pay additional amounts under deposit guarantee schemes or resolution funds; and
- the Group may be affected by general economic and geopolitical conditions.

<b>D.</b> [3/6]	Key information
	on key risks
(D.3	specific to the
applicable	Notes
for Annexes	
V and XIII)	

(D.6 applicable for Annex XII) The Issuer believes that the factors summarised below represent the principal risks inherent in investing in the Notes, but the Issuer may be unable to pay amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate.

[Notes may involve a high degree of risk. There are certain factors which are material for the purpose of assessing the market risks associated with investing in the Notes, which include, without limitation, the following: an active secondary market in respect of the Notes may never be established or may illiquid and this would adversely affect the value at which an investor could sell its Notes, if an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding and the imposition of exchange controls could result in an investor not receiving payment on those Notes, the market value of the Notes will be affected by a number of factors independent of the creditworthiness of the Issuer, credit ratings assigned to the Issuer may not reflect all the risks associated with an investment in the Notes, the Notes may not be a suitable

investment for all investors, [because the global Notes are held by or on behalf of Euroclear Bank S.A./N.V. and Clearstream Banking S.A., investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer/because the VP Systems Notes are dematerialised securities, investors will have to rely on the clearing system procedures for transfer, payment and communication with the Issuer,] [investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued,] the recognition as eligible collateral for the Eurosystem and intra-day credit operations by the Eurosystem of New Global Notes is dependent upon satisfaction of the Eurosystem eligibility criteria at the relevant time, [there is no taxation gross-up in respect of the Notes,] taxes and expenses may be payable by holders in connection with the Notes, U.S. Foreign Account Tax Compliance Act withholding may affect payments on the Notes, the Hiring Incentives to Restore Employment Act withholding may affect payments on the Notes, the proposed financial transactions tax may apply in respect of certain dealings in Notes, reforms to benchmarks could have an effect on the Notes; the Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors, the value of the Notes could be adversely affected by a change in applicable laws or administrative practice, the Issuer has issued covered bonds and if any relevant claims in respect of these covered bonds are not met out of the pool of assets or the proceeds arising from it, any remaining claims will subsequently rank pari passu with the Issuer's obligations under the Notes.

In addition, there are certain factors which are material for the purpose of assessing the risks relating to the structure of the Notes, which include, without limitation, the following: [as the Issuer has the right to redeem the Notes at its option, this may limit the market value of the Notes and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return [and] [if the Issuer's obligations under the Notes become illegal, the Issuer may redeem the Notes [and] [the value of Fixed Rate Notes may be affected by movements in market interest rates] [and] [investors in Capped Floating Rate Notes will not benefit from increases in reference rates which would apply to Variable Rate Notes with no cap] [and] [Variable Rate Notes may be volatile investments] [and] [where a Rate of Interest is determined in conjunction with a multiplier or other leverage factor, the effect of changes will be enhanced] [and] [interest is accumulated during the term of the Notes and is only paid on or about the Maturity Date] [and] [Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates]

[There are certain additional risks associated with Notes linked to the Reference Item[s]: prospective investors in the Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of the Notes in light of their particular financial circumstances, the information set forth in the Base Prospectus and the information regarding the Notes and the Reference Item[s] to which [the value of, or payments in respect of,] the Notes relate. Fluctuations in the value and/or volatility of [the Reference Item[s]/obligations issued or guaranteed by the

		Reference Entity] may affect the value of the Notes. Investors may risk losing their entire investment. Investors will have no claim against any Reference Item. Hedging arrangements of the Issuer may affect the value of the Notes and there may be conflicts of interest in respect of the Notes. [Market disruptions or other adjustment events may occur in respect of the Reference Item[s] which may result in valuations and/or payments being delayed, the Notes may be subject to adjustment (including, without limitation, that the relevant Reference Item may be substituted) or the Notes may be redeemed early.]  The Notes will represent an investment linked to [the performance of] the Reference Item[s] and prospective investors should note that the return (if any) on their investment in the Notes will depend upon [the performance of] the Reference Item[s].]
		[There are certain additional risks associated with Credit-Linked Notes: prospective investors in the Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after careful consideration, with their advisers, of the suitability of the Notes in light of their particular financial circumstances, the information set forth in the Base Prospectus and the information regarding the Notes and the Reference Entit[y][ies] to which the value of and payments in respect of the Notes relate. Fluctuations in the value and/or volatility of obligations issued or guaranteed by a Reference Entity may affect the value of the Notes and the occurrence of a Credit Event in respect of a Reference Entity will reduce the amount of interest and principal payable and may alter the timing of redemption. Investors may risk losing their entire investment. Investors will have no claim against any Reference Entity. Hedging arrangements of the Issuer may affect the value of the Notes and there may be conflicts of interest in respect of the Notes. The terms of the Notes may change by reference to market convention and as a result of determinations made by a relevant Credit Derivatives Determination Committee. A Reference Entity may be replaced due to events beyond the control of the Issuer. The risk associated with the Notes may increase as a result of changes to the Notes after the issue date.]
[D.6 (Applicable for Annex XII)	Risk Warning	THE AMOUNT PAID ON REDEMPTION OF THE NOTES MAY BE LESS THAN THE PRINCIPAL AMOUNT OF THE NOTES, TOGETHER WITH ANY [ACCRUED] INTEREST, AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO. INVESTORS MAY LOSE THE VALUE OF THEIR ENTIRE INVESTMENT, OR PART OF IT, AS THE CASE MAY BE.]

## Section E - Offer

Element	Title	
<b>E.2b</b>	Reasons for offer	The net proceeds from each issue of Notes will be applied by the Issuer to
	and use of	meet part of its general financing requirements.
(Applicable	proceeds when	
for	different from	
	making profit	

Annexes V and XII)	and/or hedging certain risks	
E.3  (Applicable for Annexes V and XII)	Terms and conditions of the offer	[Not Applicable - The offer relating to the Notes is an Exempt Offer.]  [This issue of Notes is being offered in a Non-Exempt Offer in [Denmark / Finland / Ireland / Germany / Luxembourg / Norway / Sweden / the United Kingdom].  The issue price of the Notes is [●] per cent. of their principal amount.  [Summarise other details of any non-exempt offer, copying the language from items 14(iv) − 14(vii) and 15 of Part B of the Final Terms.]  An Investor intending to acquire or acquiring any Notes in a Non-exempt Offer from an Authorised Offeror will do so, and offers and sales of such Notes to an Investor by such Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocations and settlement arrangements.]
E.4  (Applicable for Annexes V, XII and XIII)	Interests material to the issue/offer, including conflicting interests	[Not Applicable – So far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer.]  [The [Authorised Offeror[s]] will be paid aggregate commissions equal to [•] per cent. of the principal amount of the Notes. So far as the Issuer is aware, no other person involved in the issue of the Notes has an interest material to the offer.]
E.7	Expenses charged to the investor	No expenses are being charged to an investor by the Issuer [or [the/any] Authorised Offeror]. [However, expenses may be charged by [an/the] Authorised Offeror [in the range between [•] per cent. and [•] per cent.] of the nominal amount of the Notes to be purchased by the relevant investor.]

3 MAY 2018 - COMPANY ANNOUNCEMENTS

## Decision from the Danish FSA regarding Danske Bank's management and governance in relation to the matter concerning its branch in Estonia

## Company Announcement No. 31/2018

The Danish PSA has assessed the role of Danske Bank's management and senior employees in the matter relating to the now closed down non-resident portfolio at Danske Bank's branch in Estonia. The assessment gives rise to eight orders and eight reprimands. Danske Bank has taken note of the orders and reprimands. In addition to the initiatives already taken in recent years, Danske Bank will now launch further measures to ensure that it complies with all orders.

"We take the criticism expressed by the FSA very seriously," says Thomas F. Borgen, CEO. "We agree that we should have understood the depth and scope of the problems in Estonia at an earlier stage and should have reacted faster and more forcefully. As the FSA's decision states, beginning in 2014, we took a number of initiatives to reduce the risk and improve controls. But today, it is also clear that we did too little too slowly. There is unfortunately nothing we can do to change that. Instead, we need to ensure that it cannot happen again. That is one of the reasons why we launched thorough investigations in autumn 2017."

The wording of the orders and reprimands is given in the FSA's decision document 'Danske Bank's management and governance in relation to the AML case at the Estonian branch' of 3 May 2018, which is enclosed with this company announcement.

## Anti-money laundering measures

The non-resident portfolio in Estonia, to which the problems relate, has been closed down, and in recent years, Danske Bank has invested massively in compliance activities:

"As the FSA also states, we have strengthened our AML efforts in recent years," says Thomas F. Borgen. "Today, Danske Bank has more than 900 employees working to combat financial crime. Our governance and control functions have been significantly strengthened and we have made considerable IT investments and have strengthened competencies in a number of support functions. Today, the situation is quite different from what it was at the time. So we believe that we have come a long way towards addressing the issues covered by the orders. Now we need to work resolutely and systematically to ensure that we comply with all orders."

Moreover, after the organisational changes announced on 6 April this year, the Compliance unit reports directly to the CEO.

## Order to reassess the solvency need

Among other things, the Danish PSA orders the Board of Directors and the Executive Board to reassess the bank's and the banking group's solvency need in order to ensure an adequate internal capital coverage of compliance and reputational risks as a result of weaknesses in the bank's governance. The PSA initially estimates that a Pillar II add-on should amount to at least DKK 5 billion, or about 0.7% of the REA [risk exposure amount] at the end of 2017. An add-on of DKK 5 billion will increase the Group's solvency need from 10.5% to 11.2% calculated at 31 March 2018. The increased solvency need should be viewed in light of a total capital ratio of 21.4% at 31 March 2018. The Group will thus continue to have a considerable solvency buffer.

#### Ongoing investigations

Danske Bank earlier concluded that, in the period from 2007 to 2015, it was not sufficiently effective in preventing the branch in Estonia from potentially being used for money laundering and that this was due to critical deficiencies in governance and controls. As a result, comprehensive investigations into conditions at the Estonian branch during the period in question were launched in the autumn of 2017. The investigations focus on two separate things: A thorough review of customers and transactions during the period, and an examination of the course of events, including whether managers and employees lived up to their responsibilities to a sufficient degree. The investigations are expected to be completed in September 2018 at the latest.
