AMENDMENT TO THE BASE PROSPECTUS

The last sentence of the “*The Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks*” risk factor on page 26 shall be deleted and replaced with the following:

“The timing of completion of the investigations by, and subsequent discussions with, the authorities is uncertain, as is the outcome. See “***Legal Proceedings***” on page 249 and “***Recent Developments***” on page 255 of the Base Prospectus.”

The section with two bullet points in “Shareholders’ equity” on page 243 of the Base Prospectus shall be deemed deleted and replaced with the following:

“As of year-end 2018, two shareholder groups had notified the Issuer of holding 5 per cent. or more of the Issuer’s share capital and voting rights:

- A.P. Møller-Holding Group held a total (directly and indirectly) of more than 20.0 per cent. of the shares and the voting rights of the Issuer; and
- BlackRock Inc. held a total (indirectly via shares and other financial instruments with similar economic effect) of more than 5.0 per cent. of the shares and the voting rights of the Issuer.

As of 28 January 2019 BlackRock Inc. announced that it held (indirectly via shares and other financial instruments with similar economic effect) 4.99 per cent. of the shares and the voting rights of the Issuer.”

The following paragraphs shall be inserted after the third paragraph in “Legal Proceedings” on page 249 of the Base Prospectus:

“On 7 February 2019, the Issuer was again placed under formal investigation (“mise en examen”) by an investigating judge at the Tribunal de Grande Instance de Paris in connection with an investigation into suspicion of money laundering related to certain transactions in the terminated portfolio of non-resident customers of the Issuer’s branch in Estonia in the period from 2007 to

2014. The investigation covers transactions amounting to around EUR 21.6 million. The Issuer has been ordered to post bail in the amount of EUR 10.8 million.

The terminated portfolio of non-resident customers is described in more detail in the Report on the Non-Resident portfolio at Danske Bank's Estonian branch dated 19 September 2018 prepared by the Danish law firm Bruun & Hjejle (the "**Report**"). Whilst the Report showed shortcomings and failures, including late and inadequate handling of the issues arising from the Estonia matter, the investigation into the terminated portfolio of non-resident customers has made no findings which enable it to conclude whether money laundering, tax evasion or other criminal activity has actually taken place. The Report has now been included in the investigation in France.

On 9 January 2019, an action was filed in New York by an alleged holder of the Issuer's American Depositary Receipts, representing its ordinary shares, against the Issuer. The complaint seeks unspecified damages on behalf of a putative class of purchasers of the Issuer's American Depositary Receipts between 9 January 2014 and 23 October 2018. The Issuer intends to defend itself against the claims. The timing of completion of the lawsuit and the outcome are uncertain.

As stated in the press release of 4 October 2018, the Issuer is currently in a dialogue with the U.S. Department of Justice ("**DOJ**"), which is conducting a criminal investigation in relation to the case of possible money laundering at the Issuer's branch in Estonia. As stated in the press release of 21 February 2019, in addition to the dialogue with the DOJ, the Issuer has received an inquiry from the U.S. Securities and Exchange Commission which is also carrying out an investigation. The Issuer is cooperating with all relevant authorities in order to clarify the full details of the case.

Recent reports in the media have pointed to potential further legal actions being raised against the Issuer in connection with the Estonian case. The timing of completion of any such lawsuits and their outcomes are uncertain."

RECENT DEVELOPMENTS

In Company Announcement No. 4/2019 released on 19 February 2019, Danske Bank A/S announced that it will close down its banking activities in the Baltics and Russia. Accordingly, the following sections are to be added to the bottom of the "Recent Developments" section on page 255 of the Base Prospectus:

"Danske Bank closes down its banking activities in the Baltics and in Russia

Following the case of suspicious transactions in Estonia in the period from 2007 to 2015, the Estonian Financial Supervision Authority (the "**Estonian FSA**") has ordered the Issuer to cease banking operations in Estonia, which the Issuer has agreed to do.

Independently of the notification from the Estonian FSA and in line with its strategy of focusing on its Nordic core markets, the Issuer has for some time considered the future of its remaining activities in Estonia, Latvia and Lithuania, as well as the activities in Russia. The Issuer has now decided to close down all of these activities.

However, the Issuer's shared services centre in Lithuania, which undertakes a number of administrative functions for the Issuer, will continue its operations."

GENERAL INFORMATION

Paragraphs 6 and 7 of the “General Information” section on pages 276-277 of the Base Prospectus shall be deemed deleted and replaced with the following paragraphs, respectively:

- “6. (i) There has been no significant change in the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole since 31 December 2018, the last day of the financial period in respect of which the most recent financial statements of the Issuer have been prepared; and
- (ii) On 9 January 2019, an action was filed in New York by an alleged holder of the Issuer’s American Depositary Receipts, representing its ordinary shares, against the Issuer. The complaint seeks unspecified damages on behalf of a putative class of purchasers of the Issuer’s American Depositary Receipts between 9 January 2014 and 23 October 2018. The Issuer intends to defend itself against the claims. On 7 February 2019, the Issuer was again placed under formal investigation (“mise en examen”) by an investigating judge at the Tribunal de Grande Instance de Paris in connection with an investigation into suspicion of money laundering related to certain transactions in the terminated portfolio of non-resident customers of the Issuer’s branch in Estonia in the period from 2007 to 2014. The investigation covers transactions amounting to around EUR 21.6 million. The Issuer has been ordered to post bail in the amount of EUR 10.8 million. The timing of completion of the lawsuit and the investigations and the outcomes are uncertain. Save for such lawsuit and investigations, there has been no material adverse change in the prospects of the Issuer since 31 December 2018, the last day of the financial period in respect of which the most recently audited financial statements of the Issuer have been prepared.
7. Save as outlined in the section “Legal Proceedings” and the first, fourth, fifth, ninth, eleventh and twelfth bullets on page 13 of the Annual Report 2018, there are no governmental, legal or arbitration proceedings against or affecting the Issuer or any of its Subsidiaries (and no such proceedings are pending or threatened of which the Issuer is aware) during a period covering at least the previous twelve months which have or may have in the recent past, individually or in the aggregate, significant effects on the profitability or the financial position of the Issuer or of the Issuer and its Subsidiaries taken as a whole.”

Section D – Risks

Element	Title	
D.2	Key risks specific to the Issuer	<p>In purchasing Securities, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Securities. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Securities. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in the Base Prospectus a number of factors which</p>

		<p>could materially adversely affect its business and ability to make payments due under the Securities. These factors include:</p> <ul style="list-style-type: none"> • the Group is exposed to a variety of risks, the most significant of which are credit risk, market risk, liquidity risk, operational risk, insurance risk, pension risk and business risk; • regulatory changes could materially affect the Issuer’s business; • the Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks; • the Issuer faces increased capital and liquidity requirements as a result of the framework implementing, among other things, the Basel Committee on Banking Supervision’s proposals imposing stricter capital and liquidity requirements upon banks in the European Union; • the Issuer may be subject to bail-in under the BRRD; • the Group will have to pay additional amounts under resolution funds and deposit guarantee schemes; and • the Group may be affected by general economic and geopolitical conditions.
<p>D.6</p>	<p>Key information on key risks specific to the Securities</p>	<p>Issues of Securities involve a high degree of risk, including the risk of their expiring worthless. In addition, the imposition of exchange controls in relation to any Securities could result in an investor not receiving payments on those Securities; • the market value of Securities will be influenced by factors separate to the creditworthiness of the Issuer; • credit ratings assigned to the Issuer or any of its debt or other securities may not reflect all the risks associated with an investment in Securities and may be lowered, withdrawn or not maintained; • the Issuer is exposed to changing methodology by rating agencies; and

		<ul style="list-style-type: none"> • the Securities may not be a suitable investment for all investors. <p>There are also risks related to the structure of a particular issue of Securities, general risks related to a particular issue of Securities and risks related to Securities generally, including:</p> <ul style="list-style-type: none"> • risks relating to Securities linked to Reference Items; • [Open Ended Securities do not have a pre-defined expiration date and the Securities will only be terminated and cash settlement amounts in respect of the Securities paid on a day determined at the discretion of the Issuer;] • payments of cash amounts in respect of [Index/Futures/Equity]-Linked Securities may be made at different times than expected; • [the terms of the Securities may be subject to adjustment or the Securities may be cancelled upon the occurrence of any additional disruption events;] • the Issuer may cancel Securities of a particular Series in the case of illegality in relation to its obligations under such Series of Securities; • [the value of a Security may be affected by a change in currency exchange rates;] • [the price of a [Turbo] Call Warrant or a [Turbo] Put Warrant will be influenced by changes in the value of the Reference Items(s) linked to such Security;] • [the price of a Certificate Up or a Certificate Down may be affected by changes in the value of the relevant Reference Item(s) linked to such Security;] • [the price of a Covered Call Certificate will follow changes in the value of the relevant Reference Item(s) linked to such Security until a certain level is reached;] • [the price of a Certificate Bull or a Certificate Bear will be affected by changes in the value of the relevant Reference Item linked to such Security;] • [the price of a Mini-Future Certificate Long or a Mini-Future Certificate Short will be affected by changes in the value of the relevant Reference Item linked to such Security;] • a Securityholder will not have any recourse under a Security to bring a claim against any Reference Item; • the Issuer and/or any of its affiliates may enter into hedging arrangements which may affect the market price, liquidity or value of the Securities; • there is a risk that conflicts of interest may arise between certain parties that may not be beneficial to a Securityholder;
