

MiFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended) (“**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

2. Ratings

Ratings: The Notes to be issued are expected to be rated:

A+ by Fitch Ratings Ireland Limited ("**Fitch**")

High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifier '+' denotes the relative status within major rating category.

Baa1 by Moody's Investors Service (Nordics) AB ("**Moody's**").

Obligations rated Baa are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. Modifier 1 indicates that the debt obligation is positioned at the higher end of its generic rating category.

A- by S&P Global Ratings Europe Limited ("**S&P**"),

An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. The addition of a minus (-) sign shows relative standing within the rating category.

A by Scope Ratings GmbH ("**Scope**")

Credit ratings at the A level reflect an opinion of strong credit quality. The absence of sign indicates the credit quality as being in the mid-range of the rating category.

There is no guarantee that any of the above ratings will be maintained following the date of these Final Terms. Up-to-date information should always be sought by direct reference to the relevant rating agency.

Each of S&P, Fitch, Moody's and Scope is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended).

3. Interests of Natural and Legal Persons involved in the Issue

Save as discussed in the "*Subscription and Sale*" and "*General Information*" sections of the Base Prospectus, so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.

4. Yield

Indication of yield: 5.261 per cent. per annum (semi-annual) in respect of the period from, and including, the Issue Date up to, but excluding, the First Reset Date.

As set out above, the yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.
